during the recent survey of boy life here was made when reports of the various committees were made at a supper in the Y. M. C. A. building last night the Y. M. C. A. building last night.

Rev. W. R. McIntosh, who presided, gave a general outline of the campaign, and urged that card indexes be made of all the information; that the original cards be classed by congregations and forwarded to them; that cards indicating no church preference be sent to churches in the district of the boy signing the card; that the Rotary Club be asked to assist in giving vocational guidance to 350 boys who asked for it; that the names of boys who attend neither day or night school be forwarded to the various educational institutions of the city, and that the ministerial alliance be asked to arrange a boys' Sunday to bring the necessity of the work before the people.

J. H. McDermid presented a report on juvenile delinquency. The opinion of the council was that a juvenile court should be in existence in every city the size of London. Mr. McDermid's report stated that 380 children, were brought before the magistrate here during 1916. Of these 149 were fined, nine were sent to industrial schools; three to the Children's Aid and one to a reformatory. Others were discharged. The chief causes of juvenile delinquency were given as home environment; companions; physical and mental defects, and truancy from school. Many of the juvenile cases, the report urged, should be brought to the attention of a competent and sympathetic medical man, who would in many cases be able to remove the cause. Truancy from schools was very often due to some physical defect which could be remedied. The report urged that a small committee be appointed to work in conjunction with the police.

Efficiency Groups.

The advisory committee's report showed that sixteen Canadian standard efficiency groups were organized during the year, five of them at the Y.M.C.A. Total membership in these was 363. Classes for teachers or mentors were held, and a baseball league organized daring the city churches. A Soldiers of the Soil Camp was held during the year at Fishers' Glen.

Representatives from the various denominations appointed were: Anglican, Rev. A. A. Bice Rev. Canon Tucker, J. K. H. Pope and F. G. Marley; Baptist, Rev. A. C. Binsham, Rev. Mr. Norton, Messrs. Johnson and E. Nolar, Methodist, Rev. H. T. Ferguson, Rev. H. D. Moyer, W. Curtiss and G. F. Copeland; Presbyterian, Rev. W. R. McIntosh, Rev. Mr. Harris, Messrs. McArthur and W. D. Beamer; Congregational, Frank Spettigue.

Officers of the committee will be appointed by the representatives when they convene at a later date.

COURSE IN SPANISH

COMMENCES TUESDAY

The beginners' course in Spanish, which is to be conducted this winter by Dr. Livingston, professor of romance languages at the Western University, will open its work next Tuesday evening, when the instructor will meet his pupils for registration, etc. For the convenience of those living a distance from the university, the first session will be in the Public Library Building. Later it will be announced where the classes will be held regularly and at what time.

It is the intention to have the classes meet in the centre of the city, so that students will lose little time coming and going. The alms of the course will be given by telephoning to the university.

Plans are now under way for the organization of a French circle, if a sufficient number are interested, the object being to speak French and keep in touch with the literary and artistic developments of the Empire's great ally. The circle will be open to anyone having some knowledge of the French language. Any who would like to be associated with the circle may communicate with Dr. Livingston at the Western University, or Miss Hilda Baynes, at 151 Kent street, phone 6263.

Dr. E. E. Braithwaite, president of the University, was in Petrolea, on Thursday for the meeting of the Lambton Teachers' Institute, and gave an address there last night on "Education in Relation to Industrial and National Progress."
