AUSTRIA WILL FORM A SOVIET

SPECIAL CONSTABLE SHOT BY FOREIGNER IN WINNIPEG ROW

OFFICER WAS NOT ARMED
WINNIPEG, Man., June 12. (By W. R. Plewman).—Events moved rapidly in Winnipeg yesterday but they were not of a pleasant nature. Efforts at a settlement, made by the heads of the great Canadian railway brotherhoods broke down completely, owing to a refusal of the metal trades employees to accept the mediators' proposal of collective bargaining.

A special foot constable in multi-colored uniform, was suddenly battered and shot in a row between four special constables and a crowd of about a hundred strikers. Chief Donald MacPherson, for six years head of the police force and sixteen years in city's service, was dismissed and Deputy Chief Newton appointed acting chief.

The day was, as a whole, quiet and rain which fell at intervals during afternoon helped to maintain order. Many special police were crowded in a building near Portage and Main Streets, ready to deal firmly with any rioters. The writer saw several exciting scenes on Broadway and moving into the Northwest Mounted Police headquarters near Fort Garry Hotel, not far from the strategic corner and at the critical hour, but nothing untoward happened.

The row in which a special was shot and wounded in the leg took place under my hotel window. Hearing shouts I looked out and saw a crowd of strikers dashing here and there while four constables fought for their lives, making frequent rushes at their assailants. These four specials had a beat of three blocks, extending westward from the Royal Alexandra, a pair being on each side of the wide street. They had started out about four o'clock, wearing distinguishing armlets, whereas men out earlier in the day wore none. They had been out only an hour when they were attacked. As they strode up and down they were badgered by a number of aliens whose numbers grew each time that the specials went by. Finally when one pair of specials was standing outside the hotel at the corner, a stout foreigner came up and said: "Let me see that stick with that horse away from the armlet." The constable immediately struck at him and the fight began. Other foreigners joined in and a second pair of specials was sharply criticised. Speakers said the operation of Methodist church finances was in some instances criminal. Laymen were asked to leave the church. Some of the other criticisms were: Pastor has to do all work. Churches show no conversions; the chief deacon is paying off the mortgages instead of bringing souls to the penitent bench; songs don't tell enough about heaven.

At first the ring was wide. Bareheaded and wearing a club lustily, Morson dashed first in one direction and then in another. He got in some telling blows and when a Ford came along, he tried to climb in but the machine would not stop. At last two foreigners ran up from behind and pinned his arms to his side and two others pounded his face. Just then another car came along and halted ten feet away. A shot rang out. The men holding Morson allowed him to fall to the ground and stood back, four or five feet from their victim, who lay motionless. A few seconds later a big man picked Morson up as though he were a child and placed him in an auto, unmolested, and the car drove off with three or four men hanging on to its side. Morson was taken directly to the hospital, his wounds were six stories up and about 200 feet away, said that two foreigners kicked Morson while he was prostrate and one of them was pointed out to me in the crowd twenty minutes later. I missed the kicking feature, nor could I vouch for the statement that a man stood up on an auto and shot Morson. A local paper got out an extra which stated that a citizen had gone to the police station and said he had tried to help Morson and got the wrong man. In that case it seems strange he did not fire afterwards at the foreigners nor did the latter scatter.

I asked Major Lyle, who has charge of the special police, what was the correct version. He did not care to answer explicitly; indeed he thought the whole story had better be suppressed, in view of public feeling everywhere. "We have solved the whole mystery," was all he cared to say. (Continued on Page Two)

FELT FACTORY TO BE BUILT

Reported That This Is Significance of Purchase of Property

This city is to secure another felt factory, it is rumored. The Record has been informed by what is considered a reliable source that the purpose of the purchase of a vacant piece of ground from the alley, running from Gaskiel to South Broadway Street, to the G.T.R. tracks which run from Gaskiel Street to Pipe's coal yard, which was referred to in these columns several days ago, is to build a felt factory on the same. This purchaser of the property as was stated is Mr. T. H. Rieder.

The report is particularly interesting in view of the activities in the Ames-Holden-McCreedy circles with which Mr. Rieder is now connected. Sometime ago it was rumored that a felt plant was to be erected here by the Company but this rumor apparently died a natural death.

Sometime ago also it is worthy of note, there was conjecture in Montreal as to whether the reason for Canadian Consolidated Felt Stocks soaring was on account of the Ames-Holden activities and plans. Now comes the present report that a felt plant is to be built here. As to the nature of the product to be made, nothing is known at present.

