

Former Acadians Speak.

J. Phillip Bill, Esq., B. A., LL. B., says :—"It was my good fortune to become associated with Kilburn & Co. early in my College course at Acadia. I am personally acquainted with their Manager, Mr. L. J. Thomas, and can recommend him as a thorough, practical and successful business man, and an honest and capable manager. I found the Stereoscopic View Business, from a financial standpoint, a most profitable companion for my vacations, and have always considered that it would have been almost impossible for me to have utilized my time to better advantage. It gives me much pleasure to commend its merits, and to contend that it offers advantages which are not to be found in any similar business, and which should not be overlooked by any person thrown on his own resources."

"This is to certify that I have worked for the Kilburn View Co. for five years during my college course, two years at Acadia and three years at McGill and have found it extremely profitable. During one vacation of scarcely three months made \$500. The View Business offers inducements not only financially that no other similar business affords, but an experience which is of the utmost value, especially to a Professional man.

I must say that L. J. Thomas, who represents the Kilburn View Co. is a straightforward and obliging man, and is never found wanting in the interests of his representatives.

(Sig.) G. A. WRIGHT, McGill College, Montreal."

G. W. Elliott, B. A., B. Th., says: "The B. W. Kilburn's Stereoscopic View Business, beyond a doubt, solves the financial problem for those who are depending upon themselves for an education. After four summers' experience in the business, as it is represented by L. J. Thomas, I can heartily endorse all that is said in its favor. In the 3 1-2 months, during which I worked in each of the two last vacations of my undergraduate course, I banked \$300 over and above all college expenses."

"No better photographer could possibly be found throughout the length and breadth of this land for this particular work."—*Photographic Times and American Photographer* (speaking of Kilburn's appointment as Official Photographer of the World's Fair).

"We believe that the Kilburn Views send back more successful men each year than all other Agency houses in the Dominion."—*College Topics*, Toronto, January 22nd.

"The Committee on Concessions for the Pan American Exposition have granted the exclusive right to make Stereoscopic Views of the Exhibition to the Kilburn-Davis Company of Bay Street. The concession is a flattering tribute to the excellence of this Company's work, for the Pan-American people have been specially careful in granting privileges where it might be possible to reflect on the merits of the Exhibition."—*Toronto Globe*.

We market KILBURN'S POPULAR PHOTOGRAPHS exclusively through College men. Our work will enable you to invest your time to the best possible advantage. Students clear from \$300.00 to \$600.00 during vacation period. Probably more students pay their way through school by this means than any other one business.

Write us for particulars.

L. J. THOMAS,
50, 52 & 54 BAY STREET,
TORONTO.
