Alerts Come Back.

The Alerts supported Garnett in rare form last evening and shut out the Nationals in a fast five-inning fixture in the East End grounds. The winning aggregation tallied six times.

The box score follows:

At Firemen's Park the Royals repeated their previous victory over the Cubs again last evening in a rather one-sided game that went six innings, score 14 to 5. Nobles and O'Toole were the battery fee the Royals while Christie and White, said to be city men, worked for the Cubs. Arthur Reed playing left field, made a spectacular catch near the close of the game. Other players showed up well on both teams, but the Cubs were too weak all round to do the trick. Some of the best men in their line-up were absent last night and when they face the Athletics this evening Manager Downing promises a different result. The cup is-still a long way off, boys, and a bad start does not always predict a lost cause.

FORFEITED GAME BRINGS UP POINT IN BASEBALL; FULLERTON CALLS BACK RULE A

COMPANY RECEIVED TO THE PARTY OF THE PARTY O took a step while pitching or whether he stepped ahead of the pitch, so as to get the drive of his body into the pitch.

Usually the pitchers stick close to the law until the situation becomes threatening. Then, knowing that the umpires cannot watch everything, commence to take a step. They all do it, either hopping clear of the rubber or swinging the foot back and then forward. Engel must have made it rather raw.

It is rather picturesque justice that Griffith should be punished for this as he is one of the greatest naggers at op-

Mathewson devotes a column of valuable space to explaining Walter Johnson's "slump." To the uninitiated it ought to be explained that Johnson's pitching slump would be a winning streak for any other pitcher.

and help. The shrewd manufacturer, nowadays, realizes that it is wise to continue advertis-

ing his wares all the year 'round. He advertises all through the summer—partly to keep his goods before the numerous people who take no vacation and are thus possible customers every day throughout the year; partly to reach those who are away at summer resorts, but who will be

home again in a few weeks ready and eager to buy his goods.

In his advertisements there is for Mrs. Smith, at the summer resort, just as interesting news of merchandise as for Mrs. Jones, who stayed at home.

When Mrs. Smith comes home she will find a lot of new things needed for her home and her family. And she should have her mind already made up as to the kind of things she will select.

Your daily paper, read on the porch of a summer cottage, will aid you in this—through its vitally interesting advertising columns—just as much as if you had stayed home and were reading it there.

So read the ads Mrs. Smith—even if you
