

FORD FACTORIES TO PACIFY MEXICO

Auto Manufacturer Outlines Plans for the Southern Republic—Foresees Great Developments.

Detroit, July 28—Development of Mexico industrially and agriculturally to a point where it will take its place as one of the leading powers of the world is the plan of Henry Ford.

This has been learned by the Associated Press from sources close to the manufacturer. Mr. Ford, it is learned, proposes to end forever the internal strife in the southern republic by "putting the people to work," as he expresses it, by making it possible for the peasants to obtain education, and by devising ways of elevating the masses in the country to the highest possible standard.

The motor manufacturer wants to keep the lands and people of the Mexican common people occupied so "that they will have no time for fighting." This, it became known, is the substance of Mr. Ford's theory, one that he hopes to carry out in the near future by erection of a number of factories throughout the more important states.

The first step in this programme may be taken soon with the establishment of a Ford motor assembling plant in the State of Coahuila, probably in Saltillo. Business interests of that city and the Governor of the State are known here to be eager to bring about the industrial development.

Mr. Ford, it is known, would enter upon his development programme immediately upon erection of the necessary factory buildings. Similar enterprises would be established by Mr. Ford in other parts of the country if the plan is carried out, it was intimated.

See Great Development.

GOOD THINGS COMING TO THE THEATRES OF ST. JOHN

LAST NIGHT FOR THE COMIC OPERA

Girofle-Girofla, a Diverting European Comedy of Twin Sisters, is Bright and Tuneful.

The Boston Comic Opera Co. will conclude its engagement at the Imperial tonight in LeCoe's scintillating comedy "Girofle-Girofla."

The St. John Evening Times is printed at 27 and 29 Canterbury Street, every evening (Sunday excepted) by The St. John Times Printing and Publishing Co., Ltd. a company incorporated under the Joint Stock Companies Act.

THE KRIBS REPORT

A civic distribution system to give the people of St. John the full benefit of the hydro development at Musquash can be installed for a little less than \$600,000. This is a good deal lower than the original estimate, and is based on a complete survey by Mr. Gordon Kribs, the hydro engineer, who has had wide experience in Ontario cities.

Two important facts are established. A civic system can be installed without interference with the poles or wires of the power company's system, and it can be done at much lower cost than was accepted by the people when they voted overwhelmingly for hydro. The next forward step is now in order. The city must close the contract for the Musquash current. Whether there is to be a new distribution system appears to hinge on whether the New Brunswick Power Company is prepared to make an offer the city can accept, and that should be known in the course of the next week.

THE COAL SUPPLY.

President Harding has been asked to appoint a federal coal commission. He says it will come "in due time." The New York Evening Post contends that he should not delay for these reasons: "Even if something is done to increase soft coal production there is not the slightest chance of getting out more anthracite till the union consents. Yet, unless both soft and hard coal mining are shortly resumed at top speed, great suffering is inescapable. Experts believe that nothing less than immediate production of ten to twelve million tons of bituminous coal a week will save the northwest from shortage; they believe that nothing less than a record production of anthracite will supply domestic users. Some action must soon be taken."

Under such conditions and with the outlook as uncertain as it is a present, Canadians are justified in looking about for relief from what may become a most serious situation before the winter is over. Montreal Gazette:—"The current strikes are regrettable. Neither strikers nor public profit by them, and the serious loss entailed will never be recovered. An end will come as with all things, and when it is reached there will be a big count. Business will have been extended, industry checked, transportation slackened, and the householder, the unfortunate victim of coal shortage, be

compelled to pay an exorbitant price for fuel. We live in an age of radio and broadcasting, but who can broadcast the loss current labor strikes entail? There may be more bloodshed in mining centres, a much more general stoppage of railway transportation, a shortage of food and other commodities in the various markets, and a rapidly widening circle of unemployment. And what then? A settlement between employers and employees after each has sustained serious loss, while the common victim—the public—wonders what "it's all about, and why reason has not prevented the suicidal policy, from which all have suffered."

What is fame? "The Mace," in Toronto Saturday Night, reviewing the aid given to Mr. Meighen by his supporters in parliament last session says:—"John Babington Macaulay Baxter emitted a few ponderous speeches which added to the weight of Hansard." Of one incident of the session "The Mace" says:—"When in the dying hours the two burly New Brunswickers, Messrs. Baxter and Caldwell, invited each other into the corridors to settle a dispute in a somewhat primitive way, Speaker Lemieux quietly ordered the sergeant at arms to see to it that there was no disorder, a suave command which snapped the tension and brought the House back to the safe ground of good humor."

Immigration into Canada in April, May and June was sixteen thousand less than in the corresponding three months last year. Since the great need of this country is more settlers on the land there is obvious need of a more aggressive immigration policy. Of course it is better to have fewer immigrants than to flood the cities or to admit undesirables, but surely there are people who want to settle on the land if the proper means of reaching them are adopted. Hon. Manning Doherty proposes to adopt such means in the case of Ontario.

Prof. Bracken, the new Manitoba premier, says he will take sufficient time in choosing his cabinet "to bring together the good men, who will be likely to give Manitoba the strongest possible administration." All estimates agree that the new premier is himself an able man, and if he can secure a group of broad-minded colleagues, the Progressive movement will not retrograde, but go forward.

A Moncton man has donated a site and the Moncton city council is making a determined bid for the amalgamated universities of the maritime provinces. Yet there are people in St. John who say we cannot afford a vocational school. And Moncton may yet have a vocational school in advance of St. John. Moncton people say nothing is too good for Moncton. They act on that principle, and they act together.

There is a steady movement in favor of prohibition in Germany. It is pointed out that food is wasted to feed the breweries and people drink when they need bread. There has been a convention of prohibitionists, and action will be taken to get a line on public sentiment regarding the whole question.

Whether those who use anthracite coal in this city are to get it next winter or not depends upon the strike in the Pennsylvania coal fields. Local dealers will book orders, but have no present guarantee of supply. It may be necessary to use much more soft coal.

There is a good prospect that a strike of railroad shopmen in Canada may be averted. Every reasonable effort to that end should be made by all concerned. With a prospect of high priced coal next winter this country would be well rid of serious labor troubles.

The Independent Labor Party of Nova Scotia says it wants to abolish capital. What it really wants to abolish is labor, and without capital there would be nothing to do. And the last state would be worse than the first.

The gate receipts at the Leonard-Tender prize fight were \$480,000. That amount would provide a lot of playgrounds for children, and give a boost to real sport.

It is reported that a decree may be issued in Prussia permitting the sale of vodka. If there is anything needed to complete the degradation of Russia it is vodka. LEADERS ADVISE MEN TO ACCEPT In English Engineering Trouble are Told They Should Accept a Cut and Continue Work. London, July 28.—(Canadian Press)—At the conclusion of yesterday's meeting of all the unions concerned in the engineering trouble it was announced that the man had been advised by labor leaders to accept the wage reductions proposed by the employers and continue work.

