Mr. Thornton Cuts The Police Schedule

Fixes Salary of The New Chief At \$2,000

HAVE ONLY ONE INSPECTOR

Also Two Detectives Instead of Three—Chief Not Yet Arranged for—Police to Number 41—Increase in Estimates Some \$20,000—Matter of Courtesy Bay Foreshores

While the revised schedule for the police force, adopted by the common council previous to the recent election, would have required an increase of \$82,726 in the estimates, the new schedule has scaled down the list to such an extent that the preliminary draft submitted this morning called for an increase of only \$20,000, and this will be reduced further by changes which he suggested this morning. While the revised schedule called for a salary of \$2,000 for the chief, the estimates are put at \$2,000, with the intention that increases should be granted as the new man proves his fitness; the number of authorized patrolmen has been reduced from forty-five to forty-one; one detective may be dispensed with; the department may try to get along without a bread inspector and other economies may be made in reducing the outlay for the year.

Mr. Thornton promised to present his recommendations for the appointment of the new chief of police at the next meeting of the council.

The commission met in council for their weekly meeting, owing to the quarterly meeting of the municipal council being held this afternoon, and transacted considerable routine business before going into committee to take up the pending matters.

Mayor Hayes presided and Commissioners Fisher, Bullock, Thornton and Martin were present. The council met at 11 o'clock and approved the minutes of the last meeting and the report of the committee of the whole.

Mrs. Martin wrote complaining of the condition of west side streets, owing to which she stated that she had fallen and sprained her wrist. She asked for a grant of \$100 towards her expenses. This was referred to the commissioner of public works.

An application was received from L. W. McNeil for responsibility as city constable, accompanied by recommendations, and this was referred to the commissioner of police.

A communication from the G. W. V. A. protesting against the assessment of pensions was referred to the board of assessors.

A communication from Mrs. J. H. Prink, claiming ownership of four dogs, was received from the secretary of the board, and laid on the table, to be considered on Thursday morning.

A Bishopic Wall Board Company's communication offering their products for sale, was referred to the commissioner of public works.

A letter from the St. John Dry Dock and Shipbuilding Co., relative to their request for a transfer of foreshore property at Courtenay Bay, was received. On motion of Mr. Bullock it was laid on the table.

Mr. Thornton presented a bill from M. R. A. Ltd., for serge for policemen's uniforms at \$7 and \$7.50 a yard, totaling \$2,000, with the explanation that he could find no authorization for the purchase. As the goods are on hand and required, his motion that the bill be paid, was passed.

Foreshore Rights. The council went into committee to consider the communication from the St. John Dry Dock and Shipbuilding Co., who wrote that they were applying to the county council for the foreshore of the Municipal Home property. It was pointed out that the area to be reclaimed and which is required for the construction of repair shops and equipment, was now all covered with water at high tide and therefore of no value, and what they proposed to do with it would not prove detrimental to the county council. A request was made for support for the application.

The city engineer was heard in explanation of the plan submitted. Mr. Fisher suggested that the matter be dealt with by lease rather than transfer.

Mr. Bullock thought that the commissioners of the Municipal Home and the County Hospital should be consulted regarding the effect of future developments on the comfort of the occupants of these institutions. If the company wanted a railway spur to their property, it would be an advantage to the municipality, in that it would relieve the highways of a lot of heavy traffic, including 125,000 barrels of cement which will be required.

New Sewers. Mr. Jones offered an estimate of cost of replacing wooden sewers in streets (Continued on page 12, fourth column)

WOULD RELAX THE BLOCKADE

American View to Let Some Things Into Germany

PROBLEMS IN PARIS

Various Delegations Studying Them—May be Compromise Between Belligerents and Neutrals on Trade Matters

Paris, Jan. 21.—(By the Associated Press)—Dwelling to pressure of more urgent problems before delegates to the peace congress, various economic delegations are studying each other's trade blockade and kindred problems. It is probable they will inaugurate joint discussions during the congress. The American viewpoint contemplates a certain relaxation of the earlier "war-tight" blockade which would allow the entry of foodstuffs, lubricants and other materials into enemy countries. This is being sent into Vienna and other parts of the agricultural zone, however, would otherwise be as rigidly enforced as ever because of its value as a weapon to force the enemy to accept the peace terms that will be presented.

The restoration of the blockade as regards foodstuffs is already effective in a portion of the former Hapsburg dominions. Food is being sent into Vienna as well as to "liberated regions," and will be supplied to Germany under the terms of the armistice extension agreement signed at Tresses last Friday.

The problem of trade restrictions on neutrals as a part of the enemy blockade is also under consideration. There is a disposition in American quarters to permit exportation of most raw materials used in industries such as textiles as are required to meet the demands of home consumption. This is a disposition in American quarters to permit exportation of most raw materials used in industries such as textiles as are required to meet the demands of home consumption.

This problem, however, is complicated by the question of possible competition between neutrals and the handicapped belligerents before the latter are completely restored to their ante-bellum condition.

Engaged by representatives of various Allied and associated governments that it would be unfair to give neutrals undue preference in an international world while the Entente belligerents are unable to compete on equal terms.

American representatives believe, it is understood, that it is quite feasible to arrange a compromise between neutrals and neutrals in this matter. At least one of the European belligerents has indicated that the latter are desirous to see incorporated in the adjustments affected by the peace congress.

Iris Parliament to Meet Today

Dublin Castle Shadow

NO INTERFERENCE INTENDED

Today's Programme in Irish Language—Declaration of Independence, Message to "The Free Nations" and Appointment of Peace Congress Delegates Items on List

Dublin, Jan. 21.—(By the Associated Press)—Probably no country except Ireland could present an episode as remarkable as the assembly of the "Dail Eireann," which is Irish Gaelic for "Irish parliament," which will be called to order in Dublin's ancient mansion house this afternoon to proclaim Ireland an independent republic. Perhaps no writer except an Irishman like George Bernard Shaw could do justice to the paradoxical nature of the proceedings.

About half the Sinn Feiners elected to membership in the English parliament will participate, the other half being in various English prisons, charged with the offence of having taken part in the Dublin Castle, where presides Field Marshal Viscount French, the first viceroy of the British Empire.

Three Ways To Help Russia

Armed Force to Overthrow Bolsheviki Least Likely

THE PEACE CONFERENCE

Problem of Land of Ex-Czar the Main Matter Under Discussion in Paris Today—Most Favor for Plan to Build Wall of Governments About Bolsheviki Part of Country

Paris, Jan. 21.—(By the Associated Press)—The peace conference now has the Russian situation under active and continued examination while the plans for the league of nations are being fast brought into shape and were expected to be taken under general consideration for the first time when the supreme council reassembled today. The latest information available was that all the associated governments were prepared for the presentation of their memoranda on the Russian situation.

