NOT A LIBERAL

A man who subscribes himself "a life-long Liberal," but neglects to sign his name, has written a letter to the Standard, which honours the communication with editorial approval.

THE RETURNED SOLDIER

The Standard, which loses no opportunity to tell the returned soldiers how much the Borden government loves them, and how much it is willing to sacrifice for them, has not yet told them the following story which appears in the Toronto Globe:

MENNEN'S SHAVING CREAM

THE MAPLE

(Charles G. D. Roberts.) Oh, tenderly deepen the woodland glooms, And merrily sway the beeches; Breathe delicately the willow blooms, And the pines rears high their branches;

Let who will sing of the hawthorn in spring, Or the late-leaved linden in summer; There's a word may be for the locust tree.

That delicate, strange newcomer; But the maple it glows with the tint of the rose.

When pale are the spring-time regions, And its towers of flame from afar proclaim The advance of Winter's legions.

And a greener shade there never was made Than its summer canopy sifted, And many a day as beneath it I lay, Has my memory backward drifted To a pleasant lane I may walk not again.

Conservation Again. Wardrobe Mistress (to baggage man)—Yes! Times have changed, Bill. I remember when we had a dozen large trunks for the chorus girls' costumes; now we only need that one.

More terrible than the sacrifice of life and limb made in the cause of liberty," said the Hon. Frank Oliver in discussing the Borden franchise bill.

An Ottawa despatch to the Standard says:—"When the general election will take place is problematical. Most agree that it will be held during the first fortnight of December, but there are those who believe that it will not take place until spring or early summer."

Haltax Chronicle:—"The gross profits of the William Davies Packing Company last year were \$1,827,000 on a capital stock of two millions. No wonder bacon is a luxury which only the rich can afford to buy. Where is the Food Controller?"

Such is Fame Vice-President Thomas R. Marshall told one on himself when he was in Indianapolis recently.

"We were attending some sort of a function in a town in North Carolina—Mrs. Marshall and I," he said.

"There was a convention of railway engineers in progress there. At the railway station we were noticed by the leader of a band of about fifteen engineers and he immediately came across the platform to greet me. I shook hands with all of the men but one, who remained on the other side of the platform.

"Finally the leader of the crowd spied him. "Hey, Jim, come over here and shake hands with the vice-president," he said.

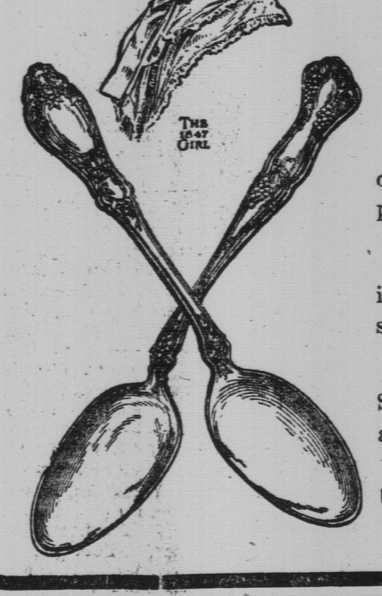

"I misleisurely came over and shook hands.

"When he turned to his partner, "What 'd yuh say his name was?" he asked.

"Marshall," said the other.

"Vice-president of what?" queried Jim. "Indiana."

THE ECONOMICS OF SOCIAL REFORM

By Rev. H. E. Thomas, Sackville, in "The Busy East"

It is a great mistake to assume, as so often done, that the programme of the social reformers is one that concerns the moralist and him alone. It may be unnecessary to disrate the appeal which social reform makes on the high plains of moral expediency and moral health, and moral welfare, but every intelligent citizen should recognize that there are broad economic principles involved which affect all matters of social reform upon the heart and conscience of every good citizen regardless of any moral or religious instincts which he may possess.

THIS MEDICINE WOMEN VALUE

Positively Relieves the Suffering. More Convincing Proof.

When Lydia E. Pinkham's Vegetable Compound was first introduced its curative powers were doubted and had to be proved. But the proof came, and gradually the use of it spread over the whole country.

