## New Autumn Suits

\$30.00 \$40.00 \$55.00 \$65.00 \$90.00

If the women of this district could visit the factories where A. D. Farrah & Co's Suits, Dresses and Coats are made, they would never accuse us of being too strong in our praise of them.

They would appreciate more than ever the quality in carefully hand-made garments.

They would appreciate the infinite care with which every part is carefully cut out and sewn together by hand. They would understand why a hand sewn lining never sags below the hem of the jacket and why button holes never become ravelly and unsightly.

Our Range in Suits, Dresses and Coats

is as large as you can expect to see in a large centre and our prices are lower than what you pay in the cities for the same quality garments.

A brand new shipment will be ready for your inspection tomorrow. They show the new long line coat that has been receiving such a warm reception from American and Canadian women.

They are in fine tested grades of Tricotine, Twill Cord and Serge. Many are in a delightful new material called Duet de Laine. They are in Navy, Brown, Forest Green and many new shades. Come tomorrow and see them.

## The New Coats are Interesting too

Words cannot describe the wonderful beauty and unusual workmanship depicted in these garments. The fur trimming and needlework are beyond duplication

An early purchase of one of these garments will save you at least \$10.00 on your coat—as the fur market is on the ascendency—and you have the original model.

## REGULAR MEETING TOWN COUNCIL

The regular monthly meeting of the Town Council was held in the Police Court Room on Thursday, Sept. 15th 1921 at 8 o'clock p. m. Present Mayor Fish, Ald. Atkinson, Dalton, Durick, Doyle, Locke, Mackay, Ritchie and Sargeant.

The following accounts were passed and ordered paid.  
Miramichi Manufacturing Co. Ltd. 11.75  
E. E. Benson 46.75  
Barnes & Co. 3.15  
Fraser Companies Ltd. 6.00  
The Light and Water Com. presented the following report.

We beg to report that a communication has been received from the C. N. R. stating that they propose to proceed with the extension of Jane Street sewer at their own expense as arranged with the Light & Water Committee last fall. The Committee would therefore recommend that a vote be laid at the same time as arranged. We would recommend payment of the following bills.

Northern Electric Co. Ltd. \$40.33  
Canadian General Electric Co. Ltd. \$1106.97

(Signed) A. H. MACKAY  
Chairman

It was moved by Ald. Mackay and seconded by Ald. Doyle that this report be received and adopted and the bills be paid.

On a division the vote stood as follows Yeas: Ald. Ritchie, Doyle, Locke, Mackay. Nays: Ald. Atkinson, Sargeant, Dalton, Durick.

The Mayor declared the motion lost. After some discussion the report was taken up section by section.

Section one dealing with Jane Street Sewer was received and adopted on motion of Ald. Ritchie seconded by Ald. Doyle and on motion of Ald. Mackay seconded by Ald. Ritchie, section two was adopted and the bills as read were ordered paid. The bill of E. Bjurstrom of \$50.00 from the Park & Fire Com. was passed and ordered paid. The chairman of the Park & Fire Com. reported that the Com. had arranged with E. Bjurstrom to keep the Fire Engine in running order and test it from time to time as directed by the Com. for the sum of \$5.00 per month with the understanding that he operate the engine at all fires where it may be required, and that he receive additional pay for such service. This report was received and adopted.

Ald. Ritchie spoke regarding the feeding of prisoners placed in the lockup by officers outside the town and the matter was referred to the Police Com. to issue the necessary instructions to the Town Officer.

The Mayor submitted copy of proposed contract between the Town and the N. B. Electric Power Commission and the Council resolved itself into a Committee of the Whole to consider the matter and Ald. Mackay was appointed Chairman.

On the Council re-assembling Chairman Mackay reported that the Committee of the Whole Council had considered the proposed contract between the Town and the N. B. Electric Power Commission and that the matter had been left in the hands of the Mayor to arrange for certain changes as noted by the committee. This report was received and adopted.

The Mayor reported that he and the Town Clerk had attended the Convention of the Union of N. B. Municipalities in St. John on August 24th—26th and that the meeting had

been a very successful one at which many important subjects had been discussed.

Adjourned.

## YOUNG-ADAMS CO. AT OPERA HOUSE

The young-Adams Co. will again appear before Newcastle audiences in the Opera House on Monday, Tuesday and Wednesday nights of next week. This Company requires no introduction to Newcastle patrons and this years' plays have been carefully chosen after due deliberation by the management. There will be a complete change every night with new scenery and vaudeville.

On Monday night "The Price She Paid" will be staged, which is a sensation from start to finish.

"Putting it Over," will be played on Tuesday night and it is interesting to see Mr. Young putting it Over. He sure knows how to do it and you are invited to be present, to see how he does it.

"Mildred" will be staged as a Wednesday Matinee, and on Wednesday night the western hurricane "The Girl From the Ranch" will complete the engagement.

Reserved seats will be on sale at C. M. Dickison & Sons, Drug Store and the prices are 35c, 50c, and 75c, while the Matinee prices will be 15c and 25 cents

## W.S. LOGGIE RETIRES SOLICITS SUPPORT

Chatham, N. B.  
Sept. 14th 1921

James Stables, Esq.,  
Newcastle, N. B.,  
President of Northumberland County

Union Association, Representing the National Liberal and Conservative party.

Dear Sir:—

I desire to advise you, and through you, the electors of the County, that I will not be a candidate for re-election in the coming contest.

I desire, however, to thank the Association and also, all the electors of the County, for their support in the past.

My conduct during my term as Member of Parliament, has been always, as far as I could see it, in the best interest of the County in particular, and Canada, as a whole. Fairness has been my rule and guide, and in saying farewell, politically, to one, I say it to all, with the kindest of feelings towards you, and thanks for your generous support of the past.

I have much pleasure in saying that in my best judgment, Union Government has served the people of Canada in the best interest of the Dominion as a whole. It has had tremendous tasks to perform, and, although mistakes may have been made, on the whole, the Country has been wisely governed.

The Tariff proposals are sane and in the best interests of Canada.

The Railway problem and Taxation are among the big things of the present and future.

This is a serious juncture in the history of Canada.

I solicit for the National Liberal and Conservative Government Candidate your hearty support.

I am, your obedient servant,  
W. S. LOGGIE

## POST OFFICE CLOSED

The Post Office at Carmel, Northumberland county, has been closed.

## SHOWER

On Monday night September 12th a number of Miss Harper's friends of Chatham Head and Douglasfield tendered her a miscellaneous shower. She received numerous gifts in silver, linen etc.

