Measure Requested by Religious and Reform Organizations  
Introduced in Legislature Yesterday — Consideration of  
Fire Insurance Bill Continued Yesterday Afternoon

Special to The Standard.  
Fredericton, Mar. 6.—The introduction of a measure for the protection of children, as requested by some of the religious and moral reform organizations, and the passing of the bill to regulate the conditions of fire insurance policies, with some new conditions, were the features of the business of the legislature today.

It was a busy afternoon with routine work and the proceedings were enlivened with frequent division in committee. About half a dozen votes were called on.

Announcement was made tonight that the corporations committee would not meet privately to consider the St. John Suburban Railway bill until before next week.

The House met at three o'clock. Mr. Carson presented a petition in favor of a bill to amend the Act incorporating the New Brunswick Hydro Electric Co.

Mr. Black presented a petition in favor of a bill to consolidate and amend the acts relating to the University of Mount Allison College.

Hon. Mr. Wilson introduced a bill to amend the act relating to the city and county of St. John.

Mr. Swin asked for information in regard to the appointment of police magistrates. He said he had received an inquiry concerning the appointment of parish court commissioners.

Mr. G. H. G. introduced a bill to amend the act relating to the city and county of St. John.

## MAGISTRATE RECORDS LASH FOR PROFANERS

"If I Had the Power I Would Whip Them", Says Judge  
Ritchie, in Police Court—Several Cases of Sunday Selling  
of Beer and Cigarettes.

Police Magistrate Ritchie had a busy session of nearly three hours yesterday afternoon in the police court. One case brought out the fact that a defendant had been using profane and abusive language, and his honor was outspoken when he said that if he had the power he would sentence those guilty of profanity to be whipped.

Nonah Tulk who was charged with assaulting First Officer McLean on the steamer Lansdowne, using bad language, and assaulting and resisting Police Officer Crawford, was brought before the court. The prisoner was represented by Heber Keith, and it was while the counsel was asking leniency for his client that the magistrate spoke on the matter of having profane persons whipped.

Mr. Keith told the court that he had paid a visit to the government steamer or Lansdowne and the officers there had stated that the defendant had been on board the ship for two years, that he was a good man and that he could not wish to press the charges against him. The defendant had his discharge papers and having people in Newfoundland depending upon him, could, with honorable discharge papers, leave the city. Mr. Keith further stated that the officer who had his hand injured during the tussle with the prisoner said his hand was not cut with a knife.

At this stage Officer Crawford interrupted and said that he had made no such statement, that his hand had received a severe cut across the palm which had to be stitched, and that the doctor said that it had the appearance of having been cut with a knife.

The magistrate asked for the evidence to be read over, and when it came to the part where the bad language was used, his honor remarked that the prisoner was liable to a term of fourteen months' imprisonment in the county jail, and that this sentence was worse than two years in the reformatory penitentiary.

The man used very bad language to the officer on board the ship, said his honor, "and if I had the power I would have him whipped."

The next case was that of a prisoner who was charged with using profane language, and his honor said that if he had the power he would have him whipped.

## DIRECTORS' REPORT

TO THE SHAREHOLDERS OF BRANDRAM-HENDERSON, LIMITED:  
YOUR Directors submit herewith their Sixth Annual Report with statement of Assets and Liabilities and Abstract of Profit and Loss Account for the year ending November 30th, 1912.

The gross profits for the year amount to \$123,007.27, which with the balance of \$34,411.08 carried forward from the previous year, makes the sum of \$157,418.35 to the credit of Profit and Loss Account. Out of this balance to the credit of Profit and Loss Account, the sum of \$71,063.38 has been paid for interest on bonds, dividend on Preferred Stock, Bank Interest, Head Office expenses, Directors' fees, etc., and the further sum of \$12,500.00 has been applied for Sinking Fund purposes, and the Suspense Account of \$3,468.87 has been written off, leaving a balance of \$70,382.65.

The Directors have declared a dividend of 24 1/2 p. c. on the Preferred Stock of the Company, amounting to \$26,844.11, payable March 1st, 1913, to preferred shareholders of record on January 31st, 1913. The Preferred Stock is a cumulative 7 p. c. stock, and this dividend represents 7 p. c. for the year ending November 30th, 1912, and all the previous unpaid dividends of said Preferred Stock since the Company's inception.

Of the \$240,000 of Preferred Stock in the Treasury, your Directors have decided to issue \$120,000. This will give increased manufacturing facilities in both Lead Work and Paint Departments, and provide about \$30,000 additional working capital.

Trade conditions during the past year have been satisfactory, and the demand for all our products has been good. Our total sales show an increase of 26 p. c. over last year.

Our sales of White Lead amounted to about 3,000 tons, and as there was a very small stock on hand at the first of the year, the plant was used to its utmost capacity to supply the demand.

Anticipating a larger business during 1913, new machinery and plant is now being installed which will increase the output of White Lead about 35 p. c. We expect to find a ready market for the increased quantity.

The Maritime Branches have had a record year. Both in sales and profit they show a big increase over any previous year. Increased facilities for the manufacture of both Paints and Varnishes have been found necessary, and installed.

The business done by the Toronto and Winnipeg Branches shows a large increase over last year, and we expect these Branches to show a profit for the present fiscal year.

The Montreal Paint Department has had a satisfactory year. The sales were considerably increased with satisfactory profits. In this Department also we have installed new machinery and plant to handle the rapidly growing business.

All of which is respectfully submitted, On behalf of the Directors,  
JOSEPH R. HENDERSON, President.

Halifax, February 7th, 1913.

ly at \$170,605.40. Besides these grain cargoes all three steamers carried merchandise to a great value.

The ship with liner Athenia, which sailed from Glasgow for this port on Saturday, has an exceptionally large passenger list and heavy cargo.

TO CONDUCT SEARCH FOR MISSING HEIR

The search for Thomas Bradley, for whom when found a fortune of \$25,000 is waiting, was commenced yesterday by his nephew, Thomas Bradley.

The missing man left the city about four years ago, and has not returned since. From the time he left he Bradley worked at road construction and relatives of the man in the city have been informed by a Bangor man that he saw the heir to the large sum of money working on a section of the Valley Railway no later than a year ago.

It is the intention of Thomas Bradley after arriving at Montreal, to inquire at all reference camps throughout the province where railway construction is going on. It is expected that in this way some trace will be found of the missing man.

ZBYSKO BESSING ROGERS.

Worcester, March 6.—A crowd of 2,000 in Mechanic's Hall tonight saw Jack McGrath of Worcester beat Charles Ziegler of New York in the preliminary bout and Zbyzsko Rogers of New York in the main match.

### Whooping Cough

### Many parents think lightly of whooping cough, and treat it as a necessary evil, not giving the child who has it any special attention.

### The seriousness of whooping cough was emphasized by the Medical Health Officer in Toronto a few months ago, when he reported 14 deaths during the month from whooping cough, and only ten from scarlet fever, typhoid fever and measles combined.

### So many people write to us about the relief and cure of whooping cough by the use of Dr. Chase's Syrup of Linseed and Turpentine that we can recommend it with the greatest confidence.

### It loosens the cough, aids expectoration, and its soothing influence prevents the terrible paroxysms of coughing which are so distressing to witness, and which wear away the strength of the child. By using this treatment the disease is held in check and cured in a few weeks, instead of months. Look for the portrait and signature of A. W. Chase, M. D., on the bottle you buy. There are many imitations.
