SUMMER LONGINGS.

"Let us away to Florida
Or Avon's y Mayo."—CALDERON.

Ah! my heart is weary waiting,
Waiting for the May—
Waiting for the pleasant rambles,
Where the fragrant hawthorn brambles,
With the woodbine alternating
Scent the dewy way.
Ah! my heart is weary waiting,
Waiting for the May.

Ah! my heart is sick and longing,
Longing for the May—
Longing to escape from study,
To the young face fair and ruddy,
And the thousand charms belonging
To the summer's day.
Ah! my heart is sick with longing,
Longing for the May.

Ah! my heart is sore with sighing,
Sighing for the May—
Sighing for the sure returning,
When the summer beams are burning
Horse and flowers that dead or dying
All the winter lay.
Ah! my heart is sore with sighing,
Sighing for the May.

Ah! my heart is pained with throbbing,
Throbbing for the May—
Throbbing for the sea side billows,
Or the water-wooing willows;
Where in laughing and in sobbing
Glide the streams away.
Ah! my heart, my heart is throbbing,
Throbbing for the May.

Wasting, sad, dejected, weary,
Waiting for the May,
Spring goes by with wasted warnings,
Moon-lit evenings, sun bright mornings;
Summer comes, yet dark and dreary
Life still ebbs away;
Man is ever weary, weary,
Waiting for the May!

EDUCATION.—Tutors should treat their pupils with regard to each of their faulty habits as cannot easily be eradicated, as prudent physicians do their patients in chronical cases; rather with gentle palliatives than harsh extirpatives, which, by means of the resistance given to them by the habit, may create such ferments as may utterly defeat their intention.

Neither a learned nor a fine education is of any other value than as it tends to improve the morals of men, and to make them wise and good.

A generous mind will choose to win youth to its duty by mildness and good usage, rather than by severity.

The Almighty by rewards and punishments, makes it our interest, as well as our duty, to obey Him; and can we propose ourselves, for the government of our children, a better example.

AN APPEAL TO THE YOUNG.—A young man has lately been convicted in Virginia of robbing the mail, and has been sentenced to the penitentiary. There is an affecting and melancholy incident connected with this young man's criminal history which goes to exhibit the strength of parental affection. When the father heard that his son had been arrested on charge of robbing the mail, he exclaimed—

"Have my grey hairs been brought to see this" and then fell.

He was taken to his bed, and died in a few days of a broken heart. If the young would not bring the grey hairs of their parents to the grave in sorrow, let them avoid the first enticements to sin. Once in the downward path, they know not where they will stop.

"THE PRESS."—There is no book so cheap as a newspaper, nothing so interesting, because it consists of a variety, measured out in suitable proportions as to time and quality. Being new every week or day, it invites a habit of reading, and affords an easy and agreeable mode of acquiring knowledge, so essential to the welfare of the individual and the community. It causes many an hour to pass away pleasantly and profitably, which would otherwise have been spent in indleness, if not in mischief.

POOR DEMONSTRATIVE.—A poor cornet having got his skull severely fractured, was told by the doctor that the brain was visible, on which he remarked, "Do write and tell my father, for he always swore I had none."

"Every event of life is either man's master or his slave."

LIFE ASSURANCE COMPANY,
CANNON STREET WEST,
London, 1st March, 1853.

THE Court of Directors have much pleasure in reporting the onward progress of this Company. During the year 1852, the new Policies issued were 324, assuring the sum of £182,957 18s., being the largest amount of new business transacted in any one year.

The income of the year was £53,979 5s 8d.; and the funds in hand, after providing for payment of £248,979 16s 7d.

Meanwhile, it is satisfactory to know that the expenses of management for the year did not amount to a ven per cent of the income. The number of policies issued, and the income of the Company during the respective years, were as follows:

Year.	No. of Policies actually issued.	Sums assured thereby.	Ann. Income.
1847.....	113	102,247 6 4	2,720 12 7
1848.....	125	110,045 2 6	3,514 4 7
1849.....	272	149,861 2 6	39,011 1 4
1850.....	301	156,370 13 0	42,207 9 8
1851.....	342	170,578 7 0	47,731 2 6
To in 5 yrs.	1153	695,102 5 4	193,674 6 8

Thus exhibiting a steady and gradual increase.

