NEW MEASURES FOR THE CONDUCT OF WAR

Radical Changes Imminent, Says Report From Rome

Important Battles Between Italians and Austrians Pending—Fighting on Belgian Frontier—France Gets 600 More Munitions Workers

Rome, Sept. 13.—The next meeting of the Italian cabinet will deal with new measures upon which the Quadruple Entente allies have decided for the future conduct of the war, according to the Rome correspondent of the Turin Stampa, to assure their recent military successes.

The Agents Libre says the recent visit of General Joffre to the Italian front and Emperor Nicholas' assumption of the active command of the Russian army are indications of radical changes, which are imminent in the conduct of the war.

IMPORTANT BATTLE PENDING

Geneva, Sept. 13.—Reports received from Brescia indicate that preparations are being made, both by the Austrians and the Italians for important battles at Gorizia and Tolmino, before next winter weather begins. In this short sector there are said to be from 250,000 to 300,000 Austrians with as many more on the Gorizia-Monfalcone-Duina front.

Reinforcements are arriving constantly at Laibach and Villach, probably from the Russian front. Archduke Eugene is in nominal command of the Austrian forces in this section. Emperor Francis Joseph, it is said, insists that Gorizia and Tolmino must be held at all costs.

Cholera is reported to have broken out behind the Austrian lines on the Isonzo River and in Trieste.

To Help With Munitions

Marseilles, Sept. 13.—Six hundred workmen from Annam (French Indo-China) have arrived here and will be employed in munitions factories at Tarbes and Pau.

Big Italian Order

Geneva, Sept. 13.—The Italian government is reported to have placed an order for \$7,000,000 worth of ammunition with Swiss firms at Chaux de Fonds.

The Belgians

Harre, Sept. 13.—The following official statement regarding the operations of the Belgian army was issued today:

"There was a light bombardment along the entire front. Our batteries obtained further information, had failed during the early morning, and grave fears were entertained for the safety of the vessel and her passengers. When the Santa Anna sailed from New York on September 8, she carried a cargo consisting largely of foodstuffs. According to her owners here, there were 100 men on board, including the crew, the passengers, and the crew of the vessel and her passengers. Comparatively few passengers carried in the first and second cabin. The crew numbered about 100 men.

"Several of our vessels have been seen in the vicinity," said Howard E. Jones, of the firm of James T. Ewell, agent for the Fabre line. "We have had the vessel in port, and the kind of watches while in port, and the German agents were permitted on the pier. We handled every piece of freight offered as cargo, to guard against possible illegal shipments."

"The message from Cape Race wireless station as received here via Halifax, was washed aboard the Santa Anna. It was said today that the sailing of the Santa Anna from this port was delayed twenty-four hours to permit a search for arms and munitions. Several of her officers had been aroused by rumors that a bomb had been placed aboard the vessel.

"At the steamship was on the southern route for the Mediterranean, she was far from the more traveled path farther north, used by vessels plying between New York and Great Britain. She was due at Naples, her first stop, on September 18 or 19.

Halifax, N. S., Sept. 13.—At the Santa Anna is in the track of New York steamers. It will not be necessary to send assistance from here at present.

HERE ARE SOME FINE EXAMPLES OF PATRIOTISM

FEAR FOR THE SAINT ANNA, AFIRE AT SEA

Families Represented by Several Members in the War

FATHER AND FOUR SONS

Geo. Rea, Wounded at Festubert and Invalided Home, Seeks to Get on Muster Roll of 66th to go Back Again

The fourth son of Robert Morris, of Marystown, to enlist for overseas, signed the roll of the 64th Battalion at Fredericton on Saturday. He will likely be joined by his father, who has applied for the position of shipmaster with the 64th, within a few days. With five members wearing the khaki, the Morris family are surely "doing their bit" and setting a striking example of patriotism.

Father and Two Sons

Private Harry Allen, who walked 300 miles from Fort Nelson to enlist in the 44th Battalion at Sewell Camp, Manitoba, is a son of Mr. and Mrs. Chas. H. Allen, of Fredericton, and is a member of a family who are doing their full share in the war. His father, although he has already served more than twenty years and was on the retired list, enlisted as soon as the war broke out, and is now in the front because of his age and inability to stand the hardships of life in the trenches. He has continued on pension duty with the composite regiment at Halifax. Another son, Hoyden Weston, who has been with the composite regiment also, but was accepted for active service with an overseas draft from his unit.

Wants to Enlist Again

Private George Rea, who left Woodstock more than a year ago for the fighting line, says he is experiencing tough times. He was sent to England, where the medical board sent him home. He was home two days when he re-enlisted, and is now in the front. On arriving there, on account of the wound in his leg, he was sent to a hospital. He is now in the front, and is doing his best to get back to his unit.

Sees Submarine Captured

Private John Carter, now in England with the 6th Mounted Rifles, tells of seeing two German submarines captured in the North Sea. He was on a ship at the time, and saw the submarines being towed to the coast. He says that the submarines were in a bad state of repair, and that the crew were in a state of panic.

To Visit Scotland

George R. McCord of Sackville who has been with the Princess Pats for some time, is going to visit his brother, who is in the front. He says that his brother is doing very well, and that he is looking forward to seeing him again.

Three Sons in the War

Geo. Witsell, of Newcastle, has three sons in the war. Two are in the front fighting at the Dardanelles and one is in the front fighting at the Dardanelles. He says that he is proud of his sons, and that he is doing his best to support them.

Machine Guns Needed

"There is a hospital here where many of the wounded are brought," says Trooper W. S. Mills, of the 6th Mounted Rifles, in a letter written from Dibe Camp, "and one thing they all seem to agree on is that our forces have not enough machine guns. One South African veteran, who was carrying a bullet in his neck, told me the Germans have machine guns planted like guns and until we are well equipped with this type of men we will always be up against a bad odds."

Brothers in the 64th

La. J. D. Dunn, formerly of the Bank of New Scotia, Halifax, left last week for Sussex to join the 64th Battalion. He has a brother in the 64th Battalion.

POSITION SURELY IMPROVING

Supply of Ammunition, Rifles and Troops All Better—No Danger of Petrograd Being Lost, Says General Ruzsky

Petrograd, Sept. 13.—An official report says—

Owing to the salient of our armies on the Nieman and to the south of the Nieman, it has been decided to withdraw them slightly while continuing to hold the enemy's offensive. In this sector we had to sustain very strong attacks on Sept. 11 on the lower Svirskanka and the road leading to the Slonim and Baranovich regions and also at Selva, Roshany and southeast of Kossov.

