RE-EXAMINATION IN RAILWAY CASE

This Morning's Proceedings At Fredericton Trial

THAT MISSING CONTRACT

Stewart Says He Believes Pinder Took It—Estimates of Contractors' Engineer and the Matter of Rock Work on the Road

Fredericton, N. B., Jan. 9.—The cross examination of John E. Stewart in the Southampton Railway case was concluded this morning and F. B. Carvell began re-examination. The time was mostly taken up with a review of the evidence previously given and denials of questions put forward by the defendant's counsel.

The witness denied emphatically that his contract to build the road had been based on a letter signed "A. J. Danforth," concerning the authenticity of which the defendant's counsel had thrown doubts. The witness was very indignant because Mr. Teed had endeavored to confuse William J. O'Keefe, his son-in-law, with a saloon keeper in St. John.

On re-examination the witness testified to paying \$884 out of his own pocket for the original survey. Mr. Stewart produced estimates of Mr. Brown, engineer in work for the contractors who actually built the road, to show that rock work on the road completed cost only \$890. He would be very much surprised if it were contended that the rock work cost \$19,000 and would defy any engineer to find that much there. He considered that \$8,000 would be more than sufficient interest on capital during construction.

MORE PROTECTION FOR THE STEEL INDUSTRY?

This is Prediction at Annual Meeting of Sydney Board of Trade

Sydney, N. S., Jan. 9.—The first annual banquet of the Sydney Board of Trade was held last night. Among the speakers were J. W. Maddin, ex-M. P.; J. C. Douglas, M. P.; J. P. G. G. Martin, general superintendent of the Dominion steel plant and H. C. Burchell, C. E.

Mr. Douglas predicted that additional protection for the steel industry would be forthcoming at an early date.

MAY BE VIOLENCE IN SOUTH AFRICA RAILWAY TROUBLE

Capetown, South Africa, Jan. 9.—The strike of railway men has badly disrupted the railway service in the Transvaal and the Orange Free State today and traffic was suspended as far south as Klerksdorp, about 120 miles southwest of Johannesburg.

BULLET IN HIS HEAD; REVOLVER IN HIS HAND

Quebec, Jan. 9.—Jules Dupuis, about thirty years old, of St. Roch Des Aulnais, was found dead in bed in a rooming house yesterday, with a bullet hole in his head, and a revolver grasped in his right hand. An inquest will be held.

Weather Bulletin: Issued by the Department of Marine and Fisheries, R. F. Stupart, director of meteorological service.

AMHERST HOCKEY TEAM HERE: The Amherst hockey team arrived in the city this morning to meet the local puck chasers in the first local game of the Inter-provincial Hockey League.

IN TWO SECTIONS: The Montreal train came to the city in two sections today. The second had about 200 passengers for Halifax, on their way to Europe.

Snow or Rain: Partly—East and south winds increasing to strong breezes or gales, or rain on Saturday.

MORE INDUSTRIES FOR ST. JOHN HEARD OF BY TIMES MEN

Meat Packing Plant For South End—Desk Works to Coldbrook—A Glass Warehouse

The revival of business and the improvement in financial conditions are making their effects felt in St. John and the result is being shown in the announcement of new enterprises for this city. In addition to the two new automobile factories and the nail and wire works at Coldbrook, arrangements are being completed for several other new industries, including two packing plants and a wood-working factory.

The New Brunswick Packing Company, which was recently organized, is now closing negotiations for a site in Lower Cove to establish a modern meat packing plant. The company already has two farms, one at Rothesay and another at Salisbury where stock will be raised to supply the packing plant.

The St. John Desk Company, which has a factory in Brussels street, has found it necessary to secure larger quarters for their growing business and are preparing to erect an up-to-date wood-working factory at Coldbrook. In addition to the industrial development St. John's advantages as a distributing centre are being more widely recognized and the latest illustration of this is the decision of a large Montreal concern to establish a branch here, preparing to erect an up-to-date wood-working factory at Coldbrook.

On re-examination the witness testified to paying \$884 out of his own pocket for the original survey. Mr. Stewart produced estimates of Mr. Brown, engineer in work for the contractors who actually built the road, to show that rock work on the road completed cost only \$890.

SCOTTISH MINISTER ACCEPTS A CALL TO CHURCH IN MONTREAL

Rev. G. D. S. Duncan to Be New Pastor of St. Andrew's, There

London, Jan. 9.—The Edinburgh Presbytery has received a letter from Rev. G. D. S. Duncan of St. Colville's Church in Montreal, asking to be called to the St. Andrew's Church, Montreal. The call to Canada, as his birth place and the scene of his father's honored ministry in the Church of Scotland in the dominion has a special attraction for him which he says he is unable to resist. He asks for an early release from St. Colville's so as to proceed to Montreal in March. He will verbally support his written request before the Presbytery, on the 21st instant.

DEBATED WOMAN SUFFRAGE

An Interesting Evening in New Rooms of Leinster Street Baptist Church Baraca Class

Interesting arguments in favor of allowing women the right of franchise were presented last evening in the new rooms opened for the first time for the young men of Leinster street Baptist Church while male champions of the exclusive masculine franchise advocated strongly against granting the opposite sex the vote.

The Baraca Brotherhood Class conducted the debate and they invited to meet with them the members of the "Room-for-one-night" Class. The Baraca class has flourished greatly since being organized and the new rooms which have been opened for them for social purposes are heartily appreciated. The subject of debate last evening was "Resolved that woman suffrage would be detrimental to the best interests of the nation." The affirmative side was composed of C. K. Ganong, Regional Dean and Edwin Davis, while the negative cause was upheld by Mr. and Mrs. W. Herbert Downie and Miss Nettie Thorne. Hartley Wansmaker presided as judge and there were a jury consisting of Messrs. Hillman and Collins and Misses Davis and Gray.

After the arguments on each side had been presented the jury retired and after a little deliberation returned a verdict in favor of the affirmative. Following the debate, refreshments were served. The evening was much enjoyed.

ASSEMBLY LAST NIGHT

The second of the series of Young People's Assemblies was conducted last evening in Keith's Assembly rooms and proved a bright and pleasing function. A large number of young people were present and a fine programme of dances was enjoyed. The chaperones were Mesdames F. E. Sayre, Simon Jones, W. Malcolm Mackay, P. R. Inches, H. E. Schofield and F. W. Thorton. The committee in charge consisted of John Sayre, Malcolm Mackay and Colin Mackay. Jones' orchestra furnished music.

AMHERST HOCKEY TEAM HERE: The Amherst hockey team arrived in the city this morning to meet the local puck chasers in the first local game of the Inter-provincial Hockey League. The possible line-up of St. John will be: Leo, goal; P. McAvity, point; F. Campbell, cover point; B. Gilbert, centre; L. McGowan, left wing; T. Gilbert, right wing; with J. McGowan, J. Gilbert, F. Courtney, R. Tait and E. Mooney as substitutes.

IN TWO SECTIONS: The Montreal train came to the city in two sections today. The second had about 200 passengers for Halifax, on their way to Europe. The first section was twenty minutes late, the second, thirty.

SELLING WATER IN MONTREAL IN FAMINE TIME

For more than a week a general water famine prevailed in Montreal as the result of a break in the water intake main. Several serious fires were prevented only by the use of snow. In the picture is shown water carriers vending the precious fluid in restricted quantities to the residents of Montreal.

An Indian Trapper Falls a Victim To Pack of Wolves

Slays Nine With Hunting Knife Then Sinks Exhausted and is Torn To Pieces

Port Arthur, Ont. Jan. 9.—Word which has just reached here tells of a fierce battle with a pack of wolves in which Peter Nigosh, an Indian trapper, was killed in the Lake of the Woods country on Sunday. The encounter occurred near the Canadian boundary on the Canadian Northern Railway. Nigosh was returning from his traps a few miles up the lake, when he was suddenly attacked by the wolves. He had not time to scale the nearest tree, and had only a long hunting knife to protect himself.

LOSS OF EMPRESSES FACTOR IN SLACK WINTER FOR WORKMEN

More Requests Than Usual and No Places to Give—City, Too, is Out of Revenue

Although St. John is usually a very busy city about this time of the year, there is generally accommodation for all the workmen offering, at the present time there seems to be a depression in labor circles without any visible hope of betterment. The Times learned yesterday of the case of a middle-aged man, a carpenter, and his son, a young man, who have been endeavoring to secure work in the city for some time but without success. Both men are industrious and made every effort to obtain employment. The father has a fairly large family dependent upon him and his wife is unable to do more than a few hours of work. He is unable to find any kind of a job. She also was acquainted with the case of a man who had this winter paid his initiation fee to the Longshoremen's Association, but to date he had not been put on any of the boats. Another case is that of a longshoreman, who has a family dependent upon him, and who, during one week had worked only five hours, although he was on hand at the arrival of most of the steamers.