FIFTEEN MINUTES OF RADIO EACH DAY

By Edward N. Davis Formerly Technical Electrical Expert For U. S. Government

Lesson No. 63. THE RADIO COMPASS.

The valuable directional properties of the coil or loop aerial are made use of in the radio compass. In its simplest form this type of aerial consists of a wooden framework approximately eight feet square on which is wound a number of turns of wire. The aerial is so supported that it may be revolved on its axis, and when used as a radio compass is provided with a scale marked in degrees and with a pointer which records its position.

When the aerial is properly connected to a receiving circuit and revolved so as to be at right angles to the incoming waves, no sound is heard in the receiving telephones. If it is turned until the plane faces the waves, signals of maximum audibility are heard. The direction of a transmitting station can therefore be determined by adjusting the loop to the radiated wave. Land compass stations use this device to furnish latitude and longitude to vessels lost in a fog. The method is as follows:—The radio operator on a vessel lying off the coast in a dense fog calls the land compass station on a wavelength of 800 meters and requests the position of the vessel by transmitting an O.T.E. (request for bearings). The call is received by the central or control compass station, which in the New York district is located on the waterfront in lower New York. Land telegraph wires connect the control station to four outlying land compass stations, all of which receive the wire messages simultaneously. The stations are located as shown in the diagram and each is equipped with a loop aerial mounted on a scale which registers from zero to three hundred and sixty degrees. The operator on the vessel is requested to send his test signals, which usually consists of the ship's call letters with the dashes made extra long and repeated for a period of fifty seconds. The loop aerial of each station is focused on the direction of the signal and the aerial revolved until a position is found where the audibility of the signal is at a minimum. The reading in degrees on the scale is then reported by land telegraph wire to the control station.

Diagram showing the operation of the radio compass.

The Coil Aerial

The operator at the control station has before him a map on which the positions of the outlying compass stations are recorded, the stations in each case being the centre of a circle marked in degrees. From each station a string is laid out, as shown in the diagram, so that it crosses the circle at the number of degrees reported by the operator at that particular station. These strings will cross each other at a certain point which is the location of the vessel. The latitude and longitude are then calculated and the control station reports the position by wireless to the radio operator on board the vessel. The time consumed in locating the vessel and reporting on board is usually from three to five minutes, and is usually done in the case of the vessel. In many instances vessels lost in an impenetrable fog and close to the rocky coast have been warned of their position in time to avoid disaster by altering their course.

As explained in a previous article, the loop-aerial being less powerful than the usual type of outdoor aerial necessitates a very sensitive receiving circuit. A circuit of this type employs the vacuum tube as a detector and uses in addition two steps of amplification.

RECEIVING SET IN A PARASOL.

A novel invention by a Parisian radio enthusiast provides for the reception of radio messages by installing a receiving set in a parasol. The antenna consists of wires interlaced with the framework and the receiving instruments are of such small dimensions as to be located inside the covering near the tip of the parasol.

By simply placing the receivers on the ears and unfolding the parasol, it is possible to receive clearly the music or speech sent out by the transmitting station located in the Eiffel Tower.

Another and more practical experiment performed by French radio engineers is a series of tests for the purpose of maintaining communication between train dispatchers and moving trains, for the purpose of eliminating, as far as possible, the serious train wrecks which have been very numerous on French railways in the past few months.

THE SERMON OF THE DOG.

(By Bishop Doane.)

I am quite sure he thinks that I am God— Since he is God on whom all our depend For life, and all things that his bounty sends My dear old dog, most constant of all friends; Not quick of mind, but quicker far than I To turn to God I know and own; His deep brown and liquid, watches for my nod; He is more patient underneath the rod Than I, when God his wise corrections sends. He looks love at me, deep as words e'er speak; And me he never crumb or sup will take But he wags thanks with his most vocal tail; And over some crashing noise wakes all his fear, He is content and quiet if I'm near; Secure that my protection will prevail; So, faithful, mindful, thankful, trustful, he Tells me what I unto my God should be.

Element of Chance. "How did you attain your great reputation as a student of finance?" "Mostly," said Mr. Dustin Stax in a confidential tone, "by being a lucky guesser."—Washington Star.

WILL CONSIDER IT.

Viscountess Astor Asks Lloyd George About Woman Representative at League Assembly. London, July 28.—Viscountess Astor asked Lloyd George whether the government intended to appoint a woman as a delegate, alternative delegate, or technical adviser to the assembly of the League of Nations.

The premier replied that the government had decided to appoint the Earl of Balfour and H. A. L. Fisher, president of the Board of Education, as British representatives to the next meeting. He announced that he was not in a position to announce the third representative, but would consider the suggestion of the viscountess.

SOME REVISIONS OF GRAND TRUNK AND C. P. R. RATES

Boston, July 28.—Two Canadian railroads, the Canadian Pacific and the Grand Trunk, have voluntarily revised their freight rates to allow an increase of fifteen per cent. in earnings for the New England roads interchanging freight with them, so the Boston chamber of commerce announced last night. The revision is retroactive to July 1.

MOONSHINERS HAUNT MINNESOTA VILLAGE

District Overrun and Terrorized by Bootleggers.—Dynamite Hotel. Minneapolis, Minn., July 28.—Terrorized, they said, by moonshiners overrunning the district, citizens of Kingsdale, forty miles south of Duluth, appealed to state and federal authorities for aid, declaring their village has become the centre of organized liquor dealings extending throughout Minnesota.

The village has been terrorized by moonshiners since last fall, citizens reported to Governor Preuss and told of a raid last winter, when twelve armed men rode through one street, shooting out of windows and firing at people in the streets. They never were captured. Later, he said, there were wild dances and liquor orgies, with fights constantly occurring.

Before the moonshiners dynamited the Grace Hotel last week they manhandled the railroad station agent and bound him, so that he could not send out any word of the dynamiting. The town has no telephone.

WAGES RATE FOR CARPENTERS ON SHIP WORK IN MONTREAL

Montreal, July 28.—A large gathering of members of Local 2098 of the United Brotherhood of Carpenters and Joiners who are mostly engaged in the repair and alteration of ships in port, last night unanimously endorsed a report of a board of arbitration which considered differences as to wages which arose last April with same companies represented by the Shipping Federation of Canada, Inc. The scale of wages was fixed by the board at 85 cents an hour, day, and 65 cents, night.

