MISSIONARY JUBILEE

Interesting Services at Baptist Church
Last Sunday

The missionary jubilee which was arranged to be held by the Baptist church here at twelve central points in the Maritime Provinces was fittingly celebrated in Wolfville, beginning on Saturday evening last. It was a most inspiring occasion and all the sessions were of great interest.

At the Saturday evening meeting Rev. Dr. DeWolfe presided, and after a well rendered solo by Miss Helen Simms, of Acadia Seminary, Dr. D. L. Joshee, a Telugu Christian, gave an interesting address in English, of which he has excellent command. As he stood before his audience he presented a living example of what the good work of education and the gospel influence is accomplishing in India today. Mrs. W. D. Wilson also gave a splendid address.

On Sunday morning the meeting was presided over by Rev. Dr. Patterson who referred fittingly to the importance of the occasion and introduced Rev. J. B. McLaurin, the son of the founder of the Canadian Baptist mission to the Telugus, as the preacher. There was a large congregation present and the address which was presented was greatly enjoyed.

The woman's session of the jubilee was held in the afternoon, with Mrs. J. H. MacDonald, president of the local society, in the chair. Scripture was read by Miss Hume, and prayer offered by Mrs. C. H. Martell. The first speaker, Miss Maude Harrison, gave a clear and concise idea of India's womanhood. The next speaker, Dr. Eva D'Prager, an Eurasian, a convert of Rev. Mr. Sanford's, made a strong impression upon her audience by her eloquence and attractive personal force.

The evening meeting was a great gathering to accommodate which it was necessary to use the school-room as well as the auditorium of the church. Rev. Dr. Archibald was in the chair and the music included a solo by Mr. Parsons, of the College. Rev. C. G. Warren, of Fredericton, presented a most interesting and informing history of the missionary enterprise in the Maritime Provinces which originated more than a hundred years ago at a conference held at Chester. Dr. Joshee, Dr. Eva D'Prager and Mr. C. G. Warren were heard of her people of the work of the missionaries and gave many instances in which the Hindu converts had shown their great faith and devotion, and Rev. H. Stillwell, general secretary of the Canadian Foreign Mission Board, also gave addresses which were listened to with interest and profit.

At the Sunday morning service, Dr. Patterson announced that a tribute had been paid to Wolfville, as the home of many missionaries and of Acadia University, in the gift by Dr. Eva D'Prager of a valuable ring to be sold for the aid of the Acadia million dollar fund. The ring is set with a ruby surrounded by a circle of diamonds and is valued at more than \$2,000. It was formerly the property of an Indian princess. This gift of Dr. D'Prager's was an appreciation of the great service Acadia has rendered the Telugus in educating missionaries for the foreign field, and it makes the jubilee celebration at Wolfville unique.

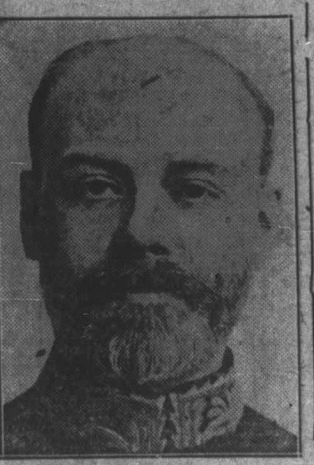

NOTICE

We the undersigned merchants of Wolfville agree to close our stores at one o'clock every Wednesday during the months of May, June, July, August and September. Open Thursday and Saturday evenings, also evenings previous to holidays:

- Wolfville Fruit Co.
- J. E. Hales & Co.
- J. D. Harris
- L. W. Sleep
- Woodman & Co.
- J. C. Mitchell
- W. O. Puffer
- George A. Johnson
- Caldwell Yerra Ltd.
- C. H. Porter
- B. K. Saxton
- Waterbury Co. Ltd.
- F. C. Blomquist
- Fred C. Herbin
- G. D. Jefferson
- A. W. Bleakney
- S. Frank
- Cecil Mansford
- Williams & Co.
- Porter Bros.
- E. R. Redden
- M. Hobson Smith
- Insdore Cohen
- Edson Graham
- Ralph Davison

The public will welcome the return of the bus service which begins for the season today between Wolfville, Kentville and Canning. For the present it will be operated by one bus which is somewhat limited service, which will be extended later. It should be a decided convenience in view of the present curtailed train service.

G. J. DESBARATS

Deputy Minister of National Defense, who says a plan has been drawn up and is now being considered whereby a drastic reduction in the permanent militia throughout the Dominion is to be made shortly to enable the Department to remain within the amount to be voted by Parliament this session, and which represents a cut of \$409,000 from last year.

MRS. HERBERT STAIRS

The death of Mrs. Herbert Stairs, one of the most highly esteemed lady residents of Wolfville, occurred at about 5 o'clock on Tuesday afternoon at her home on Main street west. Mrs. Stairs had been seriously ill for some weeks and while her recovery seemed scarcely possible the news of her passing was received with sincere regret by many friends. Before her marriage the deceased was Miss Elizabeth S. Eaton, daughter of the late Leander and Pauline Starr Eaton, an Eurasian, whose family of eight was reared on the farm now owned by a son, Mr. C. C. H. Eaton. This family was composed of Alfred S., who died in 1893; Frances E., now in Wolfville; Mary S., wife of Charles S. Wright, Middleton; Florence J., wife of Charles E. Ellis, Canning; Ralph S., of Kentville; Charles C. H., of Canning; and Alice M., who died in early 1905.

After their marriage in 1881 Mr. and Mrs. Stairs resided for over thirty years on the Harrington Gordon farm at Hillston, which the former had purchased several years previously, and where their family of three daughters and one son were born. Since taking up their residence in Wolfville, a dozen years ago or so, the deceased lady has been active in every good work. While retaining their membership in the Upper Canard Presbyterian church, where they labored so long and faithfully while residents of that community, Mr. and Mrs. Stairs have been helpful members of the congregation of St. Andrew's church since coming to Wolfville, and while health permitted the deceased was a regular attendant upon the services. She was a devoted wife and mother, a good friend and neighbor and a helpful and highly esteemed member of the community who will be much missed. To the work of the Children's Aid Society she freely gave her sympathy and support and was of valuable assistance to Mr. Stairs in his splendid service for the young people of this county.

Mrs. Stairs is survived besides her husband by three daughters, Miss Edith, of the Royal Bank of Canada, Halifax; Mrs. Ralph Davidson, of Tofield, Alta.; and Mrs. Wesley Bristol, Halifax; and one son, William H. Stairs, of Tofield, Alta.; who have the sincere sympathy of the community.

The funeral was held at 2 o'clock this (Thursday) afternoon and was very largely attended. Beautiful floral offerings bore testimony to the sympathy of loving friends. The service was fittingly conducted by Rev. G. A. Logan, pastor of the Upper Canard Presbyterian church, of which the deceased was for so long a devoted member. Rev. Dr. B. Hemmison, D. D., pastor of St. Andrew's United church, Wolfville, assisting. Interment was made by request of the deceased at the cemetery at Hillston, in sight of the old home where she spent so many happy years. The pall-bearers were Messrs. Wesley Bristol, G. S. Stairs, Leander Eaton, Hugh Eaton, Herbert Ellis, and Leander Woodworth.

Mr. F. F. Rockwell met with a painful accident on his way home from Florida which has kept him nursed since his arrival. The trip from Boston was a rough one and Mr. Rockwell was thrown against the door of his stateroom with such force as to inflict severe injury.

JASON COLDWELL

Courtesy of Halifax Herald.

GREENWICH

Our hall was shingled last week, on south side of roof.

Miss Marion Bishop returned last Wednesday to Normal College, Truro. Her cousin, Miss Gwendoline Bishop, who was her guest during the holiday season, also returned to Truro to her home.

Mr. Fred Johnson arrived home one day last week from Aylesford, where he has been employed all winter.

Miss Hilda Johnson arrived home last Friday from Ohio, U. S. A., where she had been spending the winter. We welcome our young people back home.

Rev. Dr. Hemmison, of Wolfville, and Honorary President of Greenwich Community League, delivered another lecture on Friday evening which was thoroughly enjoyed by a good audience. Subject was "Ten Days in Boston," which proved instructive, humorous and most interesting all through and showed to his audience that Dr. Hemmison had made the most of his time while there, observing and remembering; and those of the audience who had never visited the city of Boston and Cambridge certainly had a most profitable free trip. Before the lecture instrumental music, piano and violin, by Jessie and Robert Bishop was enjoyed. The League fully appreciates all of Mr. Hemmison's lectures. They have been much enjoyed and Mr. Hemmison has shown a great interest in the moon has shown a great interest in the summer season, to be reopened in Nov.

