

CARNEY SMOTE BALL WITH GREAT VIGOR

All Alone He Would Have Beaten the Hatters—Edmonton, Moose Jaw and Regina Win

Medicine Hat, May 5.—Calgary won the day by smothering the ball viciously and repeatedly on that portion of the smut where it went furthest today, and won out in a walk. In this smashing business Mr. William Carney was the high chief smasher. He was at the bat on four different and distinct occasions. Once he smote to the third sack, twice to the midway and once he fell down, only getting as far as first base, which was pretty much of going during one evening.

Calgary did not do well in fielding tonight. Duggan is marked down for three bores. He hardly deserved them, but the Medicine Hat score says so, and so it goes. Manning pitched a good game.

Table with columns: Team, A, B, R, H, P, O, A, E. Rows include Duggan, Carney, Clynns, Smith, Killock, Tallant, Connors, Stanley, Manning, and Totals.

Summary—Three base hits—Carney, Stanley, McCarter. Bases stolen—Clyne, Kellackey, Gordon. Struck out—By Manning, 1; by Dunn, 2. Base on balls—Off Manning, 3; off Dunn, 6. Sacrifices—Duggan, 1; Clynns, 1. Stolen bases—Gordon, Harper, Childer, Umpire—Voss.

Lethbridge Was Very Easy

Lethbridge, May 5.—The Eskimos took the game today from the Miners like taking candy from kids, by the score of 10 to 4. Englebreton, pitching, started in well, holding the Eskimos down till the fifth, when he blew up, and he got worse in the sixth. Murphy replaced him, but was still worse. Old Cy Pleh went in to save the lost cause and retired the side in short order. Lethbridge took kindly to Dunn's elongated twirl from Edmonton, except in the second, when he fanned the first three up. Two fast double plays were pulled off. The game was a poor exhibition.

Table with columns: Team, A, B, R, H, P, O, A, E. Rows include Mills, Olson, Baxter, Moore, Luss, Brennan, Willard, Whaley, Dell, and Totals.

Moose Jaw Won Again. Moose Jaw, May 5.—Moose Jaw trimmed Brandon again today and preserves its clear sheet. The game tonight was a triumph for Brown, who held the Brandon men down to two lonely hits. They never came within gunshot of winning out. The score was as follows:

Zybasco Defeats Rouen. Detroit, Mich., May 4.—Stanislaus Zybasco last night beat Rouen, the French champion, with the scissors held in 20 minutes, and with the croch and half Nelson hold in nine and one-half minutes. This was Zybasco's third win. Rouen had beaten Zybasco tonight three. Rouen is a Goth.

The Inter-Club Marathon. Washington, May 5.—Fourteen clubs have entered the inter-city Marathon race to be run between Laurel and Baltimore on May 7th. Laurel is a suburb of Washington. Last year the race was run from Baltimore to Laurel. Seventy-five athletes are entered from Baltimore and nearby towns, and the race will be run twice that number from Washington and other places.

Winnipeg Babies Lost Again

Regina, Sask., May 5.—The second game of the season between Regina and Winnipeg opened with a scattered crowd and a bad north wind, at 5:15 today. The umpire called the game on account of darkness in the last of the eighth inning. The sensation of the contest was a home run in the first by Collins, which brought in three runs from bases on balls. Throughout the game Miller, pitcher for Winnipeg, was hit freely, although he allowed but one base on balls. Regina's new man, Sage, who pitched his first league ball today, was too fast for the visitors. His large program of innouts and "spit" balls were not seen by the Winnipeggers because of the speed with which he combined his ball. He is credited with six strike outs and permitted one base on balls. Manager Lohr, for the second time into days, wished to contest the game, which Umpire Fisher called because of darkness in the eighth. No brilliant fielding was characteristic or notably prominent for either team, and considering weather conditions and a soft diamond the game was highly satisfactory.

PARKER BREAKS NEWS TO THE CALEDONIANS

Offers Them Expenses For the Team to Play With Celtics of Vancouver May 24

The members of the Caledonia football club are unanimous in the opinion that the club should not go to the coast to replay the game at Vancouver. The Celtic. The men are thoroughly disgusted with Parker and his ways, and the bait hung out by that smooth gentleman that several sportsmen on the coast are willing to pay the expenses of the Celtics and a manager, is looked upon as a joke. Even if Parker should by error be telling the truth in this matter it is not sufficient reason that the Celtics should accept any such sop as that, and undoubtedly when they meet tonight they will inform Mr. Parker of this in no endearing terms.