BERLINS BAKERS GUILD IS 650 YEARS OLD

Berlin, July 27.—Berlin's oldest trade association, the Bakers' Guild, this month observed the 650th anniversary of its founding. Although this organization, known originally as the Germania Guild, dates back only to 1272, there is documentary evidence that the bakers' trade was plied here as early as 1230. By 1890 there were 750 members enrolled. Meanwhile, another association of bakers, the Konker, sprung up, and in 1911 the two organizations were amalgamated in a body which now requires affiliation of every baker in the city. The present membership includes 1,670 con-

KEEP YOUR LAWN ATTRACTIVE

People admire a well-kept lawn and it's all in the trimming—it is not a difficult job to keep your lawn well trimmed if you have the proper tools. One of our Federal or Forest Glen Mowers will prove a wonderful help because they run so easily and the well tempered blades cut the grass so evenly. A good lawn rake, turf edger and garden barrow completes the outfit.

We can supply these needs at moderate prices.

THE EVENING TIMES AND STAR, ST. JOHN, N. B., FRIDAY, JULY 28, 1922

MOTHER, DYING, KILLS 1 BABY, OTHER SAVED

Turns on Gas and Perishes With Twins in Her Arms, One of Whom Succumbs—Little Daughter Survives.

New York, July 28.—Gas escaping through the cracks of her carefully stuffed bedroom door led neighbors to the discovery that Mrs. Mary Hummer, thirty-two years old, of 605 West 134th street, had killed herself and one of her twin babies which lay in her arms.

An accident and the quick work of neighbors saved the little girl from immediate death. When discovered she was lying partly under a piece of cloth which she is believed to have kicked over herself in her unconscious struggles.

Tenants living directly under the Hummer apartment first detected gas and immediately notified the owner of the apartment house, Benjamin Blum, who traced it to the Hummer apartment.

Finding the door locked on the inside, he entered a rear window by the fire-escape. Making his way through the gas-filled apartment to the bedroom, he pushed open the door. Mrs. Hummer and her two children lay on the bed, little Doris still struggling. Gas was

Put one on-- the pain is gone!

pouring from a tube which extended to the bed. Mr. Blum turned off the gas and ran to the door of the apartment with the child. Although sickened by the gas, he climbed with Doris to the roof, while women neighbors ran for physician. Dr. Priest of Knickerbocker Hospital, found Mrs. Hummer's body still warm, but he was unable to revive her. After first aid treatment little Doris was rushed to Harlem Hospital.

Charles Hummer, husband of the dead woman, a draftsman employed in Newark, did not know of his wife's death until he climbed the apartment house stairs on his way home from work and saw a patrolman standing in his doorway. He was overcome at the news. Mr. Hummer refused to make any statement, but neighbors said that his wife often had been despondent since the birth of her twins. It was reported that she had attempted suicide by inhaling gas a month ago, but had been prevented by her six-year-old daughter Ruth, who was not at home yesterday.

100 WOMEN TO TAKE GREETING TO FRANCE

Four Gold Star Mothers in Party of "Good-will Delegates" Sail.

New York, July 28.—Nearly 100 American women, chosen throughout the country in popularity contests sponsored by the American Committee for Devastated France, sailed abroad La France, serving as "good-will delegates" from this country to France. Their expenses paid through the contests they won, the women will visit the battlefields in their tour of France. There are four gold star mothers in the party.

Eighty-seven women who had arrived during the day were guests of Miss Anne Morgan's relief committee at a dinner in the Waldorf-Astoria, later going to see "Captain Applejack." Each of the women will carry credentials from the mayor of her city, telling how much that community gave to France through the committee.

Ambassador Jules Jusserand was the speaker at the dinner, Mrs. Gilbert Montague, vice-chairman of the committee,

presiding. The Ambassador expressed the gratitude of his country for the reconstruction work done by America, declaring that about ninety million francs had thus been expended. He assured the woman that everywhere they might go in France they would find the gratitude he expressed repeated by the people. Oldest of the group of "good-will delegates" is Mrs. Anna Stone, Principal of the Woodrow Wilson High School of Binghamton, N. Y. She is 69, but is just as enthusiastic as the youngest member of the party, who is 20 years old. California's "Convention Girl" is Miss Agnes Dohony of San Francisco. Mrs. Paulette Hebel, the French war bride of a Detroit soldier, is going back with two-year-old Lawrence Jr. The gold star mothers were Mrs. Herman H. Breyer and William B. A. Stephens of Philadelphia, Mrs. Clay D. Stephens of Nashville, Tenn., and Mrs. Otto Brewer of Wichita, Kan.

C. N. R. HARVEST EXCURSIONS SOON

The Dates are Aug. 4 and Aug. 18—Special Trains to be Run—40,000 Men Needed to Garner Bumper Crop.

Canada's bumper crop of golden grain stands ready for harvesting and the cry has gone forth for workers to garner in the wealth of our western wheat fields. Forty thousand helpers are wanted—an army of sinewy men to reap and bind that which the fruitful land has so generously brought forth.

Men of the east are called on to help the west, and special arrangements are made for their transportation. Special excursions will be run by the Canadian National Railways on August 4 and 18—the special through excursion trains leaving Moncton on that date at 4 p. m. The fare to Winnipeg from St. John will be \$20.20, plus one-half cent per mile to points beyond. The return fare to St. John from Winnipeg is \$25.

From St. John connection will be made at McGilvey, via train No. 31, leaving at 4:40 p. m. Special arrangements have been made to give the harvesters a comfortable journey. The finest type of convertible berth colonist cars are to be used, and special arrangements made for the best of meals and lunches on restaurant cars at very reasonable rates. The Canadian National will furnish the fastest and most comfortable journey to the wheat fields, and those who traveled the "National way" last year will remember the splendid service given.

For all particulars regarding rates, service, etc., apply at city ticket office, 49 King street.

RECENT DEATHS

Dr. Peter White Cody, a native of Queens county, passed away at his home in Boston on July 16. He was a thirty-second degree Mason, a member of the Mystic Shrine, of the Oddfellows, and Knights of Pythias. He leaves a wife, one son and two daughters. Two sisters and one brother reside in St. John. The funeral was held at his late home in Boston, and interment was in Centreville, N. B. Service was conducted by Rev. H. F. Rigby of Woodstock.

A Winning Combination

It scarcely needs a good expert to pronounce the sugar and fat contained in Ice Cream a combination of rare nutritive value. As a summer dish, try

LOCAL NEWS

Moncton relatives are searching for Harry Warder, who was last heard from in St. John. Warder formerly resided in St. Stephen and Moncton.

The twelve jurors in the Paris case, accompanied by two constables, were staged by the "Mickey" Barber and Company at the Opera House last night.

A delightful programme was given by the St. John Fusiliers band last evening in King square. The weather was ideal for the occasion and a large number of people enjoyed the concert.

The presentation of "Mrs. Tubbs of Shantytown" on Wednesday night was staged by the Gondola Point Community Club and not the Fair Vale Community Club as was reported yesterday.

A diver from St. John is expected to go in a few days to the lower Petito-Milac River to examine the bulk of the Jennie V. Merriam, which sank there after burning to the water's edge. It is found to be a menace to navigation she will be blown up with dynamite.