Mrs. G. T. Fraser spent the day last Friday a guest of her cousin, Mrs. Bligh, at Aylesford.

Mrs. T. Andrew Pearson left on 10.15 train Saturday morning to visit her daughter, Mrs. Brenton Merry, at Smith's Cove, a few days.

Mrs. Harry Neary visited Mrs. Neary's mother in Medford, for the day last Sunday.

R. V. Dr. Hemmison, of Wolfville, the regular minister, delivered a most interesting sermon here in Methodist church last Sunday afternoon. Pretty and tastefully arranged flowers and potted plants gave a welcome to the audience. By an omission mention was not made of the beautiful appearance of the church on Easter Sunday, which was so in keeping with the day. A profusion of lovely bouquets of cut flowers, as tulips, roses, carnations and daffodils, etc., as well as choice potted plants, caused the admiration of all present in our little church.

A large number of our residents went to Wolfville on Sunday afternoon and evening and enjoyed the interesting services of the Missionary Jubilee held at the Baptist church.

Miss Greta Pudsey took part in the play, "Old Maids' Convention," put on at Lower Canard hall last Friday evening by members of the "Lily of the Valley", S. O. T., of Port Wolfville.

WILL LECTURE TONIGHT

Noted lecturer and authority appears in Orpheum Theatre, Thursday evening, May 1st, at 8 o'clock. All adults are invited to attend, no admission fee.

Mr. V. E. Taplin, who will lecture on foot and shoe problems at the Orpheum Theatre, Wolfville, next Thursday, is the pioneer of corrective and protective footwear in Canada, and is today accepted as the leading authority and advocate in the world on the subject.

All those who are not perfectly satisfied with their present shoe service should consult him while he is here. He will be at the store of Waterbury Co. Ltd., for two days following this lecture and may be consulted free of charge. A large stock of Natural Thread shoes will be on hand.

There will be no admission fee to the lecture and children must be accompanied by parents.

Minard's Liniment Relieves Colds.

SECOND IN MARBLE CONTEST

Jacou Caldwell Lost Dominion Marble Championship by One Point

The citizens of Wolfville are much pleased with the showing made by Jason Coldwell in the Dominion Marble Championships at Toronto last Friday. Although he did not win the championship he lost by only one point. Eddie Henderson, of Toronto, scored 22 points, and Jason Coldwell 21 points. The next nearest competitor, Henry Endelstein, of Ottawa, had only 15 points.

Despite his defeat, Coldwell was lauded by many as the best player in the tourney. He did not miss the hole once in his rolls and he made a perfect score of ten on one of the pitches.

Two thousand spectators were at the big theatre, where the match was held, and all of the contestants were accorded great receptions.

Coldwell carried a smile throughout the contest and was the favorite with the crowd. Nothing seemed to worry him and he was given a great ovation by the big crowd who were eager to see him win.

Jason arrived home Monday evening and was met at the railway station by his chums of the Wolf Cubs, who escorted him to his home in triumph.

INSTALLATION OF OFFICERS

At St. George's Lodge, A. F. & A. M., on Monday evening, the following officers, recently elected, were installed:

W. M.—Dr. W. L. Archibald
S. W.—T. Watson
J. W.—Dr. D. U. Hill
Treas.—J. R. Black
Sec.—R. W. Ford
S. D.—A. V. Rand
J. D.—Harry Brown
Chaplain—Rev. A. A. Macleod
Master—A. M. Wheaton, P. M.
S. S.—Leslie Harvey
I. S. & Organist—Dr. V. Primrose
Tyler—M. W. Pick, P. M.

The installation ceremonies were under the direction of Past Deputy Grand Master A. J. McKenna, P. D. G. M., I. B. Oakes and P. D. G. M. G. H. Wallace. A number of visitors were present, among whom were Rev. J. H. Cope, head of Unity Lodge, Lunenburg, and Rev. E. S. Mason of Scotia Lodge, Yarmouth. After the installation ceremonies refreshments were served and entertainment was provided.

BOY SCOUT ENTERTAINMENT

Program to be Given Monday Night at Orpheum

1. Overture—Scout Band.
2. Boy Scout Salute and Promise.
The Doxology.
God Save the King.
O Canada.
3. Scout Marching Song, "Be Prepared"
4. Demonstration of Scout Craft
a. Artist Badge—Joe Pierce.
b. Airman Badge—Horace Brown.
c. Fire without Matches—George McKenna.
5. Character Song, "The Boy who Stuttered and the Girl who Lipped"— Gordon Manney, Alan Pick.
6. Lantern Slides.
7. Character Song, "Mrs. 'Erry 'Awkins"—John Eaton, Ron. Smith.
8. Illustrated talk, "A Yachting Cruise along the South Shore"—Claire McKenna, Ron. Prescott.
9. Song—"When Father laid the Carpet on the Stairs"—Max Sanford, Neil Sanford, Boyd Bartheaux, Jack Harris.
10. Band.
11. Wolf Cubs—Grand How and T'ped Tests—Exp. by Bryce Hatfield.
12. Presentation of Gift Cross.
13. 1st Star Tests—exp. by Sydney Wheelock.
14. 2nd Star Tests—exp. by Lloyd McPherson.
15. Band.
16. Humorous Sketch, "Scenes in the Union Depot".

SPLENDID PERFORMANCE BY WOLFVILLE CONCERT BAND

(From the Berwick Register.)

One of the best musical treats which the people of Berwick have ever had the privilege of listening to, was the Band Concert given by the Wolfville Concert Band, in Bligh's Theatre last evening. The program was of an exceedingly high order, and every number was greatly enjoyed. The only regrettable feature was the sparse and limited attendance, which was most disappointing. Instead of a capacity house, as had been expected, for some unaccountable reason only a small number turned out, notwithstanding the crowded house which greeted the Wolfville Band on their previous visit here a few months ago, when they gave their services practically free at a Sunday afternoon concert. Surely the music lovers of Berwick should have shown their appreciation in a more appropriate manner when such a rare treat was assured.

PROVINCIAL HIGHWAYS BOARD NOTICE

On and after May the first, all roads in the County of Kings are open for motor travel with the exception of the roads on the North Mountain.

The public are asked to co-operate with the Highways Board and not use any road when wet or soft during the first part of May.</

Subscription Rates—In British Empire, in advance, \$2.00 per year. To U. S. A. \$2.50 per year.

Advertising Rate Cards and information respecting territory and samples of paper mailed upon request, or may be seen at the office of any advertising agency recognized by the Canadian Weekly Newspaper Association.

Advertisers must have copy in by Monday noon in order to insure changes for standing advertisements. New display advertising copy can be accepted one day later.

Correspondence—Letters addressed to the Editor and intended for publication must be short and legibly written on one side of the paper only. The longer an article, the shorter its chance of insertion. All communications must bear the name of the writer, not necessarily for publication. The publication or rejection of articles is a matter entirely in the discretion of the Editor. No responsibility is assumed by the paper for the opinions expressed by correspondents.

Editorial

Our pulpits are our work clothes. Each of us live some kind of a sermon every day.

A SUGGESTION TO THE GROCERS

Wolfville business places begin their regular summer program next week, when the usual Wednesday afternoon half holiday comes into force. It will be remembered that last year the additional open evening which is adopted during the summer months was changed from Tuesday to Thursday, but which evening will be selected for the present season has not as yet been decided upon.

A suggestion along this line which was recently made to THE ACADIAN appears to be most timely in this connection. It is that each of our five grocers should undertake one of the five evenings on which stores are at present closed. There is little doubt but that the change would be of much advantage to customers and we believe would be appreciated. Frequent comment is heard regarding the custom in recent years of closing business places during the summer evenings and there appears to be a well conceived notion that such a course is proving detrimental to trade in general. Many from the outlying sections find it convenient to do their buying at the busy season during the evening and are frequently disappointed in not being able to make their purchases because of finding the stores closed. One store always prepared for business would overcome the difficulty and no additional burden would be laid upon the store or its employees.

CLEAN UP WEEK

Next week will be "Clean Up Week" in Wolfville and it is hoped that it will be fully observed by citizens generally. The town authorities are giving unusual attention to the occasion and are asking the hearty co-operation of the public in the important work. Back yards and alleys should receive a complete clean-up of the accumulation of the past winter and every effort should be put forth to make the town as attractive as possible. Wolfville people display as a general thing a pardonable pride in our handsome residences and well kept grounds, and during the coming week will demonstrate the fact by doing their utmost to make their surroundings clean and attractive. The town authorities will lead in the undertaking and cheerfully furnish any assistance that may be needed in order to make it a success. In view of an anticipated influx of summer visitors any effort to provide a neater and more attractive Wolfville will be well expended.

