COL. H. D. L. GORDON
IS CHIEF SPEAKER

Gives Address at Annual
Gathering of Chartered
Accountants.

The 35th annual general meeting of the Institute of Chartered Accountants of Ontario was held in the Temple Building, Toronto, on Saturday and was largely attended.

The work of the past year was fully reviewed by the president, T. Watson Sims, whose address was full of interest and showed continued progress.

Leut.-Col. H. D. Lockhart Gordon, D.S.O., who is home on leave from France, gave an address on war organization and the part played by individual acts of bravery. The address was very much appreciated and was well received.

The election of officers for the ensuing year resulted as follows: President, W. R. Morris, Peterboro; vice-presidents, R. J. Dilworth, Toronto; F. G. Jewell, London; Arnold Morphy, Toronto; Arthur C. Neff, Toronto; Bryan Pontifex, Toronto; Malcolm H. Robinson, Toronto; T. Watson Sims, Toronto; Rutherford Williamson, Toronto.

Representatives on council of the Dominion Association of Chartered Accountants: R. J. Dilworth, A. C. Neff, Bryan Pontifex.

Auditors: Nelson B. Gerry and Frank T. Gibbs.

Registrar: William J. Valieu.

CLAIMED THAT WITNESS
HAD BEEN THREATENED.

When the hearing of the case of Warrant Officer Blisset before the Royal Air Force court-martial was resumed Saturday morning, Major A. T. Hunter, acting for the defence, claimed one of his witnesses had been threatened with a charge of desertion.

Sergeant H. C. Wilkinson stated O. C. had said no more collections must be made and the a.o.s. must not receive any marks of appreciation from the cadets in any shape or form. The O. C. had also told him the investigation would be dropped and that no action would be taken regarding what had taken place up to then. Flight Sergeant Paxton had told the witness he had better keep away from the court martial as there had been talk of placing him under arrest, along with Corporals Thomson and Caffery.

It was then that Major Hunter claimed his witness had been threatened with a mild sensation was caused when Major Hunter asked if he could call witnesses to contradict the testimony of Major Wilkinson in whose evidence he had no confidence. This was refused and Major Hunter asked that his protest be entered in the records of the case.

In the course of his address for the defence, Major Hunter stated his client could not have been treated worse had he been Lord Paasha. He himself had subscribed to collections for sergeant-majors and he was not aware that by doing so he was adding the commission of a crime.

The court will promulgate its findings later.

NEWS ON SATURDAY
STIMULATES SEAT SALE

News received late Saturday afternoon and featured in Sunday's papers that both houses of the British parliament had adjourned to witness the initial performance of "Hearts of the World" in the Palace Theatre, London, caused an instant increase in the advance sale of seats which is now being held at 15 Richmond Street East.

This information which reached Mr. Griffith in California by cable was repeated direct to the management of the Alhambra Theatre where this official British government film is to be shown publicly for the first time in Canada next Saturday afternoon, July 27, at 2.15 p.m.

The wire itself read as follows: "Griffith Management, Alhambra Theatre, Toronto, Canada. Word just received from London, England, advises that both houses of parliament, for first time in history of nation, adjourned their sessions to witness premier performance of Hearts of the World in Palace Theatre. Cable reads: Advise Griffith both houses parliament paid him and Hearts of the World come today such as has been paid to no other living man when it adjourned to witness initial performance, Palace Theatre, showing tremendous success. Congratulations. Give the statement widest publicity."

At the ingeniously devised tickets on Richmond street, prepared for this special occasion it was said that few seats remain for Saturday's performance, either matinee or evening.

News From
The Sunday World

The War.

The Germans have been defeated on the front south of the Marne, and are retreating northward across the river.

The French on Saturday occupied the heights southwest of Soissons, but the city itself was still in the possession of the Germans.

Neuilly-St Front, an important town in the field of the present allied advance south of the River Oureq, was captured by the French, Saturday morning.

It was expected on Saturday that the Germans had begun a retreat somewhat similar to that of the Austrians when they were forced back across the Piave by the Italians.

The Germans had brought huge reinforcements from other fronts on Saturday late, to attempt to stop the allies' advance.

On the Flanders front the British had advanced their front, capturing the important village of Meteren, and a group of buildings called Le Waten, taking over 400 prisoners.

Italian troops recaptured Monte Stabel, and wrested Coroddi Gabetto from the Austrians in the Adeshello region on the mountain front.

In Siberia, General Semenov's command of the anti-Bolshevik forces, was reported on Saturday to have inflicted a heavy blow to the Bolsheviks, capturing large quantities of ammunition and stores.

General.

Further action was taken on Saturday by the Canada Food Board, to curtail the use of sugar in this country.

Gold mining has been listed as an essential industry in the United States at the request of the treasury department.

The outlook for the western harvest was better on Saturday than it had been for a week or more. There has been some rain in Manitoba, Saskatchewan, and a little in Alberta, and this has improved conditions generally.

Local.

Two men were fined \$500 each, and another \$200 in the Toronto courts on Saturday for peddling whiskey.

The threatened strike of letter carriers in Toronto was still pending on Saturday, and no action will be taken until a reply has been received from the postoffice department in Ottawa.

Seven firemen suffer from inhaling nitric acid fumes when called to remove contents of a broken demijohn of the acid in a local factory.

A woman was seriously hurt in a collision between two motor cars on Saturday afternoon, and removed to the General Hospital.