The council was ready to hear the statement on the Russian situation which Harold Scaventin, Danish minister to Russia, was prepared to make.

In the general informal discussion which is taking place outside the secrecy of the peace conference, which may be assumed to reflect the views being expressed within that body, the two considerations given first place are believed to be whether to attempt to build a wall or establish a quarantine around Bolsheviki Russia through giving assistance in the setting up of governments in the independent states surrounding the Maximilian territory, or whether to attempt to relieve conditions in European Russia which relief many statesmen believe would remove the cause of Bolshevism in the field.

Of all the courses suggested it would appear that the last mentioned is the one favored, certainly by the United States, and it seems that also the first named is attracting much support.

TWO GIRLS MURDERED

Slain Within Week—Left Hand Glove Taken From Each

New York, Jan. 21.—The best detectives in the city are bent on every energy to the task of finding a man who killed Miss Marie Elizabeth Riddell, sixteen years old, on Wednesday evening near her home on West 133rd street, Richmond Hill, and who also probably murdered Mrs. Maudie Riddell in a recent lot near her home in Bay Ridge, Brooklyn, last week. The two crimes were so similar in their details that the detectives believe that if they find the murderer of one woman they have the man who killed the other.

In each case the victim was struck down with a blow on the back of the head with a blunt instrument, causing probably instant death. In each case the left glove of the victim was carried away by the murderer.

Miss Riddell's body was found in a vacant lot only 150 feet from her home, to which she was returning from business. The girl's weekly pay of \$20 as a stenographer was taken from her handbag, and her gold watch, a Christmas gift of her father, was gone.

PREDICTS ALLIANCE OF GERMANY AND JAPAN

Seattle, Wash., Jan. 21.—Within the next five years Germany and Japan may be expected to form an alliance, declared Minc, Catherine Brashkovskaya, called the "little grandmother" of the "Russian revolution," at a meeting here last night.

CARDINAL GIBBONS ISSUES STATEMENT

Baltimore, Md., Jan. 21.—Cardinal Gibbons, in a statement issued last night, makes a plea that wine may be obtained for sacramental purposes. "We have 20,000 Catholic clergymen in the United States who every day offer the Sacrament of the Mass. How can they perform this duty if they are without wine? The law of prohibition strikes the individual liberty of worship."

MONARCHISTS SUCCEEDED IN NORTHERN PORTUGAL

Lisbon, Jan. 21.—The monarchist movement in Portugal headed by Paiva Couceiro has been successful in northern Portugal, and a government has been formed at Oporto, according to a report received from the governor of the province of Pontevedra, in northwestern Spain. The report adds that Lisbon is believed to have joined in the movement.

NOT FIFTY CANADIANS NOW PRISONERS IN GERMANY

London, Jan. 21.—Fewer than fifty Canadian prisoners now remain in Germany. Some of these, it is feared, will never be located as they probably have succumbed while trying to escape. A few are ill and a few more are attending on them. The total already repatriated is 3,400, while 355 died in Germany and 804 were repatriated before the armistice.

GERMAN ELECTIONS

Majority Socialists The Strongest Single Party

Bourgeois, However, Will Have Voting Power in National Assembly—Former Police Chief, Reported, Elected, May be Arrested

Copenhagen, Jan. 21.—Incomplete returns from the German elections showed last night that the Democrats polled 1,260,000 votes; Majority Socialists, 2,600,000; Independent Socialists, 401,187; Christian People's party, 1,110,187; the German People's party, 950,000; and the Conservatives, 41,887, according to advices received by the Berlingske Tidende.

While the Majority Socialists will have the ascendancy over any other single party together will have a majority in the national assembly. The German national people's party has elected eight delegates in Baden, including Herr Duester, a former minister. The Christian people's party (the former Centerists) elected five delegates, one of whom is the former president of the Reichstag, Konstantin Fehrenbach. Three delegates were elected by the German Democrats, one being Herr Delsch, former foreign minister of Baden. The Socialist Democrats succeeded in electing five delegates, one of whom is Herr Rueckert, traffic minister. Ludwig Hasse, minister of the interior, was successful as a candidate of the German Democratic party.

Berlin, Jan. 20.—(By the Associated Press)—It is probable that former Chief of Police Eichhorn and Hugo Hasse, former secretary for foreign affairs in the recent cabinet, have been elected to the National Assembly. Berlin papers announce that a warrant for the arrest of Eichhorn has been issued.

Considerable excitement was caused in Waterloo street Sunday evening between 9 and 10 o'clock when an attempt to carry away a young girl in a sleigh was made. The girl, accompanied by another, was walking along Waterloo street and, owing to conditions of one part were obliged to walk in the middle of the street. A sleigh driven by two young men was coming towards them; the girls were getting out of the way but the sleigh driver, who was driving fast, did not see them and drove straight into the sleigh.

The third alternative is the question of extending armed aid to the forces within Russia which are openly fighting Bolshevism in the field.

Of all the courses suggested it would appear that the last mentioned is the one favored, certainly by the United States, and it seems that also the first named is attracting much support.

CLOSE CALL IN AUTO ACCIDENT

D. J. Purdy and Three Others in Mishap on Way Down River

D. J. Purdy, Jarvis Purdy and two friends narrowly escaped being killed last Sunday afternoon while coming down river in an automobile. Mr. Purdy had been visiting at the farm and left Gagetown at half past four o'clock. They were proceeding along at a fast pace when a snow storm blew up and blinded the driver, making it difficult to see where he was going. As they were proceeding something black loomed in front of them and they felt their car struck and shot upwards landing on the bank of McAlpine's wharf. One of the wheels was broken and the automobile dived and aged so the party went to Mr. McAlpine's house to procure a team to drive to the city.

While they were having the automobile hauled to Mr. McAlpine's barn off the shore, the automobile was destroyed. Mr. Purdy said that if they had struck the wharf a few feet farther down river they would have been killed.

ENTERED WRONG HOUSES

The lure of the films drew him early in 1916 to the Vitaphone company, which generally sent him to the Marquette Park in Halifax. This was an ambitious series of robberies among carefully selected homes in Brookline, Mass. But the police found him in the spirit of enterprise, and on Feb. 6, 1917, he was sentenced to an indeterminate sentence not exceeding five years, for entering the wrong house.

