Arthur is the first Negro boy to be recognized as a champion by the Boxing Board of Control in Blighty. Billy Thompson comes from the British Isles and has been sought to fight many bouts in New York. As we know, King comes from Toronto, Ontario and is scheduled to appear in a bout at Maple Leaf Gardens on Monday evening, October 25th. CONGRESS VOTE RECORD PUBLISHED BY BULLETIN

NEW YORK — The voting record of members of both Houses of Congress on civil rights and other issues is published in the current issue of The NAACP Bulletin, the Association's bi-monthly organ. The record reveals the vote on seven vital issues in the House of Representatives and on nine in the Senate.

"The record of the 80th Congress," the report asserts, "is a dismal record of failure. Failure to control inflation; failure to provide adequate housing; failure to meet the educational and health needs of the people; failure to enact a single civil rights measure. You are urged to review the record of each of your senators and your representatives."

On November 2, remember those who have voted for your interests and those who have voted against you, regardless of party affiliation."

DAYTON — Elimination of segregation and discrimination throughout the state is the objective of a strong civil rights program adopted by the delegates attending the annual Ohio State Conference of NAACP branches here this week.

Not only did the conference urge "an uncompromising struggle" to attain enactment of civil rights legislation, but also called upon the state legislature and the governor to relieve the acute housing shortage through a comprehensive unsegregated state program of slum clearance, public housing for low-income families, and incentive aids to private builders and developers.

Conference speakers included J. Maynard Dickerson, president; Glosster B. Current, Leslie Perry, Mrs. Ruby Hurley and Mrs. Marian Wynn Perry of the NAACP national office; Charles Lucas, executive secretary
