DR. J. D. KELLOGG'S HEALING OINTMENT

WILL CURE SORE OF ALL KINDS

THIS OINTMENT is a compound of remarkable healing ingredients, and its composition has been arrived at by the most thorough investigation. *It stands pre-eminently at the head of all the External Medicines for healing, as it never drives the disease inward to take effect on the Internal Organs.*

It is a sure and certain remedy for the healing of every variety of Sore, from a simple scratch or bruise to the most aggravated Fever Sore or Scrofulous Ulcer, including the Healthy Ulcer, the Weak Ulcer, the Indolent Ulcer, and Ulcers of all kinds, Wounds, Bruises, Burns, Scalds, Corns, Chilblains, Cuts, Sore Nipples, Broken Breasts, Boils, Bed Sores, Fistulas, etc., and all affections of the **SKIN** known by the name of Eczema, Salt Rheum, Erysipelas, Tetter, Scald Head, and every variety of Chronic Disease of the Skin.

PILES.—This Ointment has given excellent satisfaction in curing Piles. Some very bad cases have been cured by applying **KELLOGG'S HEALING OINTMENT** only, but while we believe that it will cure this troublesome and painful complaint without the assistance of any other medicine, yet we think the only rational means of cure is to use **Northrop & Lyman's Vegetable Discovery** to remove the cause of the affliction and the **HEALING OINTMENT** to remove the disease. You thus effect a complete and permanent cure.

ITS PROPERTIES, when applied to sores, go directly to the diseased parts, attract the virus to the surface, and *heal the sore from the bottom.* It is simply asked that the afflicted will **Try One Box**, the use of which will convince the most sceptical, and do more to introduce it into favorable notice than volumes written in its praise. In curing Scrofula and its Sores, with the assistance of the **Vegetable Discovery**, it is without a parallel. We say with the assistance of the **Vegetable Discovery**, for to attempt to heal a Scrofulous or any other Sore which owes its origin directly to Impure Blood, and while that impurity is in the system, is folly, as you cannot accomplish this successfully unless you drive the virus from the system. To remove Scrofulous Humor from

the Blood and System, it is safe to say there is no known medicine that will do it so effectually.

FOR THE TOILET.—As this Ointment is exceedingly pleasant, and never becomes rancid, it is admirably adapted for Sore Lips, Pimples, Eruptions or Sores that disfigure the face; *burn, Irritation of the Skin* after being exposed to the wind, Chapped or Sore Hands, and for all sores that require a cooling and healing Ointment.

For Irritation or Eruption of the Scalp, and diseases that have a tendency to cause Baldness, it will be found a Sovereign Remedy.

BAD CASES OF ERYSIPELAS CURED. Mr. GEORGE SMITH, Sombra, writes: "About years ago my wife had Erysipelas in her face and legs and she was confined to her bed in consequence. Her limbs were so badly swollen that she could not walk. I got two boxes of **DR. KELLOGG'S HEALING OINTMENT** but only used one of them when she was cured and she has never had an attack of it since. The other box I gave to my father as he had an attack of Erysipelas in his face and it cured him. I always keep a box of **KELLOGG'S HEALING OINTMENT** in my house, and it would not be without it. It is also an excellent Ointment for Eczema."

FOR ALL KINDS OF SORES.—Dr. FERGUSON, Cajatown, writes: "For three years my cows were greatly troubled with sores which were so painful that we could not milk them, but by the use of **KELLOGG'S HEALING OINTMENT** they are now all cured. I never tried anything as good as this Ointment, and it is a wonderful article for all kinds of sores, and makes the skin soft."

FIVE YEARS OF SUFFERING.—Dr. S. LEWIS, Brierwood, Man., writes: "For five years I suffered with Scabs on my head; tried many doctors in England and Manitoba, but without relief. One box of **DR. KELLOGG'S HEALING OINTMENT** completely and permanently cured them."

WORTH ITS WEIGHT IN GOLD
DR. THOMAS' ELECTRIC OIL

IT CURES

Rheumatism, Lumbago, Lamé Back, Neuralgia, Diphtheria, Coughs and Colds, Sore Throat, Croup, Piles, Frost Bites, Burns, Asthma, Catarrh, Chilblains, Corns, Tooth, Ear and Headache, Bruises, Wounds and Sprains of every description on Man or Beast. Actually the best External and Internal Remedy Known.

THE people of this country have spoken; they declare by their patronage of Dr. THOMAS' ELECTRIC OIL, that they believe it to be an article of genuine merit. Testimonials constantly in demonstrating its superlative efficacy, in manner as pleasing to its proprietors as it must convince to those who read in the public those evidences of its popularity and genuine merit. Never was there a remedy which received more or more satisfactory endorsement; never where one which better deserved it. IT IS A GOOD REMEDY. Experience has demonstrated that it not only relieves but eradicates the most obstinate Coughs, Sore Throat of a malignant Catarrh of long standing, Rheumatism, Neuralgia, Stiffness and Lameness of Back, Muscles, Joints, Piles and Kidney troubles, External Sores and Sores, and other bodily troubles, as well as many of the disorders peculiar to Horses and Cattle. That it cures in every instance is not doubted, but that, if systematically used, and applied readily susceptible of being remedied, it will cure it, is a fact amply established.

OPENING THE SYSTEM through the pores, applied externally to relieve pain and inflammation. Dr. THOMAS' ELECTRIC OIL relaxes and soothes the stiffened, swollen and irritated Ligaments of Rheumatic Joints, and promptly checks the inflammation. Taken internally, it remedies disorders of the Respiratory Organs, Bowels, Liver and Gallbladder. A matchless compound not only possesses the efficacy of the highest order, but, inasmuch as it contains no alcohol, its influence is not dissipated by evaporation, which is the case with a host of many oils of doubtful efficacy, which have an inferior basis.

EASE BY DAY and repose by night are enjoyed by those who are wise enough to apply Dr. THOMAS' ELECTRIC OIL to their aching muscles and joints. A quantity easily held in the palm of the hand is often enough to relieve the most exquisite pain.

Those of the gentler sex who have experienced the pain and annoyance caused by Excoriated Nipples and Inflamed Breasts, can well appreciate the value of a remedy which removes the trouble. This is precisely what Dr. THOMAS' ELECTRIC OIL does.

WHEN A CHILD is suddenly attacked and threatened with suffocation by croup, Dr. THOMAS' ELECTRIC OIL is precisely the medicine for the emergency, since it is prompt as well as efficient. Every household should be provided with it, as it is a quick antidote for pain, as well as a specific for the above and other complaints.

JUST THINK OF IT.—You can relieve the twinges of Rheumatism, or the most painful attack of Neuralgia; you can check a Cough, and heal bruised and broken skin, with a bottle of Dr. THOMAS' ELECTRIC OIL, costing only 25 cents.

A WELL KNOWN HORSE AND CATTLE DEALER speaks.—MR. E. HAINES, Owen Sound, writes: "For fifteen years I have been using Dr. THOMAS' ELECTRIC OIL in my family, and I can say it is the best medicine we ever used, our house is never without it. When on a trip to England I never fail to have a supply with me as I am often troubled with a cough and also Bronchitis. I take about one quarter of a teaspoon of the oil and it stops my cough and soothes me off to sleep. It is worth more than its weight in gold."

A GOOD MEDICINE.—MR. IRA W. MCINTOSH, Gallingortown, writes: "I have used Dr. THOMAS' ELECTRIC OIL and I can recommend it as being a good medicine."

SAVED MONEY.—MRS. F. J. CROSS, Englewood, Ill., writes:—"I have used a great many bottles of Dr. THOMAS' ELECTRIC OIL in my family and have great confidence in it for the cure of Colds, Sore Throat, Croup, etc. It saved me many doctor bills while in Canada, and I do not feel safe without it in the house," etc.

MR. JOHN GRAHAM, Stevensburg, Mich., writes:—"Dr. THOMAS' ELECTRIC OIL is the best family medicine you can have in the house. I have been using it for fifteen years."

THE TERRIFIC TWINGES

Endured by Rheumatics are first soothed and in the end permanently relieved by that **beneficent annihilator** of pain and preventive of its return, DR. THOMAS' ELECTRIC OIL, a combination of six medicinal oils, devoid of alcohol, and consequently non-evaporating when applied. Economic, because little of it is usually required to produce the desired effects, and the small cost of which is rendered doubly insignificant by contrast with the salutary results which it achieves. It is equally safe whether taken internally or externally, is applicable to diseases and injuries of horses and cattle, as well as to man, and exterminates Throat and Lung Diseases, Catarrh, Dysentery, Piles, Tumors, Sores, and a great number of other physical ailments.

A LITTLE SUFFERER.—The seven-year-old child of Mr. Henry Harding, Toronto, was confined to her bed for weeks with Rheumatism, limbs drawn up, great pain in all her joints; two bottles of DR. THOMAS' ELECTRIC OIL cured her.

ONLY HALF A BOTTLE.—MR. A. B. DES ROCHERS, Arthabaskaville, P.Q., writes:—"Thirteen years ago I was seized with a severe attack of Rheumatism in the head, from which I nearly constantly suffered, until after having used DR. THOMAS' ELECTRIC OIL for nine days, bathing the head, etc., when I was completely cured, and have only used half a bottle."

A SKALL QUANTIT.—MRS. D. MORRISON, Farnham Centre, P.Q., writing about DR. THOMAS' ELECTRIC OIL, says:—"George Bell used it on his son, and it cured him of Rheumatism with only a few applications. The balance of the bottle was used by an old gentleman for Asthma, with the best results. It acts like a charm."

INFLAMMATORY RHEUMATISM.—MR. S. ACKERMAN, Commercial Traveller, Belleville, writes:—"Some years ago I used DR. THOMAS' ELECTRIC OIL for Inflammatory Rheumatism, and three bottles effected a complete cure. I was the whole of one summer unable to move without crutches, every movement caused excruciating pains. I am now out on the road and exposed to all kinds of weather but have never been troubled with Rheumatism since. I, however, keep a bottle of DR.

THOMAS' ELECTRIC OIL on hand, and I always recommend it to others, as it did so much for me."

HAD LA GRIPPE.—MR. A. NICKERSON, Farmer, Dutton, writes:—"Last winter I had La Grippe and it left me with a severe pain in the small of my back and hip that used to catch me whenever I tried to climb a fence. This lasted for about two months when I bought a bottle of DR. THOMAS' ELECTRIC OIL and used it both internally and externally, morning and evening, for three days, at the expiration of which time I was completely cured."

MR. F. BURROWS, of Wilkesport, writes:—"That he was cured of a very dangerous case of Inflammation of the Lungs solely by the use of five bottles of DR. THOMAS' ELECTRIC OIL."

IT NEVER FAILS.—MR. W. J. CORBETT, Creemore, writes:—"A few days ago a customer of mine came in with a Sore Throat, and his neck swelled to almost twice its usual size. In reply to my question as to what he was going to use for it, he said, 'I always use DR. THOMAS' ELECTRIC OIL;' I at once supplied him with a bottle and he took a dose then and there, and applied some externally; strange to relate, he felt relief before leaving the store, and stranger still, before night the swelling was almost entirely gone. I supplied DR. THOMAS' ELECTRIC OIL to a large number of parents during an epidemic of Diphtheria, and every one of them saved their children, while a number that I know of lost theirs after using other remedies. These facts speak for themselves, and the consequence is that DR. THOMAS' ELECTRIC OIL is in constant demand all the year round."

CANNOT BE BEAT.—MR. D. STEINBACK, Zurich, writes:—"I have used DR. THOMAS' ELECTRIC OIL in my family for a number of years, and I can safely say that it cannot be beat for the cure of Croup, Fresh Cuts and sprains. My little boy has had attacks of Croup several times, and one dose of DR. THOMAS' ELECTRIC OIL was sufficient for a perfect cure. I take great pleasure in recommending it as a family medicine, and I would not be without a bottle of it in my house."

ONE BOTTLE DID IT.—MR. W. J. KENNEDY, Estmere, C.B., writes:—"DR. THOMAS' ELECTRIC OIL has a ready sale here. I tried it myself in a case of bronchitis, where all other remedies failed, and was cured with one bottle."

