TO CELEBRATE WORLD PEACE ON COMMON DATE WHICH WILL BE SET

Paris, April 25.-A clause has been drafted for insertion in the peace treaty fixing the date for the transition to a state of peace sixty days after the signing of the treaty. If the treaty is signed about May 15, peace thus will become effective throughout the world on July 15. The purpose of this prevision is to prevent confusion among the more than twenty belligerent

nations which might fix different dates in their various ratifications. According to present plan, each nation will ratify the treaty according to its own laws, but all

will unite in a common date which will become a universal day of peace. Count von Brockdorff-Rantzau, in his last reply, stated that the German plenipotentiaries had been designated "with the idea that pourparlers will occur simultaneously with the delivery of the preliminaries of peace. This expectation to engage in discussions from the outset is leading to a careful scrutiny of President Wilson's fourteen points," as intimations have been received that the chief discussion will be whether the treaty accords with those points. One expert engaged in his scrutiny says the principal discussion will occur over the fifth point, relative to the German colonies, and the

second, which provides for "free, open and absolute freedom of the seas." One of the men drafting the treaty has expressed the belief that it would be physically impossible to complete the instrument in time for the arrival of the Germans and that it might even take until May 15 to consummate the tremendous task. This may lead to some revision in plans for the delivery of the treaty to the Carmans, and there may be a brief period of inaction until the document

As a solution of the problem that has grown out of the effort to stop use of morning gallops by professional clockers as a basis for the business of inducing people to make wagers on horse races, J. O. Keene, will propose the adoption of the following as a rule of the Kentucky State Racing Commission: "There shall be employed and paid by management of each race track opshall furnish for the benefit of the public the time of all available trials made over the track at which he is employed. Said official timer shall have one or two assistants, as occasion shall require, and his term of employment shall begin and end at the discretion of the management of the track at which he is employed, it being the intention to employ a man of long experience and sterling integrity upon the turf to time the horses and to have assistants to time a report upon the daily gallops and to forbid the grounds to all known tonts and tipsters, including owners and trainers of horses who stoop to such practices."

The Maryland Jockey Club, in conjunction with a number of prominent horsemen, have arranged a race to be run during the coming meeting at Pimlico, which will be something of novelty. SPRING FEVER

Following Colds, Grippe, Thin, Watery or Poisoned Blood

'(By Dr. VALENTINE MOTT.)

At this time of year most people suffer from what we term "spring fever". because of a stagnant condition of the blood, because of the toxic poisons stored up within the body during the long winter. We eat too much meats

Bloodless people, thin, anemic people, those with pale cheeks and lips, who have a poor appetite and feel that tired, worn or feverish condition in the springtime of the year, should try the refresh ing tonic powers of a good alterative and blood purifier. Such a tonic as druggists have sold for fifty years, is Doctor Pierce's Golden Medical Discovery. It is a standard remedy that can be obwithout alcohol from wild roots and

Occasionally one should "clean house" with castor oil or tiny pills made up of the May-apple, leaves of aloe and jalap, and sold by almost all druggists in this country as Doctor Pierce's Pleasant Pellets.

SARNIA, ONT .- "I was in a very ba condition. I could not eat without feeling distressed. Had indigestion so badly I was always, in misery. I had liver trouble as well, and the two just put me 'down and out' for about five years. I had many good doctors but got no relief I took Doctor Pierce's Golden Medical Discovery and before I had taken two bottles I was much improved, and in less than six months I was well. I could eat enything and do my work with pleasure. -MRS. ANNIE BAECOM, 226 Burand St

.. .. KING GEORGE ..

On Monday and Tuesday of next week, in addition to the regular feature, the King George Theatre are showing for the first time in this city the famous made-in-Canada production entitled "Freight No. 249." This is a remarkable story of adventure and intrigue, with an all-Canadthe local Fatty Arbuckle, Johnny Benty, of Port Dalhousie, who has become very prominent through his work in this remarkable production. There is hardly a man, woman or child in the Niagara district who is ot more or less acquainted with this young man, and all will be glad mended, and was written and produced by Wm. J. Croft, a noted diector, which speaks well for the work, and undoubtedly every one

will be on hand to see Johnny Benty. of the resolution will be sent to the Tre and Light Committee of the ity Council.

On motion by Mesrss. Riffer and Burgoyne, the secretary was instrucd to write for more information on he subject of space in the Traveogue film. This was decided upon after a letter had been read from th Canadian Films Ld. of Montreal.

Passport Question The question of the foreigner who ould not secure work in the city and who is prevented from doing so by Order-in-Council was introduced b Mr. E. C. Graves. Mr. W. A. McKinon thought that these people should assisted and requested to remain in Canada as their services would be re uired later on.

oard take similar action to that of he Trades and Labor Council and ask Government to remove the retrictions now in force.

After a short discussion a commit ee consisting of the President, Vice-President and Secretary were authorized with the Trades and Labor Couneil to ascertain the facts of the matter and present them to the Council of the Board of Trade for action.

The petition of the Halifax Board of Trade to the Government asking that no changes be made in the tariff which ate to full capacity was heartily endorsed by the members of the local Board, and after a short debate the tition to the acting Prime Minister and to the local member.

Credentials were received from the Trades and Labor Council who appointed Messrs. Cheevers, Burgess and Grant as their representatives on the Board of Trade, Mr. Waterhouse, the president welcomed Messrs. Cheevers. and Burgess who were present. -

On motion by Messrs, Malcolmson and McKinnon the secretary was instructed to reply favorably after a care ful perusal of all the information, to the application of the Navy League for the Board's endorsation of a general policy of Canada paying her share in

the British Navy. · Committee Appointed

A committee of seven will be appointd by the President to inquire into and consider the assessment of lands and roperty in the city. This action was ecided upon after the question had been debated at some length. Secretary Yates announced that the

Publicity Committee had decided to have a sign erected advertising St. Catharines. It will be placed in the rear of Mr. Baxter's barn near the Grand Trunk Station.

The Board recommended the adoption of some of the twenty planks of the Brantford Chamber of Commerce as set forth in the Brantford Communicator, he official organ of the Chamber.

The Board also endorsed the pro posal of the Dominion Fire Chief's Association to hold a fire prevention and clean-up week May 5th. A copy
