PAVING QUESTION TO BE BROUGHT UP

While the order of business is a somewhat lengthy one and the probability of a brief session decidedly unpromising there is little of importance to come up at this afternoon's meeting of the Common Council. The chief interest centres about the statement of the city engineer in the matter of the petition in the matter of the petition of the city residents to the process of extracting the desired information are not prone to guess at the outcome.

It is practically certain that the paving question will come up for an airing with the bringing down of the petition in the matter of the petition of the city residents to the process of extracting the desired information are not prone to guess at the outcome.

WANTS CONSIDERATION FOR THE NEWSPAPERS

NEW YORK, June 6.—John Norris, chairman of the committee on paper, of the American Newspaper Publishers' Association, forwarded today Senator Root, a letter setting forth new data on paper duty.

The senator's attention is directed to a comparison of his newspaper and periodical constituency compared with his paper mill constituency, and the statement is made that the newspapers of New York State pay seven times as much for paper as the news print and paper mills. Statistics are presented in support of the contention. It is set forth also that the paper cost of a ton of paper is less in the United States than it is in Canada, the average paper cost in the United States being 15 cents, while in Canada it is 25 cents. Root is asked to consider also the serious menace to the forests of the state from the destruction of spruce.

RAISED WRECKED STEAMER.

CHATHAM, N. B. June 7.—R. A. McCreath, of the J. J. McCreath & Co., who has returned from Shipigan, where he was successful in raising the wrecked steamer, the "Harris," which was wrecked in the Bay of Fundy, is a valuable one and was bought by the Snowball Co. from the Dalhousie Lumber Co., who owned her at the time of the wreck, at a low price. The steamer will be brought to Chatham in a few days.

The lobster catch is reported to be poor this season, this will be a serious loss to the fishermen.

A young man named Wilt was hurt in the Miramichi Pulp and Paper Co. mill on Friday by falling through a hatch; two ribs were broken.

PATRICK M. DUGGAN.

HALIFAX, N. B. June 6.—Patrick M. Duggan, well known as an auctioneer died tonight after an illness of several weeks. He was 55 years of age and a son of the late James Duggan, who was at one time Mayor of Halifax. He is survived by a widow and five children.

GREAT MEN TO ATTEND AND SPEAK

LONDON, June 5.—The most representative gathering of British newspaper men ever held occurred this evening at the Garden Club at Shepherd's Bush, when 1,000 journalists of the United Kingdom gave a banquet in honor of the Imperial press congress that is to open at the foreign office next Monday.

Three subjects will be discussed, Cable news and press inter-communication, when Lord Crewe will preside and Postmaster Buxton and Austin Chamberlain will be among the speakers. The Press and the Empire, under the presidency of First Lord of the Admiralty Reginald McKenna, who will be supported by Foreign Secretary Sir Edward Grey, Lord Cramer, Lord Deber and Alfred Lyttelton. There will be a second discussion of the same subject under chairmanship of A. J. Balfour assisted by War Secretary Haldane, and Journalism, under the chairmanship of Lord Morley in the chair and August Birrell, Winston Churchill and Lord Milner among the speakers. The colonial visitors, riveting their attention on the first of these subjects, will make a strong plea for the reduction of cable rates and the laying of a government cable across the Atlantic, as suggested by Mr. Lennox, the Postmaster General of Canada, thus linking the United Kingdom, Australia and New Zealand by an "air line." A movement will be started also for the establishment of an Imperial press association and the interchange of news between the colonies and England.

Lord Burnham presided at this evening's banquet. Lord Rosebery delivered the speech of welcome to the pressmen and the reply was made by Sir Hugh Graham of Montreal. The night tonight includes newspaper proprietors, editors and writers.

Sir Hugh Graham, proprietor of the Montreal Star, responding to Rosebery's toast, Our Guests, said:

Colonial press was responsible for the wave of sentiment which is sweeping the outlying portions of the Empire and marked an important era in the tide of the peace movement. It has been always in the van, Canada was now sending delegates to discuss the question of the defense of Great Britain. If the statesmanship of the delegates in this discussion it meant a new and important step in the safeguarding of Imperial interests.

ASIA MINOR THREATENED BY A FAMINE

BEIRUT, May 16.—It is evident that conditions everywhere in Asia Minor are far from settled and that it will take time and a government much stronger than the present one to make it possible for the people to resume their labors and go about with any degree of safety.

After the terrible massacres and the pillage and burning of Adana a new vail sits back comfortably and makes the most suave assurances, but what the city needs is a man with a strong hand and a clean honest heart, to improve conditions in the most desperate of the country for the commonest food staples.