Bert Belyea of Boston, who is summing up at Williams' Wharf, near the Cedars, was nearly drowned on Tuesday evening, when a boat in which he was rowing with two boys capsized, throwing all into the water. Mr. Belyea was unable to swim, but managed to hold onto the overturned boat until another boat could be obtained by those on the shore.

Donald Fraser, of Plaster Rock, president of the New Brunswick Temperance Alliance; W. C. Clark, of Fredericton, treasurer, and Rev. W. D. Wilson, secretary, are in St. John and it is understood they are engaged on the work of the Temperance Alliance. Mr. Fraser reports the lumber business as fairly brisk.

Mrs. Archibald D. D. Duncan of 66 Adelaide street, returned home yesterday from the Montreal train from McAdam Junction, where she was called, owing to the death of her uncle, William Clarkin, a C. P. R. man of that place. Mr. Clarkin's body was brought down on the Montreal express yesterday and the funeral held from the depot.

The crew of the fifty-year-old schooner Gilbert Stancliffe, from Farnsboro to Boston, stuck by her for thirty-six hours after she had filled with water, and they were left with no food, but finally abandoned her, and rowed to Mispec. The next day the schooner was sighted floating by and towed to shore, where temporary repairs were made to enable her to finish her journey.

Rev. J. A. Scrimgeour and Mrs. Scrimgeour are expected to reach St. John on or about August 1. They will spend the summer in Canada. Mr. Scrimgeour went to Trinidad in 1909, as headmaster of Naparima College. In 1912 he was transferred to British Guiana, where they have done splendid service. On their return in the fall Mr. and Mrs. Scrimgeour will remove from New Amsterdam to Georgetown, being succeeded at the former place by Rev. G. D. MacLeod and Mrs. MacLeod.

At a meeting of the executive of the local Red Cross yesterday, \$225 was voted to help furnish the recreation hut, recently erected at Lancaster Hospital. The money is part of the proceeds raised by a dance held at the hut. The

REPORTED TO BE IDENTIFIED AS HOLD-UP MEN

Montreal, July 28.—Identification of John Vallouff and of Jack Thomas by victims and witnesses in connection with a hold-up in St. Henri on July 7 last when the \$29,000 payroll of the Dominion Textile Co. was still made yesterday, according to Chief of Police LaPage. Officers from Hamilton, Ont., are expected here soon in connection with the hold-up of the Steel Company of Canada payroll April 20 last, in regard to which both Vallouff and Thomas are suspected.

OTTAWA DISTRICT HAS SEVERE THUNDER STORM

Ottawa, July 28.—A severe thunder storm swept over Ottawa yesterday. In the country districts several cases of damage to barns are reported. Along the Prescott highway between Manotick and North Gower, a very high wind did considerable damage.

THE EVENING TIMES AND STAR, ST. JOHN, N. B., FRIDAY, JULY 28, 1922

Chautauqua's Programme Attractive

Chautauqua's programmes yesterday were replete with good things and were much enjoyed by appreciative audiences, which were generous in applause. The weather was ideal for the outdoor performances.

The Junior Chautauqua held its opening session in the morning and the junior superintendent, Mrs. Elizabeth Millison, and her assistant, Miss Ethel Duncan, had an enthusiastic band of children to start out on the junior programme. The children were duly enrolled but enrollment has not been completed and there is still an opportunity for others to enter into the game. Mrs. Millison in speaking of the Junior Chautauqua last

night referred to it as the most constructive and most lasting of Chautauqua's benefits and related how in towns where Chautauqua has been an established institution for ten years, the former junior members are now among the most interested younger citizens and most staunch Chautauqua supporters.

The morning hour lecture was given by the superintendent, W. W. Schumaker and had for its subject "National Misconceptions." Having pointed out the misconceptions which exist as to what constitutes national greatness he went on to tell of those things that were essential to real greatness.

The Great Lakes String quartet made its appearance at Chautauqua last evening and was indeed exhilarating and inspiring. The members of this group were: Herman Feiber, first violin; Carl Passauer, second violin; Robert Dolej, viola, and John Lingeman, cellist. The performance was an excellent one.

Yesterday afternoon the programme opened with a recital by the Hughes-Bawden Co., of Philadelphia, two of the

Quaker city's most prominent artists. Miss Estelle Hughes, soprano, and Clarence Bawden, pianist, made up this company. They both are accomplished musicians and their performance was heartily received. A dramatic reading, "I Walked Jimmy," by Miss Mary Agnes Doyle, formed the second part of the afternoon's programme. This delightful comedy of optimism has for its central theme the philosophy of the power of a smile. The hero is mentally alert, heroic, intensely magnetic, dashingly romantic and scientifically business-like. Miss Doyle's art enabled her to portray faithfully all of these characteristics.

DEFRAUDS RELIEF FUND, IS SENTENCED TO JAIL

Winnipeg, July 28.—While he was obtaining relief from the city unemployed relief fund John A. Bissell was paying instalments on an automobile, had a telephone in his house, and was working as an engineer on a construction job. He received a sentence of two months in jail when convicted on a charge of fraud.

PRISONERS BLIND CAPTOR.

"Mean Trick" Says Atlantic City Constable, Who Was Fixed So He Couldn't Pursue Them.

Atlantic City, N. J., July 27.—A "mean trick" played on Constable Jess Woodington resulted in the escape of two prisoners, who were manacled together in the constable's charge. One of the prisoners lifted his manacled hand as the train on which they were being taken from the Atlantic City jail to the County Jail at May's Landing slowed up and struck the pipe in the constable's mouth, so that the sparks flew and temporarily blinded him.

Thereupon the two prisoners, John Armstrong and Thomas Gibbs, jumped from the train. They made good their escape, as the constable could not follow because he had two other prisoners in charge.

DROWNS TRYING TO UNTIE BONDS UNDER WATER

Pittsburgh Man Bound at Own Request and Dropped in River—Companions Arrested.

Pittsburgh, July 28.—Two men were arrested here in connection with the drowning of William G. Gibbons, who died while attempting to free himself under water from thongs which bound his hands and feet.

Two companions, to whom he had boasted of his ability to escape from knotted cords, tied Gibbons at his request, the police say, and dropped him into the river. He rose to the surface screaming and attracted nearby bathers. They were too late to save him.

STREET CAR UNION MEETS.

The Amalgamated Association of Street and Electric Railway Employees held a regular meeting last evening in the Trades and Labor Hall in Prince William street. Thomas Trott, vice-president of the union, occupied the chair and the meeting was attended by more than sixty members. Several communications, which have been received from other locals, were read, in addition to a communication from the headquarters of the union. The communication from headquarters also contained a substantial check for the members of the local. A special committee was appointed last night in connection with the arrangements for the holding of sports in the near future. The committee was appointed as follows: Clarence Maxwell, Alexander Northrup, Winslow Colwell and A. Mayes.