USED FOR ALL AILMENTS.—MR. CHAS. G. GRIMES, Walker's Point, Ont., writes:—"DR. THOMAS' ELECTRIC OIL cures so many different diseases that everyone uses it, and say it is the best medicine ever sold in this part of the country."

THOUSANDS LIKE HER.—TENA McLEOD, Severn Bridge, writes:—"I owe a debt of gratitude to DR. THOMAS' ELECTRIC OIL for curing me of a severe cold that troubled me nearly all last winter."

Dominical Letter	A	Solar Cycle	26
Epact	12	Roman Indiction	6
Lunar Cycle, or Golden Number	13	Julian Period	6606

The Year 5653-4 of the Jewish Era commences at sunset on September 10th.
 The Year 1311 of the Mohammedan Era, or Era of the Hegira, begins on the 15th day of July, 1893.
 The 57th year of Queen Victoria's reign begins June 20, 1893.
 The 118th year of the Independence of the United States begins July 4th, 1893.
 The first day of January, 1893, is the 2,412,465th day since the commencement of the Julian Period.

ECLIPSES

In the year 1893 there will be two eclipses both of the Sun.
 I. A total eclipse of the Sun, April 15th, invisible.
 II. An annular eclipse of the Sun, October 9th, visible on the Pacific Coast and N. W. Territories as a partial eclipse.

MORNING AND EVENING STARS

Venus is a morning star to May 2nd, then evening star.
Mars is an evening star to September 4th, then morning star.
Jupiter is an evening star to April 27th, a morning star to November 18th, then evening star.
 The Satellites of Jupiter are invisible from March 29th to May 25th.
Saturn is a morning star to April 1st, an evening star to October 8th, then morning star.
 The planets will be brightest, **Jupiter**, November 17th, **Saturn**, March 29th.

A Purely Vegetable Compound that cures every kind of unhealthy Humor, and every disease that depends on Impurity of the Blood, where the Lungs, Liver and Kidneys, and other vital organs, are not wasted beyond the hope of repair. For the cure of Scrofula, Erysipelas, Salt Rheum, Eczema, Scald-Head, Scaly Eruption of the Skin, Ulcers and Fever Sores of all kinds, Boils, Humor in the Mouth and Stomach or Eyes, Sore Ears, Eruption on the Head, and Pimples or Blotches on the Face, it stands pre-eminently at the head of other remedies.

In the cure of Rheumatism, Dyspepsia, Liver Complaint, and diseases of the Kidneys and Bladder, its effects are surprising to all. For regulating the Bowels, and curing Biliousness, Headache, Sick Headache, Neuralgia, Female Weakness, Nervousness, Pains in the Side, Loins and Back, and General Weakness and Debility its curative powers are remarkable.

IT IS A GENTLE Regulating Purgative, as well as a Tonic, etc. Possessing also the peculiar merit of acting as a powerful agent in relieving Congestion, and Chronic Inflammation of the Liver and all the Visceral Organs.

For Female Complaints, whether in young or old married or single, at the dawn of womanhood or at the turn of life, the Vegetable Discovery has no equal.

THE LIVES of most men are in their own hands, and we are what we have made ourselves, to a degree understood only by those who have delved into the mysteries of life. It is true many have the misfortune to be born of unhealthy parents and we cannot expect to see them grow up with the same vigor and health as those who have healthy parents, but the defects or diseases which they inherit can be put under restraint, and by common sense perseverance can eventually be eradicated from the system.

We believe that a person who neglects his health and allows disease to take hold and destroy the body, is equally guilty with the man who takes the quicker course of destroying himself by poison or alcoholic liquors.

THE MAN who commits suicide does not transmit that calamity to his children, but it is very different with the man who allows disease to take possession of his body; the sin, whether wilful or

from thoughtlessness, does not end here with his existence, but is transmitted from one generation to another. We do not look for beautiful fruit on a scrub or decaying tree, and how can we expect healthy children born of sickly parents? Children of delicate parents are generally nipped in the early bud, but if they should struggle through the days of childhood, they go through this world, their feeble frame shaken by every blast of wind, their bodies such that it is a misery for them to exist. They cannot see any pleasure in the beauties that have been so lavishly given to us by our Creator.

IT IS ALMOST impossible to find an unhealthy person with a cheerful disposition. Our spirits depend largely on the state of our health, and equally is this the case with our intellect. The man with an active brain requires a strong, robust body to feed and sustain his brain. There are however, a few instances of active, brilliant intellects bound to a feeble body, but the heavy machinery soon shakes the structure and it has to fall.

THE HUMAN MACHINE, unlike inanimated mechanism, possesses a **self-repairing and self-renewing power**, and it is only by keeping this vital attribute in constant activity, and full vigor, that health can be preserved and life lengthened beyond its ordinary term.

Among the many preparations that have been recommended for this purpose, none, it is now known, has proved as efficacious as

NORTHROP & LYMAN'S VEGETABLE DISCOVERY.

This wonderful Vegetable Compound contains all the elements necessary to keep up the staminal strength of the system, and to protect it from the damaging effects of vicissitudes of temperature and

BLOOD POLLUTING

unhealthy influences to which we are all more or less exposed. The extraordinary **purifying, invigorating and regulating properties** of the preparation adapt it to the condition of the young as well as to the **old and feeble** whose lamp of life is burning low, and requires a nutritious, balmy stimulant and restorative to sustain it.

Sold by all medicine dealers at \$1 per bottle.

Evil was not noted particularly for a quarrelsome disposition, yet she raised Cain.

PHILLIPS BROOKS doesn't need a wife, as he can speak 2.3 words per minute himself.

WHY is a washerwoman the most cruel person in the world? Because she daily wrings men's bosoms.

Most men call fretting a minor fault—a foible and not a vice. But there is no vice, except it be drunkenness, which can so utterly destroy the peace and happiness of a home.

It may be true, as is frequently stated, that death is absolutely painless, but it's just as well to remember that the assertion is made by people who have not died.

Who kills all the dead letters?—Miss Direction.

LIVE within your income, because it is very inconvenient to live without it.

WHY is a blush like a little girl? Because it becomes a woman.

THE young man on the lookout for a "soft place," through a dislike for honest hard work, can find one under his hat.

"WELL, Patrick, how do you like your new employer?"

Patrick—"Ah, sorr! but he's a hard wan. I think I could stand him a year or two, but if I'd got to stay with him as long as I lived, I'd die to-morrow."

VEGETABLE medicines and vegetable food are of the same origin, consequently, if the latter nourishes the body (and we know it does), it follows that the former will do the same. Northrop & Lyman's Vegetable Discovery is, as its name represents, a vegetable medicine, skillfully combined, thereby forming a preparation which nourishes and invigorates the system, while it permeates and cleanses the Blood from all impurities.

If the blood is pure and rich you will be in the enjoyment of good health, but if this river of life is turbid or impoverished the circulation is checked and a multitude of diseases follow. What are

PIMPLES and blotches, those unsightly things that disfigure the fairest and loveliest face, and makes it an object of indifference, if not disgust? Are they not an evidence of the impurity of the Blood? What is

SCROFULA?—It is the unsightly eruptions that owe their origin to the same source, and nothing but a blood purifier or cleanser will cure this disease.

SALT RHEUM, Cancerous Humors, Tetter, Ring-worm, Erysipelas, Itch, Boils, etc., are also evidence of the state of the Blood, and are Nature's attempt to throw off the poison or impurities that are lurking in that vital fluid. Give Nature a chance by using Northrop & Lyman's Vegetable Discovery, and the eruptions will all disappear.

DYSPEPSIA.—We challenge anyone to produce a case of this disease that the Discovery will not cure. Its operation is thorough, and it removes every vestige of the complaint.

BILIOUSNESS.—For this complaint it has no equal. It gives tone to the stomach, corrects acidity, and brings every part into active work. It drives

MALARIA and all Malarial Diseases, such as Fever and Ague, etc., from the system by cleansing the Blood, giving activity to the Liver,

strengthening the organs of digestion, secretion and absorption.

LIVER COMPLAINT. Try this valuable medicine for Liver Complaint. It has a good record, as you will see by looking at the testimonials from those who have been cured.

KIDNEY AND BLADDER DISEASES have been cured by the use of Northrop & Lyman's Vegetable Discovery, and we don't believe there is any preparation equal to it or that will do as much for these complaints as this celebrated medicine.

CATARRH is a constitutional disease and requires a medicine that will permeate every part of the human system and cleanse all impurities from the blood. This is precisely what Northrop & Lyman's Vegetable Discovery will do.

AS A TONIC it has a remarkable effect on the weak and broken-down constitution, restoring the appetite and giving strength and vitality to the system.

THE LADIES' Favorite Medicine is Northrop & Lyman's Vegetable Discovery. It has a beneficial effect at once by strengthening the system and helping nature to perform her duty. Female complaints are caused by some parts of the body becoming clogged. The Blood may have become thick from some impurity, or the Liver sluggish. Don't waste time brooding over your trouble and making yourself miserable and everyone around you; get Northrop & Lyman's Vegetable Discovery and use it, and continue to use it, and you will soon see an improvement in your appetite and your body and mind strengthened.

DID YOU EVER NOTICE how susceptible you were to disease when your blood was out of order? How soon a hearty dinner would be followed by an attack of Dyspepsia or an affection of the Liver? If you exposed yourself to the least draught, how easily you caught cold; then followed Catarrh, Bronchitis, Asthma, Rheumatism, or some other disease. Did you ever stop to think that most of these complaints were directly caused by the machinery of the body becoming clogged through the **Impurity of the Blood?**

GET LA GRIPPE OUT.—MR. EDWARD YOUNG, Burlington, N.S., writes, "Northrop & Lyman's Vegetable Discovery is in great demand here, my customers prefer it to any other medicine, especially when the system is run down from the effects of La Grippe. It stimulates them and drives away that listless feeling which follows La Grippe."

IT IS GOOD.—MR. JAS. McDOWELL, Buffalo, N.Y., writes, "We have used Northrop & Lyman's Vegetable Discovery, and it has given us great satisfaction as a family medicine."

Six bottles Discovery cured Miss McMULLEN, Glengarry, of Headache and Severe Pains in the Back of 15 years standing, the effects of a fall.

WHEN is a subject beneath one's notice? When it is under consideration.

WHEN are soldiers like a spice? When they are "mastered."

WHAT should the farmer be able to talk about? Anything that comes up.

WHY should ladies not learn French? Because one tongue is enough for any woman.

WHEN is a boat like a heap of snow? When it is a-drift.

WHY are sailors egotistical? Because they are always saying "Aye, aye, sir!"

THE late story of the American girl abroad is as follows: Scene—Windsor Castle. Young woman seeing the sight asks a man whom she meets: "Butler, is there any chance to see the Queen?" Gentleman addressed, with dignity: "I am not the butler; I am the Prince of Wales." "How lucky! Is your mother in?"

THE cream of society—Ice cream.

A FOOT note—"Please use that mat."

It might be difficult for an armless man to laugh in his sleeve.

WHEN a man in a bar-room talks loud and says he is a gentleman, no other testimony is needed.

THE man who is wedded to his profession is the only married man that escapes a mother-in-law.

WHEN was Pharaoh's daughter like a merchant in Wall street? She found a little prophet on the rushes on the bank.

INSINUATING agent—Can I see the lady of the house, please? Bridget—Yer lucking at her, young man.

Sorrow is the porchway to joy, the pathway to maturity and peace. No one has ever become good and great who has not met and mastered sorrow.

MISS McMULLEN,
Severe Pains in the
effects of a fall.

ASTHMA is a disease characterized by the occurrence of paroxysms in which the breathing, previously natural, becomes difficult and is accompanied by wheezing and a distressing sense of tightness in the chest.

The paroxysms are often preceded by premonitory symptoms, in some by great drowsiness, and in others by extreme wakefulness and unusual mental activity and buoyancy of spirits.

The spasms may occur at any hour, but generally between two and four in the morning.

Asthma is generally caused by living in cold or moist atmosphere, or being subject to sudden changes of temperature, irritation of the air cells and lungs by atmospheric impurities, and it also frequently appears after some inflammatory affections of the respiratory mucous membrane. In other cases it is clearly hereditary.

It is one of the most distressing diseases that a person can have, and it is impossible to realize the suffering endured by asthmatics without having had a severe attack of it.

