

## INDUSTRIES IN BRANTFORD ARE KEEPING UP PACE

As has previously been announced in the Courier, there is great prospective development among Brantford industrial forces. The erection of a loft building for the encouragement of infant industries is an important feature which will be carried out, and the policy looks like the most aggressive one of Greater Brantford work. But the older industries are in great shape, and their rapid expansion is almost more important than the securing of new industries. The Courier at present knows of two very important moves which are a matter of time, and which will add greatly to the total number of plants employed in this city. The deals in question practically mean two new factories on a large scale, but they are not as yet consummated. From every viewpoint Brantford is forging ahead rapidly as one of the leading Canadian industrial centres.

## "MEN WANTED" SHINGLE OUT

Engineer is Ready to Start Construction on Hydro Electric.

Hydro Electric Commissioner Ireland announced this morning that he was ready to start a number of men on the construction work in the city and has hung out a "shingle" to that effect. Mr. Ireland stated that sufficient poles had arrived in the city and that half a dozen men were at work in the construction yards, and he would give employment to any good men who applied for work; in fact he had two of his staff on the street, and through the parks trying to secure labor. Mr. Ireland stated that the men were wanted to dress the poles and trim them, and after that a large crew would be required for construction work, as it was the intention to push the work with great speed.

**Adjusters Here**  
Charles E. Corey, well known fire insurance adjuster of Toronto, is here on a visit with a machine expert in connection with the loss at the Mallett factory. It is not known whether the adjuster will be here for a long time, but orders from Montreal are awaiting for. An effort will be made however to rush the reconstruction of the damaged part of the factory.

**Down Comes Sign.**  
The big Sweet Caporal sign on Colborne street must come down, says Chief Lewis. It nearly had come down on Good Friday last because of the elements. However, another sign will take its place, one as big and illuminative, but of a skeleton makeup, whereby the wind will whistle through it without any resistance.

**Setting Difficulties.**  
Mr. A. C. Barnett, business manager of the iron moulders, is in the city adjusting some local difficulties. Mr. Barnett, when seen by a Courier reporter, stated that he had nothing to say. "We believe in the smooth way," said Mr. Barnett, "and do not like to stir things up."

**FOR HIGH-CLASS FOOTWEAR.**  
The Temple Shoe Store. Call and choose whether you want shoes or

## MR. BUNNELL QUITE FINAL

City Will Pay Nothing to Receiver Until City is Paid by Railway.

On behalf of the city the Colborne street power-house of the Brantford street railway Company was rented for Hydro-Electric purposes. The receiver has been arguing pay of the same, and it has been refused because of the taxes of the company now due the city. This is Mr. Bunnell's final letter on the subject: "April 25, 1913

"Mr. E. B. Stockdale,  
"Rec. Trusts & Guarantee Co.,  
"Toronto.  
"Dear Sir:  
"I have yours of the 23rd re rent of Colborne street power-house. I have no desire to discuss the distinction between the receiver and the company, more than to point out that the receiver has been in possession since May, 1912, during which time a large amount of taxes have accrued due to the city, and, further, in the printed statement of the receipts and expenditures of the receiver for the seven months ending Dec. 31, 1912, I find among the items of expenditure: 'Taxes (general) for city, 31, 1912, portion, 7 months to Dec. 31, 1912, \$107.21.' This sum, in any event, appears to be recognized by the receiver as a liability, and certainly has not been paid. I am sending you letter to our city solicitor's department.  
"Yours truly,  
"A. K. BUNNELL,  
"Treasurer."

**Legal Note**  
A motion was made in the High Court yesterday at Toronto, before Sir Glenholme Falconbridge, under the Vendors' Purchase Act, in the case of McDonald vs. McNell, in which the vendor had a 2000 title and could convey. Andrew L. Baird, K.C., for the vendor and W. S. Brewster, K.C., appeared for the purchaser.

**Work Plentiful**  
There is plenty of work in Brantford and vicinity for unskilled labor and contractors are looking for men. Hydro-Electric Commissioner Ireland had two of his office staff out this morning trying to round up some men.

**Building Permits**  
Building permits at the City Engineer's office have been issued to Fred Billo for the erection of two cottages costing \$3000 each and two 1 1/2 brick dwellings costing \$1,200 each to be built on Strathcona Ave.

**Petition for Sanitary Sewer**  
Some of the residents and ratepayers of Brunswick street have sent a petition to the city council requesting them to have a sanitary sewer laid on Brunswick street, but as it did not have the signatures of two thirds of the ratepayers, another one will have to be presented before action can be taken.

**WE ARE GIVING AWAY BEAUTIFUL RED ROSES**  
Although we have the finest stock of high-grade footwear in Brantford, you do not have to make a purchase in order to get a rose. Call.

**Mr. Cocksbutt Objected**  
An Ottawa despatch says:—In the Banking Committee to-day Mr. McCurdy submitted an amendment to fix the amount to be loaned to directors by the shareholders of a bank. This was opposed by Hon. Mr. White and Mr. Cocksbutt, the latter declaring that a limit would cause chaos in industrial concerns. Mr. Nesbitt opposed restricting directors' loans to themselves or other concerns. The clause was allowed to stand.

See Ludlow Bros. prices on Men's Suits, and save money. Watch our windows.

## One Galt Factory Which is to be Torn Down

The McDougall Company, Limited, Galt, a concern employing 250 hands, whose building the Lake Erie & Northern Railway Company have purchased and will tear down as part of the terminal and railway yards at Galt.

## REAL ESTATE IS ACTIVE SAY NUMBER OF LOCAL DEALERS

**A Big Year is Looked For in this City--Great Activity in Smaller Properties--Central Locations Considered Very Best Investment.**

People who have money invested in Brantford property, inside or out, needn't worry a bit about their investment. Real estate dealers, in interviews with the Courier to-day, declare that the market was scarcely ever better than at present. Some dealers say there is no boom, and there can be no inflation. Others say that prices are founded on actual values and are increasing because of the development and growth of the city. Important interests are coming up every day in Brantford, and the tendency is to make real estate more valuable. Hence investments at present in Brantford property are gilt-edged.

There are several outstanding features which are making Brantford real estate boom. The construction of the new railway to Galt and Port Dover, the construction of Hydro-Electric, the construction of the new Post Office, extensions at various factories which have been announced in the Courier, the need of more houses and consequent activity in all branches of the building trade, the influx of population into Brantford which follows from these other conditions, and, lastly, the spirit of "Go to it and get there" which has always characterized Brantford enterprise—these unusual conditions have given to the Telephone City a big jump this year. Nor will the activity be confined to one year alone. It looks good for several years in a row, and as a result Brantford real estate values will jump with the city. Values in Brantford have not begun to reach the figures of other cities who don't begin to show the same inherent strength as here. The interviews which follow, together with the mention of conditions as above, should give confidence to local buyers. This is going to be a big city—bound to be, and there is nothing to stop it.

(Continued on Page 3)

## THE NEW ROAD RUNS THRO' GRAND VALLEY POWER HOUSE

Will the Lake Erie & Northern Railway put the Grand Valley out of business? This question has been asked frequently recently in view of the stupendous construction being undertaken by the new railway, the route of which will not for any purpose be excelled in Canada. The Courier to-day presents views of the new road and what the new road will do in the way of effecting changes. At Blue Lake the Lake Erie & Northern track cuts the centre of the boiler of the Grand Valley power-house. This may be ominous. It is known that the Grand Valley road from Paris to Galt is in a bad state of repair and needs the expenditure of a large amount of money to even keep it in running order. The grades are terrifically heavy, and the run from Paris to Galt is, as a result, a tedious one. Some local authorities give the Grand Valley another year to run. As a matter of fact, it is not known how long it will continue. A great deal depends on the outcome of legal proceedings now threatened by the bondholders. From what can be learned, there is scarcely any hope of the road developing into a paying proposition. Especially as its tracks will be paralleled with the best graded and equipped line in Canada. There is a possibility of the Paris and Brantford end being continued, but this is also said to be a matter of doubt. Railway experts do not place a very high value on the stock and equipment of the road, and with another line in operation the value of the franchise is also greatly depreciated. What will happen?

## One Pretty Scene on New Road to Galt

Scene at McCrae's Mill, 8 1/2 miles north of Paris, and showing a portion of the construction camp and a partial view of the beautiful scenery around which the line will run.

## HUNDREDS OF HOUSES WILL BE BUILT THIS YEAR

Hundreds of new houses are being erected in Brantford this summer, and the prospects of the building trade were never better, according to information received by the Courier from many authoritative sources to-day. As one illustration of the activity which is now in full swing, 300 loads of gravel are being taken weekly from a pit in Eagle Place. This means a large number of foundations, and it also spells prosperity for the teamsters. The demand for new houses of a moderate size and for workmen's homes is above normal. Many families are living doubled up in houses all over the city. With conditions as they are, there is bound to be an influx of population in Brantford this year, and the 30,000 mark will be reached in short order. Railway work which is pending also adds to the general business prosperity of this city.

## NEW COMPANY FOR BRANTFORD

Machine and Foundry Company is Now Being Organized.

A company has recently been formed in this city to establish a new machine and foundry concern to go under the name of the "Brantford Machinery Supply Company, Limited."

The enterprise has very strong backing and will undoubtedly prove to be a big thing. Two of the promoters are in the city of Buffalo to-day, and expect to interest a big capitalist in the Bison City. By correspondence he has expressed himself as most favorable to the scheme. It is understood that part of the plan of the projectors is to attempt to get the smaller Brantford foundries to come in and make one large concern of it.

## Is Wise Now

This Young Man Will Probably Leave Paris Booze Alone.

On Tuesday night a young man rented a horse and buggy from Devereux Bros. livery, and drove to Paris, where he evidently got a wee drop too much, and coming home fell out of the rig just past the bridge over the Grand River in Paris, taking the Buffalo robe with him. The horse not knowing the difference came back just the same as if nothing had happened and went right to the stable, where Dr. Devereux was surprised to see the conveyance without the man who had rented it. He immediately jumped into his auto and started for Paris, and when within a short distance of the place saw the young man walking down the road who, when asked what happened, said: "He got piddled and fell out of the buggy." The doctor asked why he did not bring the robe, to which the man replied: "It was too blooming heavy." The doctor drove on and secured his robe.