KINGS COUNTY HIGHWAYS OPEN

As will be seen by the announcement of the divisional engineer of the Highway Board in another place in this paper the roads of Kings County with a few minor exceptions are today legally opened for automobile traffic. Practically the roads have been opened for the past ten days owing to a most favorable season and the fact that the provisions of the law have received very little attention. There have been some cases where permission has been asked for by law abiding citizens who desired the use of the roads for special work, but as a general thing they were refused a privilege which less scrupulous drivers enjoyed. THE ACADIAN has frequently referred to the desirability of a better enforcement of the Motor Vehicle Act than exists and makes another protest of the laxness which prevails in this direction. Public comfort and safety demands a better carrying out of these laws during the coming summer than has hitherto been had.

IT MUST BE STOPPED

THE ACADIAN has before referred to the unnecessary disorder that prevails on our streets especially on Saturday nights. We regret exceedingly the circumstances which makes necessary a further reference to the matter. The task is by no means a pleasing one but we believe we would be remiss in our duty if no mention were made of the conditions which prevail. Surely the police department are able to cope with the evil and the expenditure of money and effort would be well made. The town has, or should have, ample authority for the suppression of the evil and it is full time that an example should be made of those who with intent disgrace the fair name of the town. Citizens are disturbed and annoyed and visitors are surprised at the evidence of lawlessness which is all too common. It is a time for action.

SAVE THE FOREST WEEK

This is what is known in Canada as "Save the Forest Week" and is an occasion which deserves the earnest consideration of our people. As the name implies the object is to impress upon the public mind the great need of the utmost care in preserving the forest wealth of the country. At or about this season annually thousands of dollars worth of valuable timber is destroyed needlessly because of gross carelessness on the part of those who should know better. In our public schools and in every other way possible should be taught the lesson which our people, young and old, have apparently so far failed to grasp. Unless stringent measures are taken by those in charge of our natural resources to prevent this wanton waste coming generations will have keen cause for regret when it is too late.

TOURIST CAMPING PARK

The tourist committee of the Board of Trade is arranging as a feature of "Clean Up Week" an attempt to put the tourist camping ground in condition for the coming summer. The site at the head of the pond on Willow avenue has been selected for the purpose and with a reasonable effort may be made a very suitable location. Wednesday afternoon of next week being the first weekly half-holiday for the season business men and all interested are invited to devote it to this important undertaking. Plans will be in readiness and capable directors will be on hand to superintend the work. Here is a chance to perform a patriotic duty which every good citizen who can possibly do so will not be slow to take advantage of.

Without doubt one of the greatest factors in the success of a home, of a business, or of a community is the hearty co-operation of all interested. The united, unselfish effort of a family will build and furnish a home even under very adverse circumstances. The same sort of effort will build a great business in which everyone from the manager to the office boy benefits materially. Co-operation coupled with unselfish service will transform a hamlet into a town and a town into a city, and all its inhabitants will benefit during the transformation.

BY-LAWS AND ORDINANCES OF THE TOWN OF WOLFVILLE

Chapter VIII.

23. It shall not be lawful for any person or persons to post, stick, paint, stamp or otherwise affix or cause to be posted, stuck, stamped, painted, or otherwise affixed on any property of the town or on any telegraph, telephone, electric light or other post or pole standing on or near any public street or other public place in the town without permission of the streets committee, nor on any tree within the limits of any of the streets of the town under a penalty not exceeding ten dollars for each offence, and in default of payment to imprisonment for a period not exceeding twenty days. Any person found committing a breach of this section is liable to arrest on view by any peace officer.

25. No person shall erect any verandah, bay window, porch, sign, awning, fence or other projection, over any sidewalk or street in the town, without making application in writing to the committee on streets and obtaining permission therefor, subject to such conditions as the said committee may impose. Every such projection now or hereafter erected over any sidewalk or street shall be removed by the owner or lessee of the premises out from which the same is built or projects within forty-eight hours after notice from the committee on streets to do so, and in default of such order being complied with the committee on streets may remove the same at the expense of such owner or lessee who shall be liable therefor as a private debt to the town, and such owner or lessee shall also be liable to a penalty for each offence against this section not exceeding twenty dollars, and in default of payment thereof to imprisonment for a period not exceeding ten days. Twenty days shall be allowed offenders after each conviction to comply with this by-law, and every twenty days' neglect thereafter so to comply shall be considered a new offence.

28. No person, except under the direction of the superintendent of streets, shall throw, place or put any filth, dirt, rubbish, ashes, straw, papers, sweepings, or other things on any street, thoroughfare, or lane, or into any public place in the town, under a penalty not exceeding ten dollars for each offence, and on non-payment thereof to imprisonment in jail for a period not exceeding twenty days.

29. No person under the age of sixteen years shall be permitted to smoke tobacco in any form in the public streets of the town, and any minor offending against this by-law shall be liable to a fine not exceeding two dollars, and in default of payment to imprisonment for not more than thirty days.

30. No person shall make, publish, paste up or exhibit any indecent or immoral placard, picture, drawing, writing, or painting in or near any street, lane, highway, bridge, or any other public place in the town.

32. Any person unnecessarily and willfully defacing, marking, or in any way injuring any trees, buildings, machines, water and fire apparatus and equipment, or other property of the town, shall on conviction thereof be liable to a penalty not exceeding one hundred dollars, or in default of payment of such fines, to imprisonment in the lock-up or county jail for a term not exceeding sixty days.

RADIOGRAMS

Now a Chicago hotel will put on a 26-story addition at a cost of \$7,000,000 but the most interesting feature is the installation of a radio receiving set in every guest room of the hotel.

The radio craze has struck England so hard that there are now over 12,000 miles of aerial wire strung in its misty atmosphere. It is said that 2,000,000 people are entertained daily by the various broadcasting stations over there. Lieut. John Iseman of the U. S. navy has invented an apparatus that automatically sets the hands of a watch at noon when time signals are broadcast by radio. It consists of a miniature receiving set with a 30-foot aerial of gold-plated wire. There is a fixed wave length, cartridge detector, self-restoring coherer, small storage battery and a sensitive relay. The whole thing is about the size of a cigar-case. Yes, it works!

What Did She Mean?

"What do you think? That young Freddie Smith asked me to sit on his lap last night!"
"Did he? What did you do?"
"Why, I sat on him hard!"
"Is the dentist in?"
"Yes, sir."
"Er—thanks, I—I—I'll call again."

W. O. PULSIFER

"61" Varnish Stain

Is wonderfully easy to use. None of the bother of applying separate coats of stain and then having to varnish them afterwards. You stain and varnish with one stroke of the brush. With varnish stain it takes very little time to change the finish of old chairs, floors, tables, chiffoniers, even whole sets of furniture. The cost is trifling, all you need is a quart or two of varnish stain and a brush. Paints, Varnish, Kalsomine, Brushing Oil, Glass, Putty, Rakes, Hoes, Shovels and all Garden Tools Screen Doors, Roofing Paper and Builders' Hardware.

L. W. SLEEP

NOTICE!

We wish to call the attention of our citizens generally to the fact that we are to have a Clean Up Week from May 5th to 10th. Ashes and rubbish of all kinds should be sent to the "dump". Old papers, when dumped, should be covered with loose ashes to keep them from blowing about. There are a number of unsightly alleys along Main Street where the ground is covered with loose sningles and last year's burdocks. Please remove them. Our town teams are busy this week cleaning the streets. As much as possible next week they will help you remove your ashes.

We hope to have a patriotic response to this appeal.

J. D. CHAMBERS, Mayor.

WIELDING THE PAINT-BRUSH Practical Helps for the Amateur in Spring Painting

It seems to be such an easy matter to buy a pot of paint and a brush and to undertake some decorating. But after the first rapture of what the work begins to give some indication of what its finished appearance will be, the amateur begins to think that, after all, there must be something more to it than merely wielding a brush.

Ready-mixed paints by a reputable firm are safest for amateurs. Suitable brushes must be used for good results. Be certain that the surface of the article to be painted is in a suitable condition. For instance, never paint over grease or dirt. They may be hidden for the time, but ultimately both will work through to the surface. The proper method of preparing a greasy surface for a coat of paint is to scrub with hot soda water.

Work for which a particularly fine finish is desired should be sandpapered after the first coat is completely dry. Radiators, water pipes, cisterns, etc., are effectively treated by giving the coat of aluminum paint. Before this is applied they must be thoroughly cleaned and every trace of rust removed. Scrape carefully, or better still, use a wire brush or steel wool for the purpose. Never use water, but a paint remover or turpentine, if difficult to clean.

