

Gentlemen are reminded that it is only a matter of a month or so before the ladies will begin to discuss the subject of winter furs. In the meantime, we are holding our annual midsummer sale of furs—offering 25 per cent. reductions for purchases made in August.

Furs bought now will be stored free of charge until required. This is not a clearing out of last season's designs. All our furs are newly made up in the prevailing styles for the season of 1907-1908.

The sale positively ends with the last day of August. If you can't come, write for our catalog.

SALMON FISHING ON DON.

York Pioneers Recall Incidents of Days of Long Ago.

The York Pioneers held an open air meeting in the grounds of the Canadian Institute yesterday afternoon. W. Rennie presided.

Over twenty new members were elected, including Hon. Speaker Thos. Crawford, M.L.A., Claude Macdonnell, M.P., Noel Marshall and Col. J. Mason. The combined ages of eight of the youngsters present totalled 691 years, the father of the party being 1. R. Laving with 87 years to his credit.

Following closely upon him were A. B. Dalpore, 89; W. Crawford, 87; J. Peacock, a sturdy Yorkshireman of 84 summers, coming next.

Ex-Ald. D. Lamb contributed a paper on "The Valley of the Don" and "Early Recollections." He clearly demonstrated that in the early part of last century saltwater salmon used to come up the St. Lawrence, thru the lake and up the Don and Humber rivers to spawn. The fascinating sport in those days was to spear them in the water.

Many instances were given where fish of 25 lbs. in weight had been caught. In those days they were so plentiful, that big fish only realized a "quarter." Other varieties there were in abundance. Their absence in these days was attributed to the wholesale netting and trapping that had been allowed in the past and to the lack of proper protection.

MORE POLLING PLACES IN YORK TOWNSHIP

Rapid Increase in Population Demands It—Runaway Accident—County Notes.

COUNCIL CHAMBER, Aug. 6.—The regular meeting of the York Township Council, held to-day, was fruitful of business, many important matters coming up for consideration.

Reeve George Henry presided, and Deputy Reeves Watson, Barker, Nelson, and Councillor Jackson were present, the latter introducing the most important measure of the day, that relating to the readjustment of the polling places in York Township.

Thru the courtesy of Township Clerk W. A. Clarke the World is in a position to give a brief summary of the changes which will go into effect at the forthcoming elections.

In the following 24 divisions Norway division. The line between lots 7 and 8 forming the division, 2a, consisting of lots 8 and 9, con. 1, F. B. This will give the residents of Reid-avenue district a polling place, probably on Reid-avenue.

11a divides the Wychwood division, leaving only lots 25 and 26, con. 2, F. B. (south of St. Clair-avenue), in No. 11. 11a, the new division, consists of lots 25 and 26, and the south halves of lots 27, 28 and 29, con. 3, F. B.

No. 12, Bracondale division, is also affected by the above change, all north of St. Clair, which formerly belonged to 12, being added to 11a and 17; the south halves of the lots 27 to 29, con. 3, F. B., being added to 11a and the north halves to No. 17, Fairbank.

No. 13a takes from No. 13, Davenport, the south halves of lots 30 to 33, con. 3, F. B.; the north halves of these lots being also added to Fairbank division, No. 17.

No. 16, Mount Dennis division, has added to it those portions of No. 3, con. 4, W. Y., lying west of the G.T.R. and C.P.R., and lots 1 to 5, con. 5, W. Y. The ratepayers of this section formerly voted at Fairbank; they will now vote at Mount Dennis.

No. 17, Fairbank, while it loses territory on the west, gains more on the south, having added to it the north halves of lots 27 to 33, F. B., which formerly belonged to divisions 12 and 13.

In addition to these there will be a new polling place north of St. Clair-avenue, and probably a little west of the Vaughan-road.

The change also calls for a booth in the vicinity of the school house on Dufferin-street.

The rapid increase in the suburban population, which, in the case of the east and west, is phenomenal, renders imperative the present action, and the clerk is insistent in urging upon the residents to examine the lists posted up at the various postoffices and schools in order to thoroughly familiarize themselves with the changed conditions.

A resolution composed of William Rennie, W. Smith, Mr. Maunders, and Mr. Major, representing some 80 property owners of the Swansea district, has been passed, asking for a franchise to the Toronto and Suburban Railway Co. on terms mutually agreeable to all concerned. Mr. Rennie spoke at some length advocating the measure, which, in effect, means a direct route from the corner of Keele and Dundas-street to the Lake Shore coming in the Swansea district thru Ellis and other avenues. It was urged by some of the speakers that the franchise should not exceed 12 years.

Manager Royce of the Suburban Railway expressed himself as favorable to the extension.

Reeve Henry and council were disposed to view the matter favorably. County Clerk Ramsden forwarded the annual levy for county purposes. They are: For general purposes, \$8847.58; Industrial Home, \$1509.88, and court house debentures, \$936.61, a total of \$11,294.07.

Public School Inspector Fotheringham forwarded the names of the three pupils obtaining the highest marks at the last high school entrance examinations, thereby qualifying for the prizes offered by the York Township Council. The first of which is a gold medal, second tuition at the high school, and third silver medal.

The names are Ethel Ann No. 27, York Township, Todmorden School, Gladys Pickering, No. 10, Deer Park, and Albert Bromley, No. 25, Bracondale.

Council authorized the issue of debentures for the sum of \$10,000, in addition to the \$25,000 previously granted in connection with school section No. 12, York Township.

