MONTREAL SCENTS A GERMAN PLOT

Concrete Foundations on Site Command Five Railway Lines—Arrest Made.

Canadian Press Despatch.

MONTREAL, Nov. 9.—Thru the arrest of John Hoe, alias John Hughes, Inspector Brousseau of the inland revenue department believes that a plot has been uncovered whereby a foreign foe, by means of a battery of guns, might control from a strategical point in Longueuil all five railroad lines entering Montreal. He is charged with selling liquor without a license.

Hoe's place of business, it is alleged, was the rendezvous of many Germans of Montreal. The foundation of this club house is alleged to be of solid concrete construction in the style used for the mounting of heavy guns used by the German army.

Inspector Brousseau seized, when he raided Hoe's premises, a large quantity of ammunition, which turned out to be regular "war ammunition."

WAS LATE IN FIELD BUT WANTED COLONIES

Germany Was Waiting for Chance to Expand, St. Anne's Men Are Told.

That the Germans had gone into the war with a vew to conquest was the contention of Prof. G. M. Wrong, expressed in the course of his address on "Why Germany is at War," at the meeting of the Men's Association in St. Andrew's Hall, Dufferin street, last night. In elaborating upon his statement the professor explained that the Germans were of the opinion that some of the older countries, such as England and France, should turn over to her a certain proportion of their colonies, because she appeared in the field as a great nation at so late a date that she has had no opportunities to form colonies of her own. Since the other countries were unwilling to do this, she took the first opportunity of resorting to armed force. The speaker further attributed Germany's entrance into the war to her lack of tradition and past history, due, of course, to her extreme youth as a great nation. This being the case, here people and rulers were more easily influenced by the literary rantings of the German professors, who, in the seclusion of their rooms, read from books written by others and decided and taught that Germany by her very excellence was destined to rule the world, and the result was war at the first opportunity, in order to realize their ambitions toward world dominion.

The meeting, which was the largest ever held in a west end hall, was presided over by the president of the association, E. F. Hitchman, while Rev. Lawrence Skey, the pastor, was also on the platform.

AT OSGOODE HALL TODAY.

The following cases are down for hearing in the appelate divisional court today: Wasyliszyn v. Canadian Cement; Junor v. International; Little v. Smith; Dougan v. Allan; Hunt v. Emerson; Allan v. Petrimoul.

Conducted by Mrs. Edmund Phillips.

The Royal Canadian Academy holds its exhibition in Toronto this year, the private view taking place on Friday, Nov. 20, in the Art Museum Gallery, Public Library, College and St. George streets.

Sir Frederick Benson has gone to Montreal for a short visit.

Mrs. Douglas Woods (formerly Miss Aileen Mason) received yesterday afternoon for the first time since her marriage in her lovely house in Rosedale, which is large and shows to advantage the beautiful old furniture so artistically arranged by the bride, who looked lovely in her wedding gown of white satin and real lace, embroidered with pearls, and a corsage bouquet of yellow roses, violets and lilies. Mrs. Mason, who received with her, wore a very handsome gown of black satin, with corsage and tunic of white net embroidered with gold, a royal blue girdle and velvet hat to match, wreathed with shaded blue ostrich, and a corsage bouquet of pink roses and lilies. In the dining room the antique mahogany table was centred and almost covered with real lace and embroidery, and a gold basket of pink antirrhinum and white chrysanthemums. Mrs. Charlie Mitchell and Miss Mitchell poured out the tea and coffee, assisted by Miss Jessie Peuchen, Miss Catherine Smart (London, Ont.), who is staying with Mrs. Woods, and the Misses Candee. Mrs. W. B. Woods, the bride's sister, in a gown of Dresden chiffon, assisted in the drawing room.

Mrs. Frank T. Megan (formerly Miss Helen Leonard) held her post nuptial reception yesterday afternoon with her aunt, Mrs. James P. Hynes, Castle Frank road. The pretty dark-eyed bride wore satin, with draperies of beautiful blonde and pearls, and a corsage bouquet of pink roses and lilies. Mrs. Hynes wore a very becoming and smart French gown of gold satin, the corsage of white and gold lace, draped with satin, and also a bouquet of sunset roses and maiden-hair fern. Mrs. Megan, who received with them, wore dark blue, with a lace scarf and a bouquet of violets and lilies. In the dining room a bevy of pretty girls attended to the multitude of visitors, tea being dispensed from a round table covered with an embroidered linen cloth, inlet with Cluny and filet lace, and centred with a silver basket of large white Daisy chrysanthemums. In the evening Mrs. Hynes gave a theatre party for the assistants.

The hostesses at the twilight musicale at the Newman Club on Saturday will be the executive of the Loretto Alumnae.

Mrs. W. B. McMurrich and Miss Dewar are on a visit to the coast, and are staying at Craigiochart, Vancouver.

Mrs. Harry Rea, secretary of the Lord Seaton Chapter, I.O.D.E., who did so much to make the musicale at St. Andrew's College the success it was on Saturday night, arranged the decorations of the hall and sold the tickets, with the assistance of Miss Defoe, the treasurer.

The Made-in-Canada doll is now for sale and to be obtained from members of the doll committee working for the W. A. A. Bazaar, on Nov. 19, in Old Knox College, and many orders have already been sent in. The sea air evidently worked wonders, as Mr. Heintzman is looking particularly hale and hearty.

IMPORTANT PICTURE SALE.

Even in this time of war the ordinary course of business must proceed. Indeed, from the point of view of the public a period of international strife and the consequent suspension of normal conditions may very well prove an advantage. This, too, is more particularly the case with paintings and other objects of art that are more or less superfluities.

