Reports received by the board of trade from representatives of business houses show that the Maritime Provinces are holding tight to the slogan "Business as Usual".

The embargo that has been placed upon the importation of American cattle in consequence of the foot and mouth disease, which is said to prevail in every state of the union except the Pacific states, coupled with the demand for foodstuffs that are coming from outside Canada, should serve to awaken our farmers to the great responsibility which rests upon them as factors in empire development.

Our manufacturers and our business men are alive to the demands that are being made upon them, and our agriculturists should also realize them. The demand is imperative for more stock of all kinds, for more hay, for more grain, more dairy products, more poultry. More acreage will be planted next year, perhaps not for potatoes, but in mixed lines. In past years a little too much attention has been paid to potatoes, to the exclusion of other lines.

TORY M.P.P. FOR VICTORIA, N. S., UNSEATED BY COURT

Badeck, C. B., Nov. 14.—The Victoria county election of Philip MacLeod (Conservative), was declared void by Justice Russell here today at the conclusion of the most memorable election trial ever held in the province of Nova Scotia.

The trial which lasted ten days is the only practical election case ever tried to conclusion in the courts.

No decision was handed down by his lordship on the charges against MacLeod for disqualification, but what ever this decision may be, it has been firmly established that the Victoria election was won by corrupt practices and fraudulent contrivances to unduly influence the electorate.

The ladies who are collecting tobacco to be sent to the soldiers at Salisbury Plain were rejoiced by receipt of sixty pounds twenty shillings worth of cigarettes from St. Andrew's Curling Club.

This is the largest single contribution they have received. They wish also to express their thanks to a gentleman in Port-Elgin, who did not give his name, but sent three pounds of tobacco.

People in any part of the province who wish to contribute may send their contributions to Miss Travers, 28 Sydney street. It is hoped that there will be a very general and generous response, and that by the end of the month when the shipment is to be sent it will be one of very substantial proportions.

Complaints are being received from Chipman and its vicinity concerning the disgraceful condition of the roads. No government official has not visited the place for years, and the roads have become so bad that they are practically impassable.

The bridges are not in repair and the highways are in such a condition that it is not taken to make repairs until the making of the roads are bare. The farmers and other residents are greatly inconvenienced and complain that if the next year it will be utterly impossible to get from house to house in a vehicle.

David Long, son of William Long, of Midland, Kings county, was accidentally shot by his chin, William Roper, on Wednesday morning while the two were shooting in the woods. He was bending down and the rifle bullet passed through the flesh of the right forearm, and then entered the inner side of the left leg, making its escape on the outer side. He is now at his home, suffering intensely from the wound.

When Roper shot a rabbit, Long ran to pick it up. In the meantime Roper started to reload, when the cartridge accidentally exploded and struck Long. He was taken to his home and Dr. M. L. Macfarland, of Millton, was called and attended his injuries.

Mr. and Mrs. George Reicker, of Karls King, county, celebrated the golden wedding anniversary on Tuesday, Nov. 10, and about one hundred and twenty-five relatives and friends gathered to extend congratulations. It was a notable event in the history of the parish. Mr. and Mrs. Reicker have eleven children, as follows: Captain William Reicker, of St. John, who is now at sea; George, Gilbert, Daniel and Manfred, of Karls; James of Gondola Point; Mrs. Albert Jones, Mrs. John Liguart, of Karls; Mrs. George Roper, of St. John; and Mrs. L. A. Macfarland, of Millton.

A fire caused by an overheated chimney in the Barker House annex last evening resulted in damage of about \$600.

The Fraser arbitration will probably be adjourned this evening until next Friday.

KING CONDOLES WITH FREDERICTON MAN IN LOSS OF HIS SON

Fredricton, N. B., Nov. 13.—Fred W. Hatheway of this city, whose son, Midshipman Victor H. Hatheway, went down with the cruiser Good Hope off the coast of Chili, today received the following message of sympathy from King George V: "I was glad to hear of the death of your son in the service of his country. His Majesty King George V sympathizes with you in your sorrow and expresses his sympathy in the receipt of a letter of sympathy from the Duke of Connaught for the loss of your son."

FORM HOME GUARD IN WOODSTOCK

Woodstock, N. B., Nov. 13.—A large and enthusiastic meeting of the citizens was held here tonight and the organization of home guards was completed. Striking addresses were made by Lieut. Col. E. J. Dibley, Major-General Key, Frank Baird, A. D. Holyoke, T. C. L. Ketchum and Major Margison.