The police here discovered this when they searched his baggage-prize with those of a George Baker, though Jackson had at first denied he ever was arrested before. But it was established that Jackson, alias Baker, was released from the Concord penitentiary in April, 1918, on his offer to enlist again, having found no man's land more attractive than jail.

True to his promise, he joined the forty-second Battalion, Royal Highlanders, and reached the other side in time to help out Foch in June. But his habits proved rather wearing on him, and Nov. 22 he arrived here, discharged because of wound again, but the robber never used a gun or otherwise rough in his work.

ROBBED NEAR ROUGH

Then, three weeks before Christmas, began the series of robberies which have made his name so well known. Van derwerker Park family heirlooms in pawnshops, from which the police rescued a large number. Some of the depredations, it was said, were committed while the families were at home, but the robber never used a gun or otherwise rough in his work.

IN FACT his slight build and mild air not only made it hard to believe that Jackson was this burglar, but caused the police to be sceptical of his ever having taken part in any engagement more savage than a tea fight. But to prove his claim that he had seen service during which he had never been cited for robbery, Jackson displayed a certificate of discharge dated Nov. 9, 1918, and exhibited the following assortment of wounds—gash in the left knee, requiring a steel plate; sharp abrasions on both thighs, a bayonet cut on the stomach and the ear on his face.

He shrouded in mystery the name of his family, those with whom he might have had dealings in the course of his burglaries, and his abode, merely giving the New Victoria Hotel in Forty-seventh street near Seventh avenue, as the place where he met between trips.

It was outside this hotel that Detectives Meyers, Conroy and Johnson arrested him, despite his outraged air.

"Why, my dear man," protested Jackson in a well bred English accent, "you've got me badly wrong. I'm a perfectly respectable gentleman, from a perfectly respectable family, and you're making a badly mistake."

POLICE DOG AID ARREST

But Detective Meyer's son convinced Jackson that he was making no mistake, having been well retrained with information by a certain Harry Kohn, and Jackson, according to the police, admitted that Kohn knew very much about

WOMEN TAKE UP IMPORTANT PROJECT

New Nurses' Home—Matter Before the Municipal Council

The women of St. John, who have accomplished so much for the public welfare, are now prepared to undertake another important project. The latest proposal is that they should increase the extension of the General Public Hospital, and to aid in this, should undertake a dam or dam on the site in White street, adjoining the hospital grounds, recently secured for that purpose, thus having the present nurses' wing free for general hospital purposes.

THIRTY-FIVE or forty ladies met last evening at the home of Mr. and Mrs. A. C. Skelton and heard from Dr. W. W. White and Dr. Thomas Walker of the needs of the hospital and the ways in which they might be met.

This afternoon a committee of ladies will wait on the municipal council and present their suggestions. A proposal also will be laid before the council for application for permission to issue bonds to the amount of \$100,000 for the purpose of extending and improving the present hospital building.

The council approves of the proposal. It is intended to make the nurses' home a memorial to the soldiers who have fallen in the war, and also to Nursing Sister Anna Stammers, a graduate of the hospital, who lost her life in the hospital during the war.

A morning paper published a statement that the Landersea Castle was sunk by a German submarine.

RATHER LIVELY AT CEMETERY MEETING

Annual Meeting of Cedar Hill Cemetery Company Not Concluded

The annual meeting of the Cedar Hill Cemetery Company, Ltd., was held last evening in Temperance Hall, Fairville. Edward G. Jones, president, presided and there was a large attendance.

There was no record of the last annual meeting available and it was decided to proceed with other reports.

Treasurer R. J. Adams said that his books were still in the hands of County Treasurer Thomas to be audited and had been there eight days. The county auditor had been very busy and had not completed the audit in time for the meeting.

Several objected to this state of affairs, but finally the president read his own report on the assets of the company and other details.

Next a motion to adjourn was put to the meeting and carried by a standing vote of thirty-nine to twenty-one. The next meeting will be held in two weeks.

There were no lady members of the directorate present. At times the meeting was very spirited. On more than one occasion the chair was called upon to maintain order and charges and counter charges were made during the progress of the meeting.

How Any Woman Can Remove Hairy Growths

(Beauty Culture) It is not longer necessary for a woman to visit a beauty specialist to have superfluous hairs removed, for with the aid of a plain delicate paste, she can, in the privacy of her own home, remove even a stubborn growth in a very few minutes. The paste is made by mixing some water with a little powdered dandruff. This is applied to the hairs and after 2 or 3 minutes removed and the skin washed, when it will be left clear and hairless. Be sure you buy real dandruff.

Combing Won't Rid Hair of Dandruff

The only sure way to get rid of dandruff is to dissolve it, then you destroy it easily. To do this, get about four ounces of ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

Do this tonight, and by morning, most if not all of your dandruff will be gone and three or four more applications will completely dissolve and entirely destroy the scalp and rub it in gently with the finger tips.

You will find, too, that all itching and itching of the scalp will stop at once, and your hair will be fluffy, lustrous, sleek and soft, and look and feel a hundred times better.

You can get liquid arvon at any drug store. It is inexpensive and never fails to do the work.

Don't Spoil Your Hair By Washing It

When you wash your hair, be careful what you use. Don't use prepared shampoos or anything else that contains too much alkali, for this is very injurious, as it dries the scalp and makes the hair brittle.

The best thing to use is just plain multigrain oatmeal oil, for this is pure and entirely greaseless. It's very cheap, and beats the most expensive soaps or anything else at all to pieces. You can get this at any drug store, and a few ounces will last the whole family for months.

Simply moisten the hair with water and rub it in, about a teaspoonful is all that is required. It makes an abundance of rich, creamy lather, cleanses thoroughly, and rinses out easily. The hair dries quickly and evenly, and is soft, fresh looking, bright, fluffy, wavy and easy to handle. Besides, it loosens and takes out every particle of dust, dirt and dandruff.

THE THRIFT STAMPS

Sir Douglas Hazen sets forth very clearly in his address on the subject of the need and the national value of the sale of thrift and war savings stamps to the people of Canada. The war has left us with an enormous debt. A great deal of money will be needed to get the soldiers settled to their advantage, as is their right, in civilian life. Many millions will be needed for pensions for disabled soldiers and dependents of men who have given their lives. To meet the changed conditions caused by a cessation of war work, vast sums must be spent on public works. If Canada is to derive profit from trade with devastated countries in Europe, the government must establish credit, for those countries cannot pay cash. For all these reasons, therefore, the government must have money. It cannot as in former years borrow in England or the United States, which have their own problems to solve. But it can borrow at home. The sale of Victory Bonds proved that fact, and the advantage of the thrift and war savings stamps is that the man or woman or child who could not afford to purchase a Victory Bond can invest as small a sum as twenty-five cents, and keep on so investing as their circumstances warrant. These stamps have had a wonderful success in the other country and the United States.