But many remain who are able to benefit by sales at exceptional times. And for these there is interest in the catalogue sale of paintings and water-colors from the Van Eeden and other collections to take place on Wednesday, Nov. 11, at 2.30 p.m., in the art gallery of C. M. Henderson & Co., 128 East King street. The offerings include many attractive examples of the best European and Canadian masters and all are on view today, Tuesday, and on the morning of sale.

Toronto Taxes for 1914.

School rates, being the last instalment of taxes for 1914, are now due and payable, and after Tuesday, the 10th instant, 5 per cent. penalty will be added to all unpaid items of the same. Ratepayers are requested to use every effort to meet said payment.

CALGARY WOMEN GIVE RED CROSS AMBULANCE

Overcoats, Woolen Sweaters and Warm Footwear Needed in England for Troops.

Noel Marshall, treasurer of the Canadian Red Cross Society, has cabled to Dr. J. C. Hodgetts, who replaces the late Mr. Burland as representative of the society in England, to find out what articles will be required (overcoats, woolen goods, sweaters, slippers, socks, boots, etc.) which could be bought in England and to wire the Red Cross Society here the amount of money needed and it would be wired to England so as to save time.

A cablegram has just been received here stating that the supplies sent with the first contingent have arrived intact and satisfactory quarters have been secured for their storage. The articles mentioned above are the things most needed now by the men at the front.

A motor ambulance to cost $10,000 will be given to the Red Cross Society by the women of Calgary, and Noel Marshall has been asked by them to arrange for its purchase.

SHOULD RAILWAY RATES BE LOWERED BY LAW?

Prof. W. Z. Ripley Will Outline United States Situation at Canadian Club.

Prof. Wm. Z. Ripley of Harvard University will deliver an address to the Canadian Club at Dunning's restaurant at one o'clock today about the regulation of railway rates in the United States. His subject is "Lessons for Canada from the Railway Experience of United States."

Dr. Ripley is one of the foremost political economists on the American continent. He has been professor of economics in Harvard University since 1901, has specialized on the subject of railway rates and their regulation, and is generally recognized as the chief authority on transportation question in United States. In the course of his work he has made a study of the railway problem in Canada. His pronouncement on the situation in Canada will be of the greatest value at the present time, when the railways on this continent are confronted with falling revenues, and in United States are endeavoring to secure the public assent to increased rates.

Reliable Points on Health and Beauty

TO MAKE HAIR GLOSSY—Dull, stringy hair is the result of half-starved hair roots. When these are stimulated they soon regain their former strength and vigor and the hair grows in abundantly, and is bright, fluffy and easy to arrange. A reliable tonic can be made for a trifle by adding ½ pint water to ½ pint alcohol; then into this stir 1 ounce quinzoin. The value of this home-made hair tonic will manifest itself in a short time, as it overcomes dandruff and excess oil, and makes the scalp healthy as well as beautifies the hair and induces a healthy growth.

TO MAKE EYES SPARKLE—Eyestrain causes dull, inflamed eyes, and unless an eye-tonic is used it may be necessary to wear glasses. A good tonic can be made by getting an ounce of crystos from your druggist, and dissolving it in a pint of cold water. Two or three drops should be put in each eye daily until the eyes are strong and inflammation has disappeared. This is splendid for giving life and lustre to dull, expressionless eyes.

WRINKLE REMOVER—To remove wrinkles use this purely vegetable product, which is easily made at home. It is unlike creams containing animal fat as it does not grow hair nor make the flesh loose. Just dissolve an ounce of almozoin, which you can get from any druggist, ½ pint cold water and add 2 teaspoonfuls of glycerine. Stir and let stand for one day. To remove wrinkles apply a thick coat of this cream-jelly and leave on over night. This protects the skin and allows all the blood action to be used in constructing new texture. In the morning wash it out of the pores and massage thoroughly with more of the cream. It makes the skin soft and velvety, while it is unequalled in reducing large pores.

AN INVIGORATING SHAMPOO—A quick, pleasing and stimulating shampoo can be had by dissolving a teaspoonful of Canthrox in a cup of hot water. This creates a mass of rich, white lather that cleanses thoroughly and corrects abnormal conditions of the scalp, and to dull, "stringy," faded hair will give a gloss, soft fluff and rich, natural color. Canthrox shampoos will induce a healthy growth of hair, long and thick, and are especially agreeable in warm weather, because of their exhilarating effect. Among all shampoos Canthrox is the only one in which the makers have such confidence that they will mail a free trial to all who write them—Dept. C. Peterson & Co., 214 W. Kinzie St., Chicago, or they will return money you pay your druggist if you are not entirely pleased.

BOTH PARTIES PLEAD INCOMPETENT DRIVING

Claim and Counter-Claim for Damage to Automobile is Heard in Court.

In the jury assize court yesterday before Chief Justice Sir Glenholm Falconbridge, J. C. Laird, Canadian manager of the National Cash Register Company, began an action against Taxicabs, Limited, for $5000 damages for the damage done to his car in High Park on September 25, 1913. Laird claims that the taxicab was traveling at an excessive rate of speed, did not give any warning of its approach, was recklessly driven, and was on the wrong side of the road. The defendants also claim that Laird's car was hitting up a fast pace also, and that because of the incompetent chauffeur who was in charge the car skidded and crashed into the taxi. They counter-claimed $1000 for damage done to the taxi. Drivers of the cars were called, and their evidence was given which in most parts was very conflicting. The case is proceeding.

THREE DAYS FOR LIE.

"You are getting off very lucky," said Magistrate Denison in the police court yesterday to Frank Stevens, who was charged with stealing a couple of loaves from the store of James Dempster, Dundas street, "but I will send you to jail for three days for committing perjury."

Stevens swore, under oath, that he had nothing to do with the stealing, altho witnesses swore they saw the bread drop from his arms.