**Same Difference.**  
It appears that there are two contractors with separate gangs at work on the New American theatre where there was a labor dispute this week. The laborers employed by Contractor Faulkner are receiving 28 cents per hour, and mortar men 30 cents. It was in connection with another contractor's gang where the wage was cut to 20 cents and not with Mr. Faulkner's.

**High Praise.**  
The City Treasurer is in receipt of a letter from W. A. Mackenzie and Co., the well known investment securities firm of Toronto in which they say: "You are certainly to be congratulated on the figure which you have netted for the \$250,000. We might say that we think it would have been a credit to the city of Toronto if they had done as well with their million dollar issue of ten year debentures."

**Holeproof Hosiery, guaranteed to wear six months without holes, or new hose free. Only complete range for men, women and children at W. D. Coghill's, 46 Market street.**

**WE HAVE THE LARGEST ASSORTMENT OF WHITE SHOES IN THE CITY**

Our prices on white shoes are as low as the lowest and quality as good as the best. The Temple Shoe Store.

The Officers and Members of Gore and Harmony Lodges and visiting brothers are requested to meet at the I.O.O.F. Hall on Sunday, April 27th, 1913, at 3:15 p.m., for the purpose of attending Divine Service at Park Baptist Church.

W. H. ARMITAGE,  
Secretary of Committee.

## LIFE SENTENCE IS POSSIBLE

But Magistrate Remanded William Morrow Again this Morning--Police Court News.

The case of insulting language in which Frances Kanessewitz is the plaintiff was resumed in the Police Court this morning. A couple of foreign designers who were with the man charged stated that they did not hear him say anything to the plaintiff. His Worship, however, was of the opinion the defendant, Paul Mestowski, did call Frances Kanessewitz some names and fined the defendant two dollars and costs.

**Very Serious Case.**

The case of immoral conduct was resumed this morning. M. McEwen appeared for Wm. Morrow. The mother of Lizzie Davidson took the box and stated her daughter was only thirteen. In this case the sentence may be a very heavy one. The major term in a case of this kind of a girl under fourteen is a life sentence. The mother stated that the little girl came running out of Morrow's room and told her what had happened. Morrow wanted the money to forgive him and shake hands on it. Mrs. Davidson stated that Morrow had been living with her about six months.

There was some disagreement as to the age of the child. It was again adjourned till Monday, when the birth certificate will be produced.

George Taylor was the defendant in another case of insulting language. George Mike was the plaintiff. The information was wrongly laid, however, it should have been laid against Mrs. Taylor.

**Heavy Fines.**  
Hill, an Indian, got some liquor somewhere contrary to the laws. Hill was bailed out on the night of the police riot and failed to appear; so there was a double charge to face this morning. He was fined \$5 and costs for having the liquor and \$5 and costs for the old charge, or one month on each of the charges.

Charles Horwath, a foreigner, who had partaken of a few drinks, became rather noisy last evening near the G. T. R. Station. C. Tyrrell took the man in charge. A friend of Horwath's, Szakoni, however, tried to get him away, and they both appeared in the police court this morning, but were allowed to go, after paying interpreter's fees. Szakoni has a head as big as a foot to-day as the result of a bat he received from Tyrrell's baton. He will not be likely to interfere the next time.

**Grandview School Matters.**

The trustees of Grandview school section called a ratepayers meeting for last evening and it was a lively one. The object was to get instructions as to what to do with the old building and property, now that the new school is being used. William Eascott the chairman of the board; the secretary, Geo. Alderson and Mr. T. R. Station, the other trustee, explained the proposition they wished adopted by the ratepayers. They suggested that the old property be sold and that the money be spread over a period of five or six years, which would thereby substantially reduce the school taxes. This and several other resolutions were voted down. Finally the following suggestion was carried by a majority vote: That the property be retained for two years and that the trustees realize the best they can by renting the property. At the expiration of that period it ought to be more valuable and might be disposed of to better advantage. It is quite possible that the trustees will subdivide the old school and rent in desirable tenants. It is thought in this way it can be made to pay a reasonable return.

See the swell, cutting shirts with separate collars, to-morrow at Ludlow's, priced at \$1.00.

## THE NAVY PROPOSAL

The Simcoe Reformer says it is pleased to keep the cord of the people who are not on the naval programmes of the party is a large one—greater the politicians imagine—Stratford (Liberal).

Why should the Reformer and Beacon imagine that so large a number do not want Canada to do things at all on behalf of the Land?

Surely any thinking Canadian realize that there has been an overdue obligation upon the part of the Dominion in this matter.

It is all very well to deplore enormous navy outlays, and yet but John Bull is not to blame.

He has frankly stated that he stop if the other fellows do, but won't, especially Germany, and ain't sea supremacy is of vital importance to the whole Empire.

For countless years the people the three tight little islands borne the burden alone.

Canada in a monetary way has been worth one cent to the Old World. We do not contribute one cent taxes, and all we have done accept and pay a Governor-General from the Old Land, who has what he has been advised by theistry of the day.

It has cost and is costing the ish taxpayer, many hundreds of lions to make secure the coasts of the commerce of all us who proud to pay allegiance to the old Union Jack and why should the sons and daughters lend a hand.

In the name of common decency those who object to do any ought not to feel proud of that.

## THE RISE OF JAPAN

Who would have thought a years ago that little Japan with area of about 150,000 square miles (Ontario alone has an area of 40 square miles) would some day among the first nations and have taken head of as such?

Yet so it is. Only as recently as 1853 the U.S. States closed a treaty with the of the Mikado, and it shortly began to take the marvellous which in the lifetime of one placed her in the forefront with empires.

When the Japs thrashed the nese, the achievement was regarded as more of less of an easy job, when single handed they tackled sia (a power which all other nations had been secretly loth to gaze upon) and did up the job on land and sea to the King's taste rest of the world began to sit up and take notice that a new power was arrived.

Now Japan is of such importance that even the President of the U.S. States has rushed his chief colleague Bryan, to California, in order to avoid friction with the G. girl country.

Japan's fleet is smaller than of the United States, but more dern. She can place, if necessary million and a quarter of fighting in the field, and what fighters are.

Mr. Frederick Villiers, the famous of all war correspondents, a man who has seen and reported

**THE NAVY PROPOSAL.**

The Simcoe Reformer says that it is pleased to keep the company of the people who are not "stuck" on the naval programmes of either political party at Ottawa. The company is a large one—greater than the politicians imagine.—Stratford Beacon (Liberal).

Why should the Reformer and the Beacon imagine that so large a number do not want Canada to do anything at all on behalf of the Mother Land?

Surely any thinking Canadian must realize that there has been a long overdue obligation upon the part of the Dominion in this matter.

It is all very well to deplore the enormous navy outlays, and up-keep, but John Bull is not to blame.

He has frankly stated that he will stop if the other fellows do, but they don't, especially Germany, and Britain's sea supremacy is of vital importance to the whole Empire and, more especially Canada.

For countless years the people of the three tight little islands have borne the burden alone.

Canada in a monetary way has not been worth one cent to the Old Land. We do not contribute one cent in taxes, and all we have done is to accept and pay a Governor-General from the Old Land, who has to do what he has been advised by the ministry of the day.

It has cost and is costing the British taxpayer, many hundreds of millions to make secure the coasts and the commerce of all us who are tied to pay allegiance to the grand old Union Jack and why should not the sons and daughters lend a hand? In the name of common decency let us object to do anything that is not to feel proud of that fact.

**THE RISE OF JAPAN**

Who would have thought a few years ago that little Japan with an area of about 150,000 square miles, and a population of 40,000,000 (about the same as the United States) would some day rank with the first nations and have to be taken heed of as such?

Only so it is.

Not so recently as 1853 the United States closed a treaty with the land of the Mikado, and it shortly after began to take the marvellous steps which in the lifetime of one ruler placed her in the forefront with other empires.

When the Japs thrashed the Chinese, the achievement was regarded as more or less of an easy job. But when single handed they tackled Russia (a power which all other nations had been secretly loth to acknowledge) and did up the job both on land and sea to the King's taste, the rest of the world began to sit up and take notice that a new power had arisen.

Now Japan is of such importance that even the President of the United States has rushed his chief colleague to California, in order to try and avoid friction with the Geisha girl country.

Japan's fleet is smaller than that of the United States, but more modern. She can place, if necessary, a million and a quarter of fighting men in the field, and what fighters they are.

Mr. Frederick Villiers, the most famous of all war correspondents and a man who has seen and reported

**THE BUILDING OF A RAILWAY**

Elsewhere in this issue The Courier presents some striking views in connection with the Lake Erie and Northern Railway line between Brantford and Galt.

When two large factories at the latter place have to be purchased and torn down in order on the one hand to secure yard and depot room, and on the other hand to secure connection with the main line of the C.P.R. it can be readily seen that an enormous outlay will take place in connection with this enterprise. In fact the Government Dominion, subsidy, large as it seems, will only just about pay for the right of way.

The two glimpses which are afforded of river scenery along the route, are only a couple out of many hundreds which could have been selected.

The line will, in fact, as far as out-of-view is concerned, pass through one of the most picturesque regions in Ontario.

The portion of the road between here and Port Dover will not, of course involve river scenery, but to get to the Port itself in easy and direct fashion and to enjoy the unrivalled bathing available there under entirely safe conditions will be of very great advantage and pleasure to citizens.

In this regard it may be mentioned that it is altogether likely that a fine hotel with all modern equipments will be erected at Dover and that the Port will be advertised as a popular lake resort not only for Brantforders, but also for residents in the large and thickly populated region to the north of us, including Paris, Galt, Berlin and even beyond the latter place.

**NOTES AND COMMENTS.**

Brantford should own its street railway.

Uneasy lies the presidential head when California has to be dealt with in connection with the Jap question.

When a gentleman named Whitney has a few remarks to make about some other fellow who has aroused his ire, the pills delivered by him cannot by the widest stretch of the imagination be regarded as sugar-coated.

The Grit papers are rolling the alleged scandalous doings of Premier Whitney and Hon. Mr. Hanna around their tongues as if it were a sweet morsel. The Hamilton Herald (Independent), in reviewing the allegations says:

"The probability is that Sir James and Mr. Hanna have nothing to dread from a thorough disclosure of all the facts. While the acceptance of a campaign contribution from a government contractor was imprudent, it was not necessarily corrupt, and Mr. Hanna's subsequent opposition to the settlement of Taylor's claim on Taylor's terms indicates that there was no corrupt bargain between the two.

As to that contractors on both sides have always made party fund contributions and everybody knows it.