Sir Douglas points out that by loaning money to the government in this way the interest is kept in the country instead of being sent abroad, and that is an important consideration. An investment in these stamps should also make the investors more deeply interested in the affairs of the country and the purposes for which the money loaned to the government is expended; and that is most desirable.

In a word, when the government can borrow money at home it is good for the country and good for the investor in these stamps. It is a patriotic investment as well as one that yields good returns. The security is the Dominion of Canada. Before the war we were becoming to some extent a spendthrift nation. The war has imposed upon us very heavy obligations which we cheerfully assumed because it was a righteous cause. The call for thrift is more urgent than ever before. That is why the people should get the habit of investing loose change in thrift stamps, casting an anchor to windward while they also help to provide the means to keep the country prosperous, and pay in part at least its debt to those whose valor and devotion contributed so much to the victory which saved the world for democracy.

TOO MUCH PARTISANISM

More of politics in its highest sense, and less of partisanship, is one of the great needs of our time in Canada. It is quite too much the habit to regard the success of a party as the aim and end of all political effort on the part of the individual. Today in New Brunswick there are many people who know that the leaders of their party in provincial politics have proved unworthy, and yet because of the party they will not publicly repudiate these leaders. Why? Do they think the province would suffer if these men were retired? Not at all. Some would probably vote at a general election to defeat them. Others would support them for the sake of the party. But why stick to a party when it has made through its leaders a shameful record? That which every citizen should seek is the welfare of the province, and when it is betrayed he should give his support to a new government. If the latter proved incapable or insincere he should in turn abandon it and its works. Only where the mass of the electors are sufficiently independent to convince public men they cannot make party support a base for crooked political work will there be good government. Policies and a party, merely as a party, deserves no consideration whatever. And yet the party is the thing that most people think about when an election is in the air. When the election is over they again lose interest in public affairs. This is far from being a desirable condition. A keen and jealous public interest keeps public men up to their work and is the only guarantee of a business-like administration.

The superintendent of the Ontario government labor bureau says that the number of unemployed in Toronto does not exceed ten thousand. He says the situation is serious, but not alarming. If ten thousand are idle the situation certainly is serious, and the municipal, provincial and federal authorities should see to it that the number does not greatly increase, whether in Toronto or other parts of the country. Illness breeds unrest, and where men have families to support it breeds discontent if not disorder.

The complete returns from the German national election indicate a republican form of government is desired, but that the extreme radicals will not be in control. The country appears to be moving toward order and stability, which cannot but have a good effect in Russia.

MY SHIP.

(Rev. George Scott.)
The streamlet seeks the river,
And the river seeks the sea,
Ye roving winds of ocean
Blow gently my ship into me.

Long have I watched and waited
Where the tide and river meet,
The ships sail in the harbor,
And the sailors' songs are sweet.

But not for me the music
Of the drooping anchor chain,
My watch fire on the headland,
Must flare through the night again.

Whether by noon or starlight,
My ship shall arrive at last,
Bearing a precious burden
And my weary watch be vast.

My ship shall come to anchor
With the sound of ringing cheers,
The pilot's hearty greeting
Shall cheerly banish my fears.

The streamlet seeks the river,
And the river seeks the sea,
The heaving tides of ocean
Flow on in their majesty.

But yet I know that always
The sails of my ship are bent
To favoring winds of heaven
And my heart is well content.

LIGHTER VEIN.

She Had The Man 'Til
"Has you made all arrangements for your marriage, Mandy?" Well, not quite all, Dinah. "I've got to buy a trousseau, and rent a house, and get my husband's job, and buy him a good suit of clothes, and get some regular washin' work to do. And when them's done I kin name the happy day."

Another Interpretation.

"Charley, dear," said young Mrs. Torkins, "are we going to have freedom of the seas?"
"Why are you so interested?"
"I haven't forgotten the way we were treated at the beach last summer. I don't believe anybody has a right to rope off the ocean and then charge you fifty cents for the privilege of taking a bath in it."

The Flirt.

An old lady was being shown over country seat in North Wales which is famous for its fine pictures. One of these was a portrait of "Neil Gwyn, after Sir Peter Lely."
"So that's the hussy, is it?" she remarked presently, "but I always thought it was King Charles II. she was after."

DECIDE TO ENTER BERINKEY CABINET

Berne, Jan. 20.—The Socialists in Hungary, according to a telegram from the Hungarian press bureau, have decided to enter a cabinet headed by former Minister of Justice Berinkey, in which they will collaborate with the non-Socialist parties. The Socialists, it is added, would receive the portfolio of war, interior and public instruction.

Another telegram from Budapest says that Count Karolyi, the president of the Hungarian republic, has entrusted to M. Berinkey the formation of a ministry.

VETERANS TO SEND A TEAM TO BISLEY

The Great War Veterans Association held their monthly meeting last evening. Captain G. Earle Logan, president, presided. Eighteen new members were initiated into the association. A resolution was passed that a committee be appointed to meet and make arrangements for the entrance of a team in the next life insurance competition. The meeting will be held in the rooms next Monday night for members and their friends. Messrs. McMillan, Barber and Pink were added to the executive. Rev. G. A. Kubring was appointed to represent the veterans at the annual convention of the Canadian republic, which was held in London last week. A discussion took place regarding the war badge to show that the wearer had seen service in France.

Situation of Belgian People

The Editor of the Times—
"Sir—We have just received the following information about the present situation of the Belgian people which we take great pleasure in bringing to your notice. This information is embodied in the supplementary addresses from the headquarters of the Commission for Relief in Belgium by its chairman, Herbert Hoover, from which we quote the following extracts:
"An examination of the population reports that the shipment of food by the commission for relief in Belgium during the past four years have brought these people through their ordeal without irreparable damage to the national health. There exists among certain classes under-nutrition but continued supplies of food will rapidly rectify this. There has been a considerable spread of tuberculosis as a result of this under-nutrition but the Belgian authorities believe that this can be stamped out without great loss provided adequate supplies of food arrive.
"The most cheering factor in the situation is the condition of the two million Belgian children who have been the objects of the utmost solicitude of the whole world during the four years of occupation. Because of the supplementary meals furnished by the commission and the many children's institutions which have been largely supported by the magnificence of the American people, these children have come through this period in a state of health far better than could be expected. This will be a cause of great satisfaction to the hundreds of thousands of people who have given liberally to save the child life of Belgium.
"The new rationing system and price control of meat and other native foodstuffs will be in operation in a few days. It has been necessary to increase the volume of imports and with enlarged financial assistance from the American government, the distribution of these imported foods is now in operation practically throughout the territory."
"Prior to the occupation, something like 8,500,000 people were destitute, and were dependent, not only on the rationing of foodstuffs, but on the generous Canadian public either through advertisements, circulars, entertainments or kind donations of clothing either new or second-hand, in good repair, as stated above, are badly needed under the present conditions and will receive with particular heartfelt thanks.
Those Texans were certainly not trying to uphold the hands of President Wilson. They were showing the world that all the savages are not in Kaiserland."