"On the lower Svirskanka we repulsed fierce German attacks throughout Saturday. At Zelva our battery destroyed an enemy battery and here the enemy under a most violent fire continued attacks on both sides of the road and until nightfall.

"In the direction of Pinsk there has been no change. The enemy is endeavoring to advance from the Kalki region in the direction of the Svirskanka. In the Rovno region the enemy, reinforced, is continuing his offensive on the Derzha district. We are holding his attacks.

"In the district of Kremenski attacks continue on the banks of the upper Goryn without any success by the Austrians, who have been constantly repulsed with great losses. Of 200 Austrians captured forty surrendered voluntarily.

"In the region of Tarnopol, the engagements have been favorable to the Russians. North of Tarnopol we captured six hundred Austrians, suffered heavy losses, despite the fact that they had received considerable reinforcements. Here the enemy enticed a smoke cloud to the extent of a mile and a third along the front.

"In the fighting north of Tarnopol our troops derived great advantage from the employment of armored automobiles which advanced before our defenses, where they remained for hours firing on the enemy.

"From Sunday morning our troops south of Tarnopol took the offensive. On the Svirsk river the Austrians suffered heavy losses. Here we captured 400 Austrians and Germans, four machine guns and ammunition wagons. Actions near Roshany were of a slighter character.

"In the direction of Pinsk there has been no change. The enemy is endeavoring to advance from the Kalki region in the direction of the Svirskanka. In the Rovno region the enemy, reinforced, is continuing his offensive on the Derzha district. We are holding his attacks.

ALLIES' PRESSURE ON THE ENEMY AT DARDANELLES IS BEGINNING TO TELL

Things Go Badly For Turkey Both on Land and at Sea and There is Trouble at Home

Athens, Sept. 13.—An American citizen staying in Athens has received information from Constantinople to the effect that the situation of the Turkish army and government is unfavorable. The position of the Turkish forces defending the Dardanelles is reported precarious. It is said the Turkish front line has been broken in several places. The heavy losses which the fighting has entailed on both sides, it is said, are being made up by the Turkish army. The Turkish position at sea is also reported to be precarious. The former German cruisers Goeben and Breslau are said to have been incapacitated, while the Russian fleet preys upon Turkish shipping.

According to this information, Turkish affairs are under the control of a triumvirate with autarkic powers, consisting of Enver Pasha, minister of war; Talaat Bey, minister of the interior; and Dard Bey, chief of police of Constantinople. Dissatisfaction among the Moslems is reported, and it is said that Shirkat ul Islam was dismissed because he did not approve of measures taken against the Armenians.

The committee of union and progress is reported to have been virtually superseded by a secret committee which is responsive to the wishes of the triumvirate.

Under an order issued by the postal department last week all mail from foreign countries, including the United States, addressed to newspapers or members of the staff in care of the papers, must be censored before being delivered. It is understood that this action has been found necessary on account of the attempt to send pro-German matter to some upper Canadian and western papers, but in order to get at them it was necessary to make the general order.

In St. John this extra work has been undertaken by the postmaster himself. Speaking of the order this morning, Postmaster Sears said: "I am sure that the censorship is not required for the eastern papers, and that in St. John, at least, there could be no better censor than the newspapers themselves. In order to guard against circumstances which may have arisen in other places, a general order was necessary, but we try to make it effective here with as little delay and inconvenience to the recipients as possible."

TO DIVERT TRAFFIC. Excellent progress is being made in the works of laying the new MacAdam pavement in George street, and Commissioner Fritts said this morning that he hopes to see the work completed by Tuesday night. When completed it is expected that the improved roadway will help to divert still more traffic from Mill street, which is already badly congested at times.

BULGARIA CALLING HER RESERVISTS HOME

Rome, Sept. 13.—All Bulgarian reservists in Italy have been recalled to the colors. Transportation expenses are being defrayed through the legation here.

Rome, Sept. 13.—A Sefairi despatch to the Giornale d'Italia says that Essad, former provisional president of Albania, is marching successfully against the Murids, meeting with slight resistance. The Murids are reported to have sent an envoy to him to treat for peace. It is supposed that Essad intends soon to proclaim himself supreme chief of Albania.

French Report From West Has Good Tone

Paris, Sept. 13.—The French War Office today announced—

"Several hand grenade combats were reported during the night near the Bethune-Arras road and an enemy attack was easily repulsed to the north of the Coudes station. At the same time there was artillery activity on both sides.

"The mine fighting proceeded continuously and stubbornly to the south of the Somme, before Fays. There was violent bombing in the sectors of Arran-

court and Beuvrages as well as on the plateau of Queenvillers and "Kourou" intermittently cannonading took place in the Champagne and the Argonne. On the Lorraine front our batteries directed an efficacious fire on the German trenches and organizations in the neighborhood of Embervill, Lentilly and Ancerville. Enemy groups which left their trenches and advanced up to our wire entanglements were dispersed by our infantry fire."

ROBLIN AND CONFRESSES LIKELY BEFORE THE COURT THIS AFTERNOON

Winnipeg, Man., Sept. 13.—Unless unexpected cause for delay arises, the preliminary hearing of the charges against Sir Rodmond Roblin and Hon. Messrs. Montague, Colwell and Howden, will proceed this afternoon.

Dr. Montague has sufficiently recovered to permit of his presence. The preliminary examination is expected to take several days.

WANT BASEBALL OUTFIT

Arrangements are being made for a baseball game in Woodstock this week between the Athletics and some outside team (probably Houlton), the proceeds to be used in purchasing a baseball outfit for the boys at the front. The following extract from a letter written by Corporal C. E. Scott of Jackson town fully explains the deep appreciation with which a gift of this kind would be received.

"We are writing—it gets on our nerves. There is no real rest. It is worse than when we were in heavy action. Games help to carry time along. We play baseball when we can borrow an outfit from a neighboring battery. I wish some Woodstock people would send us an outfit. Will you talk to some of them?"

THE TWENTY-SIXTH

A letter received in Fredericton from Colonel McAvilly states that in view of the fact that the 26th Battalion is soon to leave for the front the offer of the Fredericton Brass Band for service with the corps cannot be accepted. In the course of a letter to Mrs. Frederick Martin, 89 Simmonds street, her husband, who is with the 26th Battalion in England, says "You don't want to believe any rumors you hear that we are starving for we are not. We have plenty to eat and our sleeping quarters are good. We are having a jolly good time here and are enjoying the soldier's life, but I would rather be at the front and so would the other boys. We were out for a four days' march and had a fine time. Our experience of war, so far, has been a regular picnic. I have heard that some of the boys said that we have cold feet; if they think so why don't a lot of them come over and give us a lift instead of doing so much talking about those who have come."