One of the officials of the Longshoremen's Association, said to a Times reporter this morning that the chief reason for the inactivity on the part of the workmen was the fact that the steamers coming to St. John this winter were bringing only about half as much freight as last year. The depression, he said, appeared to be general as the association had received reports from Halifax to the effect that, even with the addition of the Empress steamers, the men were getting considerably less work than they had for some years. It is thought, however, that had the Empress steamers come to this port this winter, the conditions here would have been a great deal better. Adjutant Cummings, of the Salvation Army, who has an excellent opportunity of learning the labor conditions in the city, told the Times this morning that he and his associates had been called upon for considerably more assistance by the working men than last winter. He said that the shelter at the Metropole, although it had been enlarged to a great extent this fall, and had received one hour's work on the arrival of the Royal George the first time, but when he presented himself for work on the arrival of the Royal George this week, he could not get employment. Besides the loss to the longshoremen, it is felt that the withdrawal of the Empress boats from the port of St. John will mean a loss to the city in other ways. In the first place the Empresses made weekly trips to St. John, while the Royal Line, schedule calls for only fortnightly sailings. The fact that these steamers are docking at the Intercolonial pier instead of one of the city piers on the west side will cause the city to lose the revenue derived from this source. Again the hotels, as well as the laundries and merchants, who have been supplying the Empress steamers are losing a great deal of trade which they would otherwise have received.

REAL ESTATE NEWS

The following transfers of freehold properties have been recorded: St. John County: Trustees of Henry Gilbert to E. J. Broderick, property in Second street. F. P. Patterson to J. H. Crandall, property in St. Martins. John Quinn to Martin McGuire, \$200, property in Simonds. Oliver and Elizabeth Hallett to S. H. White, property in Sussex. Oliver and Elizabeth Hallett to G. M. Hayes, property in Sussex. Isabella Orr to Mary E. Dobson property in Sussex. Samuel Johnson of Camden street, North End, has sold his farm at Maugeville to Lemuel Shankle, of LeHave, N. S., for \$5,000. The farm contains 150 acres with farm dwelling and barn.

DISAGREE AS TO SITE FOR QUEBEC MEMORIAL CHURCH IN HONOR OF GENERAL WOLFE

Quebec, Jan. 9.—The proposal of Canon F. G. Scott, a Canadian poet, to erect a memorial church in honor of General Wolfe in the Avenue Des Braves is opposed by the Quebec St. Jean Baptiste Society. The society does not pronounce itself against the idea of honoring Wolfe but objects to the site for the reason that this is hardly within the area covered by Wolfe's troops. The same argument has already been employed by Lt. Col. W. Wood, author of the "Fighting Canada" and other works. Three persons are reported killed, and twenty injured in a wreck near Corcielo.

A BORDEN COMMISSION TO ADMINISTER LANDS AND RESOURCES IN THE WEST?

Calgary, Jan. 9.—The Morning Alberta (Liberal) publishes a story from a source that it considers trustworthy to the effect that the lands and natural resources of the three prairie provinces will be administered under a commission to be created by the Borden government at the forthcoming session of parliament. While the administration of the natural resources will be in the hands of federal officials, the revenues arising therefrom will pass through the commission into the treasuries of Alberta, Saskatchewan and Manitoba.

FIND NATURAL GAS UNDER COSTLY NEW TORONTO BANK HOME

Pressure Enough to Shatter Massive Building—Boring Stopped and Well Sealed

Toronto, Ont., Jan. 9.—Natural gas with a pressure sufficient to shatter the new Dominion Bank twelve story building, the corner of King and Young streets was found yesterday at the bottom of a well bored 110 feet below the surface of the ground. It was excavated in search for water. A match was applied to the gas and a flame shot up fifteen feet high. Preferring the million dollar skyscraper in its entirety to a most bountiful supply of natural gas obtainable, Mr. Pearson ordered the boring sealed up.

40 MAINE CONVICTS HAVE BEEN PAROLED

But Single One Has Violated Conditions on Which Freedom Was Given

Thomaston, Jan. 9.—There are 186 convicts in the state prison at the present time, this being the smallest number for many years. This is due to the fact that forty convicts have been released under the new parole system. The first nine months of this law have ended and those who have to do with it feel, they say, that it has been a success. This boon is granted only upon certain conditions. There must be circumstances which warrant the board in feeling a prisoner is entitled to this consideration. This can come from various causes. Since the law became operative forty prisoners have been paroled. Of this number but a single one has violated the provisions by which freedom was granted him. He was returned to the prison. It is felt by members of the board that this is an excellent showing. Among the requirements is that of the first of each month the paroled man shall report to their "first friend," who in turn must make a written report to the proper authorities of what the paroled man has done during the month; how much he has worked and earned for all that, been a good citizen, and "first friend" is paid \$1 by the state.

FREE FOOD CURSE TO FARMERS THE CONSERVATIVE DOCTRINE

Hon. Arthur Meighen Addresses Meeting in Moosejaw

Moosejaw, Sask., Jan. 9.—Arthur Meighen addressed a large audience at the Collegiate Institute last night on federal issues. He declared emphatically that the government was first and all else last. He criticized the Conservative doctrine of free food would be a curse to the farmers.

CANON GOULD NOW IN LONDON ON WAY TO EASTERN MISSION WORK

London, Jan. 9.—Rev. Canon Gould of Toronto, secretary of the Anglican Missionary Society of Canada, has arrived here on an extensive tour of the Far East. He will visit India, China and Japan, and examine the situation from a mission point of view. He will leave London next week.

ROCKWOOD SLIDE REOPENED

The recent high fall of snow has been sufficient to enable the toboggan slide at Rockwood Park to be reopened. There are two slides, which have been constructed on a steep hill, running parallel with each other, separated by a mound to ensure safety and termination on the Allison playgrounds. A separate path has been constructed for the return of the tobogganists. Slides and skiing will not be permitted on the slide as they tend to cut and destroy the runs. To find the slide reopened along Gilbert's Lane, past the tennis courts and the old Gilbert Homestead, afterwards the Davenport School, then turn to the left through the main entrance to the golf mill pond into which Lily Lake empties, and thence on, keeping to the right the way will be seen indicating the right.

A LESSON

Telephones have certainly proved their usefulness in more ways than one. This morning a clerk in one of the local banks was given a lesson in politeness. A North End merchant had called a city bank on the phone relative to certain business matters, and the young clerk who answered could not distinctly understand him. Turning to one apparently his senior, he said, "Here, see what this 'queer guy' wants." Unfortunately for him (or possibly fortunately for his future manner of speech), the mouthpiece of the instrument was uncovered and the merchant heard the remark, which he did not consider complimentary to himself, a patron of the institution. It did not take him long to say so, either, and the bank clerk will probably be more careful in future.

ACCIDENTS

Two foreigners met with slight accidents at Courtney Bay this morning. One man was brought into the hospital about ten o'clock with his hand badly jammed as the result of a stone having fallen on it. One of his fingers was broken. The other man had his left foot crushed. An explosion occurred in a mine of the Mound Coal Company this morning. Six men are believed to be fatally burned.

CABINET UNIT AS TO ARMAMENTS

Important Pronouncement By British Solicitor-General

POLICY IS DEFINED: Same Now as Always, to Preserve Empire Beyond Risk of Safety—Hope to Lay the Ghost of Suspicion and Distrust Among European Nations

(Canadian Press) London, Jan. 9.—Speaking at Kebley last night, the solicitor general, Right Hon. Stanley Owen Buckmaster, made a statement on the armaments question which, in view of recent utterances from Lloyd George and Churchill will be regarded as of the highest importance. He assured his vast audience that there was not even a rift in the Liberal ranks on this issue and that their policy remained what it had always been namely: "In the first place to preserve beyond the risk of safety, ourselves and our dominions, and to establish and maintain the unassailable superiority of the fleet." "At the same time, and with no less emphasis we mean to make it plain that neither for aggrandizement nor aggression, will we add a single unit to our naval strength. Our object is to show that, as we only wish to maintain our own rights, so we do not seek to menace the rights of others, but desire the goodwill and friendship of all." "It is our hope that this policy may be plainly expressed and steadfastly pursued, and that it will in the end, eradicate the nightmare of suspicion and distrust under the pressure of which the nations of Europe are gasping for breath. Nothing could more deeply shock the very soul of liberalism, than that our party should accelerate the rate of increase in armaments or lend itself to the promotion of war scares between this nation and our fellow citizens of Europe."

