#### POLISH CAVALRY HAVE ENTERED KIEV, EVACUATED BY REDS

Bolsheviki Defended Strip Between Rivers till Blasted From Positions.  
**GUNS HANDICAPPED**

Warsaw, May 9.—Polish cavalry entered the city of Kiev Saturday morning on the heels of the retreating Bolsheviki.  
 The city has been evacuated by the Bolsheviki. The Polish infantry kept up its advance toward Kiev during the day, cavalry detachments keeping contact with the infantry forces.  
 Kiev was entered by the cavalrymen from the west.  
 There was little fighting, according to reports reaching Polish headquarters in Warsaw, the cavalry going into the city all day as the infantry advanced in a great semi-circle. A few machine gun shots were fired in the early morning as the cavalry appeared, but this was quickly silenced, and reports said the evacuation of Kiev began soon afterward, and as soon as the advancing troops appeared in force.

The fiercest fighting engaged in by the Poles here reached the mouth of the Dnieper, just west of the city. The Bolsheviki, well entrenched, defended the strip between the Irpen and the Dnieper until they were literally blasted from their positions.  
 The Poles first crossed the Irpen northwest of Kiev, near the mouth of the Dnieper, early on Saturday, after a three-day fight before the city's gates.  
 Soon afterwards the passage of the river was effected in force at various points over enemy bridges, some of which were built under the fire of the Bolsheviki machine guns. The Mallin-Kiev railroad bridge across the (Continued on Page 4, Column 3).

#### THEATRE PEOPLE IN MOTOR CRASH

Chas. Baker Dies, Mrs. R. Bernstein Not Expected to Live—Husband Hurt.

Word was received last night by Mrs. Rebecca Bernstein, 78 Olive avenue, from Reuben Bernstein, formerly of Toronto, that he was the only one not badly hurt in an automobile wreck near Auburn, New York, on Saturday. Charles Baker, New York theatrical manager, died early on Sunday morning, and Mrs. Reuben Bernstein is not expected to recover from her injuries. Mrs. Baker was also injured, but not seriously.  
 Mr. Bernstein, who is manager of the Sliding Billy Watson show, which played at the city theatre last week, in company with his wife and Mr. and Mrs. Charles Baker, motored to Toronto from New York a week ago yesterday. They left for the return trip early on Friday morning.

#### Millerand and His Colleagues To Confer With Lloyd George

Paris, May 9.—Premier Millerand and Minister of Finance Francotte-Marsal are expected to leave here next Friday for Folkestone, where they will meet Premier Lloyd George, according to The Temps today. It has been forecast that many questions will be discussed by the premiers at this conference, and that an agreement might be reached regarding the basis of the discussions to be held with the German representatives at Spa. According to the program, the French ministers will return to Paris next Sunday evening.

## Expect Extension of Business Profits Tax

### Much Discussion at Ottawa Centres Around Possibility of New Levy Upon Luxuries—Some Slight Revision of Tariff Considered Likely.

Ottawa, May 9.—(By Canadian Press)—Interest in the budget which Sir Henry Drayton expected to bring down on Wednesday centres around the possibility of a new luxury tax and the probable extension of the business profits tax to the fiscal year, which has just begun. Some slight revision of the tariff is probable, but the general belief is that there will be few innovations in customs duties on staple commodities. The taxation of incomes may be increased to any extent. It is expected in some quarters that revenues from this source will have to be increased, while in others it is suggested that the government will endeavor to shift the burden by means of a luxury tax which will be pretty general in its application and by revising the business profits tax so as to permit of a continuation of liberal revenues from this source without handicapping essential industries.  
 There is a dearth of speculation in informed parliamentary circles as to the terms of the 1920 budget. Much of the burden of cost of demobilization has been wiped out in the past fiscal year, and faced with extraordinary economic conditions, the government is not expected to bring in any radical changes in taxation for the coming year.

## REBELS OCCUPY MEXICO CITY CARRANZA REGIME IS ENDED BY SLAUGHTER OF PRISONERS

**Fifteen Revolutionary Generals Said to Be Among Those Killed in Military Prison—Carranza a Fugitive and Reported to Have Been Captured—Instructions to Spare His Life.**

El Paso, May 9.—General Obregon's forces are in complete possession of Mexico City, according to an official announcement made in Juarez late today by the revolutionists. There were no details of the occupation. The report that President Carranza had been arrested at Esperanza, state of Vera Cruz, while fleeing from the capital city to Vera Cruz, remained unconfirmed. The report said his capture had been effected by General Guadalupe Sanchez.  
 General Francisco Murguia, Carranza's military commander at Mexico City, before leaving the capital, which now is in complete possession of revolutionary forces, carried out a wholesale slaughter of political prisoners at Santiago, the military prison, according to a bulletin issued at revolutionary headquarters here tonight.  
 Fifteen Mexican generals were among those reported slaughtered. "The city was shocked over this bloody epilog for the Carranza regime," the bulletin said.  
 A bulletin issued at revolutionary headquarters here today said members of the diplomatic corps, representing various foreign nations, met at Mexico City and requested President Carranza not to combat revolutionary forces marching on the capital. The bulletin gave Mexico City newspapers of May 4 as authority for the statement.

#### Washington Confirms It.

Washington, May 9.—Official confirmation of the occupation of Mexico City by rebel forces at noon on Friday, May 7, was received today by the state department from the American embassy. There was no disorder and no foreigners were interfered with, the message said.  
 The embassy reported that troops constituting the advance contingent of Pablo Gonzalez took control of the Mexican capital May 7. This advance guard was under the direct command of Gen. Trevano, who, upon effecting possession of the city, issued a formal assurance of complete guarantee. In this announcement he advised command.

#### Local Bakers Were Non-Committal

Local bakers were non-committal when asked their opinion as to the effect this advance will have on the price of bread.  
 Follows Export Price.  
 C. B. Watts, secretary-treasurer of the Dominion Millers' Association, said to The World last night that the raise was a natural result of the fact that wheat was selling for export at a higher price than was being charged the Canadian millers. The price of wheat has been jumping in Minneapolis, recently, as such advances had to be followed by a readjustment on the part of the wheat board from time to time. The increase would make the price of western wheat at Fort William \$2.15 per bushel, and of Ontario and Quebec wheat \$2.38 at Montreal.

#### Mark Bredin of the Canada Bread Company and other representative bakers declined last night to say whether the price of bread would be advanced.

## GERMANY OBJECTS TO BLACK TROOPS IN NEUTRAL ZONE

Will Send Delegates to Spa if Occupancy of Hessian Towns Ends by May 25. WILL REDUCE FORCES

Berlin, May 9.—Beyond indicating in a recent informal communication to the extent that the date set for the Spa conference was likely to inconvenience the German delegates, owing to its proximity to the elections, the German government has made no official request to have the pourparlers postponed. This announcement was made in a statement yesterday, issued in connection with the Paris rumor that Germany was seeking a later date.  
 As most of the cabinet ministers are personally interested in the forthcoming balloting either as candidates or speakers, it was feared they would be unable to participate in the campaign if the conference were fixed for the end of May, as the government, therefore, informally indicated its wish that the Spa meeting take place after June 6.  
 Whether the Germans send delegates to Spa depends chiefly on whether the French withdraw their troops from Hessian towns before May 25. The German government will transmit a note to the extent that a few days announcing its compliance with the restrictions regarding the number of troops it is permitted to maintain in the neutral zone. Germany will expect the French then to withdraw.  
 This attitude is the direct result of the increasing storm of protest over the reported conduct of the black troops. The cabinet is overwhelmed with demands from all parts of the country, that it take immediate steps to end occupation by colored troops.  
 End "Black Disgrace."  
 In response to an interpellation by a woman deputy in the Wurttemberg diet, Premier Blos declared the German government would be asked to bring about at the Spa conference a discussion of the "black disgrace" in view of alleged unchecked assaults by French colored troops upon German women and girls in the occupied zone.  
 Reports received here from the Saar region, which the authorities allege are well authenticated, show an increasing number of murders and suicides as a result of attacks on scores of young German working girls by French negro troops.  
 The reports state that many working girls have mysteriously disappeared, while women of other classes, preferring self-imposed death to public disgrace, have committed suicide.

## PRICE OF WHEAT IS AGAIN RAISED

Advance of From Thirty-Five to Forty Cents a Bushel is Announced.

Winnipeg, May 9.—The Canadian wheat board issued new regulations, effective at midnight, May 8, advancing the price to mills of all grades of western wheat thirty-five cents per bushel, and British Columbia, Ontario and Quebec wheat forty cents per bushel. Another regulation, effective at the same time, increases the maximum wholesale price of bran and shorts to the extent of three dollars per ton.

## OPEN SMALL DEPOSIT VAULT; BONDS SAID TO BE MISSING; MYSTERY DEEPER THAN EVER

Police Think John Doughty Could Unravel Many Knots in Tangle, and Authorities Are Rumored to Be Taking Means to Discover His Whereabouts.

The case of Ambrose J. Small, the missing Toronto millionaire, has entered upon another new phase, hardly less important than those which have from time to time evolved since the day five months ago when The World first announced the fact that Mr. Small had disappeared.  
 It will be remembered that Mr. Small was the holder of \$350,000 worth of Victory bonds, and these were placed in a safety vault at the Dominion Bank for safe-keeping. On the day before he so mysteriously disappeared, Mr. Small sent a messenger to the vault for the bonds, and that they were duly handed to him is proved by subsequent events. Two hundred thousand dollars out of the \$350,000 worth of the bonds are satisfactorily accounted for—\$100,000 were given to Mrs. Small and \$100,000 handed to the Dominion Bank to be sent to Ottawa. The remaining \$150,000, which were bearer bonds, were to be returned to the safety deposit vault. Whether or not this was done could not possibly be ascertained until the safe was opened.  
 The World has reason to believe that the vault was opened during the latter part of last week and that some, if not all, of the bonds were discovered to be missing.  
 Solution in Vault.  
 It has all been contained by Mr. Small's friends that the closed vault contained a solution to the millionaire's fate. If the bonds had been found in the safe it would at least have proved that there was not a part of the mystery of the disappearance. If the bonds or even part of them, are missing, it does not necessarily mean that they have been stolen. Mr. Small may have put them in his own pocket.

## TORONTO HEBREWS REJOICE AT BRITISH MANDATE OVER JERUSALEM AND PALESTINE

Rich and Poor, Young and Old, Jews of City Parade Twenty-Five Thousand Strong to Testify Loyalty and Gratitude to Great Britain in Her Attitude to Oldest of the Nations.