The following table illustrates the Bonuses declared:—

	Average reduction of Premium.	Average Reversionary Bonus.
1st Division—1842...	16.63 per cent.	21 per cent.
2d " 1847...	31.33 "	60 "
3d " 1852...	35.22 "	60 "

It cannot be too generally known that the dividends paid annually to the proprietors are derived entirely from the investment of their own capital, the deed of settlement forbidding any portion of the income of the Life Assurance Fund to be diverted to pay interest to the proprietors.

The distinguishing feature of this Company is—a guaranteed return at any time for the surrender of existing Whole Term Policies, effected by even rates of *forty per cent.* of the amount of ordinary premiums received thereon.

The objection often raised by persons intending to assure, as to the uncertainty of being able to continue the payment of their premiums, is thus obviated, and a policy holder will always know the value of his policy. Policies will also thus be rendered immediately available as securities.

Loans are granted on deposit of policies of five years' standing, to the extent of their value, thus enabling the holders to provide for the payment of future premiums.

SHARP'S Family Medicines.

NOTICE TO THE PUBLIC.
OF INTEREST TO ALL.

Sharp's Celebrated Family Medicines have received very serious injuries; but the unanimous advice at the time, and was afterwards at various periods of different infirmities yet he gave it a fair trial, and in a length a malignant running ulcer appeared on his leg which so completely crippled him that he could not move without crutches for nearly two years. Recently he began to use your Ointment and Pills which have now healed the wound, strengthened his limb, and enabled him to discard both his crutches, so that he can walk with the greatest ease, and with renewed health and vigour.

A most extraordinary cure of a dreadful, and long standing disease.

Copy of a letter from Mr. Hugh Brown, of Bandy, near Caledonia, dated March 1st, 1852.

To Professor Holloway.

Dear Sir,—I have much pleasure in informing you of a most extraordinary cure effected by your Ointment and Pills, which has astonished every person acquainted with the circumstances. Mrs. W. Cummins, of Bandy Street, in the township of Caledonia, had been afflicted for a period of 21 years with a dreadful disease in the breast, arising from defective, and produced by, a scirrhous tumour. She was attended by the most eminent physicians in the province, but all to no purpose, and she was pronounced incurable. She was afflicted with the disease for a long time, and suffered excruciating pain. Her breast was frightfully ulcerated, and she was reduced to a mere skeleton. She was unable to walk without crutches for the last seven years, and was confined to her bed for the last eight months. Her case was considered hopeless by all who knew it. Having used your Ointment and Pills, and followed the directions, she found them of great benefit to her, and was happy to testify the truth of this public statement.

ANOTHER EXTRAORDINARY CURE OF ULCERATED SORE LEGS OF FIFTEEN YEARS STANDING.

Copy of a Letter from Mr. J. M. Clement, of New-Castle-on-Clyde, dated September 20th 1852.

To professor Holloway.

Dear Sir,—I am authorized by Mrs. Cummins, of 21, Butler-street, in this town, to request that you will forward, by return of post, a pot of your Ointment, with a further supply of your Pills, for a lady in this neighbourhood, who is severely afflicted with ulcerated wounds, and swelling of the legs, from delicacy, and general debility. She has been afflicted in both her legs, so that she was quite incapacitated from following her usual work. In this state she remained for the space of seven years, during which time she was confined to her bed for a period of eight months. She tried every remedy that came under her notice, but all to no purpose, and she was pronounced incurable. Having seen your Ointment and Pills highly recommended, she was induced to try them, and after using them for a short time, she found herself much relieved. She persevered in their use, and in the course of a few months she was able to walk about the house, and in a short time after was able to go out. Such a wonderful change in so short a time astonished all her friends, and the fame of your Ointment and Pills soon spread throughout the neighbourhood, and the numerous deeds of cures performed by them, induced many persons to make trial of them, and they have been successful in every instance. Numbers have come from the country, and from the adjoining towns, to purchase your Ointment and Pills, and they have all returned with the trophies of health. Trusting that this statement may be the means of inducing many persons afflicted with bad legs, and other diseases, to make trial of your Ointment and Pills, I remain, dear Sir, yours truly,

(Signed) JOHN MORTON CLEMENT.