## CITIZENS HELP BLIND BOY

Chief of Police John H. Ashford circulated a petition on behalf of Willie Ross, the son of the late James Ross, of Tabusintac, who was recently murdered. This young lad is about 12 years of age and is totally blind. He has been attending the Blind School in Halifax for four years and the death of his father has handicapped the mother from being able to continue the boy at school for want of funds. Mrs. Ross requested Chief of Police John H. Ashford to endeavor to secure enough funds to furnish clothing etc. to enable the son to continue his studies. Mr. Ashford has met with much success and courtesy having secured the handsome sum of one hundred and ten dollars and forty cents in cash.

Mrs. Ross desires to take this opportunity of expressing her deep appreciation and thanks to all who subscribed towards the funds for her boy, and especially wishes to thank the following for their generous donations of clothing viz:—

A. D. Farrah & Co.—1 Boy's Suit  
Moody & Co.—1 Boy's Sweater  
J. D. Creaghan Co. Ltd.—Underwear and Hose.

Mrs. E. A. MacMillan—1 pr. Boy's boots

Mrs. M. Bannon—1 pr. Boy's boots  
Mr. Isaac Mitchell, 1 Winter Shirt  
Mr. Alex. H. Mackay—Underwear and Hose.

Chief of Police Ashford has turned over to Mrs. Ross all the clothing donated and twenty dollars and seventy five cents in cash, which Mrs. Ross used for the purpose of equipping her boy to go to Halifax Blind School. The young boy left for Halifax on Saturday and was amply provided with all the necessary clothing etc. which he needed. The balance of the cash amounting to \$93.40 has been deposited by Chief of Police Ashford in the Savings Department of the Royal Bank of Canada to the credit of Willie Ross which he will be able to use as required by him.

## WEDDINGS

### JACKSON—HARPER

A quiet but interesting wedding took place Wednesday afternoon in the "Good Shepherd Episcopal Church Fairville when Rev. Walter P. Dunham, united in marriage Dora Stanley Harper, daughter of Margaret and the late Jonathan Harper to John A. Jackson, son of Mr. and Mrs. R. Jackson of Chatham Head.

The bride who was given away by her nephew J. Harper Henderson was charmingly dressed in blue silk with hat of blue and gold.

She was assisted by Mrs. J. H. Henderson and carried a bouquet of bridal roses and maiden hair fern.

The happy couple were the recipients of numerous handsome wedding presents including silverware, china cut glass, cheques etc.

Amid congratulations and best wishes, Mr. and Mrs. Jackson left for Montreal and other Canadian cities on their honeymoon trip. The brides going away suit was blue with hat to match.

## WOMEN OF MIDDLE AGE

May Pass the Critical Period Safely and Comfortably by Taking Lydia E. Pinkham's Vegetable Compound.

Regina, Sask.—"I was going through Change of Life and suffered for two years with headache, nervousness, sleepless nights and general weakness. Some days I felt tired and unfit to do my work. I gave Lydia E. Pinkham's Vegetable Compound a trial and found good results, and I also find it a very helpful Spring tonic and useful for constipation from which I suffer much. I have recommended Vegetable Compound to several friends, and am willing you should publish this."—Mrs. MARTHA W. LINDSAY, 810 Robinson St., Regina, Sask.

If you have warning symptoms such as a sense of suffocation, hot flashes, headaches, backache, dread of impending evil, timidity, sounds in the ears, palpitation of the heart, sparks before the eyes, irregularities, constipation, variable appetite, weakness, inquietude, and dizziness, get a bottle of Lydia E. Pinkham's Vegetable Compound and begin taking the medicine at once. We know it will help you as it did Mrs. Lindsay.

## WILL BE TRIED IN OCTOBER

Hepwell Hill, Sept. 13—The authorities when asked today about the trial of Charles Brown, the young negro who is charged with the death of Victor Cahill, who was fatally stabbed at Point Wolfe, said that the trial will not take place on September 20 as arranged yesterday, but will stand over until October, possibly until Oct. 25. The exact date will be fixed later. This postponement is found necessary in order to make proper preparations and to suit the convenience of those connected with the case.

S. B. Starratt, prohibition inspector returned today from Alma where he had been searching into the matter of the liquor distribution at the boarding house at Point Wolfe on the night of the tragedy. A local merchant, Cecil Alexander, was charged with the offence and today was fined \$100 and costs.

## BIG GAME SEASON OPENED THURSDAY

The big game hunting season of 1921 opened Thursday and there is every indication that it will be a most successful one. The season is for hunting moose and deer. The special open season for partridge will be October 1st.

From all the game regions of the province comes reports that game is very plentiful this year. Moose are said to be more numerous than for some seasons past. The fellow who is able to buy a license can have his moose steak, but the government, to help the guides, has placed a ban on the selling of moose meat at the butchers cutting up block. There was a time when moose meat could be bought at a low figure, and also brought down the price of beef. Not now, however, as only the man who shoots it is allowed to peddle it out.

It is expected there will be the usual visitation to the hunting districts of American sportsmen, as many enquiries have been received from them regarding licenses, etc.

## 625,000 BOTTLES SOLD IN NEW YORK

Biggest Thing Of Kind Ever Seen In That State, Declares, Big Wholesaler.

The fact that 625,000 bottles of Tanlac have been sold in the state of New York since its introduction there less than one year ago, is a big business item that will attract unusual attention throughout the entire East, for nothing like it has ever happened before. It breaks all records.

Mr. George B. Evans, manager of the Gibson-Snow Company, the well known wholesale druggists, with branches in Albany, Buffalo, Rochester and Syracuse, recently announced that the preparation was now selling in their trade territories alone at the phenomenal rate of approximately 500,000 bottles a year.

If the present rate continues, said Mr. Evans, "this state alone will probably require considerably over 750,000 bottles a year. This is a tremendous figure, but I am really conservative in making this statement." Tanlac is sold by all leading druggists everywhere.

## A WORTHY INSTITUTION

Halifax School for the deaf is a worthy institution that has carried on a much needed and very greatly appreciated work for sixty-four years, having been founded in 1857. It has on its directorate some of the best and most public spirited men and under its principal Mr. George Bate-man, is an efficient resident staff of twenty officers and teachers. Under its charter the Provincial Act enables it to grant free admission to any Nova Scotia deaf or deaf-mute child of sound mind between the ages of six and eighteen on application in writing to the Principal and on order of the Municipality to which the child belongs.

