The copy filmed here has been reproduced thanks to the generosity of:

Library of the Public Archives of Canada

The images appearing here are the best quality possible considering the condition and legibility of the original copy and in keeping with the filming contract specifications.

Original copies in printed paper covers are filmed beginning with the front cover and ending on the last page with a printed or illustrated impression, or the back cover when appropriate. All other original copies are filmed beginning on the first page with a printed or illustrated impression, and ending on the last page with a printed or illustrated impression.

The last recorded frame on each microfiche shall contain the symbol → (meaning "CONTINUED"), or the symbol ▽ (meaning "END"), whichever applies.

Maps, plates, charts, etc., may be filmed at different reduction ratios. Those too large to be entirely included in one exposure are filmed beginning in the upper left hand corner, left to right and top to bottom, as many frames as required. The following diagrams illustrate the method:

L'exemplaire filmé fut reproduit grâce à la générosité de:

La bibliothèque des Archives publiques du Canada

Les images suivantes ont été reproduites avec le plus grand soin, compte tenu de la condition et de la netteté de l'exemplaire filmé, et en conformité avec les conditions du contrat de filmage.

Les exemplaires originaux dont la couverture en papier est imprimée sont filmés en commençant par le premier plat et en terminant soit par la dernière page qui comporte une empreinte d'impression ou d'illustration, soit par le second plat, selon le cas. Tous les autres exemplaires originaux sont filmés en commençant par la première page qui comporte une empreinte d'impression ou d'illustration et en terminant par la dernière page qui comporte une telle empreinte.

Un des symboles suivants apparaîtra sur la dernière image de chaque microfiche, selon le cas: le symbole → signifie "A SUIVRE", le symbole ▽ signifie "FIN".

Les cartes, planches, tableaux, etc., peuvent être filmés à des taux de réduction différents. Lorsque le document est trop grand pour être reproduit en un seul cliché, il est filmé à partir de l'angle supérieur gauche, de gauche à droite, et de haut en bas, en prenant le nombre d'images nécessaire. Les diagrammes suivants illustrent la méthode.

*On JUNE 1st, 1841,*  
**(FOR THE PROMOTION & PROTECTION OF TRADE,) Union Buildings,**  
**28 ST. FRANCOIS XAVIER STREET,**  
**MONTREAL, C. E.**

Our object and that of our EIGHTEEN Branch and Associate Offices, in the large Cities of the United States of America, Canada, and in London, England, is to give information to Subscribers, of the standing of those who purchase Goods on time or otherwise require CREDIT.

We are supported by fully Three-Fourths of the Merchants, Bankers, and Manufacturers, of every community where our advantages are known.

"This Institution, established in the City of New York over sixteen years ago, for the promotion and protection of trade, was the first organized effort ever made to relieve the Merchants and Manufacturers of the Union from the insecurity of credit operations, and to substitute for the tardy, expensive, and unsatisfactory results of individual investigation, a *system* that should be alike prompt, economical, and reliable —whose purpose it should be to supply (to subscribers only) all necessary information as to the standing and responsibility of Merchants, Traders, Manufacturers, Public Companies, &c., throughout the United States, their Territories, and British North America."—

*Our Circular of 1857.*

Collections of past due Debts particularly attended to for all, whether Subscribers to the Agency or otherwise.

Terms of Subscription will be made known at the Office, where we shall be much pleased to afford information as to the system pursued, and to give (free of expense) to those who contemplate joining the Institution a reasonable test of the correctness of our reports.
