

MR. W. J. STEWART, of the present Sophomore Class, we regret to be informed is not to be present with us this year.

WHILST writing the above we have received a letter from Mr. A. J. Davison, a former class-mate of two of our present Editors. He was compelled to relinquish his studies on account of ill-health, since then he has passed the greater part of his time in the U. S., where he consulted the most eminent physicians, but without avail, he is now at his own residence in Portanpique, Colchester Co. We deeply sympathise with our very highly esteemed friend in his affliction, and hope that the progress of disease may yet be checked.

Locals.

WE would just say to our readers that owing to a change made in the Postal affairs, of which our Post Master had not received adequate instructions, our last issue was delayed in the Post Office one week. We hope that this has been remedied forever, and that the deed will not occur again.

ONE of our Editors has been afflicted with a severe cold. We trust he is convalescent, and that he has no serious intention of "shinning up the golden pole."

THE new Academy Building is finished at last, and is now ready for occupation.

THERE are over one hundred pupils attending the Academy and Seminary at present.

CLASS ROOM.—Prof. Mr. Y., What relation has the first step in your argument to the third.

Soph. (After repeated attempts,) why—why—it gives us a foundation to stand on.

Prof. Well put your foot upon it then and tread along.

Common pleas—Please shut the door.

ACKNOWLEDGMENTS.