FOREST OF TIMBER AND MOUNTAIN OF STONE FAIL TO FILL "SINK HOLE"

Kingston, Ont., Jan. 9.—The sink hole at Sucker Lake which is holding up the opening of the new Lake Shore Line of the C. P. R. is a mystery to the engineers. It is only about 200 feet across the shallow end of the small lake. A forest of timber and a mountain of stone and gravel were used to fill the hole. It was filled in, but has caved in.

LAST OF CONFEDERATE GENERALS IS DEAD

Lexington, Ky., Jan. 9.—General Simon Buckner, former governor of Kentucky, and candidate for vice-president of the democratic national ticket in 1896, died last night, aged 91. General Buckner was the last surviving lieutenant general of the Confederacy.

VOTES FOR WOMEN AG IN LINE SUBJECT FOR ONTARIO M. P.'S

Glencoe, Ont., Jan. 9.—J. C. Elliott, M. P. P., for West Middlesex, is to reintroduce into the legislature at the next session his bill to grant the municipal franchise to married women owning property, if otherwise entitled to vote. Last session two bills, dealing with this matter, were introduced, one by Mr. Elliott, and the other by F. G. Macdunnid. The latter was withdrawn. Mr. Elliott's bill was voted down by a party division of 97 to 48.

WOMEN'S UNITED MISSIONARY SOCIETY

The annual meeting of the United Missionary Society was held in Trinity church yesterday afternoon, when officers were elected, and interesting addresses given. Mrs. A. R. Melrose was chosen president; Mrs. John McAvity, vice-president; Mrs. J. Robinson Ward, secretary. The executive consists of Mrs. W. E. McIntyre, Mrs. P. K. VanWart, Baptist; Mrs. Davidson, Mrs. McAvity, Episcopalian; Mrs. J. S. Flaglor, Mrs. Walter Barnes, Christian; Mrs. S. B. Bastin, Mrs. Hickson, Methodist; Mrs. Flewelling, Mrs. C. E. Mitchell, Congregational; Mrs. A. R. Melrose, Mrs. Rosa, Presbyterian.

An interesting programme was carried out which was opened by prayer by Mrs. Flaglor and Mrs. Flewelling. Mrs. G. A. Kuhring read a very fine paper on "The Call To Women." Her address was greatly appreciated and most helpful. Miss Knight sang a solo, and Rev. W. H. Barracough, pastor of Centenary church, gave an address on "Women's Work in the West." His remarks were heard with great interest and pleasure, especially in view of the fact that the speaker had spent a long time in Alberta and British Columbia as a missionary. One of the features of the programme was a reading in costume by Mrs. F. H. Wentworth, wife of the pastor of Waterloo street Baptist church. After the meeting many of the ladies present paid a high tribute to the ability of Mrs. Wentworth.

Mrs. W. E. McIntyre spoke eloquently with respect to the late Mrs. MacVicar, wife of Rev. Dr. MacVicar, minister of St. Andrew's Presbyterian church. Mrs. MacVicar died suddenly some months ago and her death was a great loss not only to St. Andrew's church but to the missionary society and other organizations which have to do with the welfare of the community. Mrs. McIntyre spoke with great feeling of the late Mrs. MacVicar and paid a high tribute to her memory. Considerable other business of a routine character was transacted.

DEATH OF FEMALE FIEND RECALLS TERRIBLE MURDER

Mrs. Violet Good, Sentenced For Life in France, Lured Woman to Her Villa, and Then She and Her Husband Butchered Her

Monteller, France, Jan. 8.—Mrs. Violet Good, who with her husband, Vere St. Leger Good, was serving a term of life imprisonment for the murder of Emma Levin in the summer of 1907, the crime being known as "the Monte Carlo trunk mystery," died in prison today. The trial of the Goodes in December, 1907, attracted great attention because of the enormity of the crime, the manner in which the murder was committed, and the dramatic arrest of the principals who were taken by the police while seeking to escape with a trunk containing portions of the body of their victim. The murdered woman had been lured by the Goodes to their villa and robbed of valuable jewelry. Her dismembered body was packed in a trunk which was shipped to Marseilles, the trunk later being found among the baggage of the Goodes, the Goodes were for years residents of Montreal. Mrs. Good was originally sentenced to be guillotined and her husband was sentenced to life imprisonment. The woman's sentence was commuted to penal servitude for life, owing to the outcry against an execution taking place in the principality of Monaco.

SUCCESSFUL YEAR FOR BIBLE SOCIETY

There was a large attendance in St. David's Presbyterian church last evening at the meeting of the St. John branch of the British and Foreign Bible Society. Judge Forbes presided in the absence of Judge McKeown. Scripture reading was conducted by Rev. W. Camp and Rev. Mr. MacKeigan offered prayer. A. A. Wilson, K. C., secretary-treasurer, read his report and a report was also heard on the work of Dr. Heine and the Bible women, Misses Henderson and Wesley. The report referred to the number of foreigners in St. John. Judge Forbes, in introducing the speakers, referred to the work of the society in the larger field, making mention of the fact that it is now circulating Bibles in 450 languages, 120 languages having been added since the first of the present century. Thus it reaches sevenths of all the people in the world. He explained that at present 110 languages are spoken in Canada, and that taken one year with another the Bible reaches all these people. Dr. Heine presented last year at the winter port to immigrants, 27,000 copies of the scripture or portions of the scripture. Reference was made to the proposal of the society soon to have a Bible house of its own in St. John, as a distributing centre for the maritime provinces and Newfoundland. Rev. R. A. Armstrong, rector of Trin-

Wilfred Gaets spoke strongly in defence of the Bible as the word of God, making pleasing reference to the fact that it has stood the test of all the centuries. A. A. Wilson reported for the nominating committee.

ART CLUB HEARS LECTURE ON MURILLO

Rev. Miles P. Howland gave much pleasure to a large audience last evening when he delivered a lecture before members and friends of the St. John Art Club, illustrated by salopion views, on "The Life of Murillo." The lecturer first gave a brief explanation of what the Roman Catholic church had done for Christian art. Speaking of Murillo, he said that, like many great artists, he showed his bent in early life by covering his school books with drawings. Becoming discontented with his lot in Seville, where he was born of humble parents in 1617, he resolved to visit Rome, but attracting considerable attention by prominent artists during his journey he was persuaded to discontinue it and to return to the city of his birth. He then commenced a series of paintings for the Franciscan convent which were hailed with joy by the friars, and by these paintings his reputation was made. His celebrated painting of St. Anthony of Padua was executed in 1636, and in such scenes as are depicted in this work he showed himself deserving of the title of "the painter of Heaven." Murillo was the son of his time as an artist in 1671. His painting of St. Francis was the most striking of his devotional pictures, but his greatest work was that of the Immaculate Conception painted in 1678. "He had," said the speaker, "courage and faith in himself, and, in spite of many obstacles, gave to the world masterpieces which the disintegrating touch of time cannot mar." A vote was unanimously passed thanking Rev. Father Howland for his interesting lecture. It was proposed during the evening that the executive of the club should be arranged to have afternoon courses of lectures for the senior students of the High school. A large number of new members were elected, their

names being as follows: Mr. and Mrs. A. E. Wilson, Mr. and Mrs. D. W. Harper, Mrs. T. Hunter Boyd, Mrs. Thomas Hood, Miss Lamereaux, Miss May Hayes, Miss Alice M. Carleton, Miss Edith Cummings, W. B. Bamford, Miss Florence Bamford, Mr. and Mrs. C. H. Coburn, Miss Edith C. Burditt, Mr. and Mrs. Charles Clark, A. G. Plummer, Miss Annie Haley, Mrs. G. J. Smith, Miss Margaret Kennedy, Miss-Marguerite Gannon, Miss Jessie L. Lawson, Rev. Miles P. Howland. Refreshments were served during the evening.

Daily Hints For the Cook

Lobster Stew Scald one pint of milk, add 1-8 cup finely-cut lobster meat and cook 15 minutes. Season with salt and pepper, add 2 teaspoons butter, and just before serving 1-2 cup of clam water. If the latter is not obtainable, add the same amount of milk. Mock Chicken Salad Get a small piece of veal, about fifteen cents' worth. Steam until tender, chop with an equal quantity of celery and dress with French dressing first. Then, just before serving, pour a rich salad dressing over it and put on lettuce leaves. The illusion will be complete and will cost one-fourth as much as chicken would.