**CLOSURE RULES HAVE GOOD EFFECT IN PARLIAMENT**

On First Day There was a Noticeable Improvement in Progress Made.

Many Congratulations Received By Premier

OTTAWA, April 25.—The passing of the new closure rules seems to have had a good effect already on parliament. Yesterday the House got down to business in earnest and there was more progress made on the important government measures than has been sometimes seen in a week earlier in the session. There were no closure rules invoked; there was no necessity for it, but their presence in the rules of the House apparently led to the expedition in conducting business.

There was, in addition, no sign of the "stag" about which Liberal members have raised their voices. There was just free speech and full opportunity given to criticizing the action of the Government. Terrible things which were to follow the passing of closure were conspicuous by their absence. The main Liberal argument for two weeks past was that no opportunity would be given to any grievances or to censure the government. Hon. Frank Oliver, with the hope of being shut out by the rules, attacked the government yesterday on the alleged surrender of an Indian reserve at Vancouver, and he found instead that he was allowed to talk to his heart's content.

**Congratulations**

The premier was in receipt of many telegrams and letters from all parts of the country yesterday, congratulating the government upon having carried through its amended rules and upon having conclusively demonstrated its mastery in its own house.

Business may be depended upon to go ahead with a vim from now on. And if yesterday is a gauge of the sentiment of members, prorogation cannot come too soon to suit them. It is expected that morning sittings will begin shortly in order still further to push ahead the House business which has so accumulated during the last few months.

Yesterday brought three important measures to the front despite the fact that most of the afternoon was spent in discussing a Pacific coast matter brought up by Hon. Frank Oliver. The bill providing for the creation of a harbor commission at Vancouver was given its first reading, the Burrill bill, appropriating ten millions for agriculture was put through committee stage, and the Cochrane bill providing aid for good roads was considerably advanced. This is progress that has been conspicuous by its absence hitherto this session.

The creation of a board of harbor commissioners at Vancouver is a preliminary step to making of this a great national port in the same sense as Montreal. Hon. Mr. Hazen speaking in the House a few nights ago, referred to the fact that parliament must be prepared at no distant date to provide for the needs of Pacific coast ports as it had provided for Montreal and Quebec, and he further emphasized this point yesterday. The needs would be increased, he predicted, with the opening of the Panama canal.

**Bell Memorial.**

A meeting of the Special Bell Memorial committee regarding the improvement of the streets surrounding the site of the proposed monument will be held on the grounds immediately after the auction sale of the buildings Monday afternoon at 3 o'clock. After looking over the grounds and streets they will meet in Grace church school room at 4.30 to discuss the matter. Owners of adjacent properties are invited to be present.

**UNRESERVED AUCTION SALE OF Household Furniture**

S. P. Pitcher and Son, Auctioneers have received instructions from Miss F. Pratt to sell by public auction at her residence, 229 Brock St., on Tuesday April 29th at 1.30 o'clock the following:

Kitchen—Gas heater, table, cherry table, sideboard, cupboard, clothes rack, chairs, clock, 13 1/2 yds. No. 1000 (new) dishes, tub, boiler, wringer, kitchen utensils, lawn mower, scales.

Bedroom No. 1.—Iron bed, springs and mattress, toilet set, heater, mirror, table, carpet.

Bedroom No. 2.—Bedroom suite, springs and mattress, walnut chest of drawers, toilet set, matting.

Remember the sale, Tuesday April 29th, at 1.30 o'clock.

Miss F. Pratt, S. P. Pitcher & Son, Proprietress, Auctioneers

**Real Estate Is Active**

(Continued from Page 1.)

Mr. Bates, when approached, said: "The season has not opened up as brisk this year as it did last. People are a little bit inclined to hold off. The season is very active now, particularly with central and business properties. It never has been better in those two lines than it is now." Mr. Bates also said: "Some of the builders last season got the idea into their heads that there was an over-production. This idea kept the operators back a little this spring. Their business is brisker than ever this year."

Mr. S. G. Read

Mr. S. G. Read, when asked for his opinion of the real estate market in Brantford, said: "The selling of properties on the installment plan has been quiet. There is a stringency in the money market at the present time which has been produced from several causes. There has been a great expansion in Western properties, and the inducements have been great for buying property and making loans. The people of the West pay a higher rate of interest, fully a one-third higher, therefore many people have sent their funds from this portion of Canada to the new position for investment. The great quantities of grain which have been locked up and which are now being loosened, will make real estate brisker," Mr. Read, continuing, said: "If we could have the people public spirited enough to invest their money and take the better class of security which are available at home, real estate would become very active. We have scores of people waiting at present and cannot buy properties for the simple reason the money they require cannot be had. More are coming in every hour for money."

**Immigration**

Speaking of immigration in the West being a benefit to Ontario, Mr. Read said: "So long as conditions continue the same as they have for the past four or five years, Ontario will get the benefit caused by the immigrants from all countries going to the West must find the old province of Ontario the basis of supplies which will keep the factories busy, and as long as the factories are busy, real estate will be active."

**Retards Growth**

Speaking of the locating of plants in the city of manufacturers, Mr. Read said: "We cannot secure land for the price which manufacturers who desire to come can afford to pay. If we could secure sites of from 10 to 30 acres each at reasonable prices we can bring general manufacturers to Brantford. Mr. Read said: "Business has been good all season. So far as prices are concerned, we have sold central properties at three times what they were sold for ten years ago." When asked about subdivisions, Mr. Read said: "Overdone, and that is all there is to it."

Mr. Charles Shaver

Mr. Charles Shaver, speaking of the market for real estate, said: "Central properties are good, better than anything else. Outside, subdivisions went to the extreme last year. Houses and other inside properties are at the present time good, although dull in the early part of the season, but picking up fine."

**Gilbert Realty Co.**

Mr. Brereton, of the Gilbert Realty Co., said: "I am looking for a banner year. There will not be the big deals put through, as most of the large outside properties are held as investments, subdivisions or for industrial purposes, but I am looking for more smaller properties to be sold. Speaking of the demand for lots Mr. Brereton said: "There is more demand for lots this spring than there has been in previous years. Outside properties are active with us. Lots outside of the city were rather slow in the early part of the season but have become more active during April." When asked how central business properties are selling, Mr. Brereton said: "I do not believe there are many properties on the market at the present time. I believe," said Mr. Brereton, "all properties will go higher and I still consider Brantford properties low in price compared with other cities, and I am looking for a sharp advance inside of a couple of years. The vacant houses are filling up fast," said Mr. Brereton. "and I would not be surprised to see the same conditions that we had in the fall of '11, when it was impossible to get a house to rent. My reason for making this statement is that the money market is tight, and there may not be so much building. At the present time there is a large demand for houses that will rent from \$10 to \$12 per month."

Mr. A. O. Secord

Mr. Arthur O. Secord, when approached, said: "I believe that on the whole a better class of dwellings will be erected in the city during the coming summer than in past years, and that the total cost of such will exceed all other records. A person who will spend their money in real estate inside the city limits will make no mistake and will without a doubt benefit by so doing. At the present time it is difficult to find houses of a medium class that are either rent or for sale. Real estate is moving good this spring. Central business properties are increasing in value in some parts by leaps and bounds."

Mr. E. M. Sheriff

Mr. E. M. Sheriff said: "The out-

**Restorer for Men**

When asked about subdivisions, Mr. Read said: "Overdone, and that is all there is to it."

Mr. Charles Shaver

Mr. Charles Shaver, speaking of the market for real estate, said: "Central properties are good, better than anything else. Outside, subdivisions went to the extreme last year. Houses and other inside properties are at the present time good, although dull in the early part of the season, but picking up fine."

**Gilbert Realty Co.**

Mr. Brereton, of the Gilbert Realty Co., said: "I am looking for a banner year. There will not be the big deals put through, as most of the large outside properties are held as investments, subdivisions or for industrial purposes, but I am looking for more smaller properties to be sold. Speaking of the demand for lots Mr. Brereton said: "There is more demand for lots this spring than there has been in previous years. Outside properties are active with us. Lots outside of the city were rather slow in the early part of the season but have become more active during April." When asked how central business properties are selling, Mr. Brereton said: "I do not believe there are many properties on the market at the present time. I believe," said Mr. Brereton, "all properties will go higher and I still consider Brantford properties low in price compared with other cities, and I am looking for a sharp advance inside of a couple of years. The vacant houses are filling up fast," said Mr. Brereton. "and I would not be surprised to see the same conditions that we had in the fall of '11, when it was impossible to get a house to rent. My reason for making this statement is that the money market is tight, and there may not be so much building. At the present time there is a large demand for houses that will rent from \$10 to \$12 per month."

Mr. A. O. Secord

Mr. Arthur O. Secord, when approached, said: "I believe that on the whole a better class of dwellings will be erected in the city during the coming summer than in past years, and that the total cost of such will exceed all other records. A person who will spend their money in real estate inside the city limits will make no mistake and will without a doubt benefit by so doing. At the present time it is difficult to find houses of a medium class that are either rent or for sale. Real estate is moving good this spring. Central business properties are increasing in value in some parts by leaps and bounds."

Mr. E. M. Sheriff

Mr. E. M. Sheriff said: "The out-

**Real Estate Is Active**

(Continued from Page 1.)

Mr. Bates, when approached, said: "The season has not opened up as brisk this year as it did last. People are a little bit inclined to hold off. The season is very active now, particularly with central and business properties. It never has been better in those two lines than it is now." Mr. Bates also said: "Some of the builders last season got the idea into their heads that there was an over-production. This idea kept the operators back a little this spring. Their business is brisker than ever this year."

Mr. S. G. Read

Mr. S. G. Read, when asked for his opinion of the real estate market in Brantford, said: "The selling of properties on the installment plan has been quiet. There is a stringency in the money market at the present time which has been produced from several causes. There has been a great expansion in Western properties, and the inducements have been great for buying property and making loans. The people of the West pay a higher rate of interest, fully a one-third higher, therefore many people have sent their funds from this portion of Canada to the new position for investment. The great quantities of grain which have been locked up and which are now being loosened, will make real estate brisker," Mr. Read, continuing, said: "If we could have the people public spirited enough to invest their money and take the better class of security which are available at home, real estate would become very active. We have scores of people waiting at present and cannot buy properties for the simple reason the money they require cannot be had. More are coming in every hour for money."