Work if possible on a dry day, and of course, never apply paint to surface that is not absolutely dry or the paint will crack and peel off. New wood needs special treatment. A first under-coat or filler is given, well brushed into the wood and finished smooth and flat. When this is dry any cracks or holes must be filled up with putty, and then the surface sandpapered and a second under-coat applied. Let it get hard, rub down again, and give final coat of paint or enamel.

CRACKS IN THE FLOOR

Either the commercial crack fillers or putty may be used for filling cracks in floors. The trouble with putty is that it dries and shrinks. A cheap crack filler which is said to be permanent is made by mixing wheat flour and linseed oil to the consistency of paint and filling the cracks with a spatula. Another filler is made with a thin flour starch or glue. Add one tablespoon of powdered alum to three quarts of water, and stir in bits of newspaper, cooking until the mixture is smooth and about as thick as putty. Newspaper soaked and made into a pulp is sometimes used.

Still another recommended crack filler is prepared by melting cabinet glue in a little water in a double boiler, then adding slowly fine sawdust, stirring all the time. Sawdust is also soaked and used as follows: Scald the sawdust with boiling water, then leave it to soak for a week. Drain in a flour sack thoroughly, and mix to a putty with thin glue.

How to Renovate Wicker Furniture

A good way to begin housecleaning is to fix up your wicker furniture. Take some varnish that you dye faded summer hats with. There are a great many colors you can take your choice from. Thoroughly cleanse the furniture with soap and very hot water. Then give one coat (two is better) of the hat varnish. You will be surprised how nice they look.

The most beautiful woman—the one you love.—Dr. Frank Crane.

TWO HOUSECLEANING HELPS

Tapestry covering on furniture will brighten considerably on the use of a stiff nail-brush and suds of good white soap. Have the suds and scrub with a light quick movement. Do a small bit at a time, rub quickly off with a cloth wrung out of clear water, then with a dry cloth. Before doing this brush the furniture covering well then cover it with a dampened piece of cotton and beat for such fabrics is a cloth wrung out of water in which salt has been dissolved; then go over it with a cloth wrung out of warm soapy water, and wipe finally with salt water. The tapestry covering will dry quickly, but care must be taken that it is not allowed to become too wet.

Wall paper that has become grimy can be much improved by being gently rubbed with a ball of dough. A dough specially adapted to this purpose is made as follows: to two pounds of flour add a heaped dessertspoonful of salt, the same quantity of soda, and a piling tablespoonful of crushed lump ammonia. Mix this up with a pint of water. Then in a greased receptacle steam the mixture for half an hour. While it is still hot, knead it thoroughly with the hands and divide into pieces of convenient size. If it is not to be used at once, store in an air-tight tin.

HOW TO REMOVE STAINS

To take grease or oil stains out of clothing take lard and rub it into the oil or grease stain, then roll up the article tightly over night. The next day wash it out with hot water and soap, rinse out in hot water and hang out to dry. This item is useful in the summer months, for many ladies' summer dresses are soiled from the oily streets and the men that own autos and wear white flannel pants generally get oil on them.

To remove rust or ink stains from linen put the soiled linen in a basin and put some table salt on the stain. Then take a lemon and squeeze the juice on the salt, take the linen and rub it between the hands. After rubbing the salt and lemon juice well into the linen take and put more salt and lemon juice on the stained linen, let it remain over night in the basin, then rinse out in hot water and hang out where the sun shines on the linen; the day must be very clear and the sun shining. By doing this all stains will be removed.

TO REMOVE SCORCH STAINS

Here are two ways to remove scorch stains. One is to lay the garment in strong sunshine for several hours. If the stain is but slight, it will fade out when placed on a folded white cloth and rubbed gently with a damp cloth. If obstinate, dampen it, soap it well, and then bleach in dew and sunshine. Another way is to saturate the stain with hydrogen peroxide solution, put a white cloth over it and iron with a warm iron till the spot disappears, then rinse immediately in clear water so the fabric will not be injured by the peroxide.

FIRST GASPÉREAUX

ST. JOHN, April 24.—The first big catches of gaspereaux in this vicinity this season were made on Wednesday. It was estimated that the catch around Lorneville brought in as many as 10,000 fish, while in St. John harbor and in the bay there were between 50,000 and 60,000 fish caught by the boats and the weirs. The fish were selling at 1 1/2 cents apiece wholesale and five cents retail today.

Put Them Under Your Carpet

We have on hand a large quantity of old newspapers useful for laying under carpets, lighting fires, or many other purposes.

AVONPORT

A disastrous fire occurred at Wes. Brooklyn last week, which destroyed the house and all other buildings of Ab. Morine. The stock and a few household effects were saved. It was partly covered by insurance.

Mrs. Bishop, who has been nursing at the home of James Starratt, has returned to Hantsport. Mr. Starratt, who has been ill, is improving.

The "Sock Social" held on Wednesday evening of last week was a success, both socially and financially. A fine program was rendered including a chorus "Old Rustic Bridge"; reading by Mrs. George Huntley; vocal solo by Mrs. A. Fuller; accompanist, Mr. Publicover; selection, Leslie Barron; gramophone music, Leslie Carey. A repeat phone music, Leslie Carey. A repeat phone music, Leslie Carey. A repeat phone music, Leslie Carey.

A shipment of 85 head of steers averaging 1200 pounds, went to England from Nova Scotia on the "Canadian Leader" on April 20th from Halifax. The shipment was made up of 27 head from the Experimental Station, Kentville; 20 from the Experimental Farm, Nappan; 25 from Charles Logan, Amherst; 6 from C. C. H. Eaton, Canard and 7 from M. K. Ellis, Port Williams. These were consigned to P. D. Chapman, Cardiff. The stock compared favorably with that from the West, 150 head going by the same boat.

RATIONS FOR BABY CHICKS Baby chicks are hatched at a temperature of 103 to 104 degrees. For the first week of their lives their most urgent requirement is warmth or comfort. If a thermometer is used, it should be hung on the outer edge of the hover reflector, so that the bulb is about two inches above the floor. The thermometer in the position during the first week of the chick's life should be run 90 to 95 degrees, and can be dropped five degrees a week until the chicks get hardened to withstand normal room temperature, which is from six to eight weeks, depending upon seasons.

Remember that chicks are very small creatures, and they have a correspondingly small digestive system; hence they have no large storage capacity for food. Then, again, baby chicks grow with great rapidity, doubling their weight in the first few days of life. Chicks that are overfed are apt to develop bowel trouble. A good rule is to feed enough at each feeding so they will clean it up quickly and be satisfied, yet be hungry and ready for more when the next feeding time comes around.

Do not forget the importance of sour milk in baby chick raising. Sour milk contains lactic acid, which acts as an internal cleanser, purifying the digestive system, overcoming digestive disorders and giving an added tone and zest to the appetite of the chick. It can be fed as a beverage in the drinking water for the first few days, or it

can be fed in a dry mash which is mixed to a crumbly consistency. Sour milk, sour skim milk, buttermilk or semi-solid buttermilk are all excellent for this purpose. The first day in the brooder the chicks should have sour milk to drink, plenty of fine grit or sharp sand on the brooder floor and a fine litter of clover chaff or fine cut straw. They may be fed sparingly of a fine chick scratch feed once or twice, especially if they have been on the road a considerable period of time.

If you desire to mix your own chick scratch, the following is an excellent mixture: Ten pounds of fine cracked corn, ten pounds of cracked wheat, ten pounds of pin head or steel cut oats, ten pounds of succeeding days in the brooder, continue to feed the chick scratch from four to five times a day, feeding little at a time, but often. As the chicks are given large quantities of mash feed and wider range as they grow older, the

frequency of the grain feedings may be reduced. Like "carrying coals to Newcastle" is the bringing of Washington apples to Wolfville, the centre of Nova Scotia's famous apple-growing valley. That this is actually being done is demonstrated by the windows of a Wolfville grocery this week. These apples are very good to look at, but there should be no need even at this season, to import foreign apples here. However, its up to our growers to keep local markets properly supplied. The home market ought to be worth looking after.

In a small village in Shelburne County there are three brothers, who all married a number of years ago. After some years had passed, each wife died, leaving the three brothers widowers, each with three children; and each family consisting of two girls and one boy.

The following reductions in school text book prices were recently announced by Premier Armstrong: Atlantic Reader, to be reduced from 30 to 15 cents; the total reduction being approximately \$14,000; geography to be reduced from \$1 to 50 cents, and Acadian reader to be reduced from 70 to 35 cents. The entire reduction, he said, would be in the neighborhood of \$35,000.

Get in line for a real clean up next week. Make it a community undertaking. Envy stands between many a man and success. Until you are a big enough man to honestly and sincerely glory in the promotion of a fellow worker—you'll never get far in the business world.