CURIOUS STRANGE AND ACCURATE REMEDIES, AND ASTONISHING CURE OF AN OLD AND SEVERE CASE OF 40 OR 50 YEARS STANDING.

Copy of a Letter from Messrs. Walker & Co., Chemists, Bath.

To Professor Holloway.

Dear Sir,—Among the numerous cures effected by the use of your valuable medicines in this neighbourhood, we may mention that of an old lady living in the Village of Preston, about two miles from this City. She had ulcerated wounds in her leg for many years and latterly they increased to such an alarming extent as to defy all the usual remedies, her health rapidly giving away under the suffering she endured. In this distressing condition she had recourse to your Ointment and Pills, and by the assistance of her friends, was enabled to persevere in their use, until she received a perfect cure. We have ourselves been greatly astonished at the effect upon so old a person, she being above seventy years of age. We shall be happy to satisfy any enquiries as to the authenticity of the really wonderful case, either personally or by letter.

A Private in the Bath Police Force, also, has been perfectly cured of an old scorbutic affection in the face, after all other means had failed. He states that it is entirely by the use of your Ointment, and speaks loudly in its praise.

We remain, dear Sir, your's faithfully,

She has been afflicted in both her legs, so that she was quite incapacitated from following her usual work. In this state she remained for the space of seven years, during which time she was confined to her bed for a period of eight months. She tried every remedy that came under her notice, but all to no purpose, and she was pronounced incurable. Having seen your Ointment and Pills highly recommended, she was induced to try them, and after using them for a short time, she found herself much relieved. She persevered in their use, and in the course of a few months she was able to walk about the house, and in a short time after was able to go out. Such a wonderful change in so short a time astonished all her friends, and the fame of your Ointment and Pills soon spread throughout the neighbourhood, and the numerous deeds of cures performed by them, induced many persons to make trial of them, and they have been successful in every instance. Numbers have come from the country, and from the adjoining towns, to purchase your Ointment and Pills, and they have all returned with the trophies of health. Trusting that this statement may be the means of inducing many persons afflicted with bad legs, and other diseases, to make trial of your Ointment and Pills, I remain, dear Sir, yours truly,

(Signed) JOHN MORTON CLEMENT.

CURIOUS STRANGE AND ACCURATE REMEDIES, AND ASTONISHING CURE OF AN OLD AND SEVERE CASE OF 40 OR 50 YEARS STANDING.

Copy of a Letter from Messrs. Walker & Co., Chemists, Bath.

To Professor Holloway.

Dear Sir,—Among the numerous cures effected by the use of your valuable medicines in this neighbourhood, we may mention that of an old lady living in the Village of Preston, about two miles from this City. She had ulcerated wounds in her leg for many years and latterly they increased to such an alarming extent as to defy all the usual remedies, her health rapidly giving away under the suffering she endured. In this distressing condition she had recourse to your Ointment and Pills, and by the assistance of her friends, was enabled to persevere in their use, until she received a perfect cure. We have ourselves been greatly astonished at the effect upon so old a person, she being above seventy years of age. We shall be happy to satisfy any enquiries as to the authenticity of the really wonderful case, either personally or by letter.

A Private in the Bath Police Force, also, has been perfectly cured of an old scorbutic affection in the face, after all other means had failed. He states that it is entirely by the use of your Ointment, and speaks loudly in its praise.

We remain, dear Sir, your's faithfully,
(Signed) WALKER & Co.