Forty men signed the roll and it is expected that the strength of the company will reach one hundred. Col. E. H. Dibley was unanimously chosen commander of the new organization.

Major Margison, who is recruiting officers for the second contingent, strongly urged the necessity of recruiting at Woodstock, which is the regional headquarters. He was now sending men in threes and fours to St. John and it was extremely difficult to secure men in that way. It was voted to take the matter up with the military authorities.

Major Jones read a letter from James Gleichen, commanding the militia, in which he held in the county to arouse enthusiasm. A committee of six was appointed to arrange for meetings and speakers.

The finance committee report about \$7,000 collected in the town for the patriotic fund. This amount will probably be increased.

MEMORIAL SERVICE FOR VICTOR HATHWAY

Fredricton, Nov. 13.—(Special)—A memorial service for Midshipman Victor Hatheway, son of Fred W. Hatheway, who lost his life when the British cruiser Good Hope was sunk by a German fleet off the Chilean coast, took place at Christ Church Cathedral this afternoon and was very largely attended. Rev. Mansel Stewen, of Springhill, preached the sermon and appropriate hymns were rendered by the church choir.

The second detachment of volunteers for overseas service from this district will be sent to the mobilization headquarters of the New Brunswick Regiment, at St. John, on Monday morning.

Halifax Bank Clearings. Halifax, Nov. 12.—Bank clearings for the week ended today were \$1,822,891, and for the corresponding week last year, \$1,961,490.

After washing quilts and comfortables, and while they are still on the line, but nearly dry, beat them with a carpet-beater and they will be wonderfully light.

CONDENSED NEWS: LOCAL AND GENERAL

St. John bank clearings for the week ended November 12, were \$1,822,891, exceeding week last year, \$1,961,491.

Frank J. Rafferty was fined \$30 and costs two months in jail by Magistrate Adams of Brookville on Saturday morning, for having in his possession a calf-moose. Mr. Rafferty admitted that he had shot the animal and furthermore had left the head in the woods and his own behalf. Several witnesses testified. It is expected that the case will be appealed.

The ladies who are collecting tobacco to be sent to the soldiers at Salisbury Plain were rejoiced by receipt of sixty pounds twenty shillings worth of cigarettes from St. Andrew's Curling Club.

HOUSE AND BARN AT WESTFIELD BURNED DOWN

Westfield, Nov. 13.—The house and barn of I. Parker, situated between Lingard and Westfield stations, were destroyed by fire this morning.

While the family were at breakfast one of the children started to go to another room and found the ceiling in flames, the first intimation that they had of their home being on fire. The barn was situated so near the house that the heat was too intense for the neighbors to succeed in saving it. The house was gotten out but the hay was lost. There is no insurance.

N. B. AND P. E. I. S. S. CONVENTION ENDS ITS LABOR

Sussex, N. B., Nov. 15.—The convention which closed this evening was one of the most successful in the history of the New Brunswick and Prince Edward Island Sunday School Association. The excellent addresses delivered and the satisfactory reports received have given Sunday school workers throughout the province an added stimulus in their work. The most important addresses yesterday were given by John L. Alexander, of Chicago, on the Physical, Social and Spiritual Life of Boys and Girls of the "Tom Age," and by Principal Macinnon, of Halifax Presbyterian College, who gave two splendid addresses on the Psychology of Conversion and the Call of the Church to its Young People.

There were in all 383 delegates present at the convention the largest in its history. The officers appointed for the ensuing year are as follows: President, Rev. George St. John; first vice-president, S. McLean, Chatham; second vice-president, Rev. Thomas A. Mitchell, Sussex; recording secretary, B. B. Jordan, St. John; assistant recording secretary, R. S. Stephenson, St. John; superintendent elementary department, Mrs. Harvelock Cox, Fredericton; superintendent secondary department, Rev. G. A. Lawson, Moncton; adult department superintendent, Rev. F. L. Orchard, Woodstock; home department superintendent, Mrs. Florence Alexander, Fredericton Junction; educational superintendent, Rev. C. W. Squires, Campbellton; I. B. R. A., Mrs. E. T. Mawhinney, Macco's Bay; temperance superintendent, Rev. R. H. Staver, Harcourt; missionary superintendent, Rev. E. C. Ross, Sussex; treasurer, A. H. Eppimart, St. John.