TO ENFORCE SCOTT ACT

Frederick, Jan. 8.—The warden's annual dinner took place at the York Hotel when Warden S. B. Hunter, of the municipality of York, was host to the county councillors and other invited guests. This afternoon the municipal council issued definite instructions to Deputy Sheriff John P. Timmins, Canada temperance act inspector for York county, to enforce the law through every means in his power by first, second and third offences. This action was unanimous. Fred St. John Bliss was reappointed secretary-treasurer of the county. Chas. D. Richards was nominated in opposi-

The question of the secretary-treasurer's salary caused much discussion and an amendment to make it \$1,200 per year was defeated on a vote of 16 to 12, and the salary remained at \$1,500 per year, as before. Chief of Police John H. McCollum has

entered a supreme court action against Ald. W. G. Clark, charging slander and asking damages which are not named. The writ was filed this afternoon and it is understood that the damages asked by Chief McCollum will probably be at least \$5,000. The action arises out of remarks which Ald. Clark is alleged to have made at a meeting of the city council in committee on Monday evening.

MARINE NOTES. The report that the C. P. R. is substituting Chinese for British crews on their Pacific liners, Empress of India and Empress of Japan, is challenged by H. Matland Kersey, chief manager of the company's ocean service in London. All that has happened, he says, is that the number of Chinese hands already employed on the Empress boats in subordinate capacities has been slightly increased. So far from replacing white men with Chinese, Mr. Kersey has, for months past, been trying to engage crews made up of Royal Naval Reserve men, who would be available for all kinds of responsible tasks as required. The C. P. R. offer these men good task of manning ships with white crews solely is almost impossible.

The American tern schooner Alice P Turner, which was stranded at Black Rock last winter, and brought back to Parrsboro to discharge cargo, and which has been there since, is advertised to be sold by auction next Wednesday under an order from the admiralty court to satisfy claims for wages.

STARTING THE DAY RIGHT

Do you begin the day with a "grouch"? Are you tired in the mornings? Do you fail to benefit by the restorative influence of sleep, which should make good the energy and vitality consumed by the day's work?

Then you are rapidly becoming bankrupt so far as health is concerned. You should look to your habits of eating, make sure that you get lots of fresh air in your sleeping apartments, and restore vitality by using Dr. Chase's Nerve Food.

This great food cure does not induce sleep by any drugging effect, but when you have been using it for a few days and get the nervous system into condition you find yourself resting and sleeping naturally and healthfully. By keeping up this restorative treatment you will be able to make good the waste and fill the exhausted nervous system with new vigor and energy. This means thorough cure of such symptoms as headache, sleeplessness, indigestion, tired, listless feelings.

Newspaper advertising is the cheapest way to sell the snosh goods—Bill Wise

Manufacturers who are interested in daily newspaper advertising for nationally distributed products can obtain the co-operation of The Telegraph and Times in arousing the interest of local dealers and in gathering data covering trade conditions in this city. Communications should be addressed to The Advertising Manager.

AFTER SICKNESS OR OPERATION. It is a pathetic mistake to accept drugs or alcoholic mixtures when nature craves nourishment to repair the wasted body and restore the vigor of health. For forty years the best physicians have relied on the wholesome predigested nourishment in SCOTT'S EMULSION which is totally free from alcohol or opiates. Scott's Emulsion sharpens the appetite—renews blood—nourishes nerves—strengthens bones and restores the courage of health to make life bright. Scott's Emulsion sets in action the very forces that promote health. Its purity, richness and strength has stood the test of forty years.

REGENT DEATHS

Mrs. Elizabeth Snider, widow of Jacob Snider, died at her home, Mountain Dale, Kings county, Jan. 5, aged 83 years. She is survived by five sons—John, in Washington; George and Hanford, of Snider Mountain; Howard, of White's Corner, Kings county; Herbert, of Cambridge (Mass.); and seven grandchildren. She was highly esteemed by all who knew her and will be greatly missed. The family has the sympathy of many friends in their bereavement.

The death occurred yesterday at West St. John, of Mrs. Catharine Welch, widow of the late Arthur Welch, aged sixty-one years. Frederick Menally, of Charlotte street, West St. John, is a nephew. The funeral will be private.

Newcastle, Jan. 7.—The death of Andrew Mather occurred at his home this morning, at the age of 59 years. Mr. Mather had been in poor health since the early summer. Besides his wife he leaves an aged mother, who lived with him, and six children—Strang, in Washington; Laurence and Richard, at home; and Mrs. John Ryan, Lisie and Jennie, all living in town. Mr. Mather was a deacon and a prominent worker of the United Baptist church.

Dalhousie, N. B., Jan. 7.—The death occurred today of William McIntyre, postmaster at Mountain Brook, Restigouche county, aged 68 years. He was one of the pioneer farmers of that section of the county. He is survived by his second wife and a large family. His funeral will take place at the Roman Catholic cemetery at Upper Charlo, on Friday morning.

Montreal, Jan. 8.—Captain James Johnstone Riley, superintendent of pilots in this port, and examiner of candidates for certificates as master or mates, died at the Mount Royal Sanatorium today after a brief illness. A severe cold developed into pneumonia.

FATALITY OF WHOOPING COUGH

Many parents think lightly of whooping cough, and treat it as a necessary evil, not giving the child who has it any special attention.

The seriousness of whooping cough was emphasized by the Medical Health Officer in Toronto a few months ago, when he reported 14 deaths during the month from whooping cough, and only one of which was due to complications and measles combined.

So many people write to us about the relief and cure of whooping cough by the use of Dr. Chase's Syrup of Linseed and Turpentine that we can recommend it with the greatest confidence.

It loosens the cough, aids expectoration, and by its soothing influence prevents the terrible paroxysms of coughing which are so distressing to witness, and which wear away the strength of the child. By using this treatment the disease is held in check, and cured in a few weeks, instead of months. Look for the portrait and signature of A. W. Chase, M. D., on the bottle you buy. There are many imitations.

CARLETON'S

MORNING NEWS OVER THE WIRE

The new Cunard liner Albatross, under the command of Capt. A. H. Ross, formerly of the Carpathia, docked this morning at Halifax and after landing her passengers will sail for Boston.

It is probable that the speech from the throne at the opening of parliament in Ottawa next week will include no reference to any naval bill, but that the matter will be left to a party caucus.

J. M. Lynch, who, since 1900, has been head of the International Typographical Union, was tendered a farewell banquet last evening in Indianapolis, upon his retirement from the office of president, by members of the union.

He is now state labor commissioner of New York. J. M. Duncan, of New York city, has succeeded him as president.

At a smoker held last evening at the Windsor Hotel, St. Stephen, N. B., by the board of trade, Captain Mowatt, port superintendent at Liverpool for the C. P. R. for many years, was the chief speaker and he gave an interesting address upon the merits of St. Croix harbor as a national port. He declared the harbor to be equal to the best in the world and capable of accommodating with ease

School Nurse a Necessity

So Think Halifax Educational Authorities in View of Inauguration of Scheme of Medical Inspection

(Halifax Echo)

When the school estimates for 1914-15 were under discussion an item that attracted some notice was that providing for a school nurse and many people wondered why such a provision was made. The appointment of a nurse is merely in line with the policy initiated by the educational authorities which medical inspection of the pupils was undertaken. The nurse's work will be largely to follow up that of the physician and see that his directions are continued and carried out. The nurse cannot begin the duties before May next as the 1914-15 appropriation, including provision for her salary, will not be available until then. The system is one that has been initiated in educational departments of larger cities, and is much smaller than Halifax, with success and benefit.

The value of the nurses work was demonstrated in one school district when 43 children became affected with time (ring worm) during the examination period in June. The school nurse was able to keep all these children at school at that critical time of the school year, thus securing for them a cure and an academic promotion, a result that would not have been possible had the children been absent on account of the skin affection. Few of the children would have been for the nurse, secured treatment, as many parents do not regard ringworm as an affection calling for expenditure of money for treatment.