When Hebrews undertake to do anything, be it a business deal, an entertainment, or a procession, they do it well, and leave no room for any kind of kick. Yesterday afternoon they staged one of the largest, the best organized and the most orderly processions ever seen in Toronto. The Labor Day procession has always been held up as an example in organization, but even that street display must now take off its hat to the Jewish parade of yesterday. There could not have been less than 25,000 to 30,000 paraders, and they were of all classes, rich and poor, young and old, babies in arms and old women of 80, pretty girls and young men, to say nothing of some five hundred decorated motor cars, and eight bands, which kept Toronto's Sunday afternoon lively with music.  
 The thousands of people in the streets who viewed the procession, which was estimated to be quite a mile and a half in length, were not long left in doubt as to the reasons for such a gigantic display, as the paraders bore banners containing words that summarized the Hebrew thanks to Britain for accepting the mandatory for Palestine. The procession, as was a large meeting at Massey Hall last night, was organized to show and exemplify—if that were (Continued on Page 10, Column 2).

## BRITISH SOLDIERS MURDERED IN EGYPT

Cairo, Egypt, May 9.—The British troops in Cairo are restive under recent attempts at assassination, culminating last week in the murder of a lieutenant by four young Egyptians in one of the main thoroughfares. The assassins fired point blank at a range of a few feet.  
 A few days ago two British orderlies were shot and wounded. The police recently arrested a student agitator, and his confessions led to the arrest of others, who are believed to be directors of the so-called "vengeance gang," which is sending out "blackhand" letters.

## SALE STARTS 9 A.M. TUESDAY; AN EVENT OF INTEREST TO LADIES

Never since the commencement of the war, said Mr. William Dineen, President of the W. & D. Dineen Co. (in speaking to a newspaper man) has such an opportunity of buying merchandise at less than half the regular price come our way until a couple of days ago, when one of the foremost manufacturers, who wanted money, offered us his surplus stock of the very finest qualities of georgette and crepe de chine, at considerably less than half price. Whether this is the result of the banks curtailing credit, or the market in silks falling, Mr. Dineen could not say. The public will get the benefit of this drop in prices.  
 The goods are being marked off and will be on sale tomorrow morning promptly at nine o'clock. Two hundred beautiful silk blouses, all the latest spring models, in georgette and crepe de chine, stripes, plain colors, some beaded and others braided, making a very handsome variety to choose from. Your choice of the lot for \$5.95 only.  
 We want to distribute this lot as widely as possible, and for that reason can't sell more than two to any one person, and dealers are excluded. No phone orders. Come as early as you can Tuesday morning and make your selection. Dineen's Store is 145 Young corner Temperance street.

## CANADIAN EX-M.P. HELD AT CHICAGO IN ARNSTEIN CASE

Charged With Being Involved in Negotiation of Stolen Bonds in Wall Street.

## LIVING UNDER ALIAS

Chicago, May 9.—A. C. Ecorement, said by the police to be wanted in New York in connection with the negotiating of some of the \$2,500,000 securities alleged to have been stolen by "Nicky" Arnstein and "Nick" Cohen, was under arrest here today. Ecorement, who had been living here under the name of C. E. Arthur, also said to be wanted in Montreal and Buffalo in connection with an alleged \$125,000 wire tapping swindle.  
 William Carter, of the Canadian Dominion police, was in Chicago today conferring with the state's attorney's office. He said he would return to Canada to learn if the Canadian authorities desired to ask extradition papers for Ecorement.  
 The man admitted his name was Ecorement, the police said, and that he was a friend of Philip Kastel, another man said to be wanted in the Arnstein case. Ecorement denied that he knew Arnstein, but was said to have identified a picture of Cohen as that of a man he met not long ago in Chicago.  
 Michael Connolly, a wealthy business man of Montreal, was said to have lost \$125,000 in a wire tapping scheme, in which Ecorement was alleged to be involved. Ecorement said he had \$10,000 on deposit in a Buffalo bank, as evidence of his good faith in the affair.  
 Ecorement said he was the youngest member of the Canadian parliament, and that after leaving Canada he went to New York, where he declared he lost \$60,000 in a stock plan to build a substitute for the Welland Canal.

## OIL BOOM ON IN WESTERN ONTARIO

Indications Are That Important New Pool Has Been Struck.

## FLOW IS INCREASING

Abundant Transportation Facilities Great Help in Developing Industry.

Special to The Toronto World.  
 Thamesville, Ont., May 9.—Canada is not at present producing sufficient oil for her own needs. In fact, outside of western Ontario, we have no proved oil fields of prime importance. Much is expected of the Mackinac River basin and on the Pelee there has been considerable activity, but so far water has been an impediment. The tar sands of the Athabasca are really the residue from oils which have flowed away and been forever lost. The pressure of the superincumbent strata will bring oil to the surface thru any kind of opening. Hence oil pools might be hermetically sealed up so as to prevent escape. Seepages mean that oil is being lost. They do not necessarily mean that oil in payable quantities still remains.  
 The vigorous prospecting now going on in the vicinity of the Pelee and Mackinac rivers should disclose some important reservoirs of oil. The production outside of Ontario is only 10 per cent. of the Canadian total.  
 Western Ontario Favored.  
 Transportation is a most important factor in reducing costs. In this respect western Ontario is exceptionally favored. West Dover has the Thames River besides the G.T.R. and C.P.R. lines. Most of the other fields are only one to two miles from the steel. The big well just brought in by Inland Oil and Gas Co. is only one mile from the C.P.R. station at Thamesville.  
 The Grand Trunk station is however, three miles distant.  
 There is also a great advantage in operating in a settled community. A pump was working on the Inland well and "farmers" teams were hauling oil to Thamesville within 30 hours after the flow began. But for these facilities (Continued on Page 4, Column 2).

### WORK IS CHECKED ON ONTARIO FARMS

#### Chilly Air and Absence of Moisture Have Been Great Handicaps.

Another week of untoward weather conditions practically all over Ontario, absence of moisture and chilly nights sometimes registering hard ice, have not given a very cheering impetus to farm work, and a continuation cannot fall to create a serious condition locally and otherwise. Reports from a number of points in Ontario all indicate that the fall wheat crop has not picked up during the week, as had been hoped, but rather showing a tendency to the most critical time in the Ontario winter wheat is right now, and nothing but warm weather and lots of it, coupled with lots of moisture, can bring about normal conditions.

Despatches from the winter wheat sections of the United States indicate a tremendous surplus crop of wheat of a year ago, but better conditions than existed a month past. Backward weather and scarcity of labor in the sowing of spring wheat is given as the cause. The same conditions apply locally in Ontario. As a matter of fact, quite a lot of seeding remains to be done yet in Ontario, and a number of farmers were sowing in different parts of York county on Saturday. It is many a long year since the season was so backward. The clover and timothy "seasons" are less than an average, and, like the fall wheat, must have warm weather to make good.

It will be a fortnight yet before there will be pasture, and among live stock men a great deal of anxiety prevails, due to the scarcity of all mill feeds, coupled with the high prices they were compelled to pay all winter. The run of cattle at the Union Stock Yards continues light, and it looks like a sustained period of strong prices for all classes. Farm labor is scarce and high, and the area sown will, it is said, show some falling off, while in some quarters little disposition is shown to cultivate the land, allowing it instead to run to commons. A case in point is that of a legal man living in Scarborough township, who last year, on his farm of 30 or 200 acres, gathered only an indifferent crop of hay, and who this year so far has made no effort whatever to cultivate his farm. Large tracts of land adjacent to the city and admirably adapted for gardening and truck farming are in the same position.

### CALLS ON NEW UNIONS TO STAND BY STRIKE

Paris, May 9.—The Labor Federation, in a statement tonight, declares all indications show that the new unions called out are with as strong a determination as those already on strike, and urgently appeals to strikers not to allow themselves to be distracted by other aims, such as more pay and less work, which would only belittle the movement and scatter its strength.

### WILL TREAT WITH ITALY ON ADRIATIC QUESTION

London, May 9.—Authorization for the continuation of direct negotiations with Italy on the Adriatic question has been given by the Jugo-Slav government, according to a Rome despatch to the Exchange Telegraph Company, quoting a message from Belgrade. The message says that as a result of a crown council it was decided to give full power to a delegation to conduct such direct negotiations.

### Come to Toronto to Explain West's New Colonization Plan

Winnipeg, May 9.—A delegation representing the Western Canada Colonization Association with representatives from Medicine Hat, Fort Qu'Appelle, Regina and Winnipeg, left for Toronto and Montreal last night. They will interview eastern business men and explain to them the aim, object and importance of the association. It is planned to raise one and a half million dollars from Canadian business men doing business in the west, and this sum will be devoted to the settling of people on vacant lands in western Canada, and the care of settlers when they arrive.

### DREW RED HERRING ACROSS THE SCENT

#### Complained of Robbery to Cover Her Own Guilt, Say Police.

On May 5 Mrs. Annie Gibson, who lives on the top floor at 17 Seymour avenue, complained to the police that her apartment had been broken into and a gold wrist watch stolen, and that the strings on her husband's violin had been cut. Later on the same day Mrs. Elizabeth Perkins, proprietor of the house, also notified the police that someone had forced open the door to her room and had stolen \$54. Yesterday the Gibson woman was arrested by Detective Winters charged with the theft.

### STREET CAR MEN WANT 85 CENTS

#### Conductors, Motormen, Track Repairmen, Shedmen—All Are Unanimous.

Will there be a strike of Toronto Street Railwaymen this year? A very difficult question to answer. Eighty-five cents an hour is the demand made with emphasis and unanimity at the great mass meeting held on Saturday night at the Star Theatre. Not only were the men unanimous to a man in their demands for the 85 cents an hour, but the meeting was the most orderly held in many years. On Sunday afternoon the motor-truck and repair men held a mass meeting at the Labor Temple, and also endorsed a draft agreement for 85 cents. Tonight the track men meet to decide upon an agreement, and it is confidently anticipated that they also will draft an agreement or endorse an agreement for 85 cents.

### JOURNEMEN BAKERS DECIDE NOT TO STRIKE

Journemen bakers who met at Occident Hall on Saturday night decided to remain at work. The meeting was not without its moments of keen discussion and differences of opinion, but the decision to do nothing further respecting daylight baking was strongly evidenced in the vote, exact figures of which have not yet been given out. It is not known whether the two bodies, the journeymen bakers and the bread salesmen, will continue their alliance. It was stated by many of the members that there was an evident desire on the part of the baker bakers to influence the bread salesmen against the bakers, so that discussion may result in just such lack of decision as was made by the vote at Saturday's meeting.