**Immigration**

Speaking of immigration in the West being a benefit to Ontario, Mr. Read said: "So long as conditions continue the same as they have for the past four or five years, Ontario will get the benefit caused by the immigrants from all countries going to the West must find the old province of Ontario the basis of supplies which will keep the factories busy, and as long as the factories are busy, real estate will be active."

**Retards Growth**

Speaking of the locating of plants in the city of manufacturers, Mr. Read said: "We cannot secure land for the price which manufacturers who desire to come can afford to pay. If we could secure sites of from 10 to 30 acres each at reasonable prices we can bring general manufacturers to Brantford. Mr. Read said: "Business has been good all season. So far as prices are concerned, we have sold central properties at three times what they were sold for ten years ago." When asked about subdivisions, Mr. Read said: "Overdone, and that is all there is to it."

Mr. Charles Shaver

Mr. Charles Shaver, speaking of the market for real estate, said: "Central properties are good, better than anything else. Outside, subdivisions went to the extreme last year. ## W. L. HUGHES

127 Colborne Street

### Laid at Rest

**The Late Mr. Hawley.**  
The funeral of Mr. Thomas Hawley took place on Thursday, April 24th, from the home of Mr. G. H. Lane, Governor's Road, to the Paris Cemetery. The funeral was very largely attended. The services at the house and grave were conducted by the Rev. Mr. Kerruish of Paris. The pallbearers were Messrs. F. Plumstead, M. Plumstead, N. Kirby, L. Jarvis, W. Osborne, G. Wall.  
Mr. Hawley had lived all his life in the county of Brant, where he was well known and highly esteemed. In religion he was a Methodist. Having always enjoyed the best of health, his sudden death came as a great shock to his many friends. He leaves to mourn his sad loss three sons, Henry and Charles of Paris, Walter of Hamilton, and one daughter, Mrs. Kitchen of Hamilton. Four sisters are also left, Mrs. G. Fonger of Alford Junction, Mrs. VanEvery of Galt, Mrs. London of Michigan, Mrs. McIsaac of Paris. Mrs. Hawley predeceased her husband some 13 years ago.

See Ludlow Bros \$10.00 Blue Worssted, the best suit in Brantford at the price. See sample in our window.

**The Late Mrs. Woodcock.**  
The death occurred last night after a lingering illness of Eliza Woodcock, beloved wife of E. H. Woodcock, 32 Edward street. The deceased leaves to mourn her loss besides a sorrowing husband three daughters, Mrs. J. Fletcher and Mrs. W. Davis of this city and Miss Mable at home, and three sons, Harry of this city, and Albert and Edgar at home. The funeral will take place on Monday afternoon to Mt. Hope cemetery.

A cap free with every boys' suit to-morrow at Ludlow Bros.

## WORKS BOARD ON INSPECTION

The Alderman Looked Things Over Themselves Around City Yesterday

Members of the board of works made the annual tour of the city yesterday. The party consisted of Ald. Suddaby, chairman, Ald. Minshall, Hollinrake, Sutch, and Ward, with Engineer Jones and Ovrseer Howie. The trip took the entire day. Poor street conditions were everywhere in evidence. West Brantford, although receiving a large share of the appropriation last year, is asking for a further expenditure on it now. New streets in Holmedale need grading and the dyke asked for by the Watson and Slingsby people is considered urgent. In ward two, several of the streets leading up to Terrace Hill need grading badly. Blocks of new houses being built on these thoroughfares, which are nothing more than abandoned sand pits, would justify their receiving some attention at once. No one disputed the fact that the West street approach to Mt. Hope cemetery should receive attention at once. Conditions as they exist there are anything but creditable to city or county. Both councils are getting together on this matter and it is likely the coming summer will see a decided change. In ward four the lower ends of Grey, Marlborough, Sheridan and Wellington and all of the streets in the Elgin street district were found to be in a deplorable condition. Matters will be helped here during the year, but the work will necessarily be piecemeal, as the ordinary appropriation will only permit, at the best, of so much being done each year. In the eastern section of ward five it was found the lower portions of Sarah, Mary and Park avenue were already receiving attention, with work on Rawdon street still to be commenced. Eagle Place will get its share as usual. The pond on Gordon street will be at once filled up. Drainage asked for in the vicinity of the Gospel Tabernacle it is hoped to remedy by the construction, of a storm sewer running through Gordon, along Brighton Row to Mohawk and thence to the canal. The unfinished walks on Strathcona Avenue, it is hoped to complete this year to the river road. New walks are on the list for Emily Ontario and Foster. The roads on Erie, Eagle and Cayuga will receive attention, and the road on the Eagle Place dyke completed it is intended to strengthen all the weak spots of the embankment, and face the entire dyke along the river with solid cement.

## NO APPEAL IS POSSIBLE

So Say Solicitors Re Railway Board's Decision.

The following is a portion of a letter addressed to the City Clerk, written by the City Solicitors in reference to the decision of the Railway Board in the Lake Erie and Northern Railway matter.  
Dear Sir,—Re Lake Erie and Northern Railway Co. we are in receipt from the secretary of the board of railway Commissioners at Ottawa of a copy of the opinion of the assistant chairman of the board and of the report of the chief engineer.  
While we are quite unable to agree with the justice of the decision or to appreciate the point of view taken by the board, we have to acknowledge that the board is the tribunal in which the law has vested the decision of this question.  
An appeal lies to the Supreme Court of Canada, where any question of law or any question affecting the jurisdiction of the board is concerned, but no such condition is present here, the question being entirely one of fact and policy.  
An appeal lies to the Governor-General in Council, but we are unable to advise that such an appeal could be entered into with any probability of success.  
Yours truly,  
Wilkes & Henderson.

See Ludlow Bros. prices on Men's Suits, and save money. Watch our windows.  
**LADIES ANKLE STRAP PUMPS, 98 CENTS**  
To-morrow only we offer ladies kid ankle strap pumps for 98 cents. See them and other bargains in our windows. The Roberts and Van-Lane Shoe Co.

Ladies Tan Buster Boots, some 16-12 button styles. Regular \$4.50 to clear at \$2.99 at Ludlow Bros. to-morrow.

### Plenty of Recommendations

can be had as to the sterling quality of our Household Coal, for everybody who has used it once cannot help but praise it. One thing to be said in its favor besides its great heating and slow burning properties is that, it is that it is ALL COAL, and contains no dirt or rubbish, but is perfectly dry and well screened. Added to which you always get your full weight to the ounce, and the prices are lower than usual at present.

## Comes Back

Mr. P. A. Shultis Purchases Business of Late Mr. Pitcher.

Many Brantford friends will be glad to know that Mr. Percell A. Shultis is about to return to the city. He has purchased the business of the late Mr. John P. Pitcher and will remove here almost immediately.  
For some time he managed the Brantford branch of the Trusts and Guarantee Co., and a year ago was transferred to the head office at Toronto.  
Mr. Shultis while here, was a captain in the Dufferin Rifles, and very popular in military, hockey and other circles.

## HAIR TURNING GRAY OR FALLING? JUST MIX SAGE TEA AND SULPHUR

's Grandmother's Receptor Dandruff and Restoring Color to Hair.

Almost everyone knows that Sage Tea and Sulphur properly compounded brings back the natural color and lustre to the hair when faded, streaked or gray; also cures dandruff, itching scalp, stops falling hair. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome. Nowadays skilled chemists do this better than ourselves. By asking at any drug store for the ready-to-use product called "Wyeth's Sage and Sulphur Hair Remedy"—you will get

a large bottle for about 50 cents. Some druggists make their own but it's usually too sticky. So insist upon getting "Wyeth's" which can be depended upon to restore natural color and beauty to the hair and is the best remedy for dandruff, dry, feverish, itchy scalp and to stop falling hair.

Folks like "Wyeth's Sage and Sulphur" because no one can positively tell that you darkened your hair, as it does it so naturally and evenly, says a well known down town druggist. You dampen a sponge or soft brush and draw it through your hair, taking one small strand at a time. This requires but a few moments, by turning the gray hair disappears and after another application or two it restores to its natural color and looks even more beautiful and glossy than ever.

## Your Furs are Safe in our Vaults!

Why send them out of town when they can be stored just well in Brantford?  
Furs are so highly prized by everyone, it follows that great care must be taken to protect them from the ravages of moths. It is a fact that more furs are ruined by these pests than by actual wear.  
The cold, dry air system of storage is a positive safeguard against moths. Much work and worry can be avoided by simply telephoning us at 619, and we will call for your furs and other winter apparel. You place your own valuation on each article, and we are responsible to you for that amount in case of loss by fire or moths. Our charge for storage and insurance is 3 per cent. of the value—a moderate charge when it is remembered that we carefully dust each article, and hang them in a vault that is intensely cold.  
Nothing is packed or folded. Everything is kept on hangers, so that the most delicate article will not become creased or mused, and will carry no odor of moth preventatives.

Should Have Dressing Rooms. Citizens in the vicinity of Recreation Park in the East Ward are complaining about the way that athletes who play on those grounds change their attire right out in the open. The citizens think that the Parks board should either provide the athletes with a dressing room or else they should erect a tent for that purpose.

CITY NEWS ITEMS

THE PROBS

TORONTO, April 25.—The depression has passed to the northward of Lake Superior, while a marked cool wave is now centred in Saskatchewan. The weather is cold in the west, attended by snow flurries and fine and warm from Ontario and eastward.

FORECASTS Moderate winds, fine and warm to-day; a few local showers during the night. Saturday—A few local showers, but partly fair and cooler.

Military Class. The examination of the N.C.O.'s and the recruit class by Capt. Ballaghey will take place to-night.

New Suits Arrived. The new suits for the Dragons football club arrived in the city this morning. They are red and yellow and will be worn by the team to-morrow.

Will Return. At the request of the Bishop of Huron, Prof. Hunt will resume the work at St. Luke's on Sunday.

Temperature. Temperature for the last 24 hours: Highest 81; lowest 44. Same date last year: Highest 55; lowest 33.

Real Estate Deal. The Gilbert Realty Co. yesterday sold the residence of Mrs. Pearce, 173 Dalhousie street. The consideration was in the neighborhood of \$4,000. The chances are that the dwelling will be converted into store property.

Real Estate Interview. Mr. John Fair, of the firm of Fair & Baird, when asked for his opinion of the present real estate market, said: "The outlook is favorable for a prosperous season. In Brantford, real estate is seldom active in the early part of the season. New subdivisions are being opened up showing that the people have faith in outside properties. Two large properties one north of the city and the other south of the city, were subdivided this spring and put on the market."

