REFUSED REQUESTS FOR AMUSEMENT LICENSES

Moving Picture Show and Pool Room Arouse Antagonism-Preparing For Duke.

HAMILTON, Nov. 16 .- (Special.)-The property and license committee of the city council to-night refused the application of Fox and Memblatt for street East, and also turned down the application for a pool room license at 645 Barton East.

Both licenses were strenuously op-posed by a deputation representing ratepayers of the section where the proposed enterprises were to be lo-cated.

During the discussion of the pool room license it was discovered that the pool room is being run at present without a ficense. Inspector Brick explained that the place had been there for a number of years, and as the applicant was ready to pay in the license fee, he had allowed it to continue pending the action of the committee.

W. J. McDonaid applied for a bowling alley license, which was granted.

At Odds With Schol Board.

The board of control and a deputation from the board of education squabbled for some time this morning over the library building which the schol trustees want for the use of the board of education, but for which they are not willing to pay the price asked by the board of control. The board of education wants the building for \$25.000 while the board of control thinks \$40,000 is the proper figure. The matter was left over for a week.

The board of control decided to issue debentures to the extent of \$150,000 for new school buildings, in accordance with the request of the board of education.

Football Player Sues. The high court case of Tommie Stinson, the fotbal player, his brother John, and cousin, Miss Thompson, against their grandmother, Mrs. Emma C. McGlvern, to recover for each of the plaintiffs the sum of \$2884, which they claimed as their interests in the income from the original estate of Thompson Stinson, who died in 1864, was setled out of court this morning at the suggestion of Chief Justice Falconbridge. Each of the plaintiffs will receive \$150 and each party will pay his own costs in the action.

APPEAL FOR M'NAMARAS

Moral Support of A. F. of L. Alone in Sight-Bitter Attack on Capitalists.

ATLANTA, Ga., Nov. 16.—That President Gompers of the American Federation of Labor is opposed to the federation appropriating \$50,000 for the McNamara detence was indicated at the convention of the organization today. It is understood Mr. Gompers favors aiding the brothers charged with The Los Angeles Times' disaster, but thinks the money to be used to that end should be raised by private subscription.

Gallaher asked the chair if his resolution could be introduced if the committee was not satisfactory to him. "It cannot," answered Mr. Gompers. Later another delegate asked the chair if the delegate could not move to substitute a resolution for a portion of a committee report. Mr. Gompers us replied in the affirmative.

To Quit Civis To

To Quit Civic Federation.

Before the convention is over Mr. Gompers and four other labor leaders who are heads of various grafts may be asked to sever their connection with the National Civic Federation, which according to a resolution offered to-day by the United Mine Workers, is largely composed of and financed by employers of labor, many of whom are the most bitter enemies of organized labor.

The resolution recites that the conflict between the employing and work-

The resolution recites that the conflict between the employing and working classes is constantly becoming more intense and that the former is "constantly becoming more brutal in their treatment of workers, as is evidenced by the desperate attempts to throttle organized labor or by use of the injunction, the blacklist and the more recent method of kidnapping the officers of labor organizations."

To-day delegates listened to addresses by J. C. Crinion and G. H. Roberts, fraternal delegates from the British Trades Union Congress; Wm.Glockling, fraternal delegate from the Canadian Trades and Labor Congress, and Mrs. Raymond Robins of Chicago, president of the National Women's Trades Union League.

CARE OF ORCHARDS

Fruit Growers Want Government spectors at Shipment Ports. At the Fruit Growers' Convention yesterday a number of important resolutions were passed. D. Johnson moved that the government be asked to appoint inspectors at port of shipment. The resolution was carried to this effect. Mr. Johnson spoke exhaustively on this matter.

Dr. C. H. Reggs gave in address on the care of orchards, a commercial way. He covered the entire subject in a convincing manner and showed his earnestness in the subject.

Peach diseases was the theme of L. Ceason, who told a well-known fruit grower, much to that gentleman's surprise, that on a visit he paid him, he had noticed a certain pest damaging his orchard. He laid great stress on the advisability of spraying judicionaly.

R. D. VanBuren of Albany, N. Y., told how peaches were handled in New York orchards, and answered duestions put to him by interested hearers.
