## HYDRO EMPLOYEES APOLOGIZE FOR TAKING PART IN MUTINY

Others Are Ready to Do the Same and Trouble Is Ended —P. W. Ellis, in Signed Statement, Says Sweeney Was Unqualified For His Position.

P. W. Ellis, chairman of the Toronto Hydro-Electric Commission, gave the following statement to The World at 1 o'clock this morning:

To the Editor of The Toronto World, Toronto: Dear Sir—A great deal of publicity has been given to the affairs of the Toronto Hydro-Electric System during the past week. I have not felt that any crisis or emergency had arisen in the affairs of the system to justify the excitement that has been worked up in some quarters or to necessitate a statement from me. I think I am entitled to rely with some degree of confidence for protection from attack upon the simple fact that I have carried on business in this city for over 40 years, in full sight of my fellow-men, I most deeply regret, however, the exaggerated stories because of their possible temporary effect upon the business of the system.

The time has come, therefore, when, in the interest of the hydro-electric system, over which I preside, it is desirable to make a short public statement.

A Secret Petition. The late acting general manager of the system, Mr. Sweeney, along with a number of subordinate employees, without notice or intimation to me and without any prior representation or grievance real or imaginary, presented secretly to the mayor and board of control on the 11th inst., asking that I be not reappointed to office, and charging that I was influenced by political and other ulterior motives in my policy.

At a subsequent meeting of the commission it was decided to dismiss summarily the acting general manager for his highly improper conduct. The subordinate employees with whom, in forgetfulness of the obligations of his position, he had associated himself, having been led away by youth and inexperience, were allowed to return to their various employments with a caution as to their future conduct.

They made a communication, however, to the press that same night, justifying their conduct, and in consequence they, too, were dismissed. In the meantime the operation of the whole system has been placed in charge of Mr. R. A. Ross of Montreal, under arrangements that insured an uninterrupted service.

Entirely Unsatisfactory. In connection with the dismissal of the acting general manager, I may also say that his past services had been entirely unsatisfactory. He was in the employment of the system at the time the commissioners assumed office, his duties then including the control of the accounting department and of the sales department. Upon the retirement of Mr. Aitken he was appointed under the necessities of the time acting general manager. It speedily became apparent, however, that he had neither the qualifications nor the capacity for this position. The commission therefore has been looking for a long time for a thoroughly competent general manager, and in accordance with the announcement made a few days ago, they appointed by a resolution, passed on Feb. 25th last, Mr. H. H. Couzens of Hamptonstead, England, to that position. Mr. Couzens is a gentleman of large and wide experience and of high attainments, who, I am satisfied, will discharge his responsible duties with credit and success.

They Must Manage. The commissioners are charged by law with responsibility for the management of the hydro-electric system. The duty thus laid upon them is peremptory. They must manage the undertaking. There were appointed for that purpose. Authority for management is vested in the body. They cannot shoulder these responsibilities on the city council, on the provincial Hydro-Electric Commission, or on any

(Continued on Page 3, Column 4.)

## MANY NOTABLES ATTEND WEDDING OF CAPT. BULKELEY AND MISS PELLY

Duke of Connaught, Prince Arthur, Princess Patricia, Lord Strathcona and Others Attend Ceremony at Wellington Barracks—Reception Was Afterwards Held at Grosvenor Gardens.

LONDON, April 21.—(Can. Press.)—The Duke of Connaught and Prince Arthur and Princess Patricia of Connaught were present at the wedding of Captain E. H. Bulkeley, formerly of the Duke, and Miss Evelyn Pelly, lady-in-waiting to the Duchess, which took place today at the Guards Chapel, Wellington Barracks. Lord Strathcona, the Duchess of Hamilton, Sir John and Lady Maxwell and other distinguished personages attended the wedding. After the service the bride and bridegroom left the church with the Duke of Connaught by automobile and drove to Grosvenor Gardens, where a reception was held. Later in the afternoon Captain and Mrs. Bulkeley, married to Bagshot Park, Surrey, for the honeymoon. They were the recipients of almost one thousand presents, including some very valuable gifts from the king and queen and other members of the royal family.

## The Fire Boat Joe Goodwin

Chief Engineer Jas. Goodwin Standing on the Bow of the Tug as it Was Pumping Water on the Hanlan's Point Fire From the Lagoon.

## FIELDING GIVES COURAGE TO OPPOSITION

OTTAWA, April 20.—(Special.)—The Nova Scotia Liberal members gave a dinner in the parliament restaurant last night, at which Hon. W. S. Fielding was the guest of honor. Hon. Sydney Fisher, Sir Frederick Borden and Sir Wilfrid Laurier were among the guests. Mr. Fielding, it is reported, was in excellent health and spirits and talked hopefully of what the Liberals would do if given a chance to go to the country. He complained that the press despatches to the English papers from Canada were colored in the interests of the Borden naval policy, and that a section of the Liberal party in Britain deprecated the obstructive tactics employed by the opposition in the Dominion Parliament, but assured his hearers that the rank and file of the Liberal party in the mother country were fairly seized of the true situation.

## The World's Largest Steamer.

Cunard Liner "Aquitania," Which Will Be Launched Today.

## AEROPLANE TRIP PROVED FATAL TO BARONET

Sir Charles Rose Found Dead in Motor Car After First Aerial Flight—Prominent Parliamentarian and Turfman—Was a Canadian and a Veteran of Fenian Raid.

LONDON, April 21.—(C. A. P.)—Sir Charles Rose, M.P. for Newmarket, died in his motorcar after returning from Hendon yesterday. On Sunday afternoon, just after 2 o'clock, he left his residence in North Audley street in his motor and drove to the London Aerodrome at Hendon. After witnessing some flights, Sir Charles himself went up in an aeroplane as a passenger.

On descending he appeared to have enjoyed the trip, though he had for a long time been looking forward to this experience. When he left his house for the aerodrome he was in excellent spirits and remarked to a friend "what a beautiful day for a flight." He returned to his residence by motorcar about 4.30. Between the aerodrome and there death took place, suddenly in the car. When the chauffeur pulled the car up at the door of the house and got down to assist Sir Charles out, he found the baronet dead, and at once drove him to Dr. Milligan, Upper Brook street, a short distance. The doctor, however, after seeing the patient, could only pronounce life extinct.

## The Well-Known Turfman.

Circumstances of the death, which appear to be due to heart failure, have been communicated to Sir Charles Rose's son, who is in Paris, from whence he is expected to arrive today.

The deceased represented Newmarket division from 1903 to 1910 and was again elected in 1911. Few men were better known on the turf here, both as owner and breeder, his colors being especially popular at Newmarket.

Deceased last spoke in parliament here as recently as the 11th inst., when he seconded the national service bill. He was the only Liberal to back the bill. He was elected to the jockey club in 1891, and laid out perhaps the finest tennis court in England at Newmarket. He also had a magnificent one at Hardwick's house, his beautiful Thames valley residence. He represented the turf for several seasons. Dr. Milligan, interviewed, declared Sir Charles died from heart failure. There can be little doubt, the doctor added, the excitement of taking his first aeroplane flight was in a large measure responsible. It is thought probably the primary cause was his heart's weak condition.

## A Remarkable Letter.

A most remarkable letter from a Canadian missionary who has become a leper will be read at the meeting of the Leper Mission this afternoon at 3 o'clock in the Bible College, 110 College street. Information will also be given about the massacre of leper women and children by Republican officials in China.

## SIX SUMMER HOMES AT HANLAN'S COMPLETELY DESTROYED BY FIRE HOSPITAL SAVED BY RESIDENTS

### ITALIAN TRIED TO MAKE ESCAPE

Stabbed a Companion, Ran Away, But Was Caught by Quick-Witted Policeman.

The quick action of Station Dutyman Curry of Agnes street police station yesterday prevented the escape from a house opposite the station of an Italian charged with wounding a fellow-countryman. The man had eluded two city detectives and was on the point of making good his escape when seen and captured by Curry.

About 3.30 yesterday Antonio Novelli of 23 Agnes street ran into the police station with blood running from an ugly wound across the left side of his face, and said that Giuseppe Launioia of 48 Agnes street had tried to stab him.

Detective Strohm and Patrol Sergeant Fife immediately went over to 48 Agnes street to look for Launioia, but while they were searching the premises for him, he in some way managed to elude them and dashed out the front door into the street, and from there into a nearby house. Curry, who was in the police station opposite, saw the escape of the Italian, followed him into the house, found him crouching in the hallway, and arrested him.

Novelli was removed to St. Michael's Hospital, and after his wounds had been tended to was taken back to the police station, where he is being held with Launioia. The latter was also wounded, and charges Novelli with doing it. Both men admitted having a fight, but would not tell the police the cause.

Flames Were Fanned by a Gale, and as City Hose Was Stored Away, Fire Tug Did Good Work in Stopping the Spread of the Fire—Hose Dragged a Mile Would Not Fit Hydrants—Loss Is Thirty Thousand Dollars.

Hungry flames, appetized by half a gale of wind from the southwest, ate up six summer dwellings on Lake Shore avenue at Hanlan's Point yesterday afternoon before their expensive luncheon was stopped.

Cuffed by the rushing lake wind, a flight of flaming embers like scarlet birds flew down the shore as far as Gibraltar Point, where the old fog horn building was kindled twice. The Lakeside Home for Sick Children, many houses, and even the filtration plant, were in peril. Wind-blown embers set in flames the roofs of cottages, fences, boathouses, and the dry grass for a great distance down the shore. Only the powerful pumps of Captain Joseph Goodwin's new fireboat, the Joe Goodwin, and the toil of sweating men saved these buildings.

Sometime about noon, John C. Wedd, the owner of No. 626 on the Lake Shore, kindled a fire in a stove. Holes in the smoke pipe, eaten by the winter's rust, let hot cinders drop in the dry grass at the back of the house. In a few minutes the flames crept up the rear wall. Soon the owner of the house heard the snapping of the fire. He sprang out of the door and saw a red wave sweeping up the wall and curling over the roof of his dwelling. This was a little after 1 o'clock.

Quickly the islanders came running as the first gust of alarm swept from Hanlan's Point to the hospital. Island Constable T. A. Stevenson told the news to the pumping station. Patrol-Sergeant Miles phoned the city fire department and the city police for help. The pumping station called up Captain Goodwin, whose fireboat lay at the Princess street dock. The captain ran into the wheelhouse of his vessel, Joe Goodwin jr. and Willie Goodwin let go the

The Fire Boat's Hose Playing on the Smoking Ruins of Mrs. Horwood's 30-Room Boarding House. Each of the Six Houses Was Reduced to Ashes.

## TARIFF BILL THRU CAUCUS

As Approved by President Wilson, Measure Goes on to Congress Without Alteration.

WASHINGTON, April 19.—(Can. Press.)—The Democratic tariff revision bill, with its sweeping reductions, a lengthy free list, augmented today by the ways and means committee and its income tax is now ready for debate in the house of representatives.

Approved late today by the Democratic caucus as amended in two weeks' discussion and by the committee in minor features, the bill will be reintroduced Monday by majority leader Underwood. It will be reported favorably by the majority of the ways and means committee Tuesday and called up for debate Wednesday.

Chairman Underwood predicted tonight that the bill would be passed in the house by May 15. Two months, the administration leaders believe, is a generous time to allot to the senate for its consideration and passage, and unless it is decided to bring in a currency bill thereafter congress should be ready to adjourn about July 15.

Wilson is Upheld. The bill as approved by President Wilson came thru the caucus unscathed.

Famous "Quaker Girl" Waltz. Every big musical comedy success nowadays has a waltz, and in the case of the English musical hit, "The Quaker Girl," which is at the Princess this week, there is no exception, and a performance of this play whistling a seductive rhythm, called "Come to the Bay."

lines and jumped on the rail as Jimmy Goodwin, the engineer, turned steam on his engines. The fireboat rushed across the harbor, while the Goodwin boys connected their hose to the big Martin pumps. Thru Blockhouse Bay she drove, and the old skipper ran her nose ashore just behind Mrs. Victor Armstrong's house, midway between Hanlan's Point and the filtration plant. This was 25 minutes after Captain Goodwin heard the news by phone.

Chief Thompson, of the city fire department, ordered District Chief W. J. Smith of the Berkeley street station, with six men of the crew from No. 1 truck, Lombard street, to the fire. With Babcock extinguishers they reached Hanlan's at 2.15.

"If she looks bad," said Chief Thompson, "phone me and I'll come over with some more men."

Fire Hose in Storage. In the meantime the islanders had been busy. Tommy Stevenson, son of Constable Stevenson, and Allan Antingale, dragged hose from the hospital. The water has been turned on for two weeks, the hose was still at the hospital, where it was stored last fall, for the winter. The fire brigade was still unorganized. Lol Soliman sent all his men from Hanlan's Point, and they took their hose with them. "Don't be afraid to get close to the fire," yelled Soliman. "If any man gets his clothes spoiled, I'll buy him a new suit."

But they found that their rose would not fit the hydrants. It was three inch, the hydrants were two and a half inch, and they swore as the hunted in vain for the reducers. The air was filled with language of a questionable moral tone. But the islanders connected the hospital hose to the hydrants and soon had two streams pouring on the blazing houses. Eddie English, Eddie Durman, Lol Soliman, Island Constables Stevenson and Cluteman, Sam Stevenson, jr., George Cliff, Fred Fiddler, "Bung" Mallaney, Nick Orr, the ferry caretaker, Art Williams and Sam Beatty from the pumping station, Bill Stevenson, Herb Matthews, and others worked with desperate energy, heat-scorched, cinder-black and choking from the smoke. At first the pressure was not good. Eddie Durman swore.

"She can't spit past her chin," the darman said, disgusted. "Cut out Centre Island" somebody yelled. They cut out Centre Island and immediately it took four men to hold a nozzle. They worked and sweated, but the fire roared from one thin shelled board house to the next, the heat drove the men back, and the dry wooden dwellings seemed to melt down like paper in the snapping, growling flames. Joe Lindsay, commander of the Queen City Yacht Club, grimy and coughing with the smoke in his lungs suddenly yelled aloud. "Here's old Cap Goodwin," he yelled, for he had heard the fire-boat's whistle. Almost at the same time the experienced District Chief Smith and his men arrived from the city. Police Sgt. Sawdon with two men, Constables Lawlor and Griffith, from No. 1 station, reached the scene. The fire-boat's skipper, with two of his sons, clad in oil clothes, jumped ashore, dragging with them two lines of hose, and attacked the fire. One hundred and forty pounds was the pressure they had, and immediately they turned their big streams on Mrs. Victor Armstrong's house, No. 616, the roof of which was in flames.

Licked Up Like Butter. The flames had licked up John Wedd's cottage as if it had been made of butter; they had jumped to the next dwelling and eaten that, they had

(Continued on Page 7, Column 3.)

# THE TORONTO WORLD'S COPYRIGHTED EUROPEAN CABLES

## CONARD LINER AQUITANIA WILL BE LAUNCHED TODAY

Largest Steamer in the World Will Take the Water Today at Clydebank—Built as a Ship Within a Ship and Is Equipped With Motor Lifeboats.