Thousands of women have experienced the most beneficial effects from its use. Its value has become generally recognized and it is now the standard medicine for women's ills.

The following letter is only one of the thousands on our files.

Denton, Texas.—"I cannot feel that I have done my duty until I tell what Lydia E. Pinkham's Vegetable Compound has done for me. I suffered from female troubles so I could hardly drag around and do my work. I was very nervous, and had dizzy spells, heat flashes, and headaches until life was a burden. My husband brought me a bottle of Lydia E. Pinkham's Vegetable Compound and I soon began to improve. I continued its use and am now free from all pains and aches that made life a burden. You may use this letter in any way you like for I want the world to know what a grand medicine Lydia E. Pinkham's Vegetable Compound is."

RECENT DEATHS

Charles S. Shaw.
The sudden death of Charles Sedley Shaw took place at his home at Westfield, Kings county, on Monday. He was a son of the late Stephen H. Shaw, of the old town of Portland, had been a lumber surveyor and was well advanced in years. He was a man who was held in high esteem by all who knew him. His wife and two daughters, Mrs. William Shives Fisher and Mrs. James M. Magee, survive; also two brothers, E. N. and Percy Shaw, both of St. John.

William Furze.
The death of William Furze, of St. John, occurred at the Miramichi Hospital, where he had been the last four months suffering from a stroke of paralysis, on Sunday morning. Deceased leaves his widow (formerly Miss Kerr, of Chatham), and six children—William, of the C. P. R. office, St. John; Lyman, of the Canadian artillery, in France; Walter, of the C. G. R. shops, Moncton; Eva (Mrs. Arthur Gower), St. John; and Tremaine, and Miss Yonne, at home; also two sisters, Misses Fannie and Minnie, who live here. Deceased was the only son of the late Mr. and Mrs. William Furze. The funeral will be held this afternoon, from the home

Frederick McLean.
Frederick McLean died yesterday after a two weeks' illness. He was the son of the late Mr. and Mrs. Alonzo McLean. The deceased young man who was twenty-eight years of age, was employed in the steel works at Sydney up to the time of his illness, and was before going to Nova Scotia, an employe of T. McAvilly & Sons. He is survived by two sisters, Misses Jennie and Eleanor. The last named young lady arrived home shortly before her brother passed away. The funeral service will be held this evening at 8 o'clock at the residence of Hugh Wiley, 100 Adelaide street, and the remains will be taken to the Range, Queens county, tomorrow morning at 7 o'clock. Interment will be made at the Range tomorrow afternoon.

Patchell-Cooper.
A wedding of much interest to many in the city took place last evening at 8 o'clock at the home of the officiating clergyman, Rev. Neil McLaughlin, pastor of Portland Methodist church, when Miss Grace O. Cooper, daughter of J. S. Cooper, North End, became the bride of Stanley A. Patchell, of this city. The ceremony was performed in the presence of near relatives and friends of the contracting parties.

The bride, who was given away by her brother, E. Patchell, wore a becoming suit of blue serge and made a pretty and attractive bride. She was unattended.

After the ceremony Mr. and Mrs. Patchell drove to their future home at 27 Elliott row where a reception was held followed by a wedding luncheon. Both bride and groom are well known in the city, the latter being employed with Williams Thomson & Company, by which firm they were nicely remembered with a chest of silver. Many other presents testified in small measure to the popularity of the young pair.

Frederick W. Brown.
Moncton, Sept. 25.—(Special)—The death of William Brown occurred at his home here Monday evening. Death was due to hemorrhage of brain. Besides his wife who was formerly Miss Charlotte Kidd, he leaves three daughters.

MacKinnon-Wood.
Newcastle, Sept. 25.—A very pretty wedding took place in St. Samuel's church, Douglastown, last evening at 9 o'clock, when Miss Catherine G. Wood, daughter of Mrs. William Wood, of Douglastown, became the wife of Vincent MacKinnon, merchant, of the same place. Rev. J. G. Cormier was the officiating clergyman. The pair were unattended. The witnesses were Miss Elizabeth Wood and Mr. Charles P. Jardine, of Newcastle. The bride was dressed in a tailored suit of taupe gabardine. Mr. and Mrs. MacKinnon left on the Maritime express for their honeymoon in Bathurst, Montreal, etc. On their return they will reside in Douglastown. The bride is well known in Newcastle, having for several years been on the clerical staff of the Lounsbury Company here. The groom is a rising business man. The best wishes of the community go out to the happy pair.