LACK OF DIVINE
IN HUN DOCTRINE

"If the brotherhood of man had been the living dominant idea of our civilization, the present tragedy of the nations could not have occurred. If the central powers had believed profoundly in the God-father of all peoples and all races, instead of holding fast to the stupid and anti-Christian idea of the tribal God of the God of the fatherland, they would not have plunged mankind in this orgy of blood," declared Rev. A. E. Ribourg last evening at St. Alban's Cathedral in his sermon, "The Christian Idea of Brotherhood."

He said that there was a lack of this divine quality in all man phrases fatherhood of God and the brotherhood of man have become but a commonplace, the people giving assent to this of which the true meaning has disappeared.

Mr. Ribourg said in part: "The source of the industrial difficulties of today is the result of a lack of brotherhood between employer and employee. Men must learn that they can not do the world's business without God. The phrases fatherhood of God and the brotherhood of man have become but a commonplace, the people giving assent to this of which the true meaning has disappeared."

Methodist Board
Ignores Machin

Army and Navy Body
Suggests Organization to Help
Soldiers.

The army and navy board of the Methodist Church held its first meeting since the annual conference, when the secretary, Dr. T. Albert Moore, who has recently attended nearly all the conferences, beginning in British Columbia in May, and ending with Newfoundland in July, reported unflinching devotion and loyalty to the empire in its unchanging attitude to the accomplishment of the high purposes for which it entered the war.

In every conference, he said, there was recognition of the responsibility of the church to soldiers and their families, and plans were being developed for the organization of every congregation to keep in touch with the soldiers themselves, by sending regular letters, comfort boxes, and rendering every possible service; and with their families by bringing companionship, counsel and comfort wherever opportunity presented itself, and with the returned soldier by giving him a welcome, and giving every possible assistance, whether as to his physical needs, employment, or place in the community.

Col. Machin's Statement.

The attention of the board was called to the recent statement of Lt.-Col. Machin, M.L.A. The report of the board says "the utterance was so irrelevant in itself, so completely unrelated to the apparent subject under discussion, and so absolutely without foundation in fact, that the board decided to give no attention whatever to it."

The secretary reported that Rev. A. E. Russell, Montreal, had received appointment as chaplain, and gone overseas, while Major Campbell, Captain Williams and Captain Martin have been appointed, and are awaiting instructions to proceed overseas.

Lt.-Col. Smiley is stationed at London, as senior chaplain of district No. 1; Major Layell has a similar appointment in Saskatchewan, while other recent appointments in Canada are: Capt. Morris, Winnipeg; Capt. Lambert, Whiteby; Capt. Cassmore, Petawawa; Capt. Reynolds, Deseronto; as well as Capt. Bushfield, Capt. Cornall, Capt. Hamm and Capt. Andrews to various other points.

The board approves of the organization of a local military committee in every congregation to render any service to soldiers or sailors, and their families, and suggested that this committee unite with similar committees in other denominations to form a local interdenominational committee, and that every possible effort be made in every community to secure such organization.

COMPLETE IN MONTH.
Work Being Rushed in Remodeling
St. Andrew's College.

The present St. Andrew's College building, which is to be used as a military hospital for invalided returned soldiers, will have the remodeling finished and be ready for occupation in a month from now. This announcement is made by Capt. W. L. Symons of Ottawa, chief architect for the department of militia, who is in Toronto at present.

MOTOR CARS COLLIDE
AND WOMAN IS INJURED

As the result of a serious collision between two motor cars at Beverley and Dundas at 4.30 Saturday afternoon, Mrs. Bertha Alice Dineen, the occupant of one of the autos, was thrown from the vehicle to the street and when picked up was found to be unconscious. She was carried into the office of Dr. Winkler on Dundas street, where she was found to be suffering from concussion of the brain. The wounded woman was taken to the General Hospital where she was reported as out of danger last night.

The motor car Mrs. Dineen's car collided with is owned by P. Hardrick and bears the license number 95224. Both machines were thrown thru the force of the collision against an electric light pole and badly damaged.

WERE PEDDLING LIQUOR

Two fines of \$500 each and one of \$200 were made Saturday in the Toronto police court for breaches of the Ontario Temperance Act. Cornelius Blundell and Thomas Murray were said to have been selling liquor in down town hotels at \$5 a bottle, and were assessed the larger amount, as Plainclothesman Ward "got next" to the traffic. William Anderson pleaded guilty to the same charge and was fined \$200.

SEVEN FIREMEN SUFFER
FROM NITRIC FUMES.

Suffering from nitric acid fumes poisoning, seven firemen are under medical treatment at the Portland street fire station. The firemen had been called to the Alhambra Architectural Metal Works, 276 Richmond street, shortly after 12 o'clock on Saturday, when a demijohn containing nitric acid had been accidentally smashed in an effort to help remove the fluid. While working with the acid, the seven men inhaled some of the fumes, and when they got back to the fire station were suffering severe pains in the nose and throat, and had difficulty in breathing when lying down.

The men caught by the poison are: Lieut. Mitchell, Lieut. Ough, Firemen Bullock, Phyllis, Walker, Cuddy and Knott. Their condition is not considered serious.

WEST END Y. M. C. A.
AS MILITARY HOSPITAL

Arrangements, it is said, are now under way for the use of the West End Y. M. C. A. building, College street and Dovercourt road, as a hospital for soldiers. The building, which is a new and spacious one, would probably afford accommodation for upwards of two hundred patients. The matter was brought to the notice of Col. H. C. Bickford, Toronto district commandant, but he said he had not heard of it.

When interviewed last night, G. A. Warburton of the Y. M. C. A., declared that he had just returned to the city and as yet knew nothing of the proposed taking over of the West End branch.