The "Aquitania" to be launched today from the yards of the builders, Messrs. John Brown & Co., Ltd., Clydebank, combines, in her design and construction, the experience and invaluable information deduced from the construction and performance of the "Lusitania" and "Mauretania," and the many other famous ships that have preceded her under the Conard flag.

The principal figures of the "Aquitania" are: Length, 901 feet. Breadth, 97 feet. Depth from keel to boat deck, 92 feet 6 inches. Gross tonnage, 47,000 tons. Speed, 23 knots. Accommodation for 3250 passengers and a crew of nearly 1000.

The unprecedented weight, length and other abnormal features of the great ship involved the consideration of unusual conditions, and, like everything else connected with the construction, demanded the arrangements never before required on the Clyde.

In order to lay down the leviathan the whole face of the yard had to be changed. The ground on which the ship was to be built had to be specially prepared and strengthened, piled and cross-piled. Over the cross piles were placed layers of concrete, in quantities of cement, it being essential that the ground should not yield an inch at any point.

New crane systems had to be installed for lifting the heavier materials on to the wider, longer slip. The same berth was used as that upon which the "Lusitania" was built, but owing to the much greater length of the "Aquitania" the preparation of the ground had to be very considerably extended.

The berth being in line with the River Cart, which flows into the Clyde almost opposite the yard, enabled the builders in launching the ship to avail themselves of this natural advantage.

The new ground was prepared as that for the "Lusitania." The part on which the earlier ship structure had rested required, of course, comparatively little treatment beneath its surface. The blocks were then put down, the keel laid and the frames erected.

In addition to the preparation in the yard, the river had to be deepened and widened, and the builders' fitting-out basin at Clydebank has also had to be dredged in order to accommodate the liner during completion.

**A Ship Within a Ship.** An important feature in the "Aquitania," as in the "Lusitania" and "Mauretania," is that extending throughout the most vulnerable parts there is that desideratum—a ship within a ship.

## THIS HIGH FLYER MET SAD ENDING

Richard Orkovey Died From an Overdose of Morphine.

## A CHECKERED CAREER Stole From Wife, Deserted Her and Was Arrested.

Special Cable to The World. LONDON, April 20.—(Copyright.)—Richard Orkovey, thirty-three, a Russian cosmopolitan, who called himself "Baron Richard Von Orkovey," and who in 1909 married Miss Elisa Schroeder of New York, granddaughter of Jacob Hoffman, a wealthy brewer, net \$200,000 of her fortune and quit her, is dead at the Carlton Hotel from an overdose of morphine.

He was arrested in March, 1911, at the Hotel Plaza, New York, charged with the larceny of two platinum crucibles from Julio S. Jaron, and he was also accused of carrying brass knuckles. The day he was acquitted of the Jaron charge he was sued for \$1000 by Miss Jeanne Cheron of New York, a teacher of languages, who asserted Orkovey had pawned her jewels. When he got rid of that charge he left for Europe, calling America a "corrupt country."

**A High Flyer.** When he first settled in New York in 1908 he clerked in a cigar store. One night he tried to smother himself with gas. He was a gambler of the high flying variety, losing \$27,000 in one night at roulette, it was said. At the inquest over Orkovey's body, held by the Westminster coroner, the dead man's valet, George Wicks, said his employer had written scientific works and also a novel. Orkovey, according to the testimony, had been hanging out of late at a baccarat house on Hallam street. More recently he quit that resort, claiming other freetime to devote to his money. He went over to Paris on April 2 and thence to Mount Carlo, returning to London on April 14. Wicks stated that Orkovey was a superior financier.

Orkovey's mother, it is said, lives in Rome. His counsel, a lawyer named Edwards, testified that so far as he knew Orkovey had no financial trouble. The family is an old and distinguished one in Hungary.

## MILITANT SPIRIT GROWS IN FRANCE

Open Break With Germany in Near Future Is Predicted.

(Special Cable to The World.) PARIS, April 20.—(Copyright.)—The tone of the French press in dealing with last Sunday's affair at Nancy, when German visitors were affronted by French students, indicates a growing feeling in France that things are drifting toward an open break with Germany. This is apparently not the view, certainly it is far from the expressed conviction of the highest and more responsible officials of France, who are struggling against a swirling tide of popular anti-German sentiment.

The Anglo press of Germany and England, no less than France, is persistent in stimulating the war feeling in the three great nations. Despite the public warnings of the British Premier Asquith and the declared anti-war policy of the British Liberal Cabinet, the French continue to exhort themselves with the belief that in the event of a break between France and Germany, public sentiment in Great Britain would compel that country to take arms with France against Germany. This, in the opinion of high French quarters, is a most dangerous delusion.

**NO BUTTERFLIES FOR ROTHSCHILD** Hunting Grounds Were Closed Following His Announcement of a Discovery.

Special Cable to The World. BUDAPEST, Hungary, April 20.—(Copyright.)—Having tired of collecting fossils—no butterfly was induced him to fit out a \$50,000 expedition to catch the insect which tickles the particular species of polar bear, Baron Charles de Rothschild recently transferred his energies to acquiring the greatest show of butterflies on earth. He has just been at law here over an extremely rare specimen of a butterfly, only to be found on the imperial domain at Pesser.

## REFUSE TO BUY KING'S PICTURES

Newspapers Will Not Print Any They Don't Take Themselves.

Special Cable to The World. LONDON, April 20.—(Copyright.)—The Marconi investigation has destroyed public confidence in parliamentary committees. Charges with counter charges are exchanged between the two parties represented, no rule of evidence is observed and the irrelevant questioning is endless. Godfrey Isaacs' suggestion that two members of parliament, were instrument in a plot to upset the Marconi contract in the interest of the Poulsen scheme has been denied by the members named.

Sir Henry Norman, whose action in recommending the wireless expert who reported favorably on the Poulsen system as the best man to guide the committee in ascertaining the comparative value of the Marconi system, was impugned by Godfrey Isaacs, writes that he never had any interest, direct or indirect, in the Poulsen system. He also expresses such profound belief in the integrity of experts that he is confident the Marconi system would have secured fair treatment from a gentleman who had already been retained by the Poulsen system.

**G. R. GEARY GIVEN WATCH.** A special meeting of the Central Liberal-Conservative Association was held Saturday night at Victoria Hall, with President Mark H. Irish in the chair. G. R. Geary, K.C., the immediate past president of the association, was presented with a gold watch, inscribed with the following words: Presented to G. R. Geary, K.C., by the Central Conservative Association of Toronto in recognition of his valuable services to the Conservative party. The presentation was made by the Hon. A. E. Kemp, M.P.

## CONFIDENCE HAS BEEN DESTROYED

Marconi Investigation Has Bad Effect on Parliamentary Committees.

Special Cable to The World. LONDON, April 20.—(Copyright.)—The Marconi investigation has destroyed public confidence in parliamentary committees. Charges with counter charges are exchanged between the two parties represented, no rule of evidence is observed and the irrelevant questioning is endless. Godfrey Isaacs' suggestion that two members of parliament, were instrument in a plot to upset the Marconi contract in the interest of the Poulsen scheme has been denied by the members named.

Sir Henry Norman, whose action in recommending the wireless expert who reported favorably on the Poulsen system as the best man to guide the committee in ascertaining the comparative value of the Marconi system, was impugned by Godfrey Isaacs, writes that he never had any interest, direct or indirect, in the Poulsen system. He also expresses such profound belief in the integrity of experts that he is confident the Marconi system would have secured fair treatment from a gentleman who had already been retained by the Poulsen system.

Very interesting information is published concerning the personnel of the Poulsen syndicate. It turns out that it is controlled by the Imperial Tobacco Company and a group of South African millionaires, headed by Otto Beit. This group includes several French and German financiers, and its having extensive and powerful ramifications both here and on the continent explains the force behind the campaign, which is aimed at upsetting the Liberal government and the Marconi contract at the same time by charges against ministers either false or based on gross misrepresentation.

## CHARGES OF HIGH TREASON AGAINST GERMAN OFFICIALS

Socialist Member of the Reichstag Forced War Minister to Admit That Secret Agents Bribed Officials to Learn Plans For Armaments in Advance.

Special Cable to The World. BERLIN, April 20.—(Copyright.)—Herr Liebknecht, the socialist who carried Potsdam at the last election, made open accusations in the Reichstag today that are bound to be most seriously considered and investigated by that body and the throne, for Liebknecht has attacked German armament firms to the degree of charging them as well as officers in the army with high treason. What is equally grave, he forced the war minister to admit that his charges were in part true.

Further, Herr Liebknecht asserted that the Deutsche Munitionfabrik of Berlin had engaged agents in France to provide the French Chauvinist press, especially the Figaro, with material affecting the Germans, with the purpose of creating international disputes and stirring up the war fever. He said the object was obvious—to create public opinion in favor of the extraordinary German army bill.

Liebknecht openly declared that he had sent material proofs to the war minister weeks ago, and said that the result had been the arrest of several prominent persons at Essen, the home of the Krupp plant, and that criminal investigation had proved his information to be correct. He ended his speech in a breathless silence and intensity of interest on the part not only of the members of the Reichstag, but of the crowds in the galleries as well.

**Grateful to Firemen.** The Kindel Bed Company have sent \$25 to be applied to the firemen's benefit fund. "The prompt and efficient work of the Portland st. firemen, together with Dundas street firemen, under command of Assistant Chief Noble and District Chief Smith, undoubtedly saved us from a serious loss Thursday," writes Manager W. J. Abbott.

# Morgan's Bequests Under \$20,000,000 Value of Estate is Not Disclosed

### J. P. Morgan, Jun., Receives Entire Residue and is Made Responsible For Disposition of Art Treasures For Benefit of Public—Great Financier Died in Simple Christian Faith—Relatives, Friends and Employees Remembered in Will.

NEW YORK, April 19.—(Can. Press.)—"I commit my soul into the hands of my Saviour in full confidence that, having redeemed it and washed it in His most precious blood, He will present it faultless before the throne of my heavenly Father; and I entreat my children to maintain and defend, at all hazard and at any cost, the complete atonement for sin thru the blood of Jesus Christ, once offered, and thru that alone."

This is the extraordinary and striking utterance which begins the last will and testament of John Pierpont Morgan, who died at Rome on March 31 last.

Ever since the funeral the publication of the great financier's last will has been awaited with keen expectation.

As to the amount of the estate there is nothing in the will to give any accurate idea, and no announcement will be made on this point until the appraisal has been made for determining the state inheritance tax.

The amount of bequests and trusts, named by specific sums, is under twenty million dollars, but the entire residue of the estate is left to J. P. Morgan, Jr., who is designated by his father to become the chief heir not only of his fortune but to his many charitable and artistic activities.

Portrait of Morgan. The document is unusual in many of its features, and to two or three intimate friends who have already had a glimpse of it, it is a portrait of Mr. Morgan himself, beginning with the striking confession of his religious faith, and running thru all his thirty-seven articles duly set forth in the same logical and orderly fashion which marked all Mr. Morgan's mental processes. He had evidently provided with painstaking care for every contingency that might affect his family or his banking firm, and to his executors, namely, his son, John Pierpont Morgan, Jr., his two sons-in-law, William Pierson Hamilton and H. L. Satterlee, and his friend, Lewis Cass Ledyard, he gives cautious directions under many clauses as to alternate courses of procedure. It is to be noted also that his grandson, Junius Spencer Morgan, Jr., a young man of only 21, now a student at Harvard, is reappointed to take up important duties in the event of the death of his father, John Pierpont Morgan, Jr.

Disposition of Treasures. A question frequently asked by leading citizens and learned societies has been that as to the disposition of Mr. Morgan's wonderful collection of pictures and other art treasures. Mr. Morgan makes perfectly plain what his own hopes on this point have been, and yet leaves his son entire freedom in the matter, using the following significant language: "I have been greatly interested for many years in gathering my collections of paintings, miniatures, porcelains and other works of art, and it has been my desire and intention to make some suitable disposition of them or of such portions of them as I might determine, which would render them permanently available for the instruction and pleasure of the American people. Lack of the necessary time, to devote to this has yet prevented my carrying this purpose into effect. Unless I shall accomplish it or make some disposition of these collections in my lifetime, they will pass to my son, John Pierpont Morgan, Jr., or to his son, Junius Spencer Morgan, Jr.

Gift to Country. "Should either my said son or my said grandson thus succeed to the ownership of these collections, I hope he will be able, in such manner as he shall think best, to make a permanent disposition, or from time to time permanent dispositions of them or of such portions of them as he may determine, which will be a substantial carrying out of the intentions which I have thus cherished. It would be agreeable to me to have 'The Morgan Memorial,' which forms a portion of the property of the Wadsworth Athenaeum at Hartford, Conn., utilized to effectuate a part of this purpose."

Charitable Bequests Small. The charitable bequests are comparatively small and are in the direction of those objects for which Mr. Morgan's benefactions are already well known. For instance, in the case of the great Living in Hospital in New York to which, years ago, Mr. Morgan gave over \$250,000, he used the following language: "Without imposing any duty, trust or obligation upon my residuary legatees, I request that he continue, so long as in his judgment it may be necessary for its support, the same assistance which I have been in the habit of giving during my lifetime to the services of the Living in Hospital of the City of New York."

This annual gift is known as having been \$100,000. It is worthy of note that the will was executed as late as January 6, 1913, and a codicil was attached on January 6, only the day before Mr. Morgan sailed on the trip abroad from which he never returned alive. Provisions for Family. After provisions for his funeral Mr. Morgan gives to his wife, Frances Louisa Tracy Morgan: 1. One million dollars in trust, she to receive the income during her life and to have power to will it at her death. 2. In addition she is given other property sufficient to yield in the aggregate an income of \$100,000 a year. 3. The widow gets the country place at "Cragston" and the town house at thirty-sixth street and Madison avenue for life, with all its contents, including the works of art, except the family portraits. The sum of \$3,000,000 was set aside for the children of J. P. Morgan, Jr., in case he died before his father. To the daughters: Mrs. William Pierson Hamilton, Mrs. Herbert L. Satterlee and Anne Tracy Morgan, are left \$3,000,000 in trust each, William Pierson Hamilton, son-in-law, \$1,000,000. To Herbert Livingston Satterlee, son-in-law, \$1,000,000. Wives of J. P. Morgan, Jr., all the wives, and also his father's interests, rights and interests in the Metropolitan Museum of Art and the American Museum of Natural History. After providing for relatives and employees to the extent of several million dollars, Mr. Morgan gives the residue of his estate to his son, J. P. Morgan. This includes the family portraits in the town house. All of the collections in question are then passed in the will to J. P. Morgan, Jr.