Mount Royal Co. Capitalized at \$500,000

In yesterday's reference to the capitalization of the Mount Royal Rubber Co., Montreal, which has been organized by the Ames-Holden Company, and which will manufacture rubber footwear and rubber goods, a typographical error occurred. The capitalization of the company is \$500,000. The Ames-Holden Tire Co. is capitalized at \$2,000,000 as stated in the same article.

PUT MORE HEEL INTO IT, SAY LAYMEN

AT THE WINNIPEG METHODIST DIST. CONFERENCE
(Special to the Record)

Winnipeg, Man., June 12.—Methodist preaching hasn't enough "heel" in it and the laymen are complaining frequently enough to induce repentance so speakers at the laymen's conference in connection with the Manitoba Methodist Conference held at Broadway Methodist Church, the 1920 type of Methodist church, organization and results were sharply criticised. Speakers said the operation of Methodist church finances was in some instances criminal. Laymen were asked to leave the church. Some of the other criticisms were: Pastor has to do all work. Churches show no conversions; the chief deacon is paying off the mortgages instead of bringing souls to the penitent bench; songs don't tell enough about heaven.

CANADIAN ENVOYS SUPPORT BEER VOTE

AT A.F. OF L. CONGRESS AT ATLANTA
(Special to the Record)

ATLANTA, June 12.—(By Main Johnson).—Canadian delegates to the American Federation of Labor from Kingston, Ottawa and Montreal, represented by Messrs. Noble, P.M. Draper and France Ruchville, all voted for wine and beer when the federation, by a vote of 26,000 to 1,000, declared against prohibition and in favor of wine and beer. Toronto, represented by its trades and labor council by James Simpson did not record its vote. Mr. Simpson says his reasons for not voting were that he considered it an American issue, relating to the action of congress; and secondly he pointed out that if he had cast his vote it would have been for prohibition and would therefore have been contrary to the expressed opinion of the Toronto trades and labor council. The federation decided to cancel its Saturday sitting and to go to Washington instead, to present the views of the organization to capital. It was stated on the floor of convention that the expenses of the delegates on the Washington trip would be paid by the brewery workers' union and not by the brewers, and as had been alleged.

MEDIATION FAILS IN WINNIPEG LOCK

CONCILIATION OF RAILWAY-MEN UNAVAILING
WINNIPEG, June 12.—H. E. Barker, chairman of the Railway Brotherhood's Mediation Board, which has been trying for three weeks to adjust the differences between the metal trades workers and their employers, formally announced this morning that attempts at conciliation have failed.

This forenoon the city was calm. Acting-Chief of Police Christian Newton, who was appointed last night to take the place of Donald MacPherson, who was dismissed, has started actively on his reorganization of the police force. He stated that 38 men had been added to the force.

A SUBMARINE ENTERS TORONTO HARBOR.—The top picture gives a close-up view of the U-boat, U-C-97, which arrived in Toronto Tuesday last. The bottom picture shows an airman welcoming the visitor. Thousands of interested citizens journeyed to the harbor to inspect the vessel, which crossed the Atlantic under its own power.

ALLIED REPLY READY SATURDAY

NO FARTHER MODIFICATIONS
PARIS, June 12.—It is stated today that the allied reply to the German counter-proposals will be ready on Saturday night and that it has been definitely decided that five days only will be allowed the German government to come to a decision about signing the treaty, which will not be further modified.

FORMER CANADIAN HURT IN LONDON

KNOCKED DOWN ON PICCADILLY STREET
LONDON, June 12.—Sir Charles Hancox, formerly mayor of London, and a well-known Canadian financier, was knocked down on Piccadilly Street today by motor lorry and severely shaken.

BELA KUN'S REPLY IS APPARENTLY UNSATISFACTORY

HAS NOT BEEN PUBLISHED BY ALLIES

PARIS, June 12.—As the text of the reply of Bela Kun, Foreign Minister of Hungary, Soviet, in reply to a telegram from Mr. Clemenceau, president of the peace conference, demanding that he cease hostilities against the Czech-Slovaks or suffer the consequences, has not been published in Paris, it is apparently unsatisfactory. Denial is made of Bela Kun's statement that he had been invited to the peace conference.