STREET TRAFFIC CASE

William Evans answered a summons in the police court this morning for an alleged infringement of the street traffic law by driving his automobile at more than twelve miles an hour in Waterloo street on Sept. 8. Policeman Fuller said that he estimated the car was going between twenty and twenty-five miles an hour at the corner of Peters street, and continued at that rate right over the hill going outwards. This the defendant denied, saying that the machine was then "pounding" and making a lot of noise, but was not going fast. He had his wife and another lady with two children in the car. Mr. Evans was fined \$10 at the afternoon session of the court.

NEW TAXES IN GREAT BRITAIN

London, Sept. 12.—When parliament reassembles tomorrow, its principal concern will be schemes of new taxation to help in providing for the expenses of the war.

An increase and extension of the income tax is expected. An attempt to restrict the volume of imports is urged by many public men. The most likely measures are large additions to the duties on tea, tobacco, wine, sugar and petrol, and possibly new duties on luxuries. Other taxes suggested are upon railway tickets, theatres and motion pictures, automobiles and carriages, and employers of domestic servants. An increase in charges for letters, telegrams, and telephones, all which are under government control, is a further possibility.

RUSSIA GIVES ORD. R. FOR SHELLS AT TOTAL OF FIFTY-TWO MILLIONS

New York, Sept. 12.—That negotiations for Russian purchase of 3,000,000 shrapnel and high explosive shells from the Canada Car and Foundry Co. at a cost of \$52,000,000 have been virtually completed was stated at the local office of the company today.

The contract calls for the delivery of the ammunition by April of next year, 35 Marsh street, city, twenty-five cents each.

Russian funds, it was understood, have been sent to New York and Canada to cover payment. The contract, it was announced, covers orders for additional shells just so soon as the present ones are turned out.

TEN MORE VOLUNTEER AT CAPITAL AND SEVEN HERE

Fredericton, N. B., Sept. 12.—Ten volunteers were secured as a result of open recruiting on Parliament Square on Saturday evening.

Several American big game hunters arrived here this morning enroute to the Miramichi in quest of game. The party includes, John Dickerson of New York, James S. Clarke of Washington and Albert Betts of New York.

Clarke is well known as a naturalist and game photographer and was a member of the Roosevelt expedition to Africa. While here he will endeavor to procure some specimens for the Smithsonian Institution, Washington.

A letter received here says that Private Arnold Smith has been awarded a second time.

Elwood Burt, a lumberman of Burt's Corner has subscribed \$500 to the machine gun fund.

Norman Cameron charged with being drunk in a disorderly house was sentenced this morning to six months in jail. The sentence stands on condition that he leaves town.

The interest aroused in the St. John recruiting is being well sustained. Several more volunteers were signed at the Mill street depot this morning.

POST CARD POSTAGE

St. John, N. B., Sept. 13, 1915 To the Editor of the Times:—

There has been no new rule as regards the writing of a five word message on a picture post card. Also a section "P" of section "P" has never been regarded as permitting "any post card with a five word message" to be accepted for mailing at printed matter rate.

VON BERNSTROFF CONFERS WITH LANSING

(Continued from page 1.) show the ship was torpedoed without warning.

The German note on the Odenwald case was being taken up at the state department today. In German circles it was believed that the communication stated that the torpedo which missed the Odenwald was fired in belief that the ship did not carry passengers.

Government officials awaited news from Ambassador Penhelf on Austria's reception of the request that Ambassador Dumba be recalled. Press dispatches had stated that the Vienna foreign office would accede without precipitating an issue.

Von Bernstorff made an engagement to confer with Secretary Lansing at noon. Mr. Lansing before seeing the ambassador, went to the White House to talk with the president. It is probable that an ambassador will have an audience with the president later, but the time has not yet been fixed.

Archibald's Case.

Washington, Sept. 12.—Acting under instructions from the House, agents of the department of justice will meet James F. J. Archibald, an American citizen, in the case of Dr. Dumba, Austrian ambassador, when he lands at New York on the steamer Rotterdam tomorrow.

The question of whether Archibald actually knew the contents of the papers filed in the Lyric management case, is a factor in what action the government takes toward him.

The state fixes a fine of not more than \$2,000 and imprisonment of not more than three years.

LURE OF THE MASK AT THE LYRIC TONIGHT

Following up their feature picture policy for the first three days of each week, the Lyric management announce with pleasure their Mutual Master picture for today, Tuesday, and Wednesday. This is the "Lure of the Mask," the picture of Harold McGrath's famous novel for the same name. This screen drama with its wonderful scenes, is a fitting successor to those that have preceded in this remarkable series. It is suggested to meet the growing public demand for better pictures. The cast including Irving Cummings and Elsie Jane Wilson, two of the most popular of the Lyric management announce the same prices of admission.

HERE ARE SOME FINE EXAMPLES OF PATRIOTISM (Continued from page 1.) Recreating at Woodstock. Carleton Sentinel.—Recruiting is going on quietly in this section and with our recruiting drums. The applications have been quite up to the average under the existing conditions. The following were added to the list last week: For the 55th.—Ernest Peters, Lower Brighton; Thomas Hannigan, Woodstock; A. L. Wharton, Upper Kent; Leo Dyer, Carleton.

For the 64th.—Hugh Woodbury, Lower Brighton; Chas. H. Hicks, Beverley; William Peters, St. John; George Rea, Woodstock; Chas. Green, Woodstock; Omer L. Shaw, Lowell; Charles W. Sutherland, Woodstock; D. Becham, Irlande; Austin Kennedy, St. John; Thos. F. Davis, St. John; Burnham A. Campbell, Mt. Pleasant; Medley F. Dore, Southampton; Chas. Brown, West Haven; Walter C. Brown, West Haven; Ct. Harry Brown, Messina, N. Y.

Personal Notes. Word has been received that Private Jack Robinson of Maryville, now with the 12th Battalion in England, broke in his foot recently and now is in hospital there. W. W. Hay of Woodstock has received a cablegram from his son, Lieut. B. M. Hay, stating that he had received an appointment on the aviators corps.

A letter from Sands Gillespie, wounded at St. Julien, from the Northumberland War Hospital, Gosforth, England, to his mother, Mrs. H. P. Gillespie of Woodstock, says that he is feeling much better his arm gives him but little pain only when being dressed and he expects to be back in France by Christmas.