### WOMAN BADLY BURNED IN WEST QUEEN ST. FIRE

Mrs. Elizabeth Hall, 881 West Queen street, was badly burned about the hands, arms and face on Saturday night in a fire of unknown origin at 881 West Queen street, which did damage to the extent of \$500 to the building and contents. Mrs. Hall was rescued from the third storey of the blazing building by the Portland street fire engine. She was removed to the Western Hospital, where it was reported early this morning that she was suffering from great heat, which did damage to the contents was \$500, while that to the contents was \$500.

### BODY OF SOLDIER FOUND IN CHANNEL

#### Pair of Glasses on Quay Side Leads to Discovery of Corpse.

The body of George Wise, a returned soldier, who has been missing from his rooming house at 138 Mutual street, since Friday, was recovered yesterday by the Illinois crew in the ship channel at the foot of Cherry street. The man is said to have been despondent for some time, and it is believed the police that he ended his own life.

J. Kennedy, 270 East King street, and C. Everett, 67 Ontario street, while at the ship channel yesterday morning found an overcoat and pair of gloves lying on the quay side. In the inner pocket of the coat they found a letter addressed to Wise. They immediately reported the find to Henry Kent, proprietor of the house at 138 Mutual street, who in turn notified the police. Detectives Donaldson and Waters were then dispatched to the scene, and the fire-saving crew notified. The body was found in 18 feet of water by the grappling apparatus, after a short drag of about 12 feet. The body was taken to the morgue, but it is yet uncertain whether an inquest will be held.

### HAMILTON

Hamilton, May 9.—Five passengers were thrown into the ditch and a baby about a year old was injured about the head, and a young girl also sustained injuries, when an automobile driven by Alex. Toimie, 153 North Wentworth street, turned turtle on the H. G. & E. radial trucks, near Stony Creek, this afternoon. The baby was taken to the General Hospital here, where this evening it was reported to be doing nicely.

### MANITOBA ENTERS BANKING BUSINESS

#### Finances for Rural Credits Movement to Be Provided.

Winnipeg, Man., May 9.—(By Canadian Press).—Commending in the immediate future the provincial government will act to enter the banking business in order to provide finances for the rural credits movement in this province, according to information received from an authoritative source today at the parliament buildings.

### FOUND UNCONSCIOUS.

With the gas jet turned full on and the room full of the deadly fumes, Fred Jenner, aged 23, a roomer at 94 Peter street, was found lying on the floor in an unconscious condition by P. C. Butt (99), on Saturday night. But applied artificial respiration, and the man was removed to the General Hospital in the police ambulance.

### Belt Line Suburban Services.

To Be Requested From the National Railways (G. T. R.) and the Canadian Pacific. Now that the Grand Trunk is part of the National Railways a movement is afoot to ask the Board of Railway Commissioners to order these two systems to give a joint belt line service something like as follows: The Grand Trunk to run from its Mimico station along the water front to the Humber, by High Park, Sunnyside, Exhibition, Parkdale, Bathurst street, Union station, foot of Jarvis or Yonge, Don station, Riverdale, Logan avenue, Woodbine avenue, East Toronto, York, Scarborough Junction, and then north to Agincourt.

### Arabian Emir Assassinated, Outcome of Tribal Quarrel

London, May 9.—Iben-Rassid, emir of Hall, one of the principal rulers of central Arabia, has been assassinated. The killing of the emir is believed to have been the outcome of a tribal affair, and not of a political nature. Numerous members of his family have been assassinated for several generations. The emir was allied with the Turks during the war.

### OTTAWA MUDDLE IN BUILDING TRADE

#### Three Thousand Workers to Be Idle Today—Agreements Involved.

Ottawa, May 9.—Labor disputes here in the building trades have reached a bad muddle. On May 1 all the trades went out, but early the following week the unions, with the exception of the carpenters, electricians and painters, had come to satisfactory agreements with the contractors. The other trades, however, took the position, based on collective bargaining, that they would not sign up with any one union until all the trades were ready to sign.

### TWO MORE ATTACKS ON IRISH BARRACKS

#### Both Buildings Burned and Garrison of One Forced to Surrender.

Dublin, May 9.—The authorities are continuing the policy of shutting down the small police barracks in the rural districts and sending the men to the larger central stations. Two barracks last night. At Cloyne, County Cork, the small garrison of seven, after a prolonged fight, was compelled to surrender one of the men being wounded.

Saskatoon, May 9.—Lim On, a Chinese aviator, suffered a double fracture of the right leg and a broken arm when his Curtiss plane crashed down 250 feet near the aerodrome here this afternoon. He was taken to the city hospital, suffering several other minor injuries, but retained consciousness. It is expected he will recover.

### SEVENTEEN AERIAL TAXI FIRMS START

Already Licensed in Western Canada—Passenger Flying First Object. Ottawa, May 9.—(By Canadian Press).—No less than seventeen aerial taxi companies have been formed in western Canada, and a number of these have been already licensed by the air-board. Lieutenant Colonel Egan, who has active charge of the certificates branch of the air board, has just returned from a tour of inspection of the west, and reports great activity and possibilities for very real development of commercial flying in that part of the Dominion.

### CHARGED WITH CONSPIRACY.

Montreal, May 9.—Arthur Erement, notary and ex-M.P. in the Canadian federal parliament, was arrested here in January, 1919, on a charge of conspiracy to rob, the charge being laid by Michael Connolly, in connection with racing frauds at pool rooms in Buffalo and other places. Much evidence was heard and a writ of prohibition was issued which stopped the case on the ground that the alleged conspiracy was charged to have occurred in a foreign country, and accordingly could not be tried in Canada. The superior court quashed this writ. Appeal was taken by Erement, and last week the court of appeal maintained the judgment of the superior court. Erement is under bail of \$10,000.

### DIES WHILE AT PLAY.

Calgary, May 9.—Thomas Cullen, aged ten years, was smothered to death while playing in a cave in the side of the Sunnyside Hill. The roof collapsed, and it took half an hour to dig the boy out.

### CARGOES ROBBED BY CLEVER THIEVES

#### Cases From Britain to Australian Port Opened and Rubbish Substituted.

London, May 9.—A despatch to the London Times from Sydney, N. S. W., says that recent experiences have indicated that a gang of men with world-wide ramifications are engaged in stealing from cargoes on their way to Australia from English and American ports. The cost to shipping companies and merchants, it is stated, has aggregated thousands of pounds sterling annually. The pilfering has taken place prior to shipment from the ports of origin, during transmission and after arrival at destinations. At Sydney 15,000 pounds sterling worth of goods have been stolen since Christmas time, and other ports have suffered in a similar manner.

### HUNGER STRIKERS FREED

Cork, May 9.—The last remaining two hunger strikers in the Cork Prison were released yesterday. A sergeant in the detective service named Revell was shot and seriously wounded Saturday morning on Phibbsborough road, a bus thoroughfare, while on his way to report for duty at Dublin Castle. Two men shot the detective from behind and escaped.

### SOLDIER FOR CARETAKER

At a meeting of the trustee board of Maple Leaf Public School, near Weston, held on Friday evening, Pte. George Symes was appointed caretaker. The position became vacant owing to the resignation of Sergeant Major W. Willis. Pte. Symes enlisted with the 54th Battalion and was severely wounded at Vimy Ridge. His father and a brother were killed while serving with the imperials. The amount of \$1750 was paid, with two months' interest, for the installation of a hot water heating system. John Shirley, chairman, presided.

PRESIDENT ISSUES CALL TO DEMOCRATS

Declares Lodge Resolutions Are Utterly Inconsistent With Honor of Nation.

Washington, May 9.—A call to the Democratic party to go into the campaign standing four-square in favor of the treaty of Versailles and against the senate's reservations was issued tonight by President Wilson in a telegram to Oregon Democratic leaders, made public at the White House.

Declaring that the party had the honor of the nation in its hands, the president said that the Lodge reservations were "utterly inconsistent" with that honor, as well as destructive of the role of world leadership which the United States must assume. The only true Americanism, the president said, was "that which puts America at the front of free nations and redeems the great promises which we made to the world." It would be a violation of the role of world leadership to attach reservations to the treaty which would "whittle it down or weaken it, as the Republican leaders of the senate have proposed to do."

**UNITY AND AMITY**  
**AIM OF G. A. U. V.**  
So Says Comrade Marsh, Who Envisions a World-Wide Fraternity.

Unity of all forces and a determined front for all purposes, that was the slogan of the mass meeting of the G.A.U.V. held on Sunday afternoon at the Royal George Theatre, Dufferin street and St. Clair avenue. J. J. Higgins, who is prominent both among the returned men and the labor men of the city, in his address as chairman of the meeting, expressed the opinion that under the proposed system of proportional representation there would be a good chance for the returned man to be properly represented in both the provincial and Dominion houses. "Under such a system," said Comrade Higgins, "the soldiers would gain half the possible electoral suffrage of Toronto, counting their own and their friends' votes." There was one strong need of the moment, organization and all round unity. He was firmly of the opinion that the Union government would have to appeal to the people before many months were past.

General Organizer Marsh predicted a Dominion election before next October, and with it a great victory for those forces representing the soldiers, workers and thinkers of the country. The G.A.U.V., he said, had been first to consider politics, the first to champion the policy of the open door, and was now the first to inaugurate the necessary touch of unity among the returned men. Touching upon the problem of pensions, Comrade Marsh defied Hon. Newton Wesley Rowell to prove his alleged statement, that Canada was paying a higher rate in pensions than any other country in the world. The United States alone, he pointed out, was paying \$1200 a man in total disability pensions. There was distinct need for a better policy of caring for the widows and orphans.

"As a matter of fact, the Union government has no policy of any sort," said Comrade Marsh. The U.P.O. labor section of the community has already endorsed our policy of gratuities, and so has the Liberal party, but not so the Conservative party or the Union government. Of course, the Conservatives are bound to line up with all the others so as to be in the great political swim. Our amalgamation is a direct challenge to Sir Robert Borden and Sir George Foster. It spells their defeat at the next hustings."

At the conclusion of his address, Comrade Marsh bespoke affiliation of the G.A.U.V. in the course of time with all the returned men's organizations of note throughout the allied world. Captain Tupper, well-known sportsman and popular member of the G.A.U.V., addressed the meeting in his customary humorous vein.

**G. A. U. V. COMMENCES SUNDAY MEETINGS**

Condemn Sir George Foster's Treatment of Harry Flynn.

The first of a series of Sunday meetings of the new organization—Grand Army of Canada and United Veterans—was held at the Royal George Theatre on Sunday afternoon, Comrade Higgins in the chair. The chairman outlined the work of the combined veterans and predicted a big success as he pleaded for a strong membership and invited the G.A.U.V. to open their doors and thus add to their strength.