CRIMES AGAINST CHILDREN INCREASE

Society for Prevention of Cruelty Tells of 17,118 Complaints in Last Year.

(New York Post.)

The number of crimes against children has increased during the past year, according to the annual report of the Society for Prevention of Cruelty to Children, which was issued yesterday. The Society is soon to open the new \$4,000,000 Heckscher Foundation Building at 144th street and Fifth avenue.

The 17,118 complaints made during the year to the society, says the report, "are not so much instances of an increased number of cruelties and exploiters of children, but rather a growing realization on the part of an increasing number of individuals of the importance to our civic and national well-being of taking serious thought for the protection and rights of children."

The complaints involved 51,259 children, 6,825 of them under the age of sixteen having been fed and housed in the society's shelter. There were a total of 775 prosecutions of adults for crimes against children, 464 of these in the Court of General and Special Sessions. There were 346 convictions.

In the forty-seven years of its existence the society has taken action in 300,856 complaints involving 1,172,000 children under sixteen. It has rescued from abandonment or wretched living conditions 293,921 children.

Many of the crimes against children, which are reported this year are characterized by Lynn M. Bruce, president of the society, as "so revolting in their character as to be almost unbelievable," such as the branding of a little girl with a red hot iron.

FEAR RUIN OF FRUIT CROPS.

Colorado Shippers Call on Congress to End Rail Strikes.

Delta, Col., July 28.—Financial ruin faces fruit growers of the western slope district of Colorado unless railroad cars can be had to move the perishable crops, it is said in a resolution sent to Colorado senators and congressmen at Washington, following a meeting of shippers, growers and business men.

The resolution demands that "the government immediately take charge, both as to the labor and management of the railroads."

FREDERICK PERSONALS.

(Gleaner, Wednesday.)

Miss Martha Fleming and the Misses Elliott went to St. John yesterday to visit friends.

Mrs. Joe Christie and two children of St. John, are the guests of Mrs. John McInnis, Marysville.

Mrs. Thomas Miles of North Devon left this morning for St. John, where she will visit her daughter, Mrs. James Doherty, for a month.

Mrs. Graham and son of New York are the guests of Mrs. Graham's sister, Mrs. Charles F. Randolph, Lincoln.

Miss Margaret Horncastle, R. N., of Greenwich, Conn., arrived last evening

Yeast No "Fad" Say Scientists

The greatest scientific minds agree that yeast is one of the most important medicinal discoveries. No method of banishing skin eruptions or building healthy blood is complete which neglects yeast. This is because yeast contains certain vital elements which are lacking in the modern diet. Already millions of people have secured amazing benefits from yeast. Recently, however, a new procreation has been discovered, called "ironization" through which people are securing benefits from yeast in just half the usual time. This process, embodied only in Ironized Yeast, helps to immediately convert the vital yeast elements into firm tissue and rich pure blood. If weak, thin or run-down—or if troubled with pimples, blackheads or boils, it will pay you to try Ironized Yeast at once. To try Ironized Yeast entirely free simply mail postcard for Famous 8-Day FREE Test. Address Harold F. Ritchie & Co., Ltd., 87, Toronto. Ironized Yeast is recommended and guaranteed by all good doctors.

Jo-Bel THE WONDER SALVE (Registered)

"It's great stuff for piles. I had them, bleeding, itching and protruding. The second application stopped the bleeding, and I have had comfort ever since. No, I'm not cured, but it's my own fault. I have left so good I neglect myself. You can refer anyone to me."—A well known citizen's unsolicited testimony.

HAROLD F. RITCHIE & CO., LIMITED TORONTO

Tells "Anxious Bride" How To Have a Rosy Complexion

DEAR MISS WILDER,—I am 26 years old and have been married a year. I seem to be losing the natural color I used to have, and my skin looks coarser and feels dry and lifeless. Although my husband has never mentioned it, I know that he has noticed the change and my heart turns cold to think that I may lose his love if I let my good looks vanish. Please tell me, dear Miss Wilder, if there is anything I can do, and relieve the awful anxiety I am suffering from. (Signed) ANXIOUS BRIDE.

"Do not be alarmed, my dear. A girl of your age need not fear losing her looks or her husband either, if she uses a little care and common sense in regard to both. The important thing is to give your complexion regular treatment with a real beautifier, because your face needs protection from weather, exposure and dust. The best thing I have found is Derwillo, a simple toilet preparation which you should be able to get at toilet counters of any drug or department store. It is a real tonic for the skin, and it gives a lovely cherry-blossom softness and delicacy which becomes permanent with continued use."

The best method of application is as follows: Cleanse the skin thoroughly with a good cleansing cream. (Liska cream I have found to be the best.) Then apply Derwillo. The very first application will astonish you. Derwillo makes the skin appear transparent, smooth, and velvety. I especially recommend it for dark, sallow skin, shiny nose, freckles, tan, sun spots, coarse pores, rough skin,

Miss Edna Wilder

ruddiness, wrinkles, and in fact every blemish the face, hands, and arms are heir to.

Note:—To get the best effect be sure to follow the complete directions contained in every package of Derwillo. You have only to get Derwillo. You need nothing else, and it is so easy to apply that anyone can use it, and so inexpensive that any girl or woman can afford it. The manufacturers and druggists guarantee that there will be a noticeable improvement after the first application, or they will refund the money. It is sold in this city under this money refund guarantee by department stores and all druggists, including Watsons Drug Store.

PITTABLE WRECK SAVED FROM EARLY GRAVE

"I couldn't sleep, my nerves were all unstrung, I was steadily losing weight."

"My husband is a mechanic and earns good wages," writes one woman. "We have six children between the ages of seven and fifteen. Both my husband and myself have denied ourselves actual necessities to give our children the best schooling we could afford. I have often stayed up all night making clothes for them or doing mending. Besides this, I have always done the washing and ironing for the eight of us. I also do the scrubbing and the cooking. The outcome of this was that I was doing more than any human being could stand and so broke down. I became a complete nervous wreck. I was reduced to a skeleton. I was such a nervous, high strung condition that the least excitement would start me on a crying fit which I couldn't control. This breakdown meant keeping my children from school to help in the household, because I couldn't do anything at the least exertion left me a wreck. I was the finest example of a complete nervous breakdown that you ever saw. Everything was wrong with me—I couldn't eat, I couldn't sleep, I had that dreadful weak feeling which I cannot describe but can only be understood by those who have had it. I was so weak that I was ready to catch anything that was going. I tried several preparations but none of them did me any good. One day my husband came in and said, 'I see a preparation in a drug store called Carnol. No extraordinary claims are made for it and I have an idea it might do you good. Why don't you get a bottle? They say if it doesn't do you any good they will refund your money.' I believe that advice of my husband saved my life because seven weeks after I started taking Carnol I was doing more work than I had ever done before and was no longer a nervous wreck. I ever felt in my life." Mrs. T. 6-122

TO TELL OF CZAR'S DEATH

Kerensky Writing Memoirs of Russia in the World War.

