

BERRY CHILD TELLS FATAL NIGHT STORY

Father and Mother Had Not Quarrelled on Night Before Mother's Death.

MOTHER WORRIED PREVIOUS EVENING

Dr. Abramson Says Blow on Ear Would Produce Unconsciousness But Not Death.

Special to The Standard Moncton, N. B., March 21.—Some important evidence was given in the Rachel Berry case today by Dr. Abramson, provincial pathologist, who held a post-mortem on the body of Mrs. Fannie Berry at Petitcodiac last week, and at the hearing today he gave the result of his findings.

Owing to the advanced stage of decomposition in which he found the body, Dr. Abramson was unable to examine any part of the remains but the head.

He corroborated other witnesses as to the bruise on the right ear and declared that there was evidence that Mrs. Berry had received a blow on the ear before death, which caused hemorrhage in the inner cells in his opinion the condition in which he found the right ear was caused by a severe blow likely to produce unconsciousness, although not sufficient to cause death, as the skull was not fractured.

Dr. Abramson Dr. Harry L. Abramson, provincial pathologist of St. John, the first witness called by the prosecution this morning. He examined the skull and found that the internal ear, on the right side showed hemorrhage into its cells; that in the internal ear on the left side such condition was not shown. There was no fracture of the skull.

This hemorrhage on the right side, he said might be caused by force on the outside ear. It would be a severe blow. In his opinion, such a blow might be sufficient to produce unconsciousness as it caused hemorrhage of the internal ear. It would be more probably a blow at right angles or in other words a direct blow rather than a glancing blow.

Not Self-Administered Being asked about the effect of grasping a person by the throat before death, Dr. Abramson said that pressing of that kind would likely have raised marks about the neck. He was cross-examined. Dr. Abramson said he could not tell the cause of Mrs. Berry's death, as the body was too far decomposed. In his opinion the condition he found in the right ear existed before death. He did not think the blow on the ear as found on the body would cause death, although it might have produced unconsciousness. Dr. Abramson declared he was not in a position to contravert the evidence of Dr. King that the death of Mrs. Berry had been caused by drowning.

Child Gives Evidence Olive Berry, the twelve-year-old daughter of accused was next called. She said she was a daughter of the late Missie Berry and lived with her mother. "I last saw her alive on a Saturday night. She could not remember the date. This was after supper. Mother had not gone to bed before I did. The door was open and I saw her around the house all day. I did not notice her ear being bruised on that day or on that evening. She never told me anything about a pain in her ear. The last I saw of my mother she was patching papa's underwear. I went to bed then. I talked with her some."

She next saw her father, she said, upstairs when he told her that her mother was gone. "He had been to bed and woke me up. He was dressed. I began to cry. Father did not go outdoors. He went downstairs. I heard him going down the steps. I did not hear him going outdoors. He was lying down on the bed. He came upstairs again. He had his clothes on then. He went downstairs again and he came up again. He did not go to bed that time. I did not go downstairs. The third time he came up, I think he sat on the rocking chair again. I was crying all this time. He did not tell me where my mother went. He said nothing else. I don't think he was crying. I don't know how long he stayed in the chair. I think he went downstairs again."

Up Very Early Loretta saw her father in the morning. I think he had the lamp burning. It was not quite daylight when we had breakfast. Papa cooked the pancakes. I don't remember whether he said anything about mamma being gone. Before breakfast he went down to see if he could see her tracks and said he could not see her tracks much as they were pretty well filled up. I had been with mother to bed that evening after dark. She said to me she did not know how she was going to put the night in. I don't remember about the bed looking as though he had slept in it. Every time she saw accused he was out of bed. He had on the same suit he always wore.

No Quarrel That Night Under cross-examination witness said her mother never talked that way to her before that Saturday night. She said her father and mother had no quarrel that night, and she never knew of her father beating her mother. Both her parents were good to her. At the conclusion of Olive Berry's evidence the prosecution announced their case closed.

CUT DEAD WOOD FROM C.N.R. SAYS HON. T. A. CRERAR "Then Put It Squarely up to Management to Make Good" His Advice.

WANTS MORE MEN FOR FARM WORKS Settle Newcomers Along National Lines and So Make Business for Railways.

Toronto, March 21.—Addressing the Canadian Club at luncheon today, Hon. T. A. Crerar, leader of the National Progressive Unionist party, considered the problem of the present unemployment of the population, the incidence of taxation, federal, provincial and municipal, and the drastic need of economies in all directions.

Dealing with the railway problem, he offered a recipe for the deliverance of Canada from the incubus of nationalized railways.

"To me," Mr. Crerar said, "it appears the whole system should be gone over and the deadwood cut out. "Cut out Dead Wood"

"It should then be put squarely up to the management to make good. Along with this the government should inaugurate a vigorous immigration policy, bringing into Canada only people suitable for agricultural work and adaptable for rural citizenship through possession of its potentialities. These should be settled along our national railways and furnished the nucleus for future profit-paying traffic. If a policy somewhat along these lines were carried out, while there would inevitably be a deficit for some years to come, we should be on the road to the goal where these roads eventually would pay and become assets to Canada instead of liabilities."

Preliminarily, Mr. Crerar in his address traced the origin of farmers' organization in the western provinces. Economic necessity was the foundation of the movement—means to surmount difficulties in marketing of the grain, involving necessarily a breaking away from existing marketing and transportation conditions. Development of co-operative principles followed two lines—business and educational. He denied the charges that farmers were narrow minded.

Every Record For March Day Broken Eighty-Nine Was Official Temperature in Washington But Some Said It Was Hotter.