To relieve the sufferings of a particular friend, induced the inventor of Dr. J. D. Kellogg's Asthma Remedy, to commence the study of Asthma, and then the research for the best antidotes for the relief and cure of that disease. It was a laborious task and caused many sleepless nights and an endless amount of experiments, but at last his labor was rewarded by the successful discovery of one of the most wonderful medicines ever invented.

Dr. J. D. Kellogg's Asthma Remedy has given relief to thousands in Canada and the United States, who suffered for years with that dreadful disease without being able to get any relief, but space will not allow us to say more or to give but a few of the immense number of letters we have received bearing testimony to its efficacy, and thanking us for the blessing it has been to the writers.

COLD IN THE HEAD.—MR. ANDREW MILLER, Sp. acerville, writes:—"Having sold many dozen of Kellogg's Asthma Remedy to customers who say they could not live without it, I was tempted to try it myself for cold in my head. I

used it in a pipe and blew the smoke through my nostrils and it was a complete cure."

A MERCHANT'S EXPERIENCE.—MR. WM. PITT, Shanley, Ont., writes:—"For a long time I was laid up with the Asthma unable to do any work. Doctors tried to cure me but could not even give me relief. The day I first saw Dr. J. D. Kellogg's Asthma Remedy I was very bad and not able to straighten up and could scarcely get my breath. My wife thought I was foolish to try Kellogg's Remedy but she changed her mind a few minutes later, after I had used it followed by instant relief as I was then able to straighten up and breathing freely. It was a wonderful surprise to both of us, and through its use I am now able to work with ease and comfort."

CANNOT LIVE WITHOUT IT.—MRS. R. ANDREWS, Gooderham, writes:—"I don't think I could live without Dr. J. D. Kellogg's Asthma Remedy. It gives me more relief than anything I have ever used."

ALL SATISFIED.—MR. JOHN MAGUIRE, Steep Creek, N.S., writes:—"I have had Asthma in its worst form for years, and hereby state that Kellogg's Asthma Remedy is the only preparation that affords me any relief. I could not live without it. I recommend it and have sold it to several others, and in every case the parties have proved it to be equal to my representation."

FOR HAY FEVER.—MR. W. S. LEWIS, Carriage Builder, Jefferson, N.J., writes:—"Dr. J. D. Kellogg's Asthma Remedy is worth its weight in gold for hay fever. I have used it and it has done me more good than all the medicines I ever used."

ASTHMA FOR 15 YEARS.—MRS. ELIZA BUCHANAN, Bakersville, N.C., writes:—"I have been a sufferer with Asthma for 15 years and have tried several physicians and a great many patent remedies but Dr. J. D. Kellogg's Asthma Remedy is the only remedy that has given me any permanent relief. I am sure that your remedy will do all that you claim for it."

Price 25c. and \$1. If you cannot get it from your medicine dealer, it will be sent on receipt of price by mail

...ing about her nose, a young lady said, 'I nothing to do with shaping it. It was a day present.'

...n't hit a man when he is down—hit him he is up a tree, and run away before he reaches the ground.

...LF the misery in the world comes of want urge to speak and to hear the truth plainly, in a spirit of love.

ONE of the hardest things to accomplish is to waken a man in a railroad car who is occupying two seats.

WHEN Neptune is in an affectionate mood he throws an arm of the sea around a waist of water and hugs the shore.

IT is only necessary to grow old to become more indulgent. I see no fault committed that I have not committed myself.

cause!

Nothing is more beautiful than a serene, virtuous happy old age. Such an old age belongs to every individual's life if he knows how to build it.

MRS. YOUNGWIFE—Did you ever try any of my biscuits, Judge?

Judge—No, I never did; but I dare say they deserve it?

DR. J. D. KELLOGG'S ASTHMA REMEDY

UNCAT Almanacs...

Northrop & Lyman Co.

...almanac and guide to health. 1893

ASTHMA is an occurrence of tightness in the chest, previously accompanied by the paroxysms of tightness in the chest. The paroxysms of tightness in the chest, in others by excessive mental activity and the spasms between two and three days. Asthma is generally induced by moist atmosphere, changes of temperature and lungs by a frequently appearance of the respiratory organs in other cases it is induced by the use of stimulants.

It is one of the most common diseases which a person can have, and is often accompanied by suffering and endurance. It has a severe attack, and is often accompanied by a severe attack. To relieve the symptoms, the use of the Asthma Remedy, to cure the disease, then the researches of the medical profession, relief and cure of the disease, task and cause of the disease, less amount of suffering, was rewarded by the most wonderful relief to thousands of sufferers in the States, who suffer from the disease without space will not be a few of the many who have received bearing, thanking us for our services, writers.

Dr. J.D. Kellogg's Asthma Remedy, to cure the disease, then the researches of the medical profession, relief and cure of the disease, task and cause of the disease, less amount of suffering, was rewarded by the most wonderful relief to thousands of sufferers in the States, who suffer from the disease without space will not be a few of the many who have received bearing, thanking us for our services, writers.

GOLD IN THE

Spencerville, writes — Having been supplied with Kellogg's Asthma Remedy to customers who say they could not live without it, I was tempted to try it myself for cold in my head. I

RELIEF

... through my

MR. WM. PITT, long time I was unable to do any work. I could not even give up. Dr. J.D. Kellogg's Asthma Remedy, and not able to get my breath. I tried to try Kellogg's Asthma Remedy, and a few minutes later I was free by instant relief. I am now up and breathing freely, and able to work with ease to both of us.

MRS. R. ANDREWS, I think I could live without the Asthma Remedy. It is the only thing I have ever used.

MAGUIRE, Steeply, I had Asthma in its most severe form. I state that Kellogg's Asthma Remedy is the only preparation that I have ever used, and I cannot live without it. I have tried several others, but they have all proved it to be a failure.

S. LEWIS, Carriage Maker, writes:—"Dr. J.D. Kellogg's Asthma Remedy, its weight in gold, and it has done me more good than any other I ever used."

MRS. ELIZA BUCHANAN, writes:—"I have been a sufferer from Asthma for many years and have tried many patent remedies, but Kellogg's Asthma Remedy is the only one that has given me any permanent relief. It will do all that I require."

... cannot get it from your medicine dealer, it will be sent on receipt of price by mail.

WHAT was a cause of the trouble? THE trouble was a cold. It hurt my head and does to both of us. If good, it is a virtue, and a cause of the trouble.

NOTHING was a cause of the trouble. It is a virtue, and a cause of the trouble.

MRS. Y. biscuits, Judge, deserve it.

WHAT proof is there in the Bible that Pharaoh was a carpenter?—He made Joseph a ruler.

THE tramp has reached the hay day of his prosperity when he is allowed to sleep in the barn.

IT hurts less to hit the nail on the head than it does to hit it on the finger.

IF good people would but make goodness agreeable, and smile instead of frowning in their virtue, how many would they gain to the good cause!

NOTHING is more beautiful than a serene, virtuous happy old age. Such an old age belongs to every individual: life if he knows how to build it.

MRS. YOUNGWIFE—Did you ever try any of my biscuits, Judge?

Judge—No, I never did; but I dare say they deserve it?

Joking about her nose, a young lady said, 'I had nothing to do with shaping it. It was a birthday present.'

DON'T hit a man when he is down—hit him while he is up a tree, and run away before he reaches the ground.

HALF the misery in the world comes of want of courage to speak and to hear the truth plainly, and in a spirit of love.

ONE of the hardest things to accomplish is to waken a man in a railroad car who is occupying two seats.

WHEN Neptune is in an affectionate mood he throws an arm of the sea around a waist of water and hugs the shore.

IT is only necessary to grow old to become more indulgent. I see no fault committed that I have not committed myself.

Bickle's Syrup

ANTI-CONSUMPTIVE

FOR COUGHS & COLDS, &c.

AN UNPARALLELED REMEDY FOR

Coughs, Colds, Influenza, Asthma, Croup, Hoarseness, Pleurisy, Bronchitis, Consumption, Spitting of Blood, Whooping Cough, Diseases of the Chest and Lungs, Shortness of Breath, etc.

COUGHs and Colds should never be neglected, they are so frequently prognostic of some Throat or Lung Complaint.

At first it is only a slight Cold or Cough, exciting no particular attention, but it does not disappear; it clings with great tenacity, or it may for a time leave only to return with greater force, and so it keeps coming and going; each time it returns with greater severity.

Its disappearance, or rather periodical abatement disarms our fears of danger, and we allow it to take care of itself. This way of taking care of our bodies is worse than madness. It is just what nine-tenths of those who are dying, or have died of consumption have done—"Only a neglected Cold."

IT IS JUST what gave Catarrh to all those who are suffering with that dreadful disease—a disease alarmingly on the increase, and that is baffling so many physicians. It is "a neglected Cold" that causes Asthma, Bronchitis and Throat Troubles.

From our experience and from the testimonials we have received from Druggists and those who have used it, we believe there is no medicine equal to BICKLE'S ANTI-CONSUMPTIVE SYRUP for Coughs, Colds and all diseases which follow neglected Colds.

Although there may be cases of Consumption so far advanced that this syrup may not entirely cure, still the proprietors are confident that there is no case so bad, or of so long standing, but which may be materially relieved by the use of BICKLE'S ANTI-CONSUMPTIVE SYRUP. *In recent cases it may be said never to fail.*

This medicine operates by promoting a free and easy expectoration, which immediately relieves and frees the Throat and Lungs from viscid phlegm by changing the secretions from a diseased to a

healthy state; by uniting with a tonic power the property of calming irritation and diminishing excitability; by modifying the circulation, and enabling the Lungs to throw off the matter resulting from inflammatory action, thus giving the surface a chance to heal; by strengthening the Lungs and giving that tone to the system which counteracts the debilitating influence of disease.

Coughs, Colds, Shortness of Breath, and Affections of the Chest, attended with weakness of the digestive organs, or with general debility, seem to vanish under its use.

FOR CHILDREN.—When children are affected with Colds, Croup, Inflammation of the Lungs, Croup, Quinsy and Sore Throat, this Syrup is of vast importance.

IT CURED HIM.—Mr. A. A. CONNOLLY, Agricultural Implement Manf., Yarker, writing about BICKLE'S SYRUP says: "I have great pleasure in testifying to its merits. I contracted a severe cold, and the cough was so bad that I could not sleep. While hunting for a cure I got BICKLE'S SYRUP and took it according to directions, and from the first night after I got rest and have never lost an hour's rest with a cough since. It cured me quickly and completely. I do not think it has any equal for Coughs, Colds, etc."

BRONCHITIS CURED.—Mr. GEO. S. RICHARDSON, Roblin, writes: "I have been using BICKLE'S SYRUP for fully six years and I can cheerfully recommend it to any one (after testing it thoroughly) as having no equal, and I have tried many remedies too. I have two boys and when young they were great sufferers with Bronchitis. The BICKLE'S SYRUP effected a complete cure with one, and always stops the disease on the other. I found it more effectual than the doctor's medicine and can truly say that it saved me many a dollar. I have used it myself and in our family, and we found it superior to any Cough medicine we ever used."

COULD ONLY WHISPER.—E. THOS. DONOVAN, Escott, writes: "I was so hoarse last spring for weeks that I could only whisper, but one bottle of BICKLE'S SYRUP completely cured me. Thanking you for the benefit I received from its use, etc."

NORTHROP & LYMAN Co., Proprietors, Toronto.

Price 25 cents, 50 cents and \$1 per bottle.

WHEN did George Washington take a carriage? When he took a hack at the cherry tree.

THERE was a gentleman once who delighted to say that his name was "Jack Tate," but his wife's was "Dictate."

YOUNG ladies, do not too soon pronounce your lover a duck, lest you should afterwards discover him to be a goose.

A MAIDEN lady says that if single life is bad, it stands to reason that double life is twice as bad: but ladies rarely understand mathematics.

WHEN it becomes possible to tell a friend he has done well without telling him how he might have done better, then watch for the millennium.

WHY is the letter e like death? It is *le* the end of life.

WHY is the letter k like a pig's tail? It is at the end of pork.

WHEN were Napoleon's clothes ragged? When he was out at Elba.

WHY is the letter s like thunder? It makes our cream sour cream.