Bourgeois-LeBlanc.
Moncton, Sept. 25.—(Special)—In St. Anselme's church, Fox Creek, this morning, Rev. Father Robichaud united in marriage Miss Bella LeBlanc, daughter of Mr. and Mrs. Thonias LeBlanc, Charlestown, with Arthur Bourgeois, son of Mr. and Mrs. Frederick Bourgeois, of Moncton. Alberta LeBlanc, bride of the bride, gave her away. They left for St. John this afternoon from where they will proceed to Boston, New York and other American cities. They will reside in Moncton.

Arthur M. Hill.
Arthur M. Hill, one of the best known residents of St. Stephen, and for many years deputy collector of customs, had retired on a pension several years ago, passed away at Chipman Memorial Hospital yesterday after a protracted illness. He is survived by his wife and one son, Professor D. Upton Hill of Acadia University. Henry F. and Edgar Hill are surviving brothers.

GUYNEMER SEPARATED FROM PATROL

Fate of French Hero of The Air Unknown
Destroyed 78 Machines

His Greatest Record Was Four of Enemy Accounted for in One Day—German Losses in Air Nearly 500

Paris, Sept. 26.—The official communication issued last night announcing that Captain George Gynemer is missing, states that on Sept. 11 while he was reconnoitering in Flanders he found himself, while pursuing the enemy, separated from his comrades of the patrol. The communication concludes as follows: "Despite that all means of investigation have been tried we have not obtained any further information up to the present date."

Gynemer is credited with having shot down fifty-three German airplanes inside the German lines and with having destroyed at least twenty-five more that were uncounted. He was one of the youngest men of his rank in the French army, having been promoted by President Poincare in February last at the age of twenty-two.

Captain Gynemer's greatest day's work was on May 17 of this year when he brought down four German machines, two of which he accounted for in the space of two minutes, having attacked a group of four. With only three cartridges left, while on his homeward flight he encountered the fourth German and shot him down with one of the three remaining cartridges. The fifty-three German machines officially credited to Captain Gynemer's record were worth something more than 1,900,000 francs. Nearly 500 destroyed.

Grand Headquarters of the French Armies in France, Sept. 25.—(By The Associated Press).—Up to Sept. 20 thirty-seven British and French "aces" had destroyed 308 German airplanes in air combats. Eleven other aces who have been killed, accounted for ninety-one German machines. The list is headed by Captain Gynemer.

An airman obtains the rank of ace when he has destroyed five German machines. The list of German aces numbered fifty-seven, of whom twenty-nine have been killed in the course of fighting on the Franco-British front.

PRESIDENT WATTERS

Halifax Chronicle.—The oration to J. C. Watters, president of the Trades and Labor Congress, and his unanimous reelection, are a very handsome vindication of that gentleman by the men with whom he is associated and who know him best. The labor men have given their answer to Senator Dennis and his attacks upon Mr. Watters.

Law School Staff.
There are two changes on the staff of the Kings College law school here this year. Dr. W. W. White will lecture on medical jurisprudence, taking the place of the late Dr. T. D. Walker and J. P. D. Lewin has undertaken the subject of sales. W. E. McMonagle and E. P. O'Toole will be the only members of the senior class this year.

His Plan of Campaign

Works Through Papers and Magazines for Peace on Germany's Terms—Pro-German Before the War

(Toronto Mail and Empire.) While the daily newspapers owned by William Randolph Hearst are excluded from Canada, his control extends to other publications. In the first of a series of articles in the New York Tribune headed "Who Agitates America," Samuel Hopkins Adams deals with Hearst and his pro-German propaganda.

First Cry For Peace. Hearst had nothing to say about the horrors of war until the German successes on the western front had reached high-water mark, until most of Belgium and a great part of northern France had been occupied by the German armies.