Washington, March 21.—The beginning of spring today brought to the Atlantic coast region of the United States the highest temperatures ever recorded for March 21. Washington led nearly a dozen cities in the coastal region with an official temperature of 89 and a street level temperature as measured by government thermometers of 99. The city sizzled and sweltered as in mid-July. New York reported a record March 21 temperature of 88; Philadelphia, 87; Boston 82; Hartford, Conn. 82; Portland, Me. 78; Raleigh, N. C. 86 and Norfolk, Va. 80.

Antelope Reserve Is Planned For West

Ottawa, March 21.—With Western Canada's antelope herds reduced to between 800 and 900, the government has created a national reserve, extending over 6,000 acres near Nemiskam, Alberta, with the view to saving this animal from extinction.

ARCH. MANNIX IS ON WAY TO SEE THE POPE

In Paris Now as Guest of Church for English Speaking Catholics.

MAY TAKE OATH ON AUST. ALLEGIANCE

Island May Ask Him to Do So in Report Reaching French Capital.

Paris, March 21.—Archbishop Mannix of Australia, arrived quietly in Paris this morning on his way to Rome for an official visit with the Pope and to make a report on his diocese. He probably will leave for Rome tomorrow.

While in Paris, Archbishop Mannix will be the guest of Clergymen of the church for English-speaking Catholics. He refused to grant an interview to newspapermen today, but through his secretary, it was indicated the Archbishop would have no objection to taking the oath of allegiance upon his return to Australia.

A request for this effect is to be made by the Australian Government according to Melbourne despatches received here.

TRAIN PLUNGED INTO BALL TEAM One Boy Killed, Six Injured in Accident Near Syracuse, N. Y. When Boys Run Down.

Syracuse, N. Y., March 21.—One boy was killed and six others injured tonight when the second Empire express on the New York Central lines crashed into a truck carrying thirty boys at Kirkville 12 miles east of Syracuse.

The boys were all from Marcellus and were on their way to Kirkville for a football game. The truck was hurled into a ditch. Farmers rushed to the aid of the victims. Harold Wilson was found dead and six of his companions in serious condition were rushed to Syracuse hospitals.

Twenty Strikes Due To Wage Reduction Building Trades of Boston Are the Most Disturbed by Actions.

Boston, March 21.—Twenty strikes and lockouts exist in Massachusetts at present, according to the State Department of Labor and Industries. The majority are said to be directly traceable to attempts to reduce wages, to establish open shops or to both of these causes. The largest of the labor disputes is that of the Boston building trades.

The statement says the reports which the department has at hand indicate an improvement in the textile industry, especially with reference to the manufacture of woollen goods, although it is felt that the output of the mill is as yet far from normal.

Preached Six Hours To Hold His Pulpit From His Successor Then Newcomer Called Two Policemen to Put End to Prolonged Sermon.

North Bergen, N. J., Mar. 21.—The story of how Rev. Ernest Whitcomb, Pastor of the Beulah Mission of the Church of Jesus, preached for six hours straight and even munched his supper in the pulpit before surrendering to the rostrum to his duly elected successor, became known here today when five parishioners, loyal to Mr. Whitcomb, were ordered arraigned on charges of disorderly conduct. When the new pastor, Rev. Harold M. Moss, of Springfield, Mass., arrived at the mission to take charge he found Mr. Whitcomb preaching. Mr. Moss did not desire to interrupt the services, but nevertheless called for two church officers and two policemen.

Then he waited for Mr. Whitcomb to end his sermon. But Mr. Whitcomb preached from 2 P. M. until 8 P. M. and many of his congregation stayed with him. Finally the new pastor called on the old to "resign and get out" at the same time motioning toward the policeman. Mr. Whitcomb then stopped preaching, but the five members of his flock placed under arrest were alleged not to have surrendered so meekly.

Philadelphia, Mar. 21.—Peter D. Trayway, who was convicted of murder in the second degree on Saturday for the killing of Henry T. Piazza, manufacturer and sales agent, here last November, was today sentenced to be brought down as to the information gathered.

Proposes Division Of British Columbia

Resident Claims Northern Part Has the Wealth But Little Representation.

Victoria, B. C., March 21.—A proposal that the Province of British Columbia be divided in two, is being seriously put forward here by residents of the northern part of the province. According to reports, the proposal has public approval behind it. B. Brynildsen, prominent merchant and business man of Bella Coola, is here endeavoring to obtain support among members of the legislature for a division of the province. Mr. Brynildsen points out that the northern portion of British Columbia has but four representatives in the legislature out of a house of 47 members and declares that the north contributes more than half the wealth of the whole province.

SUGGESTS FIFTY MILLION TO AID HOUSE BUILDING Commons Shows Wide Diversity of Views on Desirability of Help.

ONE WOULD DRIVE MEN FROM CITIES Alleges Country Suffers Because Too Many Are Quitting the Farms.

Ottawa, March 21.—H. C. Hocken (Toronto West) moved a resolution in the Commons this afternoon favoring federal grant of \$10,000,000 annually for a period of five years, or that every industrious, frugal, and thrifty citizen of the Dominion could become the owner of a lot and house.

The resolution suggested that the first year of the loan, or longer, be confined to men who served overseas. Hon. Rodolphe Lemieux suggested that the money amend the resolution so that it would not call for the expenditure of any definite amount within five years as it did at present.

Aim of Measure. Mr. Hocken agreed. His chief aim in bringing the matter before the House was to secure the means for a proper discussion of the subject. Mr. Hocken said the scheme could be managed by a permanent housing board and arrangements made with loan companies in every locality to loan the government's money under their own responsibility. He suggested co-operative building.