The session commences in the first or second week in September closing for summer holidays about first of July, when the pupils are expected to return to their homes.

Last year satisfactory work was reported, the health of the pupils being good, and a record number in attendance. The Provinces were represented by 72 from Nova Scotia, 39 boys and 33 girls; 30 from New Brunswick, 16 boys and 14 girls; and 6 from Prince Edward Island, 3 boys and 3 girls. Newfoundland also sent 15, of these 9 were boys and six girls. One boy each was from British Columbia and Alberta. The total attendance was 125, bringing up the whole school family to 143.

It is found necessary now to have increased accommodation either by extension or an additional building. Three of the directors passed away during the year. Rev. Dr. John Forrest and Sir Malachy Daly, the latter having served on the board for eighteen years, and Dr. G. M. Campbell the school doctor for twenty-eight years.

An interesting feature of the work is the physical side of the pupil's education in calisthenic exercises and outdoor sports. Outside of school hours groups of boys have had instruction in printing, woodwork, wood-carving and gardening, and the girls in sewing, dress-making and fancy work, thus giving them a flying start for a happy and independent citizenship in after life.

The period in which a pupil is entitled to remain depends on the age of entry and varies from ten years, to six in the case of those entering from fifteen to eighteen years of age. The institution receives municipal and provincial grants on account of each pupil in attendance.

It is a high service for men and women who are enthusiasts in and for their work to be thus devoting their lives to the amelioration of those who are under so great a physical handicap. "Open thy mouth for the Dumb."

## HON. C. R. MITCHELL HERE

Hon. Charles R. Mitchell, M. P. P. of Edmonton (Alta.), arrived in town Thursday. Hon. Mr. Mitchell was minister of health in the Stewart government, which was defeated in the last Alberta general elections. Mr. Mitchell, however, was returned. While minister of health, he inaugurated the rural hospitals which have proven such a success and have been of so much benefit to the people of Alta. Mr. Mitchell is a native of this town and a nephew of the late Hon. Peter Mitchell, who was prominent in the political life of New Brunswick. Mr. Mitchell studied law under the late Hon. A. G. Blair in St. John.

## NEW CHURCH TO REPLACE EDIFICE 93 YEARS OLD

The New Church at Bay du Vin is under construction and the building is going on apace under the able direction of Mr. J. Hill of Chatham.

The new building is to replace the present Bay du Vin Church which was first opened for service September 28th, 1828, during the time of the ministry of the Rev. Samuel Bacon. This Church is the oldest Anglican church, next to St. Paul's Church Chatham Head on the North Shore. About 1840 a chancel was added, three bells were furnished, and in 1843 the burial ground was consecrated by the late Bishop Medley. The Bishop commenting on the church at that time said "It is more perfect in its kind than any church in the Diocese." With its windows of painted glass, its buttressed walls charmingly situated on Bay du Vin bay it has filled a position of great importance for nearly a century.

The New Church will be some what similar to the old one. It will seat about 250 persons. The dominant arch over the Chancel is to be a Tudor arch and the window arches will correspond in the tracery of the Sashes. The Baptistry and the Vestry will be separate from the Nave of the church acting as wings on either side of the tower, which will be square embattled. In addition a very substantial basement has been erected of concrete. This will be used for Sunday school and other church meetings, while a partition will separate a furnace from the rest of the basement.

The total cost of the building will be approximately about eleven thousand dollars. It is to the credit of the local congregation that they have already five thousand dollars in hand. It is expected that the Cornerstone laying will take place in the near future.

**MARITIME BOARD OF TRADE CONVENTION**

Charlottetown, Sept. 14—Fifty delegates from the Maritime Provinces met here today for the annual meeting of the Maritime Board of Trade. St. John, Moncton, Amherst, Sydney, Kentville, Chatham and various parts of Prince Edward Island being represented, with the president, H. J. Logan K.C., of Amherst, in the chair and R. E. Armstrong, of St. John, acting secretary. After addresses of welcome from the Governor, Premier and acting Mayor, the president making a fitting reply, the business was taken up. President Logan, in his annual address, strongly emphasized the need of greater co-operation in the Maritime Provinces. Up against the high tariff walls of United States, the prohibitive freight barriers of the C. N. R., the rate of exchange in England, we are obliged, he said, to trade away ourselves. Reduction in freight rates is essential to our business success. Mr. Logan also urged unity in demanding a return of the I.C.R. to former status with Maritime management at Moncton, instead of Toronto. He also suggested employment of a paid Secretary for the Maritime Board, a suggestion approved of during discussion following his address.

THE ADVOCATE

**Resolution Passed**

A resolution, moved by J. E. Masters, of Moncton, urging appointment of a commission to investigate the best method of securing for the Maritime Provinces traffic originating in C.N.R. destined for Europe and Near East, and by tariff concessions, to faster freight and passenger inward traffic through Canadian ports and over Canadian roads, was referred to a special committee for amendment. A resolution from Charlottetown board advocating opening up of better trade relations between Maritime Provinces, United Kingdom, West Indies and South America, another from Chatham board asking that Maritime representatives at Ottawa place Maritime Province interests ahead of party, either by Maritime union or united effort of members; another from Central King's board asking for completion of the standardization of the P.E.I.R.; another from Summerside board urging that there be a greater effort to create a great degree of true Canadianism by union of our efforts and devotion to our flag were passed after much interesting discussion.

**RULE DISCHARGED WITH COSTS**

Before the Appeal Division, Supreme Court, Wednesday afternoon, ex parte Henry Swim, P. J. Hughes showed cause against an order for a rule nisi mandamus. J. J. F. Winslow in support of the order. Court ordered rule discharged with costs. The case concerned an application by Mr. Swim to have the assessments of certain persons in the Parish of Blissfield, Northumberland County, increased.

**RURAL CITIZENSHIP**

Farmers do not spend much time talking about the Golden Rule, but in a well-ordered community the sense of mutual obligation to treat others as one expects to be treated is fairly well worked out. A good farming community lives not so much by laws and ordinances as by mutual regard, consideration and service.

In the large city where the machinery for getting things done is well worked out, a man if he will, can live without any consciousness of civic responsibility. The man who lives in the country, if he is devoid of a sense of civic responsibility, will become a negative force in the community, for he will fail to recognize and to discharge their normal community obligations.

**The Price of Success**

Big business is not an accident—it is a result. It is the fruit of purpose, energy, persistency and ADVERTISING.

You know the story of Rip Van Winkle—the man who went to sleep for 20 years and who, when he awoke, expected to find the world the same as it was when he entered slumberland.