When war was declared, of course, the Hearst papers had to lead in loud professions of loyalty, something of this sort being expected of them. All this, the excitement on the front page, the suggestion that 50,000 American aeroplanes should be sent to the front, and various other hysterical cries, was according to Mr. Adams, merely the smoke with which Hearst found it necessary to screen himself, mere camouflage.

One Hundred U. S. Prisoners In Germany

Washington, Sept. 26.—American prisoners of war being held in German camps total 101, according to an official announcement issued today dealing with plans for provisioning these men, but which did not give their names. Five of the prisoners are enlisted men of the United States navy who were captured when the steamer Campanian was sunk by a German submarine. They and Merchant Captain Oliver of the Campanian are being held at the German prison camp at Brandenburg.

On May 26 last, after war had been declared between this country and Germany, the state department issued a statement to the effect that there were then seventy-four American prisoners of war in Germany. They had been taken from merchant vessels, and were all the American war prisoners then known to be in German hands. Sixty-one of them were at the German camp at Dulm, seven at the Havelberg camp, five at the Karlsruhe camp and one at the Rastatt camp in Bavaria. The names of these seventy-four American prisoners were made public by the state department on May 22.

Through the committee on public information, the government issued this statement regarding the provisioning of the captives: "American prisoners of war in Germany will be furnished enough food for their subsistence independently of rations provided them by the Germans. The American Red Cross, through arrangements with the British Central Prisoners of War Committee, is doing this for the American prisoners in Germany, of whom there are now 101, and a committee of the American Red Cross has been established at Berne, Switzerland, to do this work in the future. This committee will work directly under the American Red Cross and will take over all the work of provisioning American soldiers and sailors who may be held in Germany.

"The food division of the surgeon general's office has assisted the Red Cross in the preparation of a table of food to be included in each 'food kit' so that sufficient nutrition may be sent within the prescribed weight to take care of a soldier until the next package arrives for him. A total of nine to ten pounds of food will be put in each package and the weight of the package kept under eleven pounds, as required by international agreement. Three such packages for each soldier will be sent each fortnight. The German authorities have agreed that each American prisoner shall personally sign a receipt for his box. This receipt is permitted outside the amount of correspondence allowed to each prisoner.

"The food for these 'food kits' will be sent in bulk to Switzerland, where the American Red Cross central committee for Prisoners' Relief will make up the packages. This method will make up shipping space, and there is, furthermore, no parcel post agreement between the United States and Switzerland. In order to fulfill the natural desire of families to send food to relatives who are prisoners, arrangements will be made later for boxes to be sent to Red Cross headquarters in Switzerland to be re-packed there and sent to the prisoners for whom they are intended."

MAY BE BIG FACTOR IN WORLD'S SERIES

Heinie Zimmerman, Giants Star 3rd Baseman, Will be no Stranger in Championship Struggle

New York, Sept. 22.—Heinie Zim, as the Giants star third baseman is known to fans, is no stranger to the world's series, for he was a member of the Chicago Cubs when he won the National League championship in 1907, '08, and '10. He did not figure in the series between the Cubs and Athletics in 1907, as he did not join the team until late in the season. Zimmerman started his professional career as a member of the Wilkesbarre club of the New York State League, back in 1906. He looked after the key-stone sack in thirty-five games and batted for 196 that year. The following year he was with the team, batting for .314 in ninety-eight games. The Cubs bought this release from Wilkesbarre in midseason in 1907. From then until 1910 he was used principally as a utility infielder, playing second, short and third. In 1911 he was with the team, batting for .285 in 189 games. He played second and third that year, but the following season he was the greatest he had since donning the uniform of a major league club, he was stationed at third base throughout the entire season.

Zim's big year was 1912, when he hit for .372 leading the National League. He came through with .307 hits that year, and scored ninety-five runs. The following year he dropped back to .313, and in 1914 he hit .299, showing a flash of his old batting form and boosted his average to .286. Zimmerman changed uniforms before the close of the 1916 season, being traded to New York in August for Larry Doyle, Hunter and Jacobson. Since becoming a member of the Giants he has developed into one of the greatest fielding third sackers in the National League.