W. O. Phillip, manager of the Bank of Nova Scotia at Antigonish, N. S., has qualified. He is now at the militia school at Halifax taking a six weeks' course in the rank of lieutenant. Mr. Phillip is called for a commission, after which he will go to Kingston. He is an applicant for the rank of lieutenant.

Run Away to England. Five boys ran away from their homes in Moncton to join the army. All were young men and the parent of one of the lads decided to avail himself of the fact to bring his boy back home. However, when he went to get family Bible to prove to the authorities that his son was under age, he found that the runaway had changed the date of his birth so as to make himself eligible for service with the colors.

The race was of course ineffective as the father could easily have proven the age otherwise, had he decided to do so. The incident was unique as showing the determination to get into action at any cost.

Two Sons at Front. Will Cameron, eldest son of Mrs. W. M. Cameron of Halifax has joined the motor cycle corps in France, for the carrying of dispatches, next to the aviators corps, perhaps the most dangerous work in progress among the many dangers at "the front of the battle," as the small boys call it. Don Cameron, his brother, writes from Alexandria, of trans-shipment from the troop to the hospital ship on their way to the Dardanelles.

Bank Man Enlists. Will Stanway, son of Capt. H. Stanway, has resigned his position as accountant in the Bank of Commerce, Winnipeg, and enlisted in the 18th Field Battery for the front. His brother, George, is now qualifying for a captaincy in Wellington Barracks, Halifax. These two young men are noted athletes.

THE BEST QUALITY AT A REASONABLE PRICE The Fifth Child Needs Glasses For every four children of school age who have normal eyesight, there is one who has some defect in vision which should be corrected with Glasses. Usually the glasses need be worn only for a few years—often only for close work. This care corrects the defect, or permits the slowly developing eye to develop normally without strain. It's very wrong to blame a child for not keeping up with others of the same age if the little one is handicapped by poor sight. Many a child is punished for stupidity when the fault is that the parents have not given proper attention to the little one's eyes. Proper attention to a child's eyes means careful examination of the eyes by a qualified specialist. Sharp's optometrists are such specialists. Let them examine your child's eyes now at the beginning of the school year.

THE CROAKERS.

Those who are casting about for reasons for staying home from the war will not doubt be able to place their finger upon some failure of somebody else to do his or her duty, or some injustice to which somebody has been subjected in the unusual circumstances in which the country finds itself today.

What will the government do with Mr. Stewart? Mr. Fleming was white-washed. Will Mr. Stewart be white-washed—or will the attorney general prosecute him? What would happen if either Mr. Fleming or Mr. Stewart told all he knew about the relation of other members of the legislature to transactions by which the treasury of the province suffered loss?

SIR WILLIAM VAN HORNE.

Canada has given many notable men to the United States, and that country has given some notable men to Canada. Sir William Van Horne was one of the latter, and for more than thirty years he has been an outstanding figure, winning success and high honor in his adopted country.

UNCLE SAM ONCE MORE

Discussing the new situation that has arisen between the United States and the Teutonic allies, a Washington dispatch says: "It may be stated, however, that if nothing comes in the nature of a modification of Germany's explanation, an American note will reach Berlin probably early next week, which will set forth the views of the United States in a brief and unmistakable manner."

WHAT WILL THEY DO?

As a result of the Chandler enquiry, Mr. A. J. Stewart has confessed his personal connection with certain transactions by which the province was defrauded. Mr. Stewart is a member of the legislature. He was one of the members who white-washed Mr. Fleming, after the latter had been found guilty by another Royal Commission of taking "by compulsion" a contractor the sum

OF \$2,000, while he (Fleming) was premier of the province; and also with having knowledge of and being for a time the acting treasurer of a huge fund dragged out of the lumbermen by a government official at a time when their business interests might be very seriously affected by the action of the government.

It is true there is a conspiracy of silence on the part of the press supporting the Clarke government. It has not printed the confessions of Mr. Stewart. It says as little as possible about investigations, and has no opinion whatever upon the particular question of honesty in public life in New Brunswick. Now that the thing has come to pass, it hastens to agree that the proper thing has been done in Manitoba, but obstinately closes its eyes to conditions as bad or worse in this province.

Great Clough of West Felham boasted.

that he has traveled nearly 180,000 miles with his wagon. But in reply to a few questions he explained that the body of the wagon has been renewed twice, the wheels two or three times, and the shafts nobody knows how many times, but there is part of the original front axle still left.

Observing the Rule.

"Bobbie, why did you take your little sister's candy and eat it? Why didn't you ask her if you could have it?" "Why, I did, mamma, and she said I couldn't."

"Weren't you here two weeks ago, my man?"

"I left a minute ago to do business with you, and it disappeared 't' day when I told you I just got out of the hospital."

"Ma, your book account is overdrawn."

"What does that mean?" "Simply this: You've written out checks for \$18 more money than was in the bank."

The Pleasures of Youth.

A public school teacher once put this question to her pupils: "Which would you rather have—three bags with two apples in each bag, or two bags with three apples in each bag?" "Three bags with two apples in each bag," was the surprising answer given by one lad, while the rest of the class was straggling with the problem.

"Why, Harry?"

"Because there'd be one more bag to bust!"

A member of one of the recruiting committees in London is quoted as saying: "We are after the real slackers, the young men without any responsibilities who refuse to serve. We are going to make them join. We shall worry them until they do. Every discretion will be exercised in compiling the lists. Parents and others having dependents will not be pressed."

London, Sept. 11.—It is officially announced that a government committee under the chairmanship of the Marquis of Lansdown, which was recently appointed to advise as to the best method of using national registration for the successful prosecution of the war, has agreed upon an interim report dealing provisionally with the conditions under which the registration returns from men of military age will be available for use in the departments concerned. The report also indicates approximately the classes which in the public interest should not be approached by the recruiting authorities.

SHE TALKED WITH KAISER'S SISTER. A young woman of world-wide distinction, Miss Jessie Belyea, is spending a month with her mother, Mrs. Walter Belyea, at Woodstock. Nearly a year ago she left the United States to join Sir Thomas Lipton's nursing staff sent to stay the ravages of disease, caused by the war in Serbia. After organizing the staff of nurses in that country, she visited China, Japan and Greece on the same mission. She was summoned and had an hour's interview with the Queen of Greece, who is a sister of the Kaiser. Discussing the war, the Queen of Greece said that the Kaiser was drawn into the war by his ministers, that Greece would never enter the war on the side of the Allies, because the latter could not win, and that it was the intention of the Kaiser to crush Great Britain before peace would be declared. Miss Belyea said that the Queen was very outspoken in her views on the subject.

