ASK JEWS TO HONOR FRIEDLAENDER

An appeal to the Jewish youth of America to dedicate a fitting memorial to Professor Israel Friedlaender, who was killed in Ukraine last July while on his mission of service to his destitute brethren, was made before an audience which filled the Great Hall at City College at Convent Avenue and 18th street, New York, yesterday.

Some of the organizations which took part were the Intercollegiate Zionist Association, the Menorah Interfraternity Council, the League of Jewish Youth, the Young Jews, the Teachers' Institute and Seminary, the Young Israel Synagogue and the Young Men's Hebrew Association. The speakers were John H. Finley, State Commissioner of Education, Dr. Julius L. Maynes of the Joint Distribution Committee for which Prof. Friedlaender was disbursing funds at the time of his death, and Leon Hoffman and Ruth Dressler, George M. Hyman, president of the League of Jewish Youth of America, president.

"With the spirit of youth we admire the soldier-like courage of the Maccabees in facing death to give succor and relief to his fellow Jews," said Mr. Hyman. "But we are not met merely to give expression to grief at our great loss. Youth does not weep, for youth thinks but little of death. Youth has life before it, and we here this evening have before us the living hopes of a Jewish people. We must become the standard bearers of a great Jewish youth movement, of that Jewish renaissance which Professor Friedlaender heralded—the dawn of the golden era in Jewish history, the Diaspora plus Palestine."

Commissioner Finley declared that the whole city should long remember Friedlaender, and compared him to the Crusaders of old.

Efforts to induce the natives to follow the customs of white men are being made in educational institutions reared in these districts as a result of the New World Movement of Northern Baptists, Dr. Cope said.