The following is the letter received from Parker instructing them that they will have to replay the game at Vancouver. Parker evidently the body of trustees himself, and after much serious discussion with himself the trustees, rolled into one in the form of a Parker, did not cast a shadow, as reached the decision. Who is Parker to inform any team that their expenses have been guaranteed?

The closing portion of his letter brands him as a coming "Bill Nye." "I hope you will decide to go out and have it out with your rivals, so that the winners can take part in the tourney at Montreal next September."

It is to be hoped for the welfare of the Montreal tourney that one Parker has nothing to do with it. Here is the letter: "Port William, Ont., April 23, '10. 'The Secretary, Calgary Celtics. 'You may have noticed in the press of your city that the trustees of the People's shield have had under discussion the drawn game between your club and the Celtics of Vancouver. I am authorized to inform you that the trustees have decided that the game for last year's championship of Canada must be replayed on the 24th May, and Vancouver was named as the place where the match should take place. The expenses of your 12 men and a manager have been guaranteed by certain sportsmen at the coast, and I hope you will decide to go out and have it out with your rivals, so that the winners can take part in the tourney at Montreal next September. 'I will write you again from Toronto, meanwhile kindly let me know your club's decision by return mail. 'Yours faithfully, 'G. A. Parker. '31 Church street, Toronto."

Ben Lomond, Cal., May 5.—Joe Chynski had his first try out with Jeffries today. He showed great promise in three round bouts he had with a mere baby in Jeffries' hands. While Joe displayed all of his old time cleverness, Jeffries was much the better. The American shows great promise. Only a hand full of Jeffries' trainers and four newspaper men witnessed the bout this evening. Papke donned the gloves as director of outdoor athletics. He gave Billy a rather stiff right over the eye, which raised a big lump. "Beaten for me" was the cry again. Papke whispered as they faded, "After that Jeffries used his left entirely. Then came the bout with Chynski. The two faced each other for the first time since the twenty round draw in San Francisco 1897. They went at it with a will, Jeffries favoring Joe all the way. He was even more gentle with him than he was with Papke. In his work with Chynski Jeffries lighted his trainers by displaying a lot of the old time ginger. He romped around the ring like a boy who loves the game. After the boxing he went through a couple of handball games at top speed, and indulged in rope skipping, bag punching and shadow boxing.

Jack Johnson's Opinion. San Francisco, May 5.—Johnson is not going to exert himself at the outset of his training. Johnson intimates that he will not get into the rough stuff for a fortnight or so. The Johnson camp seems to believe that Jeffries put up in pill form, by too strenuous training at the start. Johnson indignantly denies that he is out of condition. In an interview sent to the press, Johnson said: "I am feeling fine and fit, and stories that say I am not are lies. People say that I have been hitting up the wine. Well, if they believe Jeffries going to win let them bet on him. They will make a mistake." The Big Smoke surely believes he is going to win that fight.

Notes of the American Turf. James Caffrey has sold to Charles Kohler, the piano manufacturer, who recently purchased the stallion Uncle Sam. S. C. Hildreth, a bunch of mares. One of them is Blue Blood, a half sister to Modesty. Trainer C. F. Clark started the season with a string of one horse, Lord Stanhope. The old Lord proved a pretty fair sort of horse. King Cobalt has acquired a couple of horses since. He purchased them from Allan Pinkerton, a detective fame. Boeger has purchased a pair of horses since. King Cobalt is one of the Belmont Park trained horses that is very likely to turn out a good performer this season. Although a fast horse, King Cobalt shows that he is good for long distance. He did not race well at Juarez where the track did not suit him. King Cobalt has won twenty-two races in his racing career and has been placed second and third thirty-nine times. In many of these races he met the fastest sprinters in training.

Wanted the Winner. Tom Sharkey, the former heavyweight fighter, is now famous for spending most of his time in a restaurant in "Frisco and ordered a lobster. When the waiter brought it in Tom noticed that one of the claws was missing. "This ain't a whole lobster," growled Tom. "No, sir," explained the waiter, "Lobsters often fight among themselves and frequently one eats part of another." "Well then," responded Tom, "Take this one away and bring me the winner."