Laid at Rest. The funeral of the late Willie Boulton, infant son of Mr. and Mrs. Geo. Boulton, Home street, took place yesterday afternoon from the parent residence to Mt. Hope cemetery. Rev. Mr. Richards conducted the services. The following beautiful oral tributes were received: Sprays, father and mother, Annie Brooks, Rosa Brooks, Mr. and Mrs. S. Hewson.

St. Andrew's Team. The following will represent St. Andrew's in the football game with the 25th Brant Dragons at the O.I.B. grounds to-morrow at 6 p.m.: Goal W. Short; right full, J. Houting; left full, Smyth; right half, McWhirter; centre half, A. Wallace; left half, Scott; right wing, Spence; inside right, "Bill" Johnston; centre forward, E. Hutchings; inside left, A. Johnston; left wing, J. Morrison (captain). Team to be on the grounds to be photographed at 5.45.

A Rude Wedding Guest. After a Polish couple had been united in the holy bonds of matrimony the other night, and while the wedding feast and dance was in progress, one of the guests, evidently thinking that the merriment was beginning to lag, entertained the affair by giving one of the party a crack on the head with a beer bottle. In a minute here was fun galore. The groom made a race for the offender, but he left in a hurry. Last night Louis Stander, a policeman, went to a house in the vicinity of Main street to look for the rude wedding guest who put into action that old English song, "All I Want is a Little Bit Off the Top," but they were not successful in catching their man, as he evidently expected them and had taken the back-door route.

WHY? Why buy your meat on the open market, which is subject to dust, dirt, flies, etc., and also exposed to the sun and heat, when you can buy within a distance of half a block from the market good, wholesome meats, the kind that are juicy and tender, and at prices in most cases less than that the market? To-morrow, when you are on your way to the market, see us first and get our prices, and then you will be one of our satisfied customers. Remember the place, The People's Cash Meat Market, 100 Dalhousie St., E. Bristol, Manager. Telephone 437.

## Wall Paper

By HOWARD L. RANN

Wallpaper is a highly decorative form of art which people buy the spring and would be glad to sell half price in the fall. It is the only form of rural art which can be bought by the roll and slipped on in one day by a bilious artisan with a talkative disposition.

Wallpaper is bought for two purposes—only first, to cover up the coarse and unrestrained free-hand drawing of the last paper-hanger; and second, to match the lace curtains. Sensitive people object to pink wall paper shading off into a new rug with red roses in the centre, and green peas in the border, and prefer the natural plaster, adorned with some familiar rural scene, like grandpa milking at sunset. Other people buy their wall paper in some solid color, which will fade about half way up and look like a blonde swan picked out by mail.

Wall paper is usually bought at the drug store where several thousand patterns are hung to the breeze by a languid clerk, who doesn't care what you buy so long as you buy it quick. After a woman has sat in a drug store for about two hours and watched a procession of nimble wall paper patterns pass by, the chances are she will become so cool blind that her selection for the front parlor won't harmonize with anything she has in the house except the kitchen stairway. If more people would close both eyes, take a full breath and order the first pattern thrown on the screen, there would be fewer fist fights between the wall paper and the carpet.

Wall paper is always hung by a frizzling mechanic who is in a hurry to get to some place where he can work by the day. Paper hangers do not have to use a straight edge, as they can train their left eye on the wall and not miss the border by over four inches. When a good grade of wall paste is used, wall paper will stay in one place for several weeks without opening up several hump-backed gaps.

Wall paper would last longer if the children were not allowed to play upon it with their feet, but most people would rather have the children than the wall paper.

## FATHER WAS SLAIN BY SON

A Tragedy Reported Up North—Son is Placed Under Arrest.

SEAFORTH, April 25.—Robert Gordon, a young farmer of McKillop Township, was taken into custody at an early hour yesterday morning and is held in the cells here for the slaying of his father, Hugh Gordon. The tragedy occurred on the Gordon farm, Lot 14, Concession 6, on Wednesday evening, when the son struck the father on the head with a heavy piece of iron. The elder Gordon's skull was fractured at the base, but the victim lived until a late hour last night, never, however, regaining consciousness. No one witnessed the affair, but according to the son's story the tragedy was due to a fit of anger.

Mr. Hugh Gordon was a man past middle life, whose family was grown up. His wife died some years ago, and a sister and a daughter kept house for him. One other daughter attends the Collegiate Institute here and the third daughter was also away from home. Robert was the only son and is about twenty-five years of age.

The Gordons are one of the most highly respected families in the district and have resided about six miles from here for many years. Hugh Gordon was a leading member of the Presbyterian church, and was most highly esteemed among his neighbors and the numerous friends of the family are shocked by the tragedy. Last evening, the young man says, he was whipping a horse at the stable, and his father reproved him. He further alleges that his father threatened to strike him and made a motion towards him. Thereupon the son picked up a piece of iron that was on the stable floor and struck his father to the ground. Young Gordon went to the house and to his aunt and sister said, "I guess I have killed father." The horrified women accompanied the man to the barn and carried the victim to the house. Dr. Ross was summoned at once, but could do nothing for the injured man.

Before midnight last night, Dr. Ross telephoned Coroner Scott of this town that Gordon had succumbed, and the coroner sent the county constable to the Gordon farm with a warrant for the son's arrest. About two o'clock this morning young Gordon was brought to the police station here almost overcome with remorse. Coroner Scott empanelled a jury yesterday morning and the remains were viewed. An adjournment was made to give the coroner an opportunity to have a post mortem made. The inquest will be resumed on Tuesday morning next and in the meantime young Gordon will be kept under arrest here.

## Splendid Work

(Continued from Page 6.)

Mrs. C. Verity, a pupil of Miss Watson, exhibits a jardiniere and vase, done in chrysanthemums. Mrs. Webster, also a pupil of Miss Watson, exhibits a biscuit jar in conventional rose design and tankard in grapes.

Mr. Seavey exhibits some of his wonderful fine figure painting, done on china and other pieces in lustre and malt colors.

The Life of Christ in futwork by Mr. D. J. Burdett, a local man, who has taken eight silver medals and two county championships is a wonderful piece of work.

Paintings. Miss G. McDowell, pupil of Mr. Seay, exhibits a beautiful painting in water colors. Miss Annie S. Van Westrum has on exhibition a painting designed as "Horses in Snow" and several pastels, illustrating a New York City. Mr. Paul Wickson of Paris, Ont., one of the greatest painters of animal life in Canada, has on exhibition three paintings, one of which designated as "Work and Play" has been purchased by Mr. Harry Cockshutt and presented to the boys' department of the Y. M. C. A. Mr. Wickson is also exhibiting the method of exhibiting a book.

William Van Allan a local boy has on exhibition a crayon sketch.

Mr. R. Sloan is exhibiting a painting designated as a symbolic arrangement which took first Lieut. Governors prize at Toronto exhibition and which has been exhibited in many of the art galleries of the United States. Mr. Sloan also has on exhibition samples of card work.

Mr. E. J. Holt is exhibiting seven oil paintings, illustrating the Grand River. Carved Work. The following pupils of Mr. J. R. Seavey in carved work are exhibited: Mrs. G. G. Holt, piece for cabinet; Mrs. Andrews, coat of arms; Mrs. J. Chapin, picture frame; Mrs. Joseph Ruddy, umbrella stand (brass) and taboret; Mrs. Livingstone, music cabinet and table; Mrs. D. J. Waterous, table and picture frame; Mrs. Sutherland, taboret and bench; Mrs. W. F. Cockshutt, buffet.

There is an excellent exhibit of collections of crests, badges, post cards, stamps, coins etc., by the boys of the city.

Electricity. In the gymnasium, Mr. Reg. Mortimer is exhibiting a wireless and high frequency equipment. Mesodi high frequency equipment, Messrs Maxwell, Smith, Fred Coles and others are exhibiting a wireless outfit and Morgan Bennett is exhibiting an electric light plant.

Scout Exhibit. The boy scouts of the city are putting on an excellent exhibit which includes a bicycle stretcher, and other articles.

Painted China. Miss Heatherington of Ryerson School is exhibiting a splendid array of hand painted china.

Men's Box Calf Blucher shoes, reg \$4.50, to-morrow \$3.50 at Ludlow Bros.

Seeding in Saskatchewan. REGINA, Sask., April 25.—According to a bulletin issued by the department of agriculture, seeding will be practically completed in Saskatchewan by the end of the present week. A preliminary estimate gives an increase in crop area of from 10 to 15 per cent for a total acreage under all crops of about 10,500,000.

Boys solid leather school shoes, regular \$2.00, to clear at \$1.49 at Ludlow Bros.

The Cadets held an excellent parade yesterday afternoon at the armories under Capt. Genet and Lieut. Slemis and Burt. Fifty cadets were in line. A good hour was spent in company drill.

Men's Boston Calf blucher shoes to clear at \$1.39 at Ludlow Bros, to-morrow.

## Tong War

Comes to an End in San Francisco—Nine Were Killed.

(Canadian Press Dispatch) SAN FRANCISCO, April 25.—The three months warfare of the Bing Tong and Suey Sing Tong has ended with the signing of a peace pact. The conflict with its toll of nine street assassinations here and its killings in other Pacific coast centres will be the last, it is believed, of the many Tong wars that San Francisco has had to cope with. The pinching of the purses of Chinese merchants by means of a police blockade which kept trade out of their shops, the police say, is the thing that forced peace upon the fighting tong.

The police to-day raised the blockade which has kept tourists and others out of the district since last Friday when the last victim of the war was killed.

Boys solid leather school shoes, regular \$2.00, to clear at \$1.49 at Ludlow Bros.

Will Beautify Grounds. 50 pair of Ladies Pat. Blucher Oxfords, regular \$4.00, to-morrow at Ludlow Bros, \$2.99.

## AN OLD SETTLER FINDS QUICK RELIEF

CHAS. MARSHALL CURED BY DODD'S KIDNEY PILLS

Mrs. Marshall Tells How Her Husband Suffered, and of His Speedy Recovery When He Used the Great Canadian Kidney Remedy.

PARKINSON, Algoni, Ont., Apr. 21 (special)—Living far from towns and with doctors not within easy reach, many of the settlers have found Dodd's Kidney Pills an inestimable blessing. One of those is Mr. Charles Marshall, Sr., whose recovery from a severe case of kidney disease has recently been the cause of much satisfaction to his family and friends. "My husband was suffering very much with his back and legs," Mrs. Marshall says, "speaking of her husband's cure. "He went to see the doctor and he told him he had urinary trouble, but he did not seem to get any better."

