

Vote for G. A. WENIGE

On the Record of his promises fulfilled and for the fulfillment of his promises for 1935

TO MY MANY, MANY
COLORED FRIENDS

More profit on the L. & P. S. Ry to reduce Taxation. The last nine months were in the black ink. With the many propositions now under consideration George Wenige promises to make still further increases in revenue. Let him carry on the work.

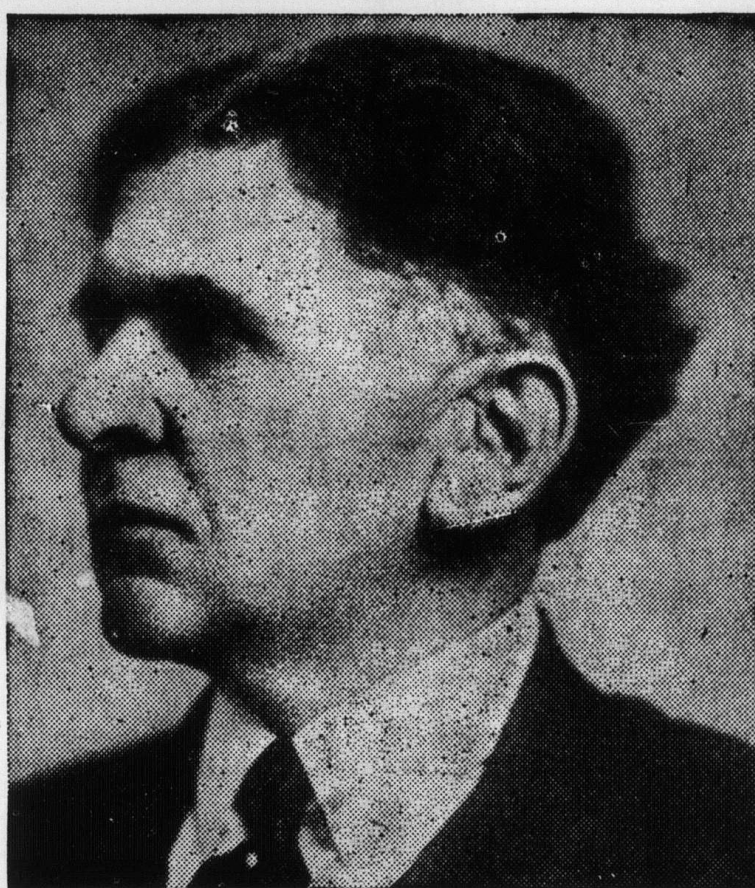

The completion of the C.N.R. station to give a real service to London. Work on this has already been started.

The clean-up of the River Thames by relief labor paid in cash.

A new York Street Bridge as an absolute necessity.

The same courteous, conscientious consideration for the people every day of the year by a full-time mayor.

Administration and Efficiency that will again be justified by results.

The Taxpayers got a new and better deal from G. A. Wenige in 1934 and are assured of a still better deal in 1935