Comrade Marsh, Dominion organizer, said that Faircourt had a right to become the banner of the G.A.U.V. because of its splendid record in the war. Referring to the full disability pension the speaker declared that the Americans, who came over on a picnic when the war was practically over, were receiving a larger sum for total disability than the Canadians, which was a miscarriage of justice, considering the sufferings of the Canadian troops. Sir Robert Borden and Sir George Foster came in for some hot criticisms, Marsh declaring that Borden would have another sickle spell before he reached Ottawa, or else he would forget his golf sticks.

Was Great Advertisement. For the treatment of the late president of the U.V.L., Harry Flynn, Sir George was condemned, representing as Flynn did 10,000 to 12,000 returned men who had sent him to Ottawa to voice their views. It was, however, as it turned out, a great advertisement for the veterans, and Sir George Foster had unwittingly rendered the veteran a great service, the result to a large extent being the amalgamation of the two organizations and probably later a third. The veterans in politics were also touched upon, and both Capt. (Rev.) Tupper, editor of the G. A. U. V. Journal, and a former reporter of a mining town, and Marsh advised members to prepare for a Dominion election in the fall when the veterans would have something to say about their representatives.

Col. McLean, M.P., for his disparaging words against the private soldier and wife was condemned by Tupper, who intimated that if the veterans have anything to say in the coming elections McLean will have a sorry chance of holding his seat in parliament.

**WHISKEY IN POTATO BAGS**

In the police court on Saturday, Benjamin Brannan was fined \$20 for B.O.T.A. in addition a stock of whiskey, valued at \$1850, was confiscated. The whiskey was found in potato bags in a garage at the rear of 765 Shaw street.

**REV. T. T. SHIELDS TO CONTINUE**

At the forenoon service yesterday in Jarvis Street Baptist Church, Rev. T. T. Shields, the pastor, intimated that he would preach as usual next Sunday, which would be the beginning of his eleventh year in the pastorate of the church.

The Canadian Fire Extinguisher Company has completed the purchase, thru J. R. Morton & Co., of 850 feet of land adjoining their plant on Dundas street, West Toronto, on which they will erect a \$125,000 addition.

The city architect has issued the following permits: W. J. Blair, addition to cabinet shop, Dupont street, \$8000; James Booth, 110 Helena avenue, put semi-detached houses, \$8000; Blackford & Co., addition to store, 748 Yonge street, \$10,000; Forward Baptist Church Sunday School building, Woodbine avenue, \$14,000.

**Home Makers**

Have you considered the responsibility that rests in your hands when furnishing your home? That home which will reflect yourself? You create the environment that is going to leave its impress not only on yourself and those who share your home, but on those who will pass through your doors, and enjoy your hospitality. There is a subconscious influence in furnishings and furniture and one should determine whether the influence is to be refining and helpful, or negative. A properly furnished home does not necessarily involve extravagance. It means that a well-thought-out plan of effective furnishing should be decided upon, to obtain desirable results. When there is a definite scheme, there will be a more harmonious whole, as well as a wiser selection in furnishings. Especially is this true when it comes to furniture, for you buy knowingly, and just naturally want furniture with a personality. For years we have specialized in beautiful and artistic furniture of dependable quality, and during that time have earned the confidence of thousands of home-makers of good taste throughout the country. The high-class furniture we are offering all next week will afford an opportunity to many of securing many individual pieces worthy of a place in any home.

**QUEEN ST. BUILDING SOLD FOR \$35,000**

Permits Are Taken Out for Several Additions to Factories. The building at 1803 West Queen street has been sold by J. G. Kent to J. H. Copeland for \$35,000. Messrs. Copeland-Chaterson Co will occupy the premises, and it is understood will move one of their departments from the Brampton factory to the Queen street building. This firm has occupied the building for some time under a lease. Mr. H. H. Williams has closed his office on King street after operating about 30 years in Toronto as a real estate agent. Only two or three members of the staff remain to close up the books. The building has been offered for sale. A \$20,000 boiler house will be erected at 2 Liberty street by the Canadian Dyers' Association. Brown's bakery at 462 Eastern avenue will be enlarged this summer, plans having been prepared for a \$75,000 addition. The Bank of Nova Scotia will erect a \$40,000 branch at the corner of St. Clair and Avenue road. The Canadian Fire Extinguisher Company has completed the purchase, thru J. R. Morton & Co., of 850 feet of land adjoining their plant on Dundas street, West Toronto, on which they will erect a \$125,000 addition. The city architect has issued the following permits: W. J. Blair, addition to cabinet shop, Dupont street, \$8000; James Booth, 110 Helena avenue, put semi-detached houses, \$8000; Blackford & Co., addition to store, 748 Dundas street, \$10,000; Forward Baptist Church Sunday School building, Woodbine avenue, \$14,000.

**Trips Down Stairs Fractures Skull**

While coming down the stairs at the World building, Arthur Guilford, chief auditor for military district number 2, tripped and hit his head on a stone step. A severe cranial fracture resulted and Guilford was at once removed to St. Michael's Hospital. The wound was immediately stitched, but not before the patient had lost a considerable quantity of blood. Mr. Guilford had been attending to business at the pay-office, which is in the World building, and was coming down the stairs when he missed his footing and fell headlong to the bottom. Arthur Guilford has been connected with the accounting branch of the militia for five years, and has in that time risen to be chief auditor for the district. On account of physical disabilities he was not permitted to go overseas. Independent Labor Party May Contest Northeast Toronto. Toronto I.L.P. Labor representative committee will meet today week at the Labor Temple to take up the matter of a candidate for the party in the riding of Northeast Toronto, to the seat vacated by Hon. Dr. Cody, recently minister of education for Ontario. Several names are under consideration as possible nominees of the party, but none will be officially given out until next Sunday's meeting, if then. MORGENTHAU IS WILLING. New York, May 8.—Henry Morgenthau, chief of the War Relocation Authority, is ambassador to Mexico. Issued a statement today denying reports that he would decline to accept the post, if confirmed by the senate. MAIL CLERKS TO MEET. In view of recent action taken at Ottawa, the railroad mail clerks of the Toronto district are holding a special meeting on Tuesday, May 11, at 9 p.m. in the Sons of England Hall.

**Prepare for Summer Days with Morning and Afternoon Frocks**

The Summer supply of frocks must of course include the fluffy, airy afternoon frocks, but equally important are the crisp, fresh dresses for morning wear. Our Morning Frocks range in sizes up to 44. There are "Billie Burke" dresses with their charmingly youthful lines, and for those who prefer fitted waist line, there are Frocks of Chambray, Gingham, Pique and Vesting. Vestees and fichu effects are of net and organdy; pleats and ruffles, sometimes of soft material, sometimes of taffeta, run riot among the charming Summer colorings are Orchid, French Blue, Navy, Grey and Tan. Sizes up to 44. Prices \$16.50 to \$50. Women's Shop—Second Floor.

**NO DEFINITE PLANS FOR HOUSE BUILDING**

Only Recommendation Before Council Today That City Buy Lands. When council meets this afternoon there will be nothing on the housing situation to lay before the members but a report from the board of control that conferences have been held, and a recommendation that the city purchase the housing commission's land. It is said that something definite in the matter of plans would probably be ready for council two weeks hence. The board recommends to the council in view of the fact that the private bills committee threw out the Mount Pleasant car line bill, that a bylaw to authorize the issue of debentures be submitted to the ratepayers on January 1 next. The board also recommends that a vote be taken on the daylight saving principle. In view of the hesitancy with which the government is dealing with the Toronto and Bowmanville radial proposition, a recommendation comes before the council from the board of control that the Hydro-Electric Power Commission be asked to issue its own bonds for the construction of the road. For Temporary Treasurer. Council is asked to appoint A. E. Black, acting city treasurer, pending the appointment of a successor to Commissioner Bradshaw, who is leaving the city's service. Mr. Black is now deputy treasurer. The board of control suggests that the services of Mr. Bradshaw be retained as consulting financial adviser. An amendment will be presented to the ferry bylaw to provide that children under 12 years shall be carried for five cents the round trip.

**TEAMSTERS DEMAND HIGHER MINIMUM**

J. J. Ashton, general organizer in Canada for the International Union of Teamsters and Chauffeurs, will reach Toronto on Monday and will remain some time in the city organizing teamsters and truck drivers. Judge Denton has been appointed chairman of the board of conciliation investigating the grievances of the general teamsters in Toronto, the minister of labor having had to make the appointment of his own bat, neither of the members of the board, J. G. Merrick and Fred Bancroft having been able to agree on any appointment. The preliminary meeting of the board will be held on Monday. The teamsters are demanding a minimum wage of \$26 a week. INTERNATIONAL BODY NOT IN NEGOTIATIONS. It is understood that the International Brotherhood of Freight Handlers and Railwaymen is not one of the brotherhoods jointly convening with the Canadian Brotherhood of Railway Employees of the Grand Trunk, relative to schedules and conditions as reported in an evening paper of Saturday's issue. It was stated on Saturday afternoon that the international brotherhood of freight handlers, \$135 a month for checkers, and an increase of \$35 a month for railway clerks receiving from \$100 to \$300 a month. W. J. MacPherson, general organizer for the Canadian Federation of Labor, is understood to have the matter in hand for the employees of the Grand Trunk.

**BECK SILENT ABOUT BALDWIN'S CLOSING**

Would Not Predict When a Sufficient Power Supply Available. Sir Adam Beck had no public announcement to make on Saturday regarding the power shortage or the decision of Baldwin's Ltd., to close their Toronto plant because of their inability to secure enough current to operate. "I cannot say anything at this distance," said Sir Adam, speaking over the phone from London on Saturday. He would not predict when a supply would be available. "Is there any likelihood of the Mackenzie companies being taken over as an early date?" was further asked. "I cannot give any information on the matter," was all the Hydro chairman would say. To the press on Saturday, Mr. Russell, president of Baldwin's Canadian Steel Corporation, repeated what he on Saturday morning announced in the Daily World, that the lack of power had compelled his concern to close down, and might result in their removal from Toronto.

The Toronto World

FOUNDED 1880. A morning newspaper published every day in the year by The World Newspaper Company of Toronto, Limited.

The Hebrews—A Great Sentiment.

The great crusade started by Leader Peter the Hermit to rescue the Holy Land is likely to be rivalled as a world-wide feature by the movement sweeping thru the Jewish people all the world over to recover and settle some of their race in Palestine.