What Other Test Can Oldsmobile-Six Make For You? One of these amazing cars travelled from coast to coast is high gear—with low, second and reverse gears removed! It pulled through Missouri mud, hub-deep, where other cars were stuck. It crossed the Allegheny and Rocky Mountains in high gear—though everyone said it couldn't be done! It established the remarkable economy record of 27.8 miles per gallon of gasoline, for the entire 3,674 miles. Arriving at Los Angeles—it proceeded at once to the Los Angeles Speedway and ran 68 miles an hour, under official observation. Immediately thereafter, it negotiated the 452 miles from Los Angeles to San Francisco in 10 hours and 45 min. And at no time during this tremendously trying transcontinental run, was the car's emergency kit opened! Frankly, we know of no severer tests that have ever been applied to a motor car, regardless of size or price! Yet—if you can think of a severer test, if there is anything else within reason we can do to demonstrate any feature or quality of this car—tell us what it is—AND WE'LL DO IT! If you're in doubt about one single point—put your problem squarely up to us and we will demonstrate that this Oldsmobile Six, at \$1340, at your door, offers all that the most exting could ask of an automobile—and considerably more! F. J. PORTER Company J. M. Porter, Kentville. O. D. Porter, Wolfville.

"MEDICINE" FOR DUMB ANIMALS

King's County Member's... sent to Temperance... feated.

HALIFAX, April 26.—The... their... medicine... share of intoxicating... purposes; and... province... veterinary surgeons... in their own... of liquor at... prescriptions half... decided last... time, the Local... amending... evening when... place Act was dis... Nova Scotia... of the whole... in the act that the revenue... in view of liquor for "human... from the... past fiscal year... was \$1,263,337, can confidently be... expected that the act is to... include "medicine for... be broadened... the revenues will be... amending... by the time the... considerable... are prepared.

A motion... Hon. J. A. MacDonald... King's... to... the Law Amendments Com... added in... to a veterinary sur... privilege to keep one-half... gallon of liquor in his possession for use... in charge of his duties, gave rise... in the discussion.

Mr. MacDonald declared he did not... believe that the section, if it became... law, would strengthen the Temperance... help to prevent the misuse of... So little liquor had been used in... King dumb animals, and as there... substitutes which could be used... liquors, he held that it did not seem... necessary that the amendment should...

The Attorney General said the clause... had been inserted as the result of an... appeal from the Provincial Veterinaries... association. It had been shown to Dr... Grant, leader of the temperance forces... and he had not objected to it. He be... lieved that such a law was in force in... other provinces, but he had not previ... ously known that "quadrupeds as... well as bipeds required rum."

"Or at least called for it," interject... ed D. McLennan.

Hon. Mr. MacDonald said that if... Rev. H. R. Grant had approved of the... clause, he would withdraw his amend... ment to have it stricken out. The Attor... ney General repeated that Mr. Grant... had not objected to the clause, but "I... do not say he campaigned for it," he... said.

In view of the fact that no definite... approval had been given, Mr. MacDon... ald allowed his amendment to stand.

H. W. Corning, Yarmouth, took the... view that the veterinary surgeons should... be allowed the liquor, claiming that in... many cases it was necessary in the... treatment of animals.

"What's the favorite beverage of the... animals," asked the Attorney Gen... eral.

Hon. J. C. Tory said he considered... a "blind" to secure whiskey. If it... was necessary, he would not oppose it... if he had never heard of liquor being... used in the treatment of animals. "What... my honorable friend's opinion?" he... asked of Mr. Corning.

"I think it is valuable," replied the... Yarmouth member.

"It's a valuable thing in a horse... case," said Dr. Smith (Queens).

"They will use it anyway, whether... or not," said Mr. O'Hearn.

Hon. Mr. MacDonald's amend... ment was lost, the clause passing the... committee.

The temperance bill was given third... reading.

Bay, where he will make some special... tests on two heavy motors built by the... English Motor Co. of St. Catharines... for Dominion No. 2. He has with him... an "Oscillograph," an instrument for... the detection of trouble in electrical... machinery and which is, by the way... the only portable oscillograph in Canada.

En route home Mr. Borden spent... two hours with his brother, Douglas... Borden, who is taking up the same line... of study at McGill University. Mr... Borden was married in 1915 to Miss... Mary Whidden, daughter of D. G... Whidden, Wolfville.

"TAKE DOWN THE SHUTTERS"

The Nova Scotia Publicity Bureau... has a definite, practical working plan... to upbuild Nova Scotia—a twelve... month in the year proposition. The... bureau proposes to advertise the scenic... and industrial resources of Nova Scotia... as the resources of other countries are... being advertised. The Bureau will... win out in this campaign because Nova... Scotia has the goods.

In advertising scenic resources, Nova... Scotia must meet strong competition... Other countries have got ahead but... nevertheless with its attractions for the... summer tourist Nova Scotia can not... only overtake them but pass many of... them by. The Publicity Bureau must... see that visitors are housed comfort... ably, fed properly and entertained with... right good will. The satisfied tourist is... the best advertisement that any country... can have and with proper attention... the returns will be enormous to Nova... Scotia's citizens.

The summer tourist business can be... made Nova Scotia's greatest industry... in point of money. The people only... show ordinary business instinct when... they treat it with respect, speak of it... with enthusiasm and give it their ut... most moral and financial support.

Get behind the Nova Scotia Public... ity Bureau! It has the idea and the... ideals! It has only one object on its... books—TO SELL NOVA SCOTIA to the... world. That must be done! Nova... Scotia must go ahead, not slip behind.

The Nova Scotia Publicity Bureau... with the cordial assistance of the people... will demonstrate its efficiency and pow... er. Support it!

MARITIME INTERCOLLEGIATE... ATHLETIC CONFERENCE

TRURO, April 23.—Faculty and student... representatives met here yesterday... in a conference held in the interest of... intercollegiate athletics. Representatives... from the various colleges were as follows:

Mt. Allison: Prof. Bigelow, M. C... Meek.

St. Francis Xavier—Dr. Mullins, J... F. McManus.

N. S. Technical College—Prof. Mc... Knight, Bruce Reid.

Acadia—Prof. Ross, O. C. Short.

Dalhousie—Prof. Wilson.

The University of New Brunswick... and King's were not represented.

The business was concerned chiefly... with the eligibility rules for players... and several recommendations of changes... were made, these changes to be passed... upon at the next conference to be held... in the fall of 1924.

Ain't It the Truth... Paris dispatches say the new styles... are copied from clothes worn 3000 years... ago.

A Mere Detail... Mandy was telling a friend she had... been to a wedding. She described the... bride's white satin gown, the veil, the... slippers, the flowers, and everything.

P. Prune, the Prof... He came out of his house saying... "Dern it, I've forgotten my watch,"... then taking out his watch and looking... at it, "and I haven't got time to go... back and get it."

Is Your Wife an Investor?... Your Widow will have to be—and may find her ex... perience unequal to the task. Safeguard her against... unwise investment by supplementing your "lump sum"... insurance with a Crown Life Monthly Income Policy... guaranteeing her an income for life. Phone No. 237.

WM. C. BLEAKNEY, General Agent. B. R. HOOPER, Superintendent. Central Maritime Office: Subway Block, Moncton.

A secret so simple many overlook it

Yet millions of women keep youthful loveliness this way

To realize the dream that is in every woman's heart, to keep the youth that every woman wants... Wash thoroughly with Palmolive Soap—each night before retiring. Rub the creamy, foamy lather well into the tiny pores. Rinse—and repeat the washing. Then rinse again. Then—if skin is dry—apply a little cold cream. That is all. Skin so cared for is not injured by cosmetics, by wind and sun, or by dirt.

Then—if skin is dry—apply a little cold cream. That is all. Skin so cared for is not injured by cosmetics, by wind and sun, or by dirt.

The simple, correct way You cannot find a more effective beauty treatment. Because

Palmolive Soap is blended of rare palm and olive oils—famous for mild but thorough cleansing qualities since the days of Cleopatra. And it is inexpensive.

Just be sure to get Palmolive—which is never sold unwrapped. All dealers have it. Then for one week try this simple treatment. To your delight, results will be noticeable even in that short time!

The cost is so little that you can well use Palmolive for the bath, too.

The Port Williams Acadian

PORT WILLIAMS AND VICINITY

Mrs. Geo. A. Chase has returned from a month's visit with her parents, Mr. and Mrs. Chas. Cogswell, at Winchester, Mass.

Mr. Alan Jess, who has been working in Massachusetts since last October, returned to his home on Tuesday. Miss Lou Crowe, of Berwick, spent part of the Easter holidays with friends here.