The executors and trustees of the will are: J. P. Morgan, Jr., William Pierson Hamilton, Herbert Livingston Satterlee and Lewis Cass Ledyard. Minor Beneficiaries. Among the minor beneficiaries are: Mrs. Jennie Biglow Tracy, widow of Mr. Morgan's brother-in-law, Charles Edward Tracy, \$100,000; Clara Tracy Hoppin, a sister-in-law, and Julia N. Brown, another sister-in-law, \$100,000 each; Lucy Edmonds Lee, \$100,000; Florence M. Rhet, \$10,000; Ethel Bangs Wallace, \$100,000. The Protestant Episcopal Diocesan Convention of New York, \$600,000 in which \$500,000 goes to St. George's Church, and \$100,000 is to be devoted to Protestant Episcopal missions in New York State; House of

## DISPOSAL OF MORGAN FORTUNE IN COMPARISON WITH OTHER ESTATES

Lowest estimate of value of J. P. Morgan's real estate, insurance, bank, railroad, industrial and other stocks, \$40,000,000. Value of art collections, conservatively estimated, 60,000,000. \$100,000,000

HOW IT COMPARES WITH OTHER INHERITED FORTUNES

John Jacob Astor	\$87,216,621
E. H. Harriman	69,888,654
Cornelius Vanderbilt	65,350,000
Russell Sage	79,000,000
John L. Kennedy	65,558,000
Marshall Field (Chicago)	70,000,000
Jay Gould	78,000,000
W. H. Vanderbilt	40,000,000

Mr. Morgan left \$3,000,000 to each daughter; \$100,000 a year and residences in town and country to wife; residuary estate absolutely to his only son.

Colonel Astor left \$5,000,000 to wife; \$5,000,000 to daughter, and residuary to his son Vincent.

Mr. Harriman and Mr. Sage left their entire fortune absolutely to their wives, without reserve.

Cornelius Vanderbilt left \$1,000,000 to eldest son and namesake, and more than \$60,000,000 to second son, Alfred.

Jay Gould left \$5,000,000 special bequest to eldest son George, and divided all the rest equally among his five children, boys and girls alike, giving each one more than \$10,000,000.

W. H. Vanderbilt gave \$5,000,000 to each of five daughters, to be held in trust; bulk of the estate to three sons, Cornelius, W. K. and George, and tied up \$55,000,000 to be held intact during the life of his daughter and grandchildren.

Rest for Consumptives, \$100,000; Corsair Club, a piece of silver of the value of \$100,000, out of his collections. Mary C. McVaine, described as a friend, \$250,000; J. Beaver Webb, \$25,000; Mrs. Alice Mason, an income of 1000 pounds sterling. Dr. James W. Markoe, an annuity of \$25,000 a year to be continued to his widow during her life. Mr. Morgan says that this provision for the benefit of Dr. Markoe and his wife is in recognition of our long friendship and of his devotion for many years of almost his entire time and energy to the services of the Living in Hospital.

To Mr. Morgan's Harvard, Miss Belle Sacosta Green, is left \$50,000, and she is to continue as librarian. Charles W. King, private secretary, gets \$25,000. Capt. W. B. Porter, Mr. Morgan's sailing master, gets \$15,000. Each employee of J. P. Morgan & Co. gets a year's salary. Edward Phillips, a valet, gets \$15,000. Miss Ada Thurston, employed in the Morgan library, gets \$10,000. Each of Mr. Morgan's household servants gets \$1000.

Church Will Remembered. The will bequeaths to the trustees of the estate and property of the diocesan convention of New York, \$500,000 upon trust to have the income for the support of the ministry of St. George's Church; and the sum of \$100,000 in trust, the income of which to be applied for the support of Protestant Episcopal missionary stations. Another charitable bequest is that of \$100,000 to the House of Rest for convalescents, to be designated as "the Amelia Sturges Morgan Memorial Fund" in memory of Mr. Morgan's first wife.

Another clause of the will, which is interesting in view of Mr. Morgan's well-known habit of making many private and unknown gifts to charity, etc., is the following: "I authorize and empower my said executors and trustees during the period of the administration of my estate, any allowance or payments which at the time of my death shall have been made in the habit of making regularly to any person or persons, for their aid or support."

Souvenirs for Club Members. Mr. Morgan's sentiment for a few of his old intimate friends is shown in the clause which provides that there shall be included in the will, the members of the Corsair Club, at the time of my death, as a souvenir of myself and as a token of my personal affection for them, a piece of silver of the value of \$1000, to be selected and purchased for the purpose by the executors of my will.

One of the last clauses in the will explains that "it is not from any lack of affection or regard for them that this will contains no provision for my sisters, Sarah Spencer Morgan, Mary Lyman Burns and Juliet Pierpont Morgan, but only because the property which they already have makes the same unnecessary." The will is witnessed by John G. Milburn, the lawyer of this city; Edna M. Blackmar of Brooklyn, and by Lewis Cass Ledyard, Jr., of this city. The codicil, which is important, merely changing one of the bequests from an outright legacy to a life annuity, is witnessed by Joseph H. Choate, Elbert H. Gary, and also by Lewis Cass Ledyard, Jr.

### A WINDY BORE

### HYDRO EMPLOYEES APOLOGIZE FOR MUTINY

Continued From Page 1.

other body. It is folly, therefore, to criticize the commission for discharging the duties thus expressly laid upon it. Their administration is fully vindicated by their recent report. I hardly think it is necessary to say that never at any time have I been influenced in what I have done with or to the Hydro-Electric System, other than that of promoting the interests of the system. So far as there has been unfavorable public comment, it has taken two directions, viz., that of suggesting that the city council appoint someone else as commissioner in my place, and that the administration of the commission shall be investigated. Content to Be Judged. With the question of my reappointment to office upon the expiry of my present term, I have nothing to do. That appointment is in the hands of the city council, and it would be most improper for me to seek to interfere with or to influence their action. My fitness for the position in the future must be determined by the city council with reference to the fidelity and responsibility with which I have discharged the duties of my office in the past. I am content to be judged by the city council and my fellow citizens upon my record of work done.

With reference to investigating the administration of the commission, I have to say that if "commission" is to be subject to investigation upon the basis of an intriguing employe, it is at an end. No honorable and capable man will devote his time to the onerous duties of such work if he is to be harassed by investigating commissions appointed under such circumstances. It means the assumption of the full burden of responsibility without the rewards of public confidence and encouragement, while at the same time it makes effective control of employes impossible, by placing a premium upon indiscipline and dilatory. There is no perfect harmony in the councils of the commission and I am most grateful to the Mayor, Mr. Hocken, for his counsel and his keen and sound judgment, which has been of the greatest value.

I desire to place on record the principles of administration for which I stand, so that there may be no misunderstanding on anyone's part regarding them. They are very simple, viz.: 1. That all appointments and promotions shall be made to secure the most practicable efficiency in every department, without regard to the religion, politics, or the personal friends of any man. 2. That the safeguards of an absolutely independent and unrestricted conduct of income and expenditure to protect public moneys shall be maintained. 3. That truthfulness of accounts and integrity towards the public in all relations therewith shall be constantly observed. I am not a politician nor a lobbyist. I am a business man. And I will not serve the Hydro-Electric System except upon the basis of sound judgment. On that basis I will accept full responsibility for the commission, and the executive acts of the commission, but expecting public confidence for duty faithfully performed. Toronto, April 19, 1913. W. W. Ellis, Chairman.

Mr. W. W. Ellis, Chairman, of the Hydro-Electric System, their regret at having joined in the presentation of a petition to the board of control, asking that Mr. Ellis be not reappointed to the commission. They further desire to express especially deep regret that without adequate cause they did, in the said petition, make serious reflections against the conduct of the chairman. They also wish to state that they believe their action to have been the outcome of a lack of proper understanding of the circumstances or appreciation of the gravity of the course taken and they now withdraw the statement so made and cordially apologize. It is therefore tendered to the chairman, whose conduct towards the subscribers has always been marked by fair and just treatment. Signed, C. MacCallum (supt. of sub-stations), J. G. Jackson (electrical engineer), A. G. Lang (Asst. elect. Eng. in charge of distribution), Hubert Barber (asst. to acting gen. manager).

A number of others who signed the original memorial have intimated an intention to fall into line with those who have written Mr. Ellis, expressing their regret.

### UNIONVILLE

The Epworth League will meet on Tuesday night to debate the advantages of east and west. The principal debaters will be some of the younger members. The Misses Underwood have promised to provide a program of instrumental music for the occasion. A cordial invitation is extended to every one.

### WOMEN PURSUED BY FURIOUS MOB

LONDON, April 20.—(Can. Press.)—The suffragettes had plenty of evidence today that the public has tired of militancy, and only the protection afforded by large bodies of police saved the women from the hands of angry mobs. At Brighton the suffragettes were chased off the Esplanade and took refuge in a neighboring house. This was surrounded by howling thousands, who bombarded the place with stones and smashed every window.

In defiance of the ban on meetings in Hyde Park, the Women's Social and Political Union attempted to carry on its propaganda there. Londoners had anticipated that such attempts would be made, and 20,000 persons assembled at the customary meeting place. No sooner had a suffragette mounted the box and unfurled the militant flag than the police interfered. There were a few cries of "Free speech!" "Are we in Russia?", but these were drowned by hostile yells. Turf and stones were thrown, and threatening rushes were made toward the women, but a large force of mounted and foot police surrounded them and kept the mob in check.

During a dispute over wages, James Johnston, a foreman employed by the Wind Engine and Pump Company, Toronto, was badly beaten up by a workman on Saturday afternoon. Johnston had been paying the men, and had an argument with one, William Gray, over the number of hours the latter had worked. It is alleged that Gray knocked Johnston unconscious and continued to beat him after he had fallen. Gray then escaped with another workman, and the police are searching for them.

### KILLED BY TRAIN AT ROUNDHOUSE

HAMILTON, April 20.—(Special.)—Struck by a T. H. & B. train at the roundhouse, near Garth street, Saturday afternoon, George Boyton, an Australian, was instantly killed. The man had just left the roundhouse, and evidently failed to look for trains when he stepped on the track.

Boyton came to Canada about a year ago, and leaves a wife and children in Australia. An inquest will be opened today by Coroner Dr. Anderson. Workman Beaten. During a dispute over wages, James Johnston, a foreman employed by the Wind Engine and Pump Company, Toronto, was badly beaten up by a workman on Saturday afternoon. Johnston had been paying the men, and had an argument with one, William Gray, over the number of hours the latter had worked. It is alleged that Gray knocked Johnston unconscious and continued to beat him after he had fallen. Gray then escaped with another workman, and the police are searching for them.

### STRUCK BY AUTO BOY IS INJURED

Alexander Erskine Attempted to Cross Duncan Street and Was Knocked Down by Motor Car.

While crossing Duncan street, near Adelaide, on Saturday night about 11:10, Alexander Erskine, aged 11, 237 Bathurst street, was knocked down and seriously injured by a motor car, owned and driven by Dr. W. M. Adams of the General Hospital. A larger motor car conveyed the boy to Grace Hospital, and he was reported to be in a serious condition. Dr. Adams was turning on to Duncan from Adelaide and failed to see the boy in time to avert the accident.

### A PRESS AGENT NOW AT WORK

Yarns Sent Out About a Ghost in Paris Opera House.

Special Cable to The World.—(Copyright.)—Operatic circles have been greatly disturbed, and the rest of Paris amused by the repeated appearance on the stage of the municipal opera house, the Gaite Lyrique, of the ghost of the late composer, Massenet, during the rehearsals of his last opera, "Panurge," which will be produced next Tuesday.

Among those who assert that they have unquestionably seen the ghost are Vanni Marcoux, the baritone; the Isola brothers, the directors of the theatre; Mile. Yvette, the prima donna, and several of the stage hands. The ghost, it is averred, made its first appearance about three days ago during a rehearsal of the second act. Marcoux first saw it, refused to believe his own eyes, and thought he was the victim of a hallucination due to overstraining nerves. The next day the prima donna and others were started in the same way. Took No Pictures. One of the directors had a camera placed and an operator standing by, but the proofs revealed blanks.

According to statements of the witnesses mentioned, the dead composer appeared on the side of the stage, in the act of conducting the orchestra, waving his hands and nodding his head. He was dressed according to his custom. No explanation is offered of this extraordinary appearance, which at first threatened to upset the management's plans for this production. Massenet became such a familiar figure on the Gaite stage that the singers and stage hands recovered from their shocks and were quite willing to continue to work undisturbed.

**THE PICTURE ON MEMORY'S WALL**

Nothing in the realm of tire advertising has made such a hit as that picture of two redskins pointing at a new trail.

From all over Canada have come tributes to the cleverness and artistic worth.

Dealers are sending in letters for extra copies. Men of the trade in every province are asking for one—"for my den." The motoring editor of a western newspaper composed a plot on the picture and gave the dumb characters real names. This editor incidentally notes that his picture was "cabbaged" by one of his competitors.

The creators of the picture here similar stories on all sides. "It's base stealing," says the dealer.

However, the tire company who own the "Trail" have a few more copies left. If, Mr. Dealer, somebody disappeared with yours it may be possible for you to secure another copy.

Boxing Tommy Murphy Beats Wolgast Baracas 22 Hamilton 15 Soccer T. & D. Results

TOMMY MURPHY BEATS WOLGAST New Yorker Smothered Ex-Champion in Final Rounds - Knockout Nearly Scored.

SAN FRANCISCO, April 19.—For sixteen rounds Harlem "Tommy" Murphy of New York and Ad Wolgast battled today with little to choose between them. Then Wolgast missed a finishing punch and paved the way for a decision in favor of Murphy.

A Drink to be grateful for Not simply a thirst-quencher or stimulant, but just the purest and most health-inspiring spirit that has ever been produced— Wolfe's Aromatic Schiedam Schnapps (Holland's Gin) the beverage for all times and all weathers, for men or women, the healthy of the ailing. It imparts lasting exhilaration and gives tone and vigor to the system. A real health tonic owing to its cleansing action on the liver, kidneys and other organs. Vastly superior to ordinary gin.

RUDDOLPH JUMPS. NEW YORK, April 20.—(Special)—Dick Rudolph, champion pitcher of the International League, has quite the Toronto champions. After Thursday's game at Newark with the Indians Rudolph and Joe Kelley had run-in in the club house and on Friday the pitcher turned his uniform to the manager, much to the surprise of the other players. Rudolph will go into the business with his brother, Charles E. Rudolph, who has offices at Borough Hall, Brooklyn, and in the Bronx. Dick's brother said Rudolph would not pitch again unless it was for a league team. Neither Kelley nor Rudolph would discuss their quarrel.

CANADIANS FAIL TO FINISH IN BOSTON MARATHON. Carlson of Minneapolis Wins the Seventeenth Race Only Four Seconds Behind Ryan's Time.

BOSTON, April 19.—Fitz Carlson of Minneapolis, Minn., won the seventeenth Marathon race of the Boston Athletic Association from Ashland to this city, today, a distance of 26 miles, over rolling roads. His time was 2 hours 25 minutes 14.4 seconds.

FREDERICK L. WINS FEATURE
Jockey Wolf by Clever Riding
Makes Outsider the Con-
tender at Havre de
Grace.

