CRISIS TELLS OF INDIA'S NEGROES

New York, N.Y. — Discussion of Indian independence has been marked by a general ignoring of the plight of the 70,000,000 Untouchables who are to the other Indians what the U.S. Negroes are to American whites. In The Crisis for December, Harry Paxton Howard, Far East expert, tells all about these oppressed people in an article entitled "the 'Negroes' of India". They are the Indians who do the dirty work, who live in horrible crowded ghettos, who eat the worst fare, have the least schooling and are most frequently humiliated. Mr. Howard tells how they got that way and how they are awakening into a political force to be reckoned with in the Far East.

INVESTIGATION OF LAY-OFF

Savannah, Ga. — Urging the investigation of a lay-off here of 800 laborers, 500 of which are Negroes, the Savannah Branch of the NAACP this week wired the War Manpower Commission. "Strongly protest lay-off of 800 laborers at South-Eastern shipyards for failure to sign agreement which smacks of collusion between company and union and which would deprive workers of rights."

The Savannah NAACP Committee on Labor and Industry stated that these unfair labor practices in Savannah can be traced to the union bosses, who, having a closed shop agreement with Southeastern Shipyard, are using all methods of intimidation in an effort to frustrate plans of a rival Labor Union