Nesbitt Opposes. E. W. Nesbitt (North Oxford) was opposed to any project which would involve the government in a loan business, remarking: "Any money people get from the Government does not worry them whether they repay it or not."

Further grants under the Dominion Housing scheme of 1919, were advocated by W. G. MacQuarrie (New Westminster) who read a memorandum from the G. W. V. A. of this city urging such action. Mr. MacQuarrie argued that under the housing scheme the Dominion assumed no responsibility, merely financing the project which was then guaranteed by the provinces and municipalities. He considered the \$25,000,000 made available for housing purposes had served a good purpose, yet the amount was insufficient.

Driven From City. Every indigent is being made to-day to draw people from the country to the city. W. K. Baldwin (Sturtevant) declared in opposing the resolution. He favored new taxation which if necessary would drive the people from the city to the country. Rural districts showed many vacant houses and until these were filled he was opposed to any aid being given the cities to make the situation still worse.

No Report Coming From Tariff Board

Ottawa, March 21.—Replying to a question by J. P. Johnston (Lions Mountain) Premier Meighen said the government did not contemplate legislation amending the present immigration laws with a view to improving conditions on the government railways.

Plus Richard, (Beauport) was told by the Prime Minister that it was not the practice for commissioners on the tariff to submit a report. The minister of finance would probably inform the House when the budget was brought down as to the information gathered.

FORDNEY BILL TO BE PASSED IN QUICK TIME

President Harding Plans to Have It Passed at New Session of the House.

PROBABLY WITHIN NEXT TEN DAYS

New Chief Executive Thinks It Is Essential for American Trade Security.

Washington, March 21.—The Fordney emergency tariff bill precisely as introduced by former President Wilson will be re-introduced in Congress as the first important legislation of the extra session. According to the request of President Harding for passage of a measure designed to help the farmers against foreign competition, Republican members of the House, Ways and Means committee moved today after agreeing almost unanimously a week ago not to consider any emergency legislation ahead of a permanent tariff and revenue revision.

Within Ten Days. Senators Fearson, Smoot and Cumber, conferees of the Senate finance committee agreed to the new programme, which it was explained, meets the approval of the President. Senator Fearson expressed the belief that the emergency measure would be in the hands of Mr. Harding within ten days after the convening of the special session April 11. After discussion of the emergency measure the first few days of the extra session the House will take up and pass the anti-dumping bill, which will be followed by the allied measure fixing a United States valuation on goods which must pay ad valorem duty.

Then will come the permanent tariff, which Republican leaders hope will be passed before Congress adjourns in all the sessions demanding an upward revision. The actual work of framing it will begin tomorrow, hearings having been concluded at the last session.

ENGINEER FAILS TO SEE SIGNALS Fireman Also Partly Responsible for Fatal Collision at Porter, Ind.

Washington, March 21.—Failure of Engineerman Long of the Michigan Central train to observe and obey certain signals was responsible for the Porter, Ind. wreck in which 37 persons were killed and twenty injured, the Inter-State Commerce Commission's bureau of safety reported today.

A contributing cause of the wreck, the bureau's report stated, was the failure of Fireman Black, also of the Michigan Central train, to observe properly the signal indication at the crossing where the wreck occurred, and to convey the correct information to Engineer Long.

"This accident," the bureau declared, "again calls attention to the necessity for an automatic traffic control device to be used in connection with existing signal equipment for the purpose of automatically controlling the speed of a train in case the engineer, for any reason, fails properly to observe indications and to operate his train accordingly."

VETERANS WANT HIGHER PENSION

Ottawa, Mar. 21.—The immediate need of increased pension was urged before the Parliamentary committee on soldiers' relief reestablishment this morning by C. G. MacNeil, secretary Dominion Command, G. W. V. A. The present pension, he said, filled the gap between disability earning capacity and normal earning capacity of pensioners.

Proposals tabled by Mr. MacNeil asked for increases in widows' pension \$1 per one per cent of disability pension base; pensions for guardians of pensioners because pensioners must live in Canada and the equalization of pensions irrespective of rank.

Thirteen Houses Burned

Springfield, Mass., Mar. 21.—Loss estimated at between \$50,000 and \$75,000 resulted from a fire believed to have been accidental, that burned a large barn and 13 houses on the grounds of the Eastern States Exposition early today. Most of the houses which were burned were and still are owned by John J. McCarthy, horse breeder and hotel keeper of this city, and the value placed on them is between \$25,000 and \$30,000.

FOUR KNOWN DEAD Chicago, Mar. 21.—Two more bodies today were taken from the debris of the Armour Grain Company elevator which was wrecked by an explosion Saturday night, making the number of known dead four. Two more bodies were believed still to be hidden under the debris.

MINISTERS WHO SIT IN SENATE IN THE COMMONS

Hon. Rodolphe Lemieux
Wishes Senator-Ministers to Have Rights There.

THINKS BLONDIN SHOULD SEEK SEAT

Suggests Semi-Elective Senate to Meet Needs of the Dominion.

Ottawa, March 21.—Private members' day in the House brought a constitutional discussion of prime importance. It touched on relations between the Senate and the House. The Hon. Rodolphe Lemieux initiated a motion to enable ministers of the crown to sit in either chamber whenever measures and policies are introduced affecting their respective departments. Mr. Lemieux argued, was never more necessary than at present with the world passing through a period of reconstruction.

Some Suggestions Made.
It might be advisable to change the mode of selecting Senators. Mr. Lemieux suggested that election by legislatures, boards of trade, or other public bodies might be in the public interests.