A large number went to Wolfville on Sunday to enjoy the meetings of the July Missionary Campaign. All the speakers were listened to with the greatest interest, especially in the evening service which was wonderfully impressive.

Mrs. Newton H. Newcombe returned on Friday from visiting relatives in Bridgetown and Annapolis Royal during Easter week.

Mr. Henry Harris has purchased a new car.

Mr. R. F. Newcombe is building a garage on his premises for his new car.

Miss Edith Murphy has entered the Maritime Telephone employ at the Wolfville Exchange.

Mrs. Armstrong and Miss Mosher, of Somerville, Hants Co., were guests this week of their friend, Mrs. W. Graves.

G. C. and M. K. Ellis have started exporting their strawberry plants for the season. This trade developed from a small beginning has amounted to over one million plants exported a season.

Mr. M. K. Ellis has recently purchased a very fine radio set with five head pieces, the installing of which was done by his son, Donald, who graduated from Truro Agricultural College this month.

Miss Pratt, of Bridgetown, is satisfactorily filling the position in G. A. Chase's Dry Goods store so long occupied by Miss Hanson, now of Colby, Ont.

Mrs. Fred Weaver has returned from spending a week in Halifax, the guest of her sister Mrs. Manuel.

Mr. Fredericks and family, who have lived here the past year, removed to Kentville on Wednesday.

Capt. Campbell spent last Saturday in Paradise, N. S.

Dr. Margaret Chase, who has been at home during her father's illness and death, returned to her work in Halifax on Tuesday.

The "Lily of Valley" Division has had a very successful winter. The members were well repaid by the success they had in their "The Old Maid's Convention" met with by the public. A large audience greeted its reception in Canard on Friday evening. Over \$70.00 has been raised for Hall repairs by it.

Every one will be delighted to read the encouraging news from Harold Chipman, who is being treated by Dr. Lovitt, of Boston. He is stopping at the Canard, Hospital and goes daily to the Specialist, who gives him encouragement that he will be walking again.

Rev. H. E. Stillwell, of Toronto, Sec'y of the Baptist Foreign Mission Board for Canada, occupied the pulpit of the church here on Sunday morning, giving a splendid account of the last 30 years' work in India, carried on by Maritime Baptists.

The Electric Light system has recently been installed at Milledge Schofield's. This is the third house owned by G. C. and M. K. Ellis and occupied by their employees in which they have installed the modern improvements of furnace heating, electric lights and water systems. If this were more universal throughout our farming country it would not be so hard to get and retain competent help.

CANNING

Rev. W. G. Heisler and Mrs. Heisler entertained delightfully twenty-five young ladies Monday evening, April 28. The purpose of the gathering was to re-organize the group of Canadian Girls in Training, the following officers being elected:—President, Miss Emma Bennett; Treasurer, Miss Jean Harfield; Secretary, Miss Pauline Grant. The leader is Mrs. W. G. Heisler, who will combine the work of the World Wide Guild with that of the Canadian Girls in Training. The programmes of the meetings, which will be held weekly at the various homes of the members, will be composed monthly of the World Wide Guild, and tri-monthly of the C. G. I. T.

Dr. and Mrs. S. W. Spicer are being congratulated on the birth of a son on April 12th.

Rev. W. G. Heisler officiated at the marriage on Tuesday morning, April 29, of Clara Vivian, daughter of the late Edward Rafuse, of Centreville, and Edward, son of Albert Fitzgerald, of Lockhartville.

The bride was charming in a gown of navy blue serge, with hat to correspond. Both bride and groom were unattended. Mr. and Mrs. Fitzgerald will remain for a time at Sheffield Mills, later residing at Canady Creek.

Johnson, former McGill track and field captain, now a Rhodes Scholar at Oxford, was confirmed as a member of the team. Johnson will run the 440 yards for Canada and will do his training at Oxford, joining the team when it arrives in England in June. Hilton Beylea, of St. John, N. B., will represent Canada in the sculls.

It was decided that this Olympic committee transmit to all branches of the A. A. U. of C., and all allied bodies, the fact that only the Olympic trials authorized by this committee shall be recognized; that all entries for Olympic games must be in accordance with the International Olympic Committee regulations; and that this committee will only recognize men selected at authorized trials.

Dates for trials were set as follows: Boxing trials at Toronto, June 20-21; Wrestling finals at Montreal, June 17-18; Rowing trials at St. Catharines, June 14; Sailing trials at Montreal and St. John, N. B., with the finals on Lake St. Louis, June 16.

W. E. Findlay, President of the A. A. U. of C., reported that the Quebec Government had voted \$5,000 for the Olympic fund and that it had been decided to ask the Dominion Government for an additional \$10,000 grant.

The citizens of Kentville have voted the sum of \$16,000 for a new fire equipment, to include a chemical engine, pumper and hose.

HANTSPORT HAPPENINGS

A united Sunday School is now held in the Methodist church, the Presbyterians and Methodist uniting for the first time on Sunday.

Mr. S. St. C. Jones was on a business trip to Weymouth and Boston last week.

Miss George Wall returned to Sackville Ladies College on Wednesday of last week, after spending the Easter season at the home of her parents, Mr. and Mrs. L. M. Wall.

Mrs. Murray and sister, Miss McConnell, were "At Home" to the "Happy Twelve" on Thursday evening.

Mr. and Mrs. Albert Lawrence, of St. John, are receiving congratulations on the birth of a daughter.

Mrs. E. R. Gertridge, who has been visiting friends in Kingston, returned home last week.

Mr. L. Charlton, of Kentville, electrical engineer for the D. A. R., was in town on Monday.

Mrs. C. Fullerton has resigned the position of assistant postmistress. She will be succeeded by Miss Helen Patton.

Mrs. Cecil Pulsifer and little son, of Wolfville, visited Mr. and Mrs. D. Pulsifer, Hants Border, on Thursday.

The Hantsport schools reopened on Tuesday of last week, after the Easter holidays.

Mrs. C. H. Dunbar entertained a number of her friends very pleasantly on Tuesday evening of last week.

Mrs. Geo. Holmes has for her guest Mrs. Stanley Robinson, of Aylesford.

Mrs. Bishop returned to Hantsport recently after visiting friends in Avonport.

Mrs. W. H. Johnson, of Grand Pre, has leased the house belonging to Mrs. (Dr.) Frost on Prince street.

We regret that Mrs. I. B. Wallace, who is the guest of Rev. Dr. and Mrs. Mellick, is quite indisposed.

Mrs. Porter, of Woodville, returned home on Tuesday after spending a week at the home of her sister, Mrs. W. Pulsifer.

Charles Hyson has accepted a position with Mr. C. Pulsifer, Wolfville.

The "Four Square" basketball team of Windsor was defeated by the "Maples" in the gymnasium here on Tuesday evening of last week by a score of 32-23.

The employees of Geo. H. Yeaton & Sons defeated the High School boys' team in an interesting game of basketball on Saturday evening.

Miss Myrna Gertridge, of the Provincial Sanatorium, Kentville, spent Tuesday at the home of her parents, Mr. and Mrs. E. R. Gertridge.

The Ladies' Missionary Society of the Methodist church held their annual thank-offering meeting in the vestry of the church on Easter Monday.

An enjoyable program consisting of numbers by the members and exercises by the Mission Band was rendered.

At the close refreshments were served.

Mrs. D. W. Murray entertained the W. M. S. of the Presbyterian church on Wednesday afternoon of last week.

After the transaction of business a dainty repast was served by the hostess, assisted by her sister Miss M. McConnell, and her guest Mrs. Young, of Halifax.

WRITE TO THE HOME PAPER

You are invited to write a letter to the Hantsport ACADIAN and thus get better acquainted with other readers of the paper. Send a contribution to the editor in this column.

You who are living in the cities may have a neighbor living just round the corner who also came from or near Hantsport.

You can get in touch with him through a letter in the columns of the Hantsport ACADIAN. Many recollections of childhood days in the old home could be discussed and many a pleasant visit enjoyed.

Induce your friends to subscribe for the Hantsport ACADIAN and keep up a correspondence through its columns. Some of the many Hantsport sons and daughters scattered far over the big world will be glad to receive a copy of the paper with a message from companions of the long ago.

Get together through the medium of the home paper.

SPECIAL MUSIC AT BAPTIST CHURCH

Special music was rendered in the Baptist church on Sunday evening. The choir was ably assisted by Morison Davison, of Windsor, on the violin.

Mr. Davison is a musician of rare ability having studied extensively in Boston under Claude Fisher, president and leader of the Philharmonic Society.