RECENT DEATHS

Rev. R. J. Coughlan.
Rev. Richard J. Coughlan passed away in St. John Infirmary last evening after illness of several months. The news of his death was heard with keen regret by a circle of friends, and more particularly those of the parish of Johnville, where he had labored for the last thirteen years.

Father Coughlan, who was in his forty-first year, was the eldest son of Hannah and the late Richard Coughlan, of this city. He was ordained to the priesthood at the Cathedral seventeen years ago by Archbishop Casey, then bishop of this diocese, following an exemplary course at St. Joseph's University and the Grand Seminary at Quebec. For four years he was stationed at the Cathedral and during that period he achieved much. He served as chairman of various Catholic societies and was a period director of the boys' Sunday school classes. He made a host of friends, and was a most devoted and generous attention in his parish.

Thirteen years ago he was sent to Johnville and his labors there have produced wonderful results in a practical and spiritual way. His parishioners loved him and he reciprocated with the most successful that the art club has ever held. There is a real bread flavor you'll always get if you bake with

THE ART CLUB

A lecture and entertainment on Grecian Art was given in the Art Club rooms last evening by Mrs. W. E. Raymond, and several of the pupils of Miss Amelia Green. There was a very large and appreciative audience present, and the evening was voted to be one of the most successful that the art club has ever held. The proceeds of the lecture and entertainment were for the club funds.

Mrs. Raymond delivered a very entertaining and instructive lecture on Grecian Art. She dwelt upon the training of the children, the relatives of the Greek family, the music and literature of the Greeks and also with the famous Olympic games. The lecture was greatly appreciated by the audience, and brought forth much applause.

This was followed by tableaux of Greek statuary arranged by Miss Amelia Green and posed for by several of her students. The complete figures of those taking part were clothed in white, and under spot light it was difficult to detect whether it was a human being or a piece of marble statuary. Each pose was prefaced by a few remarks by Miss Green.

The stage was draped in with dark green hangings, and this setting made the marble effect stand out in splendid contrast. Miss Green is a graduate of the Emerson College of Oratory, Boston, and is to be greatly complimented on her fine exhibition.

Miss Rhona Lloyd also added to the enjoyment of the evening by two violin solos, *Thais*, by Massenet, and the *Old Refrain*. Miss Lloyd also played violin accompaniments during the tableaux, which greatly enhanced their pleasing effects. Kenneth Robb acted as pianist. At the conclusion of the entertainment refreshments were served to those taking part, through the kindness of Mrs. T. H. Espinbrook.

The tableaux and poses were: *Ariadne Sleeping*—Miss Vivian Powell.

Abbey's Salt

is an old and reliable saline, which dissolves in warm or tepid water, making a sparkling, pleasant, invigorating morning drink. It is a gentle laxative; regulates the kidneys and bowels; sweetens the stomach; makes the whole system regular and active; and keeps the blood pure and rich. Good for every member of the family.

Recommended by Physicians and Druggists.

Food Board Flash

In this country we are apt to be finicky about new foods. Instead of giving them a trial we regard them with suspicion. Families get into food ruts and insist on having only such varieties of food as they are used, although quality valuable fare may be available at lower prices. An instance of this is the neglect of the cheaper cuts of meats. Women buy round and tenderloin steaks and consistently boycott the cheaper cuts although they are quite as palatable and lower in price. Again, they buy halibut and salmon in preference to cod and haddock, although the latter cost about half as much and are just as good.

We need to get over our food prejudices. We need to learn how to cook all kinds of staple foods and to serve them in a variety of ways. Simple dishes well prepared are better than expensive foods badly cooked.

THRIFT RECIPES

Issued by the Canada Food Board.

CORN AND POTATO.

One cup corn.
Four cups diced potatoes.
Three cups milk.
One cup boiling water.
One tablespoon fat.
One onion grated.
Salt and pepper to taste.

Method:—Put the fat into the frying pan. Add the onion sliced very thin and cook until brown. Then add the seasonings, boiling water, corn and potatoes and cook until the potatoes are soft. Add the milk and more salt and if needed bring to the boiling point and serve very hot.

School Board Votes Increases For Teachers

Twenty-five Per Cent More for Male Teachers, \$100 Extra for Ladies and Raises for the Officials — Supplementary Estimate of \$40,000

The school board at its adjourned meeting last night voted an increase of salary to the superintendent of schools, to all the teachers in the schools and to the office staff of the board and referred the matter of the salaries of the janitors to a committee which will report at a meeting next Monday. The finance committee was appointed to wait upon the common council and ask for a special supplementary assessment of \$40,000. The increases that were voted were the full amounts asked by the teachers but dating from January 1 instead of September 1, and giving the lady principals \$100 more than they had asked for. The amounts voted were as follows: Dr. H. S. Bridges, \$2800; Secretary A. Gordon Leavitt, \$2001; Assistant Secretary M. F. Reed, \$1500; trustee officer and carpenter, \$1000 each; women principals, \$2000; women teachers, \$1000; all men teachers 25 per cent of their present salaries. One member of the board opposed all the increases, being in favor of bonuses until more settled times and another was not in favor of increasing the salaries at all next year when the board's finances would be more satisfactory. The repairs of buildings and the use of school forums for public meetings were discussed. Coal was reported to be coming in in satisfactory quantities.

Chairman R. B. Emerson presided and the following trustees were present: Thomas Nagle, G. H. Green, M. Coll, E. R. W. Ingraham, George E. Day, H. Colby Smith.

Might Go West.

The motion that the board grant an increase of \$200 to the women principals, \$100 to the other women teachers and 25 per cent of their present salaries to the men teachers dating from January 1 was made by Mr. Smith, seconded by Mr. Nagle, and eventually carried. Mr. Smith pointed out that should the teachers not get their increased salaries they were likely to find other openings in the west and that the board would be unable to replace them at so small a sum as their present salaries plus the increase.