Three Senate Ministers.
At present the Government had three ministers in the Senate and three in the House. The head of the labor department and the head of the interior department (now in the Senate) should be retained to be present when their departments were being discussed. The post office department was one which affected every member, and the minister unable to sit in the Senate, said Mr. Lemieux, but he believed the government had been somewhat wrong in their appointment of a postmaster-general.

Should Seek Seat.
Hon. P. E. Blondin had been hopelessly defeated in two consecutive elections. The Government, however, appointed him to the Senate and conferred him as administrator of the post office department. Another opportunity should be given to Mr. Blondin to obtain a seat by election. That opportunity was now available. The constituency of Yamaska was without a representative.

Premier Melgheon.
The Prime Minister said no strong objection to the principle of the proposal. But he doubted if it could be given effect by a resolution either of the House or of the Senate. It was a step which had been taken out after mature consideration.
See a Danger.
Hon. A. K. MacLean, Halifax, a former member of the House, seconded the motion. He expressed his agreement with the Government's policy in the House being permitted to handle in the Senate the business of their departments. But there was some danger in members of the Senate taking part in proceedings of the House. Were this permitted, he argued, a weak government might have a weak government of its cabinet members in the Senate contrary to the spirit of the constitution and the wishes of the people.

Mr. Lemieux eventually withdrew his resolution.

Fitz-Randolph Case Up At Fredericton

Hearing Will be Continued Today—Some Suggestions Made It Is Alleged.

Fredericton, N. B., March 21.—In the police court today before Judge Lambert, the non-support case which is the sequel of the Fitz-Randolph divorce case was commenced. Chas. Fitz-Randolph, now conducting a grain business at the Board of Trade building, Montreal, being charged with having failed to provide support for his children, under 16 years of age.
Mr. Fitz-Randolph, who had spent the week in Montreal since the first hearing of the case, returned from Montreal this morning and the case was commenced immediately upon his arrival. The court room was crowded with spectators and the only witness was Mrs. Fitz-Randolph. She said she was dependent upon the earnings of her 15-year-old son and an allowance of \$50 which received from her mother. This, she said, was insufficient to support her and three children. Her boy had been working in a transfer in the lumber woods.

Some Suggestions.
Judge Lambert made that M. G. Baxter, K. C., and Dr. J. H. M. Baxter, who was counsel when the divorce case was being heard, should be summoned as witnesses in connection with the agreement that is said to have been offered whereby Mrs. Fitz-Randolph was to have been given \$100 a month, the two children under 16 years of age were to be turned over to the father, to support and educate the other children, twice a year. This agreement was never completed.
Judge Lambert told Mr. Baxter, K. C., that he was not proceeding with the case until the agreement to the law had been made. The case was adjourned until the next day.

Charged With Death Of His Wife's Son

Ayer, Mass., March 21.—Eugene R. Drisley, of Littleton, charged with the murder of his step-son, Vincent Paul Planchich, pleaded not guilty in the police court here today, and his case was continued for ten days. It is charged that Drisley struck Planchich, a student at Boston University Law School with an axe as the young man lay asleep in the living room of the Drisley house Sunday morning. Planchich died a few hours later. Drisley is said to have told the police that on Saturday Planchich pursued his mother after threatening her with a hammer.

HUSBAND AND FAMILY.

A SPRING TONIC

One That Will Quickly Improve Your Health.

With the passing of winter many people feel weak, depressed and easily tired. No particular disease, but their system lacks tone. Your work drags. Ordinary tasks become hard. You find yourself tired, low spirited, unable to get sound sleep at night. Debility is robbing you of your power. Dr. Williams' Pink Pills build up the blood. The blood goes to every part of the body and improvement in its condition quickly improves the general health. The digestion is toned up, the nerves strengthened, the aching muscles made strong and your sleep refreshing. The value of Dr. Williams' Pink Pills when the system is run down is shown by the experience of Miss Ruth K. Francis, Kinkora, P. E. I., who says: "About a year ago I was in a badly run down condition. I was weak and languid and the least exertion would tire me out. I slept poorly and this, loss of sleep seemed to bring on nervous headaches from which I suffered terribly. Dr. Williams' Pink Pills were recommended and after using a few boxes I felt like a different person, and have since enjoyed the best of health. I am writing in the hope that my experience may be of benefit to some one else."
Dr. Williams' Pink Pills should be kept in every home as a precaution against troubles due to watery blood and weak nerves. You can get the pills through any dealer in medicine, or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

Commercial Club Was Not Asleep

Protest Made on March 11 on Matter of Removing P. O. Inspectors to Moncton.

Regarding the matter of removing headquarters for P. O. Inspectors and Railway Mail Service to Moncton, H. R. McLellan, Secretary of the Commercial Club, not wishing to have the Commercial Club classed as one of the also-rans, but always ready to get busy, when requested to do so, has the following to offer, if it will be of any assistance to those who are going to press the matter further.

Got Busy March 11.

On March 11th the Commercial Club was requested to protest against the removal of headquarters to Moncton, but also to state that there was no objection to the amalgamation, provided that St. John remained as it is—the Headquarters—and that the amalgamation only effected the Province of New Brunswick, viz.—that the two systems were amalgamated in New Brunswick, the other Provinces to do as they wished.

Believe it is intention to amalgamate New Brunswick, Nova Scotia and P. E. Island Post Office Inspectors and Railway Mail Service Departments with headquarters at Moncton. This will mean great loss to St. John and especially to men affected. Would be satisfactory to amalgamate post office inspectors and railway mail service of New Brunswick with headquarters at St. John. Anything else will be fought.