The mammoth procession in Toronto yesterday of our Jewish citizens, in connection with this affair, and the big meetings of last night, are only one of its manifestations.

The Hebrews are cosmopolitan; but they all join in appreciation of Britain's glad acceptance of the mandatory for Palestine, and in extending their faith, that the fullest justice to all races concerned will be achieved in this wonderful renaissance.

Not all the Jews now living could be settled in the land of their fathers, but many for race and religious reasons, will go there, and the immense resources of these ancient people will be devoted to reorganizing and rehabilitating the old commonwealth.

There is every reason to think this work will be done with the good wishes of the Arabs, who are also to erect a new nation and kingdom alongside. The Arabs are a kindred race of Semitic origin. The Arabs, too, are a wonderful people.

No one can imagine just what this new movement will accomplish; but we believe it will be one of the landmarks of the world in the way of a national and religious sentiment, realizing itself after thousands of years. All the ancient and modern conquerors of the world have overrun the heritage of the Children of Abraham; now it is to be modernized by good government, by justice, by fair play to all. It will be made again a land of flowers and fruit, of grain, of commerce.

And it is more than likely that the eastern shores of the Mediterranean are to see almost immediately a wonderful rebirth—in Turkey, Greece, Asia Minor, Palestine, Egypt, Mesopotamia, up to the bounds of Persia. It will again be the centre of a still greater civilization.

But, running thru it all will be the centuries of longing of an oppressed people to again live in and control the destinies of their ancient home. There never was such an equal and persistent longing.

And the "near east" can be made again one of the fairest and richest parts of the world.

be neither fair nor honest. Wise women who enter public life do not expect to be nursed in moral cotton wool. They will always receive a consideration that arises from their more tender, more perilous functions in the peaceful state that men are honored with. But they do not expect to be children of favoritism. Neither should they be subjected to treatment that men are not stood up against.

This Bottomley knows perfectly well that notorious adulterers are members of the house of commons. They are flagrantly guilty of offences against the sanctities of life that he does not deem to impute against the first woman M.P. He knows that some among them appear as supporters of churches and defenders of the faith once delivered to the saints.

The deed is one of the kind which make men ashamed of men. It reminds of the unctuous claim we sometimes make for ourselves—that we are the protectors of women from violence—forgetting that the violence from which women need sometimes to be saved is the violence of their natural "protectors."

British citizens are not condemned with the former American citizenship of Lady Astor, unless some charge is brought against it which reflects upon her fitness to discharge the duties which her countrymen and countrywomen have confided to her.

When you begin to pay me my pension, I will clear out, because I like some other place better than that which has given me livelihood, and honor and power."

Queer Friends of Public Ownership. The Mount Pleasanters who have been denied a municipal street railway will not appreciate the left-handed help of the two professed Liberal papers in Toronto, The Globe and The Star, nor those Liberal members of the legislature who represent Toronto and who failed to uphold their rights to a street car service.

Some Ties of Home. What is the ultimate philosophy of home for a country for which some millions of whose people left their native lands? Old country people in Canada often talk for long of "home," until they realize that home for them ought to be, and in a healthy family state, must be, where their children are—where the anchor has been cast into the future.

The Woman Pays. Horatio Bottomley, essaying the part of a bull in an Astor shop, has been fussed and boomed in the house of commons for his temerity. He has tried to hold up the first woman member of the British parliament as a person with a shady past. His experience should make men reflect more than is common on the truth that in the court where blind censoriousness presides the woman is always made to pay.

IS GRANT MORDEN AFTER THE BALDWIN? A street rumor has it that the new British Empire Steel Corporation promoted by Col. Grant Morden has been negotiating with Baldwin's Canadian Steel Corporation with the result that the Baldwin plant in Toronto will be closed. But no confirmation of this rumor was forthcoming.

THE FARMERS' MOUTHPIECE. The Farmer's Sun of Saturday tells the farmer legislators it will give their desire for an increase in pay consideration if they present the proposition fairly, not as a round robin, for instance. It tells Premier Eury to go slow on radicals. But while its article was being printed the government authorized the line west from Toronto to St. Catharines.

patriotism of the home than men's are. Lying dead in Stockholm today is the Crown Princess of Sweden, daughter of the Duke of Connaught. She was devoted to her Anglican faith, but her heart was with the future of her five children.

DISLIKES MORDEN'S COMBINE; BEGINNING OF MAMMOTH TRUSTS. London, May 8.—(By Canadian Associated Press.)—The Saturday Review regards with apprehension and dislike Col. Grant Morden's gigantic combine, seeing in it: "Only the beginning of a number of mammoth trusts, which will throw the control of the vital products of industry into the hands of a few millionaires like the Messrs. Vickers and Lord Beaverbrook."

"SOO" HAILS PROSPECT OF DEEP WATERWAYS. International Commission Meets There Tomorrow to Discuss St. Lawrence Plan. Sault Ste. Marie, Ont., May 9.—Great interest is being taken in Sault Ste. Marie in the visit of the International Waterways Commission here next Tuesday, when evidence will be taken as advantages and practicability of deepening the St. Lawrence waterway, in order to enable ocean-going vessels to sail right thru to the head of the lakes.

J. KENDAL GROUNDS. Brockville, May 9.—The steam barge, J. Kendal, owned by the George Hall Coal & Towing Co., Ogdensburg, N.Y., grounded early Saturday morning on a shoal in the river opposite Alexandria bay. She is laden with anthracite coal for Prescott from Fair Haven. This is the first marine accident of the season in the Thousand Islands region.

OTAWA MAN (Mail Special). Whether or not Sir Robert Borden will be able to take up the duties of his office and perform them with his old-time vigor for any considerable length of time, is of course purely a matter for speculation in Ottawa at present. Only time and the premier's physicians will be able to give a definite answer to the question.

OTAWA. May 7.—(Special to The Montreal Star.)—Hon. Robert Rogers is to meet with his conference of Conservatives at Toronto next week. As to the leader thereof Mr. Rogers does not consider his sun as yet set. If the conference revives the Conservative party a more complicated situation will be created here.

POLITICAL NOTES. Ottawa, May 8.—There is some clearance in the political sky by the near return of Sir Robert Borden to Ottawa to the active duties of prime minister. It is even said that he will start in right after the session, to reconstruct the cabinet and organize the Unionist party, and to find a platform for it. The cabinet seems to be largely controlled by a trinity, made up of Dr. Reid, Mr. Rowell and Mr. Calder. They are credited with being the inside advisers of the prime minister.

THE GIRL WHO SMILED THRU By MARION RUBINCAM

Synopsis of Preceding Chapters. Alice Fairbanks has won her way thru life by her optimism. It carries her thru her father's death, her mother's invalidism, their poverty, her necessity for working hard. It attracts to her, first, David (Thorne), with whom she falls in love. They are engaged and Alice is wonderfully happy until she suspects David to be attracted to her cousin Lois. She breaks the engagement, and hears later that Lois has married David.

In trying to piece together her life again, she adopts a baby deserted by a wandering family. Thru this she comes to know Laurence Marlowe, and eventually becomes engaged to him. She feels she must finish a desired college course before marrying him, so comes to the city. Here she meets David and finds that he is still in love with her, and unhappy.

SACRIFICE. Chapter 79. The agony of mind that Alice had gone thru two years ago, when she had given David up to Lois, seemed nothing to the agony of both mind and soul that she was going thru now. For she could feel thru all the former unhappiness, that she had given up David for some good to himself—if he loved Lois and if he had married her, of course he must be happy, she had thought.

But now the sacrifice had been wasted. For if David had been happy, she would have felt glad. She would have gone on trying to be friends with him, trying to fight down the feeling of love that was strong within her, and at the end of her college term, she would have gone on home, and married Laurence. And things would not have been so very different from the way they were when she first came to the city.

But David was not happy, and his unhappiness brought him closer to her than ever. Christine often came back from some of her classes to find Alice walking back and forth over the room. Christine, of course, knew all about it. "You're my safety valve," Alice would say. "I don't know what I would do without you. I guess I would turn and run home."

Christine always had to smile at this sort of talk. "What a queer person you are, Alice dear," she said once. "You are so very strong sometimes, and so very weak others. You spent exactly 10 years of your life, the most precious 10 years a woman's life contains, as a slave to your duty. I know," Alice started to protest, "there was nothing for you to do but stay home and work, and scrimp, and sacrifice, and remain a little ignorant—yet think of the girls who would not have done that! Very few have the will power to stick to an unpleasant duty. You stuck—now you come up against another sort of thing, and you want to be weak and run."

"But what can I do?" Alice cried. "It's all so hopeless. Dear, you must look facts in the face. Here I am, engaged to one of the nicest men in the world and in love with another."

"Thank heaven you're not married to Laurence yet," said Christine. "That would make a worse mistake." "Why?" Alice asked. "David is married. The whole thing is a muddle. I've no right to be in love with him. And I certainly have no right to stay engaged to Laurence, when I'm not wholeheartedly in love with him. Have I?"

"No," Christine answered honestly. "I confess I don't see a way out for any of you." "I'll write and tell Laurence and set him free," Alice answered, going towards her desk. "No, wait, don't do that!" Christine jumped up to stop her. "Alice laid down her pen. She remembered the cutting pain of that one letter, when Lois had written her that she had married David. "If you must break with Laurence, wait till you see him. You can make it a little easier if you tell him. Don't write it—don't ever write anything unpleasant," Christine begged. "Alice rose from the desk and went over to her bed. She dropped down with her head among the cushions. Christine, usually so undemonstrative, came and perched beside her. "Don't give up yet," she tried to make her voice sound consoling. "There must be a way out."

"What way?" Alice asked passionately. "He's married to Lois, and she's miserable. He's tied fast to her, even if she doesn't live with him. I'm wretched—and if I marry Laurence, I'll make him wretched too!" "And if you break your engagement to him, you'll make him still more wretched," Christine said. Then she had one of her typical reactions. She began to laugh. "Don't mind this silly laugh. I don't think it's any the less tragic. I'd laugh even if it were I instead of you, dear. I never knew anything to look so hopeless."

Tomorrow—Home Letters. Montreal Man is Found Dead in Lot in Suburbs. Montreal, May 9.—With a bullet wound in his forehead, his overcoat under him, a newspaper and a partly consumed bottle of whiskey beside him, a man, so far unidentified, was found dead in vacant lot in Mount West Extension today, at one o'clock. The body was discovered by a market gardener, who reported to the police. It is believed to be a case of suicide. CHARGE SEDITIOUS PUBLISHING. St. Catharines, May 9.—Owing to the non-appearance in court yesterday of J. G. O'Donoghue of Toronto, who, according to a report, had been retained to defend him, Tom Sabadash, Russian, charged with publishing seditious literature just prior to May Day, was remanded until Friday next.