WHEN did Caesar first go to the Irish? When he crossed the Rhine and went back to bridge it.

WHEN who cannot imagine what an earthquake clock is like can form a slight opinion by treading on the trail of a quick-tempered woman.

DR. J. D. KELLOGG'S EYE WATER

For the Cure of all Diseases of the Eye, such as Inflammation, Films, Opacities, Specks, Abnormal Growths on the Mucous Surface, and Gangrene.

DISEASES and injuries of the eye, as might be expected from the delicate and complicated structure of the organ, are very numerous. And its extreme sensitiveness causes great annoyance or pain when affected with any disease, or when any foreign matter, even a cinder or sand, gets underneath the eyelid.

It is of the utmost importance that the eye should be attended to at once when anything is wrong with it. What could be cured without much trouble if immediate attention is given to it, might develop into a very serious matter and eventually cause the loss of sight.

It is with confidence that we recommend Dr. J. D. Kellogg's Eye Water for all diseases of the eye. It has been thoroughly tried and has given universal satisfaction. It promptly stops inflammation, cools and soothes the diseased parts, strengthens the sight and restores the organ to a natural healthy action.

NO CURE, NO PAY.—MR. J. H. BARKER, of the Dominion Lime Co., Lime Ridge, P.Q., writes: "One of our customers came to our store with very inflamed eyes some time ago. I asked him why he did not cure them and he said he could not. For fifty cents I promised to cure or no pay, and gave him a bottle of Kellogg's Eye Water. Three days after he came in and threw fifty cents on the counter saying, Kellogg's Eye Water cured his eyes. I have sold several dozen and have never heard of it failing in one case to cure."

MR. JAMES HENDRY, Stewart's Bay, Ont., writes: "I received DR. KELLOGG'S EYE WATER, and am glad to say that it has done me a great deal of good. It soon removed the inflammation, and is gradually removing the film. It is much easier on the eye than any other remedy I have ever tried. I will recommend it to any one I meet with who is suffering from sore eyes, etc."

Prepared only by Northrop & Lyman Co., Toronto. Price 25 cents per bottle.

CANADIAN LIQUID HAIR DYE

THE fashion of dyeing the hair is very ancient and belongs as much to savage as civilized nations.

As age advances it is but natural that we should wish to hide the evidences as indicated by the presence of grey hairs, although grey hairs are not always a reliable indication of age, for we find severe trouble, or excessive grief is frequently the cause of the hair turning grey.

It is said that the auburn hair of Marie Antoinette turned grey in a single night and many other cases might be mentioned of similar sudden changes.

Various means have been used for restoring the hair to its original natural color or for changing the natural hair to a more desirable color. Very often these means have not been helpful to the hair. A cheap or common Dye is easily noticed on the hair, and frequently is the subject of ridicule.

If you have to use a dye it is very necessary that you should get the best, one that will not destroy or injure the hair or give it a grey bleached look.

The standard Hair Dye in Canada is the Canadian Hair Dye which has been the leading Dye since 1865, and at the present time it has a larger sale than all other Hair Dyes combined. This we think is conclusive evidence that it has given entire satisfaction.

It is a very permanent Dye which only requires renewing when the growth of hair becomes conspicuous.

Unlike many other preparations, it will neither rub nor wash off, and as it is complete in itself, it is much more convenient than those requiring two separate bottles.

This celebrated Dye is unequalled for changing both red and grey hair to a beautiful black or brown, as may be preferred, without in the least injuring the hair. Gentlemen will find it unsurpassed for obliterating white hairs among their whiskers, and for touching up the beard and moustache to any shade or color.

Prepared only by NORTHROP & LYMAN CO., Toronto. Price 50 cents per bottle.

Mr. T. J. Humes, Columbus, Ohio, writes:—"I have been afflicted for some time with Kidney and Liver Complaint, and find Parmelee's Pills the best medicine for these diseases."

WHEN should we read the book of nature? When autumn turns the leaves.

WHY is the vowel o the only one sounded? Because all the others are inaudible.

CORA—"Doesn't it make you feel nice for people to r mark how well you are getting on?" Merritt—"Unless they add 'they can't understand it.'"

YOUNG WIFE (unrolling a new shirt)—I have a little surprise for you, Harold.

YOUNG HUSBAND—How kind of you, dear! Did you make it yours?—I?

YOUNG WIFE (proudly)—Every stitch of it, Harold.

YOUNG HUSBAND (holding it at arm's length)—I shall prize it as long as I live, Amelia. By the way—er—darling, what is it?

WHY is a stick of candy like a race-horse? The more you lick it the faster it goes.

IT is certain, that either wise bearing or ignorant carriage is caught, as men take disease one of another; therefore, let him take heed of their company.

THE MEASURE OF HIS DEVOTION.—A young lady who lately received a bouquet of roses was somewhat amused to find the donor's visiting card attached to it, and written on the wrong side these words: "Not to exceed \$2."

SPEND your leisure in reading books which will teach you something worth knowing—this will develop the mind, sowing seeds of wisdom. Have nothing to do with worthless literature, which weakens the memory and depraves the taste.

PARMELEE'S NEW VEGETABLE PILLS

CONTAIN MANDRAKE & DANDELION FOR THE LIVER

Are Anti-Bilious, and a Specific for the Cure of Liver and Kidney Complaints, Dyspepsia, Costiveness, Headache, Piles, and will Purify the Blood, Regulate the Secretions, Remove all Bilious Matter, and Prevent Ague.

IN his NEW VEGETABLE PILLS, Dr. Parmelee has given to the world the fruits of long scientific research in the whole realm of medical science, combined with new and valuable discoveries never before known to man.

These Pills are entirely vegetable, being composed of some of the most valuable remedies found in our own country, and of a newly-discovered plant, found only in Spain, the medicinal properties of which are the most remarkable known, each component part performing its specific action upon the different diseased organs of the body. As PARMELEE'S NEW VEGETABLE PILLS contain **Mandrake** and **Dandelion**, they cure Liver and Kidney Complaints with unerring certainty—see directions. Being an alterative, they purify the Blood and carry off all morbid accumulations from the system. By their tonic and stimulating effect creating a healthy flow of gastric juice—cure Dyspepsia, improve the appetite, and give tone to the digestive organs.

Fevers and Ague and all Bilious derangements are positively cured by the use of PARMELEE'S PILLS. They not only cleanse the stomach and bowels from all bilious matter, but they open the excretory vessels, causing them to pour copious effusions from the blood into the bowels, after which the corrupted mass is thrown out by the natural passage of the body.

Mr. J. L. PRICE, Shoals, Martin Co. Ind., writes: "I have tried a sample box of PARMELEE'S PILLS and find them the best medicine for Fever and Ague I have ever used."

Out of Sorts.

Symptoms.—Headache, loss of appetite, furred tongue and general indisposition. These symptoms, if neglected, develop into acute diseases. It is a trite saying that an "ounce of prevention is worth a pound of cure," and a little attention

at this point may save months of sickness and large doctor bills. For this complaint take from two to three of PARMELEE'S NEW VEGETABLE PILLS on going to bed, and one or two for three nights in succession.

In fact, so great is the power of this medicine to cleanse and purify, that diseases of almost every name and nature are driven from the body.

For Inflammation of the Eyes, Eruptions of the Skin, Rough and Pimply Face, take from one to two pills regularly for a short time, which will reduce the inflammation and give a smooth and healthy appearance to the skin.

For *Delicate and Debilitated Constitutions* these pills act like a charm. Taken in small doses, the effect is both a tonic and a stimulant, mildly exciting the secretions of the body, giving tone and vigor.

HOW TO CURE HEADACHE.—MR. FINLAY WARK, Lysander, P.Q., writes: "I find PARMELEE'S PILLS a first-class article for Sick Headache."

MR. CHAS. A. SMYTH, Lindsay, writes: "PARMELEE'S PILLS are an excellent medicine. My sister has been troubled with severe headache, but these pills have cured her."

THE BEST PILLS.—MR. WM. VANDERVOORT, Sydney Crossing, Ont., writes: "We have been using PARMELEE'S PILLS, and find them by far the best pills we have ever used."

MR. M. McBEAN, Glen Beas, writes: "PARMELEE'S PILLS have done me more good than any medicine I have ever taken."

MR. D. CARSWELL, Carswell P.O., Ont., writes: "I have tried PARMELEE'S PILLS and find them an excellent medicine and one that will sell well."

THEY SELL WELL.—MR. ARTHUR ANDERSON, Wabash, writes: "We are sold out of PARMELEE'S PILLS. Send two dozen at once. They sell faster than any other pill."

MR. W. E. SMITH, Elizabethville, writes: "PARMELEE'S PILLS give good satisfaction. My customers prefer them to any other pill." Sold by all medicine dealers. Price 25 cents.

In cold northern countries, by a wise provision of nature, the mountains are clad in firs.

When is a man obliged to keep his word?—When no one will take it.

"Industry must prosper," as the husband said when holding the baby while his wife chopped wood.

Son—Say, pa. Father—Well? "Is a vessel a boat?" "Yes." "Say, pa." "What is it?" "What kind of a boat is a blood-vessel?" "It is a life boat. Now run away to bed."

Neglect the duty of an hour and it is an hour that is lost. Crowd this neglected duty into the next hour, and you crowd out of it its own appointed task, and some task out of life. A lost hour is beyond recall. Time not only lapses unimproved, but it works changes.

Why is Westminster Abbey like a fire-place? It contains the ashes of the great.

Why was Noah like a hungry cat? He went forty days and forty nights without Ararat.

What was Joan of Arc made of? Maid of Orleans. What killed her? Too much hot stake.

BIFFINGTON—Yes, I'm going to the sea shore. I need change.

Hooker Crook—You'll need it worse when you get back.

A NAUGHTY little boy one day eluded punishment by creeping under a stable, where his mother could not reach him. Shortly after his father came in, and when told the state of affairs he crawled on his hands and knees in search of his son and heir when to his astonishment he was greeted with this inquiry: "Is she after you too, father?"

Assure cure for DYSENTRY, DIARRHŒA, CHOLERA, GRIPING PAINS IN THE BOWELS, SUMMER COMPLAINTS, Etc.

These diseases are more apt to prevail during summer than during any other part of the year, and it is also well established that their prevalence is to a great extent dependent on the intensity of the solar heat, so that a hot summer is ordinarily essential to the epidemic diffusion. The heat decomposes organic matter and the products of the decomposition is introduced into the food, drink or air used by the healthy and becomes an exciting cause of diarrhœa. Imperfect drainage and drinking impure water are also sources of the spread of these diseases.

But far more frequently diarrhœa results from unwholesome or indigestible food or drink or from excessive indulgence, even in what would otherwise not be hurtful.

In some persons diarrhœa is the usual result of catching cold, i.e., they suffer from catarrh of the digestive instead of the respiratory organs

For Cramps caused either by indigestion, colds or excessive relaxation, Dr. J. D. KELLOGG'S DYSENTERY CORDIAL will give prompt relief. It acts with wonderful rapidity and never fails to effect a cure

For infants and children who suffer from summer complaint it is singularly efficacious.

MR. E. D. NEWTON, Toronto, writes: "I have used Dr. J. D. KELLOGG'S DYSENTERY CORDIAL and found it the best medicine I ever used for Diarrhœa."

MRS. STACK, Toronto, writes: "I have much pleasure in saying that four doses of Dr. J. D. KELLOGG'S CORDIAL cured me of a very severe attack of Cholera Morbus. I never saw anything act so quick in subduing the pain and stopping the purging."

MR. GEORGE SMEDLEY, Toronto, says Dr. KELLOGG'S DYSENTERY CORDIAL cured him of Cholera Morbus.

SAVED HER LIFE.—MRS. DELIA HANNAH, Easton's Corners, writes:—"Dr. J. D. KELLOGG'S DYSENTERY CORDIAL was the means of saving my life. I suffered for about a year with Dysentery, meantime employing doctors without avail. After

taking the second dose of this Cordial, I felt relieved. It is a wonderful medicine and I would like the afflicted to know how it cured me."

MR. J. J. DOYLE, Sackville Street, Toronto, writes:—"I am pleased to testify to the excellence of Dr. J. D. KELLOGG'S DYSENTERY CORDIAL, and would not be without it. I was very ill with cramps and could not get anything to relieve me until I was advised to use the cordial, which gave me instant relief."