H. R. McLELLAN, Secy. Commercial Club.

Replies Received.
Replies were received on March 12th from the Prime Minister as follows:
Ottawa, Ont., March 12th, 1921

Dear Sir:
The Prime Minister has directed me to acknowledge your telegram of the 11th March, protesting against the amalgamation of the post office inspectors and railway mail service departments for New Brunswick, Nova Scotia and Prince Edward Island with headquarters at Moncton. The attention of the Post Master General is being called to your protest and to the view of the Commercial Club with regard to the amalgamation of these two branches of the service for New Brunswick with Headquarters at St. John.

Your sincerely,
H. R. McLELLAN, Secretary, Commercial Club, St. John, N. B.

Acknowledged.
This was acknowledged as follows:

SPRING DEBILITY

Loss of Appetite, That Tired Feeling and Sometimes Eruptions. Thousands take Hood's Sarsaparilla as a spring medicine for that tired feeling, nervous weakness, impure blood and say it makes them feel better, eat and sleep better, and "makes food taste good." Spring debility is a condition in which it is especially hard to combat disease germs, which invade the system here, there and everywhere. The "little soldiers" in the blood, because it is their duty to fight disease germs, are too weak to do good service. Hood's Sarsaparilla strengthens the "little soldiers" and enables them to repel germs of grip, influenza, fevers and other ailments; relieves catarrh and rheumatism. It has given satisfaction to three generations. Get it today and for a laxative take Hood's Pills.

Presented With Life Membership

The presentation to Mrs. A. E. Fleming of a Life Membership in the Woman's Auxiliary marked last evening's regular meeting of the Girls' Association of St. John's (Stone) church. Mrs. Alfred Morrissey, President of the W. A. of Stone church, made the presentation which was a mark of appreciation of the splendidly faithful way in which Mrs. Fleming carries out her duties as a church worker and a valued member of the Association. Mrs. Fleming was entirely taken by surprise but expressed gratitude for the thoughtful gift. Miss Edith Skinner, president, presided. Mrs. Morrissey read a paper which members present found most interesting. The subject was "Women of India," referring especially to the work of Amy Wilson Carmichael among the women of India whose lives are so dreary and whose outlook is so hopeless. The Association voted \$30 to Eldon Merritt for his work among the Eskimos.

Veterinary Surgeons Ask Power to Issue Prescriptions for Liquor.

Halifax, N. S., Mar. 21.—Characterizing it as one of the most important petitions ever introduced in the House of Assembly, Hon. O. T. Dunlop, attorney general, and member for Annapolis County, presented to the Legislature today a largely signed petition from the people of Bear River and vicinity, asking for immediate consideration of the development of the water power resources of that part of western Nova Scotia.

The petition states that the western part of the province cannot progress with other parts unless such power is afforded for industrial development. The petition also sets forth the natural geographical advantages of Bear River and adjacent sections of the country in respect to the availability of raw material, and the proximity to St. John, N. B. where steamship connection with the important countries of the world is obtainable. The east branch of Bear River, if developed can furnish 7,500 horse power, and double that amount is available if other sources are tapped. The petition will be considered later in the session.

The bill to amend the Nova Scotia Temperance Act introduced by J. B. Douglas, (Halifax) came up for second reading and was referred to the committee on law amendments. This bill has as its object an amendment to the Temperance Act to permit veterinary surgeons to issue prescriptions for intoxicating liquors in the same way as a medical practitioner. The bill was introduced at the request of the Nova Scotia Veterinary Surgeons' Association.

Held In Prison On Threat Charge

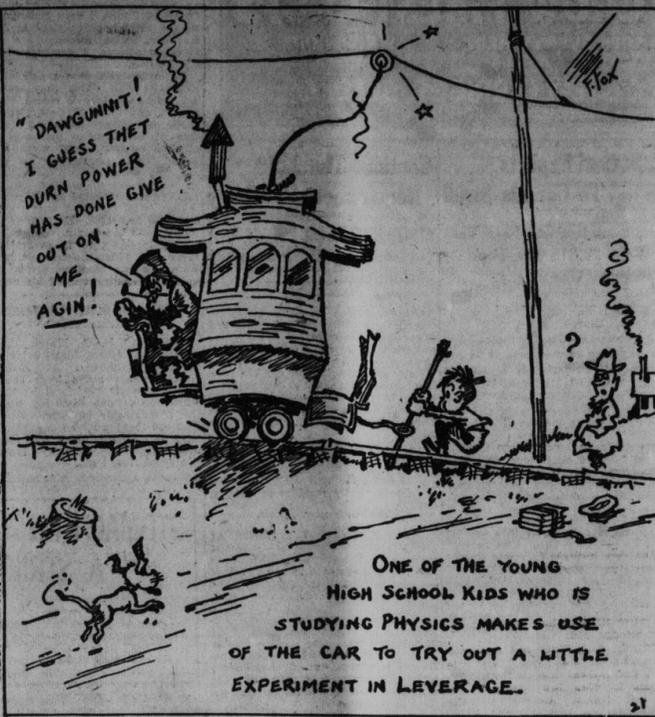

Alleged Worthless Cheque Case Will be Held on March 29 Before Judge Wilson.

Special to The Standard. Gagetown, March 21.—Sheriff J. F. Reid and Constable George McKay have brought down from Coles Island a prisoner named Godin, charged with threatening one of his neighbors, with intent to do him bodily injury. The prisoner has a wife whom he married in England, and three small children. Meanwhile, the accused is lodged in the county jail, to await a hearing. The prima facie examination of George Appleby of Upper Hampstead, charged with obtaining money under false pretences by means of a worthless cheque was concluded before Magistrate T. Sherman Peters. Evidence in the case was given by the plaintiff, G. F. London, a commercial traveller from St. John, and M. G. Oddy, ledger-keeper in the Bank of Nova Scotia. In response to the enquiry of the prosecuting attorney, F. M. O'Neill, the accused replied that he had nothing to say, and elected to be tried before Judge Wilson of the county court, under the provisions of the Speedy Trial's Act on March 29.