Mulock, Milliken & Clarke, thru counsel, urged the claims of Mrs. Edith Thompson, the owner of lots 76, 78, 79, 80, 81 and 82, at the corner of College and Craig-streets, thru damage of flooding, owing to the action of council in grading. Council deny any liability in the matter.

A. W. Austin and others petitioned for the erection of a gas lamppost at the corner of Davenport and Spadina-road.

E. W. Wilcox, representing the Ontario Motor League, was anxious concerning the progress of the "good roads" movement, but met with little encouragement, as council have practically abandoned the idea, from a local standpoint.

H. J. Bannion is erecting five houses on Wheeler-avenue, and wants drain connection with the city, necessitating the putting down of some 120 ft. Applicant will bear cost.

A number of other matters of minor importance were put thru.

raise the sum of \$18,000 for a new public school in New Toronto. The site will be between Fifth and Sixth-streets, on the south side of the Lake Shore-road. There was also a bylaw passed to enable the council to borrow a temporary loan of \$3000 from the United Empire Bank. Deputy Reeve Warner was instructed to have the sidewalk lowered in front of A. Waite's residence, on Sixth-street. Ex-Councillor Henry Cullen was appointed commissioner to lay a brick sidewalk on the Lambton hill. The township will supply 5000 bricks on condition that the ratepayers contribute the price for 1000 bricks. The ratepayers tendered their cheque for the required amount, and motion was carried. Mrs. Matchel was permitted to put in a drain on Albert-avenue.

The sum of \$114.95 was advanced to school section No. 3 on account of next year's taxes. E. B. Wright's tender, of \$78, for printing 300 copies of voters' list, and Messrs. Hart & Riddell's tender, of \$21, for the collector's roll, were accepted. A stone foundation has been built under the township town hall. Contractors start to-day to brick veneer the building.

Constable Gets Job of Watching the Autoists.

NORWAY, Aug. 6.—(Special).—County Constable Burns has received an appointment as provincial constable, with a view to devoting special attention to the automobile question. The King-ston-road has become a favorite for auto scorches, and Provincial Constable Burns will keep a vigilant eye out for this special class.

The appointment is a good one, and the promotion well deserved. The Gerrard-street extension from Greenwood-avenue easterly to Reid-avenue will be completed within the next three or four days, and will afford a route for those desiring to pass from the central part of the east end to the golf grounds and East Toronto. Commissioner Osborne has a gang of men busily engaged in putting down cement sidewalks from the city limits on Reid-avenue, both sides, to a point north of Gerrard-street. This part of the township is making remarkable progress.

TORONTO JUNCTION.

Town Council Decide Not to Appoint Inspector on Dundas St. West.

TORONTO JUNCTION, Aug. 6.—In police court to-day, Joseph Chapman of Downsview, P.O., was arraigned on charge of being drunk and disorderly. Police Magistrate Ellis allowed him to go on suspended sentence.

Jacob Wilson and Wm. Cartwright appeared in police court in connection with the masters' and servants' charges, on account of the non-payment of wages. The case was settled in court by the payment of the wages, and no costs were attached.

Gordon Farley of Toronto Junction was brought up on a charge of drunkenness, but was allowed to go on suspended sentence.

Dr. Herbert Mason is perfecting arrangements to leave for Cobalt in a few days for a short vacation. He is interested in mining properties there, and at Larder Lake.

RAISULI EXPLAINS WHY HE CAPTURED THE CAID
Feared Treachery of the Sultan in Invitation to Go to Fez.

TANGIER, Aug. 6.—In a long statement to the correspondent of an English newspaper, Raisuli, the Moroccan bandit, who is holding Caid Sir Harry MacLean a prisoner, blames the treachery of the sultan's government for his capture of Sir Harry.

Raisuli says that during his negotiations with MacLean, previous to his capture, he explained his grievances, and Sir Harry promised him a safe conduct if he would go to Fez and lay his troubles before the sultan, who would remedy them. He accepted this offer, but while he was arranging for the journey government troops, instigated by the sultan's bad advisers, Sid Mohammed Cabbas, the Moroccan minister of war, and Gen. Bagdadi, chief of the sultan's army, plundered and devastated his property at Zinat and captured some of his relatives.

In the meantime Sir Harry had shown him a letter from the sultan, promising him safe conduct, but he had also secured a copy of another letter written by the sultan to his minister of war, instructing him to attack Raisuli vigorously, unless he went to Fez. This, continues Raisuli, convinced him of the treachery of the sultan, and he, therefore, made a prisoner of Sir Harry.

Sir Harry, Raisuli declares, is perfectly safe in his hands. He did not capture him for money, but for justice, and this he hopes to secure by calling the attention of the British government to his grievances.

Indigestion Ruins Complexion
The Sallow, Pale, Tired Woman Usually has Stomach Trouble.

The good looks of every woman depend largely upon the proper working of her stomach and other internal organs.

If your stomach is strong and digestion is good, the cheeks blush with color, eyes dance and sparkle, breath will be pure and your hair smooth and glossy.

Let indigestion creep in, and the skin becomes sallow and rough, pimples break out, eyes get dark-circled, ill breath is all too apparent. Get the stomach toned up with Dr. Hamilton's Pills—they increase the secretion of the gastric juices, promote vigorous digestion, increase the supply of blood and thereby invigorate the entire system.