CHAMPION STALLION ST. FRISCO, OWNED BY NEW YORK WOMAN

New York, Sept. 24.—If New York had such a thing as local pride in trifling matters it might get "all hot up" over the fact that the ownership of the champion trotting stallion, St. Frisco, is vested in a New York lady, Mrs. Lulu Jones Davidson, a daughter of Frank G. Jones of Memphis, who is himself a most enthusiastic breeder and owner of harness horses.

St. Frisco's record-making heat in 2:01.9-4 at Poughkeepsie during the Grand Circuit meeting was as much a surprise to the veteran Pop Geers, who drove him and practically made him into a record holder, as it was to the general public. No one had looked for record miles at Poughkeepsie, for while it is a fine bit of track, it is not regarded a particularly speedy one, even though Johnny Murphy makes it his winter quarters and spring training ground. Therefore the record is the more surprising, as Geers was merely driving to beat Mabel Trask and not for a record when it happened.

Up to St. Frisco's performance the record for a trotting stallion made in a race was 2:02, jointly held by The Harvester, who trotted a heat in that time in 1910, which performance was later equaled by Peter Volo in 1915. Made in the second heat of the race as it was, St. Frisco's performance also tied the record for the fastest second heat in a race, which was made by Hamburg Belle in her race against Ulian at Cleveland in 1910.

St. Frisco, a rather rough going colt when Geers first brought him out, had never been asked to a record-breaker but rather as a dependable campaigner liable to beat anybody's horse in a genuine second race of the kind. He was bought Hill Farm in Kentucky, St. Frisco was foaled in 1911, and at this time has started in thirty-seven races, of which he has been first or second in thirty, and has won about \$35,000.

It is by no means improbable, in the opinion of trotting men, that the blue-hearted son of San Frisco will do a mile in better than two minutes when he gets to the Lexington track for the speed meeting this fall.

ST. JOHN MEN ON WAY HOME

Large Party of Returned Soldiers Arrive in Halifax—Major Percy, Captain MacKay, Lieutenants Evans and Henry

Halifax, N. S., Sept. 25.—Among the officers returning on a steamer which arrived here today from England, was Brigadier-General Archibald MacDonald, who is on furlough to visit his mother, who is ill at her home in Toronto.

Another officer, who was successful at the front and who has returned is Major Neil MacDonald, of Winnipeg. While following his civilian occupation as mining engineer at Winnipeg, he responded to the call for volunteers and enlisted as a private. When asked if he had been wounded he answered in the negative, remarking that he went over to shoot Germans, not to be shot. He said "call me Foghorn MacDonald in the papers and everyone will know who I am." He said he won his promotion in France. He served in the 8th Battalion, which had the nickname of the Black Devils. The major said sixteen of the original Black Devils were on the boat enroute home.

Private E. L. Stears, C. F. A., son of John Stears, St. John, is home on leave, being in France for eighteen months. Bound to St. John.

The following men are for the New Brunswick depot: Privates J. W. Chesworth, J. Dash, J. Gordon, C. Smallman, A. Hughes and E. McDonald, Sgt. Major S. F. Williams, Lance Corporals L. Leger, William Phillips and B. Phillips.

The following men are for the Nova Scotia depot: Corporals T. J. Hayes, E. Martin and A. T. Cooke, Lance Corporal C. James, Privates W. S. Breen, A. G. Chappell, W. C. Reed, E. Groves, E. Hall, C. W. Happy, J. Holland, G. Jones, S. Lewis, H. F. McIntosh, H. McIntosh, H. C. McLean, R. Seales, W. Smith, W. E. Welsh, A. W. Wright, R. Morarty.

There are many familiar and well-known officers on the list and several from St. John and throughout New Brunswick. Among the officers from the city whose names appear on the list are Lieutenant H. C. Evans, son of C. H. Evans, who went overseas with the 118th Battalion. He was transferred to the 44th and was in the lines. He was severely wounded at Vimy Ridge and for a time was reported as missing. Word to the effect he had been wounded was later received.