The following program was rendered: Prelude "Melody of Love" by H. Engelmann, organ and violin; Anthem, McDonald and Mr. Davison; Anthem, "They Will be Done" with obligato by Mrs. Geo. Holmes; instrumental, "Hosanna," Jules Granier, violin and organ; Anthem by the choir, "Christ is Risen" by H. S. Lorenz, violin accompaniment; Humoresque by Anton Dvorak, violin and organ. The pastor Rev. P. H. Beals, delivered a very inspiring message.

HANTSPORT GIRLS LOSE TO WOLFVILLE

An interesting and enthusiastic game of basketball took place between the High School girls team of Wolfville and Hantsport in the latter's gymnasium on Saturday afternoon, the visiting team winning over the locals by a score of 31-23.

THE HOLMES FAMILY

(Continued from last issue.)

HOLMES, CAPT. PELEG 3d, son Deacon Nathaniel, married, 1st, 1806, Jan. Mary Treffy, daughter Capt. Joshua P. 2d; 2d, Mary Lockhart, of Hantsport; died 1856, Dec., and had:

1806, Dec. 16, Peleg 4th, married Sarah Beckwith.

1808, July 30, Abigail Kimball, married Levi Lockhart.

1810, June 26, Kendall, married, 1st, Mary Frost; 2d, Sarah Elder.

1812, July 16, Mary, married Robert Davison.

1814, June 8, Joshua and John, twins. Joshua married Naomi Lockhart and John died in infancy.

1816, Sept. 13, Harriet N. well, married William Barker.

1818, Dec. 12, Matilda, married Gould Davison.

1822, July 1, James, married Abigail Michener.

And one child died in infancy. Children of 2d wife:

1828, Oct. 10, John William, married, 1st, Amelia Frost; 2d, Grace Anne, married, 1st, 1846, June 13, Joseph Nelson Treffy, son John 3d; 2d, Capt. J. Whitman Holmes, son Capt. Elisha.

1830, Nov. 3, Almira Louisa; died unmarried.

1833, March 30, Daniel Lockhart; died young.

1835, Aug. 31, Lydia Lucinda; died young.

1837, Dec. 12, Ruth; died young.

1839, Nov. 17, George Levi, married Mary Beckwith.

1842, Feb. 8, Ruth Amelia, married Lawrence N. Young.

1844, Feb. 18, Haseltine; died young.

1846, Dec. 27, Mary Emery, married (s. p.), Edward Sweet.

Nelson Treffy; died at sea unmarried.

Capt. Peleg Holmes 3d in 1830 was ordained Deacon. Thenceforward he was more generally addressed and known as Deacon Holmes or Deacon Peleg Holmes.

Mrs. Mary Treffy Holmes, wife of Capt. Peleg, died in 1825.

Mrs. Mary Lockhart Holmes, widow of Deacon Peleg, died in 1872.

HOLMES, PELEG 4th, son Deacon Peleg, married Sarah Beckwith, and had: Philemon, died unmarried.

HOLMES, CAPT. KENDALL, son Deacon Peleg, married, 1st, Mary Frost; 2d, (s. p.) Sarah Elder, and had: 1825, Sarah Maria, married Capt. Geo. W. Clements, son Capt. Wm. 3d, of Chebogue; died 1857, March 16.

Robert; died at sea, unmarried. Peleg; died at sea, unmarried.

Esther, married, 1859, March 29, Capt. Henry Lewis, son William, of Yarmouth.

Mary E, married, 1861, April 9, William L. Chitrick, formerly of Yarmouth, Annie, married Newton Best.

Benjamin, married Elizabeth Faulkner, John, married, 1877, Aug. 21, Eliza Poole Lewis, daughter Capt. Ben., Yarmouth.

Robert, married, 1876, May 4, Frances A. Lewis, daughter Capt. Ben., Yarmouth.

HOLMES BENJAMIN, son Capt. Kendall, married Elizabeth Faulkner, and had: Benjamin; died young.

HOLMES, JOHN, son Capt. Kendall, married, 1877, Aug. 21, Eliza P. Lewis, daughter Capt. Benjamin, and had: Maud, Albert, Mildred, Esther.

HOLMES, ROBERT, son Capt. Kendall, married, 1876, May 4, Frances A. Lewis, daughter Capt. Benjamin, and had: Percy.

CAPT. HENRY LEWIS, son William, married, 1859, March 29, ESTHER HOLMES, daughter Capt. Kendall, and had:

1862, Feb. 13, Addie C.; died 1867, Sept. 21.

1864, Oct. 29, William Henry; died 1865, March 29.

1866, Oct. 14, George C., married, 1893, June 14, Violet Evangeline Crowell, daughter Henry W.

1870, Jan. 5, Harry K., married, 1895, June 19, Julia W. Cain, daughter Capt. William.

1872, Sept. 7, Ernest H.; died 1873, April 4.

1879, April 20, Esther May. (To be continued.)

John Bull: "You fellows are putting the clock back instead of forward. For goodness sake use this proper key." —Passing Show.

Dec. 29th, 1847.—This has been a fine day, the snow has melted greatly. I sowed this afternoon and Mary came in a while. There has been a temperance meeting this evening; the boys went. Father went up to Capt. Davidson's.

30th. This evening we all have been singing, talking, and practising our rounds. Sarah Whitman and Ruth have returned from visiting. I believe half of the folks in the place have been visiting the other next today.

31st. Well, this is the last day of the year, we are so much nearer our journey's end. Time flies fast and stops for no one. I had a pair of shoes to mend this forenoon. Father went to Windsor in the wagon and did not get home till dark. He brought us a whole piece of factory and some books. The brooks are running as in spring and the snow nearly all gone.

Jan. 1st, 1848.—Now I have to put down a new figure. This is New Years day. It seems strange when looking back to see how many things have happened which at the commencement of the year we little thought of, and now we know not what will transpire the ensuing year, but let us endeavor so far as lies in our power, with the assistance of a higher power, to live and do aright and all will be well, we need not fear. Today was recommended to be held as a fast day by the Baptists throughout the province, but we did not fast from eating nor working. I went to prayer meeting—not many there. I have been doing some writing for Father. Mother is knitting, and John playing the accordion.

Jan. 2nd. The old year now has fled and gone. Another year again comes on. The ground this morn appears quite bare and nature's face not very fair. The snow has nearly all dissolved. Since last the earth around revolved, the rain was falling most all day and melting fast the snow away. This morning Mr. Vaughan did preach. The text is not now within my reach. Our preacher came with us to dine. But not a bit the sun did shine. And then he stopped a while to talk. Until it was nearly three o'clock. Now right away we did prepare.

To go into the house of prayer whilst going there we all got wet. And found not many yet had me. In a short time the rest came in. And soon the meeting did begin. The voice of singing first was heard. Our preacher read from the best word and several prayers were offered there. While we were in the house of prayer. 'Twas nearly dark when we returned. And on the hearth a brisk fire burned. We did our supper now begin. And Enoch Marsters, he came in. He stopped an hour or two to talk. And I sat down to have a rock. We sang and read the evening through. And now I say good night—Adieu. Jan. 3rd, 1848.

This morn at daylight I arose. And went to work to wash the clothes. The day indeed was very fine. And bright and clear the sun did shine. I had some corn this afternoon. And then I learned a little tune. Soon as our supper we did eat. Enoch came in and took a seat. And James, he also was in here. To settle for the bygone year. And Mary Dickie of the way. With Margaret Dimock came to stay. They stopped a while with us to talk. And went away at nine o'clock.

SCREEN GOSSIP

It is not generally known that Lionel Barrymore, who has contributed his usual striking performance in D. W. Griffith's "America" was one of the original Biograph company. This was the first organization Griffith ever directed pictures for, and its members included Mary Pickford, Mack Sennett, Owen Moore, Dorothy Bernard, King

Limited

Baggott, Jack Pickford and Lionel Barrymore. This was around 1910, and one of the peculiarities of the Biograph company was that none of the performer's names appeared on the screen. Legitimate stage actors and actresses in this period never objected to this rule, as they were ashamed to appear in the movies. There is no record, however, that Barrymore ever was downcast over his cinema appearances. In fact, it was very much a matter of choice with him, as he had innumerable opportunities to appear on the stage. Nevertheless for nine years he remained a movie actor exclusively, returning to the stage after this long absence in "The Copperhead".

Bert Woodruff, known as "Daddy", the character actor who plays an important part in the "Children of the Dust", a First National picture, has seen himself only once or twice on the screen, and furthermore he never attends film shows! Mr. Woodruff, who is of the old-time stage school, declares that he can "get into the part" just better if he goes before the camera just as he faces an audience—without having seen himself on the screen as others see him. "Children of the Dust" tells a story of a youth named Terwilliger who "adopts" old Archer, caretaker of an estate, as his father. The boy silently loves Helen, daughter of the wealthy owner of the estate. Terwilliger shoulders the blame for a supposed theft in order that his rival in the affections of Helen may not be suspected.