San Francisco, May 4.—After half an hour's wrangling at Jack Johnson's training quarters today promoters and principals of the Jeffries-Johnson fight came to a deadlock over the choice of a referee. It was finally decided to postpone the selection until May 16. The controversy narrowed down to Eddie Graney and Jack Welch of San Francisco and Edith Smith of Oakland. Johnson insisting on one of the two first named, and Berger holding out for Smith. Johnson's objection to Smith was that Smith gave him the wrong end of a decision in a fight with Hank Griffin in Oakland a few years ago. The negro refused to consider Charlie Eylon of Los Angeles, as he is a fellow citizen of Jeffries. While Charlie White of New York was not even mentioned the outcome of the meeting is thought to have left the possibilities in favor of the choice of an eastern man. Johnson announced today that he would begin active training a week from Sunday.

B.C. REPUDIATE BOTH SHIELD AND PAKER

Decline to Accept it as Emblematic of the Soccer Football Championship of Canada

Once more G. Parker and the People's shield are repudiated, and henceforth the Vancouver and District Football Association will not acknowledge the trophy as the Canadian championship emblem of Canada. The Vancouver and District association held their annual meeting at Vancouver on Tuesday night, and President Con Jones, after making a few remarks on Mr. Parker's ability and the rotten way in which the trophy had been handled since its advent, advocated that Lord Stanhope be asked to donate a trophy emblematic of the Canadian championship, and to be awarded to the team winning the Canadian championship with hard and fast rules to govern. Mr. Jones offered to subscribe towards a \$1,000 trophy, providing that three other men, each from a separate province, would assist the competition. It was thought that it would be better to have the trophy coming from some well known public man. The meeting endorsed the remarks of Mr. Jones, and further stipulated that the Calgary Caledonians, as the recognized champions of Canada, should be given the trophy first to defend.

A resolution was consequently passed instructing the secretary of the association to write Lord Stanhope, asking him to put up a perpetual trophy for the championship of Canada, and a second resolution was passed, to be forwarded to G. A. Parker, representative of the "People's shield" in Canada, which reads as follows: "Resolved, that the secretary be instructed to write Mr. G. A. Parker as representative of the People's shield, that owing to the unsatisfactory manner in which the competition for the trophy has been handled and the fact that the trophy is governed by more clearly defined rules and responsible trustees appointed, who will see that such rules are properly carried out, this association declines to recognize the trophy as emblematic of the championship of Canada, and that a copy of this resolution be forwarded to the various provincial football organizations."

Lots of Money on Jeffries. San Francisco, May 5.—Clarence Berry, the rich oil man, has returned from New York saying that betting is pretty nearly dead there. Berry started from here with \$100,000 on Jeffries and is back with \$100,000 of it left over. He says he will wager this on Jeffries at odds of 10 to 7 if he can get takers. Athletic Director on Faculty. Topeka, Kan., May 5.—Bert Kennedy, football coach of the University of Kansas, will have a place on the faculty as director of outdoor athletics. FRIDAY, MAY 6, 1910. THE STRAIGHT ISSUE

According to a newspaper report from the north, Chief Justice Sifton has announced definitely that he will not retire from the bench to enter into the political arena, something which has been anticipated for the last few days. With this announcement any expectation of anything in the nature of a compromise must be abandoned and the insurgents and the government will meet next Monday as before, though possibly with somewhat different strength.

BOARD ACTED WISELY

The Board of Trade acted wisely yesterday in rejecting the suggestion that Calgary should make an assault upon the government and the legislature and bring the provincial university to this city. To have taken such action would have confirmed many people in Alberta in the suspicion that the Calgary university idea is based upon a hope of securing the provincial university.

The city will go to the legislature asking for a moderate grant, and if it can be shown, as it will be shown, that the Calgary university will do its part in providing higher education for the province, it is not unreasonable to expect that the province will furnish us with the grant asked for.

WESTERN REPRESENTATION

The Nelson News, predicting that the population of the west at the census of 1911 will be: Manitoba, 475,000; British Columbia, 325,000; Alberta, 300,000, and Saskatchewan, 400,000, figures out that these four provinces will have a representation in the next house of at least 56. The provinces will be represented as follows: Manitoba, 19; Saskatchewan, 16; British Columbia, 13, and Alberta 12.

In the present house, the western members number 24. The Alberta believes that the News has rather underestimated the population of Alberta. The publicity department of the Alberta government expects a population of 400,000 when the next census is taken. That would mean upon a unit of representation of 25,000 a representation of 16. It is certain that the population of this province by 1911 will be nearer 400,000 than 300,000 and the representation should not be less than 14 members. That is just twice the representation of the present.