UNEQUALLED.—MR. JOHN C. HALL, Bolton Centre, P.Q., writes: "I am subject to summer complaints, and in the past have suffered very much with it. In my hunt for a remedy I got a bottle of Dr. KELLOGG'S DYSENTERY CORDIAL, and I can confidently say it has no equal for summer complaints, Diarrhœa, etc. My family have used it and can also recommend it as being the best; we having used all kinds of remedies sold for the cure of such complaints."

MR. C. H. WARD, Robinson, P.Q., writes: "Dr. KELLOGG'S DYSENTERY CORDIAL is without doubt the best medicine in the market for Summer Complaint. I have tried it and have also tried many other medicines and speak from experience. My little girl had a bad attack of Diarrhœa; our doctor could not help her; we then tried KELLOGG'S DYSENTERY CORDIAL and her life was saved by its use. I have given it to others with the same result."

A BAD CASE CURED.—MR. F. C. H. STEVENSON, Hudson, P.Q., writes: "When on the survey of the Montreal and Ottawa Rai road I was taken sick with Dysentery, and for some days was without help, at last I was able to get a bottle of Dr. KELLOGG'S DYSENTERY CORDIAL and after the first dose I felt relieved and before I had taken the bottle I was perfectly cured. I can assure you my case was serious, turning into Bloody Dysentery, and I was so weak that at the end of eight days I had lost twenty-five pounds. I cannot recommend this mixture too highly."

Sold by all Medicine Dealers. Price, 25 cents.
NORTHROP & LYMAN CO., TORONTO,
PROPRIETORS.

A MIRACULOUS MEDICINE.—MR. J. H. CREPEAU, St. Camille, writes: "Send me at once three dozen Northrop & Lyman's VEGETABLE DISCOVERY. It is a miraculous medicine, and has performed great cures, testimonials of which we can give you."

VANQUISHED.—MR. JAMES JOHNSTON, 4th con., 7th lot, Amaranth, writes: "Two bottles of Northrop & Lyman's VEGETABLE DISCOVERY cured me of Dyspepsia. Mine was a bad case, and I had tried a number of other preparations, without getting any benefit from them."

"Does she love him?"
 "I should say so! Why, she gave up a \$60 per month position to marry him, and he's only earning \$20."

A man who keeps a livery stable had a mule for sale, and, hearing that a friend in town wanted to buy one, he sent him the following note: "Dear Friend—If you are looking for an A 1 mule don't forget me. Yours," etc.

"How do I manage to rid myself of the bores?" said a woman of the world. "Nothing is easier. When I want to send a man away, I talk to him about myself; when I want him to stay indefinitely, I talk to him about himself."

SYMPATHETIC HOUSEWIFE (to ragged tramp)—Poor man, your garments are sadly frayed.
 Tramp—Yes, indeed, mum; 'frail' of the dorg.

"WHAT would you do if you were in my shoes, Jephson?" asked Hobbs.
 "Black 'em," replied Jephson, eyeing Hobbs's understandings critically.

HUSBAND "What does the paper say about the big fire last night?" Wife (reading the morning paper): "It says the boiler burst, and then the scene that followed baffled description." Husband: "It that all?" Wife: "No; two columns of description follow that."

CONSTITUTIONS OF IRON are undermined and destroyed by lung and bronchial diseases consequent upon neglect of a cough. A foolhardy disregard of that warning symptom is, unfortunately, very common; and that is the main reason why consumption figures so conspicuously among the causes of premature death. A timely use, inwardly and outwardly, of **DR. THOMAS' ELECTRIC OIL**—a benign, pure, and undeteriorating antispasmodic, soothing and healing agent, endorsed and recommended by the faculty—is a sure, prompt, and inexpensive way of arresting a cough or cold. Besides being a pulmonic of acknowledged excellence, it is a matchless anodyne for rheumatic and neuralgic pain; cures bleeding or blind piles, sores and hurts of all kinds, and remedies kidney troubles and lameness or weakness of the back.

A BAD ACCIDENT.—**MR. P. P. CLARK**, Merchant, St. Ola, Ont., writes:—"By the upsetting of a heavily loaded waggon of green timber I was caught between the timber and barn and jammed so badly that the doctor said I could not possibly live. I was unable to eat any solids for two weeks, the lower part of my body was badly bruised and all black; to try and ease the pain I was suffering I tried several liniments I had in my store, and at last tried **DR. THOMAS' ELECTRIC OIL**, and to my surprise and delight that fixed me up completely. It soothed and eased my pains and removed the discoloration from my flesh. I cannot recommend it too highly, for it saved my life and made a well man of me."

WORTH MORE THAN GOLD.—**MR. THOS. MOWAT**, Lower Fort Garry, Man., writes:—"My eight-year-old boy came home from school a few days ago so bad with croup that we could not hear him talk, and in his efforts to get breath he caused bleeding of the nose. As an experiment I put fifteen drops of **DR. THOMAS' ELECTRIC OIL** on sugar and told him to try and swallow it. He did so with a great struggle, and to the surprise of my wife and I, he could talk all right in less than fifteen minutes after. Now, gentlemen, you say **DR. THOMAS' ELECTRIC OIL** is worth its weight in gold, but I say it is worth twice its weight in gold for any throat disease."

A WONDERFUL HEALER.—**MRS. W. J. LANG**, Bethany, Ont., writes:—"I was one of the greatest

suffers for about fifteen months with a disease of my ear, similar to ulcers, causing entire deafness. I tried everything that could be done through medical skill, but found no relief. As a last resort I tried **DR. THOMAS' ELECTRIC OIL**, and in ten minutes found relief. I continued using it, and in a short time my ear was cured and hearing completely restored. I have used this wonderful healer successfully in cases of Inflammation of the Lungs, Sore Throat, Coughs and Colds, Cuts and Bruises, etc.; in fact, it is our family medicine."

STREET CAR ACCIDENT.—**MR. THOMAS SABIN** says:—"My eleven-year-old boy had his foot badly injured by being run over by a car on the Street Railway. We at once commenced bathing the foot with **DR. THOMAS' ELECTRIC OIL**, when the discoloration and swelling were removed, and in nine days he could use his foot. We always keep a bottle in the house ready for any emergency."

ULCERATED SORES FOR NINE YEARS.—**MR. SAMUEL BRYAN**, Thedford, writes:—"For nine years I suffered with ulcerated sores on my leg; I expended over \$100 to physicians, and tried every preparation I heard of or saw recommended for such disease, but could get no relief. I at last was recommended to give **DR. S. N. THOMAS' ELECTRIC OIL** a trial, which has resulted, after using eight bottles (using it internally and externally), in a complete cure. I believe it is the best medicine in the world, and I write this to let others know what it has done for me."

SORE FEET.—**MRS. E. J. NEILL**, New Armagh, P.Q., writes:—"For nearly six months I was troubled with burning aches and pains in my feet to such an extent that I could not sleep at night, and as my feet were badly swollen I could not wear my boots for weeks. At last I got a bottle of **DR. THOMAS' ELECTRIC OIL** and resolved to try it, and to my astonishment I got almost instant relief, and one bottle accomplished a perfect cure."

LAME SHOULDER.—**JOHN HAYS**, Credit, P.O., says his shoulder was so lame for nine months that he could not raise his hand to his head, but by the use of **DR. THOMAS' ELECTRIC OIL** the pain and lameness disappeared, and, although three months have elapsed, he has not had an attack of it since.

ALL WE CLAIM.—**REV. G. W. BROWN**, Pastor B.M.E. Church, Chestnut Street, Toronto, writes:—"I am pleased to say that **DR. THOMAS' ELECTRIC OIL** is all that you claim it to be, as I have been using it for ten years, both internally and externally, and have always received benefit from its use."

WORD FROM CALIFORNIA.—**MR. J. F. MUNCEY**, San Francisco, Cal., writes us:—"Dr. THOMAS' ELECTRIC OIL is a wonderful medicine for reducing swelling; my leg was fractured, and the foot and ankle being badly swollen I used the OIL and found it excellent for taking down the swelling."

"JOHNNY is very popular with his teachers." "That must be gratifying." "Yes indeed. They never let him leave them until five o'clock."

If the speculator misses his aim, everybody cries out, "He's a fool," and sometimes, "He's a rogue." If he succeeds, they besiege his door and demand his daughter in marriage.

UNSELFISH and noble acts are the most radiant epochs in the biography of souls. When wrought in earliest youth, they lie in the memory of age like the coral islands, green and sunny, amidst the melancholy waste of ocean.

"THAT man is so good-natured that he would hold an umbrella over a duck in a shower of rain," observed a wit of a brother dramatist. Bravo, playwright! say we, if the duck happens to be a pretty girl.

"I WONDER," said a young lady, "why Hymen is always represented as carrying a torch." To which her bachelor uncle sneeringly responded: "To indicate that he always makes it warm for people who marry."

A COUNTRY editor, who evidently meant what he said, in replying to a correspondent who wanted to know what public man's face is represented on the \$50 national bill, answered: "We cannot tell you. Send us the bill."

WE are apt to mistake our vocation by looking out of the way for occasions to exercise great and rare virtues, and by stopping over the ordinary ones that lie directly in the road before us. When we read we fancy we could be martyrs; when we come to act, we cannot bear a provoking word.

PRETTY WAITER GIRL (to regular boarder)—What kind of soup will you have to-day, Charley.
 Charley (in a fascinating manner)—Well, weally, I hardly know, y' know. What kind would you advise me to take, Jennie?
 Pretty Waiter Girl (innocently)—Noodle soup, Charley.

WHAT kind of an idiomatic world is this, anyhow? Clams are not clamorous. Oysters are not boysterous. Jean D'Arc was a blond. Pompey wasn't pompous. Cas-ins had no cash to speak of. Bank tellers never tell anything. The sign "cashier" in a bank often indicates the place where cash isn't. Ham was the freshest man in the ark. The earth never goes off, although it is a revolver and has been loaded to the muzzle for centuries. Pharaoh never gambled. Eve was not dusky.

"THERE'S no rule without an exception, my son." "Oh! isn't there, pa? A man must always be present while he is being shaved." "My dear, hadn't you better send this child to bed. He's too clever!"

SECRETARY RUSK—"You want a position in my Department, eh?" Applicant—"Yes, sir." Secretary Rusk—"What's the difference between a beet and the President's message?" Applicant—"One is red and the other isn't." Secretary Rusk—"You'll do."

"MAMMA," said the son of a member of Parliament, who had presented him with some pastry on condition that he share it with his brother. "What is it?" "Want you cut this pie for us?" "Why not let your brother do it?" "'Cos I can see from the way he acts that he is getting ready to gerrymander it."

Sick Headache

Is generally caused by a disordered stomach, imperfect digestion, or inactivity of the liver. If you are troubled with this distressing complaint, take **NORTHROP & LYMAN'S VEGETABLE DISCOVERY** to purify the stomach and give healthy action to the liver, and we will guarantee that the headache will be speedily and permanently removed.

MR. S. B. MAGINN, Ethel, used **Northrop & Lyman's VEGETABLE DISCOVERY** to cure a severe bilious Sick Headache which troubled him for a long time. He thinks it is an excellent medicine for all such afflictions.

NO HEADACHE NOW.—**MR. THOMAS BELL**, of Messrs. Scott, Bell & Co., proprietors of the Wingham Furniture Factory, writes: "For over one year I was not free one day from Headache. I tried every medicine I thought would give me relief, but did not derive any benefit from their use. I then procured a bottle of **Northrop & Lyman's VEGETABLE DISCOVERY**, and began taking it according to directions, when I soon found the headache leaving me. I am now completely cured, and I cannot recommend this medicine too highly. I would not be without a bottle of it, even if it should cost me three times its present price."

Remarkable Cure of Dropsy and Dyspepsia.