## CLEVELAND LEADS AMERICAN LEAGUE

### Saskatoon Youngster Wins for Brooklyn Over Philadelphia in Tenth Inning.

At Chicago (American) on Sunday—Timely hitting against Eddie Cicotte, mixed with passes and Chicago errors, gave Cleveland the final of the series, 4 to 3, and the lead in the American League. Stanley Coveleski registered his seventh consecutive victory of the season. Chicago was held scoreless until the ninth, when four hits and an error scored three runs. Score: R. H. E. Cleveland ..... 0 0 0 0 0 3—3 11 2 Batteries—Coveleski and O'Neill; Cicotte and Schalk.

At Washington—A great shoestring catch by Lewis off Harris' bat with the bases filled in the ninth ended a Washington rally that had driven Quigley out of the box and enabled New York to take the final game of the series, 5 to 3. The score: R. H. E. New York ..... 0 0 0 1 0 0 0 1—3 13 3 Washington ..... 0 1 0 0 0 2 0—3 10 1 Batteries—Harris and Egan; Hannah; Johnson and Pielich, Ghartry.

At Detroit—St. Louis hit Ehmske and Oldham hard and won from Detroit, 7 to 4. In the ninth inning the visitors grouped a double, two singles and a sacrifice with Hal's error. Detroit runs, Coach and Hellmann, for Detroit, hit home runs off successive pitchers in the sixth inning. Score: R. H. E. St. Louis ..... 0 0 1 0 1 0 2 3—7 11 2 Detroit ..... 0 0 0 1 0 2 0 1—4 9 3 Batteries—Wellman and Billings, Seaver; Ehmske, Oldham and Stange.

At Brooklyn (National) on Sunday—The prowess of Bernie Nels, formerly of Saskatoon, enabled Brooklyn to win an extra-innings game from Philadelphia, 5-4. He singled in the tenth with one out, stole second and scored on Kruetz's single. The batting of Nels figured in all the Brooklyn runs. He was credited with a two-bagger and two singles. Score: R. H. E. Philadelphia ..... 0 0 0 0 0 0 0 0—4 8 1 Brooklyn ..... 0 0 0 3 0 1 0 0 1—5 11 1 Batteries—Moser, G. Smith, Lewis, Traggess, M. Wheat, Cadore, S. Smith and Kruetz.

At New York—Boston retained its lead in the National League, defeating New York, 7 to 0. The Braves knocked out Tony in the second inning by scoring three runs, and then bunched five hits off Nehr for a run in the eighth. The New York fielding also was mediocre. Hearne, Boston's opening pitcher, was taken out with the bases full in the second inning. Score: R. H. E. Boston ..... 0 3 0 0 0 0 4 0—7 9 1 New York ..... 0 0 0 0 0 0 0 0—2 9 3 Batteries—Hearne, Rudolph and Gowdy; Tony, Nehr, Winters and Snyder.

At St. Louis—Cincinnati took the odd game of the series from St. Louis by winning, 6 to 0. The locals were helpless before Reuther, who allowed two hits—only a short fly behind second that lough dropped after a hard run, and the other, a single. Cincinnati batted into the right field stands in the ninth for a home run, scoring Duncan ahead of him. Score: R. H. E. Cincinnati ..... 0 0 2 0 0 0 0 3—6 9 2 St. Louis ..... 0 0 0 0 0 0 0 0—2 9 2 Batteries—Reuther and Wingo; Dask, Haines and Clegans.

At Chicago—Pack's steal of home in the eighth inning proved to be the run which gave Chicago an eight to seven victory over Pittsburgh. The locals took a one-run lead on Adams' homer, and then contained against Ponder, who was on the mound when Pack stole home. Carey was ordered out of the game by umpire Emalle when he protested a decision at second base. The score: R. H. E. Pittsburgh ..... 0 1 0 1 0 0 0 3—7 13 3 Chicago ..... 3 1 1 2 0 0 0 2—8 13 2 Batteries—Adams, Ponder, Emalle, Schmidt; Martin, Bailey, Carter and O'Farrell.

## READING WINS SUNDAY GAME AT ROCHESTER

At Akron—(International on Sunday)—What promised to be a pitcher's battle turned out to be a slugfest match when Akron defeated Baltimore, 7 to 3. Seven two-baggers and three home runs were among the eighteen hits gathered during the contest. Parnham, pinch hitting for Fletcher Sullivan of Baltimore, hit a home run in the ninth inning. Lefty Hill, who won 12 and lost 3 games in the international last year, pitched for Akron and ran up his third straight victory for the series. Score: R. H. E. Akron ..... 0 0 1 0 1 0 0 1—7 10 2 Baltimore ..... 0 0 1 2 0 2 0 0—3 9 0 Batteries—Sullivan and Egan; Hill and Smith.

### At Rochester—Reading defeated

Rochester, 8 to 7, in the opening game of the series. Seven hits and an error by Bowen gave the Maroons six runs in the first inning. Barnhardt was driven from the box in the third, but Karpy's successor, checked the attack of the locals. Long and Kunesch hit home runs inside the park. Score: R. H. E. ## MONTGOMERY, OF BEAUSVILLE, HIGH GUN AT THE TORONTO CLUB OLYMPIC TRYOUT

An Olympic try out was held at the Toronto Gun Club on Saturday afternoon. It will be from the scores made by the shooters at these tryouts held throughout the country, that the teams will be chosen to represent Canada at the Olympic games in Antwerp.

Every trap shooter should attend those tryouts and give the same loyal support to the Canadian team that will represent them. The tryouts will be held at the Ontario Gun Club, 1000 St. George Street, Toronto, on Saturday afternoon, May 15, at 2 p.m.

The Ontario Gun Club is a Canadian national sports organization and is open to all Canadians. It is the only organization in Canada that has a national and international sports organization and is open to all Canadians. It is the only organization in Canada that has a national and international sports organization and is open to all Canadians.

The next Olympic tryout will be held at Niagara Falls, Ontario, on May 15. The first two events on Saturday were held under favorable weather conditions, but the wind got up and the shooters had some very hard targets to contend with for the balance of the afternoon.

R. J. Montgomery, Beaumville, was first; W. H. Gooderham of Toronto, second; and I. H. Symmes of Niagara Falls third. The score was as follows:

W. H. Gooderham, Toronto	100
A. J. Gooderham, Toronto	100
J. J. Gooderham, Toronto	100

## GEORGES CARPENTIER, EUROPEAN CHAMPION

## First of Season

Left Jab, Lightning Shift, Dangerous Right Cross and Fast Footwork, Before Enthusiastic Assembly on Saturday Night.

Georges Carpentier, heavyweight boxing champion of Europe, and a real hero of the great war with an entourage of 15 people, spent the week-end in Toronto. Mme. Carpentier, Managers Deschamps of Paris and Jack Curry of New York, his American and French managers, and Jules Lanars and Jacques Wilson, sparring partner and trainer, with valets and maids, made up the party. The celebrated brave Frenchman was met at the Union Station by Mayor Church and several other prominent citizens and officers, and given an official welcome there and at the city hall, at noon Carpentier and all shrubbed were the guests at luncheon at the King Edward Hotel, given by the Sportsmen's Tavern, which was highly congratulatory and patriotic speeches were the order. Georges replied to the Sportsmen's Tavern, which was highly congratulatory and patriotic speeches were the order. ## SHORT STORIES

One feature of the boxing or fighting ability or prowess possessed by Georges Carpentier was of necessity omitted at the Arena Saturday night, viz., the force of his punch. Here it is as described by Jack Blumenthal, English middleweight, who was the main sparring partner of the Frenchman when he boxed for the Beckett battle:

"His jab got punch! Listen, he's got an awful wallop in both hands. They're short, snappy blows timed by watch. Yes, they're timed. I've seen him use the stop-watch when he was working out, and figure how long it took a punch to get across. He's got a wallop, I know, because many times I had to tell him to slow up. He never abused his sparring partners and always makes them yell when he gets to coming too strong."

It's the temperament of Carpentier that makes him what he is. He wouldn't worry about anything. He knows just what he has to do in training and he does it.

"Can he take punishment? I shouldn't have to answer that. His fights with Klaus Fays and Jacksets ought to satisfy any one about that. I know, that he can take punishment that is, he can take a punch, because many times I had to tell him to slow up. He never asked me to draw or pull a punch and the few times that I hit him I gave him all I had."

There were many discussions at the Arena as to Carpentier's chances against Dempsey. He's as big as Fitzsimmons was when Lanky Bob knocked out Jim Corbett and every one seems to think that if he ever meet the patriotic Frenchman will win. Those who have seen Dempsey accuse many times that Georges lacks something in avardupia. The local boosters declare that Carpentier shows that he is a real fighter.

LOOK OVER WING'S PLATE ELIGIBLES

Crowd Like at Little Race Meet Agree That It is Open Event.

Disregarding the extremely cool atmosphere of yesterday morning and the dull threatening sky that gave warning of further disagreeable climate conditions, a crowd that bore striking resemblance to race day at a lesser importance meet scouted at all such trivialities and hied down to Woodbine Park to witness the morning trial and look over the King's plate eligibles, the possible entrants of which were generally as the most important and oft-expected query in many conversations of the day from now until May 23, when the opening public will assemble in thousands to see the most historic race in Canada once again pass into history.

Conversation with the best vested horsemen reveals no outstanding candidates at the present. The race is still regarded as an open event with the chances favoring those stable, the Seagram entry, the Giddings eligibles, and the Dymont contingent that have not been asked for a stiff word since their arrival at the track. Two other eligibles have indicated general admiration, they being, Bugle March and the Cornell entry, Glow Worm. Incidentally both these entrants are favorites, and are considered better than either of the three that the farm has still named in the event. Bugle March, who is favored for the distance in very creditable time, 1:14 1/2, while Glow Worm ran a mile in 1:14 1/2 through the water on Saturday morning the Giddings pair, Bencher and Primo, negotiated the journey in 2:14 2-5, with the former leading at the end. Watch Crown of Gold.

Considerable public sentiment appears to favor the Seagram crown colt, Crown of Gold, by Galatine, and out of Cruche O'R. He has had some experience in the past, and is a very strong colt. A beautiful, fair-sized, strong-boned colt, he should stand the long race. Gallant Kitty, from the same stable, is likened unto a painting by some great equine artist, so beautiful is she in conformation, but the opinion is that she will not carry colors in the great event as she favors a shorter race. Strangely, the opinion is that she will not carry colors in the great event as she favors a shorter race. Strangely, the opinion is that she will not carry colors in the great event as she favors a shorter race.