"Then I sent for some Dodd's Kidney Pills. Since taking them, he has no more pain in the back and legs and his other troubles are all gone." "I am indeed thankful for what Dodd's Kidney Pills did for my husband, and I hope other sufferers from kidney disease will benefit by his experience, and use Dodd's Kidney Pills."

Urinary troubles are caused by diseased kidneys. So are backache, rheumatism, lumbago, and heart disease. The natural remedy is to cure the kidneys by using Dodd's Kidney Pills.

## Have You Tried O'Keefe's "Gold Label" ALE

The O'K brewmaster says it is his masterpiece—a rich, old, creamy ale of matchless purity.

## Scenes Along Route of the New Lake Erie and Northern Railway

A small body of water in rear of the McDougall Works, Galt, which will be filled in by the Company, and also used as a portion of the terminal and depot yards of the Lake Erie & Northern Railway. The total area is about four acres.

Scene near Paris of a portion of the construction camp and another beautiful adjacent view of the river.

The Victoria Wheel Works, which the C.P.R. Company has purchased, and is now tearing down, in order to make connection with the Lake Erie & Northern Railway at their main line in Galt.

## Real Estate

(Continued from Page 3) good local properties—properties that are continually advancing in value. The people of Brantford are not yet awake to the possibilities of their own city. Speaking of vacant houses, Mr. Sheriff said: "Although there are a number of houses vacant at the present time the cause of their being vacant is that they are either not in the proper locality or are not suitable for the average citizen. There is a good demand for good houses, and many deals are going through. I think there is more activity generally than last year. The reason is industries are coming, factories are being enlarged, and the Lake Erie and Northern road is coming. Increase in population means an increase in building." Mr. S. M. Fry, in expressing his opinion of the real estate activity said: "The season is somewhat slower than last year, but as the season advances it is becoming brighter. Speaking of suburban properties, Mr. Fry said: "It has been worked a little hard." "The values of central properties," said Mr. Fry, "have been gradually going up, but are still low as com-

pared with other cities of like population. The season is looked forward to as an active one. The sales of houses are about the same. There is quite a good demand for houses to rent. Most of the houses vacated during the winter have been filled up." Mr. Fry took a fling at the City Council. He said: "I think the City Council could help mightily at the present time by the erection of an up-to-date market building and City Hall. A stranger coming into the city wonders what is the matter with the city. The marketers have been promised a better market for the past 20 years." Mr. Lloyd Almas, when approached, told The Courier reporter that business was excellent. Farm properties are selling good and there are plenty of enquiries for houses to rent. Mr. Almas in speaking of suburban properties said: "Quiet." Mr. R. W. Simons, when called upon by a Courier representative was in the best of humor. He exhibited a cheque for a substantial amount and told the reporter that it was commission for a real estate he had just put through. Mr. Simons totaled up the amount of his sales during March and during the present month and found that they aggregated \$30,500. Mr. Simons said in giving his opinion of

the real estate activity in Brantford: "I find business good this spring and it is on the upgrade. I think property will remain steady. A person who invests in inside property cannot fall down at the prices going at present. Central properties are active. Suburban property is just fair at the present time. But I look for it to become a little better. Farm sales are good." E. V. Campion & Co. Mr. A. C. Campion of E. V. Campion and Co., a firm which specializes in Weyburn property said: "Western business is very good. I just received word that a \$100,000 stone plant was going up in Weyburn this year. Sales are better with us this spring than last fall. Prospects in Western Canada were never brighter than at the present time. The tightness of the money market in Western Canada held back business a little. The movement of the grain market has caused money to loosen up." Mr. S. P. Pitcher. Mr. Stephen Pitcher, one of the leaders in local real estate, was quite satisfied that the present year would be an excellent one in all respects. His purchasers recently had shown a big increase and he had many properties listed which would not be held very long. The market was a mighty good one in Brantford; values and all things considered were bound to increase.

## SPLENDID WORK IS EXHIBITED

The attendance at the third annual Arts and Crafts exhibit which opened last night at the Y.M.C.A. was just fair. The exhibit this year excels all previous exhibits. There is a splendid exhibit of hand-painted china, painting in water colors, fretwork, oil paintings, crayon sketches, carved work, collections of crests, badges, postcards, stamps, coins, electrical apparatus, wireless telegraphy outfits, scout craft, wood-work by the pupils of the public school manual training department, mechanical drawings and art work by the public school pupils, and other exhibits, one of which is a crab scene on an earthen pitcher by the "Jan." Manual Training Exhibit. The manual training exhibit by the pupils of the Brantford Public Schools, Jun. IV. and Senior IV., is exceptionally good this year, showing advancement all along the line and reflecting great credit upon the boys and the instructor, Mr. A. Styles. The models made are various and include inkstands, tabourettes, glove and collar boxes, coat and hat racks, report stands, plant sticks and other lines, showing the individuality of the rising young mechanics of the city. Included also in the exhibit are mechanical and working drawings of the various models made during the season. Too much emphasis cannot be laid upon the advantage of a fundamental knowledge of mechanical draughting, for that is the key and secret of success in the various technical pursuits. The drawings shown reflect great credit upon the boys. The work is neat and accurate and all that can be expected from such young pupils. There is also some work done by the instructor, Mr. Styles, including two or three electric lamps and a rather original hall-rack with two electric drop lights attached. Some of the male teachers of the public schools improved their spare time in the manual training school, and show two creditable and artistic lamps done by Inspector Kilmer and Principal Rowe of Ryerson school, also a book-rack done by Mr. Dickson of Alexandra school. The Provincial Inspector of Technical Education, Mr. A. H. Leake of Toronto, in his last annual report of the work done at the Brantford public schools manual training department, referred to the school as being one of the best conducted in the province, and judging from the high standard of work displayed at the exhibition, evidence of progress is still shown. Public School Art Work. The public school art exhibit by the pupils is not so large this year as last, for various reasons. Special mention, however, should be given to the few select specimens from the first, second, third and fourth books of Victoria School; Miss Shannon's junior third class from the Central school; Miss A. M. M. Gillespie's junior third class, Alexandra school; also Miss Heatherington's class, Ryerson school. Credit is due to both the teachers and pupils who so ably assisted with their works of art, and neither will begrudge the possible little extra effort when they see the general satisfaction derived from their exhibit. The China Exhibit. Among the many beautiful china exhibits is one by Mrs. Mann and pupils. Mrs. Mann exhibits a copper, conventional design, gooseberry motif in silver on green malt and rose lustre lining, also an ornament in very artistic color combinations in brown malt, yellow-brown lustre and panels of gold. Special mention is made of the china and tea set, conventional design, in color combination of green, pink and cream, with gold bands, by Miss Madeline Fissette. Mrs. Harris Walsh exhibits a tea set done in conventional tulip design, also a cylinder-shaped ornament, wisteria motif, on a cream ground, and black malt bands and gold panels. Miss Muriel Whitaker exhibits a bowl in pink roses, background of light green and mother-of-pearl lining, also ornament, conventional water lily. Miss Kilmer exhibits a very dainty work in color and raised enamel on a cup and saucer, butter tray, mustard pot and salts. Watson is a large handsome ornament done in malt green, bronze lustre and gold panels, also a berry bowl done in color and flat enamel, and an ornament in landscape. (Continued on Page Six)

## NERVOUS DISEASES IN THE SPRING

Nervous Diseases in the Spring. Cured by Toning the Blood and Strengthening the Nerves. It is the opinion of the best medical authorities, after long observation, that nervous diseases are more common and more serious in the spring than at any other time of the year. Vital changes in the system, after long winter months may cause much more trouble than the familiar spring weakness and weariness from which most people suffer as the result of indoor life in poorly ventilated and often overheated buildings. Official records prove that in April and May neuralgia, St. Vitus dance, emphysema, and other forms of nervous troubles are at their worst and that then, more than any other time, a blood-making, nerve-restoring tonic is needed. The antiquated custom of taking

purgatives in the spring is useless; for the system really needs strengthening, while purgative only gallops through the bowels, leaving you weaker. Dr. Williams' Pink Pills are the best medicine for they actually make the new rich red blood that feeds the starved nerve, and thus cure the many forms of nervous disorders. They cure also such other forms of spring troubles as headaches, poor appetite, weakness in the limbs, as well as remove unsightly pimples and eruptions. In fact they unfailingly bring new health and strength to weak, tired and depressed men and women and children. Sold by all medicine dealers or by mail at 50 cents a box or six boxes for \$2.50 from the Dr. Williams' Medicine Co., Brockville, Ont.

## NOTICE TO BUILDING CONTRACTORS

WOMAN WHAT SHE IS DOING

Items of personal and social interest will be gladly received by the writer of this column, by mail or over special Courier telephone 1781. Address communications to Society Editor, the Courier.

Mr. H. H. Powell spent Thursday in Woodstock.
Mr. Lloyd Harris left last evening on a trip to Norfolk, Va.

Dr. and Mrs. C. C. Fissette are visitors in the Queen City to-day.

Mr. B. R. White is at present on a wheeling trip through Ontario points.

Mr. J. A. Fox and Mr. Walter T. Mair are in Buffalo to-day on business.

Mr. C. H. Waterous and Mr. C. A. Waterous, motored to Hamilton yesterday on business.

Messrs. B. Ingils, A. Jewell, A. Moffatt and Mr. Wright of the G.T.R. left for London, Ont., this morning.

Mr. James Liddell left for London yesterday, and with other Brantfordites will attend the Shriner's meeting in that city to-day.

A special train and car carrying the President of the G.T.R., the vice-president, the general superintendent of the Grand Trunk Pacific, was in the city for a few hours this morning.

All the linen required for use at the Golf Club House this season has been purchased by the ladies having it in hand.

The choir of Sydenham St. church under Mr. R. E. Knox leader, are putting on an "Old Folks Concert" this evening in the church.

Sergt.-Major and Mrs. Oxtoby entertained the officers and non-commissioned officers of the B. C. I. cadets last evening at the armories.

One of the greatest theatrical treats of the season was the production at the Grand Opera House on Thursday evening of George Broad's burlesque play, "Bought and Paid For".

McMillan-Bellhouse.
A very pleasing event took place at Creek Bank, the home of Mr. and Mrs. R. J. McMillan, on Wednesday, April 23rd at 2:30 p.m.