At the evening session, on motion of the Rev. Mr. Anderson, messages of sympathy were sent to the King and the Duke of Connaught as follows: To His Most Gracious Majesty, King George V., King of Great Britain and

ireland and of the Dominions beyond the seas, Emperor of India, etc., etc. We, the members of the New Brunswick Sunday School Association assembled in convention to tender to your majesty our expressions of loyalty and to assure your majesty of our most fervent prayers that in this day of national trial God may sustain your majesty in your efforts to preserve and strengthen the empire. (Sgd.) REV. WELLINGTON CAMP, President.

REV. W. A. ROSS, Secretary. To His Royal Highness the Duke of Connaught, Governor General of the Dominion of Canada, etc., etc. We, the members of the New Brunswick Sunday School Association, in asking your royal highness to forward the enclosed address to His Majesty, the King, desire to assure your royal highness of our most loyal support in all your efforts for the protection of this Dominion and the maintenance of the integrity of the Empire. (Sgd.) REV. WELLINGTON CAMP, President.

REV. W. A. ROSS, Secretary. A Five-Shilling Rebellion. (Montreal Gazette.) The South African minister of defence, in a speech at Johannesburg, referred to the rebellion as a five-shilling rebellion. The interpretation of this is that General De Wet, who has joined forces with General Maritz, had been amassing funds which he considered an act of oppression, and this led him to revolt. It appears that De Wet, in a moment of forgetfulness, threatened a Kaffir soldier who was engaged in an act of oppression, that he was summoned before a magistrate and fined five shillings. The punishment was a reminder that now, as in the past, the British Empire is in danger. The general reinforced the slight to his dignity, and when opportunity offered he abandoned his post and fled to the bush. He is now equally disaffected against the government. Now he is associated with the revolutionaries and the German soldiers who are engaged in a campaign that can only end in defeat for them.

There is something I have to offer you absolutely for nothing—a little private book of special information about the legitimate use of the central nervous system, and provided you about the preservation of manly strength and its possible self-restoration. An illustrated booklet, comprising of 8,000 words, 72 pages and 80 half-tone photograph reproductions—which I am very pleased to send by mail, absolutely free of charge, in a plain, sealed envelope, to any man, young or elderly, single or married, who writes me, sealed, by return mail. Over a million of these booklets have been thus sent to applicants all over the world since my first offer appeared. Publishers are charging as much as \$2 for books on these subjects, while my book is free. Therefore, reader, if you would like a great fund of inside information relating directly to the subject of manly vigor, all put in perfectly plain, easy-to-understand language, which you can surely apply to your own self, no matter how strong you may be, or how nervous or run-down you are, send me your name and address about this particular subject, given to you without a single charge, then fill the coupon below, send me and I will immediately get you a sealed envelope, in one part of this little publication I describe a mechanical invention of my own, which I call the SANDEN Vitalizer, something you wear at night as an aid to the restoration of lost or waning strength, but you are not expected to get one of these appliances unless you decide for yourself that you want one. The book is complete, and there is absolutely nothing you are required to buy or pay either now or in the future. Therefore, please send your names and address today.

MANHOOD! The quality which makes the world today. My friend, there is a little book in the history of the human race when real, sturdy manhood, manly vigor and manly courage emanated for as much as a sealed envelope, which you may have had your years, whether you are 20 or 60, you must be either entirely in the race or entirely out of it. It is invariably the fellow who proves up strongest in this human strength that forges to the front, while weaklings stand aside. It is also who is in most demand and most sought after by women and men of his community, simply because he indicates that marvelous magnetism in

As to the SANDEN Vitalizer, previously mentioned, will say it is a little mechanical appliance, weighing but a few ounces, which you wear at night. This Vitalizer generates and sends forth a certain soft, penetrating force which I call Vitality. It drives its Vitality into your nerves, blood, muscles and organs as you sleep. It is quelling to the nervous system, at least, so write for it. Men write that it takes pain out of the back often at once and restores vitality in 30 days. Remember, the general information of the free book is independent of the Vitalizer, and you are not expected to get one of these little appliances unless you want it. You can write me later, so that if you so desire, with special attachments, my Vitalizer is used by women as well as men for rheumatism, kidney, liver, stomach, bladder disorders, etc. If you live in or near this city I should be most pleased to have you call in person at my office, where you may see and test the Vitalizer free of charge. Hours—9 to 4; or inconvenient to call, do not fail to write for the free booklet.

Get Free Book Please Use Coupon. If you live too far to call, or if you cannot call, please fill in the coupon below and send it to me. You will receive free, sealed, by return mail, my 72-page illustrated book, containing 8,000 words, a complete compendium of useful information for men, young or elderly, single or married, who want the truth about the subject of vital strength, its preservation, its possible self-restoration and its legitimate uses and waning abuses.
