

NEWFOUNDLAND POSTAL TELEGRAPH SERVICE.

POSTAL TELEGRAPH OFFICES are open throughout the Colony at all the principal places. Messages of ten words, not including address or signature, are forwarded for twenty cents, and two cents for each additional word. A Government cable to Canada, Cape Breton, connects with the Commercial Cable Co.'s system to all parts of the world. There is no more efficient Telegraphic Service in existence.

A ten word message to Canada, exclusive of signature and address, costs from 25 cents to \$1.00.

A ten word message to the United States, exclusive of signature and address, costs from \$1.10 to \$1.50.

To Great Britain, France or Germany—25 cents per word.

Telegrams are transmitted by means of the Wireless Service during the summer season, and all the year round to the same extent with the wireless apparatus, which are due to pass with the Cape Race and Cape Ray telegraph messages may be obtained at all Post Offices and from Mail Clerks on Trains and Steamers, and if the sender wishes the message may be left with the P. M. to be forwarded by first mail to the nearest Telegraph Office free of postage.

Legislative Council, 1917

Official Synopsis of Debates

Wednesday, May 30th.

The Legislative Council was opened by His Excellency the Governor at 3 p. m., with the usual ceremony. The members of the House of Assembly having been summoned to the bar of the Council chamber, His Excellency delivered the Speech from the Throne. (Speech already printed.) His Excellency and the members of the House of Assembly having withdrawn.

HON. JOHN ANDERSON moved that a committee be appointed to draft the address in reply to His Excellency's Speech. He reviewed the Speech in all its phases referring to the undying glory which had been won for the Colony by our gallant Soldiers and Sailors, and urged the necessity for unanimity amongst all political parties. If we would first win the world, there would be ample time afterwards for political strife.

He contrasted the enormous cost of the war as compared with any preceding it, and its inevitable effect upon the cost of living, to deal with which he would recommend the appointment of a one man food controller, with a thorough knowledge of markets and values.

He congratulated the Government upon the Revenue for the past year and hoped at a later date to have an opportunity of dealing more fully with the subject. He was pleased, however, to note that the total Imports and Exports had reached the highest figure in the history of the Colony.

HON. MR. HARVEY, in a brief but eloquent speech seconded the motion. He also referred in passing to the high cost of living and hoped that in the concerted action about to be undertaken by the Allied nations would be found a partial solution. It was on the question of discussion between political parties that he wished chiefly to refer. He would like to see a "United Legislature standing four square to the world stage" and appealed to all to use their influence to bring about mutual forbearance and mutual support. He referred in glowing terms to the work of our brave lads who stood and fought "as peers alongside the best the world could produce", and to the honour which our small colony of being invited to participate with the other great overseas dominions in that new historic Imperial Conference. He questioned whether our own comparatively trifling affairs were being carried on with a similar desire to attain the outstanding and ultimate object.

In closing he referred to the present status of the war, and the dark cloud which had risen in the East of Russia, but which he thought would be dissipated by the increasing brightness in the West. Generally he hoped that this Colony in its domestic difficulties might "raise its eyes and catch something of the wider vision."

The motion was carried and the President nominated the following Committee: Hon. Mr. Anderson, Mr. Harvey, Mr. Goodridge, Mr. J. D. Ryan and Mr. Winter.

DAYLIGHT SAVINGS BILL

On motion of Hon. Mr. Anderson a Bill respecting the saving of Daylight was read a first time and ordered to be read a second time on to-morrow.

NOTICE SUSPENSION RULES.

Hon. Mr. Anderson gave notice that he would on to-morrow move the suspension of the 33rd Rule of the House with regard to the Daylight Saving Bill.

REPORTS TABLED.

Hon. Mr. Bishop tabled the Annual Report of the Newfoundland Savings Bank for the year 1916; also the Report of the R-Id Newfoundland Company for 1916; also the Report of the Examination conducted by the Council of High Education for the year 1916.

On motion of Hon. Mr. Bishop the House then adjourned till to-morrow at 4.30 p. m.

THURSDAY, May 31st, 1916.

The Council met at 4.30 p. m., pursuant to adjournment.

The Address in Reply to His Excellency's Speech from the Throne, was read a first and second time, passed and ordered to be presented to His Excellency by a deputation of the Whole House.

HON. JOHN ANDERSON in a lengthy speech, brimful of statistics introduced the Daylight saving Bill. He reviewed at length the history of Daylight Saving in Great Britain, where a similar measure as that which we now propose had been in force for a year.