It would not be surprising if the total representation of the west would be 60, which will be somewhat more than one quarter of the total representation.

SOME UNFAIR CRITICISM

The Lethbridge Herald deals with the movement to establish a university in Calgary in a narrow and ungenerous spirit, and in addition, is unfair and untruthful in its statements. It says that "plainly and avowedly the action arises out of the disappointment which has rankled in Calgary's breast ever since the decision to establish the provincial university at Strathcona." That is unfair and untrue. The action does not arise plainly or avowedly from any such reason.

There has been no such avowal as the Herald must be aware of the fact. The movement was started because it was believed that Calgary needed a university, and because it could support such an institution, both with money and with students.

The Herald makes another guess and says that this is a bluff, "in order to force the government to locate the provincial university at or near Calgary." That is not true. The Calgary University has in sight, without any assistance from outside of the city, an endowment which means about \$500,000. That hardly looks like a bluff. It is doubtful if the people of

Calgary would abandon an independent university for a provincial institution.

The Albertan has no great expectation of seeing the provincial university ever located in Calgary. No person in Calgary is very seriously considering it. The Lethbridge Herald, which sometimes complains of the selfishness of Edmonton and the north, warmly defended the action of the government in placing the university at Strathcona, and doubtless would do so again.

The example of Ontario is mentioned by the Herald. But the result of the multiplicity of universities in Ontario has been such good institutions as Toronto and Queen's, besides another institution almost in Ontario. All three institutions have profited by the rivalry of the other. The Herald says that the province cannot support two universities. Perhaps not. But the city of Calgary can support one institution, and is going to do it.

EDITORIAL NOTES

The government papers seem to be of the opinion that Macleod should not have representation.

It seems that an important statement was made yesterday, without the aid, assistance or abettance of Sheriff Van Wart.

Let us forget, we would ask any

reader to inform the public why W. R. Clarke did not give evidence when the commission was sitting in Edmonton or in Winnipeg.

The Edmonton politicians do not understand why there should be any difficulty about filling high offices when men like Deacon White are prancing around in this province.

It would seem that our esteemed townsman, Mr. William Carney and his associates did some smiting in the name of Calgary yesterday. Well done, William! Keep the flag a-flirring.

Calgary business men declared clearly enough yesterday that the Calgary university move is something more than a bluff to endeavor to get the provincial university moved to Calgary.

If Mr. Halley desired all the publicity that was coming to him in the despatches he should have brought his comet around after the fistic encounter between Mr. James Jeffries and Big Smoke, instead of before it.

Premier Rutherford is impossible. His supporters look upon him as a broken reed, and a make shift. With the positive declaration of Chief Justice Sifton in view, there is no person in sight for the premiership, but Hon. W. H. Cushing.

Live and learn, you know. Yesterday the closing of parliament was interrupted by a small boy addressing Black Rod as "papa." Most people had been of the opinion that Black Rod was a machine, and fitted in well with the bar of the house.

The Lyric Theatre "Eagle's Nest," a comedy-drama, in four acts, was given its initial performance last night at the Lyric theatre by the Eckhardt company. The plot is replete with humor, romance and sensational climax, following one on the other with astonishing rapidity, lending the play a point of interest that never wanes from the size of the curtain on the first act to the final fall. A decided point of interest regarding this play is the fact that the characters were all drawn from life, and while, of course, the names are fictitious, the characters would all be recognized by historians of past and western life. The company are all clever in their parts, and with Mr. Eckhardt at the head of it, proved most capable. "Eagle's Nest" runs the balance of this week with a matinee on Saturday afternoon.

The Orpheum Theatre There is an old idea that a show coming to a town and intending to stay a long time will always put on their best first, but this is not the case with Bernard's musical "Merry-makers." "The Irish Brokers" was a vehicle that carried the Orpheum company into the hearts of the audience. There was a certain bluff, boom, bang idea about the whole affair. The chorus is seen in a number of new dances and songs that are pleasing. Every member of the company is right up to the minute in this bill and never a dull moment is allowed. Henry Ford has hit the right spot and the Orpheum should be jammed to the door every night.