The nurses proved valuable in aiding in detecting contagion or infectious diseases in the school rooms and homes. During the year they discovered in the class room 25 cases of measles, 85 of mumps, 7 of scarlet fever, 40 of children who had diphtheria and 28 of whooping cough. A total of 196 cases among over 90,000 elementary school children in their respective organizations. The nurses discovered 81 cases of measles, 8 of mumps, 5 of whooping cough, 8 of scarlet fever, 5 of chicken pox and one of diphtheria. The nurses were in a position to aid needy families in procuring aid and assistance from charitable and philanthropic organizations. They supplied Christmas dinners for 988 families, furnished shoes for 74 children, eye glasses for 85 and artificial eyes for 5 unfortunate children, while tooth brushes were distributed to 7,740. They investigated home conditions of each pupil selected for open air classes and gave the proper instructions relative to proper lunch-rooms for such pupils; had each child examined when the medical inspector judged there was suspicion of tuberculosis, notified the parents and teachers of each child reported as suffering from cardiac affections (in order that its heart affection might not be aggravated) and took personal charge of each child alleged to be mentally deficient in order that such child might have the advantage of an expert medical examination before assignment to a special class or institution. They secured dental treatment for over 9,000 children whose parents could not afford to pay dentists.

emergency or simple, such as the protection of a skin affection in order that the child may remain in school without danger of infection to others. During the year the Boston school nurses were called upon to give medical treatment to 619 children and to carry out surgical treatment for 8,779, and in addition they were instructed to apply proper treatment to 2,914 children with skin affections. They demonstrated to parents in the homes proper treatment for scabies (itch) for 107 children and for pediculosis for 757.

President—J. L. Sugrue. Vice-president—W. Howard. Secretary—F. Hyatt. Financial secretary—W. H. Coates. Treasurer—C. G. Langbein. Sergeants-at-arms—C. E. Bettison. Trustees—J. London, B. Stillwell, J. B. Smith.

Auditors—B. Young, J. Hurley, P. McGirr. Committees were appointed as follows: Legislation, J. L. Sugrue, F. Hyatt, W. Howard; municipal, B. Young, F. Cooper, J. B. Smith; educational, C. G. Langbein, C. E. Bettison, F. Hyatt; organization, J. L. Sugrue, J. McGirr, G. Cunningham; arbitration, J. L. Sugrue, J. Hughes, C. Morrison; label, J. B. Smith, J. Longon, B. Stillwell (with power to add to their number).

A communication was received from Right Hon. R. L. Borden with reference to the report of the royal commission on technical education, saying that the report would be considered by the dominion government. A communication was received from the common clerk, requesting the Trades and Labor Council to submit for the consideration of the common council of St. John such a fair wage clause as the former council would require to be placed in city contracts. A communication was received from the New Brunswick Federation of Labor asking the Trades and Labor Council to elect two delegates to the annual meeting of the federation to be held on Jan. 20 in St. John. F. Hyatt and F. Scarran were elected as such delegates.

The council sanctioned the issue of a union trade directory under the supervision of J. L. Sugrue. Herma Campbell was tendered thanks for conducting the installations at the meeting.

HUGE STOVES IN STREETS

How Madrid Managed to Survive Cold Spell

A cable from Madrid says the temperature one day last week was only 10 degrees above zero. It was the coldest day in thirty years. The rest of Spain also was laboring under severe weather. In Madrid three men and two women were frozen to death. A peasant, with his four children was found on the roadside, all frozen stiff. Huge stoves were placed in the streets so that those compelled to be out in the open might warm themselves occasionally. Heavy snow fell in Morocco and the railway was blocked.

CLOGGED NOSTRILS OPEN AT ONCE, HEAD COLDS AND CATARRH VANISH

In One Minute Your Stuffy Nose and Head Clears, Sneezing and Nose Running Ceases, Dull Headache Goes.

Try "Ely's Cream Balm." Get a small bottle anyway, just to try it—Apply a little in the nostrils and instantly your clogged nose and stopped-up air passages of the head will open; you will breathe freely; dullness and headache disappear. By morning the catarrh, cold-in-head or catarrhal sore throat will be gone.

End such misery now! Get the small bottle of "Ely's Cream Balm" at any drug store. This sweet, fragrant balm dissolves by the heat of the nostrils; penetrates and heals the inflamed, swollen membrane which lines the nose, head and throat; clears the air passages; stops nasty discharges and a feeling of cleansing, soothing relief comes immediately.

Don't lay awake tonight struggling for breath, with head stuffed; nostrils closed, hawking and blowing. Catarrh or a cold, with its running nose, frothy mucous drooping into the throat, and raw dryness is distressing but truly needless. Put your faith—just once—in "Ely's Cream Balm" and your cold or catarrh will surely disappear.

MONCTON NEWS

(Special to Times.) Moncton, N. B., Jan. 9.-A meeting of the civic legislation committee is being held this afternoon. It is understood that legislation is being drafted to authorize the city to hold a plebiscite on whatever agreement is reached between the city council and the I. C. R. respecting the proposed I. C. R. subway and Tuxer changes. Permission is also sought for a \$50,000 bond issue for building permanent streets.

The condition of William H. Hoocy, a veteran fireman, who was injured in the I. C. R. yard here on Wednesday, shows considerable improvement. The foot-board of a switch engine upon which he was standing, bent inward under a buffer beam and he escaped instant death is a mystery.

The adjourned alleged perjury case against John LeBlanc was continued this morning and is still going on. It is alleged that he committed perjury in a Scott Act case in which Placide Richard was convicted.

The marriage of Mrs. Ada B. Keirstead of Fork Stream, Queens County, to Ernest J. Crossman, of Moncton, was solemnized yesterday. Rev. Joseph A. Drandall officiated.

Joseph Doucet of the I. C. R. coal plant met with a painful accident yesterday afternoon. A locomotive draw-bar fell on his foot.

A BIG ICEBERG

Halifax, N. S., Jan. 9.-The Manchester Limer Manchester inventor reported having passed close to a very large iceberg in latitude 42.55 north, and longitude 44.45 west. The berg was of towering height.

H. B. AMES AT MONCTON

Moncton Transcript: Mr. Ames can deliver a lecture, which will be inoffensive politically when he so desires. Here the president and the executive of the Canadian Club were not desirous of the controversial aspect being taken up, and it was rightly eliminated with Mr. Ames' consent; not merely from the discourse itself, but offending slides were omitted.

Captain Craig, Unionist M. P., says \$50,000,000 has been raised to indemnify the relatives of the killed and wounded among the Ulster Unionist volunteers.

MUST ECONOMIZE

New York Governor So Warns Legislators

GLYNN'S FIRST MESSAGE

Requests For Expenditures of \$63,000,000 With a Revenue of \$41,000,000 - Special Appropriations Are to Be Voted

Albany, N. Y., Jan. 9.-Strict economy in every department of the state government was urged by Governor Martin H. Glynn in his first message to the new legislature. The message, which was brief, dealt solely with state finances. The governor declared that the legislature faces requests for \$63,000,000 and that the indirect revenues for the coming year are estimated at only \$41,000,000. He said that unless the state within five years wishes to find itself in a position where it must raise by direct tax \$10,000,000 more a year than at present, it must begin to reform at once. Glynn's message stated that the state's financial condition is such that it is imperative that the legislature should take steps to reduce expenditures and increase revenues. He urged the legislature to consider a large direct tax or to discourage the issuance of bonds. The state is in a position, he said, to bring back the largest appropriations from the state's treasury for his home district.

Despite these conditions, the governor took occasion to say, there was no cause for believing that the state is on the verge of bankruptcy.

The governor's message places sober emphasis upon the state's financial condition," he said, "it is the emphasis of resolution and not of disgust. There is cause for action, but not for alarm; for earnestness but not for pessimism. New York is spending lavishly but its magnificent credit is unimpaired. The state is virile and rich, and for that reason, it richly deserves prudent government."

Special appropriations which reach the governor before all general appropriations have been made will, he said, be voted promptly by him.

Suggestions he made for increasing revenues were to amend the secured debt tax law and the corporation tax law so as to make taxable many additional securities; obtain money for permanent improvements, such as buildings, by bond issues instead of taking it from current appropriations; force the federal government either to deposit or pay for the care of alien insane in state hospitals, of whom there are about 9,000; still abandoned canal lands.

The governor said he had worked out a plan for decreasing the contributions to the sinking fund \$2,000,000 a year. This plan, he said, had met the approval of bankers, business men and attorneys.

THE BOSTON AND MAINE AND THE MAINE CENTRAL

Boston, Jan. 9.-The directors of the Boston and Maine Railroad announced yesterday that an agreement with the Maine Central had been effected, whereby the latter road exchanges 100,000 shares of its stock, purchased by the Boston and Maine, for \$10,000,000 of its funding consolidated mortgage five per cent fifty years bonds. The price at which the exchange was based was not made public.

That the aged are not easily roused to enthusiasm or excitement is well known but they are not often as calm as the old lady that the Windsor Magazine tells about.

An old man fell from a second story window into the street, where an anxious crowd immediately gathered to see whether he was seriously injured. One of her daughters rushed frantically into the first floor room where his wife sat knitting, and cried:

"O, dear, mother! Father's fallen from the top of the house into the road! O, dear! O, dear!"

"Yes, my child," answered the old lady placidly, "he was up from her work. I saw him pass the window."