When Charles Dickens crossed the Atlantic in the "Fifties" the enterprise of the steamship company in providing for a fresh supply of vegetables at Queenstown probably struck him as a bright and pleasing example of that thoughtfulness in anticipating the desires of their passengers which has always been the outstanding characteristic of British ocean lines.

The position of wife of the President of the United States is not an easy one by any means.

her distinguished husband, Mrs. Wilson is a native Southerner, coming from the state of Georgia, and lived in Savannah when married.

way carriage at Upton Waters until she alighted, all shaven, dazed and trembling on the platform of the great London terminus which was virtually the end of her journey.

The Hamilton Herald of recent date has the following item of interest in reference to their Sanatorium, which like our own is very near to "Springtime at the Sun" is quite in evidence again.

It is reported from Paris that in his second application to the Rota, the papal tribunal which has charge of marital matters, Count Boni de Castellane has succeeded in securing the annulment of his marriage to Anna Gould, on the ground that before the marriage she did not accept the indissolubility of Christian marriage.

A confused tumult of thought that bewildered her, a wild sensation of flight and hurry that frightened her, a feeling of nervous shrinking and terror at what she had done and yet an angry exultation in it—these were what Lady Marjorie experienced on her journey to London.

An increasing number of young women in China are preferring death rather than marriage under the existing laws.

When one medicine is used in a home for a number of years it is the strongest testimony as to the value of that particular remedy.

## THE COURIER CARRIES ALL THE SPORTING NEWS

### SPORTING COMMENT

By FREE LANCE

Fans who have watched the ball club at practice like Chapdelaine, the French Canadian. We don't know whether he is another Sarah Bernhardt or not, but we know he looks like a good ball player.

Hanna Day, May 7, Red Sox versus Ottawa, half holiday in Brantford—Who said this town was a dead sporting centre?

The grocers and butchers have already declared for a half holiday, May 7. Come on you Colborne street men, get busy. It all helps to make this town a live one and we believe that you'll respond.

Exhibition game starts at 3 o'clock on Saturday. Sir Richard Tasker will pitch.

The Red Sox pitchers have not had very much to do yet. It's a little early to be looking for the spit ball artists to cut loose.

Duff Slemis has not reported yet. Manager Kane figures that Slemis is a grand hitter which will more than make up for any fielding faults. As far as we are concerned we will size Duff up on his merits, and will say so frankly. We sincerely hope he makes good.

Chubby Coose is quite cheerful. He is taking things easy. Did you ever see Chubby when didn't take things easy? Last year with three men on frenemly, Coosey just figured on the batter and it was good done. Good luck old Benedict.

Johnny Ivers says he is ten pounds lighter than last year and he looks it. Gabby is one grand hitter and we believe he will have a great season this year. He could well afford to spare a little avoirdupois and it will

doubtless react on his movements around the initial cushion.

We wish to apologize to Manager Amby Kane. He is decidedly better looking than last year.

While we are all up in the air about baseball prospects, we shouldn't forget for a moment about the Brantford Football League. The Courier proposes to devote every inch of possible space to soccer this summer because the game is deserving of all kinds of support. We propose, as we did weeks ago, to give it.

The season tickets, 40 in a book, are going fast. President Nelson has them at his office, and if things keep up, there will not be very many left.

This boy Abern, deminutive and stocky though he be, looks like a ball player. He hits the ball on the nose and he is fast on his feet. Shea also looks good at short stop. In fact it is hard to pick out who's who, when it comes to that shortstop position.

At any rate, two of these men will probably be retained until Buster Burrill appears on the scene.

Dick Tasker, who blew into town yesterday, says he has just as much smoke as ever. Dick who will either pitch to-day or to-morrow in the exhibition games, looks as good as ever. It's a real pity the old boy had not drifted into organized baseball when he was in his teens. Had he done so, he would have been a star.

This boy Catcher English, is also impressive. What Amby Kane is going to do with Lamond, English, McCarthy and Chapdelaine is beyond us. Certainly the Red Sox don't need four receivers, and all these fellows look good. However, the genial Nelson will probably arrange to have them placed in jobs, even if he can't place all of them himself.

### This Lad

Complains to Father Already About Having a Sore Arm.

Letter of a Red Sox try-out to his father way down in Massachusetts: Dear Father—I am a pitcher as you know. Wednesday I had a sore arm, and Orcutt told me to hang it up high in a hammock when I went to sleep, so as to give it lots of rest. I did. The blooming old thing is sorer than ever to-day. Do you think Orcutt was on the level? Kane told me to bat out flies yesterday, and I did. Don't think it's a good job at all for Christy Matty the Second. However, Dad, I'm going to show these Canuck ginks some stuff. They wear Bulgarian ties here, and the president has a big diamond pin. Business Manager Brown is some potato. He's buying an auto. If they keep me, I'll borrow it every Sunday. Watch my smoke! They're not going to get a million dollar arm for 80 per.

Yours, ALGERON.

P.S.—The bat boy won't speak to me. Some one tipped him off that I was after his job.

P.S.—There is a foreigner here from some remote part. They call him Peaknuckle. I never knew before that Barnum and Baileys train was wrecked in this burg before.

He shows up well as one of the quartet of catchers. He is a great thrower.

Remember him to all the boys, and some morning pretty soon you will see that long stride of his there with you. FOR RALPH.

Miss Wilks Loses Valuable Standard Bred Show Filly.

GALT, April 24.—Paronella Todd, 3-year-old standard bred of the Wilks' string, died this morning at the Royal Hotel barn from a cold contracted through exposure following the burning of the Wilks stables some time ago. Paronella, Todd was sired by Kentucky Todd, premier star of the Cruickston Park, now in Kentucky. As yearling she did a mile in 2:24, and promised to be a winner on the track. She was a beautiful steel grey, clean cut and one of the most valuable standard bred in America. At the shows through the country she had never been beaten.

Special lot men's tan and black socks, 2 pair for 25c at Whitlocks. 5 pair men's odd pants Regular \$2.25, going at \$1.75, Friday and Saturday at Whitlocks.

### Football

The Dragons and St. Andrews football teams will meet on Saturday next on the O. I. B. grounds, and a strongly contested match is anticipated. The Dragons team will be selected from the following players who are requested to report on the field at 5:30 p.m. F. Garrow, T. Harbont, F. Matta, Atkinson, Marshall, McDonald, Pratt, J. Weakes, B. Woodcock, Brown, W. Ladd, J. McCann, B. Garrow, P. Whelan, A. Maher and G. Weir. The manager will be on the grounds early with the outfits.

Crompton's \$1.00 gloves are reliable gloves. Come and get a pair on Saturday with a rose.

### Line Up

Red Sox Will Do Some Experimenting To-morrow.

The line-up of the Grantford Club in the exhibition games to-day and to-morrow is as follows. The game will start at three o'clock to-morrow: Abern or McCauley, ss; Wagner 2b; Shea, cf; Orcutt, 3b; Chapdelaine rf and c; Lamond, c; Andrews, p; Donovan, p; Coose, p.

The line up of the St. Kitts team will be: Carey, cf.; Gramey, rf.; Burridge, 3b; Johnson, 2b; McFadden, s.s.; Hackbush, lf.; Minnes, c; Lockhart, rb; Tasker, Rankin, Gibbs, pitchers.

Buy your gloves at Crompton's on Saturday and receive a beautiful rose.

### GOOD STICKWORK BY WILLIAMS OF ST. LOUIS.

The Browns Outfielder Had Three Three-Base Hits—Highlanders Lost.

Williams of St. Louis yesterday made three three-base hits in four times at bat and Chicago lost the opening game of the series with St. Louis 3 to 1. Two of Williams triples figured in the score for his team.

R. H. E. St. Louis . . . 00001020—3 9 0 Chicago . . . 00000100—1 11 1 Mitchell and Agnew; Cicotte and Easterly.

Red Sox Lucky Ninth. WASHINGTON, April 24.—While Washington out-hit Boston yesterday the visitors bunched their hits and beat the home team 6 to 3. Washington had a lead of one run in the th, but Boston fell on Groom and batted out a victory. The score:

R. H. E. Boston . . . 01001004—6 10 1 Washington . . . 00002010—3 12 3 Bedient, Hall and Carrigan; Groom and Ainsmith.

### Local Soccer Games Billed To-Morrow

The teams in the city football league will play their second game in the schedule, and some real good football should be played as the teams have all been practicing hard all week and are ready for the fray. Football is gaining in popularity very fast, and much interest is being taken in this sport.

Games To-morrow To-morrow the All Scots will meet the Dufferin Rifles at Mohawk Park. The S. O. E. and Tutela teams will kick off at Tutela Park. Over at the Agricultural Park the Holmedale Tigers will tackle the Y. M. C. A. boys. On the O. I. B. grounds the 25th Brant Dragons and the Alexandra Athletic Club will battle for supremacy.

The Holmedale Tigers will put the

following players on the field against the Y. M. C. A. at Agricultural Park: Scanlon, Martin, Hoyle, Scott; against the All Scots at Mohawk Park on Saturday: Didden, Cook, All Scots Team

The team to represent the All Scots against the Dufferin Rifles will be: Gael, D. Muir; backs, R. Anthony, H. Taylor; half backs, J. McGinley, J. Little; A. Ormiston; forwards, Patello, W. Connochan, B. McGill, G. Ramsey; A. S. Stewart. Owen, Mason, Moorcroft, Scanlon, Waugh, Hart, Archer. Kick off at 6 o'clock sharp.

Dufferin Rifles The following players will line up for the Dufferin Rifles with the game Martin, Bingham, Rogers; Myring; (Continued on Page 10)

### Buster Burrill Here In Very Few Days

A Letter From His Uncle, The Original "Buster" of Boston National Fame.

Buster Burrill, the famous old catcher of the Boston Nationals and uncle of Buster Burrill of Brantford Red Sox fame wrote, Manager Kane a personal letter relative to his nephew's illness. Brantford fans will be glad to learn the contents of the letter which is as follows:

E. Wewmouth, April 22. Friend Ambrose—I guess the typhoid scare is over; it was this way. Ralph called a doctor and I never had any faith in him. I let him come ten times and he called it the grippe, until last Saturday night; then he left word for me to go get a nurse, as he was sure it was typhoid. I didn't wait to even eat my supper, but went right up and released him—I went after a friend of mine at Quincy.