Starland An entire change of program today with new music, new songs, and a splendid variety of dramatic and comic pictures at the ever popular Starland. An Indian thriller, showing conflict between the Indians and white men, kidnapping of a white girl and her rescue by the grateful young Indian, is the pick of a good bunch. Starland is a nice cool place to spend an hour or so during these warm afternoons.

Fax, at Sherman's Rink. Jimmy Fax appears here on Monday. Many of our citizens, who many years ago learned with pleasure to sing, will again have an opportunity of hearing the kind of Canadian comics. He is under the direction of Wallace Graham of Brandon.

SPORT

(Continued from page 4.) MANY BIG WAGERS ON THE BATTLE

New York Town Being Flooded With Money to Back Jeffries as the Winner.

New York, May 6.—That there are now large sums of money in this city to wager on James J. Jeffries in his fight with Jack Johnson on Independence day, at odds of 2 to 1—1 it should become necessary to give such odds in order to place the money—thereby thousands more will be sent on before long from the Pacific coast for the same purpose, and that Jeffries will have no trouble in getting into the ring on the big contest, is the information imparted today by Jack Cooper, an old friend of the former champion, of Gleason, Corbett and others prominently connected with sport.

The first big wager that has been made in New York as to the length of the fight was placed on the part of a prominent local sporting man placed \$5,000 against \$7,000, put up by a broker, that the fight would not go more than ten rounds. The odds at this bet entered into any detail as to who would be the winner. The wager was solely on the length of the fight, not on the result. The odds were, ranging from \$5,000 down to \$2,000, reported, most of them at odds of 10 to 8 or 10 to 7 on Jeffries to win.

"I know that right now Gleason, Rickard, Corbett, and a whole lot of other men 'in the know' have sent and are sending all kinds of coin to New York to bet on Jeffries at any odds at all up to 2 to 1. And I'll tell you this much more; Jeffries is sending some east himself for the same purpose, and what the big fellow is sending is no trifling either." If there is a lot of money to get on Jeffries at 2 to 1, there'll be no such odds even in England, who recently to a prominent Englishman, who recently came over here. Even money will be about the best odds according to a prominent Englishman, who recently gave on the other side.

Favor Johnson in Europe Johnson is very much fancied throughout Europe, this traveler said, because, for one thing, his reputation is high there, and for another, the United States; also, there is not the prejudice against negroes abroad that there is here.

In Cooper's opinion "the big fellow" showed succinctly when he was in New York last November that he could easily regain his old form, that absence from the ring for four years had not impaired his faculties to any serious extent; that his eye for distance was almost as good as ever, and that he was terribly in earnest about giving the negro the worst beating that Jeffries has ever meted out to him.

"Just came into my gymnasium," said Cooper, "while he was here last November and put on the gloves several times. He was anxious, of course, to know just what he had in him, and so was Corbett. With the big fellow soon showed up."

"I saw him glancing dunnily over there? That thing weighs just 41 pounds. The first day Jeff came in this gymnasium he lounged over to where it hung, and without any talk, or even his overcoat, soaked it twice with both left and right hand. Each time it stood out horizontally, and it takes a mighty strong team to pull it down accurately delivered to do any thing like that."

LETHBRIDGE EXPECTS TO WIN EVERYTHING IN LACROSSE Several New and Fast Men Have Joined That Team.

A. F. Hurst, secretary of the Lethbridge lacrosse club, in the special "bull sheet" of the Lethbridge Herald writes that the Lethbridge players are practicing hard. He says: Several new and very fast men have come into the city this season and consented to attend practices and sign with the club for the season. Several inquiries have been received from players in other towns, signifying their willingness to come to Lethbridge and sign with the club. From their letters it seems to be the impression that the Lethbridge team is reported to be a live bunch and have a good chance for landing both senior and intermediate honors this year. There certainly appears to be more interest in the game this year than last, more players have been out to practice and many more have signified their intentions of coming out.

It is the intention of the club this year to make every effort to have the DeVebe cup winter here, after the end of the season, and also retain the beautiful silver cup, which Mr. R. A. Wright is donating to represent the international championship of the province. Mr. W. J. Armstrong has shown his usual enthusiasm for sport by offering to donate a silver cup to a scholar lacrosse player, if one can be formed. If this cannot be arranged he has promised to donate medals to the senior team, providing they win the DeVebe cup.

Two Chambers Says Grey London, May 5.—Sir Edward Grey, secretary of state for foreign affairs,

speaking at Oxford yesterday favored two chambers with the house of commons in superior authority. He declared that the government would never put the sovereign in a position which was not his constitutionally to occupy.