Military reverses, suffered by Admiral Koleshak's troops in Southeastern Russia, have caused some uneasiness in conference circles. The strengthening of the Bolshevik hold in Moscow, by the interruption of the advance of the Estonians against Petrograd, is also a source of uneasiness. The Bolshevik peril, which was apparently on a decline a few weeks ago, is again commanding the attention from all delegations here. No effort is being made to conceal the menace that Hungarian Bolsheviks offer to Poland as well as Czech-Slovakia.

Part of the British troops, which recently arrived at Murmansk, are participating in operations against Petrograd, according to reports from Archangel. They are now near Patrogradsk.

Bolshevism and a discussion of the position of Bela Kun, Foreign Minister of Hungary, Soviet, figure prominently in the deliberations of both the council of four and council of foreign ministers.

PARIS, June 12.—The Turkish peace delegation, which reached Toulon yesterday, arrived here to get the Turkish peace terms this morning. There was no official reception given the delegates.

MEETING OF MERCHANTS

There will be a meeting of city merchants at 10 o'clock on Friday morning at the city hall.

It is to be held in connection with the investigation of the Cost of Living by the Parliamentary Committee. The importance of the matter is such that every merchant should make it a point to attend the meeting.

MR LEMIEUX PUTS POINTED QUESTION IN THE COMMONS

WHAT WOULD HAVE HAPPENED
IF VENS IF A JESUIT?
OTTAWA, June 12.—"I notice that Rev. Vens, leader of the strikers in Winnipeg, is a person, remarked Hon. Rudolph Lemieux, during the budget debate yesterday.

"What kind of a person, I don't know but I want to put this to the president of the council, (Mr. Rowell): I would like to put it to a Massey hall audience; I would like to put it to the Orange lodge, what would have been his fate, if he had been Rev. Father Drummond, a Jesuit priest?"

"Mr. Speaker, if this leader of the soviet in Winnipeg had been a Jesuit he would have been shot before this."

COMMUNIST GOV'T WILL BE SET UP IN AUSTRIA SOON

LONDON VIEWS SITUATION SERIOUSLY

LONDON, June 12.—A Communist Government will be proclaimed in Austria on Sunday, with a promise of immediate success, according to information received in government circles here. It is known that about forty per cent. of the Austrian army is bolshevik.

The Austrian Communists are expected to align themselves quickly with the Hungarian Communists, whose recent military successes are considered to have strengthened them.

The Austrian and Hungarian situations are viewed here as decidedly serious.

DETROIT CARMEN HAVE ACCEPTED OFFER

DETROIT, June 12.—Although an agreement was reached between the City Council and Detroit United Railways regarding fares, there has been no acceptance by the employees of the company's offer of ten cents an hour increase. They demanded 27 cents.

COUNTY CRIMINAL COURT CONCLUDES

ASSESSED \$100.00 AND COSTS
The case of Rex vs. Wismer was concluded in the County Criminal Court yesterday afternoon the defendant being found guilty of assault and inflicting bodily harm on one Steiner. Judge Bearn imposed a fine of \$100.00 and costs.

Crown Attorney Bowly prosecuted and E.W. Clement appeared for the defendant.

TRADES COMMISSION IS RECOMMENDED TO CONTROL PRICES

OF THE NECESSARIES OF
LIFE AND LIKE.

WITH POWERS SIMILAR TO
RAILWAY BOARD

(Special to the Record)

OTTAWA, June 12.—The Cost of Living Committee of the Commons, which for the past week or so has been taking evidence in connection with the rise in prices in Canada, will, it is stated, recommend to the government the appointment of a commission, to be known as the Dominion Trades Commission, whose powers will be to investigate and consider the action of commodities and their cost in the Dominion.

The proposed commission will have powers similar to those enjoyed by the Board of Railway Commissioners and will consist of three members and a secretary.

The chairman shall, it is proposed, be a judge or a barrister of ten years' standing, and his salary shall be ten thousand a year; while the two other commissioners shall receive seven and the secretary five thousand. The board shall have supervision over the combines and fair price regulations, which, it is proposed, shall be framed.

HOWARD, MONTREAL ELECTED HEAD C.M.A.

MANY RESOLUTIONS WERE
PASSED
TORONTO, June 12.—R. P. Howard, of Montreal, was today unanimously elected president of the Canadian Manufacturers' Association.

W. J. Balmain, retiring president, urged that Canadians should understand that Canadian manufacturers were not selfish and not an enemy of Labor, but on other hand, one of the best friends of the workers of Canada had.