MR. SAMUEL T. CASEY, Belleville, writes:—"In the spring of 1884 I began to be troubled with dyspepsia, which gradually became more and more distressing. I used various domestic remedies, and applied to my family physician, but received no benefit. By this time my trouble assumed the form of dropsy. I was unable to use any food whatever except boiled milk and bread; my limbs were swollen to twice their natural size; all hopes of my recovery were given up, and I quite expected death within a few weeks. **Northrop & Lyman's VEGETABLE DISCOVERY** having been recommended to me, I tried a bottle with but little hope of relief; and now, after using eight bottles, my Dyspepsia and Dropsy are cured. Although now seventy-nine years of age I can enjoy my meals as well as ever, and my general health is good. I am well-known in this section of Canada, having lived

here fifty-seven years; and you have liberty to use my name in recommendation of your **VEGETABLE DISCOVERY**, which has done such wonders in my case."

HIGHLY SPOKEN OF.—**MR. J. L. FLETCHER**, Nashua, N.B., writes: "Northrop & Lyman's **VEGETABLE DISCOVERY** is highly spoken of by my friends who have derived great benefit from its use."

A.I.—**MR. W. W. KEATING**, Mitchell Square, writes: "Your **VEGETABLE DISCOVERY** is A.I."

KIDNEY DISEASE CURED.—**MR. C. M. WIGGINS**, Young's Cove, N.B., says: "Northrop & Lyman's **VEGETABLE DISCOVERY** completely cured me of hoarseness of six months' standing, all other remedies and prescriptions having failed to even help me. My wife having been troubled with kidney disease for years was cured by the same medicine. I cannot recommend it too highly."

AT DEATH'S DOOR.

Dyspepsia Conquered.

A Great Medical Triumph.

GENTLEMEN,—My medical adviser and others told me I could not possibly live when I commenced to use **Northrop & Lyman's VEGETABLE DISCOVERY** for Dyspepsia. My case was one of the worst of its kind. For three years I could not eat meat and my weight decreased from 219 to 119 lbs. All the food I took for thirteen months previous to taking the **VEGETABLE DISCOVERY** consisted of milk. I am now entirely cured and have regained my usual weight, can eat anything with a keen relish and feel like a new man. I have sold over thirty dozen **VEGETABLE DISCOVERY** since it cured me, as I am well-known and people in this section know how low I was, and thought I could not possibly be cured. They are eager to try this grand medicine. It certainly saved my life as I never expected to recover when first I commenced using it. I am not exaggerating anything, but feel glad to be able to contribute this testimonial and trust it may be the means of convincing others of its merit as a certain cure for Dyspepsia.

Signed, **JEAN VALCOURT**,
Wotton, P.Q. General Merchant.

MR. W. Thayer, Wright, P.Q., had **Dyspepsia for 20 Years**. Tried many remedies and doctors, but got no relief. His appetite was very poor, had a distressing pain in his side and stomach, and gradual wasting away of flesh, when he heard of and immediately commenced taking **Northrop & Lyman's VEGETABLE DISCOVERY**. The pains have left, and he rejoices in the enjoyment of excellent health, in fact he is quite a new man.

COL. YERGER—"Well, how did you like that picnic?" Gilhooly—"I was so glad to get home again that I was glad I went."

ENGLISHMAN—"Patrick, what do you think of emigration as a cure for the ills of Ireland?" Patrick—"Emigration do be all roight, sorr, but th' landlords must be the wans to emigrate."

MRS. BRISKE: "Johnny, did the doctor call while I was out?" Little Johnny (stopping his play): "Yes'm. He felt my pulse, and looked at my tongue, and shook his head, and said it was a serious case, and he left this prescription, and said he'd call again before night." Mrs. Briske: "Gracious me! It wasn't you I sent for him to see, it was the baby."

STRUGGLING HUSBAND—You were always fond of books, Minnie. What can I give you for your birthday? Innocent Dear—Give me a check book, darling. Whenever I sign your name I shall think of you.

LAURA—I have heard, Irene, that Mr. Westpit, the young Board of Trade broker who comes to see you, is what they call a bear.

Irene (blushing wildly)—A bear, Laura? That doesn't begin to express it. He's a perfect bo-constrictor.

AN Ohio minister, at the close of some remarks in his own church, said: "We will now hear from our colored brother." The visitor addressed, before entering upon his subject, said: "My brother is mistaken, I am not colored; I was born black."

PERSIAN BEAUTIFIER

FOR BEAUTIFYING AND
PRESERVING THE COMPLEXION

A FAMOUS woman once said "There are no ugly women, there are only women who do not understand how to make themselves beautiful." This is absolutely true. There are none so plain or commonplace that they cannot remedy that defect to a very great extent.

Let the most beautiful woman in the land neglect her toilet, and those who were most loud in praises of her beauty, and were fascinated by her every action, will be the first to forsake her. Everyone is more or less fascinated, drawn and won by beauty. History and biography tells us of the wonderful influence exercised by beautiful women in all ages, and if the possessor is gentle, true and useful, she can command the love and homage of all. If a beautiful statue can ennoble and refine, a beautiful woman can accomplish infinitely more.

Do our fair readers wish to keep themselves looking fresh and young, to be admired by lover, husband or friends. Then let them try a bottle of the PERSIAN BEAUTIFIER and they will be charmed by the change that will follow. This celebrated toilet preparation has not reached its popularity by extensive advertising. It has become popular through the good words spoken for it by the ladies to their lady friends. Having once used it they continue to use and recommend it until it has become the most popular toilet article in the Dominion of Canada.

PERSIAN BEAUTIFIER has marvelous power to soften, and make the skin beautifully white and clear.

It removes tan, freckles, pimples and roughness from the skin. It has no equal for changing the sunburnt face and hands to a pearly satin texture of beauty. It cools the skin and gives that healthy appearance so attractive in our well known beauties, which makes it a very desirable and indispensable toilet preparation for ladies who do much boating or take much out door exercise.

PERSIAN BEAUTIFIER is warranted not to contain any ingredient poisonous or injurious to the skin in fact it is the great secret of beauty, and very justly deserves the reputation it has sustained for years as being entirely free from anything poisonous or injurious to the health or skin.

NORTHROP & LYMAN CO., TORONTO,

Price 50 cents.

PROPRIETORS.

NORTHROP & LYMAN'S Beef Iron AND Wine

If your appetite is poor, and you are weak and languid, use this BEEF, IRON AND WINE to improve the appetite and restore to the system its exhausted power, and thus, by the general vigor which it imparts, create an appetite and restore the weak and broken down to health and strength, dispel gloomy spirits, enrich the blood, and tone up the whole system.

It is a preparation combining in a pleasant and agreeable form all the stimulating and nutritious tonic properties of the above-named ingredients, chemically combining the elements that make up the human system and are well calculated to supply and re-create the wasted body. Its agreeableness to the taste, restoring and invigorating properties, combined with its powers to vitalize and enrich the blood, render it peculiarly adapted for delicate ladies and children, many of whom object to bitter or nauseous tonics.

It is a most effective strengthener and restorative, and admirably adapted for impaired digestion. As a nutritious tonic it will be found invaluable in the treatment of impaired Nutrition of the Blood, and in all the various forms of General Debility.

MR. H. E. SMALLPIECE, of the *Toronto World*, says:—"We have used NORTHROP & LYMAN'S BEEF, IRON AND WINE, and can testify as to its excellent qualities. It has done my children a world of good."

MR. CHARLES WHALEN, Kearney P.O., writes:—"In the spring of 1887 my six-year-old child was very delicate, with poor appetite having had diphtheria some four or five months previous. I feared I was going to lose her, as I had lost three children six months previous. On the recommendation of Mrs. McDonald, of Emsdale, we got a bottle of NORTHROP & LYMAN'S BEEF, IRON AND WINE, and in a very short time we noticed a decided improvement in her appetite, and by the time one bottle was used my child was quite smart and enjoying good health, for which I feel thankful."

CAUTION.—When buying BEEF IRON AND WINE, don't take a poor article because it is cheap. The market is full of inferior goods—don't be imposed upon. If you want the best ask for NORTHROP & LYMAN'S BEEF, IRON AND WINE. Price \$1 a bottle.

A PHYSICIAN SAYS: "If a child does not thrive on fresh milk boil it." This is too severe. Why not try spanking it first?

"ARTHUR," said his mother, "do you think you'll get a prize at school for being good?" "No'm," said Arthur. "Why not, sir?" asked his father sternly, laying down his paper. "Because they don't give any," answered Arthur meekly.

THE following is a good story about a clergyman who lost his horse one Saturday evening. After hunting for it in company with a boy till midnight, he gave up in despair. The next day he took for his text, the following passage from Job—"Oh, that I knew where I might find him!" The boy who had just come in, supposing the horse was still the burden of thought, cried out, "I ken where he is, sir—he's in Tam Macpherson's stable."

MRS. BROWN—"Why do you like to have the doctor come to see you, Johnny? Is it because you get nice things to eat?" Little Johnny—"Naw; 'cause I can put my tongue out at him."

CUSTOMER—"I should like to see some of your checks for this season." Tailor—"Yes, sir, certainly, and I should like to see some of yours for last."

TOMMY (surprised)—"Why, papa, I thought one spoonful of sugar was always enough for my coffee!" Tommy's papa—"This is a restaurant, my son. Take all the sugar you want."

CREDITOR—"May I ask whether you ever expect to meet your indebtedness?" Hardup—"Meet it? Why, great Scott, man, I meet it every time I go into the street! Don't you throw it in my face often enough?"

DR. KELLOGG'S
CATARRH
SNUFF
 FOR
CATARRH, COLD IN THE HEAD, HEADACHE, &c.

ONE of the most common of all disorders to which the human body is subject in this changeable climate is Catarrh. It is contracted generally by exposure to draughts or damp atmosphere. It may at first be what is commonly called cold in the head, but if neglected it eventually becomes chronic, and is exceedingly troublesome, causing derangement of the stomach and whole system. The smell is impaired and sometimes destroyed; appetite gone, and general emaciation frequently occurs.

DR. KELLOGG'S SNUFF

is especially adapted for this disease, and we do not hesitate to pronounce in the strongest terms of its unflinching efficacy in relieving and eventually curing the afflicted.

It has been found also an excellent remedy in many cases of Sore Eyes and Deafness. Hearing has often been greatly improved by its use. It is fragrant and agreeable, and

IT GIVES IMMEDIATE relief to the dull, heavy pains caused by cold in the head. It opens and purges out all obstructions, strengthens the glands, and gives healthy action to the parts affected.

AN EXCELLENT MEDICINE: MRS. J. LAKE, Bay City, Mich., writes: "Having used KELLOGG'S SNUFF for a great many years, I find it an excellent medicine for Headache and Catarrh. I had a pain over my left eye for about six years, and could get no relief from doctors or anything else until I used DR. KELLOGG'S SNUFF. We are never without this Snuff now, although we have to send to Canada for it. Many of our friends have also been benefited by using it."

MR. PAUL THIBODEAU, Cavendish Road, P.E.I., writes: "I have had Catarrh for twelve years, and fifty cents' worth of KELLOGG'S SNUFF did me more good than \$50 worth of medicine which I had from the most eminent medical men of Montreal, Quebec, St. John and Charlottetown. I think one more bottle will completely cure me."

NORTHROP & LYMAN CO., TORONTO,
 Price, 25 cents. **SOLE AGENTS FOR CANADA.**

Mr. E. B. Stewart, Ruthven, writes: "The people think Bickle's Syrup the best medicine in the world."

DARLEY'S
CONDITION POWDERS

AND ARABIAN HEAVE REMEDY.

For the Cure of Colds, Coughs, Heaves, Thick and Broken Wind, Inflammation of the Lungs, and all Diseases which affect the Horse.

BY their use the horse's appetite is improved, all derangements of the digestive organs corrected, softening the skin, and giving to the coat a sleek and shining appearance, and may be used with perfect safety at all times, as they contain no ingredient which can injure a horse, whether sick or well. As a **CONDITION MEDICINE**, they are superior to all other known preparations; their effects in this respect are truly astonishing. They may likewise be given to horned cattle as well as horses.

Horses lose their appetites from various causes, but most frequently at the approach of some disease. This circumstance ought not to be overlooked by those who own horses, but should be immediately attended to, as by so doing the disease may be checked, and the life of the horse saved; to do which we are positive there is nothing equal to **DARLEY'S CONDITION POWDERS AND ARABIAN HEAVE REMEDY**; it purifies the blood, corrects all derangements of the digestive organs, and as a necessary consequence the appetite is restored.