The work of relief at Adana is being rushed so far as means and energy will allow. At present in the big camp there are 14,800 persons on the ration list while 1,400 more are drawing their daily rations from the home of one of the missionaries. Good advice is being received from many who would put these poor people to work to earn their daily bread, to keep their thoughts from the horrors through which they have passed; from the sorrows which have all but broken their hearts. How easy it is to suggest a distance of thousands of miles from the scenes of terror which haunt members of the relief corps as does a nightmare.

In Adana these unfortunate are herded together like so many cattle on an open plain. It is a pitiable sight to see them in rags and squalor, huddling under inadequate shelter to protect themselves from the heat of the tropical sun and again, at night, crowded together to protect themselves from the cold because of insufficient covering.

The crops in all Adana regions are ripe for harvest. Unless they are gathered in by the end of the month, the famine will inevitably strike people in the face the coming year, and this in addition to all the misery and death already in the air. The situation is a desperate one. Guards to protect the people who have dared to venture out to gather in the harvest have time and again proved the treachery of the Turk. The farmers have either been stabbed or the movement of the original La Motte Throso. King Edward VII, after seeing Phroso said: It may or may not be mechanical, but whatever it is it is without doubt the cleverest thing I have ever seen. The vaudeville programme begins at 8.15 the afternoon and at 8.15 and 9.15 each night. It would be advisable for all who can to attend the early shows and thus avoid the big crush later in the evening.

MYSTERIOUS MECHANICAL DOLL

AT THE PRINCESS THEATRE.

Beginning with the matinee today at the Princess Theatre will be seen for the first time in St. John the great London hippodrome sensation, La Moto Phroso, a life size mechanical doll that duplicates the movements of a human being, so perfect are the movements made that some contend that there must be a human being inside the figure to furnish the motive power. The management of the Princess has only been able to secure this great novelty for two days, Monday and Tuesday, as the act goes direct from here to Hammer's roof garden in New York, so be sure and see this wonder today. The usual vaudeville bill will also be given at 8.15 and 9.15. Shaw, refined singers and dancers; Scottie McIntyre, a real Scotch comedian, and a comedy sketch team. Names will be published later. Phroso being an added attraction for Monday and Tuesday only. Frederick Trevelyan, the inventor of the automaton, offers \$1,000 to anyone who can invent a mechanical figure that will duplicate the movement of the original La Motte Throso. King Edward VII, after seeing Phroso said: It may or may not be mechanical, but whatever it is it is without doubt the cleverest thing I have ever seen. The vaudeville programme begins at 8.15 the afternoon and at 8.15 and 9.15 each night. It would be advisable for all who can to attend the early shows and thus avoid the big crush later in the evening.

DEATH REMOVES GREAT PRELATE

OTTAWA, June 6.—Archbishop Joseph Thomas Duhamel, Metropolitan of the Roman Catholic See of Ottawa and a member of the University of Ottawa, died suddenly last night of pneumonia, at his home at Casselman, Russell Co. Monsignor Duhamel was at the time on a pastoral visit to the parish and though not feeling very well during the afternoon, was not thought to be seriously ill until the end of the afternoon. The news of the death was telegraphed to Ottawa and was announced this morning in all the Roman Catholic churches of the city. The remains of the deceased were brought to the cathedral this afternoon and a large congregation of members of the church accompanied the body from the station to Basilica, where the body will lie in state until the funeral ceremonies on Thursday. The funeral orations will be given in French by Archbishop Duhamel of Montreal, and in English by Archbishop McEvoy of Toronto.

The late archbishop was born in 1841 at Contrecoeur, Que., and almost the whole of his life was spent in Ottawa. He received his education for priesthood at St. Joseph's College. He was ordained in 1865, taking his first pastoral charge at Buckingham. In 1874 he was appointed bishop of Ottawa in succession to Bishop Guigue, and in 1888 he was created archbishop.

The late Archbishop Duhamel is personally known to many of the Catholic clergy of St. John. At the time of the death of the late Archbishop Duhamel, his lordship visited St. John as the guest of Bishop Casey, who was deeply grieved when he received word of his death last evening.

PH. D. DEGREE FOR MR. KING

OTTAWA, June 6.—Hon. W. L. Mackenzie King arrived in the capital today from Boston and left tonight for Berlin, after passing at Harvard University yesterday a final oral examination for the coveted Harvard degree of Ph.D.

The degree will be formally conferred at the Harvard commencement on 20th instant. After that the new minister of labor will be entitled to the appellation "Hon. Dr. King." The degree of Ph.D. from Harvard ranks with the highest that can be bestowed by any university in the world and represents three or four years of post-graduate study in some special field of knowledge.