In western Canada, agitators with half-baked economic ideals were influencing the country and the sooner the government placed them where they belong the better for Canada.

Many resolutions were carried, including one endorsing the creation of a Canadian Merchant Marine, and against legislation that would place Canadian industry at disadvantage in international competition.

Another in favor of legislation which would restore the tractor business to Canada and in favor of imperial preference. Another for the punishment of undesirable aliens, and another against requirement by government of any more railroads.

A SATISFACTORY FIRE TEST HELD

The pupils and teachers in the public and separate schools are well prepared for fire insofar as being trained to leave the buildings quickly and with safety in case of fire. A test of emptying the buildings was made yesterday by Fire Chief Guerin, which proved highly satisfactory.

The Chief arrived and pulled the fire going at each school and as far as the teachers and pupils were concerned there was no knowledge that it was to be only a test. But despite the excitement and uncertainty among the pupils and teachers remarkable time was made in their leaving the building in an orderly way. The results at each school follows:

Victoria 580 pupils. 1 min. 30 sec.
Sudbury 520 pupils. 1 min. 10 sec.
King Edward 408 pupils. 1 min. 10 sec.
Margaret 405 pupils. 1 min. 15 sec.
St. Mary's 375 pupils. 1 min. 5 sec.
St. Mary's 575 pupils. 1 min. 50 sec.
(3 story school)
St. Anthony 298 pupils. 45 sec.

A number of Waterloo friends of P. F. Frey who recently returned home from overseas were entertained at his home last evening. The evening was enjoyable spent in games and music which a dainty lunch was served.

Winnipeg street car system is expected to operate Thursday for the first time in three weeks.

ATTEMPT IS BEING MADE TO SAVE McCULLOUGH'S LIFE

CONDEMNED MAN SAYS HE IS
NOT AFRAID TO DIE

TORONTO, June 12.—A last minute attempt to save Frank McCullough from the gallows to-morrow morning will be made before Mr. Justice Rose, the trial judge this afternoon, when Mr. A. R. Hazard, and W. B. Horkins will appeal for a stayed case.

Acting for Mr. Horkins, Mr. Hazard appeared before Mr. Justice Rose this morning in the assize court and obtained permission to make the application. Mr. Hazard at once notified the Attorney-General.

The grounds of the appeal are based on the contention that the reprieve granted by Mr. Justice Rose on the occasion of McCullough's escape is illegal, first because the penal code does not permit a judge to grant a reprieve when he thinks the case a proper one to submit to royal clemency; and, second, that there is a point of law in connection with McCullough's trial that should be submitted to a higher court.

"In the eyes of the law the man is already dead," said Mr. Hazard. "I contend that the giving of a reprieve when McCullough escaped, pending his appeal, is not covered by any section of the criminal code and was not even thought of by Parliament when the act was passed."

Commenting on Mr. Hazard's last hour application for a stayed case, Mr. Justice Rose remarked: "It is pretty late now, but it's all right."

"I am not afraid to die to-morrow," stated Frank McCullough to Rev.

Bertram Nelles, his spiritual advisor to-day. With death staring him in the face and only a few hours to live, McCullough is showing unusual cheerfulness and is very brave under the ordeal. He slept well last night and was up early this morning bright and cheery. He ate a hearty breakfast and ordered a large dinner and when the chief turned up this morning, he reminded Mr. Addy that he wanted a substantial breakfast to-morrow morning, of toast and poached eggs. When asked if he wanted a stimulant, which was given to steady condemned men McCullough, refused, stating he did not need any.

Yesterday he spent three hours in prayer and reading the bible and asked Mr. Nelles to read aloud to him, picking out his favorite passages in the bible, one of them being St. John Chapter XIV., which reads: "In my father's house are many mansions." During yesterday afternoon McCullough's spirit became despondent for the minute and he asked Mr. Nelles to play checkers to relieve his mind, and to meet his wishes, Mr. Nelles played a few games of checkers with him.

"I did it at his suggestion," stated Mr. Nelles. "To relieve his mind from other things." Mr. Nelles spent three hours with him this morning in devotional exercises and will, in all probability, stay with McCullough tonight in his death cell. That is if the condemned man desires him to be present.

FOCH AND WEYGAND DISCUSS WARFARE & ALLIED ADVANCE

PARIS OPINION ON SIGNING
OF TREATY

PARIS, June 12.—Marshal Foch and General Weygand had two conferences yesterday with Premier Clemenceau, at which they discussed the immediate resumption of hostilities and a concerted advance by the allies, says the Echo de Paris.