Mr. Day was of the opinion that no increases should be voted until next year when the provincial government grant would be available. He said that the government had received the recent delegation so favorably because of the understanding that the proposed increase should be used partly to lessen the overdraft.

Mr. Nagle said the board overdraft had been much larger at other times and he thought a bond issue by the board could be obtained for \$25,000 and additional assessment of \$80,000 asked for from the council and that the school board should not be bound by the provincial government as to what it should do. It was pointed out that the overdraft when it had been larger than \$88,000 the present year had only \$10,000 for a short period due to the different time of paying taxes in previous years.

Mr. Green moved an amendment that a special assessment should be asked for to give a bonus to the teachers as he thought the cost of living was likely to go down. The amendment was not seconded. Mr. Ingraham's amendment that the increases should date from September 1 was not carried. Mr. Smith stating that it was not incorporated in the original motion because he understood that it would require \$7,000 larger assessment and the estimates were already before the common council. Mr. Day's amendment that a flat rate increase of \$100 be given the women was lost. He pointed out that the city was taxing people to such an extent that they could not remain in the city, was poor but that the increases should be voted.

His amendment that the men teachers should receive 20 per cent instead of 25 per cent increase was also lost.

Up to the Council.

In discussing how the money was to be raised, the chairman said many banks in the city would be likely to take up the matter. Mr. Green said that the common council had said it would raise money and it should be left to the council to do so.

On the motion of Mr. Coll, seconded by Mr. Smith, increases to the office staff were granted as follows: Secretary, \$2000; assistant, \$1500; and trustee officer and carpenter \$1000 each per year. Mr. Day, Ingraham, and carried unanimously, was that an increase of \$250 be given to Dr. Bridges.

Mr. Nagle reported that a janitor of St. Vincent's school having resigned, Daniel Coughlan, a returned soldier had been engaged at the same salary of \$1,000.

Mr. Coll said coal was coming in freely, and at a fair price and that he believed there would be no difficulty in obtaining all that was wanted for the schools.

The advisability of appointing a superintendent of buildings to carry out the wishes of the board was discussed, and Mr. Nagle said that he was highly in accord with such an appointment and thought that when the local government relieved the school board of the expense of medical examination that money could be utilized in the salary of a superintendent of buildings.

Mr. Nagle's motion that the finance committee be instructed to visit the common council and ask that body to make a supplementary assessment of \$40,000 this year to cover the increase in salaries and to wipe out a part of the

have now a greater enemy facing us—the enemy of ignorance, which we must combat with the army of educationalists presided over by the minister of education.

As one of the means to attain those aims Prof. Peter Sandford of the University of Toronto suggested a greater variety in the school curriculum. The present uniformity, he said, makes no allowance for the difference in minds, largely because the teachers themselves are all trained in the same school. He suggested the abolition of the school trustee and the school section and the

More Variety Needed in Educational System, Say Speakers at Women's Meeting

(Toronto Star)

That the teaching profession of Canada should be allowed wider latitude, and that more variety be needed in our educational system, were some of the conclusions reached at the educational conference held by the Women's Canadian Club in the new Masonic Hall on Saturday afternoon.

"What should our aims be?" asked Prof. Martin, director of the studies of the Royal Military College, Kingston. "These must come from public demand. Expert educationists are simply deck hands on the ship of State, and the public decides what cargo the ship may carry."

The professor declared that, having fought one great enemy to a finish, we

TEACHERS PAY IN TORONTO

(Toronto Star)

Salaries of teachers in Toronto's high and public schools are to rise again this year if the teachers have their way.

Requests have already been made to the trustees for favorable consideration of a revision of the salary schedule. Trustee C. A. B. Brown has a motion before the board of education at tomorrow night's meeting to commit the board to a minimum of \$800 a year for the female teachers in the public schools, and he is confident that it will carry.

Last year several of the trustees made an attempt to fix an \$800 minimum, and they almost succeeded. This year there is little doubt that it will be fixed at that figure.

The present minimum is \$700 and the maximum is \$1,400, but the climb is weary and slow for the annual incre-

establishment in their place of county schools and county trustees.

The apathy of the people of Ontario regarding the education of their children was strongly denounced by Professor Malcolm Wallace. "I do not believe there is a solitary rural community in Ontario where the truancy act is in force," he declared. He also spoke of the inefficiency of many of the secondary teachers—little girls of seventeen, sometimes working for smaller salaries than are paid to unskilled labor. Among the remedies suggested by Prof. Wallace were: Better salaries, more freedom for the teachers in their teaching, more opportunity to continue their own education, and inspectors who would inspire instead of terrify.

Miss Walsh, principal of Bishop Strachan School, spoke of the attention of Canadian girls and of the value of play in the education of girls. Now that German has practically disappeared from the curriculum, she thought that science will be more generally adopted.

"Whatever democratic teaching means it does not mean that every type should receive the same education," said Principal Grant of Upper Canada College, speaking on the education of Canadian boys.

"The best any educational department can do is to regulate as little as possible," said Miss L. Dent, president of the Froebel Society. "What makes the teacher grey before her time? Not the children. It is the elaborate framework built up around the children, the regulations interpreted too literally, which take all the joy out of teaching."

ment is only \$60. If the annual rate were \$100 it would induce some teachers to stay on the staff.

High school principals and assistant masters have also asked for salary revision, but instead of making any specific demand they have asked for a conference with the trustees in regard to the cost of living and the expense of maintaining a home under present conditions.

Montreal, Jan. 21.—A despatch to the Gazette from Ottawa says: Primarily to taking such steps as may be necessary to secure land for the carrying out of the federal government's plan for the settlement of returned soldiers upon farms, W. F. O'Connor, R. C., has been appointed to a new office as special counsel of the soldier settlement board.

A novel entertainment was held last evening in Centenary Methodist church when the evening took the form of an automobile party. There were about sixty present.

are responsible for the majority of colds. You cannot always avoid these winter evils, but you can, by using Peps, stop the colds and chest troubles they cause. Peps contains absolutely no harmful drugs and can be taken with perfect safety by elderly people and young children.

As soon as dissolved in the mouth, Peps liberate a pleasant, yet highly medicinal vapor, which mingles with the breath, and is carried to the remotest parts of the nasal passages, breathing tubes and lungs. These fumes destroy all the germs of cold, influenza and bronchitis which otherwise would develop in consequence of the body's vitality and power of resistance having become lowered. Peps strengthens the delicate membranes and make your throat and breathing passages 'coldproof.' By being prepared

with Peps you can save yourself a great deal of suffering and expense, as well as time and inconvenience. Mothers should always keep a supply of Peps on hand for children's coughs and colds which should be treated immediately, as neglected colds in childhood often lay the foundations of weak constitutions. Get a box to-day. It will certainly repay you for the small expenditure—50c box, all dealers.