HAVRE DE GRACE, April 19.—Fred-
erick L. won the feature event, the Wil-
lington Stakes, today, beating out a rank
outsider, Hester Pryme, which Wolfe
Hill showed better form in the second
event than he had manifested yesterday,
and despite the heavy impost, led his
field. In the two-year-old class, Mod-
ernity triumphed over Enver Bey, which
had a strong backing. Wolfe led in the
steeplechase, which was won by the
third with Flying Yankee, which just-
ified his name by beating out Double Five,
of the better. Results:
FIRST RACE—Three-year-olds and up,
selling \$400, five furlongs:
1. Thrifty, 107 (Dunn), 3 to 1, 4 to 5
and out.
2. Hanson, 106 (R. Horton), 50 to 1, 15
to 1 and 6 to 1.
3. Americus, 107 (Wolfe), 4 to 5, 2 to
3 and out.
Time 1:02 3-5. Tiger Jim, Chilton
Dance, Rock Rest, Irene Gummell and
Servience also ran.

SECOND RACE—Handicap, three-
year-olds and up, \$600 added, five fur-
longs:
1. Caugh Hill, 123 (Pickett), even, 2 to
5 and out.
2. Light of My Life, 114 (Butwell), 4 to
1, 7 to 5 and 1 to 2.
3. Grover Hughes, 119 (Burns), 4 to 1,
6 to 5 and 1 to 2.
Time 1:01. Aldebaran, Rolling Stone
and Anavri also ran.

THIRD RACE—Handicap, 3-year-olds,
5 furlongs:
1. Flying Yankee, 110 (Wolfe), even, 1
to 3 and out.
2. Double Five, 103 (Skirvin), 3 to 1, 3
to 5 and out.
3. Revourne, 109 (Butwell), 2 1/2 to 1
to 5 and out.
Time 1:01 3-5. Arcans also ran.

FOURTH RACE—Wilington Stakes,
3-year-olds, \$1000 added, 5 1/2 furlongs:
1. Frederick L., 102 (Musgrave), 2 1/2 to
1, 4 to 5 and out.
2. Hester Pryme, 99 (Wolfe), 20 to 1,
7 to 1 and 1 to 1.
3. Flying Fair, 106 (Davis), 12 to 1,
4 to 1 and 2 to 1.
Time 1:07 3-5. Grosvenor, Chukies,
Dynamo, Malanguin and Fifty-Five also
ran. Montresor and Hester Pryme
coupled.

FIFTH RACE—Three-year-olds and
up, selling, \$500, one mile and seventy
yards:
1. Setback, 110 (Haley), 3 to 1, even and
3 to 5.
2. Fred Mulholland, 121 (Butwell), 4 to
1, 6 to 5 and 3 to 5.
3. Mary Ann K., 91 (Derondo), 4 to 1, 7
to 5 and 4 to 5.
Time 1:47 2-5. Stairs, Hans Creek and
Piant also ran.

SIXTH RACE—Two-year-olds, purse
\$400, four furlongs:
1. Enver Bey, 100 (Ambrose), even, 3
to 5 and out.
2. Uncle Jimmie, 100 (Skirvin), 4 to 1,
7 to 5 and 7 to 10.
3. Arramant, 103 (McCahey), 20 to 1,
12 to 1 and 5 to 1.
Time 49. Gainer, Robert Oliver and
Humiliation also ran.

BARAGAS WON
FROM CLIMBERS
Junior O. B. A. Final Cap-
tured by Queen City Team
—Hamiltonians Bat-
tled Hard.

The Climbers of Hamilton were defeated
by the Baracas Juniors on Saturday
night in the O.B.A. final. The Ham-
ilton boys gave the local team the hard-
fought battle they have had this season,
the persistence of which has kept them
from getting away with any of their
spectacular plays and kept the score
down, it being at half time 8 to 7
in favor of the Climbers.

Fourteen games were played, and only
three draws, in the Toronto and District
Football Association on Saturday, which
resulted as follows:
Parkview, 2 Old Country, 1
Pioneers, 2 Hiawatha, 1
Overseas, 3 Davenport Alb., 0
Thistles, 2 C. N. R., 0
Sunderland, 3 Baracas, 0
Wychwoods, 4 Elm Street, 1
St. James, 5 Olympias, 3
Devonians, 4 Sons Scotland, 0
Salopians, 5 St. Cuthberts, 0
Fraserburgh, 4 Swanses, 0
North Riverdale, 3 Bank Commerce, 1
Taylors, 2 Sunlight, 1
Christies, 3 Caledonians, 3
Orchard St., 1 Midlothian, 0
Two delegates from each club are as-
signed to attend a special meeting in the
Sons of England Hall tonight at eight
o'clock prompt, to fill the vacancies
caused by the resignation of Mr. Borlace,
the president, and Mr. Tom Robertson,
secretary. Messrs. Wells, Muir and John-
son are specially requested to attend, also
Mr. McIntyre of Olympias and Mr. Norby
of Old Bristolians.

ASTON VILLA BY 1 TO 0
WIN ENGLISH CUP FINAL

Scoring Only Goal of the Game
When Playing a Man Short—
Great Crowd in Attendance.

LONDON, April 19.—Aston Villa beat
Sunderland at the Palace here today in
the final game for the English football
cup. Saturday's game attracted a hundred
thousand enthusiasts to Sydenham, special
trains being run from all parts of
England. Both teams were well support-
ed, and before the game it was a toss-up
who would emerge victorious. Possibly
the Villa, by reason of their greater ex-
perience, were slightly the more favored
side, but Sunderland did not lack for
backers. The men from the north are a
sturdy, robust, well-balanced side, equally
strong in defence as in attack, while the
Villa, the lighter in comparison, possess
a forward line without an equal in all
England, whose scoring is concerned.

The Villa's victory is all the more
credible when it is remembered that
their goal was scored when they had only
clever goalkeeper, who has guarded Eng-
land's uprights on many occasions, and
Sunderland's outside half had to leave
the field. Harrop took his place between
the flags and performed nobly, fairly
rising to the occasion. Barber, the Villa's
clever right half, it was who scored
the winning goal, and, strange it is that
a half-hour ago he had been in the
brilliant forwards should have five
minutes to do the job. In addition, the
Villa missed a penalty kick, Wallace
unaccountably falling.

Altogether, it was a great game, and
congratulations are due the Aston men
for their fine performance. Sunderland
are to be commended for their loss in
this, their initial appearance in the
English soccer event, and may hope for bet-
ter luck next time. By the way, the
Villa players are all Englishmen, while
Sunderland had three Scots in their
eleven.

Interest in the league was overshadowed
by the game at the Palace, yet there
were some good games staged in the First
Division. Chelsea had a capital win at
Middleboro, and Woolwich did well to
draw with Tottenham. Derby County
had a big victory at home over Bradford
City, and Newcastle took away a point
from old Trafford. Sheffield Wednesday
kept to the front by downing the Trinitians
by 3-2.

OLD COUNTRY SOCCER.
The following are results of old coun-
try soccer games played on Saturday:
Southern League.

Parkdale Lawn
Bowling Club
Officers Elected at Annual Meet-
ing—Presentation to J.
Anthony.
The annual meeting of the Parkdale
Lawn Bowling Club was held in the club
rooms on Saturday night. It was the
largest and most enthusiastic meeting
that the club has ever held. The greens
this year are in splendid shape, and
everything points to 1918 as the banner
year of the club.
Mr. John Anthony, Parkdale's repre-
sentative on the Canadian team to the
old country, was given a great reception
and presented with a club bag.
The following directors were elected for
1918: Messrs. G. E. Scroggie, A. A.
Helliwell, William Inglis, John McCain
and Dr. W. T. Burns. The directors
elected the following officers: President,
Geo. H. Scroggie; vice-president, A. A.
Helliwell; treasurer, Wm. Inglis; secre-
tary, S. H. Armstrong.
The following clubs were elected for the
year: Messrs. Dr. W. T. Burns, A.
R. Bickerstaff, C. Coutts, Geo. Duthie,
N. G. Duffett, A. G. Gowanlock, K.
Grant, A. A. Helliwell, J. A. Hethring,
J. McCain, A. C. McConnell, F. Raney,
W. Scott, G. E. Scroggie, T. E. P. Sut-
ton, R. M. Tuthill, R. J. Wray.
Representatives to the several asso-
ciations were elected as follows: Do-
minion Association, Messrs. Scroggie and
Helliwell; Ontario B.A., Messrs. Dr.
Burns and Armstrong; Western B.A.,
Messrs. W. Murray and Raney.

Cartoon by Bud Fisher showing a man in a top hat and suit running through a field. He is talking to himself in a series of speech bubbles:
'WELL, THE BALL SEASON IS OPEN. I'M GOIN' UP EARLY AND SEE CHANCE'S TEAM OPEN AGAINST WASHINGTON I'VE GOT MY LUNCH SO I CAN GO IN EARLY AND GET A SEAT'
'PRETTY SOFT. I GOT HERE SO EARLY THAT THERE WAS NOBODY ON THE GATE AND I GOT IN FOR NOTHING'
'GEE! THERE AINT GONNA BE MUCH OF A CROWD. IT'S NEARLY FOUR O'CLOCK AND NOBODY'S COMIN' IN'
'THE YANKS? THEY DON'T PLAY HERE. THEY PLAY IN WASHINGTON TODAY!'
By "Bud" Fisher

MONDAY MORNING, APRIL 21.

LET US REASON TOGETHER.

It is not difficult to account for the loss of influence of The Telegram. It has ceased to grow mentally. It has failed to keep up with the times in its policies. Reportorially, telegraphically, mechanically, it is alive and wide-awake, and progressive. Editorially it is living in the nineties. Since the early nineties the population has more than doubled, and the ancients have gone their ways. Another generation has grown up, with new Josephs, who are not acquainted with the antique Pharaoh who used to dominate the city hall with a blue-gown. History has not repeated itself, but reversed itself, as it really always does, and those who are unable to get in touch with the new times, new manners, pure laws, must necessarily lose their influence.

The "fixed idea" is the first symptom of mental degeneracy. No one will suppose for a moment that The World is a friend of the corporations or of any interest hostile to public ownership. No one, not even The Telegram, with all its strenuous capitals, has fought for public ownership more whole-heartedly than The World. But The World has never convinced itself, as The Telegram seems to have done, that all the wisdom of Ontario was concentrated under its own roof. Fortunately there has been no such concentration. Scattered gleams are to be found in the most unexpected places. We have observed them from time to time in the columns of The Telegram. But The Telegram conceives that all its gleams are swans, even such gleams as the "Two Tommies," and that all its utterances are Solomonian oracles to be obeyed without question. Could The Telegram admit for a moment that the oracle is not confined to one shrine light diet and a vacation might restore the editorial policy to sanity. But the "fixed idea" that The Telegram possesses the only oracle, indicates a mental condition which warrants the gravest alarm.

The dominating idea of the moment is that Mayor Hocken is a tool or agent of the street railway interests, and that he seeks to serve Messrs. Mackenzie and Mann by buying property from them without the consent of the city, for \$16,000,000 more than it is worth. All of which, of course, is sheer, stark, staring madness. But following up this idea, The Telegram, with its insane logic, if it never can use facts and logic simultaneously—proposes the view that all who support Mayor Hocken are therefore corporations in disguise, and therefore enemies of public ownership, and of Hon. Adam Beck. No one else, save The Hamilton Times and The Stratford Beacon, who are not insane, but merely mendacious, could reason like this, but it is one of the factors of a situation the city has to meet.

Mayor Hocken has met it frankly in a straightforward statement. He may have been mistaken in not taking the "Two Tommies" into his confidence. But had he done so, the whole story would have been in the next edition of The Telegram, which would not keep faith with a cabinet minister in such a matter. The mayor, therefore, had no alternative but to keep his own counsel. The Telegram apparently refuses to accept his statement that the first move came from him and not from the railway company. But the crowning phase of this mental disintegration is the endeavor to drag Hon. Adam Beck into the political pibles and prables of the "Two Tommies." Whatever the minister of power says over his own sign-manual will be listened to with respect and given all the weight that Mr. Beck's carefully considered views always receive, but the public will be excused from accepting Controller Church's version of what he supposes Mr. Beck might, could, should or would have said.

Mayor Hocken is no friend of the Mackenzie interests, because he makes an attempt to drive them out of city affairs. Mayor Hocken is no enemy of the city because he asks for permission to try to make a bargain that will give the city a chance to own its own streets and systematize its transportation without loss to itself or expense to the taxpayers. And those who support Mayor Hocken in such a policy are neither enemies of public ownership nor hostile to hydro-electric interests, merely because The Telegram thinks such a cry might be used successfully as a means of discrediting Mayor Hocken.

principles and policies are all bad. The Telegram's dislike for Mayor Hocken should not be allowed to cloud the real issue.

The Telegram also tries to besmirch Mr. McNaught, as it would anyone else that happened to disagree with it. The World has confidence in the Ontario Hydro-Electric Commission, its chairman and its members, and we feel sure that the whole situation will be considered in a calm and business-like way, and that should it appear to be practical to do so, the city will be given such terms in the bill before the legislature as will enable it to rid the citizens of the strangling and intolerable conditions which the street railway system at present imposes.

NO DICTATORSHIP.

Government by intrigue is the alternative The Telegram proposes and as far as possible practices, instead of government by commission or other frank and straightforward means. The events of the last three days serve as an illustration of The Telegram's method. The election of Mayor Hocken put a term to the practice and the possibility of the continuance of the intrigue method. When Mayor Hocken was elected, The Telegram influence was badly shaken at the city hall, not because Mayor Hocken would not cooperate with The Telegram, but because The Telegram will admit no virtue in any man or any plan that it has not itself proposed. As Mayor Hocken refuses to be anybody's tool, equally ready to take up or turn down any policy according to its bearing on the interests of the citizens and without regard to any other consideration, The Telegram sets itself in battle array against him from the first.

In the present instance, The Telegram called on its bodyguard, the "Two Tommies," to be up and at them. Another recruit was required. The Telegram's great bait for suckers is its "unparalleled" influence in a mayoralty contest. Tommy senior and Tommy junior are both to have this reward in due season, and now Controller O'Neill has succumbed to the same rag-bait. Controller O'Neill has been rather a disappointment to his friends. He has wobbled several times since January, but his wobble yesterday indicates a degree of weakness that his friends had not suspected. So long as he decides to fall in behind Controller Church, he cannot, of course, be regarded as possessing any independence of judgment, and if it be true that he has been aware for some days of the proposed action, it is clear that his sudden change of front was not the result of his own initiative.

It is evident that the three controllers succumbed to an intrigue against the mayor and city council. The basis of that movement is the theory that Toronto should be governed by the dictatorship of The Telegram. What-ever independence and intelligence the city council possesses must revolt against any such theory. No one man, nor one paper, nor one interest has any right to dictate to the citizens what they shall do, and when such an attempt is discovered, the city council will very properly resent it.

LOVE ME, LOVE MY DOG.

The Telegram is not satisfied unless it is lonely. It was a supreme effort on Saturday to prove that it was the only friend left in Ontario for hydro-electric power, and that Hon. Adam Beck had no one else to rely upon. No doubt The Telegram would like Mr. Beck to adopt this view, but he would not so very far before he found out that it was the most dangerous type of friendship any man ever contracted. The Telegram goes on the principle of "Love me, love my dog," and anybody who loves The Telegram must love the two Tommies also. That is to say, a stipulation with the dog-days coming on, and the muzzling bylaw not in force.