His Chief Objection

Turning to the newspaper reporter who was his passenger, the aviator exclaimed:

"It's all off; the propeller is broken and we are doomed to fall six thousand feet!"

"Great guns," cried the reporter. "I hope we don't fall into the water. I can't swim a stroke!" - Lippincott's.

ENDED LIFE IN HIS ROOM AT COLLEGE

Sad Story Comes From Nova Scotia in Act of Student

A tragic story of the end of a young life comes from Windsor, N. S. As the result of worry over financial matters a student at King's College, who was completing his theological course, became demented and a short time ago his lifeless body was found hanging in his room in the college.

The trouble which drove the young man to this desperate course arose from some business upon which he had embarked during the summer holidays last year in an effort to earn some money to help him pay his way through college. He accepted the agency for a map publishing concern in upper Canada and secured a large number of orders. To fill the contracts he ordered maps to be published in his name, but when they came the publishers refused to accept delivery. He was unable to secure an arrangement with the publishing house and they insisted upon his paying for the maps, which he was unable to do. Soon afterwards he applied for another position and gave the name of the publishing house as previous employer. When the latter concern was asked for references they replied asking the local agent to arrest him. The man was arrested and it is believed that he became mentally unbalanced as a result of constant worry.

ESTATE OF MILLION TO SALVATION LASSIE

Last of Seven Wills Drawn by Father Gives Her Nearly All

Boston, Jan. 9.-Miss Cora Van Norden, daughter of the late Warner Van Norden of New York - and under his seventh and final will the residuary legatee of his estate - was a year ago Salvation Army worker in Boston.

"For that matter," said Colonel Gifford, the commandant of the Army in Boston, "she is still a member of the army. She came here to work solely because of her interest in the work, stopped because of poor health."

It was not until this week that the peculiar disposition of the Van Norden estate became known. Then by order of the surrogate, Mr. Van Norden's wills were filed, and one of them will be offered for probate.

It turned out that he had made seven wills, each revoking the one made before it. The last will was drawn in 1912 in this one he cut off his two sons without bequests and even asks one of them to return \$800,000 which had been advanced to him. Miss Cora gets the whole estate except a gift of \$8000 to a private secretary, Miss Titus of New York.

It is figured that the estate may amount to \$1,000,000.

MINISTER GETS DIVORCE

Rev. Dr. Shields Had Preached Against It While Boston Pastor

Boston, Jan. 9.-According to a dispatch from San Francisco, Rev. Dr. Albert B. Shields, who for fifteen years prior to 1909 was rector of the Church of the Redeemer in South Boston, has been granted a divorce on the ground of desertion.

Rev. Dr. Shields changed his mind on the subject of divorce after leaving the past, for in an address delivered a little while before he moved to the Pacific Coast he said:

"Divorce where there are children born is one of the greatest tragedies of human life and should never be permitted or even thought of."

Dr. and Mrs. Shields have several children, who have been living with their mother.

After a visit he made to San Francisco Dr. Shields in 1909 was called to that city, where he was attached to the cathedral and made superintendent of St. Luke's Hospital.

Mrs. Shields was very well known and held in high esteem in the South Boston district. She was Miss Harriet Davis when she married Rev. Mr. Shields in Worcester in 1880, when he was a student at the Worcester Academy. There are three daughters and a son living here. Mrs. Frederick Tolson of Braintree, Paul, Margaret and Madeline Shields.

Henrietta Keddie, a novelist, better known under her nom de plume, Sarah Tylter, died in London yesterday in her 87th year.

Fig Iron Men Unite.

New York, Jan. 9.-Blast furnace operators representing practically the entire merchant pig iron industry of the United States met here yesterday and organized the American Pig Iron Association. The membership it was announced, comprises owners of plants with a property investment of \$200,000,000 and an aggregate annual capacity of 13,680,000 tons of pig iron.

MR. STEWART'S REVELATIONS

Trial Attracts a Great Deal of Interest

MR. PINDER'S PART

"He Agreed To Do The Lying and He Did It," Says The Witness

Fredericton, Jan. 8.—Judge McKeown's gavel descended more than once today to preserve order in the hearing of the Southampton Railway case, as the answers of John E. Stewart, the plaintiff, after two days and a half of questioning, took on an edge which aroused both laughter and indignation.

After the morning was spent in Mr. Stewart going over items by items, the cost of the road, showing according to his evidence, that he could have built the road for, at least, \$150,000, and further that the cost, as Pinder had built it, has been reduced considerably from the original estimate.

Witness replied that they would have got the subsidy in the same way as Pinder had got it.

Mr. Teed—"Would you have lied to the government?" Witness—"Pinder was going to do the lying. He agreed to do it and he did it."

Continuing, Mr. Teed asked witness how he expected to secure the additional \$2,000 a mile which was granted by the provincial government in 1912, or the double subsidy of \$4,000 a mile from the dominion government, if he had built the road as cheaply as he represented.

Stewart denied that there had been any material advance in the cost of construction in 1912 over 1911, or that the heavy rainfall in 1912 made this second grant necessary, as set forth in the act of the legislature authorizing the guarantee.

IF You had a sore place, and had to choose between two remedies, one of which went to the sore spot direct, and the other by a round-about way, and might never get there at all, which would you prefer?

When you have a cold, asthma, a sore throat, catarrh, or any lung trouble, you can select between two remedies—Peps, which goes to the sore spot direct, and any of the ordinary cough mixtures, cough drops, and doses, which go—not to the lungs and breathing passages, but to the stomach, which is not ailing at all.

Don't ruin your stomach in an attempt to heal your throat and lungs. Peps goes direct to the throat and lungs. Peps are tiny tablets containing certain medicinal ingredients, which when placed upon the tongue immediately turn into vapour, and are breathed down the air passages to the lungs.

Ones you try them you will never use any other remedy but Peps for colds, coughs, sore throat, catarrh, tightness across the chest, "that tight cough," and all breathing and lung troubles.

Have you tried this famous remedy? If not out on this article, write across it the name and state of this paper, and mail it (with 1c. stamp to pay return postage) to Peps Co., Toronto.

A few trial packets will then be sent you. All druggists and stores sell Peps at 50c. box.

McPhail of Woodstock, for \$110,000; Henry Maxwell of Fredericton, for \$104,600, and Wm. McDonald & Sons, of Fredericton, for \$107,777. These offers included everything for the road excepting the steel for rails and bridges and in the case of McPhail's and McDonald's, the right of way.

Mr. Stewart proceeded to give in detail evidence of the cost of the right of way the total as obtained by property owners not being in excess of \$2,500. The defence admitted that the rails were bought at \$25 a ton from the C. P. R., and that the larger portion were fifty-two pound rails or below the standard.

Mr. Stewart told of three offers to build the road from contractors—George

on which Mr. Stewart had figured. According to his measurements, at the rate charged by the C. P. R. all the steel used for rails and bridges, including sidings, did not exceed \$40,000.

The witness told of counting the sleepers laid in the afternoon by Mr. Pinder and finding 13,000 out of a total of 39,000 to be "culls." This was a considerable saving and the contractor, who had tendered could have reduced their estimate of \$110,000 if they had figured on the standard on which the railway was actually built.

Mr. Stewart said he had not received one dollar for his efforts on behalf of the company. He had not secured the return of \$10,000 stock he had put up with Doctor McNally, one of the directors, as security for a note. He had called on Doctor McNally to ask for a settlement but the latter had put him off. At one time Doctor McNally had told him Pinder was in St. John, but he saw Pinder himself coming by the window. He had received an offer of settlement at another time.

Mr. Carvell: "From Whom?" The Witness: "From Mr. White, the member."

Mr. Stewart was asked concerning the disappearance of his contract while he was staying at Pinder's house and said that letters dealing with financing the company had been taken at the same time and that these had never been recovered.

Asked regarding the Donworth letter, of which D. K. Hazen was suspicious, Mr. Stewart declared he had not signed it nor asked anyone else to sign it, but received it believing Donworth to have signed it.

Mr. Kitchen, a juror, suggested that Mr. Stewart should write Donworth's name and this was done, but with no very convincing result one way or the other.

Wm. Malone was on the stand for a few minutes at the opening of the afternoon session to testify to the fair value of 280 acres of the Gibson Company's land used as right of way was \$250 an acre.