THESE POWDERS have now been in use in this country over twenty years, during which they have effected more cures and done more to improve the condition of horses than all others combined. This statement is confirmed by the testimony of thousands, who have either used them or seen them used by others. They do not, like most articles of the kind, benefit for the time being only; their effects are *permanent and always safe*; they do not contain any of the *mineral or vegetable stimulants* generally used, which though they appear at the time to benefit, really injure the animal.

DRUG CLERK: "I won't sell you this morphine without a prescription; I'm afraid to let you have it." Customer: "Do I look like a man who would kill himself?" Drug clerk: "I don't know. It seems to me if I looked like you I should be greatly tempted to kill myself."

THERE is one rule which, if followed, will always be successful, and though it is old, will do to repeat here. It is called "The Horse's Prayer."

"Up hill hurry me not,
Down hill worry me not,
On the level spare me not,
And in the barn forget me not."

THE elder Baron Rothschild had the walls of his bank placarded with the following curious maxims: Carefully examine every detail of your business. Be prompt in everything. Take time to consider and then decide quickly. Dare to go forward. Bear troubles patiently. Dare to be brave in the struggle of life. Maintain your integrity as a sacred thing. Never tell business lies. Make no useless acquaintances. Never to appear something more than you are. Pay your debts promptly. Learn how to risk your money at the right moment. Shun strong liquor. Employ your time well. Do not reckon upon chance. Be polite to everybody. Never be discouraged. Then work hard and you will be certain to succeed.

**MOTHER
GRAVE'S
WORM
EXTERMINATOR**

**PLEASANT SURE
AND EFFECTUAL.**

THE Usual Symptoms of Worms in children are indigestion, irregular appetite, moaning and restlessness during sleep, grinding of the teeth, swelling and hardness of the abdomen, with frequent slimy stools, countenance pale, picking at the nose, offensive breath, low spirits, irritable and feverish, frightful dreams, headache, pain in the stomach, urine turbid, convulsive fits, and a gradual wasting away of the flesh, etc. When any of these symptoms are noticed, do not delay in getting relief for the sufferer.

Worms attack all ages, from the youngest up to the adult, but more frequently between the ages of three and ten years, and are no respecters of persons; the rich and the poor, the proud and the humble, alike have to seek relief from their ravages. They are not only a cause of disease, but by their irritation aggravate all other diseases. Their presence deranges the whole system, causing the strong to grow feeble, and the glow of health to fade from the cheek.

In administering medicine to children, one important thing is to get something that will be pleasant to the taste, and at the same time effectual in accomplishing the end desired. In

Mother Grave's Worm Exterminator

These two desirable qualifications are to be found. It is put up in the form of a syrup, and is so agreeable that children will not refuse it; in fact so pleasant that it will have to be placed beyond their reach or they will empty the bottle.

THIS MEDICINE DOES not require the help of any purgative medicine to complete the cure. It effectually destroys the Worms, and removes the nests in which their young are deposited, thus relieving the sufferer of their injurious effects.

WOULD NOT USE ANY OTHER.—**MR. HENRY BENNETT**, Port Lambton, writes:—"In the year 1898

my eldest boy was very ill and we could not tell what was the matter with him. Our doctor attended him, but was unable to do anything for him. We had no hopes of saving him. A friend thought it might be Worms that ailed him, advised me to get a bottle of **MOTHER GRAVE'S WORM EXTERMINATOR**. I followed his advice, and one bottle restored him to health, and in 1892 my second boy was taken sick, and was for a long time ailing until I tried this same medicine; before one bottle was used we saw a decided improvement. It expelled 11 Worms from 6 to 8 inches long. Thanking you for the benefit my family have received from the use of **MOTHER GRAVE'S WORM EXTERMINATOR**, and hoping that others may derive as much good from its use."

MARVELLOUS RESULTS.—**MR. BENJAMIN MCKENZIE**, Kimberly, writes as follows:—"About three months ago, our child, eighteen months old, was taken ill, followed by a fit. Suspecting that Worms were the cause, we got a bottle of **MOTHER GRAVE'S WORM EXTERMINATOR**, and we had only given a few doses when the result was marvellous, an extraordinary number of large Worms having been expelled."

MR. L. A. PURDY, of Brighton, says: "His little daughter was very much afflicted with Pin Worms, but a few doses of **MOTHER GRAVE'S WORM EXTERMINATOR** destroyed them."

MR. GEO. BURKE, Quebec, writes: "I have used **MOTHER GRAVE'S WORM EXTERMINATOR**, and found it the best thing I ever used for Worms."

A HEALTHY CHILD NOW.—**MADAM HELDEGE MARIEN**, St. Roch L'Acadian, P.Q., writes:—"I had a child troubled with Worms. My neighbors thought she would die; tried two doctors and all known remedies without getting relief. Mrs. Jos. Laurier recommended me to try **MOTHER GRAVE'S WORM EXTERMINATOR**. I got a bottle, and after the first dose noticed an improvement, and before one bottle was used my child was well, and is now strong and healthy."

HE CRIED FOR IT.—**MRS. M. LALONDE**, Camerontown, writes:—"My little boy, two and a half years old, was troubled with Worms. I gave him **MOTHER GRAVE'S WORM EXTERMINATOR** and it expelled 36 Worms. He is now in excellent health. We had to keep the medicine where he could not get it, as it is so pleasant that he always cried for more." Prepared by

NORTHROP & LYMAN CO., TORONTO, ONT.
Price 25 cents.

IT GIVES STRENGTH.—**MR. J. S. DRISCOLL**, Granite Hill, writes:—"I have derived great benefit from the use of your Vegetable Discovery. My appetite has returned and I feel stronger."

N. & L.'s Vegetable Discovery is the great Blood Purifier. Purify the Blood, and it is hard for disease of any kind to remain long in the body.

HANDY PACKAGE DYES

HAVE never been equalled for brilliancy of colors, reliability of shades, and are warranted to color more goods, and to give better satisfaction than any Dye in the market. Compare them; try them; and be satisfied of this fact.

Do not be persuaded to try Dyes that are advertised to color large quantities of goods; the colors made from such soon change, and the goods become worthless. This is especially so with colors on cotton. Our special Colors for cotton will be found far superior to all others, not only in the large amounts they will color, but in the fastness and brilliancy of the colors, making them indispensable to all wishing to dye cotton goods for carpets or other permanent use.

These Dyes are manufactured from the best and purest materials, so that you are certain to get good colors every time, if your goods are free from grease and the directions followed.

Old silks, faded ribbons, etc., can be made to look like new by using the HANDY PACKAGE DYES.

They are just what you want for coloring carpet rugs, old dresses, stockings, etc.

Beautiful ornaments can be made out of grass, wheat, oats and other grain, after coloring them with the HANDY PACKAGE DYES.

The person with an ingenious mind and decorative taste can find hundreds of ways to beautify their homes by using HANDY PACKAGE DYES.

REMARKS ON COLORS.--Pure and bright colors can be had only on white goods. Colored goods, especially silk and cotton, can often be made nearly white by boiling in strong soap-suds and rinsing, repeating the process as long as the color comes into the water.

If the Dyes are used on goods already colored, the color obtained will be a combination of the old and new colors.

A Red color, Dyed on Green, Slate or Drab, will make a Brown; on Yellow an Orange; on Blue a Purple; on Violet a Wine.

Green will cover nicely over Gray, Drab, Slate, Bismarck and Blue, making Dark Greens or Olive.

Blue over Green will make a Peacock color; over Red a Violet or Purple; over Yellow a Green; over Browns, Dark Bluish Shades.

Browns will color over all colors except Black, making on Green a Bronze, on red a Garnet, on Purple and Violet a Wine or Maroon.

Purple and Violet will color over Red, Blue and Brown, making Wine, Plum, etc.

All the dark colors will color over lighter colors, making various shades of the darker colors used.

Manufactured by

in Canada.

WE have recollections that are hard to erase from our memory of a time when the good old-fashioned but disagreeable Castor Oil was the favorite medicine with our mothers. We then feared to tell that we were sick for we knew what would follow that acknowledgement. We preferred suffering in silence rather than take that nauseous and sickening medicine. But with the advancement of science this feeling has disappeared; one discovery has followed another; and one of the most important in the history of medicine is the discovery of a way whereby Castor Oil can be sweetened and rendered palatable.

TO THE INVENTOR OF COPLAND'S SWEET CASTOR OIL is the world indebted for this valuable improvement on a staple household medicine. After careful and long research he made this discovery and called his preparation

Copland's Sweet Castor Oil.

It is of the same strength and medical qualities as the ordinary Castor Oil, and while equally safe and harmless, yet acts with more certainty, and produces neither nausea nor griping. Some children say it is honey; others call it syrup—they all say they like it. One parent says: "My children drink it like water"; another: "We had to hide the bottle or they would have finished it right off"; another: "My little girl has taken it twice without any trouble, and does not know what it is, though she hates the ordinary Castor Oil, and we could never get her to take it without a fight." Yet another: "I wish you success of your SWEET CASTOR OIL; it is a splendid thing, sure to take the place of all the common oil."

DR. PRASKI'S MAGNETIC OINTMENT.

The Great Healer of All Inflammation.

THE proprietors of this sovereign remedy challenge the world to furnish anything, from the days of Esculapius down to the present time, in the Arcana of Medicine which can vie with or excel the intrinsic properties of this Ointment.

The worst *Sores, Bruises, Cuts, Burns, Skin Disorders, Sprains, Sore Throat, Croup, Rheumatism, Lameness*, and all external and internal affections characterized by **INFLAMMATION**, yield to its influence as if by magic. Wherever there is inflammation try this Ointment, and you will never be without it.

It never fails to restore the natural functions of the skin and equalize the circulation of the blood. It penetrates to every portion of the human frame; every bone, muscle, vein, nerve and ligament is searched out and made sensible of its soothing and healing influence. Hence it copes readily with internal as well as external disease. Its success has been marvelous in the most obstinate cases of Inflammation of the Eye, Brain, Throat, Lungs, Bowels and other delicate organs of the human frame, where the skill of the most eminent physicians has been baffled, while for Sores and Injuries attended with Inflammation, Eruptions of the Skin, as Salt Rheum, Pimples, etc., and Lameness, it is without a rival. Its operation is **SPEEDY**, and containing no minerals, its application is safe, producing immediate relief.

IF your horse is lame, stiff, or there is swelling of any kind, **DR. THOMAS' ELECTRIC OIL** is just the medicine to use. It allays swelling, removes stiffness of any kind, and is the most soothing and healing medicine that you can use.

IN CATTLE it cures Horn Distemper, and in cows, Garget; a few applications cure cracked teats, for the last named it is especially good. For Horn Distemper put half a teaspoonful in each ear, and pour a little back of the horns.

WORTH KNOWING.—MR. JAS. SHANNON, Leaskdale, writes: "I suppose it would be of interest to you to know of two wonderful cures effected on horses by **DR. THOMAS' ELECTRIC OIL**. A customer of mine had a valuable colt about a week old which got cold and was unable to get on its feet. I advised him to give it a thorough rubbing with **DR. THOMAS' ELECTRIC OIL**, which he did, and to his surprise the stiffness was removed, and a perfect cure followed. The second astonishing cure was on a fine colt which had been operated on, followed by great swelling. The farriers said he would die, and they could not save him. "Then if he is going to die," said the owner, "I will go and get a dollar's worth of **DR. THOMAS' ELECTRIC OIL**, and it will at least ease his sufferings." He got the **ELECTRIC OIL**, and it not only gave the colt relief, but cured him. It is just such remarkable cures as these that advertise **DR. THOMAS' ELECTRIC OIL**, and make our sales so much larger than of any other medicine."

BEST EVER USED.—MR. W. R. LAZIER, Bailiff, etc., Belleville, writes: "I find **DR. THOMAS' ELECTRIC OIL** the best medicine I have ever used in my stable. I have used it for Bruises, Scratches, Wind Puffs and Cuts, and in every case it gave the best satisfaction. We use it as a household remedy for Colds, Burns, etc., and it is a perfect panacea. It will remove Warts by paring them down and applying it occasionally."