THE DIVORCE QUESTION

Vital Play of Today to be Presented at Opera House

Joseph H. Chandler, Secretary of the Chicago Church Federation Council, in a letter to the author of "The Divorce Question" writes: "My hours of leisure are few and I do not often attend the theatre but there are some plays I feel I ought not to miss and I am particularly glad that I took the time to attend the performance of "The Divorce Question," last Tuesday afternoon.

"The play is a palpable argument in favor of the marriage relation whose maintenance is essential to our social body. Many who might question the authority of churchly rules need to be brought face to face with an authority resident in the very nature of things. I hope the play will command the attention of thinking people in every city in the country.

The play has also been endorsed by many prominent clergymen all over the country.

"The Divorce Question" will be presented at the Opera House the last half of this week by the King-Urban Company.

Remember the dates! Conveying begins next Monday.

Hints for the Cook

Peach Pie.
Remove skins from peaches by allowing them to stand in hot water a minute, and then plunge into cold water. Cut into eights and cook until soft, but not broken, with just enough water to keep from burning. Sweeten to taste and cool. When ready to serve, put peaches into a pastry foundation, already baked; cover with whipped cream, flavored to taste.

Escalloped Beef.
Cut bottom of round steak into cubes an inch square. Place a layer of meat in baking dish, then a layer of sliced onion, salt and pepper. Continue until meat is used. Add water, cover and cook in oven three hours. Thicken with flour and serve with mashed potatoes. This has a delicious beefy flavor.

Beef and Spaghetti.
Break spaghetti in two-inch lengths and boil in salted water. While cooking...

ing, prepare the following sauce: Dice an onion, brown in a tablespoonful of butter, and add a can of tomatoes rubbed through sieve. Take half a pound of pork sausages and squeeze from skins in pieces the size of marbles. Add these to the sauce and simmer 15 minutes. Drain spaghetti and put in dish, sprinkle with grated cheese and pour over it the sauce. Set in oven for 15 minutes.

South American Salad.
Remove skins and seeds from white or red California grapes and cut in halves lengthwise. Add an equal quantity of shredded fresh pineapple, apples pared and cored and cut in small pieces. Then add celery cut in small pieces. Then add one-fourth the quantity of Brazilian nuts broken in pieces. Mix thoroughly and season with lemon juice. Add cream mayonnaise to taste.

Baked Spiced Beef.
Chop 2 lbs. round steak in the meat grinder, add to it 1 egg, 1 cup milk, 2 teaspoons of prepared seasoning, such as is used for dressing, 6 common crackers, rolled fine, a little salt and pepper. Put in a buttered baking dish and cook an hour.

Cheap Cake.
One cup of sugar, 2 tablespoons of butter creamed together, 1 egg, 1 cup milk, 2 teaspoons baking powder sifted in 1 1/2 cups bread flour. Flavor to suit. I use this for a foundation for several cakes. Use 2 tablespoons of cocoa, flavored with vanilla, frost with white frosting and you have a good dark cake; or put in a cup of shredded coconut and it makes a nice cake for a change.

Briefly the shapes vary from the close fitting Turban to Sailors in different widths of brim. A leaning toward the military effect is discernible. Simplicity in materials and trimmings seem to be the keynote.

Ornaments of Jet, Pearl and Cut Steel are in favor. Pompons and high novelty effects of Coque trim many of the smartest models. There is a decided preference for plain dark colors with dashes of bright shades as trimming features.

THE PICKLING SEASON IS NOW ON

and PHILPS, as usual, has a full stock of pure Spices and Vinegar. This is one department where quality counts. It is false economy to waste time and materials on low grade spices and vinegars. We could buy some grades at half of what we pay, but consequently could sell them at a much lower price, but you would not get the satisfaction that is obtained in buying best spices and vinegars.

THE WAKE OF THE WAR IN GALICIA

When the Russians retired from Eastern Galicia, they left little to aid and comfort the enemy. This remarkable photograph was taken shortly after the Russians had withdrawn from Romyshav. The Russians after taking the town had used the old walls to supply their army, and had almost drained them, and had so they left them fired the walls. This photograph shows the present the American head when they had at last retaken the city.

UNEQUAL CONSCIENCES.

Those With Too Much Make Themselves Suffer, and Those With Too Little Make Others Suffer.

"Wealth, as we know," said Mr. Gwimpton, "is very unevenly distributed, but conscience is more so. Some men are overburdened with conscience; some have none at all. Some people worry themselves sick over this or that real or imagined transgression of the civil or the moral law. There are others who worry only that they cannot justly transgress the law. Between these two extremes we have the man commonly described as over-conscientious, meaning one who is too timid, who lets a conscience too keen and active keep him from betterments of his fortune that he might otherwise compass. Then we have those people who are not troubled in such ways, who are all but conscienceless and whose conscience really lies dormant. "It is true, too, that a thing that may stir one man's conscience may not touch another's; we are differently constituted. There appears to be no absolutely definite standard of conscience applicable to and actuating all men alike. This enormously complicates the conscience situation. "But still the great primary difficulties in the uneven distribution of conscience. If we could only have something like an even distribution of such conscience as now exists it would, for one thing, in some measure reduce piracy in its manifold forms as now practiced under civilized conditions by men without conscience, and for another thing, it would by reducing the stock of the man of abnormal conscience spare him the harassments that now beset him.

and let him take without qualms whatever benefits rightfully belong to him. In fact, a more even distribution of conscience would tone up the world generally and make it in many ways a vastly more comfortable world to live in. "Pending that happy day it behooves us, I suppose—at any rate, my friend Macbljak, a well meaning and cheerful but not always over-trustful man, says I do—do—to be still more or less wary in our dealings with our fellowman in order to avoid subjecting our well meaning but weaker brother to undue temptation, and to avoid being circumvented by somebody who was perhaps over looked entirely in the conscience distribution."—New York Sun.

FAITHFUL MR. TOAD.

May Not Be Good Looking, But is an Invaluable Help Around the Garden. Our friend, the toad, for we still regard it as friendly, although it has deceived us once or twice, advises us that it is warmer than we are having showers and that "the long low trill of the toad"—yes, the common or garden toad—joins the shrill whistle peeping of the hylas." We are aware of the fact that it is warmer and that we have had a shower or two, but we are relieved to hear that the toad is coming. Most of the seed is planted, and the sweet peas have sprouted, but we shall not feel that everything is quite as it should be until the toad arrives to take charge of the garden.