Where a cold has been allowed to develop, Peps will be found equally effective. Also for coughs, bronchitis, sore throat, laryngitis and asthma.

SAYS EX-KAISER MUST BE TRIED FOR HIS CRIMES

Paris, Jan. 20.—(Havas Agency)—Long discussions concerning the responsibility of former Emperor William and other prominent Germans for crimes committed in the prosecution of the war appear in the newspapers. The Matin says that, as regards the crimes committed against France, the facts already have been established by a careful inquiry which has virtually been completed. It says that several eminent jurists unanimously hold that William Hohenzollern can be prosecuted under article 56 of the Hague Convention, which lays down rules for warfare on land. The jurists are of the opinion that the punishment must be inflicted on those who issued the orders rather than on the subordinates who carried them out.

The Journal calls attention to the fact that there is available to the peace conference a committee on juridical consultations to which the opinion of the delegates regarding the responsibility of William Hohenzollern will be referred. This committee could then present plans for a formal inquiry to the conference, which, if it agrees with the committee, can issue a formal indictment.

To obtain the release of the former emperor, the paper adds, a demand can be made on Holland by the nations about to form a league of nations. The demand will not be for the extradition of the former emperor, but for his surrender.

The paper says it is the opinion of leading jurists that Holland, which was made an empire by the nations, cannot evade the duty of surrendering the former emperor to the other nations in the league in order that he may be brought up for trial.

SPLINTER CAUSED BLOOD-POISONING

From just such simple injuries, serious cases of blood-poisoning sometimes develop. Mrs. Helm of Tidnish River (R.R. No. 1), N.S., ran a splinter into her hand, and as she could not get it all out, the place became very sore and festered. Finally, despite all her efforts, blood-poisoning set in.

Writing about it Mrs. Helm says: "The pain I suffered was at times intense, and although I tried remedy after remedy, it got no better and eventually turned to blood-poisoning. I had suffered for several months, when one day I saw Zam-Buk advertised, and decided to give it a week's fair trial. By the end of that time my hand was so much better that I was able to extract the splinter. I continued using Zam-Buk. Gradually the poison was all drawn out, the pain was ended, the swelling disappeared, and finally the sore place was entirely healed."

The above case is typical of scores; Keep Zam-Buk handy in your home, and by applying it immediately an injury is sustained, prevent any possibility of festering or blood-poisoning. You will find Zam-Buk equally good, too, for all skin troubles, eczema, boils, pimples, ulcers, abscesses, running sores, bad legs, piles, cuts and burns. All dealers or Zam-Buk Co., Toronto. 50c box, 3 for \$1.25.

FREE TRIAL—Send this advertisement and 1c. stamp (for postage) to Zam-Buk Co., Dupont St., Toronto, and receive free trial box.

"Bolshevist Power Is Enemy of The Entente"

Paris, Jan. 20.—(By the Associated Press)—The two notable events of the day at the peace congress were the meeting of the Supreme Council to consider the Russian situation and the gala luncheon to President Wilson at Luxembourg Palace.

The luncheon, besides bringing together a brilliant assemblage, also brought out the declaration from President Wilson that the "peril of France, if it continues, will be the peril of the world, and not only France must organize against the peril, but the world must organize against it."

The meeting of the Supreme Council was attended by representatives of the five great powers. An hour was given over to hearing M. Noulens, the French ambassador who has just returned from Russia, where he personally witnessed the various changes which have been taking place in the government and conditions there. What he told the council was not disclosed, but an authorized statement from M. Noulens sums up his views thus:

"The Bolshevist power is the enemy of the Entente. It is responsible for the Russian defection from the Entente. It furnished Germany with food during the war. It protested against the terms of the German armistice. These acts show an uncompromising attitude of hostility against the Entente.

"Tyranny and terror, which are increasing daily, should place the bloody chiefs at Moscow and Petrograd outside the pale of humanity. No society of nations could deal with such a regime, which constitutes today the most serious obstacle to a general peace. Until the fall of the regime, which I hope to see the Allies actively undertake, Europe will continue to be exposed to the severest risks of agitation and war."

CANADA'S DELEGATES TO PEACE CONGRESS

Paris, Jan. 20.—At the opening of the peace conference on Saturday the British delegation held positions immediately to the left of President Wilson, occupying the head of the table and extending down the side. First came five members drawn from the all-British panel, then representatives of Canada. The four Canadian ministers in Paris represent the panel from St. George, Foster and Hon. Arthur Sifton were selected to represent Canada directly in the conference. Sir Robert Borden was offered a place on the British delegation, but inasmuch as Newfoundland has no direct representative, he stood aside and Premier Lloyd was present as the fifth British delegate, the others being Lloyd George, Mr. Bonard Law, Mr. Balfour and Mr. Barnes. In deliberations of the conference the British delegation as representing one of the great powers, will always take part, and it has been agreed that at least one of the five British delegates will always be a representative of the overseas dominions. Upon occasion there will be more than one such representative. Nothing will be considered without participation in the discussion of representatives who will be able to speak for the British dominions. Canada, in the allotment of these representatives upon the British delegation, will thus get the consideration which is her due as the premier overseas dominion.

MANITOBA WOMEN WANT LAWS CHANGED

Winnipeg, Man., Jan. 20.—Sixty women, representing the women voters of Manitoba, waited on the provincial government today and asked for certain sweeping reforms in the laws affecting the legal status of women and children. They were promised that their requests would receive every consideration by the legislature.

It was asked that every wife be granted a third interest in all her husband's possessions, with legal right to will it away.

That mothers be granted equal guardianship with the father of her children.

That illegitimate and foster children be given equality with legitimate children under the Wills Act, in the devolution of estates.

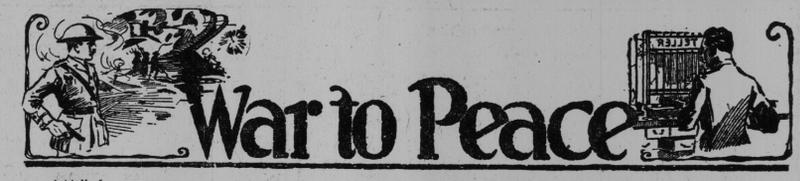

That certain changes be made in the Vital Statistics Act, so far as the act related to the paternity of illegitimate children.