Lieutenant J. S. Henry, of Salisbury (N. B.), of the Canadian Machine Gun Companies, is also reported as being on board is that of Lieutenant-Colonel J. A. Dansereau, of the 10th and late of the 99th French Machine Battalion, which spent a winter in this city two years ago.

Captain W. D. McKay, who went overseas as quartermaster of No. 8 Field Ambulance under Major Corbet, is among the returned officers and has come, it is said, owing to illness. He was formerly a drug clerk in Brown's Pharmacy in Prince street.

Major H. Percy, of this city, who was with the company commander in the 140th Battalion and who was retained in England as O. C. of an officers' battalion, is also reported on the list.

An interesting name, to many people in St. John, which appears as being on board is that of Lieutenant-Colonel J. A. Dansereau, of the 10th and late of the 99th French Machine Battalion, which spent a winter in this city two years ago. Captain W. D. McKay, who went overseas as quartermaster of No. 8 Field Ambulance under Major Corbet, is among the returned officers and has come, it is said, owing to illness. He was formerly a drug clerk in Brown's Pharmacy in Prince street.

FAMOUS AIRMEN GIVE THEIR LIVES

Paris, Sept. 25.—Captain George Guynemer, the famous French aviator, is believed to be dead.

Captain Guynemer is thought to have been killed during a reconnaissance flight over Flanders, on which he left Dumetix, on Sept. 11. Nothing had been heard of him since, and it was assumed that he had been lost, but not until tonight did army headquarters issue a preliminary report.

Captain Guynemer, who attained world-wide fame by his exploits, was perhaps the most brave aviator of the war. He was last cited in the official French announcements of Sept. 10, when he was reported as having won his fiftieth aerial victory. An unofficial press despatch a few days earlier said he had secured for himself fifty-two machines. He was twenty-one years old.

Only a little more than two years ago, Captain Guynemer was a simple soldier. Joining the aviation corps, he rose rapidly in rank until he attained the rank of captain, winning the Cross of the Legion of Honor, the Military Medal, the War Cross and almost every other honor which his country could bestow.

Captain Guynemer first came into public notice in February of last year by bringing down his fifth enemy, thus becoming an "ace" and earning an official citation. Victories followed in rapid succession and the young aviator, who took part in many spectacular flights, had the narrowest escapes on several occasions. In March of last year he was wounded.

One of the most spectacular achievements of Captain Guynemer was the

Memories of "the nicest cup of tea I ever tasted"

shooting down of three German airplanes in two minutes and thirty seconds in September of last year. On one occasion he was forced to descend between the French and German trenches, but was able to escape. Guynemer was admitted to the French army as a volunteer, after having been rejected five times by medical inspectors. He operated his airplane alone, serving as both pilot and gunner.

German's Second Best Gone. Amsterdam, Sept. 25.—Lieut. Vosse, leading German aviator, has been killed in an aerial fight with his fiftieth adversary, according to a report received here from Berlin. Vosse was considered the greatest German aviator after Baron Von Richthofen. He was credited in German official reports with having brought down forty-nine enemy machines up to September 10.

Are Nearer To Agreement Re Sardine Plant

The common council met again yesterday afternoon to discuss J. Fred Belyea's proposals in regard to the sardine packing plant and fishing business. The negotiations were not concluded definitely but considerable progress was made.

In the afternoon the city solicitor, Dr. J. M. B. Baxter, K. C., was present and gave advice on legal points involved. The concessions were considered one by one. Sending Up Bill.

Upon motion of Commissioner Russell it was decided to prepare a bill for the next legislature to give authority to the city to lease for any term of years the fishing rights in the harbor, or at public auction, as it desired.

The request for permission to run a spur line through the street to Mr. Belyea's property was granted on condition that his plans are approved by the common council.

Regarding water rates for which he asked exemption, he was informed that there is no exemption on water rates, and he agreed to pay manufacturers' rates. Mr. Belyea asked tax exemption, with exception of the block sum of \$1,000 for all concessions. He was informed, however, that there is no exemption granted on school taxes.

It was moved by Commissioner Russell, and adopted, that tax exemption, excluding school assessment, be granted.

The capital stock is \$10,000. Those incorporated are Percy W. Thomson, Mrs. Maude S. Thomson and John A. Olive, all of St. John.