Here is his batting average: April 20—Typhoid fever. April 22—Up around and eating like a bear.

He wanted to write this letter, but I told him he had better let me do it. Here is the way I have sized it up. He had a sore throat and a chill and the doctor put him to bed, I kept him there, and naturally he is quite weak, but he will come back fast and will start for Brantford as soon as he thinks best.

The first doctor must have started in with a royal flush and lost his ace up Ralph's ace and this plugged up things, and I called his bluff, and Bob Tailed Flush with another Doctor and

Castor Oil. Handle him a little carefully on the start, and I think he will be in shape when the season opens.

Ralph says it is lucky he has a stenographer as he is getting quite a mail. I am too pleased to try and express myself further.

Remember him to all the boys, and some morning pretty soon you will see that long stride of his there with you. FOR RALPH.

Special lot men's tan and black socks, 2 pair for 25c at Whitlocks. 5 pair men's odd pants Regular \$2.25, going at \$1.75, Friday and Saturday at Whitlocks.

ENGLISH He shows up well as one of the quartet of catchers. He is a great thrower.

SHEA Candidate for shortstop. On looks alone he would have a handsome majority, but he is also a good ball player.

# Perfect in Name and Service

Poor "Old" Crawford.  
DETROIT, April 24.—In their first clash of the season at Navin field, Cleveland outplayed Detroit yesterday and won 5 to 3. In the first innings Crawford made the first home run of the year on the home grounds. Bush had a great day on the paths, stealing second and once pilfered 3rd. The score:  
Cleveland . . . 0001030—5 9 1  
Detroit . . . 0100100—3 9 3  
Gregg and Carisch; Dubuc and Stanage, McKee.

Athletics Out-Hit, but Won.  
PHILADELPHIA, April 25.—Schultz held the home team down to five hits yesterday, but they were accompanied with give of Philadelphia's six stolen bases and three errors by New York and yielded runs, Bender was hit for eleven safeties, but he fanned eight batsmen and was given splendid support. The score:  
New York . . . 0001000—11 3 3  
Philadelphia . . . 0002011—4 5 1

## PRACTICE WAS LIVELY ONE

### Red Sox Players Get Down to Business in Earnest Yesterday.

The Red Sox had two light workouts yesterday one in the morning and one in the afternoon, and although Manager Kane did not work them very hard they all seemed to be full of ginger.

**The Morning Practice.**  
The morning practice was held on the upper grounds of the "Reservation" as Count De Chapdelaine calls it, which was devoted to batting and fielders' practice as the upper grounds are utterly unfitted for any ground ball practice.

The pitchers indulged in the toss-it-over-easy fashion just to get their arms in motion and take the kinks out of them. Kane paid a little more attention to the new-comers than to the older ones, and though he instructed them to go along at an easy stride and kept his eagle eye on them.

**The Afternoon Practice.**  
Kane held the afternoon practice on the diabond and the team had a pretty fair work out and kept the boys pretty well on the move. Wagner, who finished last season playing second base was the bright shining star of the practice. "Wag" was like a house-a-fire and simply tore up the ground over which he travelled. The way he dug up the hot grounders that were sent sizzling on all sides of him, made the fans in the stand sit up and take notice. He opened out at a terrific clip and kept it up during the whole practice. Wagner was easily the fastest man on the infield and his work was highly commented upon by all. Barring accidents "Wag" should have a season as the leading second baseman in the league in fielding. At batting practice he poked them out in great style, meeting the ball square on the nose.

At short, Ahern and McAuley were given lots to do and they handled themselves nicely and the way they picked the grounders and hit balls was of such a nature as to cause favorable comment. They both seem to have good whips and are throwing very fast and accurately. They both hit like fiends.

Shea was not given as much to do as the other two, but what he did do, (whether he had an off day or not), did not suit the fans as well as the other pair. We have still to see the two in action, but after the practice was over the "rail-birds" seemed more taken up with McAuley's work and liked the way he performed.

Del. Orent, over at third took things easily, and did not exert himself to any extent, for the reason that he did not have too, but now and again he let loose and showed signs of his old time speed.

Catchers Chig and Kline worked behind the plate and was as spry as a two year old, and the way he lined the ball down to second and the other bases, made good with the crowd and you would hear the faithful in the stand say to one another "He'll do. This boy delighted the fans by facing the bats to the fence a half dozen times.

The pitchers were given their share of attention and were worked harder than at the morning work-out.

Of course it was only a light practice, but the fans will have a chance to see them in action this afternoon and judge the merits of the different players for themselves. Two exhibition games are being played with the St. Kitts team—to-day and to-morrow.

## IS YOUR SKIN ROUGH AND "PATCHY"?

Zam-Buk Will Make It "Peachy" Every particle, so good complexion Use of Zam-Buk ensures one! If you have pimples or rough and scaly patches on your face or any part of your skin just try it.

Think what your skin has had to go through during the winter just passed. You have been out in rain and sleet and snow. You have been at one moment perspiring from skating or some other exertion. Then you have stood to "cool off." You have spent hours indoors at a temperature equal to summer heat. Then you have covered up your skin except your face and gone out into a temperature away below zero. No wonder that with all these changes the skin of the face and neck show signs of needing attention.

Zam-Buk is a skin food. Don't forget that the skin has to do work just as any organ of your body has, and if you overwork it, it gives out. Zam-Buk is the remedy. Smear it slightly over the spots, the eruptions, the scaly patches at night, and note how quickly your appearance improves. As the rich refined herbal essences sink deep into the tissues, the hard, scurvy-like patches are removed. The cuticle is softened. The cells beneath are stimulated to healthy operation. The pores resume their work properly. Better color results. The cells of the skin are purified by Zam-Buk, become transparent, the blood beneath is able to impart its proper coloring to the tissue, and the delicate peach bloom of health replaces the sallowness and pallor of disease. A few days use of Zam-Buk will be found to give this result. Use also Zam-Buk Soap.

Zam-Buk and Zam-Buk soap are obtainable from all druggists and stores, or by mail from Zam-Buk Co. Toronto.

Atchison and Higgins; Jamieson and Cowdy, Umpires, Finneran and Quigley.

**Another for the Orioles.**  
BALTIMORE—The Orioles made it three out of four from Montreal yesterday by winning a hard contested game. Both Danforth and Smith pitched good ball and both teams were supported in gilt edged shape. The score:  
R. H. E.  
Baltimore . . . 2000010—3 6 2  
Montreal . . . 0100000—1 4 1

**Two Hits Off McHale.**  
JERSEY CITY—Jersey City made it an even break with Toronto by a victory over the Maple Leafs in their windup of the series at West Side Park by a score of 3 to 0. It was a pitchers' battle between McHale and Brant and the local spitter excelled.

**Rariden's Single Won for Boston in Twelfth.**  
BOSTON, April 25.—Boston defeated Brooklyn 1 to 0 in a 12-inning game yesterday. In the final inning James bunted safely, but was forced at second by Connelly, after Marianne had fouled to Miller in an effort to sacrifice. Myers doubled over third base, putting Connelly on third. Sweeney was purposely given a base on balls and then Rariden, with two strikes called, singled to right, scoring Connelly with the winning run. The score:  
R. H. E.  
Boston . . . 00000000001—1 7 1  
Brooklyn . . . 00000000000—0 8 0  
James and Whaling; Allen and Miller.

**Second Win for Reds**  
ST. LOUIS, April 25.—Cincinnati yesterday pounded five pitchers off the mound while Suggs was effective most of the time, Cincinnati winning from St. Louis 10 to 3. This is Cincinnati's second victory of the season. The score:  
R. H. E.  
Cincinnati . . . 121230100—10 14 3  
St. Louis . . . 00020010—3 13 1  
Suggs and Clarke; Severoid, Sallee, Burk, Redding, Willis; Meyer and Wingo.

**Those Heavy Hitting Giants**  
NEW YORK, April 25.—The Giants easily defeated Philadelphia in the third game of the series yesterday by a score of 7 to 2. Ames was very effective and the Philadelphia team made only four hits. Notable catches by Doyle, Burns and Murray featured the game. The score:  
R. H. E.  
Philadelphia . . . 00001000—1 4 3  
New York . . . 0400000—7 12 2  
Moore, Nelson and Killifer; Ames and Meyers; Hartley.

# CANADA LAUDED BY DUKE

## Governor General Has Confidence in Dominion

### He Hopes to See Great Ways Built in Canada

LONDON, April 25.—The Duke of Connaught with of Connaught as his chief of night. Lord Strathcona pres. Earl Grey on his list. The also included: Postmaster Samuel, Sir G. Armstrong, Barlow, the Bishop of the Bishop Pefferin, Lord De Admiral Drury, Lord Esmaran Hanson, Sir Thomas R. Hon. Walter Long, M. colm Murray, Sir Thomas nassy, Sir William Macken practically every other not

The Duke of Connaught only moved by the warm reception accorded him on respond to the toast of the ion. "I do not know a nation for any Englishman than that of His Majesty's ative as Governor-General," he declared. "When brother asked me to accept offer, which was renewed death by our present gra- veyer. I felt great do- whether I could do justice positions.

"I had no doubt I should friend of the Canadians to- was forty-three years ago. "Gentlemen," His Royal continued, "since I have been during the last year at have been able to gain the pathy. I venture to say, the of the whole Canadian peo- sure you will believe me w- I never spent a happier ye- half."

His Royal Highness wen speak of his tour of the D "To those Englishmen who been there, I say the sooner the better. It is moving v- and bonds." His Royal paid a tribute to the enterpr Canadian railroads, but the hope that the govern- see its way clear to promo highways as well.

He also expressed de- for the sympathy shown the- at death's door. She as we self, has become very much to Canada. We have made happy home there. I only her health spend another ye- midst."

Sir Thomas Praises Ca- ing the toast of the visito- of the greatest possible spir- erality with which Great- provided Canada loans de- last twelve years, amount- \$200,000,000. He advanced show that such borrowing he- to be justified. "There is no horizon to-day to caus- to hesitate making invest- Canada," Sir Thomas S- continued, "if only due ca- exercised." The speaker e- with a vigorous arraignment naturalization laws.

Postmaster-General Sam- pressed his appreciation of contract just negotiated by Pellier. He directed atte- the recent improvements, communication, and ass- Thomas Shaughnessy that- erment anticipated being deal early with the nat- question. Rt. Hon Mr. Sa- mentioned that he was lo- ward to visiting Canada his year.