Municipal Council Bills And By-Laws

Five Bills Under Consideration—Four Passed and Fifth Held Over.

The bills and by-laws committee of the municipal council met yesterday afternoon at the office of the county secretary to consider the proposed legislation to be sent up for action at the present session of the legislature. Five bills were under consideration; of these four were passed and the fifth held over for further deliberation on Wednesday next, when the committee will hold another session. The bills passed were:—One to provide for fire protection in the Parish of Lancaster, one dealing with rates and taxes in the Parish of Lancaster, one enabling the county or county institutions to borrow up to eighty per cent of the warrant in any one year, and one to provide for making some improvements at the General Public Hospital. The bill laid over was that relating to the new municipal building for the City and County of St. John. Councillor O'Brien presided, and Councillors Schofield, Jones, Bullock, Donovan, Dalzell, Golding, Campbell and Mosher were present.

Judge Wilson Is To Retire At Once

Judge of the County Courts of York, Sunbury and Queens to Quit.

Fredericton, N. B., March 21.—Hon. William Wilson, Judge of the County Courts of York, Sunbury and Queens counties, has received official notification of his retirement under superannuation allowance. The notification came in a telegram from the Department of Justice at Ottawa soon after he had adjourned a session of the York County Court on Saturday until today, and it is understood that because of his retirement the court will be further adjourned this afternoon.

Adjourns Until April 5. When the county court resumed this afternoon, Judge Wilson stated that since he had adjourned the court on Friday, he had received a telegram from the deputy minister of Justice notifying him that he had been retired from the position of county court judge for Queens, Sunbury and York counties, and in view of this, he stated, that he had no further duty in presiding over the court. He said that he had carefully considered the matter and thought that he still had power to adjourn the court until his successor would take up his office. He would therefore adjourn the court until Tuesday April 5th.

Tribute to Judge. J. J. F. Winslow said it was with feelings of regret that he saw His Honor retire after so many years of faithful service. Speaking on behalf of the members of the Bar, he stated that he could say for them that they had received every consideration from His Honor, while before him in the court. He expressed the hope that a rest would improve His Honor's health. Judge Wilson stated that he had been in the position since May 1st, 1898, and thanked the officers of the court for their courtesy, kindness and consideration at all times.

C. N. R. CUTS OFF FAST FREIGHTS TO LOWER COSTS

Fifteen Trainmen Are Laid off as a Result of Train Reductions.

MINE SITUATION VERY UNCERTAIN

No Reports Yet of Survey of Inverness Coal and Railway Company Assets.

Sydney, N. S., Mar. 21.—Because traffic is now insufficient to warrant their continuation, two fast freights on the Cape Breton sub-division of the C. N. R. have been cancelled. About fifteen junior men have been laid off as a result.

Confidence that the present severe slump in the coal market will prove only temporary was expressed by J. B. MacLachlan, Secretary of District 28, United Mine Workers today. Mr. MacLachlan also stated that although he had received no report from the committee surveying the assets of the Inverness Coal and Railway Company, the miners feel practically certain that the \$28,000 alleged to be due them in back time will be paid in full.

PILES Are Generally Caused By CONSTIPATION

These are few, if any, complaints more common than hemorrhoids, or piles, as they are commonly called, and scarcely any which cause more trouble, annoyance and misery. Many persons are troubled with them at some time or other, owing to allowing the bowels to become in a congested condition. Piles are caused under these headings, i. e., itching, bleeding and protruding, and the excruciating pain which accompanies them cause misery which is beyond description. Constipation and suppuration may help and relieve for a while, but get rid of them, it is necessary to have a free, easy and natural motion of the bowels, at least once or twice a day, and by doing this the cause will be quickly removed. Milburn's Lax-Liver Pills regulate the flow of bile to act properly on the liver and bowels, thus removing the constipation and all its allied troubles. They contain no calomel or drastic mineral ingredients, being purely vegetable. They are small and easy to take, and do not grip, weaken or sicken. Milburn's Lax-Liver Pills are \$50. a trial at all druggists or dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

CORONER'S JURY City of Colombo BLAMES ST. JOHN GIRL FOR DEATH

Baby Found in McAdam Hotel With Shoe String About Its Neck.

ALLEGED GIRL ADMITS SHE TIED STRING

Mother in Critical Condition and Will be Removed to the Hospital.

Fredericton, N. B., March 21.—The body of an infant child with a shoe string tied about its little neck was found in a bathroom at the C. P. R. hotel at McAdam yesterday morning. The Sheriff J. B. Hawthorne, of this city, was notified and drove to Harvey, where he picked up Dr. B. H. Dougan, coroner, and together they proceeded to McAdam, where last night they held an inquest, which did not conclude until five o'clock this morning. The verdict of the jury was that it was a case of infanticide, and that the child had come to its death at the hands of Miss Margaret Long, of St. John, who was its mother.

Mother Very Ill. Miss Long, who is about 21 or 22 years old, is now in such a condition at McAdam that she cannot be moved from the hotel, but when she can be moved she will be brought to the Victoria Hospital here and later will be placed under arrest on the charge of having killed her infant child.