There are men today very much like Rip Van Winkle—their point of view and their practices are those of a generation past. They do not believe in advertising.

To succeed in these modern days one must be in accord with the spirit of today. For a merchant this means that he must advertise, if he would prosper.

### DELICATE GIRLS NEED NEW BLOOD

**Rich, Red Blood Means Health and Strength.**

The anaemia of young girls may be inherited, or it may be caused by bad air, unsuitable food, hasty and irregular eating, insufficient out-of-door exercise and not enough rest and sleep.

It comes on gradually, beginning with languor, indisposition to mental or bodily exertion, irritability and a feeling of fatigue. Later comes the palpitation of the heart, headaches, dizziness following a stooping position, frequent headaches and breathlessness. In a majority of cases constipation is present. There may be no great loss of flesh, but usually the complexion takes on a greenish-yellow pallor.

Cases of this kind, if neglected, become more serious, but if taken in time there is no need to worry. Dr. Williams' Pink Pills, which are free from any harmful or habit-forming drug, are just the tonic needed to remedy this wretched state of health. Though it is not noticeable, improvement begins with the first dose. As the blood is made rich, the pallor leaves the face, strength and activity gradually return and the danger of relapse is very slight.

If any symptom of anaemia appears, prudence suggests that Dr. Williams' Pink Pills should be given at once, and the sooner they are taken the more speedily will their action improve the blood. You can get these pills through any dealer in medicine, or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

### FARMERS ARE ORGANIZING IN NORTHUMBERLAND

The farmers of Northumberland County met in the Labor Hall here Thursday evening and were addressed by Gordon Sharpe, of Woodstock, provincial secretary of the United Farmers of New Brunswick.

He urged co-operation as far as possible with the Labor Party.

Under his direction a local was formed. The question of bringing out a man for the coming federal election was then discussed. It was decided to call a meeting of the executive board to confer with representatives of the Labor Party for the purpose of making final decision and, to ascertain, whether, in the event of the farmers bringing out a man, the Labor Party would support him and unite with the Farmers in electing him. In the event of a satisfactory decision, a convention will be held here to nominate a candidate.

The following board was selected: Chairman, Thomas Parker, Doaktown; secretary, Hiram Whitney, Whitneyville; directors Wm. Johnstone, Newcastle; Peter O'Shea, North Esk; Charles Dunphy, Upper Blackville; Willard Wilson, Ludlow; Ernest Tozer, South Esk; Francis Dolan, Nelson; R. S. Wood, Newcastle; F. Fowle, Jr., Hardwick; A. M. Arseneault, Rogersville; John Betts, Derby; Donald Watling, Glenelg; Z. Gilks, Blissfield; Robert Buchanan, Alawicke. No definite action was taken along political lines, and no candidate for local honors was endorsed, the matter being left in the hands of the directors.

### NOTHING TO DO WITH PROGRESSIVES

Edmonton, Sept. 15—(Canadian Press.)—The outstanding event of the national progressive conference in Edmonton yesterday, attended by Premier Greenfield, Hon. T. A. Crerar, H. W. Wood, president of the U. P. of A., and other heads of the former movement, is the definite split between the Agrarians and Dr. Michael Clark, M. P. for Red Deer. Dr. Clark declares that the idea of group government is distasteful to him and that he will not stand for dictation.

Dr. Clark's letter to Mr. Crerar follows:—

"After our recent conversation it will not greatly surprise you to learn that you cannot count on me as a candidate in Alberta in the forthcoming dominion election.

Mr. Wood, whose organizing ability is great and admirable, seems to think he has found something new in the idea of group government. It is as old as the hills. True Liberals fought it in Britain and Canada alike, under restricted franchise, and, as a people, rightly struggled to be free.

The House of Lords, the family compact, the Manufacturers' Association, and the junkers and militarists of Germany are each and all examples of group government, and the progress of humanity has been proportional to its ability to free itself from the domination of these groups. Class consciousness is none the less class selfishness, and therefore doomed to die because it suddenly appears in farmer and labor parties.

"After all, there seems to be only one method of working out human affairs in the political sphere. The apostles of progress must unite upon common principles, sincerely, held, to resist reaction, which is ever present like a dead weight to drag down the aspirations of the race for freedom, justice and democracy.

"These were the things for which 60,000 Canadians died in the recent war, but they will not be attained by putting one form or class consciousness in power in place of another.

"I have been fighting 'class' for forty years. It would be quite impossible for me to turn my back on my past and the right in this election."

Dr. Clark would not say whether or not he would be a candidate at all in the coming election.

#### Comment on Dr. Clark

Montreal, Sept. 15—Commenting on the definite split between Dr. Michael Clark, M. P. for Red Deer, and the United Farmers of Alberta and other heads of the Farmer movement, because the idea of group government is distasteful to him, the Montreal Star editorially says:

"The East should give Michael Clark, of Red Deer, credit for his steadfast refusal to be swept off his feet by a movement which seems at this distance to hold his political future in the hollow of its hand.

"If the farmers are well advised, they will listen to Dr. Clark. He is their friend and not their enemy. Some of the visionaries and 'elocutionaries' who are marshalling the grain-growers of the west into a class movement in politics are preparing for their dupes an immense disaster. Class movements are certain to beget class movements; and the very worst thing that could befall the men of the soil would be to sting and inflame the men of the town against them in a spirit of self-defense."

#### Ottawa Comment

Ottawa, Sept. 15—The secession of Dr. Clark, of Red Deer, from the National Progressive party is causing the keenest comment today in both camps of the two older parties. On the whole, however, the step taken by Dr. Clark has not caused very great surprise. It was rather expected that sooner or later Dr. Clark would sever himself from the Progressives. It was he who last

### BATHURST PULP MILL TO RESUME WORK OCTOBER 1

Bathurst, Sept. 16—Angus McLean, general manager of the Bathurst Lumber Company, announces that the corporation's big pulp mill here will resume operations about October 1. The mill has been closed for several months because of the dull pulp market. The market is improving slightly. The resumption of work will give employment to 400 men. The company is establishing lime kilns at the plant.

session gave to the followers of Hon. T. A. Crerar the name of National Progressive Party, by which they have since been known. Current comment in Ottawa is that his defection will be a heavy blow to the Progressives, especially in view of the terms of his letter to Mr. Crerar.