London, July 28.—Revelations respecting the death of the late Emperor Nicholas are promised by Alexander Kerensky, one-time president of the Russian Provisional Government, in a memoirs in a London newspaper. Kerensky's plan was to spirit the Emperor out of Russia to a neutral European country, but the Russian, but this, he contends, was frustrated by Great Britain.

KING SNAKES IN STEERING GEAR MAKE CAR 13133 TURN TURTLE

Cape May, N. J., July 28.—John Sapolton, a traveling salesman, was driving a Saxon roadster, with a license tag numbered "13133, Ohio," from Goshen to Swanton through a densely wooded road, when he saw two snakes in the road, apparently in deadly combat.

SENTENCED TO DIE; MAKES TIME IN COURT.

Rochester, N. Y., July 27.—Antonio Montasanto, twenty-three, convicted of first degree murder for the slaying of Carmelo Genova, a butcher, on the night of November 12, 1921, after the latter refused to comply with demands made in blackmail letters, was sentenced to die in the electric chair during the week beginning September 10.

MANY CHECK FRAUDS.

London, July 6.—(By mail)—At Marlborough street police court yesterday, Peter Rupert Bassett, forty-three, described as an actor, was charged on a warrant obtained by false pretenses £10 from each of the following: Frank Partridge, antique dealer, King Street, St. James; the Goldsmiths' and Silversmiths' Company, Regent Street; and Mallett & Son, antique dealers, New Broad Street.

Freke Palmer, prosecuting, said that, according to his own statement, the prisoner had committed check frauds all over the country, obtaining £10 in each case. Among those he had defrauded were Messrs. Christie King street, and when arrested, he said: "There are several others in London, and I have also dropped checks at Northampton, Scarborough, Hull, Leeds, Bradford, Sheffield, Manchester, Blackpool, Cheltenham, Bristol, Oxford, Tilbury, Gravesend, Hastings, Sandgate and Cardiff." He also said that by his action he had lost the life interest in his father's estate, amounting to more than £100,000, and added that he had drunk "about three bottles of whisky a day, and this is the result."

SEEKS \$78,250 PAYMENT.

L. V. Davies Files Judgment Against A. C. Harrison in Alienation Suit.

Philadelphia, July 28.—Judgment has been entered here at the probatory office against Alfred C. Harrison, sugar broker, formerly of this city, to the amount of \$78,250 in favor of L. Verne Davies, former army officer, of New York.

The judgment is an outgrowth of alienation of affections proceedings three years ago in New York, in which Davies won a \$150,000 damage verdict from a jury. Harrison, failing to defend the case, The damages have never been collected, and the judgment was certified here after the local court went over the New York proceedings in another attempt to collect.

WEEKLY EARNINGS RISE.

N. Y. State Wages Up Thirty-two Cents Despite Shorter Working Hours.

Albany, N. Y., July 28.—Gradual return of many establishments to full-time operation and the growing number of wage increases caused a rise of thirty-two cents from May to June in the average weekly earnings of employees in New York state manufacturing industries, according to a statement issued by Henry D. Saver, industrial commissioner. The weekly average in June was \$24.91, the same as that in December, 1924, and little changed from the average during the first six months of 1922.

KEATING'S KILLS

St. Thomas, Ont., July 28.—Old-timers, who have open chant for prognosticating the behavior of the weather from the habits of the squirrels and woodchucks, say that the bumper crop of tramps in evidence in the city and vicinity these days is a sure indication of a hard winter. The derelicts come in pairs and

BUMPER CROP OF TRAMPS INDICATES HARD WINTER

Mansfield and Lyons, each of which has more than 450,000 inhabitants, have one physician to approximately 850 persons, whereas twenty-one cities in the United States have between 200,000 and 300,000 inhabitants having one physician to approximately 600 persons.

EXILE FOR LIFE AFTER FIVE-YEAR TERMS FOR TWO PICKPOCKETS

New York, July 27.—John J. Williams, thirty-four, convicted in the Kings County Court of grand larceny in the first degree as second offender, were sentenced by Judge Alonzo G. McLaughlin to banishment from New York state for life after they have served five years in Sing Sing prison. If the men return to this state at any time after they leave it they may be taken into custody and compelled to serve five additional years in prison.

THROWN FROM SCAFFOLD, SHIP PAINTER DROWNS

Midland, Ont., July 28.—Thomas McGinnis, aged 32, was drowned here while painting the Canadian Adventurer, on which 25 men were engaged by the Playfair Company. While lowering the scaffold the chain broke, throwing McGinnis headfirst into twelve feet of water, his head striking a sunken pile. The body was only six minutes under water, but any efforts at resuscitation were unsuccessful. He is survived by his wife.

here to the annual sessions of the Presbyterian synods of Arizona and California.

The report declared the natives of Canton, Shanghai, Tokio, Calcutta, Bombay, and Jerusalem, viewing "western" pictures, concluded that all American men are "barbaric savages," who gamble for a living, drink whiskey like water, carry two guns and a bowie knife, and kill their fellow-men as a pastime, that American women are dance hall girls who smoke cigarettes, drink heavily, and "sell themselves for a coin or a smile."

The other pictures shown in the Orient are of the eternal triangle variety, the report continued, and the missionaries have a difficult time explaining that all American men and women are not like the characters in the pictures.

"In Jerusalem, within 100 yards of the grave in the garden where the Saviour of the world lay after His crucifixion," the report declared, "there's a movie run by an enemy of all righteousness, showing revolting and sensual pictures of American life. These people in foreign lands have no means of knowing that such presentations are a gross libel on the majority of our population."

SUSSEX RECORDS.

(Sussex Record.)

Miss Edna White of New York is spending her vacation at her old home in Sussex.

Mrs. C. T. White and family left last

week for Shediac Cape, where they will spend the summer.

Mrs. T. H. Whalen and children of Newcastle are visiting relatives in town.

Mrs. Edith Irvine has been spending a fortnight in St. John, the guest of her brother.

John Hallsall of St. John is visiting his sister, Mrs. Charles T. Brown.

Miss Janet Campbell, public health nurse of Windsor, N. S., is visiting her sister, Mrs. H. G. McLean.

Mrs. Fred O'Dell of Somerville, Mass., and little son Cyril are spending the summer months with Mrs. O'Dell's mother, Mrs. Thomas Howard.

Miss Hortense McDonough will leave Saturday to take a position in Fredericton.

Mr. and Mrs. Hamblet and three children, Judge Sanborn and Mrs. Sanborn and Mr. and Mrs. Hilman motored from Portland, last week, and are guests of Mr. and Mrs. H. E. Gould.