ST. JOHN PREACHERS HEARD IN TORONTO

TORONTO, June 6.—The Presbyterian assembly Sunday at Hamilton was marked by the weather and large crowds at all the city churches, where all the pulpits were filled by commissioners. Rev. W. Morton of Trinidad preached at the assembly church in the morning and Rev. W. Ross of Halifax preached in the evening. Both these eastern men were heard to find advantage, Rev. David Lang and Rev. A. A. Graham of St. John also conducted services at prominent churches.

AMUSEMENTS.

OUT IN IDAHO.

Miss Dorothy Kurts who enacts the role of "Bess Carson" in Frederick N. Brush's production of "Out in Idaho," which comes to the Opera House next Monday and Tuesday, has more than an ordinary training, and within recent years she has appeared prominently in such productions as "Pretty Peggy," "The Girl from the Golden West," "The Girl of the Emerald Isle," "Way Down East," etc., but as Bess Carson in "Out in Idaho," she has a part which gives her remarkable opportunity for the display of her splendid talents.

The scenes of this typical western drama are laid in Idaho in the year 1849, when thousands of people, dazzled by the glitter of possible wealth, rushed to the California coast in search of hidden riches. But the older generation of today knows that all the dramatic incidents in connection with this gold hunt were not enacted in California. Many of the treasure seekers never got as far west as the State by the Pacific coast, and it is with a few of these who paused in Idaho that this play deals in a thrilling manner. It is a play of plays and a play one always remembers pleasantly.

AL WESTON'S BOW AT "STAR" TO-NIGHT.

One of the most refined and melodious vocalists in picture house work in Canada today is Al Weston, "the Musical Boy," who makes his bow to Star Theatre patrons tonight in the home-stead ballad, "Just What the Good Book Taught." Mr. Weston is a lad of experience with the best minstrel troupes on the road, in which aggressive he did all the leading ballad roles. Mr. Weston's visit to the Star places this clean, new theatre still another step forward. Five brand new pictures. Orchestra Tuesday night.

AT THE PRINCESS THEATRE.

Beginning with the matinee today at the Princess Theatre will be seen for the first time in St. John the great London hippodrome sensation, La Moto Phroso, a life size mechanical doll that duplicates the movements of a human being, so perfect are the movements made that some contend that there must be a human being inside the figure to furnish the motive power. The management of the Princess has only been able to secure this great novelty for two days, Monday and Tuesday, as the act goes direct from here to Hammer's roof garden in New York, so be sure and see this wonder today. NICKELS FUN FEATURE TODAY.

Josephine usually assembles a time novel reading with messenger boys, and at the Nickel today an unusually funny film will be shown under the title Dime Novel Dramatizing exceedingly clever and irresistibly laughable. The picture entitled A False Accusation is a drama from real life among the theatrical classes of New York and unfolds a lovely story of exceptional moral worth. A Mexican gratitude is a whole reel of western pictures with exciting horse riding and magnificent scenery. The Catalocheur trio of Italian instrumentalists will enter upon their second week with an entire new programme of classical and popular selections and Miss Evans will sing a new ballad. The orchestra is to present novel features in musical comedy. The Nickel will maintain its high standard of good entertainment as of yore.

A SPLENDID SHOW AT H. H. H. TODAY.

Today the Happy Half Hour promises patrons another splendid show. Signor and Mlle. Berlin have arranged a number of requests to sing certain favorite selections of patrons, and today the first of these, entitled "Anarchy," will be sung by Mlle. Berlin. Signor Berlin will sing "La Donna Mobile," from Rigoletto, and one of Signor Berlin's very best selections. His magnificent voice will be heard to splendid advantage in this number. The above arrangement will, it is hoped, please all tastes, including those who like the popular songs and those who like operatic selections. The Artists' Ladies Orchestra will render an entire new programme of music. The pictures are guaranteed to be all new, and positively no repeats. A number of cedar trees have been used in decorating in and around the stage and with the smell of cedar, together with the pure fresh air of which the H. H. H. is noted, one can easily fancy themselves in an outdoor theatre.

AUSTRALIA NOT TO BE BEHIND

MELBOURNE, June 6.—Alfred Deakin, premier of the commonwealth, has sent a cablegram, formally offering to the imperial government a Dreadnought or a corresponding addition to the navy.

Keen Satisfaction

LONDON, June 7.—The London morning papers express keenest satisfaction that Premier Deakin, three days after entering office, has made an offer to the government of a Dreadnought on behalf of the commonwealth, which, they say, ex-premier Andrew Fisher had hesitated to do.
