

The St. Stephen Track Company deserve words of praise for their very generous proffer of their racing track to the colleges free of charge.

Many thanks are due to the Thistle Athletic Association of St. Stephen for their co-operation in the Track Meet. With a very generous spirit they gave freely of their time to aid us in every way. We found them to be true sporting men of the highest type.

We congratulate the University of New Brunswick upon the fine Track Team she was able to produce this year. We cheerfully hand over the "cup" to them, feeling that they deserve it, and adding the words so often heard here as elsewhere "May the best team win."