The evidence heard by the jury showed that the finding of the infant's dead body at the head of the bath tub in the bathroom had been reported to Miss Grant, manageress of the hotel, and she had at once called a doctor, who found that Miss Long had given birth to the child, and it was said, she had admitted tying the shoe string about its neck. W. H. Noyes, truck foreman for the C. P. R. at McAdam, was foreman of the jury. Melita Encountered Very Severe Weather

The C.P.O.S. Liner Melita, from Liverpool with 1,438 passengers, 600 tons of cargo, 508 bags of mail and 100 packages of parcel post, docked at No. 2 and 3 berths yesterday morning after a voyage of ten days. The big liner met with very stormy weather on the trip and for several days battled with mountainous seas which broke with tremendous force over her bow. As a result of the battle the railing on her bow was smashed in. The Melita had been at sea only a day when she encountered the severe weather which the held away for several days and made life miserable for passengers and crew.

City of Colombo Still On The Rocks

Reports from Stranded Steamer Say But Little Hope of Saving Ship.

Reports received from Capt. Robertson of the stranded City of Colombo, now ashore on Nova Scotia coast, show the steamer to be in a very dangerous position with two big holes smashed through the bottom and no hope of saving the ship.

Part of Crew Here. The Government steamer Aberdeen, sent to the assistance of the stranded steamer Sunday, returned to port yesterday morning bringing 43 of the crew whom the Captain wished ashore. They were sent back in charge of an officer of the ship.

Thirty of the crew are sticking by the ship with Captain Robertson.

Tug Unable to Aid. The tug Murray Stewart of the Nagle & Wigmore fleet, which was ordered out by the ship's agents, J. T. Knight & Co., returned from the scene of the disaster at noon yesterday. The tug's Captain reported that they were unable to do anything to relieve the Colombo from her perilous position. Cargo is already floating out through the openings made by the jagged rocks. It was reported last night that no efforts had yet been made to secure the services of a wrecking company.

Sympathy For Captain. Much sympathy is expressed along the waterfront for the commander of the City of Colombo. He is a young man who was making his first trip to this port. When he went out of here

Physicians Recommend Castoria

YOU know the real human doctors right around in your neighborhood: the doctors made of flesh and blood just like you: the doctors with souls and hearts: those men who are responding to your call in the dead of night as readily as in the broad daylight; they are ready to tell you the good that Fletcher's Castoria has done, is doing and will do, from their experience and their love for children.

Your physician knows that Castoria is purely a child's remedy. It was sought for and discovered as a substitute for Castor Oil in the ailments of Infants and Children. Your physician will tell you this for he knows that preparations put on the market for adults are not adaptable for the very young and he is particularly interested in your baby.

Children Cry For Fletcher's CASTORIA

Is Baby Well and Strong?

Your heart aches when your baby falls sick. You feel so anxious to help the little sufferer, yet so helpless because baby can't tell you where it feels bad. But, if you are wise, you know that generally baby sickness comes from a disordered stomach or bowels. You can tell easily that baby is constipated or has pain, eruptions, flatulence, diarrhoea, is restless, feverish, wakeful, fretful. Good mothers use Fletcher's Castoria, a wonderful remedy, purely vegetable, discovered by a family doctor and used in the best families for over thirty years.

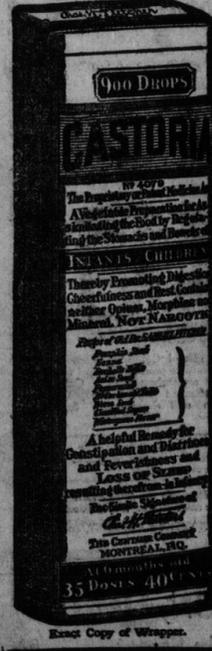

Children cry for Fletcher's Castoria. It is a comfort to babies, the mother's unfailing friend. Any Mother who has used Fletcher's Castoria will advise you to use it for your baby. Give your sick baby a dose of it and note how soon baby begins to feel better. A few doses and you will realize what a wonderful remedy Fletcher's Castoria is for babies, what a comfort it is for mothers to depend on.

Never try to relieve baby with a remedy that you would use for yourself. Don't say tomorrow, get it today.

SPORT CAREER ENDS IN RUIN IN REAL LIFE

Success Goes to Those Who Exercise Moderately, Says Beaverbrook

QUALITIES NEEDED TO WIN SUCCESS

Judgment, Health, Industry, the Pillars on Which Achievements Rest.

London, Mar. 21.—Success—that is the royal road we all want to tread, for the echo of its flag-stones sounds pleasantly in the mind. It gives to man all that the natural man desires, the opportunity of exercising his activities to the full, the sense of power, the feeling that life is a slave, not a master; the knowledge that some great industry has quickened into life under the impulse of a single brain.

Man Can Walk Erect. For my own part I speak of the only streak of adversity I know—the world of ordinary affairs. And I start with a contradiction in terms: Success is a constitutional temperament bestowed, on the recipient, by the gods. And yet you may have all the gifts of the fairies and fail utterly. Man cannot add an inch to his stature, but by using thought he can walk erectly all the gifts given at birth can be destroyed by a single care.

Like all human affairs, success is partly a matter of heredity and partly of free will. You cannot make the genius, but you can either improve or destroy it and most men and women possess the faculties which can be turned into success.

But those who possess the precocious gifts will have both to be heard and to expand them. The Qualities Needed. What are the qualities which make for success? They are three: Judgment, industry and health, and perhaps the greatest of these is judgment. These are the three pillars which hold up the fabric of success. But in using the word judgment one has said everything.

In the affairs of the world it is the supreme quality. How many men have brilliant schemes and yet are quite unable to execute them, and through their very brilliancy stumble unawares upon ruin.

For sound judgment there should be many hundred qualities, like the net which catches the fish, the capacity to read the hearts of men; to draw an inexhaustible fountain of wisdom from every particle of experience in the past and turn the current of this knowledge into the dynamic action of the future. Genius goes to the heart of a matter like an arrow from a bow, not judgment. The quality which learns from the world what the world has to teach and then goes one better. Shelley had genius, but he would not have been a success. William Pitt, however, the poet showed a flash of business knowledge in refusing to lead money to Byron.