Mr. Teed, in his cross-examination of Mr. Stewart, went over the entire evidence, but witness remained unshaken in his facts. He grew very excited, however, when Mr. Teed's questions appeared to reflect on his honesty. He declared that every dollar raised on notes given by himself and Pinder in the early days of the road had gone to pay the expenses, and that he had put some of his own money in it. He denied that he had asked Dr. McNally to raise money so that his wife might go on a trip. He put up \$10,000 worth of Tobique Valley Railway stock as security for Dr. McNally's endorsement of two notes for \$500 each receiving the money and paying it out on the railway, but he had not paid the notes nor had he received his \$10,000 worth of stock.

Mr. Teed asked witness if he had found those working for the railway wanted Mr. Pinder's guarantee for their pay.

"No," was the reply. "I found the people wouldn't trust Pinder with a board bill. I had to pay the bills in my own name."

The case will be resumed tomorrow morning.

MOTHERS! DO YOU KNOW

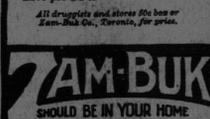

That when you put a salve onto your child's skin, it passes through the pores and enters the blood, just as surely as if you put it into the child's stomach?

You would not put a coarse mass of animal fat, colored by various mineral poisons (such as many crude salves are) into your child's blood by way of the stomach? Then why do so by way of the pores?

Take no risk. Use always the pure herbal essence provided in Zam-Buk. Zam-Buk contains no trace of any animal oil or fat, and no poisonous mineral coloring matter. Pepsan start to finish it is purely herbal.

It will heal sores, ulcers, abscesses, eruptions, varicose ulcers, cuts, burns and bruises more quickly than any other known preparation. It is a specific, quickly stops the smarting of a sore or cut, soothes inflamed sores and blood-poisoning. It is a combination of healing power and scientific purity. Ask those who have proved it.

TO BUILD CARS AT COLDBROOK

Dominion Motor Car Co. Limited Organized to Manufacture a Light Six—St. John Chosen in Competition With Montreal and Halifax

That a second plant for the manufacture of automobiles will be established at Coldbrook and ready for preliminary operations by July 1 next is now made almost certain by the consummation of a deal whereby New York capitalists, including P. A. Rockefeller and other well known financiers have leased from the Coldbrook Realty Company a site adjacent to that on which the Ford Motor Car Company now operates its plant.

The company will be incorporated as the Dominion Motor Car Company, Ltd., and will construct a light six cylinder 40-50 h. p. touring car at a price between \$2,250 and \$2,500 from parts imported direct from England.

That those whose capital is behind this enterprise will also establish a brick manufacturing concern and a building company was said to be probable by John A. Graham, former general manager of the Maritime Motor Car Company, Ltd., which was absorbed by the Ford Motor Car Company, and Leslie F. Bond, both at present in this city representing two of the directors of the new company.

The company will be capitalized to the extent of \$400,000 in common and preferred accumulative 7 per cent stock, of which \$300,000 has already been paid up, and this, Mr. Bond and Mr. Graham said last evening, is a mere index to an enormous influx into Canada during the next year of American capital, which they predicted as a certain result of the present unrest in New York financial circles and unsettled industrial conditions in the United States.

"The recent Montreal bank clearings," Mr. Bond said, "are another indication of the amount of American capital that is already coming into Canada."

Construction of the plant will be started within sixty days, and it is expected that it will be in readiness for the start of preliminary operations by July 1 next. The contract has not yet been let.

Preliminary application for a charter has been made on behalf of the company by S. A. M. Skinner, of this city.

DEMAND ENFORCEMENT OF THE LIQUOR LAWS

Meetings in connection with the week of prayer promoted by the St. John branch of the Evangelical Alliance were held in several churches yesterday.

In the First Presbyterian church, West End, in the absence of the pastor, Rev. Dr. Morison, Rev. H. E. Thomas presided. Every seat in the church was occupied and the exercises were a complete success. Rev. W. R. Robinson led in scripture reading and Rev. A. J. Archibald led in prayers. The address of the evening was delivered by Rev. M. F. McCutcheon, who spoke on "The Church and the Saloons, and the speaker gave an interesting and instructive speech on the important and timely topic. Rev. Mr. McCutcheon declared that the saloon stood for the degradation of mankind, while the church stood for the salvation of mankind; he said that it will be in readiness for the start of preliminary operations by July 1 next.

At the close the following resolution, moved by Rev. W. R. Robinson and seconded by Rev. A. J. Archibald, was passed by a unanimous standing vote. Resolved, in view of the open and notorious violation of the liquor license law in this city, especially those sections pertaining to the shipment of liquor into prohibited territories by wholesale dealers, the sale to minors, interdicts and drunkards, the sale on Sundays, in either licensed or unlicensed places; the bottle peddling, and the violation of the screen law;

Therefore resolved, that the Christian congregations of the west side assembled in the Presbyterian church during this union week of prayer, call upon the liquor license commissioners, the inspector and other officials to enforce the said liquor license law in this city in the interest of moral and social reform throughout the city and province.

Further resolved, that a copy of this resolution be forwarded to the liquor license commissioners.

In announcing the reading of the above resolution, Rev. W. R. Robinson said that in view of the fact that the whole province, especially in prohibited territories, suffered through shipment of liquor by wholesale dealers and absolutely no steps were taken to cancel their licenses, as the law provides; and as St. John city is made to suffer through the persistent efforts of the bottle peddlers to whom the liquor is supplied by wholesale and retail dealers, the necessity for action on the part of temperance people was evident.

In Portland Methodist church, North End, the topic of the day was "The Church and the Commonwealth." Rev. H. Pierce was leader, and Rev. J. H. MacVicar was speaker. The meetings in St. David's and Trinity churches are referred to elsewhere.

# MATTY'S BIG LEAGUE GOSSIP

BY CHRISTY MATHEWSON  
THE GIANTS' STAR PITCHER

(Copyright, 1914, by the Wheeler Syndicate, Inc.)

way north after the spring training trip last year, I had a little talk with Johnson. He complimented me on having lasted for twelve years in the big league, and then said:

"You know, I made up my mind two years ago to stop burning them over except when the tightness of the situation made it necessary. I used to put on all my speed all the time when I first broke into the league but it does not get you anything except a knockout record, and records don't keep you in the league when the old soup bone begins to stink. I want to wear as long as 'Cy' Young and you have, if possible."

Johnson is a very sensible pitcher. He took me for a little ride in his automobile around Washington at this time, and, not having a self starter, I noticed that he cranked it with his left arm. He saw me watching him and explained the reason.

"I always used to twist her with the right until last season," he said. "One day I had the spark up a little too far, and she made a kick that gave my wrist a wrench. It twinged for two days. Billy Evans, the umpire, happened to be with me when this came off and noticed I had hurt my wrist a little."

"What do you use your right arm for, Walker?" he asked me. "It seems to me you are taking a terrible chance."

"I thought it over after that, decided I did not want to be put out of baseball by a kick of a motor, and have cranked with my left hand ever since. Which wing do you use, Matty?"

"I twist her with the salary wing," said I, "but I'm careful never to pull down on her or spin her."

"I wouldn't take that chance if I were you," cautioned Johnson.

Johnson is right about this, too. He certainly would be foolish to be spinning temperamental motors with that arm of his which is worth, in big league circles, at least \$100,000, according to my estimate of values.

There are a lot of ball players with valuable arms taking chances with them every day when they crank automobiles. A man may be the best batter or the fastest base runner in the big league, but, without a good arm, he is of little value in any position on a first class team. He won't hold a job as a regular, either, with a weak wing.

What is the use of having a player in the outfield who can spear any fly ball he can reach, and who is fast on ground hits, if he cannot cut off runs at the plate with his throw? He would lose many a ball game for his club through the run of the season if a manager were foolish enough to keep him in the outfield. It is the same with infielders. It might be contended that a second baseman does not have to throw the ball far to get it to first, but how about the times he has to shoot it to the plate to break up a double steal on a short throw? As soon as the opposing clubs discover that a player has a weak arm, they run wild on him when he has the ball. There is no place in the

big leagues for the weak armed except as pinch hitters, and that is not a very satisfactory job for an active man.

But look at the players who are taking chances with their arms. During the recent world's series "Ty" Cobb had an automobile which he drove around New York. I have seen him spin the motor when the engine was cold with the spark advanced so that it was liable to kick back. This is not criticism. I have done the same thing myself. Cobb is of that impetuous type which insists that

a motor start no matter what the risk. "Eddie" Collins does the same thing when his self starter has not enough pressure. "Chief" Bender is another careless cranker with a valuable wing.

After Doyle had been hurt in an automobile accident just before the world's series last fall, McGraw was sore. "I wish," said the Giant leader half seriously, "that while the National Commission is passing so many laws, it would pass one that forbids a ball player running an automobile."