Dr. Clark is a former Liberal, who left Sir Wilfrid Laurier on the conscription issue. He was elected in 1917 as a supporter of Union government, but, following conclusion of the war, joined the cross benches and finally the National Progressive Party from which he now announces his severance.

Sackatoon Star:—Dr. Clark's letter to Mr. Crerar is ill-considered and unjustifiable, leaving the imputation that the Progressive Party approves of group or class representation, which Dr. Clark, having been a member of that party since its organization, knows is not the case.

Calgary Herald:—The Red Deer developments are important as revealing the autocratic purposes and methods of the Farmer Party that has been built up in this province. Important also as showing that Mr. Crerar is willing to cast aside the principles he has avowed rather than risk political disadvantage by boldly taking issue with the president of the Alberta Farmers.

Edmonton Journal—Dr. Clark's disaffection has taken rise in his deep rooted opposition to the principle of group government. It is unlikely that Dr. Clark has hit upon a real and valid weakness in the Crerar scheme of politics, so far as Alberta is concerned.

**J. FRED BENSON OF CHATHAM DEAD**

The whole community was shocked Thursday morning to learn of the death of J. Fred Benson which took place at his home, 7.30 a. m. While he had not been in his best health for several months he had been around attending to business as usual. On Saturday he became ill and although confined to his home was not considered serious until Wednesday night when two physicians were summoned but despite all they could do Mr. Benson gradually grew worse and passed away. He was in his forty-eighth year and was a son of the late James Benson of this town and a nephew of the late Drs. Joseph and John E. Benson who were prominent North Shore physicians. Mr. Benson is survived by one sister, Miss Sophie G., at home, and one brother, William, manager of the Bank of Montreal, Paris. The late J. Fred Benson was one of Chatham's most prominent citizens, having served his town for many years at its council board with distinction. At one time he was a member of the county council. In politics he always was a staunch Liberal. In 1896 he opened a job printing establishment and in 1898 he published The Commercial, of which he was managing editor. He continued in this enterprise until January of this year when the business was turned into a joint stock company called The Commercial Press, Limited, of which Mr. Benson was elected managing director. He held this office until his death. He was a prominent member of St. Mary's Episcopal church. The funeral took place on Sunday afternoon, interment being in St. Paul's cemetery.

Her advice, given after a careful trial, can be readily followed with assured good results. The Tablets are a mild but thorough laxative which never fail to regulate the bowels and sweeten the stomach. They always do good—they cannot possibly do harm even to the youngest babe. Concerning them Mrs. P. Laforest, St. Nazaire, Que., writes:—"For three months my baby was constipated and cried continually. On the advice of a friend I gave him Baby's Own Tablets and now at the age of five months he is perfectly well and weighs twenty pounds. I am delighted to be able to advise other mothers to use them. The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams Medicine Co., Brockville, Ont."

**Formal Opening Sale, Satur'y, Sept. 24**

Four Compelling Factors in Extraordinary Combination which give MARONEY'S OPENING SALE the Force of DOMINANT VALUE ATTRACTIONS

**FIRST FACTOR**

The lateness of our opening with many thousands of dollars worth of new goods specially ordered for the opening of the store. We are confronted with the problem of disposing of this enormous stock of fine merchandise in a fraction of the usual time, allotted for the sale of an entire new stock of seasonable goods.

**SECOND FACTOR**

The opening of our store is an event that, independent of any other reason, calls for the giving of liberal concessions, as is customary at all such times, and we have gone far in our efforts that we may establish our business and deserve your patronage through value giving plus service.

**THIRD FACTOR**

The purchase of our stock at the present low market levels, the tightness of credit and the shortage of the money market caused the sacrifice of many lines of merchandise at much less than they can be produced to-day, of which we have taken a full advantage and selling our goods at such prices as to give the public the benefit of our purchase.

**FOURTH FACTOR**

Elimination of unnecessary expenses which makes our overhead very small and our margin of profits smaller still. Our aim is to sell for cash and buy for cash, being satisfied with small profits and quick turn-over. Passing all concessions to our patrons so well the volume of their savings in every purchase.

The combination of all these elements in the reduction of prices has resulted in the offering of almost unbelievable buying opportunities at our opening sale. There are bargains in Clothing, Footwear, Shirts, Sox, Stockings, Underwear and in everything we have in the store. Below we offer a few examples.

## A MILLION AT SUNDAY SCHOOL

In all probability Sunday, September 25th will see the largest Sunday School attendance there has ever been in Canada. Plans and propaganda have been under way for some months with a view to making Rally Day which falls on this date not only an inaugural day for the beginning of the season's work, but also a real, big day in all Canadian Sunday Schools. A programme including a special service for the day has been prepared by a joint committee of the Sunday School Boards of the Baptist, Congregational, Methodist and Presbyterian churches, and one million copies of this have been distributed to Canadian Sunday Schools of these denominations. If present prospects are in any way realized there should be well over a million babies, boys and girls and grownups in the various Canadian Sunday Schools, on Rally Day.

### Real Church Co-operation

In these days when so much is being talked about Church Union and its possibilities, a real example of the working-out of the most practical kind of this union is rather interesting. For the last few months, members of the Sunday School Boards of the Baptist, Congregational, Methodist and Presbyterian churches, representing over eighty per cent of the Sunday Schools in Canada, have been working together with a view to making Rally Day, to be held on September 25th, a notable and striking day in Canadian Sunday School History. The unanimity among the

## BRONCHIAL ASTHMA

Choking and Gasping for Breath Relieved by "FRUIT-A-TIVES"

MRS. PENNINGTON  
NEW ROCKLAND, P. Q.

"In 1919, I was taken with Bronchial Asthma and no one knows what I suffered with it during the winter. I began having Choking Spells—gasping for breath and could not speak. I would have one of these bad spells in the evening, one during the night, and one in the morning. The doctor said he could do nothing for me.

"In the spring of 1920, I started taking 'Fruit-a-tives' and in a few days, the choking spells stopped, and I have had none since May 7th, 1920. I have so wanted to tell other sufferers who have the same trouble about 'Fruit-a-tives' for I know how they must suffer.

Some thought the Asthma would come back on me as winter came on but it has not, thanks to 'Fruit-a-tives' Mrs. J. M. PENNINGTON. 50c a box, 6 for \$2.50, trial size, 25c. At dealers or sent postpaid by Fruit-a-tives Limited, Ottawa.

members of the committee have been so remarkable that they have been able to agree upon a special Rally Day Service of which 1,000,000 copies have been printed and circulated, so that on Rally Day the scholars of practically all the Sunday Schools of these denominations in Canada, will be worshipping in the same way and enjoying the same service. The same hymns will be sung, the same Scripture Readings utilized and identical by the same order of service followed. It is anticipated that not only will this Fall's Rally Day be the biggest ever held in Canada, but that it will have a very considerable influence in bringing the important place the Sunday Schools hold, before all the people of Canada, as a means of promoting practical religious educational democracy.