BURROUGHS' GRAND OPENING.

Wide open hospitality and generous entertainment are much in evidence. The gorgeous setting, in beautifully arranged spaces of the season's choicest offerings in Canadian and imported furniture, a galaxy of blossoms, twinkling lights, singing birds and splashing waterfalls all add to the charm of the 7th Anniversary of Toronto's greatest department store. The Burroughes Company are, at home to their friends, to prospective householders and connoisseurs of things beautiful and dainty in furniture and home trappings. Here and there, in suitable surroundings, one beholds dainty sherraton dining suites in Circassian walnut, or heavy colonial lines of the massive bedroom suite, with the old time four post bed. Perhaps the greatest space has been given to a magnificent display of fumed oak dining room suites. That nut brown finish is applicable to the straight mission lines. A visit to this department will amply repay prospective purchasers of dining room furniture. No finish is so suitable, as lasting and generally admired, and Burroughes are certainly strong on their assortment. One is struck with the remarkable stride this giant store has made. Come to think of it, it is not such a far cry to Queen and Bathurst corner, and being out of the high price district—well, there must be some big inducement and one can't help but think that Burroughes will be our biggest stride today, and you will appreciate the knowledge gained in home furnishing.

NATURAL HISTORY SOCIETY.

The Natural History Society will hold the closing meeting of its present session this evening at 8 o'clock at the Canadian Institute, 198 College Street. Dr. Fernow, dean of the forestry department of the University of Toronto, will give his lecture on "The Battle of the Forest." The lecture will be illustrated by lantern slides. The public are cordially invited.

THE HORSE SHOW

Keen Rivalry is Promised Among Exhibitors This Year.

The directors of the Canadian National Horse Show, which opens at the armories the last of the month, are anxious to have the show a success. The early sale of the boxes and the record number of entries are taken as the best of signs.

The rivalry between the different exhibitors has always been a matter of gossip at past shows, and it promises to be even keener this year, as a lot of new blood has been brought in from the Toronto ring for the first time at this show. The hunting class is, like past seasons, the best of the show, but the carriage class is also well represented. Exhibitors as Miss Wilks of Galt, the Ennisclaire Stables, Mrs. Adam Beck and others will be among the exhibitors in this year's two new exhibitors in His Honor Lieutenant Governor D. C. Cameron of Manitoba and Miss Viau of Montreal.

AT THE CANADIAN CLUB.

Mr. Jacob A. Ellis, who is to address the Canadian Club at noon today on "The Value of Playgrounds in the Community," is a social reformer and a student of the subject. His plan is to give a course of lectures on the subject. He is a student of the subject. He is a student of the subject. He is a student of the subject.

WESTMINSTER CHAPTER.

The regular monthly meeting of the Westminster Chapter, I. O. O. E., will be held Monday, April 21st, in the Elch Park Club, and L. B. club house, on Phases of Patriotism by Dr. Stowe Gullen.

The Philosopher of Folly

By Sherwood Hart

GRAMMING.  
 VOYAGING.

We sail out so soon from the Valley of Dream—so young must we start on our journey! Too early we launch our boats on life's stream, and loose our frail craft from the moorings. With many another we start on our way, and merry at first is the sailing; our laughter rings clear and our song echoes gay to friends who play close at our hallooing; the zephyrs blow fresh in the spring of the year, the skies seem to smile on our journey; we joy in the trip when we learn to steer past banks that are verdant and ferny. As on down the winding river we glide, 'tis little we think of danger, until the whirl of the swift-flowing tide which bears us on faster and faster. How soon are we out on life's storm-tossed sea! How soon are we on our voyage we're speeding! The waves seem to lurch and pile in a heap as soon as we are upon the sea. The clouds gather and are receding. The clouds gather and are receding. The clouds gather and are receding.

Not What You Earn But What You Save

is the measure of your success. Small earnings power is often more than balanced by a habit of saving. In the struggle for independence the man who saves—even a little—is far ahead of the better paid man who saves nothing.

**BE INDEPENDENT**  
 Determine to save a little steadily. It demands far less self-denial than you may imagine. And the accumulation of

**COMPOUND INTEREST**  
 increases your savings more rapidly than perhaps you have thought. You can open an account with a few dollars, and the interest will be added to your principal, and you will appreciate the knowledge gained in home furnishing.

**NATURAL HISTORY SOCIETY.**  
 The Natural History Society will hold the closing meeting of its present session this evening at 8 o'clock at the Canadian Institute, 198 College Street. Dr. Fernow, dean of the forestry department of the University of Toronto, will give his lecture on "The Battle of the Forest." The lecture will be illustrated by lantern slides. The public are cordially invited.

WORK BEGUN ON LAKE ERIE LINE

Construction From Galt to Port Dover Will Be Hurried.

Working in Sections

Three Camps Are Already Actively Engaged Clearing Right-of-Way.

BRANTFORD, April 20.—(Special.)—Work has already started on the Lake Erie and Northern Railway from Galt, via Brantford and Port Dover.

Work has already started on the Lake Erie and Northern Railway from Galt, via Brantford and Port Dover. The plan of the company is to build the line in sections, and to have the work accomplished in sections so that the entire line between Brantford and Galt and Brantford and Port Dover will be graded by about Nov. 1.

Every effort will be made to have the track laying completed between Brantford and Galt by Oct. 15, 1918, in order to handle freight for the west via C.P.R. at Galt at the earliest possible moment. The track to Port Dover will be completed by May of 1919. Car shops at Brantford. Electric locomotives able to haul one thousand tons of freight will be used. The company will establish car shops in Brantford, and all electric locomotives and cars will be repaired in that establishment. There will be an hourly service all over the line, and Galt will be made in sixty minutes and Simcoe in sixty minutes.

GUELPH OFFICIAL RESIGNS.

The resignation of Lieut.-Col. Walter Clark, who has been acting inspector of the city of Guelph, has been accepted by the finance committee of the city council. A movement is on foot to bring back the services of the faithful old civic servant. He will continue to reside in Guelph.

"GREYS" MAY VISIT GUELPH.

Major Carter this morning received a letter from the officers of the Royal Grenadiers of Toronto relative to a visit to the city by that crack regiment on May 24. The regiment will entrain on Saturday morning at Toronto and will spend Saturday and Sunday here if they decide to come. They will hold a series of sports in the afternoon, give a parade, attend church Sunday morning and give a band concert Saturday night. They will return to Toronto Sunday evening. The city council will deal with the matter Monday night.

MASONIC TEMPLE FOR GUELPH.

GUELPH, April 19.—(Special.)—Colville, Tenner & Co., architects, are working on drawings for a Masonic temple which will be erected on Queen street in this city. The plans are for a three-story and basement structure, the two upper floors to be used for Masonic purposes. The building will be 45 feet in width and have a depth of 110 feet. It is the intention to open a modern cafe in the stores and provide dining rooms on the first floor of the building.

FALL MAY BE FATAL.

BRANTFORD, April 20.—(Special.)—William Gilbert, an unmarried young man about 28 years of age, employed by the Bell Telephone Company, fell off a pole in West Brantford Saturday afternoon. He was picked up unconscious and rushed to the hospital, where it was found that his spine had been badly injured. There is slight hope of his recovery.

WILL USE CANADIAN MATERIAL.

BRANTFORD, April 20.—(Special.)—It is understood in connection with Brantford's new public building that the department at Ottawa has under consideration the substitution of Canadian sand stone for that of United States stone. The latter is gray in color, whereas the Canadian variety from Nova Scotia is red and would present a much more attractive appearance. The change involves additional cost.

ELORA \$150 RETURN.

Via Canadian Pacific Railway. To accommodate those wishing to visit Elora for the Horse Show, the C.P.R. will issue return tickets to Elora at the low rate of \$1.50, good going after train, April 21, and return trip until April 22, inclusive. Secure tickets at Elora Station or City Office, 16 East King street.

How to Have a Nice Lawn.

To ensure a rapid, luxuriant and continuous growth of grass on your lawn (either new or old), make an application of Davies' Lawn Dressing Fertilizer at once. It is a dry, finely pulverized, inodorous material, sold in 25, 50, and 100 pound jute sacks, and contains an abundance of available plant food. It is applied in the same manner as you would sow grass seed—broadcast it by hand. Twenty-five pounds is sufficient for an ordinary-sized lawn.

This fertilizer is being used by the Toronto Park Department, Ottawa Improvement Commission, and many others who desire to have their lawns look attractive at all times. For further particulars telephone Junction 4185. Do not delay, as now is the time to use it, in order to obtain the best results. William Davies Co., Ltd., Commercial Fertilizer Department, West Toronto, Ont.

To sit with Wife by the fireside on a winter's night, With a good pipe and matches, is my great delight, Because I know the matches, Eddy's Silents, are alright. They're Safe, Sure, Silent—each time I strike I get a light.

High-Class Artists Will Take Part in Thursday's Program.

ANOTHER SHIPYARD STRIKE IS BREWING

(Special Cable to The World). LONDON, April 20.—(Copyright.)—English shipbuilding contracts are going abroad because the addition of British workmen to sports is sending the cost of production above the continental level and the rapidly of construction is falling below.

Firms which have recently placed contracts at Dunkirk and Antwerp give as their reasons:  
 First—Barter delivery.  
 Second—Lower price.  
 Third—Workmen are willing to put in six days a week instead of taking time out for play.

British shipyards, however, were not able to secure workmen willing to put in six days a week instead of taking time out for play.

Skilled men are demanding another 5 per cent. increase in pay, the fourth in two years. Messrs. Swan & Hunter, one of the foremost firms in Great Britain, say that the men work only 45 per cent of the time they could work, so that two months' work requires the cost of production above the continental level and the rapidly of construction is falling below.

The men say that builders and owners never reap such huge or continuous profits as during the last five years, and why, even if you manage to live, it is believed that another big shipyard strike is brewing.

Relief For Rupture Without Operation

No Big Expense—No Time Lost From Work No Misery - Causing Belts or Leg - Straps 60 Days' Trial to Prove It

No longer any need to drag through life at the mercy of makeshift trusses. No earthly excuse for letting yourself get on getting worse. No reason in the world for letting yourself get in such bad shape that you'll have to undergo a dangerous operation. No big expense to stand in your way. And you can improve every word of this color by making a 60-day test—without having to risk a single cent of your money.

Don't Cost You A Cent  
 If It Doesn't Stand the Test  
 Here is something—a guaranteed rupture holder—which has saved thousands of people from ever having to be operated on.

It has so thoroughly proved its merits that we are willing to let you try it sixty days entirely at our own risk—no charge at all. We'll make it especially for your case—make it to your measure—and practically lend it to you that long just as a test—just to let you see for yourself how it takes all the misery out of being ruptured.

If it doesn't keep your rupture from coming out or bothering you in any way, and if it doesn't prove you work or strain make—then you can send it back and it won't cost you a single cent.

Will You Spend Two Cents  
 We don't want you to send any money. All we ask you to spend is the price of a two-cent stamp in writing for our big free book—that will tell you everything you want to know.

It shows how a guaranteed rupture holder—the famous Clute's Automatic Rupture Holder—is so utterly different from every other rupture holder that it has received eighteen separate patents. How it is made on an absolutely new principle. How it is self-regulating, self-adjusting. How it instantly and automatically protects you against every strain so your rupture can't possibly be forced out. And how in addition it provides the only way ever discovered for overcoming the weakness which is the real cause of rupture—and how it does all that entirely automatically.

The book tells how our guaranteed rupture holder is so strengthening and beneficial that physicians in all parts of America now recommend it instead of

advising operation. How it has completely cured thousands of people whose cases seemed almost hopeless. How it does away with the curse of belts, leg-straps, and apparatus. How it is waterproof and will hold in the bath. How it is perspiration-proof and easily kept clean. How you can try it sixty days without having to risk a penny, and how little it costs if you keep it.

This Free Book is Full of Facts  
 Never Before Put in Print  
 There are so many mistaken ideas about rupture and what to do for it that we have taken the time to sum up in this book all we have learned during forty years of experience.

You'll find it full of facts never before put in print.  
 It shows just why elastic and spring trusses are the ruptured man's worst enemies—why wearing them is simply slow suicide—why they are almost sure to shorten your life or make operation necessary—why the law should put a stop to their sale.

It exposes the humbug "appliances," "methods," "plasters," etc. people whose names are so prominent in the papers and who are so sure of themselves that they will cure you. How it is water-proof and will hold in the bath. How it is perspiration-proof and easily kept clean. How you can try it sixty days without having to risk a penny, and how little it costs if you keep it.

It explains why operation is nearly always a needless gamble with death—and why, even if you manage to live, it may leave you with a crippled back.

It shows why sixty days trial is the only way in the world you can make absolutely sure of anything for rupture and how the Clute's Truss is the only thing you can get on such a long trial because the only thing good enough to stand a day's trial.

Don't fail to get this book—don't put it off—the minute it takes you to write for it may free you from trouble for the rest of your life. Just use the coupon or simply say in a letter or postal "Send me your book."

TEAMSTERS' PAY FAR TOO SMALL Men Cannot Live Decently in Toronto on Twelve Dollars Weekly.

At the St. Paul's Methodist Church last night the pastor, Rev. J. A. Rankin, D.D., preached a very stirring sermon on "The Claims of the Church on the Men of Canada." He declared that the country today was facing the face of a great national crisis.

Large problems had to be solved, and Dr. Rankin urged the necessity of the churches uniting themselves in endeavoring to bring about transformations of what he considered to be the greatest evils in history.

Large problems had to be solved, and Dr. Rankin urged the necessity of the churches uniting themselves in endeavoring to bring about transformations of what he considered to be the greatest evils in history.

"Three-stone" Diamond Rings As an engagement ring many prefer the "three-stone."

The "Solitaire" has monopolized the third finger of the left hand almost beyond the memory of present-day society. The "three-stone" is a close second and a worthy substitute.

We show a great variety of handsome fiery three-stone diamond rings of rare brilliancy, ranging from \$25.00 to \$250.00 and upwards.

A leading favorite deserving special mention sells for just \$100.00.

DODD'S KIDNEY PILLS

DODD'S KIDNEY PILLS

DR. A. W. CHASE'S CATARRH POWDER 25c

# WOMEN'S DEPARTMENT OF THE TORONTO WORLD

## SOCIETY

The marriage of Mrs. Ruby Christina Croft to Mr. John Christie Palmer took place at the residence of the bride's grandmother, Mrs. A. S. Irving, 143 St. George street, on Saturday afternoon, April 19. The Rev. Daniel Strachan officiated. Among those present were Mrs. A. S. Irving, Miss Morgan, Mrs. Croft's sons, James and D'Arcy, Mr. and Mrs. Rupert Bruce, Mr. Alexander Min, Miss Powers (Port Hope), Mr. and Mrs. Henry N. Baird, Dr. Herbert Bruce, Mr. and Mrs. Ernest Palmer. On their return from Europe Mr. and Mrs. J. C. Palmer will be the guests of Mr. and Mrs. J. J. Palmer at Huntly Lodge.