SYDNEY FIREMEN HAVE COMPLAINT ABOUT ONE OF CALAIS RACES

Sydney, N. S., Sept. 12.—Twenty Sydney firemen returned today from Calais where they had been competing in the firemen's sports. They say they were given a raw deal in the horse race, and say it should have been awarded to them.

MORNING WAR NOTES.

An official report in London on Sunday said that another Zepplin air raid had been made on the east coast of England, but that no one had been injured and that no damage had been done. On the eastern line of battle the struggle continues unabated. In some parts the Russians are said to be pressing successfully the offensive they began, but in the southern part of the long line along the Galician border the Austrians and Germans are receiving reinforcements by rail and river and are trying to drive to the Dvina. At this point, however, they are only fifty miles from their own frontier.

Owing to arrangements made between the Allies and Holland, and the Allies and Greece, the regulations regarding the export of grain and flour to those countries have been lessened, and both commodities may now be shipped from Canada.

Col. Sir Max Aitken, the official eye witness with the Canadian troops, has sent in a report to the militia department in which he says that the Canadian snipers have proved their superiority over the enemy snipers. He reports that more activity had been shown by the German artillery on the western front, but that the Canadians had steadily improved their lines all round. On August 31 they exploded a defensive mine and at once occupied the crater caused by the explosion.

Recruiting Meetings Are Showing Good Results

PLANS FOR THIS EVENING

Corporal John Farmer Wins Russian Decoration - Recommended For D. C. M. - Sergeant John McMullin III at Shorecliffe

Lieut. Col. George W. Fowler, M. P. was the chief speaker at the recruiting meeting on King Square on Saturday night when the following orators - Walter Scott, William B. Scott, (brothers), Fairville; Leonard Campbell, St. John; Edwidge Edwin Barnes, Lynn, Mass. (Canadian parentage); Charles Wainwright Beasley, St. John; Edward Charles Kirkpatrick, Riverview; Allan Dobbins, Bothesay; James Allen Bowes, St. John; Henry Albert Baynton, London, England; Fred Barton, St. John; A. Allington, St. John; Vaughan Keith McDonald, Harwick, N. B.; L. Ingraham, St. John; T. A. Scarth, St. John; James W. Boyd, George J. Wymond, Frank McPeak, St. John.

The speakers at this evening's meeting will include Dr. G. M. Campbell, of Mount Allison and Rev. David Hutchinson, D. D., St. John. Tomorrow Mrs. Netta B. Brown, who has had wonderful success in Montreal, Winnipeg and Vancouver, and last week in Fredericton in organizing a Women's Volunteer Reserve, who pledge themselves to dress in khaki uniform and to do all that they can for the duration of the war to aid patriotic purposes, is expected to come to the city and to form a branch of the body here. She has already been promised the support of several of the ladies' organizations.

Cape Breton has established a record for smart enrollment of 188 men for the 8th Battery of Canadian Artillery. They were all enlisted at Sydney within two days and a half, under Major Crowe. Reserves up to ten per cent are also being taken on. The battery only has twelve men not of Canadian birth - also a record. It is believed Nova Scotia is doing wonderfully well for recruiting, as the 1,200 men in Camp Sussex to date show.

St. John Boy Honored. Corporal John Farmer, a son of Mrs. E. S. Jones, 975 Main street, who was one of the Canadians to receive a Russian decoration recently, has just written to his mother a letter in which he says: "I have something of importance to tell you, I bet you will be glad. 'Remember,' you said, bring me back a V. C. Well, dearie, I haven't done that. But yesterday's London Gazette gave a list of Russian decorations and my name was down on the list for the Medal of St. George, 4th class."

Farmer's captain also sends a letter in which he pays the following compliment to Farmer's gallantry: "Perhaps I am saying a little bit more than I actually should, but cannot help telling you that after the battle of Ypres he was recommended for the D. C. M., only a certain number being granted, though Jack didn't just happen to be a lucky number, but he did as well, and even better than some that received it. He carried despatches under terrific shell fire with never a thought for himself, and being only a lad of nineteen it is all the more praiseworthy."

When the general heard the news, standing just by the dugout, he shook Jack by the hand and with a glint in his eye congratulated him, for the general admires bravery beyond all else; besides, he actually saw some of the things Jack did at that time.

The canvass starts next Monday. The families of our fighting men are hoping you'll stand by them!

Russian Cabinet Hasn't Resigned. Petrograd, Sept. 12, via London, Sept. 12, 12 p. m. - The statement published in the United States that the cabinet of Premier Goremykin had resigned, and that a coalition cabinet would be formed, is erroneous. The cabinet has not resigned.

FAMILY FOOD. Cisp, Toothsome, and Requires No Cooking.

A little boy asked his mother to write an account of how Grape-Nuts food had helped his family. "She says Grape-Nuts was first brought to her attention where she visited. 'While I was there I used the food regularly. I gained weight and felt so well that when I returned home I began using Grape-Nuts in the family regularly. My little 18-months-old baby shortly after being weaned was very ill while teething. She was sick nine weeks and we tried everything. She became so emaciated that it was painful to handle her and we thought we were going to lose her. One day a happy thought urged me to try Grape-Nuts soaked in a little warm milk. 'Well, it worked like a charm and she began taking it regularly and improvement set in at once. She grew well and round and fat as fast as possible on Grape-Nuts. 'Some time ago several of the family were stricken with La Grippe at the same time, and during the worst stages they could not retain anything in the shape of food but Grape-Nuts and oranges, everything else was nauseating. 'We all appreciate what your famous food has done for our family.' 'There's a Reason.' Name given by Canadian Postum Co., Windsor, Ont. Ever read the above letter? A new one appears from time to time. They are genuine, true, and full of human interest."

FIELD CROPS OF THE MARITIME PROVINCES

A special press bulletin issued by the census and statistics office at Ottawa gives the following at the end of August as summarized from telegrams received from the Dominion experimental farms and stations and various sources: -Beneficial rains fell on 17 days, causing heavy growth of all cereals, roots and corn, cereals have ripened rapidly and prospects are excellent for a big harvest which is just commencing. A heavy crop has been safely stored. Summer - Hay has been saved in good condition. The weather has been ideal for both roots and cereals; all crops are looking well.