That the stable will at least send two candidates to the post is assured from the fact that Jockeys Rodriguez and Richerick have been retained, while a third will be procured if the showing of that number warrants such action, and the public can rest assured that Trainer Brigstie will give more emphatic instructions to the boys not to indulge in that foolish and costly act of racing one another to death, for judging from his remarks, he has not as yet pardoned the jockeys who rode the Seagram horses last year for their lack of discretion in this respect.

Joe Doane's Gray Fly. Trainer Joe Doane has decided to his already gray string the handsome two-year-old gray filly by the King's horse, and out of the Davon's mare, the Gray Nun. She is a handsome and dainty-looking little mare, that has an attractive way of going, while her color makes her a very conspicuous individual on the running turf, where broken colors are seldom seen. She was given a very good gallop yesterday.

During the past week the Giddings two-year-old, Health Belle, has been complimented repeatedly for her good looks and sensational speed. She is about as speedy a youngster as has been seen at the local track, and apparently is endowed with the strength and physical make-up to carry it. Her chances for annexing the Coronation Stakes increase at every work.

Trainer John Coleman is highly elated over the prospect of the Thornecliffe 2-year-olds and predicts they will be prominent at the forthcoming meet. Of these Southern Shores and which Flower have shown best. Breaking from the barrier Saturday the former in company with Blue, ran a half in 51, with Southern Shores leading at the finish. In a later move with Flower worked in the 50-2-0. Of the plate, the good-looking, three-year-old, Rose Richmond seems the pick. Three-quarters was best taken yesterday and this was accomplished in 1:13. Alice in Wonderland and Fair and True ran a nice three-quarters in 1:13, but the latter is not regarded as a plater since she prefers a race of less than a mile. The favorite, Easter, is training up to expectations and breezed a mile in 1:17.

Paul appeared yesterday morning topped out in blinkers. This promising colt has had a habit of pulling out and as a preventative this decoration was tried and with evident success since he ran a nice three-quarters with hardly a waver as follows: eighth in 31-1-3, quarter in 24-3-5, three-eighths in 33-1-2, half in 52-2-5, and three-quarters in 1:12 pulled up. By the performance of Bencher and Primo on Saturday the Giddings stable is thought to have an option of the plate, since they worked the full distance in 2:14 2-5, with the former leading. Bencher will carry top weight on race day, but this handicap is partially offset by the slight weight of the gelding, he being a very big horse.

The Dymont Plate. Considerable interest was noted when the Dymont plate, Annuit and Woodbine (two beautiful fillies) came out, but to great effort was asked of them and they were clocked a comfortable mile in 1:17 4-5, well together. Dependable went a half in 49-1-5 and the balance of the stable were only galloped yesterday.

Owner Thos. Murphy of Hamilton is thought to have a good colt in Azrael, by Infante At Once, who ran a mile and a quarter in 2:17, and trainer John Dixon regards him as a promising plater.

The Mysterious Stable were out for fresh air Sunday and the crowd was rather impressed with the words of the Mysterious Lady and Gallant Groom working as follows: quarter in 23, three-eighths in 33, five-eighths in 1:04, and the colt came slightly in the lead. Trainer McNaught worked Black Star a half in 57, and about the best three-quarters shown so far this spring is by the reliable mare, Staling, who has that distance in 1:12.

During the week the Brookdale Stable sent a big, three-year-old, saddlebred, by Hervey—Soldi Compton, to Alex. H. Kozlowski. He will be run thru

FAMOUS P.P.C.L.I. HONORED IN DEATH

Canon Plumptre Urges Living Veterans to Work Against War.

PROUD OF COLORS

Solemnly and with much sweetness, as the in gentle reminiscence, the strains of "Home, Sweet Home," alone broke the silence which accompanied the laying of the colors of the P. P. C. L. I. on the altar at St. James' Cathedral, last night, in memory of the last achievements of this most famous of Canadian regiments.

It was Major Niven who led the veterans, as custodian of the colors which had been specially brought up from London, in their solemn march.

Continuing, the rector of St. James' Cathedral dwelt upon the camaraderie and sense of brotherhood which actuated the veterans of this regiment in battle, and hoped to see the same inculcate their children and friends with these humane qualities that the Canada of tomorrow would witness the substitution of the international arbitration board for the field of carnage.

"Do you know, men, that your colors were the only colors in the world? British army, which were carried by their regiment right into the firing line?" said Rev. Canon Plumptre, "I found are we Canadians of this fact?"

"We live in the days of disillusionment," said the rector. "We have entered into a new era, a higher ideal. It is the ideal of a better democracy, of a better co-operation with the league of nations as its highest expression. This surely inspires our hearts today. May we not appeal to you men, who know the carnage of war as it really is, may we not appeal to you men of the P. P. C. L. I. and Canada's famous regiments to exert all your influence toward the ideals of this league of nations, of arbitration as against carnage, of a better democracy, may we not make war as impossible as humanity and will make it in the days to come?"

\$2,500 REWARD FOR TRUSTEES' SLAYER

Rewards totaling two thousand five hundred dollars are now offered for the arrest and conviction of the motorist who struck down the late C. A. B. Brown. The city has authorized \$250 to the Ontario Motor League \$1000, the Ontario Safety League \$500, and the Ontario Automobile Trade Association \$1000. The Safety League is working on the question of reward and expects that other public-spirited organizations will increase this total materially.

THE VICTROLA IN SUMMER.

The music of the Victrola is not alone for indoors. You can enjoy its charms on the verandah of your own home or on the summer cottage. The Victrola is an instrument that is conveniently moved about. "What's in a Name?"

Facts about your name; its history; its meaning; whence it was derived; its significance; your lucky day and lucky jewel.

By MILDRED MARSHALL

HILDEGARDE.

Hildegard is very popular in this country, tho her origin is almost lost to sight in Norse mythology. The name means "battle mild protector," and links its bearers with the warrior maidens of the wild north.

Hildegard's direct predecessor was Hildur, chief among the Valkyrie. In England there was a Deiran princess Hildur, who became the holy abbess of Whitby, succeeding St. Begga.

The infant daughter of King Canute, princess of English royalty, who vainly besought Harold Harefoot not to banish her sons from Norway, was named Hilda. Hilda is a popular Anglo-Saxon name.

Hildegard was first bestowed upon an abbess in the Palatinate, who was noted for her sanctity and who died as late as 1094. In honor of the holy woman, Hildegard is still very popular and in common usage among German ladies. In Denmark the same name has been corrupted into Olegard. The Gothic queens of Spain were also named identical. Hildegard, meaning battle, is particularly lucky for singers, preserving and clarifying the voice, according to old superstition. Friday is her lucky day and 7 her lucky number.

ALL MEN DEPENDENT ONE ON ANOTHER

Dr. Ribourg Preaches on Individual and Collective Responsibility.

Rev. Dr. Ribourg, preaching at St. Alban's Cathedral Sunday evening on "Individual and Collective Responsibility," said in part:

"Man is a social being, created to live in society. No man is sufficient unto himself. We are all mutually and reciprocally dependent on one another. Just as the organs of our body are dependent on one another, so are we dependent on one another."

"The strongest member has need of the weakest, and the weakest has need of the strongest. The condition of the world may have greatly changed since the first of our fathers, but the responsibility of the individual remains the same. It is the responsibility of each of us to recognize and help conserve the rights of the human family. When the sense of responsibility is blunted, society goes to ruin. As the apostle Paul says, 'If we cease to aid each other, we perish together.'"

"Duty begins with life and ends with death. It is the duty of each of us to recognize and help conserve the rights of the human family. When the sense of responsibility is blunted, society goes to ruin. As the apostle Paul says, 'If we cease to aid each other, we perish together.'"

"We live in the days of disillusionment," said the rector. "We have entered into a new era, a higher ideal. It is the ideal of a better democracy, of a better co-operation with the league of nations as its highest expression. This surely inspires our hearts today. May we not appeal to you men, who know the carnage of war as it really is, may we not appeal to you men of the P. P. C. L. I. and Canada's famous regiments to exert all your influence toward the ideals of this league of nations, of arbitration as against carnage, of a better democracy, may we not make war as impossible as humanity and will make it in the days to come?"

"The exercise of this sense of responsibility is a duty we owe to the world. There are nine millions of people in Canada, and so, a millionth part of the responsibility rests on each one of us to make the country morally sound and healthy."

"THE SAVOYARDS" DINE IN FULL COSTUME

After the matinee performance on Saturday, the entire company of "The Savoyards," who played in "The Gondoliers" at the Princess Theatre last week, sat down to dinner in the handsome reception room of the Ritz Hotel. All wore the elaborate costumes in which they appeared on the show, and the scene around the tables was a picturesque one. When the dinner was over, the company, including George Stewart, who played the part of the young conductor, also spoke a hearty reception. Thanks were given Miss Sternberg for the assistance she had given to the production of the dances.

Former McGill Lecturer Gets London Appointment

Cambridge, Mass., May 9.—The resignation of Harold J. Laski, lecturer of history, government and economics at Harvard University, to accept an appointment as professor of political science in the London (England) School of Economics, was announced today. This school is a department of the University of London.

Last fall, because of Mr. Laski's alleged radical views, a tender pressure was brought upon the boards of the university for his removal. The board of overseers, after an investigation, accepted the report of its executive committee that it was satisfied that his opinions had been misunderstood and misinterpreted. Mr. Laski is 26 years of age and was formerly a lecturer at McGill University.

Their Majesties the King and Queen Mary will honor with their presence this week the marriage of the Lady Cynthia Curzon, daughter of Lord Curzon of Kedleston, to Mr. Oswald Mosely. Their Majesties the King and Queen of Belgium will also be present, and will arrive from Brussels by aeroplane.

Lord Richard Nevill will to Quebec meet their Excellencies the Duke and Duchess of Devonshire. Their Excellencies the Duke and Duchess of Devonshire have given their approval to the scheme being given by the Women's Art Association in the last week of May.

The Lady Patricia, Ramsay, Captain Ramsay and their infant will spend the summer at Brookton-on-Sea, Thanet. The infant daughter of Sir James Colbold and Lady Bianca Coultod was christened at St. Martin-in-the-Fields rector, Lady Maud Mackintosh, Miss Phillip Cobbold, and Mrs. F. W. Erskine were sponsors. The child, who was given the name of Patricia, wore a richly embroidered cream satin pelisse, which was won by the father when he looked very sweet in the arms of the Rev. H. R. L. Sheppard, vicar of St. Martin-in-the-Fields, officiating. The christening was held at 10 o'clock on Saturday afternoon, when Mr. and Mrs. Arthur McCrae's son was also baptized in the name of John Alexander, both babies being named by Mrs. McCrae.