GENERAL REDUCTION IN U. S. TELEPHONE RATES

Washington, Jan. 20.—New toll and long distance telephone rates approved by Postmaster-General Burleson will become effective at midnight tonight except in those states where temporary restraining orders against the companies have been issued by the courts. This announcement was made tonight. The new charges were recommended

in the first report of the committee on rate standardization. Mr. Burleson said their effect would be to equalize the toll and long distance charges over the country.

In many instances rates in certain localities will be increased, and this fact led to efforts of some state regulatory bodies to prevent the new schedule being put into effect. Generally, however, there will be a reduction in rates, according to the postmaster-general.

War Service Gratuity

As soon as a soldier is discharged from the army his first concern is to find a job. He may not find a job at once. During his period of unemployment he will however be in receipt of his War Service Gratuity.

Before the Armistice was signed "post discharge pay" was granted to discharged soldiers. Upon the signing of the Armistice it was felt necessary to make certain changes.

A larger grant will now be made to all who have served at the front whether discharged before or after the Armistice. Those who were on active service on the date of the Armistice, but had not served at the front, will also receive a gratuity on a higher scale.

The War Service Gratuity is given over and above any "back pay," pension or clothing allowance to which a man may be entitled.

It is given in addition to all the care, attention and service which the Government will devote in order to restore our fighting men to civil life.

To Whom Awarded.

All soldiers discharged on or after November 11th, 1918, who have served with good conduct will receive War Service Gratuity according to their class.

Soldiers discharged before November 11th, 1918, will receive War Service Gratuity only if they served at the front in any actual theatre of war.

If a soldier discharged before November 11th, 1918, did not serve in an actual theatre of war he will be entitled only to post discharge pay—according to his class on the old scale.

The Amount of the Gratuity.

The gratuity consists of a continuation of a soldier's pay, field allowance and separation allowance for a period beyond his discharge.

This period is graded according to the length and character of service.

If his service has been in part overseas his gratuity is figured on a higher scale than that of the man who has served only in Canada.

The maximum gratuity for the man who has served overseas is six months. This is given to the man whose total service amounts to three years or more.

Three months gratuity is the maximum for the man who has served in Canada only, and it is given for three years' service.

If the monthly pay and allowances for a man whose dependents have been receiving separation allowance should be less than \$100 he is given \$100 per month as gratuity. A part of the gratuity equal to separation allowance will be paid direct to the dependent entitled to it.

If the monthly pay and allowances for a man without such dependents should amount to less than \$70.00 he is to receive \$70.00 per month.

Further, every gratuity granted will amount to at least one month's pay, field allowance and separation allowance.

When Payable.

Men who have already been discharged will be given the gratuity to which they are entitled (less any "post discharge pay" they have received) after February 1st, 1919.

Application for an adjustment must be made to the paymaster of the district from which the soldier was discharged. The necessary forms to be filled out in support of each claim for adjustment may be obtained from the military headquarters of each district, from district and unit paymasters and from officers commanding militia units.

Men who are still in the service will receive their first month's gratuity immediately upon their discharge—unless they are "boarded" to receive treatment and full pay and allowances from the Department of Soldiers Civil Re-Establishment.

Men who are in the care of the Soldiers' Civil Re-Establishment will get their gratuity as soon as they cease to receive full pay and allowances.

By this token Canada will record her appreciation of her soldiers and sailors—to a degree more generous than that shown by any other nation.

Read What It Says on the Front of the War-Savings Certificate

... the Dominion of Canada will pay on January 1, 1924, to the owner named on the back hereof the sum of \$5.00 in respect of each Canada War-Savings Stamp of the First Series (1919) then attached thereto. Each such stamp is also redeemable at the option of the owner at an earlier date for the lesser amount indicated in the table of surrender values printed hereon.

Estimate.
1918 Assessment, \$66,293.11
1919 Assessment, 75,489.74

Increase \$9,196.63

Note.—This increase chiefly due to the new schedule for the police force, which was adopted by the Common Council in December, 1918, which amounted to \$88,921, an increase of \$22,762.63 over the previous estimate of \$66,158.37. I have reduced \$16,139.75.

Mr. Fisher asked when the commission would be appointed a new chief and if the appointment would affect the estimates. When Mr. Thornton said he was not prepared to recommend a new chief but that the appointment would not affect the estimates, Mr. Fisher said it might be impossible to secure the right man at the figure mentioned.

Mr. Thornton said that he did not think it necessary to give the new man the same salary at which the other left, with the expectation that it would be increased at the end of a year.

He was recommending only one inspector, instead of two as provided in the revised schedule adopted by the council before the recall elections. He also was recommending only forty-one patrolmen instead of forty-five as was cutting out the \$2,500 allowance for extra men. The increases provided for in the previous estimate was \$22,762, but he had cut this down by almost half.

He was recommending an increase of \$140 for the police clerk, whose salary had been stationary for many years. He also considered recommending the payment of a lump sum to Mrs. O'Leary instead of the annual salary of her deceased son.

The item for a bread and weight inspector's salary was questioned on the ground that the board of health should look after this work.

The commissioner suggested that it might be reasonable to pay new policemen less than those who have seen several years' service. The mayor explained that the figure formerly fixed was adopted as a maximum not necessarily as a minimum.

To Mr. Fisher, Mr. Thornton said that he considered forty-one patrolmen necessary. Mr. Jones commented that it had been believed he could get along with one policeman necessary.

The commissioner of safety said he believed he could get along with one chief detective and two instead of three detectives. To avoid confusion it was decided to call the chief detective a detective sergeant.

The estimates were laid over for revision.

The mayor announced that the council would consider grants on Thursday morning.

Mr. Thornton reported that the power company had replaced the street light at the corner of Main and Bridge streets to the satisfaction of the complainant, Mr. Paterson.

Mr. Thornton also reported on a complaint by Captain Royden Thomson regarding discourtesy on the part of a driver of the motor ambulance. Captain Thomson had informed him that he did not wish to have the man dismissed if the offence was not repeated with others, and the commissioner had informed the driver that his position depended on his future good conduct.

On motion of Mr. Fisher, the time for receiving tenders for stone crushers was extended one day, and authority given for their consideration by the commissioner of public works, the mayor, city engineer and council clerk.

On motion of Mr. Fisher, the wages of the mechanical foremen were increased from \$4 to \$4.50 a day.

Mr. Fisher's motion recommending action by the board of health to safeguard the water supply was adopted.

The committee arose and reported and the report was approved.

Mr. Thornton announced that he expected to be able to present his recommendation for the appointment of a new police chief at the next meeting of the council.

The council adjourned.