### Effectively Teaching Patriotism

A rather striking illustration of what a civilizing as well as an educating force the Sunday Schools of Canada are, is to be given on Sunday, September 25th this year, when over eighty per cent of the Sunday School in Canada, including the Baptist, Congregational, Methodist and Presbyterian denominations, will unite in celebrating Rally Day. It appears probable that at least 1,000,000 members and adherents of Canadian Sunday Schools will attend the special service to be held that day. A feature of this as provided for in a specially printed programme which has already been circulated in enormous quantities throughout all the Canadian Schools of these denominations, will be teaching a real patriotism and the place of the Sunday Schools in making our Dominion a better country. Arrangements for this big day have been made, by the way, by a joint committee made up of representatives from the Sunday School Boards of these various denominations and this in itself is rather an interesting illustration of the effective methods in church union which are in operation these days.

## ARE OPPOSED TO CHURCH UNION

Halifax, Sept. 13—Declaring that they regarded the proposed organic union of the Presbyterian church of Canada with other denominations as certain to produce widespread dissatisfaction, leading to the injury of the disruption of the church, the maritime branch of the Presbyterian Association of Canada, formed here today, passed the following resolution: "That this association affirms its determination to maintain and defend the Presbyterian church in Canada; and further, that the association urges upon the maritime synod to overture a general assembly that no further steps toward organic union be taken without a clear and unmistakable mandate expressed by a vote of the membership of the whole church."

The resolutions will come before the maritime synod, which opened its sessions here tonight, on Thursday afternoon.

The following officers were elected today:—Honorary president, Rev. D. Thomas Sedgwick, Tatamagouche; president, Rev. Robert Johnston, New Glasgow; vice-presidents, Colonel John Stewart, Halifax; Colonel Murray MacLaren, St. John; secretary, J. H. Cavanagh, New Glasgow; treasurer, John Mackee, Halifax; executive committee, Judge Finlayson, Sydney; Col. Thomas Cantley, New Glasgow; Dr. Cumming, Truro; G. McG. Mitchell, Halifax; William Duff; M.P. Lunenburg; Rev. R. H. Stavert, Prince Edward Island; Col. T. G. Loggie, Fredericton; Rev. Scott Mackenzie, Ph.D. Sydney Mines; Rev. Captain G. C. President C.P.R.

D. C. Coleman.

Sir Augustus Nanton.

Sir Herbert Holt.

Senator F. L. Beique.

Mr. E. W. Beatty, K.C., President of the Canadian Pacific Railway, is now on a trip of inspection over the Western Lines, accompanied by Sir Herbert Holt, and Senator F. L. Beique, of Montreal. Directors, A. D. MacTier, Vice-President of Eastern Lines, was with the party as far as Port William. D. C. Coleman, Vice-President of Western Lines, travels with the train in the West. Sir Augustus Nanton, Winnipeg, another director, with his brother, General Nanton who is on a visit to Canada, joined the party at Winnipeg.

The party travels as far West as Victoria. On the trip they are being entertained at various large centres. A glimpse of their programme shows that it is a busy one: First, entertained to a luncheon by the officers of the C.P.R. at Winnipeg; and to a dinner at Government House, Winnipeg, on the same day; then entertained to luncheon by the Moose Jaw Board of Trade. The train leaves the main line at Medicine Hat for Lethbridge and the Crow's Nest. Sullivan Mine is visited, after which the train is conveyed by barge over Kootenay Lake to Nelson, Penticton in the Okanagan Valley is reached over the lines of the Kettle Valley Railway, and after a stay there of three hours the train proceeds to Vancouver. Leaving for Victoria by steamer the C.P.R. Directors attend the opening of the new Hudson's Bay Store on Monday, Sept. 19th. Next day they are entertained to luncheon by the officers of the C.P.R. at Vancouver, after which they return East over the mountains, stopping at Revelstoke, Wapta Lake, Lake Louise and Banff. At Calgary on Saturday, the 24th Sept., the officers of the Company hold a luncheon in their honor. The itinerary then proceeds by way of Edmonton, and Saskatoon, where the Canadian Club entertains the party at a luncheon on Monday, the 26th Sept.

Edward Wentworth Beatty, President of the Canadian Pacific Railway, was born at Thorold, Ontario, in 1876. He moved to Toronto with his parents when he was ten years of age. He studied in Toronto at the Model School, Upper Canada College, Harbour Street Collegiate Institute, Osgoode Hall, and the University of Toronto. Graduating from the University he began to study law with the firm of McCarthy at Toronto in 1898. In 1901, Mr. Beatty entered the service of the C. P. R. as assistant to the General Counsel; in July, 1905, he became Assistant Solicitor, in 1910, he was General Solicitor, in 1914, he became Chief Counsel and Vice-President. He succeeded Lord Shaughnessy as President of the C. P. R. in 1918. Mr. Beatty takes a great interest in Canadian education, and in addition to being one of the governors of McGill University, is Chancellor of Queen's University at Kingston. He takes a prominent part in many public movements, such as the Navy League.

Senator, the Hon. F. L. Beique, the son of Louis Beique, was born in St. Mathias, Rouville County, Quebec, on May 20th, 1845. Acquiring his education at the College de Ste. Marie de Monnoir, he chose law for his profession, and later on became an L.L.D. of Laval University. He was called to the bar in 1868, and made a King's Counselor for the Province of Quebec in 1885, and for the Dominion of Canada in 1889. Accurate knowledge, sound judgment and clear speaking made him one of the leading lawyers of his period. His brothers in the legal profession have recognized this. From 1891 to 1893 he was Batonnier of the Bar in the district of Montreal. Senator Beique has been engaged as counsel in many celebrated cases.

Sir Herbert Samuel Holt was born in Dublin, Ireland, in 1855, a younger son of William Robert Grattan Holt, who was a member of one of the best-known families in King's County. He was educated at Trinity College, in his native city, and trained to the profession of a civil engineer. In early manhood he came to Canada, and engaged in railway construction. It was not long before he became associated with James Ross in building some of the railway lines in Ontario that were subsequently incorporated into the Canadian Pacific system. A little later Mr. Holt found his way to Chicago and to the Canadian Northwest.

