### THE HARBOR QUESTION

Meeting Last Night Decided  
on Committee to Investigate  
Situation—Great Range of  
Opinion.

In the board of true rooms yesterday  
afternoon, R. S. Emerson presided at  
a meeting of business men, and members  
of the board of trade and Commercial  
Club which discussed matters connected  
with the development of the future of  
the harbor. A committee will be ap-  
pointed to consider the proposed contract  
with the government.

Major Hayes gave a summary of the  
harbor negotiations with the govern-  
ment, which had offered to pay the city  
\$2,000,000 when the harbor is taken over.  
Mr. Ballantyne thought that the city  
should get back every cent it had put  
into port development—namely, \$2,000,000.

In parliament western members  
had opposed the St. John bill, but it  
passed by carrying \$2,000,000 as com-  
pensation. The mayor felt sure that Mr.  
Wignome and Mr. Elkin had done their  
very best, but with all the efforts made  
the city was not able to get all it  
wanted. He did not regard the mat-  
ter of compensation as the most impor-  
tant. The city should accept what had  
been offered or put up another propo-  
sition. The present government prob-  
ably did not expect to be returned, and  
when an election came, the parties prob-  
ably would be Liberals and Conservatives  
again. The government is facing  
difficulties, and even the railway esti-  
mates are questioned. Mayor Hayes  
said he liked the sound of the word  
nationalization better than communi-  
cation, but he was not sure what nationaliza-  
tion meant. He felt that harbor com-  
mission would be better, but he did not  
favor fighting the battle over again. At  
city hall they wanted the wishes of the  
people in the air, and believed in mak-  
ing the best of what the city had. The  
port needed additional facilities, includ-  
ing a breakwater to make the facilities  
they now had available. The city had  
sufficient facilities, if all are used, to  
take care of all trade. The Canadian  
Pacific Railway can bring. The C. N. R.  
people had given the city to under-  
stand that their development would be  
largely on the east side of the harbor.

Frank B. Ellis said he had been  
strongly favoring the commission until  
Mr. Ballantyne had made it undesirable  
because of the ferry. The ferry feature  
was the main objection. Other ob-  
jections such as regarding charges did not  
amount to anything. What Mr. Ballan-  
tine had proposed was to build a break-  
water to make the facilities they now  
had available. The city had sufficient  
facilities, if all are used, to take care

### THE TORTURES OF RHEUMATISM

Happily Stopped When He Began to  
Take "Fruit-a-lives"

8 Ottawa st., Hull, P. Q.  
"For a year, I suffered with Rheu-  
matism, being forced to stay in bed for  
five months. I tried all kinds of medi-  
cine without relief and thought I would  
never be able to walk again.  
"One day while lying in bed, I read  
about 'Fruit-a-lives' the great fruit  
medicine, and it seemed just what I  
needed, so I decided to try it.  
"The first box helped me, and I took  
the tablets regularly until every trace  
of the Rheumatism left me."

Mr. Ballantyne had made it undesirable  
because of the ferry. The ferry feature  
was the main objection. Other ob-  
jections such as regarding charges did not  
amount to anything. What Mr. Ballan-  
tine had proposed was to build a break-  
water to make the facilities they now  
had available. The city had sufficient  
facilities, if all are used, to take care  
of all trade. The Canadian Pacific  
Railway can bring. The C. N. R. people  
had given the city to understand that  
their development would be largely on  
the east side of the harbor.

### ST. JOHN'S MAN GAINS 20 POUNDS

John Ash Regained Health  
and Strength After 'Flu' by  
Taking Tanlac.

According to the testimony of the  
multiplying thousands who have used it  
there is nothing more invigorating than  
Tanlac to persons suffering from the  
after effects of grippe, influenza,  
bronchial troubles, typhoid and pneu-  
monia, who are in a run-down con-  
dition from any cause.  
Another striking instance in connection  
with this fact is related by the  
experience of John Ash, a well known  
fisherman, living at 48 Carter's Hill, St.  
John, Newfoundland.  
Mr. Ash states that during, and fol-  
lowing, an attack of influenza, nearly a  
year ago, he lost fifteen pounds in  
weight, but that Tanlac has put him  
back to where he has regained not only  
that back and five pounds besides, mak-  
ing an actual gain of twenty  
pounds in just a few weeks. The value  
of the fine arts collections is impos-  
sible to estimate, and Austria has been  
considering for some time the advisability  
of pledging them for foreign credits in  
order to buy food."