He quoted figures showing the estimated saving in Great Britain of nearly 21 million pounds sterling. A Committee of Enquiry had been appointed to report as to the success of the Measure for the year 1916, and he showed how thoroughly and exhaustively it had gone into the whole matter with the result that the Committee recommended a Daylight Saving Bill, not only as a war measure, but as a permanent institution. He pointed out that similar schemes had been adopted in nearly all European countries, in Australia, in Canada to a certain extent, and exquisites were now being made in America with a view to the enactment of similar legislation there. He had no doubt that if the Bill was passed it would prove equally as successful in Newfoundland as it had proved elsewhere, and that once it was understood all opposition to it would disappear. The saving in country and to individuals in money would be very considerable, to say nothing of the enormous benefit that would be derived from an additional bonus recreation for 110 days.

Passed Bill to Control Food

Washington, June 24.—Pres. Wilson's request upon Congress for Food Control time deal with this year's crops promises to be realized. With battle and turning to the Senate following the overwhelming passage of the Control Bill by the House and Senate leaders including those opposing as those leading the administration's fight to night predicted action there late this week or early next. The retention by the Senate of drastic prohibition amendment adopted by the House, or at least of the prohibition of food-stuffs in manufacture of distilled spirits is generally deemed probable. The principal fight on the prohibition permitting the manufacture of Malt liquors and wines. The Senate sentiment against the further manufacture of whisky brandy and other distilled spirits is widespread but many dry Senators oppose tending prohibition of beer and wines.

Health for Sick Women

For Forty Years Lydia E. Pinkham's Vegetable Compound Has Been Woman's Most Reliable Medicine—Here is More Proof.

To women who are suffering from some form of woman's special ills, and have a constant fear of breaking down, the three following letters ought to bring hope:—

North Cranston, Wis.—"When I was 16 years old I got married and at 18 years I gave birth to twins and it left me with very poor health. I could not walk across the floor without having to sit down to rest and it was hard for me to keep about and do my work. I went to a doctor and he told me I had a displacement and ulcers, and would have to have an operation. This frightened me so much that I did not know what to do. Having heard of Lydia E. Pinkham's Vegetable Compound I thought I would give it a trial and it made me as well as ever. I cannot say enough in favor of the Pinkham remedies."—Mrs. MAYNE ASARCH, North Cranston, Wis.

Testimony from Oklahoma.

Lawton, Okla.—"When I began to take Lydia E. Pinkham's Vegetable Compound I seemed to be good for nothing. I tired easily and had headaches much of the time and was irregular. I took it again before my little child was born and it did me a wonderful amount of good at that time. I never fail to recommend Lydia E. Pinkham's Vegetable Compound to ailing women because it has done so much for me."—Mrs. A. L. McCASLAND, 509 Have St., Lawton, Okla.

From a Grateful Massachusetts Woman.

Roxbury, Mass.—"I was suffering from inflammation and was examined by a physician who found that my trouble was caused by a displacement. My symptoms were bearing down pains, backache, and sluggish liver. I tried several kinds of medicine; then I was asked to try Lydia E. Pinkham's Vegetable Compound. It has cured me and I am pleased to be in my usual good health by using it and highly recommend it."—Mrs. B. M. Osceola, 1 Haynes Park, Roxbury, Mass.

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

Believes Arctic Indigestion Cure Saved Her Life

Wabana, Bell Island, Sept. 30th 1916.

I have been a sufferer for 18 months from that dreadful disease Indigestion. I felt so bad that I would throw up all my food, and could keep nothing down. I tried the doctors, but I found no good. I then decided to try the A. I. C., and I took 2 pint bottles, and to-day I am perfectly cured of all stomach trouble. I would advise all sufferers to try the A. I. C. I believe it has saved my life. Yours truly,
MRS. JOSEPH BURSEY.

Just in Part of It

Gertrude Gladys was a blue-stocking. Her shiny forehead above her round glasses hid an alarming amount of grey matter. Gertrude Gladys came home from college for the Easter holidays and arrived in a heavy downpour of rain.

"Gertrude," said her mother, "were you out in all that rain?"

"No, mother," said Gertrude Gladys severely. "I was merely in that portion of rain which descended in my immediate vicinity."

Use For Ammonia

If a vessel of hot water has been standing on a polished wood table it will have left a white mark to remove this, rub over with a flannel dipped in a little ammonia.