H. S. Holt, James Ross, William Mackenzie and D. D. Mann formed a company which built the mountain section of the Canadian Pacific Railway, and were awarded the contract for the construction of the Short Line of the C. P. R. from Montreal to St. John, N.B. Sir Herbert Holt has for long been the president and guiding light of the Montreal Light, Heat and Power company, one of the most successful business institutions in America. He is one of the pioneers of electrical development in Canada, is president of the Royal Bank, and associated with numerous business enterprises.

Sir Augustus Nanton is the son of the late Augustus Nanton, Barrister, of Toronto. He was born in Toronto on May 7th, 1860. He was educated at the Toronto Model School. He entered the brokerage firm established by E. B. Oler in Toronto as a junior partner in 1884. In the same year he went to Winnipeg and established a

branch of the business there. In 1898 he became president of the Winnipeg Board of Trade. Later he was appointed president of the Winnipeg Stock Exchange. He holds the very important and influential position of Director and Chairman of the Canadian Committee of the Hudson's Bay Company. Other positions which he has filled are: President of the Manitoba Cartage Co., director Winnipeg St. Railway, director Dominion Bank, director Great West Life Assurance Co., director Toronto General Trusts Corporation. Sir Augustus Nanton has been the promoter of many commercial enterprises, and few in Canada have a better knowledge of the West. He resides in Winnipeg, where he is senior partner of the firm of Oler, Hammond and Nanton. He was knighted on June 4th, 1917. Sir Augustus is interested in boating and was for many years a member of Winnipeg Rowing Club.

A. D. MacTier, who is now Vice-President of the lines east of Port Arthur, like his former chief, David McNicoll, was born in Scotland. He came to Canada when a young man, and entered the service of the C.P.R. as stenographer in the Baggage Department in 1887, becoming assistant to the Superintendent of Sleeping and Dining Cars in 1889. From 1891 to 1896 he was in the Car Service Stores and Fuel Department, and from 1896 to 1899 was General Baggage Agent. From 1899 to 1907 he held the position of General Fuel Agent, when he was appointed assistant to the Vice-President. In December, 1912, he was appointed General Manager, Eastern Lines, and in 1918 he became Vice-President.

D. C. Coleman, the C. P. R. Vice-President of lines west of Port Arthur, has had a remarkably rapid rise to such a responsible position, but has earned it, for he is known in railway circles as a man of exceptional ability. Born at Carleton Place, Ontario, in 1879, Mr. Coleman joined the C. P. R. as a clerk in the assistant Engineer's Office at Fort William in 1899. Rising rapidly he was appointed Superintendent at Nelson, B.C., in 1907, and in 1908 was Superintendent of Car Service, Western Lines. In April, 1912, he was appointed General Superintendent of the Manitoba Division at Winnipeg. In 1913 he became General Superintendent at Calgary and in 1915 Assistant General Manager, Western Lines, Winnipeg. In 1918, when Grant Hall left the West to become first Vice-President in Montreal, Mr. Coleman became Vice-President of the Western Lines.

## THE LIFE STORY OF A FIVE-DOLLAR GOLD PIECE

Bishop Edwin H. Hughes tells the "life story" of a five-dollar gold piece once given him by a good Methodist woman at Shrewsbury, Mass.

"Where did you get this coin?" the woman was asked.

"From the First National Bank at Worcester, Mass." was the reply.

"An official of the bank upon being asked where the institution secured the gold, gave the information that it had arrived there as part of 'Consignment 984' from the San Francisco Mint.

The director of the mint was com-

municated with and asked the same question, "Where did you get this gold?" He replied that the bullion from which it was made at the mint in San Francisco was received in 1910 from the Grass Valley Mine, California.

In search for the source of this gold, let us go to Grass Valley. Here we find Noah James, manager of the mine.

"Mr. James, where did you get the bullion of 1910?" we ask.

He leads us down, down a measureless distance into the bowels of the earth. And he points to a glistening vein. "About here we mined the 1910 bullion," he says.

Then in the dimness, in the silence in this secret retreat of the earth, we whisper the question "O mine—O

mine that was aged before man ever trod the earth—whence came your wealth of gold?"

To the reverend heart there can come but one answer out of the deep interior of the earth—"From God."

"In the beginning God created the heavens and the earth."

The earth is the Lord's—and the fullness thereof; the world and they that dwell therein."

"The silver is mine, and the gold is mine, saith the Lord of Hosts."

"Draw if you can, the mystic line Severing rightly His from thine, Which is human, which divine."

The earth is the Lord's—and the fullness thereof; the world and they that dwell therein."

## NO GENERAL PROV. ELECTION

The announcement that writes had been issued for the bye-election to fill the vacancy in Northumberland County representation in the provincial legislature is regarded in political circles as meaning that there will be no immediate general provincial election in New Brunswick despite recent rumors.

Until it became definitely known that this bye-election was being brought on, the reports that the federal general elections would be followed immediately by a dissolution of the provincial legislature gained strength. Now it is argued that there will be a flock of bye-elections.

In addition to Honorable J. B. M. Baxter, leader of the Opposition, who, it is said, will join Premier Meighen's government, it is said that George B. Jones and Dr. H. I. Taylor, Opposition members of the Legislature for King's and Charlotte, respectively, will leave the legislature to be candidates in the federal constituencies of Royal and Charlotte. Even Premier Foster, and several of his supporters, including Mr. J. E. Hetherington, provincial secretary-treasurer, have been mentioned as likely to transfer their political activities to the federal field.

Premier Foster, when approached by the Canadian Press correspondent tonight on the question of his entry into federal politics, was entirely non-committal.

## SCOUTING

In many cases scouting discovers to the boy his life's vocation. When a Second Class Scout he may begin working for the first six of a long list of Proficiency Badges. As he goes on with his study he acquires elementary but practical knowledge of such subjects as Surveying, Gardening, Bookbinding, Prospecting, Plumbing, Telegraphing, Wireless, Music, Photography, Dairying, Farming, Mining, Metal Working, etc.

The different boy develops initiative and self-confidence. The selfish boy learns thoughtfulness for others—through the "Good Turn every day."

The boy of wealthy parents and the poor boy discover their common ground and worth.

The disrespectful boy learns respect and courtesy.

The over-confident, self-assertive or overbearing boy adjusts himself to others' rights.

The city boy acquires a real knowledge of Nature Lore and Woodcraft with all its benefits to health and mind.