Mr. and Mrs. Floyd Rives of New-tun, Mass., were guests of Mrs. George McIntyre, Springbrook Farm, this week.

Mrs. Rive was Miss Nellie Pittfield, a former resident of Sussex.

Mr. and Mrs. W. J. Patterson left on Monday for Edmonton, Alta., where they will spend two months with their son, Guy E. Patterson.

Word has been received here of the graduation of Miss Cara E. Mabee at the University of Southern California, Los Angeles, with the degree of B. A. She was formerly a resident of Maristhanville, a graduate of P. N. S., and taught school in New Brunswick.

MONCTON MOVES TO GET COLLEGES TO LOCATE THERE

Moncton, July 27—At tonight's meeting of the city council an official move was made with a view to the locating in Moncton the site of the proposed amalgamated universities of the maritime provinces. Authorization was given to get in touch with the Rockefeller Foundation Fund trustees in regard to the matter.

In the connection with the foregoing, Dr. L. H. Price, of this city, has publicly offered to donate to the city an area of fifty acres on which to locate the necessary buildings. Another gentleman in the city is ready to donate seventy-five acres for the purpose.

Hallifax, July 27—A meeting of delegates representing the Catholic colleges of the maritime provinces was held at

If you would only try "SALADA" BLACK OR GREEN TEA

we are sure you would no longer be satisfied with ordinary tea. The flavour is unique and its richness unexcelled. Your grocer sells it.

Hallifax yesterday to discuss the proposed federation of colleges, as suggested in the report of the Carnegie Foundation. The meeting was called at the instance of his grace, Archbishop McCarthy.

It was unanimously agreed that committees, representative of the different

dioceses, should be appointed to make a close study of the situation and to meet at an early date.

Sydney, July 27—Sydney delegates to the Maritime Baptist conference to be held at Wolfville in August, were last night instructed by a congregational meeting to vote solidly against the proposed federation of maritime provinces colleges.

TORONTO MARRIAGE ENDS IN DISASTER

Wife and Children Leave Husband and Father—He Attempts Suicide.

Detroit, July 28—Avery Mitchell, thirty years old, turned on three gas jets in his room at 2038 Temple avenue and lay down on his bed. When a policeman broke down the door he found Mitchell unconscious. At the Receiving Hospital, where he was taken, it was said he would probably die.

On a table in the room was a scribbled note. It read:

"Dear Jack,—You will never see me again."

"Jack" was Mitchell's pet name for his wife, Phoebe, mother of his two children. Ten days ago Phoebe took the children and left Avery. Last Saturday she filed a suit for divorce in Wayne Circuit Court.

Avery Mitchell and Phoebe E. Harro

The Taste of the Natural Maple

—alluring, piquant, lingering, in every taste of Purity Maple Ice Cream, brings hundreds of eager calls for this ever popular flavor which is made from the natural juice of New Brunswick's sturdy maples.

Say "Maple" the next time you ask at your Purity Dealer's for Ice Cream.

ST. ANTHONY MAN HELD FOR TRIAL ON ARSON CHARGE

The preliminary hearing of Alyre Cormier, charged with arson in connection with a fire which occurred at St. Anthony, Kent county, early in the month of April, was held at Buctouche yesterday before Magistrate F. X. Cormier. The provincial fire marshal, H. H. McLellan, of St. John, was represented by Louis Robichaud, Buctouche, and Charles Robinson, of this city, secretary of the New Brunswick fire board. E. R. McDonald, of Shediac, and T. T. Goodwin, of Moncton, represented the accused. After the evidence was heard, Cormier was sent up for trial at the next sitting of the county court at Richibucto.

BANE OF SEASICKNESS MAY BE ALLEVIATED

Montreal, July 28—Recent cable advices from London state that the new Canadian Pacific's marine architects are experimenting with a device to prevent seasickness. Already, by means of bilge-keels, tanks and other measures, the rolling motion of steamships has been reduced to a minimum. Now the experts are seeking a preventive of the fore-and-aft pitching movements which are not only the main producers of seasickness, but which cause the engines to race uneconomically when the screw is lifted clear of the water. The experiments will be carried on while the Montcalm is in her regular service between Montreal and Liverpool.

KNOCK LANDLADY DOWN FOR DUN ON HIGHWAY

Bridgeburg, Ont., July 28—John Scharke, a Chippewa Anstien, is a man of great pride. He does not like to be dunned on a public highway for such a small matter as a board bill. He did not pay his landlady's and she did not know that his pride was so great. She met him in the street and ventured to ask for board that was due her. He knocked her down and then kicked her. Police Magistrate Mennon House gave him two months in jail, where he can reflect on his pride.

LOCAL NEWS

BROADCASTING TONIGHT.
A concert by members of the Boston
Comic Opera Co., playing at the Im-
perial, will be broadcast from the loca-
tion CXCJ after the performance this
evening, so it was announced this after-
noon.

CHALLENGES.
The Paradise Row Eagles challenge
the Red Wings to a game of ball on the
Paradise Row diamond at seven o'clock
on Wednesday evening. The Eagles also
challenge the St. Patrick street All Stars
to a game on the same diamond on
Tuesday evening at the same hour.
Those challenged are requested to an-
swer through The Times.

JUNIOR CHAUTAUQUA.
The Junior Chautauqua met yester-
day morning and elected the following
officers: Mayor Watson Miller, town
clerk, Elsie Trueman; law and order
commissioners, Royden Sullivan, Ger-
aldine Hurd, and Alden Sleeth; health
commissioners, Harvey Fraser and Helen
Sullivan; service commissioners, Kath-
erine Profit and Alphonse Banville.

THE DOKEYS.
The members of Abou Ben Adhem
Temple, Boston, and Adila Temple, St.
John, of the D. O. K. K., gathered this
afternoon at the clock before the
Pythian Castle Hall in Union street and
from there went in automobiles to Gon-
dola Point for a clam bake and sports.
In the event of wet weather it was ex-
pected that a programme would be car-
ried out in the pavilion at the point.

POLICE COURT.
Arthur Cooke was charged in the
police court this morning with being
drunk and impeding pedestrians in U-
nion street. He pleaded not guilty to the
latter charge. Policeman Garter said
he had stopped two men in the street
and there had been much loud talking.
Liquor Inspector Henderson said Cooke
had stopped him and talked foolishly to
him. He had told Cooke to go along in
the sidewalk because blocked with peo-
ple. The magistrate said that was real-
ly a serious offense and other things
might enter into it. A fine of \$8 or two
months in jail was imposed.
Two men charged with drunkenness
were fined \$8 or two months.