A touch of rheumatism, or a twinge of neuralgia, whatever the trouble is, Chamberlain's Liniment drives away the pain at once and cures the complaint quickly. First application gives relief, soon by all druggists.

SPORT

(Continued from page 4.) CONVICT MAKES A MEAL OF DYNAMITE

An Extraordinary Attempt at Suicide Which Ended in Failure.

Oakland, Cal., May 5.—As the result of a most unusual and probably impossible attempt to take his own life, Lyric White, a vagrant, serving a term in the city prison, got a soft foot, while his head was swollen up, according to the police, "like a polished pug." White is a sort of desperate individual at the best, and since his incarceration he has been in the dumps most of the time.

While working with the chain gang he suddenly determined that life was not worth the living, and that he would find out what was in store for him in the next world. He was with-out a knife or other weapon, with which he could destroy himself, so he finally hit upon the idea of blowing himself into a boundless space with a piece of dynamite which he found in the city's rat quarry, where the prisoners are daily at work.

White has but little knowledge of dynamite and its uses, but he remembered that dynamite is exploded by concussion. Secreting the piece of explosive in his pocket, White hid his intention throughout his system, and he was not closely observed. He climbed up the dynamite, swallowed it with a gulp and when he thought it had been distributed throughout his system, he picked up a huge rock and dropped it with a dull thud on his foot.

He felt sure that the concussion would set off the powder in his vitals, but he was sorely disappointed. When the boulder struck his palm externally, he gave a howl of pain which could be heard a block away.

Thinking he had been stung by a snake or chewed by a spider, his guards ran to his side. "White was simply speechless with pain, and it was a half hour later before he could be made to explain the cause of his warwhoop.

Finally, White admitted what he had done. He was taken in hand by a guard and very tenderly transferred to police headquarters, where he was given an unusually soft bed, and when the jailer approached him he would walk on tiptoe, as he did not wish to take any chances of jarring White, fearing that he might explode.

Next morning White did not want to go to work, but he was ordered out by Captain Lynch.

"If that man is going to explode," said Lynch, "let him do so while out in the open. I don't want to take any chances with him in jail."

White says he will not make another such attempt on his life.

Taft's Wise Policy London, May 5.—The Times says that President Taft probably sees in the movement towards reciprocity with Canada a golden opportunity of reconstructing the Republican fiscal program and re-establishing his party's prestige in the west.

TRIES TO DRAGON THE PARTY INTO LINE

Senator Aldrich Indulges in Some Pretty Straight Talk to the Regular Republicans.

Washington, D.C., May 4.—Senator Aldrich called the regular Republican senators together and confronted them with a grim description of the possible political effect of their apparent defeat at the hands of the insurgent Republicans and Democrats in the fight over the traffic agreement section of the administration railroad bill. He asked his associates whether they were ready to submit to domination by such a combination. Any surrender, he warned them, meant the failure of the Taft policies and the downfall of Conservatism control, not only in congress, but in the Republican party generally. Some one reminded Senator Aldrich that senators there gathered were not in agreement on all points. He replied that they must get together and stand together, and let the details be secondary. Otherwise, he said, congress would adjourn without a single item of the Taft program accomplished.

The entire tone of this conference was belligerent towards the insurgents. It was stated with reservation that President Taft had been fully advised of the situation and was entirely in sympathy with the plan and virtually pledged to it. It was said in behalf of the conferees that while the measures which would be resorted to were heroic, they were necessary to mark time until details of the militant plan shall have been perfected.

To Senator Aldrich was given the leadership of the new movement. He left today for Rhode Island, and will not return before Tuesday. The plan meanwhile is to mark time until details of the militant plan shall have been perfected.

Representative Vreeland of New York, one of the ultra-Conservatives, said tonight: "This insurgency is not becoming serious. It is already serious. If a division like this in the party continues, it is bound to become irreparable. If it existed only in congress it might be patched together, but when it is in every state and in every district, no amity can come of it."

C. P. R. Started Survey East From Carmangay to Medicine Hat

Gas Distended His Stomach

Caused Palpitation, and Prevented Sleep. When Health was Gone, Cure followed Use of "Nerviline."