Mrs. W. Ridout Wadsworth has made several entries in the coming horse show at the armories on April 23, and will ride her own horses.

Miss Emil Campbell of Montreal will be here for the horse show and will ride in the hunting class.

Mrs. Homer Dixon has made several entries for the horse show and will ride her own horses. Her little daughter Margaret will ride her pony Dido at the show.

Mrs. Douglas Bowie of St. John's Barracks will be here for the show and will ride some of the entries.

Miss Mollie Maclean will ride Hon. Clifford Sifton's horses at the coming show.

The Hon. Clifford and Mrs. Sifton will be at the King Edward for the horse show.

The annual exhibition at the woman's art galleries was opened on Saturday afternoon, when several hundred friends were present to admire the wonderful exhibits of all kinds of handicrafts which will be on view until April 30, with a different tea hosted each day.

Owing to the great demand for seats for the Lord Nelson Chapter vaudeville on Friday evening the members have decided to give a matinee on Saturday.

Mrs. Charles Cambie is in town from Ottawa, visiting the Misses Nordheimer.

Mrs. Tommy Morrison is leaving this week for Niagara-on-the-Lake.

Mrs. Van Straubenzee is in town from St. John's, P.Q.

Mrs. Zollner's piano recital takes place this evening in Foresters' Hall.

Invitations have been issued by Hon. Sydney Fisher for an at home on Wednesday evening, April 23, from 8 to 11 o'clock.

The first annual banquet of the Clover Leaf Circle was held on Thursday evening at the Hotel Waverley and was a great success.

Mrs. Victor Lewis (Miss Mary Hanna) will hold her post-nuptial reception this afternoon and tomorrow at suite 36, Hampton Court.

Mrs. Dymont is in town from Barrie, at the King Edward.

The Blue Bird Club will hold its last assembly of the season at the Metropolitan Assembly Rooms, College street, on Wednesday evening, April 23.

The president and officers of the Teuton Old Boys' Club have issued invitations to their first annual at home at the Metropolitan, on Friday evening, at eight o'clock.

Mrs. Frank Madden held her post-nuptial reception on Friday afternoon at the home of Mrs. G. P. Madden, 7 Bedford road. She looked lovely in a pretty gown of blue charmeuse, with lace and rose satin trimmings, and carried an armful of American Beauty roses. Mrs. G. P. Madden received with her wearing something velvet. The table was decorated with carnations and lily of the valley.

Mrs. E. M. Wilson is in town from Toronto, looking lovely in a gown of blue charmeuse, with lace and rose satin trimmings, and carried an armful of American Beauty roses. Mrs. G. P. Madden received with her wearing something velvet. The table was decorated with carnations and lily of the valley.

Mrs. N. McConnell announces the engagement of her daughter, Gladys Hilda, to George Anderson Fowler, Jr., of Colorado Springs, Col. The wedding will take place early in June.

An invitation has been extended to the Women's Canadian Club to be present in St. James' Park on Friday afternoon, at four o'clock, when Mr. Jacob Ritts will deliver a lecture on "Nihilism." Members will be expected to show their membership tickets at the door.

The marriage of Maude Louise, daughter of Dr. and Mrs. Thomas Millman, to Mr. John B. Holden, Toronto, will take place quietly on Wednesday afternoon, April 23, at the Church of the Redeemer.

Mr. and Mrs. A. M. Wilson of 258 Evelyn avenue have left for a trip to New York, Atlantic City and Washington.

St. Paul's Church was the scene of a quiet wedding at half-past three o'clock on Thursday afternoon when the marriage was solemnized by Rev. Theodore Francis, daughter of the late T. J. Williamson and of Mrs. Williamson of 29 Gloucester street, to Otto Auerbach, the Ven. Archdeacon Cody performed the ceremony. Mr. Palmer presiding at the organ. The bride, who was given away by her brother, Mr. John L. Williamson, wore her traveling suit of shepherd's plaid, with veil and hat, and carried a bouquet of roses. Miss Madge Williamson attended her sister as bridesmaid, and wore rose-colored charmuse, with small black toque, with pink roses, and wore the groom's gift, a pair of oriental earrings, the bride's gift from him being a handsome watch bracelet. Mr. Arthur Dymond was best man, and the ushers were

### The Daily Hint From Paris

**A NEW COLOR COMBINATION**  
Tan combined with castor shades is one of the novelties of the season. In the dress sketched here the castor shade predominates, being used for all except the jacket effect, which is of tan, neither lighter nor darker than the plain material, stripes with white. White pearl buttons and a white embroidered collar are used.

Mr. A. McLean and Mr. Walter Harris, during the signing of the register, Mr. Harvey Woodley sang "The Crown." After the ceremony Mrs. Williamson held a reception, and was wearing black satin, black hat trimmed with pink roses, and groom left for a trip to New York and Atlantic City, and on their return will reside at the island for the summer. Among the out-of-town guests were Mrs. C. J. Harper of London and Mr. and Mrs. T. H. Lightbourn of Montreal.

Mrs. H. C. Tomlin and Miss Tomlin will receive on Thursday for the last time this season.

The marriage will take place on Thursday, May 8, of Ida B., eldest daughter of Rev. M. Kaplan and Mrs. Kaplan, to Mr. L. Berk and Tessie, their second daughter, to Mr. P. Kaufman.

Mrs. Irene Biddell has returned after spending four weeks in Montreal with her sister, Mrs. Chas. Wm. Cox.

**THE SUPPLY IS ALMOST EXHAUSTED.**  
The enormous distribution of the new business book by Seymour Eaton, which is now being made by this paper, is a proof of the confidence the public have in the merits of the books distributed by "The World." All classes of the community are applying for them, from the man in business to the youth or maid who is striving to secure a business education. This book is a marvel of completeness and is just as useful to the man who has had years of experience in business life as to the beginner. The books are given out on the popular coupon plan, the sum of 17 cents and 12 coupons only being necessary to obtain a copy. Those contemplating possessing one will do well to apply at once, as at the rate they are going out the supply will not last very long.

**CONDUCTOR CRUSHED BY CAR.**  
WELLAND, April 19. — David Mitchell, Michigan Central conductor, was instantly killed by being crushed by an over-turned freight car during shunting in the Cordage yards here. He resided at Bridgeburg, and leaves a widow and three children. An inquest will be held.

## "SALATA"

Tea abounds in stimulating goodness. A most wholesome and pleasing beverage. IN LEAD PACKETS ONLY. Black, Green and Mixed.

**THE NURSERY**  
A CONDUCTED BY  
Elvira Murray  
Preparation of the Food

The food for 24 hours should be made up in the morning—unless you cannot possibly keep it ice-cold. All the utensils for making the food should be kept in a place by themselves, and should not be used for any other purpose. These utensils are not many, and are not expensive, so that there is no excuse for baby not having his own particular outfit. A cheap measuring glass, holding 16 ounces, is exceedingly useful. Also I have used an ordinary eight-ounce tin measuring cup. It is not so handy or so easily kept clean. A wide-necked pitcher that pours well and has a quart preserving jar, are the essentials in the outfit necessary for preparing baby's food. The new sauceman is for boiling the water, and the quart preserving jar for doing any of the cooking necessary for baby. The preserving jar is to keep the gruel or boiled water in until it is cold.

If you are using the first formula I gave, which calls for whole milk, pour the milk from the bottle into the tin. Stir until the milk is quite warm, then add a quart preserving jar, are the essentials in the outfit necessary for preparing baby's food. The new sauceman is for boiling the water, and the quart preserving jar for doing any of the cooking necessary for baby. The preserving jar is to keep the gruel or boiled water in until it is cold.

Mr. A. McLean and Mr. Walter Harris, during the signing of the register, Mr. Harvey Woodley sang "The Crown." ## The Daily Children's Story

By H. R. Garis  
**UNCLE WIGGLY AND THE SCHOOL TEACHER**

(Copyright, 1913, by Howard R. Garis.)  
Uncle Wiggly Longears, the nice old gentleman rabbit, was riding along in his automobile, with the turnip for a steering wheel, and he had not yet taken more than two bites out of the turnip, for it was only shortly after breakfast. With him was Mr. Caw-caw, the black crow gentleman.

"Do you think your automobile will go all right now?" asked the crow, as he looked down from his seat at the big wheels which had German sausages around for tires, so he had not yet taken more than two bites out of the turnip, for it was only shortly after breakfast. With him was Mr. Caw-caw, the black crow gentleman.

"Oh, yes, it will go all right now," said the rabbit gentleman, "specially since we have had it fixed."

"But we may get an April shower before night," said Mr. Caw-caw, the crow gentleman, who had black feathers and who was always saying, "I'm sure it will do something," spoke the old rabbit gentleman, "anyhow I don't care, for turnip."

"Have some corn then," said Uncle Wiggly.

"It is popped?" asked the crow.

"No, but I can pop it," said the old gentleman rabbit, who had a mud-puddle in his automobile, which gets very hot, almost like a gas stove.

"Oh, dear! Oh, dear! I know I'll have a bad school on time!" Oh, what a bad school!

"My!" cried Uncle Wiggly, "what care that! It is a dreadful, you may be sure," said Mr. Caw-caw, the crow gentleman, "but I know something would happen on the trip."

"Well, let it happen!" said Uncle Wiggly, "I'm going to help whoever it is."

"Who are you?" asked Uncle Wiggly, "I am the lady mouse school teacher," said Mr. Caw-caw, the crow gentleman, "and I'm a school teacher."

"I am the lady mouse school teacher," said Mr. Caw-caw, the crow gentleman, "and I'm a school teacher."

"Well, let it happen!" said Uncle Wiggly, "I'm going to help whoever it is."

"Who are you?" asked Uncle Wiggly, "I am the lady mouse school teacher," said Mr. Caw-caw, the crow gentleman, "and I'm a school teacher."

## Preachers Against Closure

**CLOSURE IN ALL AGES A FAILURE**  
In History of World Struggles to Gain Liberty of Speech a Prominent Feature.

**REV. JAMES PEDLEY**  
In Western Congregational Pointed Out That Freedom of Speech Triumphs.

**WILL ONLY LINE UP THE PARTY SLAVES**  
Says Rev. Byron Stauffer of Closure Effect on Parliamentary Discussion.

**SOMETIMES PROTECTS**  
Closure Prevents Useless Repetition and Vacillation of Indecisive People.

The declaration that the closure, when applied to stop freedom of speech and the wheels of progress, and in all countries, proved a failure, was made in Western Congregational Church on Sunday morning by Rev. James Pedley. His sermon was "The Closure—In Politics and Religion."

The subject of the closure had become of importance to Canadians at the present time by the state of affairs at Ottawa. The introduction of the closure was new to the parliament of Canada. All agreed that parliamentary debate must be carried on decently and in order, and that there must be rules and regulations, but to what extent it was proper to stop freedom of discussion was another matter.

In the history of the world the struggles of humanity and to keep them to gain and hold liberty of speech was the predominant feature. There was a time when man had no speech because he possessed no intelligence, but as intelligence increased, so also did the power of speech.

"And the Word was made flesh," signified the thought of God translated into the words of humanity thru Jesus. In an attempt to stop that speech they killed Him. Since that time they have killed many men who had tried to speak. In every age and in every country whenever man tried to express some new idea or thought, an attempt was made to keep him silent. But man has steadily refused to keep silent, and time has always justified him in doing so.

Certain people, both politically and socially, think they know everything that should be known, and try to put chains on anyone who attempts to differ with them and call such socialists, radicals, etc., in an effort to keep them from speech. In spite of this fact, however, the cause for which freedom of speech was denied has, without exception, finally triumphed. The freedom of speech denied the agitators against slavery and the final abolition of slavery was a notable example.

The closure had first been introduced in the British House of Commons in an attempt to stop those behind the Irish home rule bill. Today the Irish home rule bill goes thru the British House of Commons without closure being thought of.

"In the Province of Ontario a strong man is at the head of affairs, Sir James Whitney. A man who is a credit to the province and to his party. But Sir James cannot prevent certain things from coming to pass—certain social and economic measures. He may stand in the way, but he cannot prevent them coming. If these things are wrong they will go thru, but if right, they will go thru in spite of him."

**PROF. MILLER TO SPEAK.**  
Prof. W. Lash Miller of Toronto University, president of the American Electro-Chemical Society, and W. J. Wilson, instructor in electric chemistry and general physics at the Technical School, will address the National Electro-Platers' Association in Occident Hall, on Thursday night.

**ISADORA DUNCAN'S TWO CHILDREN ARE DROWNED**  
Automobile Ran Away With Them and Governors, Who Also Perished.

Special Cable to The World.  
PARIS, April 20.—Two children of Isadora Duncan, the American dancer, a girl of 5 years and a boy of 3, and their English governess, were drowned as the result of a singular accident, when the automobile in which they were riding along the Boulevard Bour- seine, in the suburb of Neuilly-sur-Seine, plunged from the roadway into the River Seine.

The machine had been brought to a stop by another automobile approaching from the opposite direction and the chauffeur got out of the car and started the carburetor, but as the machine had not been turned off the machine started abruptly and gained headway so quickly that the chauffeur was unable to regain his seat, and then dashed into the river.

The chauffeur ran or walked half a mile to a police station, where he summoned help. When aid reached the scene of the accident the water was nearly up to the roof of the closed car. The three inmates were unconscious when extricated and they died soon afterward while physicians were trying to resuscitate them.

**ILLUSTRATED LECTURES**  
Novel Feature to Be Introduced at Toronto Business Show.

At the Toronto Business Show, which opens at Massey Hall on April 24, lectures illustrated by kinemascopic views will be given by experienced men. The lectures will be of particular interest to manufacturers, and as a matter of fact to everybody who lives in a manufacturing town or city.

The pictures will show how one of the largest manufacturing concerns of the United States is located in a place practically abandoned and made one of the finest cities on the continent. The lecture shows how a little attention to home yards will make a neighborhood a source of delight to the eye of a visitor and a source of pleasure and pride to the owners.

**LIGHTNING DESTROYS BARN.**  
BELLEVILLE, April 20.—(Special.) A large barn belonging to Mr. Orlean Glass of Tremont was struck by lightning and burned with its contents. A number of cows and calves, in addition to farming implements, grain and other articles were burned. The loss is a serious one, as the insurance is but \$500.

**GOLD DUST**  
makes hard water soft

By the use of Gold Dust you can at all times have nice, soft, rainwater right at your elbow, or the asking. Imagine what a help this would be for washing clothes, and for all cleaning purposes!

Just a little Gold Dust added to any water softens it, takes out the mineral substances and brings out the greatest cleansing value.

Gold Dust dissolves dirt and grease, works like lightning, and relieves house work of all its drudgery.

For your poor back's sake, don't try to keep house without Gold Dust.

Gold Dust is sold in 50 size and large packages. The large package means greater economy.  
"Let the GOLD DUST TWINS do your work!"

TIGERS—CUBS—PIRATES  
WHITE SOX WIN ON SUNDAY

DETROIT WINS IN  
ELEVEN INNINGS

Tigers Take Thrilling Sunday  
Game From St. Louis and  
No Ty Cobb on the  
Line-Up.