NORTHROP-SORENSEN.
A very pretty wedding took place on
Wednesday evening at the home of Mrs.
W. Northrop, 724 Main street, when
Rev. Dr. David Hutchinson united in
marriage Miss Sadie Sorenson and Lee
W. Northrop. The bride was charm-
ingly attired in a gown of white satin
with overdress of shadow lace and a
bridal veil with orange blossoms and
carried a bouquet of pink and white
carnations. They were attended by Mr.
and Mrs. Clifford Allen. After the
wedding a dainty supper was served
at the home of Mrs. Northrop left for
Niagara Falls. On their return they
will reside in the city. Going away, the
bride wore a suit of blue silvers and
with hat to match. Many beautiful pre-
sents were received.

TWO FAMILIES INVOLVED.
Two cases involving neighbors at Lit-
tle River have got into the courts. Mrs.
Alice F. Fitzpatrick has been summoned
to appear before Magistrate Adams on a
charge of arson, in connection with the
destruction of a house owned by her-
self, and it is said John H. Tonge and
K. C. for Mr. Tonge. The magistrate
heard evidence and the case will come
up again on August 22. Mrs. Fitzpatrick
also charged Herbert Tonge with ar-
son, and Magistrate Allingham this
morning said this case had been set-
tled.

DEATH OF W. R. FLEET.
Last night at Pandemec William Ray-
mond Fleet, son of Mr. and Mrs. Robert
Fleet, passed away at the age of twenty-
two years. Mr. Fleet was well known
about the city and in Montreal, where he
was for some time with the Robins-
on St. John Company, representing the
British Ministry of Food. He leaves his
parents, five brothers, H. B. of the C. P. R.,
R. in Toronto; H. A. of the C. P. R.,
in Montreal; R. K., of the Maritime
Freight Bureau here, and Allan and
Russell Fleet, at home, and two sisters,
Mrs. Walter A. Evans of this city and
Miss Beatrice Fleet, at home. He had
made a great many friends and was
shared by all who knew him. His death
will be a source of sorrow and regret to
many. The funeral will be held on
Saturday at 8:30 o'clock from Germain
street Baptist church.

WILL HAVE TAG DAY FOR HEALTH CENTRE

Mayor McLellan gave a very kindly
reception this morning to a delegation
representing the health centre and
heartily granted their request for a tag
day to raise the necessary funds.
Hon. Dr. Roberts, who appeared in
the absence of Hon. J. G. Forbes of the
Victorian Order, clearly explained the
purpose of the Centre, and his remarks
were supplemented by Miss Meiklejohn.
Dr. Roberts explained that there was
no desire to conflict with the Victorian
Order and Society for the Prevention of
Tuberculosis, who are each to have
a tag day, but asked that if these bodies
at their meetings next week commented
the health centre have its tag day on
August 15; and if not that permission
be granted to have it in November.
Mayor McLellan expressed his pleas-
ure at seeing so representative a dele-
gation which put its case so clearly and
to refer to the citizens when they had
a case to present, and with this one he
was heartily in sympathy, because it
affected the public health. We can pre-
vent disease just as well as we do crimes
and fires. It is merely a question of try-
ing to do it and of finding the money.
The St. John had perhaps not given as much
attention as it should to this very im-
portant matter. It was possible that all
the organizations should work together,
and since the desire was apparent
from what had been said he would grant
the tag day as suggested and would be
very glad to give any assistance in his
power to promote the cause of public
health.
The mayor asked a number of ques-
tions to bring out the facts and pur-
pose of the health centre before giving
his decision, and at the close was warm-
ly thanked by Dr. Roberts in behalf of
the delegation, which included repre-
sentatives of the various organizations
concerned in the success of the plan. Dr.
Roberts said it was hoped to raise
\$2,000.
Adjournment was made to 8 o'clock.

PARIS THE ONLY DEFENCE WITNESS

(Continued from page 1.)

He could not swear that a Chautauqua
parade took place on August 2. He ad-
mitted that he swore to this fact at a
previous trial, fixing the date by mem-
ory. He fixed the date August 2 by a
record of sardine purchase from Leslie
Jordan's book. He said he wrote Jordan,
but on further questioning said that
the letter was written by another pris-
oner in the jail.

He also fixed the date by Stanley
Nichol's record of gasoline sale of which
he learned during his trial in Truro.
Asked if the man who had buried
Sadie McAuley had not made a mistake
by putting the small stones on top of
the big ones, Paris said that for the
people, he had not, as on this
account the body was found.

Asked what he thought he would have
done himself, Paris replied that he had
no thoughts on the matter at all as he
would not do it.

He admitted that he had told the at-
torney general at a previous trial that
the murderer would not likely ask an-
other man to help him bury a child of
that age as she would not weigh more
than sixty or seventy pounds. He
judged the weight, he said, with refer-
ence to his own children.

Pictures of the prisoner taken in Truro
were identified by the prisoner and plac-
ed in evidence.

Paris said that Chief of Police Fraser
of Truro, was not telling the truth when
he informed the St. John police that the
prisoner had told the chief he did not
know where he was on August 2. He
said it was on the morning of August
4 and not on the night of August 3 that
he crossed the river. He could not recall who rowed
him across on the night of August 4.
When at a previous trial he said it was
a man named Williamson, the prisoner
said he was mistaken.

Paris bared his arms to show where
he said he had holes during the days
around August 1, 2 and 3.

The attorney-general called the jury's
attention to two marks on the back of
the prisoner's right arm just below the
elbow. He denied that there were any
marks in his arm made by teeth.

Paris, shown a picture, said it was the
same as that of Sadie McAuley pub-
lished in a paper, a copy of which, dated
August 4, 1921, he had seen this morn-
ing in his cell.

The prisoner would not say that John
Best was a reputable or honest man,
in some respects the prisoner thought
his own character was better than that
of John Best.

Paris denied that he had ever spoken
to Humphrey about Sadie McAuley. He
said although he had slept in his grand-
mother's home in Truro on the nights
of August 1 and 2, he had never been
brought to give evidence.

Mrs. King and her daughter of Sag-
wa, were shown into court. The pris-
oner identified Mrs. King as the woman
of whom he had spoken yesterday. This
completed the attorney-general's cross-
examination.

Mr. Vernon announced that he would
not press to have called the two ladies,
whose names appeared on the indict-
ment and who had not yet given evi-
dence.

re-examined by Mr. Vernon, Paris
said that after his first trial he had at-
tempted to investigate the transac-
tion with the Eastern Hat & Cap Co.
He denied that he had any brother or
sister, and that he had never seen any-
one who looked like him. He said
the charge was that he had the gasoline
given to him.

Special Values in Cambrics

That you can use at any time of the year

And just now, when yards and yards of the brightest, freshest cambrics may be had for 23c. a yard, just think of the odd moments when you could start a school dress for one of the children, or a house dress for yourself if you only had some of these cambrics on hand. So it's wise to lay in a good supply just now when the price is so low. Then you can sew whenever you have some odd moments.

They are all fast colors and can be had in polka dots, checks and stripes. 30 inches wide. Special Price 23c. a yard.