"My last wish will be," writes Harry P. Pollard, a well-known boot and shoe traveller of Hartford, "that everyone with a bad stomach may learn as I did, before it's too late, that Nerviline is the one remedy to cure. Why, I was in mighty bad shape, my digestion was all wrong, and every night I would awaken with a start and find my heart jumping like a thrashing machine. This was caused by gas on my stomach pressing against my heart. When I started to use Nerviline I got better mighty fast. It is certainly a grand remedy for the travelling man, keeps your stomach in order, cures cramps, prevents lumbago or rheumatism, breaks up chest colds and sore throat—in fact there hasn't been an ache or pain inside or outside for the past two years that I haven't cured with Nerviline. Do you wonder I recommend it?"

For general household use Nerviline has no equal; it will cure the aches and ailments of the entire family—refuse anything but Nerviline, large size bottle 50c, or sample size 25c, all dealers or The Catarthzone Co., Kingston, Ont.

T. ROOSEVELT WARMLY WELCOMED IN NORWAY

Met at Station By King Haakon and Queen Maud

Christiana, May 4.—The capital of Norway, which was in mourning yesterday for Bjornstjerne Bjornson, was red, white and blue today with the entwined flags of the United States and the Norwegian monarchy in honor of Theodore Roosevelt. All of the public buildings and most of the private houses were lavishly decorated. The Roosevelts arrived here soon after midday, having been brought on a special train provided by the government. They were greeted at the station by King Haakon and Queen Maud personally, and escorted to the palace.

John D. Rockefeller would go broke if he should spend his entire income trying to prepare a better medicine than Chamberlain's Colic, Cholera and Diarrhoea Remedy for diarrhoea, dysentery or bowel complaints. It is simply impossible, and so says every one that has used it. Sold by all druggists.

COMES TO DEFENCE OF THE MICROBE

Harvard Professor Puts "O. K." on Kissing and Declares No Harm, Except Perhaps to Heart, Results

Cambridge, Mass., May 4.—Harvard has officially put its "O. K." on kissing. Dr. A. M. Worthington, of the medical school, an expert on bacteria, not only says there is no reason whatever why healthy and well intentioned couples should indulge in kissing to their hearts content. Incidentally, his statement shatters the theory advanced many times by professors of other universities that away without upsetting the bacterial balance. Perhaps the only serious danger springing from such a union or both parties to the union often follows the diversion. Said Dr. Worthington: "Kissing harmful? Certainly not. There is no possible reason why, if bacteria were driven out of the world or proof in the world, why of the land the world would become a desert scattered with the world's dead. Germs are humble in their needs but stupendous in their life work. The splendid work of Chamberlain's Stomach and Liver Tablets is daily coming to light. No such grand remedy for liver and bowel troubles was ever known before. Thousands bleed them for curing constipation, sick headache, biliousness, jaundice and indigestion. Sold by all druggists.

THE TRAFFIC IN SLAVES IN NEW YORK

Prisoner Tells Public How Young Girls Are Recruited For Lives of Shame in That City.

New York, May 4.--Harry Levinson, indicted for selling young girls into lives of shame, told the district attorney this afternoon that there are at least three "stockades" in New York, in each of which from five to ten such girls are kept ready night and day for instant delivery wherever they may be wanted. His counsel was with him during the interview, and confirmed it tonight. Little effort, said Levinson, is made to recruit women from the street.

The stockades are filled from the best of young girls who are unhappy at home, or who live narrow lives on their earnings and long for leisure, good clothes, gaiety and freedom from restraint. Well dressed women make it a business to frequent cheap restaurants, moving picture theatres and bargain counters to single out such cases, and first winning attention with an invitation to dinner, then describe the ease and pleasure of the alternative they propose. It was in this end of the traffic, Levinson told the district attorney, that he was a specialist. His business was to find a house where the girl was wanted. The house paid the stockade keeper a lump sum and allowed Levinson a ten per cent commission on the girl's earnings.

He and others like him kept in touch with their charges, he said, and often transferred them from house to house. He had little to do with recruiting. That was almost wholly in the hands of women, who found it easier to get a hearing. Levinson said he began as a salesman of women's raincoats. It happened that most of his customers were inmates of disreputable houses, and as he learned more of the life, he stopped selling clothes, and started selling humanity. Geo. A. Miller, the government agent in the case, he said, met him about three weeks ago in a tenderloin cafe. Miller won his confidence and told him that they were in the same line of work. A Mrs. Miller from the west was introduced, who complained of the scarcity of girls. Levinson introduced two of his own that he had picked as a side line.