DETROIT, April 20.—Bush's whistling  
single to right in the eleventh inning  
ended Detroit's game with St. Louis, 3 to  
2, today in a thrilling game. Both Mul-  
lin and Baumgartner were wild and un-  
steady, but the Detroit pitcher kept the  
St. Louis hits well scattered, while  
Baumgartner was not hit hard until the  
last two innings. The score:

Table with columns: Player, A.B., R., H., O., A., E. Rows include Shotton, cf., 5 0 2 0 1 0; Detroit, 10 0 0 0 0 0-2.

Chicago Cubs Make  
Hits Count on Sunday

CINCINNATI, April 20.—Making each  
of their hits count when they were need-  
ed, Chicago won from Cincinnati today  
by a 3 to 2 score. Egan's error in the  
proving costly, inasmuch as it was really  
the cause of two of the visitors' runs.  
Both Benton and Suggs were effective.  
Cheney was hit fairly hard, but Cincin-  
nati could do nothing with Cleveland.  
Score:

Table with columns: Player, A.B., R., H., O., A., E. Rows include Chicago, 10 0 0 0 0 0-3; Cincinnati, 10 0 0 1 0 0-2.

Pirates Win Uphill  
Battle From St. Louis

ST. LOUIS, April 20.—After St. Louis  
scored four runs in the third inning, the  
Pirates fell to score again, while Pittsburgh hit  
St. Louis' pitcher in the ninth and took ad-  
vantage of local errors, winning 4 to 4.  
Louis scored its runs when with the  
bases full, Magee drove the ball to the  
right field seats for a home run. Catcher  
Robinson retired from the game in the  
second inning. He ran into the grand  
stand in catching a foul fly and slightly  
injured his knee. Score:

Table with columns: Player, A.B., R., H., O., A., E. Rows include Pittsburgh, 10 0 0 0 0 0-4; St. Louis, 10 0 0 0 0 0-4.

White Sox Win  
Game From Cleveland

CLEVELAND, April 20.—White Sox  
won from Cleveland today by a 4 to 2  
score. The Sox were in command from  
the start, and their pitchers, Egan and  
Suggs, were effective. Cheney was hit  
fairly hard, but Cleveland could do  
nothing with Cleveland. Score:

Table with columns: Player, A.B., R., H., O., A., E. Rows include White Sox, 10 0 0 0 0 0-4; Cleveland, 10 0 0 0 0 0-2.

THE LATEST HORRIBLE  
DETAILS FROM FRONT

Table with columns: Player, A.B., R., H., O., A., E. Rows include Toronto, 10 0 0 0 0 0-2; Jersey City, 10 0 0 0 0 0-1.

Toronto, April 20.—Toronto won from  
Jersey City today by a 2 to 1 score. The  
champions were in command from the  
start, and their pitchers, Egan and  
Suggs, were effective. Cheney was hit  
fairly hard, but Jersey City could do  
nothing with Toronto. Score:

Table with columns: Player, A.B., R., H., O., A., E. Rows include Toronto, 10 0 0 0 0 0-2; Jersey City, 10 0 0 0 0 0-1.

INDIANS ALWAYS WIN  
BEAT BISON ON SUNDAY

WICHITA, April 20.—The Indians  
won from the Bisons today by a 6 to 5  
score. The Indians were in command  
from the start, and their pitchers,  
Egan and Suggs, were effective. Cheney  
was hit fairly hard, but the Bisons  
could do nothing with the Indians.  
Score:

Table with columns: Player, A.B., R., H., O., A., E. Rows include Indians, 10 0 0 0 0 0-6; Bisons, 10 0 0 0 0 0-5.

GRAYS AT ROCKY POINT  
HAMMER THE HUSTLERS

ROCKY POINT, April 20.—The Grays  
won from the Hustlers today by a 3 to 2  
score. The Grays were in command  
from the start, and their pitchers,  
Egan and Suggs, were effective. Cheney  
was hit fairly hard, but the Hustlers  
could do nothing with the Grays.  
Score:

Table with columns: Player, A.B., R., H., O., A., E. Rows include Grays, 10 0 0 0 0 0-3; Hustlers, 10 0 0 0 0 0-2.

J. Onslow Drives Out  
Bagger in Lucky Seventh With  
the Bases Blocked.

PROVIDENCE, April 20.—Providence  
won from the Batters today by a 3 to 2  
score. The Providence team was in  
command from the start, and their  
pitchers, Egan and Suggs, were effec-  
tive. Cheney was hit fairly hard, but  
the Batters could do nothing with  
Providence. Score:

Table with columns: Player, A.B., R., H., O., A., E. Rows include Providence, 10 0 0 0 0 0-3; Batters, 10 0 0 0 0 0-2.

SKETEERS SLAM CHAMPIONS  
IN THE SLUGGEST ON SUNDAY

Johnny Lush Takes the Mound and Then to the Tall Tim-  
bers—Shaw Drops a Fly and Schultz Makes a Home Run  
—Leafs Make a Strong But Futile Finish—About Dicky  
Rudolph.

JERSEY CITY, April 20.—(Special.)—The champions are  
still on the decline. Joe Kelley and his team of Maple Leafs,  
champions, were badly stung by the Sketeers in the opening  
game of the series at West Side Park today. Kelley sent Johnny  
Lush to the mound for Toronto, and the Pests batted the veteran  
southpaw out of the box in the second innings. The final count  
showed the Toronto team snowed under by the score of 11 runs  
to 6.

Before the game began, Kelley shifted his line-up. The  
change produced many hits, but they failed when men were on  
bases. The Maple Leaf team had a great chance to score several  
runs in the third chapter. The visitors had the bases full, with  
none out, yet they failed to score a run.

Lush was in poor form. He failed to locate the plate, and  
when he did the Sketeers whaled it to all corners of the lot.  
Herbert, who relieved the southpaw, proved easy for the Skeet-  
ers, who tallied their eleven runs on ten hits. The champions  
corralled fourteen juicy hits off Thompson, a recruit secured by  
the Sketeers from the Boston Nationals, and yet they were only  
able to tally six runs.

LEAFS LEAD AT START.  
The visitors were the first to count. Fitzpatrick, who took  
McConnell's place at second, began the game by striking out  
O'Hara hit to left and went to third on Kelly's wild throw.  
Northern bounced a hard grounder to Vaughn, and when the  
latter juggled the sphere O'Hara scored.

But the champions did not hold the lead long. In the  
Sketeers' half Henline met the first ball Lush pitched squarely  
on the nose and reached second. Vaughn duplicated Henline's  
hit, and the centre-fielder scored. Lush then helped the  
Pests to another run by making a wild pitch. Vaughn went to  
third on the error, and tallied on Purtell's sacrifice fly.

Six runs were chalked up by the Sketeers in the second  
innings. Knight singled thru short, and when Lush threw  
Crisp's grounder to centre-field, Jack went to third, and the  
catcher to second. Johnny found one batter that was easy for  
him in Thompson, the pitcher. Thompson whiffed at three of  
Lush's benders and walked back to the bench.

It was too much for the southpaw, and he walked Henline  
and Vaughn, forcing in Knight. This was all for Lush and  
Herbert relieved him. Herbert was also wild, and he forced  
another run over the plate by handing a pass to Purtell.

THREE RUNS ON SEAW'S MUFF.  
After Kelly fanned, Shaw dropped Barry's fly, and Henline,  
Vaughn and Purtell scored, while the batter raced to third.  
Bradley hit past third and Barry registered the sixth run of the  
innings.

The Sketeers were retired when Knight, up for the second  
time, went out to Bradley.

Fitzpatrick singled in the third, and Shaw followed suit.  
Northern dropped a Texas Leaguer to centre, and the bases were  
filled. Then Thompson settled down and whiffed both Jordan  
and Bradley. Schultz batted for Shaw, but the best he could  
do was an easy grounder to Knight, who threw him out at first.

The Sketeers chalked up two more runs in the fourth. Pur-  
tell drove a single to left. Fitzpatrick grabbed Kelly's pop-  
up. Barry hit to second. It was a wicked drive and split Fitz-  
patrick's hand. McConnell took his place. Both scored on  
Knight's double to centre.

WE START SOMETHING.  
The champions finally started something in the sixth and  
bagged three runs. Bradley doubled to right and scored on  
Schultz's two-base drive down the third-base line. Purtell  
booted Holly's grounder, and Schultz dented the rubber, while  
the short-stop went to second. Bemis fled out to Barry and  
Herbert fanned. McConnell sent Holly home with a three-base  
wallop. O'Hara ended the rally by flying out to Knight.

The Maple Leaf team scored the last two runs in the next  
inning. After two were out, Bill Bradley singled and raced  
home on Schultz's drive for a home run. Knight singled in the  
eighth, stole second, and scored on a wild pitch.

PUTTING 'EM OVER  
The Leafs lost two games by ill luck,  
but there was no complaint on Saturday  
and Sunday.

INDIANS, PHILLIES AND SENATORS  
ARE LEADERS IN THREE LEAGUES

Table with columns: League, Club, Won, Lost, P.G. Rows include American League, National League, International League.

INDIANS BEAT OUR  
LEAFS 3 STRAIGHT

Heavy Hitting on Both Sides  
in the Early Innings—Jor-  
dan Makes Errors.

NEWARK, April 20.—Newark made it  
three straight here today by trimming  
the Toronto champions by the score of 6  
to 4.

Two singles, a double and a three-  
sacker in the first gave the Indians two  
and in the second two more hits and Jordan's  
two errors were for three runs. The  
third saw Northern smash out a double,  
scoring Bemis and Shaw. Bemis tripped  
over McConnell had singled, and the lat-  
ter scored in the fourth, and in the next,  
with the assistance of Zimmerman's fumble  
and Holly's bad throw, Northern and  
O'Hara pulled off a double steal. The out-  
mer crossing the plate. Cy Berger re-  
placed Enzman in this inning. Both pitch-  
ers got right down to business, and at  
the end of the seventh they had only al-  
together one more hit each. In the last of  
the eighth, two singles and a sacrifice  
resulted in E. Zimmerman scoring.

The Toronto champs went out in the  
ninth without a man reaching first. The  
score:

Table with columns: Player, A.B., R., H., O., A., E. Rows include Newark, 10 0 0 0 0 0-6; Toronto, 10 0 0 0 0 0-4.

WALTER JOHNSON  
IS INVINCIBLE

NEW YORK, April 19.—Washington  
made it three straight over New York  
here today. Walter Johnson shutting out  
the locals 3 to 0. Johnson was invinc-  
ible and only one of Chance's men reach-  
ed second. All told, Johnson struck out  
eight men. Keating and Schultz pitched  
well for New York. The Washington  
batters hit in the third and fourth,  
when the visitors scored three runs. The  
champs made only one hit after the  
fourth. Johnson pitched his final today  
and sent Chase back to first and put Mc-  
Kechnie, the former Pittsburgher, on sec-  
ond. McKechnie played great ball in the  
field. Score:

PHILADELPHIA GO  
UP IN AMERICAN

Boston World's Champions  
Failed After Driving Plank  
and Wyckoff to the Barn  
—Both Sides Slug.

PHILADELPHIA, April 19.—Plank and  
Wyckoff failed to hold Boston today after  
the home team had driven O'Brien off the  
rubber in the first inning. Pennock  
was sent to the rescue in the fifth in-  
ning, with no one out and the bases  
filled, and his excellent work enabled  
Philadelphia to win, the score being 7 to  
5. Five hits and two stolen bases sent  
O'Brien into retirement, and gave the  
home team three runs.

Table with columns: Player, A.B., R., H., O., A., E. Rows include Philadelphia, 10 0 0 0 0 0-7; Boston, 10 0 0 0 0 0-5.

PHILADELPHIA, April 19.—Altho they have  
played three championship games at their  
new home, the Philadelphia Athletics, the  
Brooklyn team has yet to score a run  
there. They were shut out today for the  
third time in succession by Philadelphia,  
and again by a 1-to-0 tally. Benny Meyer,  
who lost the opening game with a costly  
muff, was primarily responsible for  
today's defeat, when, in the ninth,  
with two out and Knabe on first, he lost  
Knabe's fly in the sun. The hit went as  
a three-bagger and Knabe came home  
with the only run. Both Brennan and  
Ragon pitched remarkably well. Brook-  
lyn standing up well, despite some loose  
fielding. Score:

Table with columns: Player, A.B., R., H., O., A., E. Rows include Philadelphia, 10 0 0 0 0 0-1; Brooklyn, 10 0 0 0 0 0-0.

CHICAGO CUBS SCORE  
EARLY AND WIN 6-1

ST. LOUIS, April 19.—Chicago took the  
game here today, 6 to 1. Hunt, St. Louis'  
Netherlands pitcher, was the mainstay  
and Chicago scored hits with  
bases on ball, scoring every run in the  
first two innings. Chicago was wild  
and passed three men in the first  
inning, but settled down and pitched  
the rest of the game. Score:

Table with columns: Player, A.B., R., H., O., A., E. Rows include Chicago, 10 0 0 0 0 0-6; St. Louis, 10 0 0 0 0 0-1.

DUBUC AND DETROIT  
WALLOP ST. LOUIS

DETROIT, April 19.—Dubuc's fine  
pitching held St. Louis to three widely  
separated hits and Detroit won today's  
game, 4 to 0. Dubuc also started two  
poorly handled. The Tigers were  
runners and three out of the visitors  
at first. At no time did the Browns threat-  
en to score. Dubuc pitched the sixth in-  
ning with a single thru the box, advanc-  
ing on Bush's sacrifice and scored when  
High shot a hit past the pitcher. The French-  
man, first up in the eighth, again hit  
safely and Bush was safe, his hit being  
poorly handled. Score:

Table with columns: Player, A.B., R., H., O., A., E. Rows include Detroit, 10 0 0 0 0 0-4; St. Louis, 10 0 0 0 0 0-0.

PITTSBURG, April 19.—Pittsburg won  
a slugfest match today from Cincinnati,  
4 to 2. The game was a slugfest, with  
the visitors and two by Pittsburgh. Boon  
who took Carey's place in left field, was  
the feature. He hit twice and gave the Pi-  
rates most of the runs. Score:

Table with columns: Player, A.B., R., H., O., A., E. Rows include Pittsburgh, 10 0 0 0 0 0-4; Cincinnati, 10 0 0 0 0 0-2.

# Stocks Dull and Easier at Week End—Toronto Rails Lower

## BREAK IN C. P. R. MARKET FEATURE

Weakness at London Reflected in Trading at New York.

## MOST STOCKS INACTIVE

Fractional Changes Only Recorded—General Business Outlook Is Bright.

NEW YORK, April 19.—The level of prices was virtually unchanged by today's trading in stocks. Reading closed 1/2 above yesterday's last price, and Amalgamated 1/2 below. These changes represented the extreme movement among the active stocks. Steel's range was 1/2. The list showed a tendency toward heaviness in the early trading, but bear operators found they were not able to bring about any general selling, and subsequently bought back their stocks.