In her forthcoming First National photoplay "Secret", Norma Talmadge wears seven hoop skirts. Eugene O'Brien, Norma's leading man, rides a high bike of the 1880 period in the same picture. Gertrude Astor, famous "So-ciety heavy" in "Secrets", was a trombone player in vaudeville at the age of seven. George Nichols, also of the cast of "Secrets", was a blacksmith before he became "the most fatherly father in the movies". Winston Miller, who plays the role of an Eton College boy in "Secrets", is Patsy Ruth Miller's little brother. Claire McDowell, Norma's screen aunt, spent in hundreds of hotel bureau drawers placed on two chairs when she was a baby actor in her father's theatrical company.

"The Sea Hawk" is being produced by Frank Lloyd for First National releases. This novel is by Rafael Sabatini, author of "Scaramouche". Mr. Lloyd is following the book closely in the screen version. Seven large ships are being built, so that the spirit of the naval encounters of the story may be accurately visualized. It is said that "The Sea Hawk" in its finished form is to be a picture of the magnitude of "The Four Horsemen" and "Robin Hood".

TOWN OF WOLFVILLE

Annual Report For 1923

(Continued from last issue.)

AUDITOR'S REPORT

To the Mayor and Councillors of the Town of Wolfville, N. S. Gentlemen:

We have very carefully examined all the books and vouchers of the Town Clerk, covering the operations of the Town Council and the Board of School Commissioners, also of the Electric Commission of the Town of Wolfville for the year ended 31st December, 1923. Herewith we present our certified Statements, respectively, of the Receipts and Disbursements and Assets and Liabilities, together with memoranda and Abstracts of the several accounts relating to the same.

Acting upon a suggestion that we embody in this report a comment upon the present system of accounting in the Town Office, we are pleased to be afforded the opportunity of congratulating Mr. Ford upon the improvement already effected by him. In our report accompanying the Financial Statement and Balance Sheet to the Electric Commission, we stated that the system devised and used by Mr. Ford for that body had proved its efficiency by its labor-saving and simplicity of its working during 1923, the certainty of its balances and the manner it facilitates exhaustive auditing, permitting no loop-hole for a leakage of any kind. And, as that system proved adequate for all the requirements of the Electric Commission, so we are confident that the system, now in process of development and adoption by Mr. Ford for accounting in all the other departments of the Town of Wolfville will, when completed, prove equally adequate and efficient. This new Rate Book tried for the first time in 1923 is a great improvement, not only upon that which was in vogue before its adoption but upon any other that we have seen recommended elsewhere. With the very few minor changes which experience will dictate, this book may well be taken as a perfect model. Likewise, the new Cash-book introduced in July last when the old one was finished, has answered its purpose admirably, and it only remains now for the Clerk to be enabled to complete the System for 1924 by the adoption of the other specially adapted books, including a new Ledger to replace the old one which is out-of-date, worn, torn and nothing but a conglomeration of memoranda, from which it always has been a laborious task to abstract the correct data for the purposes of the annual audit and Statements. It is for the Clerk to show the Council his imperative needs to enable his carrying out his plans completely as from the beginning of the year 1924. Then the Town may proudly boast of its efficient book-keeping in every department of its service.

Respectfully submitted,
MORGAN J. TAMPLIN,
H. E. ARNOLD, Auditors.

WHAT ENGLISH CHILDREN THINK OF NOVA SCOTIA

Valuable Publicity Gained For Province Through Essay Contest

New Glasgow, April 21.—An interesting competition has recently been concluded. This was conducted by a New Glasgow business man, George Redford, who conceived the idea of interesting the boys and girls of his home-town, Reading, England, in a deeper knowledge of Nova Scotia and its advantages. He wrote to a friend, who is principal of a school, known as the Norcote Road, Tilehurst, school, suggesting an essay competition among the boys and girls of his school on "Nova Scotia, Its Climate and Productions." The idea found favor with the principal, and last week Mr. Redford received a big batch of essays. After reading over the essays Mr. Redford asked a New Glasgow man to act as judge, and the prize winning essay was awarded to Philip Weller, of 40 Norcote road, Tilehurst, England, a 14-year-old boy. Second prize went to Leslie Dibley, of 14 Recreation road, Tilehurst, aged 13, and the third prize to Ruth Skinner, 35 Recreation road, Tilehurst. The essays were of a most interesting character, and showed the result of much research. The people of that town are apparently imbued with the idea, however, that fruit growing is the principal industry of Nova Scotia, with agriculture, fishing, lumbering and mining following in the order named. Apple-growing evidently has been well advertised in England, and Nova Scotia apples seem to be well known to the boys and girls of Tilehurst. Several of the papers stated the opinion that "apples grow as plentifully in Nova Scotia as blackberries do in England." The youngsters seem to think this would be a pretty good province to live in and wonder why so many English immigrants go West. They have some strange ideas of our winters, one essayist remarking that "there is lots of snow, which provides amusement for the boys and girls but the old people don't like it."

Mr. Redford is being congratulated on his enterprise in interesting the young people of England in the possibilities and advantages of Nova Scotia. He is sending suitable prizes to the three highest winners, and another New Glasgow citizen, J. H. MacGregor, is giving a special prize. Mr. Redford served overseas with the Canadian forces, and is a member of the firm of Ross and Redford, New Glasgow.

VIOLETS

Happy are those who have the zeal and the patience to stick to scientific study year in and year out, quietly and steadily to accumulate knowledge, not with the sudden ardor that burns up and flares away, but with the firm continuance that masters all things in the end! But there are many who step out of doors in the spring with the ample determination to become botanists. After the long confinement of winter the flowers seem to cry out to us to come and learn their names and all their inmost scientific secrets. We get Gray's Botany and we begin and work hard, and then the other distractions of the summer come, and we find we never get beyond the anemones and the violets.

Above all, violets seem to be the symbol of spring. The hepaticas and bloodroot come earlier. The anemones, nodding, nodding in the chill north wind, anticipate them by a few days. Then the violets spread their purple carpet over everything. It is curious that the floral year comes in and goes out with that exquisite azure. The

THINGS OF YESTERDAY

"Blow, Spring, with mighty wings away The outworn things of yesterday. Dead leaves, dead dreams, and blighted hours; Clear hearts and fields for coming flowers. Mildew.—Speaking of stains—mildew is one of the most stubborn to remove. The first thing that should be tried is lemon juice and sunshine. If that fails, try lemon juice and starch, making a paste—then put out in the sun. Chloride of lime may be used as a last resort. It is very strong, so only a few drops may be used at a time. He: "Are you fond of indoor sports?" She: "Yes, if they don't stay too late." Customer—"I want one of your mousetraps, and hurry up, please, I want to catch a rat." Salesman—"I'm sorry, madam, but our mousetraps won't catch anything that big."

There are 147 peaks over 10,000 feet high in the Canadian Rockies, nearly all of them possessing glaciers.

ton touched them lightly and delicately, as they should be touched, for theirs is not the flaring glory of the lily or the rose. Keats in one line used violets to show what the infinite imaginative suggestion of the poet can do and what the concrete representation of the painter cannot; "Fast-fading violets covered up in leaves." Only poetry can render the subtle, melancholy, far-reaching grace conveyed in that little epithet, "fast-fading." These things the poets give us by the winter fireside. But when the May mornings come we forget even the poets and wander forth into the open woods, still open to the full splendor of the blue heaven, because the leaves scarcely yet interpose their perfect screen, and under our feet are the blue violets, peering, and peeping everywhere, renewed for us unfailingly year after year, as youth and love and hope and thought are renewed, through the eternal distraction and mutation of this variable world.—Youth's Companion.

"More Bread and Better Bread" and Better Pastry too

USE IT IN ALL YOUR BAKING

Your Home Paper Is a Mighty Good GIFT

all the year round

For your Boy or Girl away at School or at Work. For your Brother, Sister, Cousin, Uncle, Aunt, or any friend or relative who knows us folks Back Home.

Unless you've been in their position, you have no idea how they crave the news from back home—how eagerly they scan every line of the home paper. Really, they're far more interested in the paper from back home than the folks at home are.

The HOME PAPER

52 TIMES A YEAR

Contains more NEWS in one issue than you will write in a dozen letters. It costs less than your postage and stationery for a letter.

Your friend will be reminded of your thoughtfulness. Each week, as he or she reads the interesting things about the home folks, they will silently thank you.

Your Home Paper, The Acadian, \$2.00 a Year \$2.50 to the United States