THE BEST FOR HORSES.—MR. JAS. BROWN, Superintendent of Fishing Grounds, Hammond, N.B., says: "I have used **DR. THOMAS' ELECTRIC OIL** for some years and find it the best horse remedy, particularly for scratches, that is in the market. I have never known it to fail me."

Carboline

A HAIR GROWER
SOFTENS & BEAUTIFIES
THE HAIR

FROM the earliest discovery of petroleum, to the present day, there has been a strong conviction that the good qualities of crude oil have not been appreciated, and that it undoubtedly possesses great medical properties. Every one who has handled petroleum knows what a penetrating, active agent it is. It can not be retained in wooden casks at all, unless they are coated with some impervious material, and it is not surprising that it goes right home to the roots of a person's hair, when it can find its way through the best oak staves ever made. Its great penetrating powers and its freedom from rancidity are advantages which no other oil possesses in so high a degree, and these same characteristics adapt it to the purposes of a hair restorer and dressing. The only objectionable feature being the dark color and offensive odor. But the skill of one of our chemists has overcome the difficulty, and by a process known only to himself he has, after very elaborate and costly experiments, succeeded in perfecting CARBOLINE, which renders it as susceptible of being handled as daintily as the famous EAU DE COLOGNE. The experiments with the deodorized liquid on the human hair and skin were attended with the most astonishing results, and it is now rapidly and surely taking precedence over all other oils as the best preparation the world ever produced for restoring hair on bald heads, and making a delightful and efficient hair-dresser. It does not contain a particle of lead, silver, sulphur or other deleterious drugs. It is a natural product of the earth, containing the elements required by hair to feed upon. A few applications will show its restorative qualities. Does not require months of continued use before you can perceive any result. It is cooling, cleanly, and too much praise can not be bestowed upon it.

Read the Testimonials.

DAVISVILLE, CAL., Nov. 8, 1878,
 CHAS. LANGLEY & Co., San Francisco:
 DEAR SIR.—I take great pleasure in informing you of the most gratifying results of the use of CARBOLINE in my own case. For three years the top of my head had been completely bald and smooth, and I had quite given up any hope of

restoring the hair. Four weeks ago I noticed the advertisement of CARBOLINE, and on the recommendation of a friend I concluded to try a bottle, without any great hope of good results, however. I have now used it less than a month, and to my most agreeable astonishment, my head is completely covered with a fine, short, healthy growth of hair, which has every appearance of continued growth; and I confidently believe it will restore it as completely as ever it was in my youth.

I take great pleasure in offering you this testimonial and you have my permission to publish the same. Yours truly,
 CHAS. E. WHITE,
 DAVISVILLE, CAL.
 Subscribed and sworn to before me, this 8th day of November, 1878.
 JAMES D. KING,
 NOTARY PUBLIC.

JOS. E. POND, JR., Attorney at Law, North Attleboro, Mass., says: "For more than twenty years a portion of my head had been as smooth and free from hair as a billiard ball. I was induced to try your CARBOLINE, and the effect has been simply wonderful. Where no hair has been seen for years, there now appears a thick growth. I expect the growth to be slow, but it is growing now nearly as rapidly as hair does after it is cut. You may use the above testimonial if you choose, and may refer to me for its truth."

ALFRED PHILLIPS, Druggist, of Gloversville, N. Y., says: "My wife has tried CARBOLINE and she has now a coating of hair over the top of her head an inch long, where her head has been entirely bald for years."

DONGOLA, ILL., March 10, 1879.
 SIR.—By the persuasion of a friend, I began to use CARBOLINE on my head last September, which has been bald for twenty years, and now I have a nice growth of hair on my head that surprises everybody that has observed the fact."

A. G. WILLIAMS, M.D.
 Your CARBOLINE restored my hair after everything else had failed. I consider it the best thing out for the purpose intended. F. ARTHUR,
 MT. HOLYOKE, MASS.

The above is a copy or fac-simile of the Lithographic Wrapper on the Genuine

DR. THOMAS' ECLECTRIC OIL

Fix its appearance and the name in your mind, and don't be persuaded to take any Electric or Electron Oil in place of it, as they are base imitations.

In the year 1871, Dr. S. N. Thomas, of Phelps, N.Y., made arrangements with the undersigned to introduce his ECLECTRIC OIL into Canada. From the first it met with success, and in a very short time orders for it came pouring in from all parts of the country, and at the present time it has the largest sale of any medicine sold in the Dominion.

One proof of the remarkable success it has met with is the attempt of several

LAND SHARKS

to sell imitation oils on the strength of its popularity. If it were not a medicine of merit it would not be imitated. Men do not commit forgeries on defunct banks, nor do they counterfeit base coin; it is the genuine they imitate. And so it is here; if Dr. Thomas' Eclectic Oil was not an article as good as represented it would not have the popularity it has, and if it were not popular it would not be imitated. But thanks to a sense of fairness existing among the drug and medicine dealers, and a desire on their part to preserve their good name from the stigma of "dealers in counterfeit or imitation goods," those LAND PIRATES have not had any encouragement, and their trash has gone begging on the market.

They put up their preparation in wrappers similar to Dr. Thomas' Eclectic Oil, and call it Electric or Electron Oil, and try to palm it off as the genuine. Some have even a smell not unlike Dr. Thomas' Oil, but in everything else they are dead failures.

Beware of these Similar Named Articles.

If their originators had any faith in the healing properties of their medicines they would, like honest men, give them a name of their own, and not try to sell them on the reputation of another; but as they know their preparations have no merit they resort to the most unprincipled means of selling them by getting a name as near as possible to *Eclectic*. We, therefore, ask the public when purchasing to see that the name

DR. THOMAS'

ECLECTRIC OIL, is on the front of the wrapper, and on the back are the names of

THERE are but few persons who do not know by experience what a corn is, although all may not know the cause.

There are two kinds of corns—hard corns which are caused by friction, the result of pressure through wearing boots too small or ill-fitting, and the soft corn, generally the most annoying and obstinate to get rid of, to be found between the toes, because of the pressure of the joints and the moisture from perspiration.

Either kind, although they may not be large, can remind us that sometimes small annoyances can become very powerful and very painful.

But the most painful and obstinate can be removed by using Holloway's Corn Cure.

This medicine is a specific for corns and warts, and we have never heard of it failing to remove even the worst kind. It is only necessary to read the testimonials to be convinced that it is a grand remedy.

A HAPPY MAN.—MR. J. P. LATTIMORE, Cape La Ronde, N.S., writes: "I thank you for HOLLOWAY'S CORN CURE. It is a sure cure for corns. I was troubled for a long time with corns, and I assure you it is a blessing to get rid of them."

AFTER THIRTY YEARS.—MR. EDWARD ROBERTS, of the Oakville House, Oakville, writes: "Two bottles of HOLLOWAY'S CORN CURE has removed seven corns from my feet after thirty years of suffering. All other corn preparations failed to give relief. I can confidently recommend it as a sure cure."

ENTIRELY CURED.—MR. J. W. BROWN, Chicago, Ill., writes: "Where can I get some of HOLLOWAY'S CORN CURE? I was entirely cured of my corns by this remedy, and I want to get some more to give relief to some of my friends."

HE HAD 16 OF THEM.—MR. JAMES BULLOCK, Campbellcroft, writes: "I removed thirteen corns from one foot and three from the other with two bottles of HOLLOWAY'S CORN CURE, and although two years have elapsed since I have not had any further trouble. The operation was painless and a perfect cure."

MR. WILLIAM FRANK, Peterboro, writes: "I was troubled with a corn for thirty years. I had

it operated upon by four different corn doctors but it was only by the use of HOLLOWAY'S CORN CURE that a cure was effected."

NO PAIN.—MRS. GEORGE SIMPSON, Toronto, says: "I have suffered severely with corns, and was unable to get relief from treatment of any kind until I was recommended to try HOLLOWAY'S CORN CURE. After applying it for a few days I was enabled to remove the corn, root and branch—no pain whatever, and no inconvenience in using it. I can heartily recommend it to all suffering from corns."

MR. JOSEPH WALLACE, Louisville, writes: "I suffered with corns for 40 years; for the last two or three years I could scarcely walk except by the help of a cane. I tried different kinds of corn cures, but got no relief until I got a bottle of HOLLOWAY'S CORN CURE. After applying it for a few days only, I removed the corns, root and branch."

MR. THOMAS SABIN, of Eglington, says: "I have used HOLLOWAY'S CORN CURE with the best results, having removed ten corns from my feet. It is not a half-way cure or reliever, but a complete extingisher, leaving the skin smooth and clear from the least appearance of the corns."

WARTS REMOVED.—MR. JOHN ATKINSON, Cheapside, writes: "HOLLOWAY'S CORN CURE removed half a dozen warts from my hands."

PURIFY THE BLOOD

And it is hard for disease of any kind to remain long in the body.

A Wonderful Cure.

MR. DAVID SMITH, Coe Hill, Ont., writes: "For the benefit of others I wish to say a few words about Northrop & Lyman's VEGETABLE DISCOVERY. About a year ago I took a very severe cough, had a virulent sore on my lips, was bad with dyspepsia, constipation and general debility. I tried almost every conceivable remedy, outwardly and inwardly, to cure the sore but all to no purpose. I had often thought of trying N. & L.'s VEGETABLE DISCOVERY, so I got a bottle and when I had used about one half the sore showed evident signs of healing. By the time that bottle was done it had about disappeared and my general health was improving fast. I was always of a very bilious habit and had used quinine and lemon juice with very little effect. But since using 3 bottles of the Vegetable Discovery the biliousness is entirely gone and my general health is excellent. I am 60 years old. Parties using it should continue it for some time after they think they are cured. It is by far the best health restorer I know."

Parmelee's VEGETABLE NEW PILLS

Chronic Derangements of the Stomach, Liver and Blood are speedily removed by the active principles of the ingredients entering into the composition of Parmelee's Vegetable Pills. These Pills act specifically on the deranged organs, stimulating to action, the dormant energies of the system, thereby removing disease and renewing life and vitality to the afflicted.

Gives them the preference.

Mr. ORLANDO COLLIVER, Druggist, Delhi, writes: "Parmelee's Pills have a ready sale in this section, in fact, they are one of the best sellers. Having tried them personally to my satisfaction, I give them the preference when recommending."

None Better.

Mr. HENRY ROONEY, Douglastown, P.Q., writes: "I have used Dr. Parmelee's Vegetable Pills, and found them equal to the recommendation for Indigestion. My mother has used them and they cured her. We prefer them to any other kind of pill."

They Never Fail.

Mr. S. M. BOUGHNER, Langton, writes: "For about two years I was troubled with Inward Piles, but by using Parmelee's Pills I was completely cured, and although four years have elapsed since then, they have not returned."

Taking the Lead.—F. W. ASHDOWN, Ashdown, Ont., says, "Parmelee's Pills take the lead against ten others I have in stock."

Good Satisfaction.—Mr. W. R. HAYS, Arden, writes: "Parmelee's Pills give the best satisfaction of any pill we sell, and we have a great many kinds. I have used them myself and I know they are good."

Mr. JOHN A. BEAM, Waterloo, Ont., says: "I never used any medicine that can equal Parmelee's Pills for Dyspepsia or Liver and Kidney Complaints. The relief experienced was wonderful."

Small, but None Better.—Mr. SAMUEL W. TAYLOR, Rockland Station, N.E., writes: "Having an attack of Liver Trouble and Indigestion, as I had had several times in the past, I decided to try Parmelee's New Vegetable Pills, and I find them to be the best I have ever used. They give relief which has a more lasting effect than any medicine I have used, and they are easy to take, the pill and dose being small, and I believe them to be the best medicine for Liver Trouble that is to be found."

The Medicine for Liver and Kidney Complaint.

—Mr. VICTOR AUGUR, Ottawa, writes: "I take great pleasure in recommending to the general public Parmelee's Pills as a cure for Liver and Kidney Complaint. I have doctored for the last three years with leading physicians, and have taken many medicines which were recommended to me, without relief, but after taking 8 Parmelee's Pills, I was quite relieved, and now I feel as well as ever."

Mr. E. A. CAIRNCROSS, Shakespeare, writes: "I consider Parmelee's Pills an excellent remedy for Bilioussness and derangement of the Liver, having used them myself for some time."