HOME ON LEAVE.
Pte. E. Ogilvie, of the 13th Batt., is expected in St. John tonight on the 5.30 train, on leave to visit his mother, Mrs. Thomas Ogilvie of 78 Lombard street, who is seriously ill. Pte. Ogilvie enlisted in Calgary and has not been in St. John for five years. He will receive a most hearty welcome.

HOME FROM ENGLAND.
A special train of Halifax passed through the city this morning with women and children passengers who arrived on an ocean liner at Halifax yesterday from London. These women and children are mostly the families of soldiers at the front and are returning home on the request of the government.

ON VACATION TRIP.
Constable Roberts of the C. G. R. station, accompanied by his wife, will leave tomorrow morning on a trip of two weeks through New Brunswick. They intend going from St. John to Fredericton, thence to Woodstock and then to motor through to Mr. Roberts' old home on the Grand Lake. He is taking along with him his rifle and is in hopes of bringing home a moosehead as a souvenir of his trip.

GOOD ROAD MATERIAL.
District Road Engineer A. F. Belding is in the city today from Westmorland county. He brought with him a sample of the remarkable cement gravel used in making between Annapolis and the Nova Scotia border, which is said to be the finest piece of road in New Brunswick. This cement gravel, which is a combination of various minerals and looks like cement—has to be blasted and broken up before being placed on the road surface, and when there the rain cements it again, making a remarkably fine surface. A sample of it may be seen at the government rooms, 100 William street. Mr. Belding will go east again on the night express.

URGES ON TO GREATER WORK

Spirited Address To Baptist Association Meeting

MORNING PROCEEDINGS

Report on Some of the Activities—Committees Appointed—Decision to Retain Possession of Meduetic Church Building

At this morning's session of the annual convention of the Association of United Baptists of New Brunswick, in the Charlotte street church, west end, Rev. Dr. DeWalt, principal of the Ladies' Seminary at Acadia University, gave the devotional address, choosing as his subject the Lord's Prayer.

Rev. J. G. A. Belyea of Fredericton functioned as moderator of the meeting and at 10 o'clock made an excellent address to the delegates. He said that service was not complete by prayer alone. Besides faith, there must also be good works. He advocated that at least \$100,000 a year should be raised for the church. It was only when the required funds were available, he said, that the work of saving souls could be carried out properly. He said that there was a challenge from God to do his work and that the reward was both in temporal and spiritual benefits. The poor, he said, were a direct challenge to Christians. He touched on the insincerity of men and said that if all men voted as they prayed and thought, the present evil state of the world would be effectively eradicated in quick time.

Rev. Dr. A. W. Brown of Sackville was the appointee of the following committees: Rev. J. E. Wilson of Woodstock; J. B. Ganong, of St. John, and Dr. Hutchinson, of St. John.

Arrangements—Rev. J. H. Jenner, West St. John; J. H. Wentworth, St. John, and T. D. Bell, of Pinder, N. B. Letters—Rev. Dr. Brown, of Sackville; A. Perry, of Berrier's Mills, and A. N. McNeill, of Sackville.

Rev. S. S. Poole and Rev. Milton Anderson were appointed as members of the Executive School committee in place of two of the members who were unavoidably absent.

Rev. J. E. Gollins, of Grand Harbor, Grand Manan, was elected assistant secretary of the association.

The annual report of the executive was read by Rev. F. B. Hayward, secretary of the executive. The report contained the results of the four meetings of the executive held during the past year.

The Pokok and Doaktown churches were presented loans of \$250 each.

Rev. H. Boyd was elected to take the place of Rev. A. F. Newcombe on the executive.

The treasurer of the executive has in the last year purchased three \$500 war bonds. The sum of \$94.16 was paid for printing the year book. An increase of \$25 was granted the chaplain of the General Hospital.

A committee of five was appointed to consider proposed changes in the provincial organizations.

A committee was named to secure annuity funds for home missions and a committee to prepare a recommendation for the association in regard to solemnization of marriages by retired ministers.