Canadian Pacific showed exceptional heaviness, opening 2 points off owing to the sharp break in London before the opening here. The stock rallied, but later sold off again. There was heavy trading in Mexican Petroleum because of the increase in the dividend rate and first sales were recorded as 2000 shares at 82 1/2 to 85, compared with yesterday's close of 85 1/2. The stock was supplied at the higher price, and quickly sold off.

Banks Strengthened Reserves. As had been forecast by the easing of money rates yesterday, and the known movements of currency during the month, the banks were shown in the weekly statement to have strengthened their position, although the actual cash gain, amounting to \$5,317,000, was smaller than was indicated. Loans were called down considerably and over \$4,000,000 was added to the excess cash reserve.

Also the larger industries in certain parts of the country are still feeling the effect of the floods, the business outlook as reported by the mercantile agencies in their weekly reviews, is bright.

In some lines there is a growing tendency toward conservatism on account of pending tariff changes.

## LARGER EARNINGS OF COPPER MINES

Higher Price of Red Metal Last Year Reflected in Reports.

The following earning reports of copper companies are announced: Chino Copper shows for the year ended December 31, 1912, surplus, after charges, \$2,176,904, or equal to \$2.80 per share.

Ray Consolidated for the year, ended December 31, shows, net profits, after charges, \$1,929,262, or equal to \$1.33 per share, for 1912. \$0.25 per share was earned.

Nevada Consolidated for 1912 shows: Total income, \$4,823,839, or equal to \$2.41 per share, before deducting ore extinguishment. The surplus, after dividends, was \$1,343,395. In 1911 \$2.18 per share was earned; in 1910, \$1.73 and the year before, \$1.29.

## IS DEAL ON FOR SILVER BAR MINE?

Mining Broker Says There's a Hen On—Great Northern Affairs.

In his market letter Hamilton B. Willis points out the following: Preston East Dome.—Within the next week this company will probably sell the Silver Bar Mine, and when the news becomes public, I believe the market will advance about 100 per cent.

Great Northern.—This company has a deal on for a group of its properties, and should this go thru the stock will advance several points. This company has an exceptionally strong treasury and as well as holding large blocks of dividend-paying bonds and owns 100,000 shares of City of Cobalt stock, and about 115,000 shares of Ophir Cobalt stock. At market prices these holdings are worth over \$2,000.

## NEW MINING COMPANY HAS HUGE CAPITAL

NEW YORK, April 19.—What promises to be one of the largest mining companies ever formed in the United States has been incorporated under the name Chile Copper Co. in Delaware. It has an authorized capitalization of \$25,000,000, divided into 2,500,000 shares of a par value of \$25 each.

## STEEL EARNINGS

NEW YORK, April 19.—Earnings of the U. S. Steel Corporation for the first quarter of 1913 are expected to be about \$77,000,000, or about \$100,000 more than the fourth quarter of 1912.

## RAILS LOWER AT MONTREAL

Uncertainty of Consummation of Deal With City Causes Reaction.

## PROFIT-TAKING IN TORONTO "RAILS"

Recent Upturn Not Held at Week-End—Feeling Regarding Deal.

## GENERAL LIST WAS DULL

With a Few Weak Spots—Public Interest at Low Ebb.

Sentiment in the local stock market continues to be ruled almost entirely by the momentary feeling regarding the Toronto Railway incident. This is, of course, only natural, since speculation in the general list has been reduced to very small volume. Indeed, if the truth be told, the shares gradually sank to their lowest level since the recent upturn was checked.

Traders were non-plussed over the status of the proposed purchase of the railway company, and under profit-taking the action of the city council, there was a lower price on Saturday. The general idea seemed to be that, notwithstanding the action of the city council, there was bound to be considerable friction before any headway toward a satisfactory settlement could be made. The stock opened at 147 1/2, which proved the highest level of the day; dropped by fractional declines to 145 1/2, and then closed at 145 1/2, leaving a net loss of a shade less than a point.

## GOOD SHOWING OF BANK STATEMENT

NEW YORK, April 19.—The statement of the actual condition of clearing house banks and trust companies for the week shows that they hold \$15,085,850 reserves in excess of legal requirements. This is an increase of \$4,181,400 for the week.

The statement follows: Actual condition—Loans, decrease \$10,786,000; specie, increase \$6,517,000; legal tenders, decrease \$3,344,000; net deposits, decrease \$6,288,000; circulation, decrease \$85,000; excess law reserve, \$19,085,850; increase, \$4,181,400.

Summary of state banks and trust companies in greater New York, not included in clearing house statement: Loans, decrease \$2,503,900; specie, decrease \$141,000; legal tenders, decrease \$134,300; total deposits, increase \$3,034,000.

## NEW PLANT FOR ALEXO NICKEL MINE

PORCUPINE, April 19.—The new steam plant for the Alexo nickel property near Incoquois Falls is now being installed, and should be completed by the end of the month. An extensive development program has been formulated, and the holding will be thoroughly explored. The Alexo has made a name for itself already, and promises to be a big producer of nickel in the near future.

## TRUST BUSTING WILL SOON BEGIN AGAIN

NEW YORK, April 19.—Wall street is already looking forward to the opening of the government's suit to compel dissolution of the United States Steel Corporation under the Anti-Trust Act. It is expected that President James A. Farrell will be called to testify before the grand jury in the latter part of the month.

## LONDON WHEAT SALES.

LONDON, April 19.—The third series of the 1913 wheat auction sales will be opened next Tuesday and the closing is scheduled for May 3. During the first week 65,000 bales will be offered.

## BANK CLEARINGS SHOW UP POORLY

Last Week's Record Thruout Dominion Evidences Small Decrease From Year Ago.

## SHARP RECOVERY IN PEARL LAKE

Another Upturn in the Shares in the Week-End Market.

## SOME IRREGULARITY

Further Selling of La Rose—Easier Tone in Cobalt List.

Pearl Lake continued in the limelight in the mining exchanges at the week-end, another sharp upturn in the shares carrying the price to 50 1/2, a gain of a full 4 1/2 points for the day and 2 1/2 since Thursday. Elsewhere the market was quiet and somewhat irregular, with no material changes in evidence and trading generally of small volume.

Reports of favorable developments in the lower workings at the Pearl Lake mine were responsible for the further recovery in the stock. It was announced that the 800-foot level would soon be reached, and in the idea that the recent setback had not been warranted, traders turned to the buying side again. The shares sold up to 52 1/2 only a short time ago, and since then satisfactory results have been attained, several new veins being picked up. It was felt that either the price had been much too high then, or else it was entirely too low at its present level, and the demand was stimulated on that account. Meanwhile there was undoubtedly a short interest in effect, and some of the buying probably represented an attempt to cover.

## QUARTERLY REPORT OF TIMISKAMING

Company Depended For Revenue on Its Low-Grade Ore—Financial Showing.

Like many other mines in camp the first quarter of the year is regarded by the Timiskaming Mining Company as the one in which the least effort is made to obtain a good shipping record.

The statement for the first quarter of the year shows that the Timiskaming Mining Company had on March 31, \$120,346 in the bank, and there was due from smelters \$14,339.

For the quarter the Timiskaming has been depending entirely for its revenue on its low grade ore put thru the mill, no returns having been received from the high grade ore shot now being worked on the bottom level. Next quarter the grade of ore will be very considerably heightened by consignments from the one shoot. It is now a hundred feet long of good ore and a strike being still shows that values hold.

The financial statement shows March 31, 1913: Cash in bank... \$120,346.29  
Due from smelters... 14,339.95  
On hand... 15,697.85  
Bills receivable... 1,789.84  
North Dome loan account... 44,081.24  
In prep... 19,483.24  
Total... \$215,643.37

Less open acc'ts payable... \$240,363.72  
Cash Dividend No. 15, payable April 18, 1913... 75,000.00  
Total... \$141,800.30

## SIGNS OF EASIER MONEY SITUATION

NEW YORK, April 19.—A cable from Paris indicates that it is unlikely that there will be an early reduction in the minimum rate of discount of the Bank of France to 3 1/2 per cent. This strongly indicates the continuance of the Bailey vein thru this area.

The most interesting ground now being opened up is the 200-foot level. The manager states that considering the frequency and the objective point of this work is the Bailey vein, and the cross fracture is approximately parallel to the Bailey vein, it is felt that this work indicates the continuance of the Bailey vein thru this area.

The most interesting ground now being opened up is the 200-foot level. The manager states that considering the frequency and the objective point of this work is the Bailey vein, and the cross fracture is approximately parallel to the Bailey vein, it is felt that this work indicates the continuance of the Bailey vein thru this area.

## FEW ADVERSE FACTORS IN STOCK MARKETS

Aside from the pressure present and prospective of new issues and the temporary slackening of trade, there is nothing to depress the stock market. While the tariff may impose some restraint and unsettlement to certain lines of industry, the effect has been pretty thoroughly discounted. Continued high rates might mean a depression, but it should not be overlooked that there is an immense reserve of free capital in Europe and that the world will surely seek employment in American enterprises with increasing freedom.—Henry Clews.

## THE CATTLE MARKETS

UNION STOCK YARDS.  
Receipts of live stock at the Union Stock Yards since Saturday morning are 53 cars, 1124 calves, 348 hogs, 4 sheep, 56 calves and 36 horses.

## LIVERPOOL CATTLE MARKET.

LIVERPOOL, April 19.—John Rogers & Co. report that on short runs of cattle trade at Birkenhead continues firm and dear, with a further slight advance in prices. Irish steers now making from 15c to 16c per pound.

## CHICAGO LIVE STOCK.

CHICAGO, April 19.—Cattle.—Receipts 200 head. Steers, \$1.25 to \$1.25; Texas steers, \$6.75 to \$7.00; western steers, \$7 to \$8.10; stockers and feeders, \$5.40 to \$5.40; calves and heifers, \$2.90 to \$3.40; calves, \$5.50 to \$5.60; hogs, \$6.75 to \$7.00; mixed, mostly \$5.20; light, \$5.25 to \$5.30; mixed, mostly \$5.25; heavy, \$5.75 to \$5.85; pigs, \$3.85 to \$3.95; bulk of sales, \$2 to \$2.25.

## BUFFALO LIVE STOCK.

EAST BUFFALO, April 19.—Cattle.—Receipts, 100 head: active, 60c lower, \$5 to \$5.50; steady, \$5.50 to \$5.50; heavy, \$5.45 to \$5.55; mixed, \$5.55 to \$5.60; yorkers, \$5.55 to \$5.65; pigs, \$3.40 to \$3.50; western, \$5.50 to \$5.50; mixed, \$5.50 to \$5.50; sheep, \$5.75 to \$5.85; dairies, \$5.40 to \$5.60; mixed, \$5.50 to \$5.50; western, \$5.50 to \$5.50; mixed, \$5 to \$5.50.

## SHARP RECOVERY IN PEARL LAKE

Another Upturn in the Shares in the Week-End Market.

## SOME IRREGULARITY

Further Selling of La Rose—Easier Tone in Cobalt List.

Pearl Lake continued in the limelight in the mining exchanges at the week-end, another sharp upturn in the shares carrying the price to 50 1/2, a gain of a full 4 1/2 points for the day and 2 1/2 since Thursday. Elsewhere the market was quiet and somewhat irregular, with no material changes in evidence and trading generally of small volume.

Reports of favorable developments in the lower workings at the Pearl Lake mine were responsible for the further recovery in the stock. It was announced that the 800-foot level would soon be reached, and in the idea that the recent setback had not been warranted, traders turned to the buying side again. The shares sold up to 52 1/2 only a short time ago, and since then satisfactory results have been attained, several new veins being picked up. It was felt that either the price had been much too high then, or else it was entirely too low at its present level, and the demand was stimulated on that account. Meanwhile there was undoubtedly a short interest in effect, and some of the buying probably represented an attempt to cover.

## QUARTERLY REPORT OF TIMISKAMING

Company Depended For Revenue on Its Low-Grade Ore—Financial Showing.

Like many other mines in camp the first quarter of the year is regarded by the Timiskaming Mining Company as the one in which the least effort is made to obtain a good shipping record.

The statement for the first quarter of the year shows that the Timiskaming Mining Company had on March 31, \$120,346 in the bank, and there was due from smelters \$14,339.

For the quarter the Timiskaming has been depending entirely for its revenue on its low grade ore put thru the mill, no returns having been received from the high grade ore shot now being worked on the bottom level. Next quarter the grade of ore will be very considerably heightened by consignments from the one shoot. It is now a hundred feet long of good ore and a strike being still shows that values hold.

The financial statement shows March 31, 1913: Cash in bank... \$120,346.29  
Due from smelters... 14,339.95  
On hand... 15,697.85  
Bills receivable... 1,789.84  
North Dome loan account... 44,081.24  
In prep... 19,483.24  
Total... \$215,643.37

Less open acc'ts payable... \$240,363.72  
Cash Dividend No. 15, payable April 18, 1913... 75,000.00  
Total... \$141,800.30

## SIGNS OF EASIER MONEY SITUATION

NEW YORK, April 19.—A cable from Paris indicates that it is unlikely that there will be an early reduction in the minimum rate of discount of the Bank of France to 3 1/2 per cent. This strongly indicates the continuance of the Bailey vein thru this area.

The most interesting ground now being opened up is the 200-foot level. The manager states that considering the frequency and the objective point of this work is the Bailey vein, and the cross fracture is approximately parallel to the Bailey vein, it is felt that this work indicates the continuance of the Bailey vein thru this area.

The most interesting ground now being opened up is the 200-foot level. The manager states that considering the frequency and the objective point of this work is the Bailey vein, and the cross fracture is approximately parallel to the Bailey vein, it is felt that this work indicates the continuance of the Bailey vein thru this area.

## FEW ADVERSE FACTORS IN STOCK MARKETS

Aside from the pressure present and prospective of new issues and the temporary slackening of trade, there is nothing to depress the stock market. While the tariff may impose some restraint and unsettlement to certain lines of industry, the effect has been pretty thoroughly discounted. Continued high rates might mean a depression, but it should not be overlooked that there is an immense reserve of free capital in Europe and that the world will surely seek employment in American enterprises with increasing freedom.—Henry Clews.

## THE CATTLE MARKETS

UNION STOCK YARDS.  
Receipts of live stock at the Union Stock Yards since Saturday morning are 53 cars, 1124 calves, 348 hogs, 4 sheep, 56 calves and 36 horses.

## New Bedroom Beds and Bedding for a Thousand Homes

The prettiest effects in grays, blues, greens, pinks, mauve, helio, cream, tan, with the latest cut-outs, panels, strappings, for walls and bungalow tops and ceilings, in plains, florals, lattice and stripe.

Right at the start of the house-cleaning season, when you are overhauling your furnishings, or arranging for your Summer home, these Iron-End Brass Beds offer splendid values in every grade. There is an unlimited supply, and an immense variety of designs, all at less than the usual wholesale cost. We secured the low price list by taking from the maker an enormous quantity and paying him cash for them. While there are enough for all who want them, some of the lines are limited, and therefore the best time to make your choice is at once. Come early for the best service, before the rush hours of the day.