The christening of Sir John and Lady Eaton's infant daughter, Florence Mary, was an event of Saturday afternoon, when Mr. and Mrs. Arthur McCrae's son was also baptized in the name of John Alexander, both babies being named by Mrs. McCrae.

The Heliconian Club on Saturday night, the hostesses were Mrs. James Malton, Miss Hart, Miss L. Durand, Miss Forrester Berckmans. The program was given by Mrs. Fred Wood, Mr. Douglas Stanbury, Miss Mary Morley and Mrs. James Malton playing the accompaniment.

Mrs. E. J. Elliott, Mrs. E. F. Boyd, Mrs. E. Battelle, Miss Munn, Mrs. Allen Baggis, Miss Guerin.

Mrs. and Mrs. R. S. Williams have spent three years as students in the hospital. Dr. Walter McKee of the city introduced his grace to the huge crowd that was in attendance with a few well chosen remarks to the effect that the young women who then were to receive their degrees were as well trained and by an efficient staff as could be found anywhere in the Dominion. He also told them to remember that if they were called upon to do any form of work in their new ventures, to do it cheerfully and in so doing they would be upholding the traditional honor of their profession, which never shirked its duty in the interest of the sick, no matter how hard it appeared to be.

His grace, after congratulating the young women on their success, told them to remember that each and every nurse that was working among the community exercised a powerful moral influence, and that it was up to them to see that they exercised their judgment in all matters, so that the community would be benefited by their presence. After his address he presented the diplomas to the successful students.

Controller Gibbons, when called upon for a few words, stated that he was unprepared, but wished to take an opportunity to congratulate the nurses who were receiving their diplomas, the sisters who conducted the hospital, and also the citizens of Toronto on having such a body of high-grade trained and efficient young women sent out amongst the sick to carry on the good work. He also stated that he was more than pleased to see that at the present meeting of the council, at which the question of giving financial support to the proposed nurses home, in connection with the present rush of applications, had been raised, only twenty-five years old the public were learning to appreciate the work of the sister in charge.

Rev. Fathers Bench and Cline also took the opportunity to compliment the nurses on their very pleasing and patriotic speech by referring to the afternoon's parade as one of the greatest things that the British flag has ever witnessed. The hearts of the Jewish citizens, he said, had been soothed by marching the streets of the city. The ex-almirer was frequently interrupted by enthusiastic cheering and applause. The British Empire, he said, was a worthy British citizen.

A resolution was passed expressing the sympathy of the British Empire for the intention to make Palestine the Jewish home land during the present generation. The resolution was adopted by a large majority.

A patriotic poem was recited by Miriam Freed, in Yiddish. The patriotism of the King George was used were British words, and the speaker, who had been an actor, uttered in a tone of admiration and gratitude. A juvenile choir, consisting of the children of the Hebrew Home, rendered praise to God by singing Yiddish hymns with beauty and feeling.

Dr. Abramowitz, dressed for a moment to accept the mandate Bloom and Mrs. Chasman referred to, had discovered an element which when used in explosives during the war had helped to bring about the victory. When asked by the British government what reward he would like, he replied that he would like to see the Jewish people, with sympathy to the Jewish people, represented by Captain Jack Ramson.

There were further musical numbers, including songs in Hebrew, by Miss J. J. and speeches were made by representatives of other Jewish organizations, and expressed the hope that there would soon be one great Jewish Congress, with their national headquarters in Jerusalem.

The meeting concluded with the singing of "God Save the King" and the Jewish national anthem, "Hatikvah."

TORONTO HEBREWS PARADE IN FORCE

Jerusalem and Britain. To impress on the minds of every one that the Jews were now a nation and under the protection of not only England, but also of Canada, a pretty young lady (Miss Esther Michal) was seated in a motor car dressed as Britannia, whilst two other girls were dressed as Canada and Palestine. It was an impressive picture and received many cheers from the crowd along the entire route. Another impressive and effective item in the program was the playing by the individual bands as they passed the city hall of "God Save the King," and the sight of the bearded walkers parading past the seat of civic government singing the national anthem.

The parade fell in in Alexandra Park, Bathurst street, and headed by the school children and the rabbi of the city moved off at 3 o'clock punctually and proceeded down Spadina to Queen's Park. RECTOR APPEALS FOR BETTER PAY

St. Chad's Offertory Increases While Stipend Remains Stationary. At St. Chad's Anglican Church, North Dufferin street, on Sunday morning, the rector, Rev. J. Reid, made special reference to the condition of the finances of the church, and especially to his own stipend.

Grateful to Press. Mr. Reid supported his statements by quoting passages of Scripture, and also read a clipping from a Toronto daily editorial, and desired to publicly thank the secular press for bringing before the people the entirely inadequate salaries of the ministers of our churches.

Weston Fair Board Decide to Move Buildings and Beautify Grounds—Buy Park Also. At a meeting of the Weston, York and Etobicoke agricultural board, held on Saturday night in Weston town hall, a resolution was unanimously passed, upon the motion of Directors Farr and Crawford, that the frame building, now on the grounds for agricultural exhibits be moved down east of Mill street, at the disposal plant, President S. Macklin and Directors J. Monkman and J. Harris were appointed to the committee, with power to add to their numbers.

Consider Greenwood Library. Although the suggestion of the Riverdale Ratepayers' Association to appeal for a branch library on the new Greenwood athletic ground site, with public lavatory accommodation in the basement—is not favored by the Ward One aldermen, the City Council library building will be considered if the entire section will co-operate and forward an extensively signed petition to the city council and library board.

Ready for Convention. Arrangements for the forthcoming Christian Endeavor convention which will be held in St. John's Presbyterian Church, Broadview avenue, are now in excellent shape. Between 400 and 500 out-of-town delegates are expected to attend the three day's sessions, commencing Saturday, May 22, and ending on the following Monday evening, and of this number, 100 will be the guests of the Riverdale congregations during the house.

Trampled by Horse. Robert Robson, a farmer of concession 1, York, was severely injured about the head and neck, by being trampled on by one of his own horses. The unfortunate man was walking into the stall when he fell and frightened the Duke of Devonshire, governor-general, who arrived in Ottawa tomorrow morning at seven o'clock.

PLAYS, PICTURES AND MUSIC

"Civilian Clothes"—Robins Players. When you say that a modern comedy is a trimmer over with laughter, it sometimes turns out to be ordinary horseplay, with little or nothing back of the laugh, but such is not the case with "Civilian Clothes," the Thompson Buchanan comedy that Edward H. Robins has selected for the opening of his sixth summer season at the Grand Opera House.

"Enlighten Thy Daughters"—Grand. There will be two performances every day this week, commencing at 2:30, and again at 8:15, of the moral drama, "Enlighten Thy Daughters," at the Grand Opera House. This interesting story shows more plainly than words can describe how necessary it is that young people should face life with a full knowledge of all its perplexing problems.

"Peter Ibbotson"—Robins Players. Leaders of George DuMaurier will have the opportunity of seeing one of their favorite heroes next week at the Royal Alexandra Theatre, commencing tonight. The text from which the play might have drawn its source is "It is not the clothes that make the man," and for a sub-title the author might have added "a cure for snobbishness."

At the Gayety. There are big ones, and plenty of them on the Columbus boulevard wheel, but the one that is called the greatest of them all is "The Golden Crock Company" featuring Billy Arlington, which appears at the Gayety every night.

Wallace Reid at the Strand. Wallace Reid is a breezy young millionaire, who is rich of all he has, and turns chauffeur to be near his stolen car and a pretty girl, is the hero of "Double Speed," the sizzling romance of motor cars and love, now playing at the Strand Theatre.

Matachewan Gold Area Has Its Own Characteristics of Ore.

One of the mining correspondents at Cobalt has been applying the lenticular theory of ore deposits to the Matachewan area. He says that on the Matachewan gold mine ore is "confined largely to one main lens, it seems unfortunate for the theory of the geological survey, Ontario, that he has not given expression to this theory. Dr. Cooke says that the gold is found in satellite intrusive bodies and was directly derived from a granite or quartz syenite porphyry magma. Ore of this type is generally segregated in irregular bunches or large masses in the contact metamorphic zone. The great Creighton nickel-copper mine at Sudbury is of this type. So are the famous tin mines of Cornwall, England. The Matachewan gold and the Lake Matachewan ore are also direct segregations from a granitic magma. Their ore bodies have no regular shape and cannot be described as lenticular.

The Summer Hat of 1920—Italian Leghorn

In a Glorious Display of Models for Afternoon, Evening and Sports Wear. And as 'tis the Season of Weddings, the Bride and Her Bridesmaids Will Be Interested in Such an Assemblage.

Showered with vivid flowers, caught in a maize of narrow ribbons, swirled with strands of ostrich-faced with filmy pastel georgettes or veiled in organdie—these picture hats of Summer present a style for every occasion.

For instance, here's a dashing model for wear with the suit now or the frock later—broad-brimmed with black taffeta top and a string of polychromatic beads about its crown.

Who could imagine a more charming tea hat than this—its crown of baby blue ribbon, a ribbon flange caught with seed pearls and falling in a long streamer—then a wee wreath of roses?

A wonderful accompaniment to the pongee or taffeta suit—a broad leghorn, whose crown is almost hidden in a sheaf of wheat, interspersed with field flowers.

There are wide drooping hats, medium sizes with pencil-edges, chic roll brims and some very striking sailors. Prices, \$12.50 to \$22.50.

There Never Were Such Sport Hats as Fashion Has Decried for This Summer Season.

Each captivating model (and they are legion) conjures up visions of genuine freedom from hat worries, or the holiday trip. If one is among the happy throng of brides-to-be, here are dashing little travel hats of ultra-smartness, and there's a host of chic styles for the motor.

Tailored and beaded white Italian milans—trimmed in white and as summery as can be.

The striking new tagel d'or models from "Rawak"—of rich hemp, in all the sports shades, sewn through with glittering gold threads—we noted one in vivid flame rolled at the back and finished with shaded flame ribbon.

Typically sports like—a soft little hat made from alternate rows of pale blue hemp and pink taffeta, with a snappy taffeta bow across the back.

Just made for golf—new pull-down, close-fitting soft hats of woven hemp and angora—one of the smartest in jade with gray baronet satin band and pert bow.

Taffeta makes many of the smartest sports hats this season—there's a chin chin in pink faced with folds of rainbowed georgette, and finished with a huge silk tassel. Captivating!