## MOSCOW'S SILENT CLUB

London, Jan. 9.—Most readers will remember the brother of Sherlock Holmes and the queer club to which he belonged. It seems that there is in real life a club similar to the one imagined by Sir Conan Doyle. The Moscow Prefecture has just confirmed the statutes of a newly formed club in that city the chief feature of which is the absolute silence imposed on its members within the club

precincts. Any infraction of this cardinal rule involves a monetary penalty. The club is well appointed and luxuriously equipped. It is furnished with billiards, chess, cards and other games. Gesture is the only medium of intercourse among its members. The same rigid regulation obtains at the club buffet and in the diningroom, as well as in the library and general rooms. Orders are conveyed to the silent waiters by means of tablets they carry.

Hon. James Bryce, for many years British ambassador to the United States is now known as Viscount Bryce, having been elevated to the peerage in the New Year's honors conferred by King George. The title was given the former ambassador in recognition of his long service in the British diplomatic corps, during which he became noted as one of the most brilliant statesmen of his time.

**PRESENTATIONS IN FAIRVILLE**

At the annual Christmas entertainment held by the congregation of the Church of the Good Shepherd, Fairville, on Wednesday evening, the rector, Rev. Walter P. Dunham and Mrs. Dunham were made the recipients of some very useful gifts, as a token of the esteem in which they are held. During the evening the members of the Women's Auxiliary presented to them a handsome eight-day clock in oak and the members of the rector's Bible class presented to him a set of books, entitled "The Expositor's Bible," consisting of eight volumes, neatly bound in blue cloth. The presentations in each case were made by J. H. Galey, senior warden of the church. The children, instead of receiving presents, brought gifts of flour, groceries, etc., which were afterwards distributed to the needy. The evening opened with a programme of recitations, which were given by Madeline McKel, Edith Bence, Evelyn Stears, Jennie Chambers, Westlene Dennison, Bertha Nelson, Arthur Byers, Arthur Nelson and Scovil Dunham.

**CITY BRANCH LEADS IN CARDS TOURNAMENT**

The card tournament conducted by the C. M. B. A. branches 133, 134, and 422 was resumed last evening in the rooms of Branch 134 Union street, when several games of "forty-fives" and cribbage were played. In "forty-fives" last night the three branches each took 15 points, while at cribbage the scores were Branch 133, 17; 134, 16, and 422, 12. The city branch is now leading in the totals, the scores being:

Branch	fives	Cribbage
133	116	110
134	94	111
422	116	88

**THE STEAMERS**

Furness Liner Durango, from Liverpool, arrived yesterday at Halifax. The Manchester steamer, of the Manchester Line, on her way to this port, arrived yesterday at Halifax. The Donaldson steamer Lakonia will sail this evening at 8 o'clock for Glasgow direct, taking away a capacity cargo of general freight, including about 40,000 bushels of grain and 20,000 sacks of flour. One of the Halifax papers, in noting the arrival of the Bengore Head there on Wednesday, said that this was the first Head Line steamer that had ever called at Halifax. One of the representatives of this line in the city said this morning that the Head Line Steamers have made frequent calls at Halifax, landing admiralty stores there. The Bengore Head, he said, called there three years ago and landed a shipment of blocks to be used in some public work.

**HER NECK BROKEN**

Little Girl Falls from Bank in Lumber Camp on North Shore  
Newcastle, Jan. 9.—At Lytleton, some miles from here, on last Friday morning Edie, the four-year-old daughter of Mr. and Mrs. Fred Holmes, lost her life. The parents are employed in the camps near there and the little girl was playing in one of the bunk houses when she fell to the floor, breaking her neck and dying almost instantly.

**BURIED TODAY**

The funeral of Mrs. Elizabeth G. Seeds took place this afternoon from her late residence, Meckenburg street, to Trinity church, where service was held at three o'clock, conducted by Rev. R. A. Armstrong. Interment was in Fernhill.

At 2:30 this afternoon the funeral of George J. Estabrooks was held from his late residence, 54 Elliott row. Rev. P. S. Porter conducted the services. Interment was in Fernhill.

The funeral of Mrs. Lucy Walters took place this afternoon from her late residence, Watson street, West end. Rev. H. E. Thomas conducted the services. Interment was in Fernhill.

The funeral of Miss Annie Norris was held from the Home for Incurables at four o'clock this afternoon. Services were conducted by Rev. W. Camp. Interment was in Fernhill.

The body of Mrs. Dennis Porrier was taken from her late residence, Pleasant Point, to the I. C. R. depot today, and was taken on the 11:20 train to Cap-Bald, where interment will take place.

**NO IMPROVEMENT**

New York, Jan. 9.—At 10:50 this morning Doctors Payne and Biggs issued the following bulletin in reference to the condition of Sir James Whitney, premier of Ontario.

"Sir James slept well; no improvement in condition."  
Godfrey Isaacs, of London, says he has heard of no report of a wireless trans-Atlantic conversation and would have certainly heard if such had taken place. Experiments are being carried on.

**SCHOOL FIGURES ABOUT \$185,000**

Estimates For Year Nearly Ready and That is Approximate Total

At a meeting of a school board committee last evening the matter of estimates was considered. It is expected the total will be between \$185,000 and \$185,000 although there will probably be a few changes before these figures are presented to the regular meeting of the board. The estimates last year were \$160,000 and it was thought by many that this year's figures would amount much closer to \$200,000 than is the case. The estimates will be presented to the commissioners after being passed by the board.

**BROTHERHOOD WORK**

National Secretary and Vice President Here Next Week on Way to England

Thomas Howell, national secretary of the Federated Brotherhood of Canada, and H. W. Ausman, vice-president of the same organization, will be in St. John next week on their way to England to attend an international conference on brotherhood work. This federation of church brotherhoods appears to be full of promise, as it breaks down prejudice and brings together men from different churches to deal with problems common to them all. Centenary Brotherhood of this city has taken advantage of the coming of these gentlemen from Toronto and during their stay in St. John will hold a meeting, to which members of other brotherhoods in the city will be invited, to hear them tell of the brotherhood movement in Canada, its aims and the success with which it has thus far met.

**COURT LOYALIST OFFICERS**

On Thursday evening at the regular session of Court Loyalist, held in the Orange Hall, Simonds street, the officers were installed for the ensuing term. Many visitors were present from companion and subordinate courts. Prior to the ceremony the annual reports were read, showing the court to be in healthy condition financially with a good reserve bank account. Only one death has broken the ranks during the year, a somewhat remarkable feature considering that the court has been established thirty years and has many old members.

Last evening's ceremony was conducted by Past High Chief Ranger D. G. Lingley, assisted by E. J. Todd, H. S. acting as high marshal; Com. Brooks, high commander; J. E. Arthurs, H. V. C. R.; L. W. Mowry, H. and H. H. Bell, H. T. The following were installed:—J. E. Claxton, C. R.; H. C. Crabbe, Y. C. R.; W. A. Erb, R. S.; W. W. Hawker, F. S.; A. G. Perry, Treasurer; G. A. Neil, orator; J. M. Laskey, S. W.; A. S. Belyes, J. W.; H. B. Cunningham, S. B.; H. J. Pratt, J. B.; S. A. Thorne, C. D. H. C. R.; Dr. C. M. Pratt, Court Physician.

**OFFICERS INSTALLED**

There was a large gathering of members last evening in the rooms of Branch 184, C. M. B. A., Fairville, when the installation of officers was conducted by R. J. Walsh, grand deputy. The officers are: Chancellor, Patrick Murphy; president, John Gallagher; first vice-president, James Hanlon; recording secretary, J. A. Conwell; assistant, David Delaney; financial secretary, Thomas Lee; treasurer, Wm. Lynch; marshal, M. Butler; guard, James Gifford; and trustees, P. J. McMurray, J. Wallace, C. Collins, C. Savage, and D. Delaney.

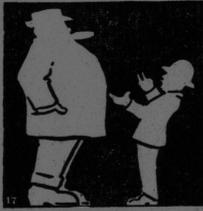

**THE EAST SIDE WHARF PLAN**

Mayor Frink has received from Hon. J. D. Hazen a communication acknowledging receipt of the resolution of the common council, urging the government to undertake the construction of deep-water wharves on the property to the north of the Ballast wharf. Mr. Hazen says that he has taken up the matter with Hon. Frank Cochrane, minister of railways, and F. P. Guelius, general manager of the I. C. R.

**WHIT OUT TODAY, SAYS REPORT**

In connection with the steps which are being taken by Dr. L. M. Curran to protect his reputation against allegations made, it is reported that a writ will be issued this afternoon in a suit for damages for slander, the defendant being a lady who occupies a prominent position in local society circles.