The general opinion is, the writer adds, that Count von Brockdorff-Rantzau has committed himself too far to be able to sign the treaty. It is also believed that the Scheidemann ministry will be swept away, to make room for a ministry of moderate independent Socialists. This ministry, it is declared, will, about July 1, be disposed to accept the allied conditions.

C. N. R. ACCIDENT EAST OF PT. ARTHUR

RELIEF TRAIN SENT OUT
PORT ARTHUR, June 12.—The C.N.R. express, which left here for the east this morning, reported an accident. Doctors and ambulances were ordered out and a special relief train sent down.

TELEGRAPHERS SAY STRIKE SUCCEEDS

BROKER OPERATORS TO JOIN
CHICAGO, June 12.—In face of statements by officials of the commercial telegraph companies that the nationwide strike of operators, had failed, S.J. Konnekamp, international president of commercial telegraphers union, announced that assurances have been given that the New York broker operators, 3500 strong, would join the strike.

MISSING TEACHER'S ESTATE IN COURT

WILL PROBABLY BE DIVIDED
TORONTO, June 12.—Daniel Flanagan, of Downie township, Perth county, farmer, died in 1907 leaving \$3000 to his son Francis, school teacher who lived sometimes at Stratford. This son had disappeared in 1901 at which time he was about fifty years of age and had not been heard of since.

The executors of his father applied to Chief Justice Falconbridge at Osgoode Hall this morning for directions as to the disposition of the \$3,000 with accrued interest, amounting to \$1,057. The court directed that notice of the motion be served upon the brothers and sisters of the missing man and upon the official guardian, as representing possible claimants and not yet of age.

Serious clashes occurred in Winnipeg between strike sympathizers and the special constables.

John Hayes, St. John, charged with breaking into a drug store, assaulted Sheriff Wilson in court.

City Newslets

Several returned men were expected home this afternoon. They are Private Kreller and Rees.

The City Planning Commission held a meeting this afternoon when several plans presented by owners were considered.

Victoria Park is getting into summer condition. This in spite of the fact that the season owing to along wet weather put Superintendent Koehler and his limited staff of men (very little, in fact) under a great handicap. That they are getting things under control now is in doubt to their credit. A further reference to the work done at the park will be made later.

Mr. L. J. Breithaupt who was one of the local manufacturers who attended the annual meeting of the Canadian Manufacturers Association in Toronto this week and who has returned, the meeting was satisfactory. One of the features was the address by Mr. Lloyd Harris who spoke on the opportunities for export trade. The address was practical and worth hearing. The meeting was successful in every way. A strain of optimism also was noticeable.

Tariff Does Not Make Combines

W. F. COCKSHUTT SPEAKS ON
THE BUDGET DEBATE.

OTTAWA, June 12.—Speaking on the budget in the Commons this evening Mr. W. F. Cockshutt, of Brantford, criticised the reduction in the tariff on agricultural machinery. He produced a series of petitions from Brantford asking that the tariff should not be changed without an inquiry. He claimed that Brantford had been worse hit than any other city in Canada. He thought this was no time to change the tariff.

Mr. Cockshutt vigorously defended the principle of protection and denied that it created combine. The biggest combine in the country was the Grain Growers' Grain Company, which had such large profits it did not know what to do with them even after paying "underneath, overhead and all-round expenses."

Mr. Cockshutt thought they were heading straight for an election, and with protection and free trade as the issue he had no doubt as to the result. He criticised the idea of a tariff commission. Sir Thomas had no mandate for such a policy.

He was critical of the Government's housing policy, highways proposal and policy of foreign credits.

Hon. Rodolphe Lemieux, who followed Mr. Cockshutt, thought it amusing that Mr. Calder who, in 1917, had said that "Union Government under Borden was impossible," now said we must not play politics. Despite what the minister had said, there was no fear of a general election, he said because no Conservative Government had ever gone to the country three years in advance.

Mr. Lemieux urged a reduction in national expenditures and condemned the Government's nationalisation of railways program.

Dr. Michael Clark Red Deer, moved the adjournment of the debate and will be the first speaker to-morrow Thursday.

Mr. E. B. Devlin, who continued the debate in the afternoon, urged the Government to get after the profiteers.

The Weekly Open Air Concert of the 108th Regt. Band will be held tonight from the Market Square stand.