Nova Scotia, Kentville - Grain, corn and roots are exceptionally good, but grain in many places is badly laid by wind and rain on the 17th. Hay has been late and the quality is below average. Potatoes have blighted in many sections. River John - Owing to much broken weather a quantity of hay is not yet housed. Grain is ripening slowly and is not a very good color. Turnips and potatoes are doing well. Antigonish - A fair bulk of a bumper crop of hay has been saved. The grain crop is excellent but much is badly laid up by heavy rains of 29th and 31st. Potatoes are uneven and some blight is showing. Amherst - August proved very unseasonable. A heavy storm has broken grain down badly; the precipitation being three inches within twenty-four hours. Hay is very backward; much yet to be cured. Root crops are doing nicely and barley is just ripening.

New Brunswick, Fredericton - Twelve rainstorms, making the total precipitation 4.11 inches, with eighteen cloudy days made a poor harvest month. Grain is filling well; only a little has been cut; frost on 28th damaged some sections. Potatoes are good, where sprayed late. Blight is prevalent. The root crop is an extra one. Much hay is yet uncured. Anagance - The harvest has commenced early; the grain has filled well; all root crops are good. Heavy frost on the 27th did considerable damage on low lands.

REMARKABLE DOG

Traces and Brings Back Hidden Coin Even After It Was Found and Carried Off M. Dumont, a tradesman of the Rue St. Denis, Paris, offered to lay a wager with a friend with whom he was walking in the Boulevard St. Antoine that if he were to hide a six-livre piece in the dust his dog would discover it and bring it to him. The wager was accepted and the piece of money secreted, after being carefully marked. When they were some distance from the spot M. Dumont called to his dog that he had lost something and ordered him to seek it. The dog by name Caniche, immediately turned back while his master and his companion continued their walk. Meanwhile a traveler who happened to be just then returning in a chaise from Vincennes, perceived the piece of money which his horse had kicked from its hiding place. This traveler alighted picked

up the money, and was driving off to his inn, in the Rue Font-aux-Choux, just as Caniche reached the spot where the money had been hidden. Caniche at once followed the chaise, entered the inn and stuck close to the traveler, leaping up incessantly about him. The traveler, supposing him to be some dog that had been lost or left behind by his master, thought the dog was trying to make friends with him, and as the animal was handsomely determined to keep him. He gave him a good supper and on retiring to bed took him with him to his chamber. But no sooner had the traveler removed his breeches than the dog seized them. The owner, of course, took them away. Then Caniche began to bark at the door, which the kindly traveler opened, thinking that the dog wished to go out. Caniche instantly snatched up the breeches and away he flew. The traveler posted after him in his night cap anxious for his purse which was full of money. Caniche ran full speed to his master's house, which he reached a moment before his pursuer, who was naturally out of breath and furiously enraged. "Sir," said Caniche's master, "my dog is a faithful creature and if he has run away with your breeches it is because you have in them money that does not belong to you."

Caniche at once followed the chaise, entered the inn and stuck close to the traveler, leaping up incessantly about him. The traveler, supposing him to be some dog that had been lost or left behind by his master, thought the dog was trying to make friends with him, and as the animal was handsomely determined to keep him. He gave him a good supper and on retiring to bed took him with him to his chamber. But no sooner had the traveler removed his breeches than the dog seized them. The owner, of course, took them away. Then Caniche began to bark at the door, which the kindly traveler opened, thinking that the dog wished to go out. Caniche instantly snatched up the breeches and away he flew. The traveler posted after him in his night cap anxious for his purse which was full of money. Caniche ran full speed to his master's house, which he reached a moment before his pursuer, who was naturally out of breath and furiously enraged. "Sir," said Caniche's master, "my dog is a faithful creature and if he has run away with your breeches it is because you have in them money that does not belong to you."

RING

Gibson Wins

Ringside, Brighton Beach, N. Y., Sept. 11.—Before the largest crowd that ever witnessed a boxing match in this country Mike Gibbons, of St. Paul, out-pointed Packer McFarland, of Chicago, in a ten round no-decision contest here tonight.

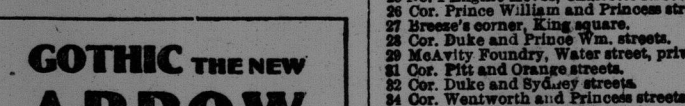

The bout, which brought together two of the cleverest boxers in the ring today, was hard fought from start to finish, but Gibbons scored the more frequent and more effective blows. McFarland showed that his long absence from the ring had dulled his speed and power to snap blows to vulnerable points of his opponent's head and body. McFarland showed flashes of his old rapid fire left, but the leads were little more than snags and did not check Gibbons in his more effective assaults. McFarland appeared nervous when he entered the ring and was not as finely conditioned as his opponent.

A crowd which was estimated at 45,000 witnessed the contest, almost entirely filling the immense arena, which originally enclosed a third of a mile motor cycle track. Gibbons was the favorite in the wagering at odds ranging from 5 to 3 and 2 to 1, and while no large sums were staked, there were hundreds of small bets no great was the interest and the difference of opinion regarding the outcome of the bout. A cluster of forty powerful are lights shed a clear light over the ring and permitted the taking of moving pictures.

A purse of \$22,500 was divided, \$15,000 to McFarland and \$7,500 to Gibbons. Neither of them was damaged to any great extent or in serious danger of a knockout during the ten round engagement.

"END-SEAT HOG."

He Clings to His Position With a Tenacity Well Worthy of a Much Higher Cause.

It is really wonderful how much men and women will endure for a principle or even a fixed idea. Take, for example, the suffering martyr "the end-seat hog." So far as this humble writer can discern there is no principle at stake in holding, with bulldog tenacity, the end seat in an open trolley car; yet there is certainly a fixed idea in the mind of the man who clings to it like grim death that it is up to him to suffer and be strong, even though his soul be humiliated and his body mangled in the attempt.

First, such a defender of the fixed idea pays the price of being hated and scorned by his fellow men. People instinctively abhor those who obstruct their progress. Parents scold and chide a child that impedes their onward way by stumbling along in front of them, and we would the dog that transgresses after the same fashion. Both are recognized as unnecessary hindrances. The child has been told not to get in the way; the dog has been trained to keep to the side. Hence the car passenger, who hops nimbly ahead of a half dozen other trolley patrons into a car, seizes the end seat and holds it with ill-bred selfishness, makes others despise him for a clown, since this is an age of general good manner, the discontented six clamoring into the end-seat after the clown can't say anything; their countenances remain quiet unmoved. But they do a thundering lot of thinking, and their thoughts are not flattering to him who holds the pass. They do not want the seat the pirate has taken, but they do not want to be put to the extreme discomfort of scrambling over him when entering the vehicle.

