ARE WE SATISFIED?

On Monday, December 1st another year has elapsed with us facing the issue of choosing our Civic candidates. Are we satisfied with our choice of last year? Did we give enough thought and our deepest concern? Are we satisfied with the men and women whom we placed on various boards to give them our support again this year? If so let us get out and vote and return them. If not let us then see that a change is made. We feel this is our greatest duty as taxpayers to be interested at all times, not just when election time is here. We should not let our personal friend if he be in the list sway our emotions unless he is qualified to do justice to the work it will require of him. But let us choose carefully. If you are ignorant of who is the best qualified read up on the minutes, make many inquiries. It isn't a hard job to learn of the interest our previous representatives have had. Mayor, or alderman or commissioners on the P.U.C. Board, Hospital Trust and School Board. If we find in these men and women laxity, then let us choose a new member wherever required but be sure he or she is what we want.

After listening to the various platforms of many make your choice and help make our city a progressive and industrious city to live in.

SUPREME COURT TO DECIDE ON OKLAHOMA UNIV. JIM CROW

Washington, D.C., Nov. 12th—The National Association for the Advancement of Colored People faces another round in its uncompromising struggle to force Jim Crow, state supported universities to admit qualified Negro applicants, as a result of the United States Supreme Court agreement to decide whether the Oklahoma University Law School must admit Ada Louis Sipuel. Miss Sipuel, who was graduated from Langston University, Oklahoma's Negro college, appealed to the NAACP for assistance after she was denied admission to the law school. Oklahoma courts have held that it is illegal to admit Negroes to "white schools." The university admitted that her entrance papers were in order and that she was refused solely because she was a Negro.

The Oklahoma Supreme Court recently turned down the NAACP's test case, upholding the decision of the University officials to bar Miss Sipuel and declaring that her admission would be contrary to Oklahoma's constitution, laws and public policy. NAACP attorneys Robert L. Carter of New York and Amos T. Hall of Tulsa immediately filed briefs appealing the decision with the U.S. Supreme Court.

The decision of the Supreme Court will have far-reaching significance especially since world-wide interest has been focused on the denial of equal rights for Negroes in the United States as a result of the recent report of the President's Committee on Civil Rights and the highly volatile NAACP petition to the United Nations.

To Electors of the City of London

I am offering my services to you as your candidate for the Hospital Trust.

My platform is to fight for humanity, fair play for the student nurses and better working conditions for the workers at the Hospital.

A plan for hospitalization to be worked out by the Federal Government, the employer and the workers.

New ideas and plans to make our hospital 100 per cent.

Women's viewpoint should be heard on the Hospital Trust.

I am in favour of building a new hospital for polio cases, or an annex for this purpose, and every municipality that sends their citizens to

MRS. LUCY M. COLE

this hospital in London, paying their share. And not let the tax payers of London assume the full responsibility.

I am also in favour of using a number of the waiting rooms as wards while waiting for the new hospital to be built.

I am a past member of the Mothers' Allowance Board and a present member of the Welfare Board; also the first woman to be chosen to represent Labour on the Wartime Prices and Trade Board in Canada.

I have been a voluntary Social Welfare Worker over a period of years, for the War Veteran and their families.

My past and present work in London assures me, that if given the opportunity, I can fulfill the duties as your representative on the Hospital Trust.

Your vote is respectfully solicited.
LUCY M. COLE

SOUTH CAROLINA JURY PLACES NO VALUE ON WOODARD'S EYES

Charleston, S.C., Nov. 13th—Isaac Woodard's suit to recover \$50,000 in damages against the Atlantic Greyhound Bus Corporation for the loss of his eyes was turned down by a jury in the Kanawha County Court here at 11:45 today. The South Carolina jury brought in a verdict favorable to the defendants despite eyewitness testimony which indicated that the uniformed Woodard was subjected to humiliating and profane attack by the bus driver, who, outraged over the Negro veteran's resentment to his profanity, stopped his bus to call the police. One of the two policemen, Police Chief Lynwood Shull, then beat Woodard to the ground before gouging out both his eyes with the butt end of his blackjack.

NAACP attorneys Franklin H. Williams and T. G. Nutter announced that they are studying an appeal in behalf of Woodard, who fought through three years of South Pacific warfare before losing his eyes in South Carolina.

To the Electors of London =

Support the man who has tried to put a roof over all citizens' heads, regardless of race, class or creed.

Vote DENNIS for Mayor

The only candidate who has served three times as alderman before asking to be elected as Mayor.
