WORK UNDER WAY ON BIG MAUSOLEUM

Purial Trust Erecting Beautiful Structure in Mount Pleasant Cemetery.

Work is proceeding briskly on the spection of the new Toronto mauso-leum at Mount Pleasant, and it is expected to be one of the finest of its kind on this continent. After years of investigation the Toronto General Burying Ground Trust recognized that there was a growing demand for the mausoleum form of burial, and felt that the present was converting to

that the present was opportune to make such provision.

In the history of the world it has been found that when a race reached a high standard of civilization, particularly in crowded areas, earth interment became unpopular and entomb-ment in catacombs, tombs and mau-soleums was adopted as advanced form of treating the dead.

form of treating the dead.

All the great resting places of Egypt and Rome are in remarkable state of preservation, testifying to the intelligence of the people of bygone days. Hamilton, Thursday, June 7—Charged and hunting belts, ammunition and other paraphernalia. One of them confessed that they intended to raid the post office last night, but the other police last evening.

Save the Food and Serve the Empire!

The Average Canadian Family Wastes Enough to Feed a Soldier

"The Kitchen must help as well as the Workshop and the Trenches.'

INTELLIGENT economy in the kitchen can do much to prevent the threatened world famine—can counteract the effect of high prices-and can replace growing debt with systematic saving.

Careful investigations show that before the war the average British family wasted 25% of their foodand we Canadians were even more extravagant.

This waste is not in a few big things, but in many little ones, each, we used to think, too small to bother about—such as careless peeling of vegetables and fruit—failure to make good use of dripping and "left-overs"—and such others as will occur to every thrifty housekeeper.

For the Empire's sake as well as your own, hunt up and cut out these leaks! You'll be helping to relieve the food shortage—saving your own money—and putting yourself in a position to buy Canadian War Savings Certificates and help win the war.

War Savings Certificates are issued in denominations of \$25, \$50 and \$100, to be repaid in three years at full face value. They cost \$2250, \$43 and \$86 respectively, at all Money Order Post-Offices and Banks, thus yielding over 5% Interest. Should you need it, you can get your money back