Then there is the awful name applied to these offenders—"end-seat hog." Could any appellation be worse? Though nobody calls them openly by this name, though no one whispers it in a stage aside, the term is in atmosphere. It seems to hang above their stubborn heads like an electric flash sign. Now you see it! Now it vanishes! Back it comes again! By mental telegraphy the message flashes from other people's minds. "Behold the end-seat hog!"

Think of the unfortunate defender of a fixed idea sitting dishonored under that appalling mental poster! And if he suffers this mental humiliation, does he not also suffer in body? How sensitive people are to personal contact! How they dislike people to brush them or soiling them, to infringe the least bit upon the sacred isolation of their person. While as for the rank offender who trends upon the toes of his fellow-passenger, let him be cast into outer darkness! Yet all these humiliations the end-seat man endures because he must. People walk all over him scrambling into cars. They could not help it if they would, and they are not sorry grieved because of their inability to spare him.

Some car company required that the first passenger entering the aisle must sit in the end seat, there would be mutiny and boycott instant. What suffer such discomfort and pay five cents for the privilege? Not on your life! A car fare entitles a man to take any vacant seat he pleases! Be a human door mat? Not they! Yet for the fixed idea that they have something other people want, and that it is their right to take and keep it, if they get the chance, they suffer sadly on—and what is worse,

FEWER UNEMPLOYED IN GREAT BRITAIN

London, Aug. 28.—(Correspondence)—Reviewing the effect of the first year of war on the labor market, the board of trade Labor Gazette says that although the first shock of war caused much disorganization there is now very little unemployment except in a few luxury trades, while in a number of industries, notably coal mining, engineering, shipbuilding, agriculture and transport, the demand for labor greatly exceeds the supply. In the insured trades the percentage of unemployment on August 6 was 1.68 compared with 3.26 a year ago.

The position of the insured trades also tends to improve. On Aug. 6 there were 17,974 men and 41,374 women on the registers of the Labor Exchanges, against 19,299 and 48,700 respectively a month ago.

During the year two and a half million work people have had increases in rates of wages or war bonuses amounting to more than \$2,000,000 a week, or more than three shillings per capita to those benefiting.

NOT A GOOD EXAMPLE
A man aged forty-two, who said that he had enlisted, was charged at the police court this morning with being drunk near the station. He pleaded guilty. The Germans would soon make mince meat of them." The prisoner was remanded and told that he was liable to six months imprisonment.

The magistrate sent him to jail for six months without the option of a fine, and added a fine of \$50 or an additional three months imprisonment.

MATTER OF LICENSES
Several Hebrew junk dealers were in the police court this morning, reported for alleged trading without licenses. Max Glass said he was paying for the license by instalments and produced receipts from the mayor's office. Gus Columbus said he would take one out that morning if he could. Jacob Jacobson, who has a place at 28 Pond street, for which he took out a license last year, said that this year a company of dealers had been formed, and that a license had been taken out to cover the dealings of all. The cases were all adjourned until Wednesday for further inquiry.
BURIED TODAY
The funeral of Miss Bessie Kelly, student nurse at the general public hospital, took place this afternoon from her mother's residence, corner of Church avenue and Lancaster, Fredericton, to St. Rose's church, where the service was conducted by Rev. Charles Collins. Interment was in Holy Cross cemetery, Sand Cove, and was attended by many friends, as the late Miss Kelly was a popular young lady. The floral tributes to her memory included a large wreath of cream roses from the commissioners of the General Public Hospital, a cross of cream and crimson roses from the graduate nurses, and a large basket of cream and crimson roses from the probationer nurses. There were also many other floral tributes from personal friends.
The funeral of Mrs. Bridget McDermott, took place this morning from her late residence to St. John Baptist church for requiem mass, celebrated by Rev. W. Donohue. Burial was in new Catholic cemetery. Relatives acted as pall-bearers.

TONIGHT'S KING SQUARE MEETING
The recruiting campaign will be kept going tonight by a meeting in King Square to be addressed by the Rev. Dr. G. M. Campbell of Mount Allison. Rev. Dr. David Hutchinson of North End and Sergt. Knight, who is already so familiar to the public. There will be a band concert in conjunction with the meeting. As the recruiting campaign is growing in interest daily, the speakers are presenting many new arguments in favor of enlistment, these out-door gatherings are growing in volume. It is also expected that tonight's meeting will be a fitting preliminary to the two big gatherings booked for Tuesday, which are to be addressed by Mrs. Netta B. Ross.

NEED FIFTY TO SIXTY AUTOS

Canvas Next Week For Patriotic Auction—Names of Volunteer Owners Requested
From fifty to sixty automobiles, or as many more as can be secured, will be required next week to carry the canvassers into the country districts surrounding the city in quest of donations to the Patriotic Auction. Have you a car which you can place at the disposal of the committees in this great movement in aid of the Patriotic Fund? While, primarily, the societies exert their efforts in the interests of this \$50,000 auction are getting the use of automobiles owned by their members, the co-operation of all others having cars is to be appreciated. The names of any persons who will lend their cars for from one to three or four days, while the canvass is in progress, will be thankfully received by the committees having this branch of the movement in hand—George Fleming, W. J. Mahoney, and H. A. Porter, manager of the auction. A generous spirit was shown by one city merchant this morning when he phoned the executive offices and placed his big car, with his chauffeur, at the disposal of the solicitors, for next week. The generosity of all automobile owners in the city is now being appealed to in this connection; they are asked to let the canvassers use their cars, with their chauffeurs, if they care, merely to solicit donations in the rural parts; for the intention is to go out into the country districts to visit the farmers and give them an opportunity to contribute to their camp at Shorecliffe where no doubt he will find some old friends.
The official hospital statement reads: "Pte. G. A. Nuttall is suffering from a nervous disorder of a mild nature. He is making slow progress and physically in good condition. He is cheerful and contented here."

HOSPITAL OFFICIAL SENDS WORD OF GORDON NUTTALL'S PROGRESS AT NETLEY

Mrs. J. T. Nuttall, City road, has received from Major McDougall, R.A.M.C., Royal Victoria Hospital, Netley, England, the following letter:
"Dear Madam:
"I enclose this note with the letter which your son, Gordon Nuttall, is sending you, to say that he is in this hospital under my care and doing well. As you may gather from his letter, he is still not quite himself, he having become over-excited and overworked by the great strain of life at the front. But I think that we shall soon be able to send him to the Canadians' Convalescent camp at Shorecliffe where no doubt he will find some old friends."
The official hospital statement reads: "Pte. G. A. Nuttall is suffering from a nervous disorder of a mild nature. He is making slow progress and physically in good condition. He is cheerful and contented here."