The country boy develops a new and discerning interest in his surroundings; he acquires educational benefits, through his Proficiency Badge work; and he finds companionship, directly or through the Boy Scout Magazine.

CANADIAN BOY, as a member of the great brotherhood of Scouts.

## THE BOY SCOUT'S PROMISE

Before becoming a Scout, a boy, in the presence of a Scoutmaster and other Scouts, takes this pledge:

On my honor, I promise that I will do my best—

To do my duty to God, and the King. To help other people at all times. To obey the Scout Law.

"On my honour" . . . . . this is the cornerstone of Scouting. Where properly led, ninety-nine per cent, of the boys try their best to live up to it—with all its far-reaching results in character-making during the character-shaping years of a boy's life. If a Scout says a thing is so, it is so. If you give him a task to do, he will do it to the best of his ability. He is on his honor, as a Scout.

## A CHINAMAN'S DESCRIPTION OF A PIANO

We are all so accustomed to pianos in our homes that we hardly think how a piano must seem to a man who has never seen or heard one before. A Chinese who went to Europe came back and told his countrymen about the wonderful thing, and this is what he said to them:—

"The Europeans keep a large four-footed beast which they can make sing at will. A man, or more frequently, a woman, or even a feeble girl, sits down in front of the animal and steps on its tail, while, at the same time striking its white teeth with his or her fingers, when the creature begins to sing. The singing though no louder than a bird's is pleasant to listen to. The beast does not bite, nor does it move, though it is not tied up."

## Historical Events in Nova Scotia

(1) The Officer Quarters at Fort Anne, Annapolis Royal, Nova Scotia. This is now a museum where many interesting historical relics are kept.  
 (2) Fort Anne is divided into two sections; this is the connecting archway.

The Nova Scotia Historical Society and its offshoot, the Historical Association of Annapolis Royal are making combined efforts to bring about a fitting commemoration of three interesting historic events this year at Annapolis Royal, the ancient capital of the province. In 1904 the tercentenary of the founding of this place, under its former name of "Fort Royal," was celebrated with great éclat—probably 10,000 people attending—and a monument to de Monts, the founder, in a commanding position in the grounds of Fort Anne, stands as a permanent memorial of that occasion.

Now it is proposed to celebrate and erect a memorial of the tercentenary of the birth of the Province. It was in 1621, the country then being claimed by the British by virtue of Argall's conquest of Acadia in 1613, that James I. of England, VI. of Scotland, granted to Sir William Alexander (afterwards Earl of Stirling), a charter to make of this territory a New Scotland in America, that as there was a New England

and a New France there might also be a New Scotland in the New World. This business was finally arranged and the King's Letter, authorizing it issued on the 5th August, 1621, and the date of the tercentenary celebration will in all likelihood be the 5th August this year, and the scene of it the old Fort of Annapolis, now called Fort Anne, where a bronze tablet will be erected as a memorial.

At the same time and place the legal profession will celebrate the bi-centenary of British Civil Courts in Canada and put up a tablet in memory of the establishment of the first of such courts, which sat within the walls of Fort Anne in 1721.

A tablet will also be presented and dedicated bearing the following inscription: "This tablet erected A.D. 1921 under the auspices of the Historical Association of Annapolis Royal commemorates the one hundredth anniversary of the arrival in this Town of Thomas Chandler Haliburton who lived here eight years and began in this place his great career in law, literature and public life."

Thus there will be a tercentenary, a bi-centenary and a centenary celebration, all on one day, in the old stronghold of Fort Royal, whose ramparts, bastions and outworks are still in a wonderful state of preservation, and form the centre of attraction for thousands of visitors every year.

The committees in charge of the arrangements have hopes that the Governor-General will be present to unveil the tablets, which will be formally presented by representatives respectively of the province, the legal profession and the local Historical Association, and will be received for the nation by the Minister of the Interior or some one representing him, and committed to the care of the Superintendent of Fort Anne, which is now a National Park, under the management of the Interior Department of the Federal Government.

It will be a memorable occasion and no doubt will attract a host of visitors.

The full programme, we are assured, will be given to the public at an early date.

### Stumpage On Damaged Timber Cut In Half

The Provincial Government in session Thursday morning gave lengthy consideration to the matter of stumpage rate particularly as the lumbering interests of the province has requested a substantial reduction in the rate on Crown Lands because of the depressed condition of the lumber market.

Premier Foster announced at noon that a recommendation would be made to the Department of Lands and Mines touching on the matter and that an announcement would be made to the lessees by that Department after details had been worked out. The object was to encourage the cutting of timber injured by the bud-worm and in other ways, and to protect the growing timber.

### Minister's Statement

Hon. C. W. Robinson, Minister of Lands and Mines, stated on behalf of his Department that the rate on timber injured by the bud-worm and in other ways, would be cut in half being reduced from five dollars to \$2.50. Upon sound standing timber there would be no reduction. The reduced rate of stumpage would be upon spruce and fir and would hold only for the current year which includes the logging season of 1921-22. Pulpwood is classed the same as other timber in regard to the reduced stumpage. There is no reduction in the rate on ties.

### Improved Conditions

Hon. Mr. Rolanson when asked concerning the conditions of the lumber market at present said that there was an encouraging sign in the American market where a gradual improvement is observable and is expected to continue. A revival in building operations is believed to be the cause of that improvement.

### DENOUNCES THE YELLOW TOP WEED

Halifax, N. S.  
Sept. 17, 1921

The Mayor  
Newcastle, N. B.  
Dear Sir,

The secretary of our Agricultural Society here in passing through your town a short time ago noticed the weed Ragwort (Senecia Jacobaea) growing near the railway.

You may or may not be aware that this plant has been and is the cause of the disease in cattle known as the Pictou Cattle disease.

Unfortunately this plant has spread over Pictou, Antigonish and some of the counties of Cape Breton (brought from Scotland)

For many years cattle died year after year on farms in Pictou and Antigonish counties and after much experimenting and great cost the Dominion Agricultural Department proved that hay containing this weed in a dry state eaten by cattle set up cirrhosis of the liver and caused the death of the cattle, also

horses and sheep. Farmers' farms were depleted of their stocks. Now the farmers are careful to pick the weed from the hay, but this is very inconvenient and costly; besides the weed spreads over the pasture lands and checks the good pasturage.

If ragwort has not got too big a start you can keep it down and it is no exaggeration to say that its eradication will save your province millions. The plant looks something like tansy, has yellow flowers, with yellow petals an irregular leaf not unlike tomato leaves.)