It was resolved to assure the Reformed Baptist Alliance that at the 1917 associational gathering the church at Meduetic would be given to them by the United Baptists.

There was a great deal of discussion in regard to the last resolution. It was argued that the church should, in view of the wish of the United Baptists there, let the church fall into decay. Rev. R. P. Hayward spoke fervently on the subject and suggested that it was only common courtesy to the other denomination. The building was an old one and would soon fall into decay. He thought that the gift of the building would not help to build up another denomination in Meduetic, because if the building was refused the Reformed Baptists, they would put up a building of their own. To refuse it would, in his opinion, erect a monument to the "dog in the manger" spirit among Meduetic people, which would do more harm to the United Baptist cause than the establishment of a rival denomination there would.

The first resolution of the executive was defeated, and the church at Meduetic will be kept by the United Baptists as it is.

The treasurer, James Patterson, read his report, which showed a balance of \$94.08 in the Association Fund, grand total of \$3,436.40 credited to the Twentieth Century Fund during the last year; and a total of \$203.80 during the last year in the Trust Fund held by the association. Amos A. Wilson acted as auditor of the report, which was found correct.

Rev. David Patterson closed the meeting with prayer.

THE MAN IN THE STREET

Fine weather for shooting—but not so fine for the target.

Our tip to hunters—Don't go near the woods, if you happen to look like a moose.

Dealers say that moose steak still is high, on account of the scarcity of game. Why not blame it on the war?

Housewives were told to buy fish because it was cheap; now they are told it is dear because the advice was followed. The H. C. of L. is not to be envied so easily.

He may not be downhearted, but the food controller's statement sounds as if he is at least discouraged—in which frame of mind he is in full accord with the consumer.

A Biblical Food Controller.

Even the pulpit has taken notice of this official's efforts. In one of the leading churches of the city last Sunday evening the preacher was dealing with the story of the loaves and the fishes. "Philip took the five loaves and the two small fishes and started to pass them around," he said. "Philip did not have any idea of conservation and food control—no more idea of it than our own food controller at Ottawa."

Senator Fowler has been keeping very quiet lately; possibly devoting all his spare time and his knowledge of mathematics to figuring out the answer to that question "How many battles were you in?"

Ottawa authorities are discouraging the use of the word "conscript" as a designation for the members of the new army. What shall we call them—voluntary volunteers?

But a more important question is—do they get wrist watches too?

Here's where the food controller has a long loud laugh at the folk who were waiting for that 10,000 tons of coal. The coal dealers also may feel justified in indulging in a mild chuckle.

Was that offer of a small quantity of furnace coal part of the joke or did they really think that the neediest residents of the maritime provinces are those who live in furnace heated houses?

Judging by the crowds which flocked around a certain portion of King street last evening the spectacle afforded by the installation of a new boiler is a stronger outdoor attraction than a band concert. Other public-spirited concerns might install a few more boilers and give the folks a real good time.

Denial At Vatican

Rome, Tuesday, Sept. 25.—The Vatican denies reports that Pope Benedict intends to make proposals for peace negotiations, inviting mediation by King Alfonso.

EXCHEQUER COURT

Claim of \$42,000. Offer of About \$2,000 For Gravel Pit

The case of the King vs. Thomas Nagle was taken up in the exchequer court this morning. This is an expropriation proceeding, the property expropriated consisting of about sixty acres of gravel pit at Gloucester Junction in the county of Gloucester.

The property was expropriated by the government to use the gravel for railway purposes. The government made a tender of about \$2,000, and the defendant claims \$42,000. Several witnesses gave evidence this morning concerning the price of gravel at the pit and on cars. The case will be resumed this afternoon.

R. B. Hanson, K. C., appeared for the crown and H. O. McInerney for the defendant.

QUARANTINED IN ENGLAND

Captain McVey of the No. 8 Field Ambulance Depot, West St. John, has been advised that the draft of No. 8 Field Ambulance which recently crossed to England, has been quarantined. Sergeant-Major Stocks of the draft has written asking that some cigarettes be sent to the men as they are all unable to get around. Captain McVey on receipt of the letter began collecting donations and reported this morning that his campaign so far has been a success.