In the ultimate resort judgment is the power to assimilate knowledge and to use it. The opinions of men and the movement of markets are all so much material for the perfected instrument of the mind.

But judgment may prove a sterile capacity if it is not accompanied by industry. The mill must have grain on which to work and the industry which pours in the grain. A great opportunity may be lost and an irretrievable error committed by a brief break in the industry of the intellect or in the train of thought. "He who would be Caesar anywhere," says Kipling, "must know what he is doing everywhere." Nearly everything comes to the man who is always all there.

Men are not really born either hopelessly idle or preternaturally industrious. They may move in one direction or the other as will or circumstances dictate, but it is open to any man to be industrious. Hogarth's industrious and idle apprentice point a moral, but they do not tell a true tale. The real trouble about industry is to apply it in the right direction—and it is the wisdom of the servant of judgment. The true secret of industry well applied is concentration, and there are many well-known ways of learning that art—the tacit potent hand-maiden of success. Industry can be acquired, it should never be squandered.

Fire Department In Under Arrest

Youths Set Fires So as to Be Brave Fighters in Eyes of Belles.

Columbia, Pa., March 21.—The Columbia fire department is under arrest charged with arson. Reason: Eight young men desiring to be brave fire fighters in the eyes of Columbia belles, confessed today, it is said, they had set at least ten fires in the last two weeks. Damage in these different blazes ranged from \$100 to \$500. Investigation has shown that the "heroes" arrested are George J. Murr, 19; Chester L. Bentley, 18; George T. Grab, 19; Charles R. Reardon, 16; William H. Henschel, 18; Clayton H. Smith, 17; Albert Lowery, 22, and Harold G. Murr, 22.

They were arraigned this afternoon and held for court. Excitement of fire fighting meant little in the young lives of these "smoke eaters." It was the clanking of the gangs, the shrieking of the hoses on the fire apparatus, the thrill of hearing Emm or Susie or Helen yell as the puffing monsters raced madly down the street: "Oh my! There goes the fire engine!" "Look at Herbert; see Roger. Oh, dear me. I am afraid they will be killed." Members of the gang visited buildings picked for the fire, started the blaze going with oil and other combustibles, they hurried out to see that an alarm was given, it is said. As the fire hose, was strung from a hydrant, ladders were erected and youthful fire fighters swarmed up to chop holes in the roof or throw streams of water on adjoining buildings. When the blaze was subdued, the "heroes" trotted back to headquarters, followed by admirers.

Boy Suicides When He Was Overlooked

Did Not Get An Invitation to a Wedding So He Took His Own Life.

Ridgewood, N. J., March 21.—Because he was not invited to the wedding of family friends, Wm. W. Smith, 12 years of age, committed suicide Saturday night by hanging himself to a bed post with a neck tie, at his home in Glenbrook here. Charles, the day, the boy learning that his chum had been invited to the ceremony and threatened to choke himself if he failed to receive an invitation.

The body was found by the boy's mother on her return from the wedding festivities. The playing fields becomes the dunce of the office. Other men go on playing till middle age, but then their physical powers. At the end of the whole thing is revealed as vanity. Play tennis or golf once a day and you may be famous; play it three times a day and you will be in danger of being thought a professional—without the reward.

The pursuit of pleasure is equally ephemeral. Time and experience rob even amusement of its charm, and the night before it is not worth next morning's headache. Practical success alone makes early middle age the most pleasurable period of a man's career. What has been worked for in youth then comes to play it easy. It is true that brains alone are not influence, and that money alone is not influence, but brains and money combined are power. And fame, the other object of ambition, is only another name for either money or power.

Never was there a moment more favorable for turning talent toward opportunity and opportunity into triumph than Great Britain now presents to the man or woman who has ambition stars to make a success of life. The dominions of the British Empire abolished long ago the privilege which brick confers. Now there has been set there to prevent party rising to the heights of wealth and power, if the man were found equal to the task.

The same development has taken place in Great Britain today. Men are no longer born into Cabinets; the ladder of education is rapidly reaching a perfection which enables a man born in a cottage or a slum to attain the zenith of success and power.

There stand the three attributes to be attained—judgment, industry and health. Judgment can be improved, industry can be acquired, health can be attained by those who will take the trouble. These are the three pillars on which we can build the golden palace of success.

After The "Flu" Four Children Had Whooping Cough

Whooping Cough, although usually a disease of childhood, is by no means confined to that period, but may occur at any time of life. It is one of the most dangerous diseases of infancy, and many cases have deaths that would have been avoided if the disease had been treated in its early stages.

Whooping Cough starts with a common cold, consisting of the usual irritation of the throat, and is usually accompanied by a fever. The cough is at first a dry, tickling cough, but soon becomes a violent, spasmodic cough, which is often followed by a long, whooping inspiration. The cough is usually accompanied by a runny nose and watery eyes. The disease is usually spread by direct contact with the patient, or by the use of contaminated objects.

U. S. Coal Exports To Canada Swell

Dominion Imports Last Year Were 20,815,000 Tons — Increase Was 20 p.c.

(Copyright 1921, By Public Ledger.) Ottawa, March 21.—Canada imported from the United States last year 20,815,000 tons of coal, or 20 per cent more than during 1919. Of this amount Pennsylvania probably sent 75 per cent, Ontario, which draws from both the Pennsylvania and the Ohio fields, led in the quantity of coal imported.

The anthracite brought into Ontario totaled 2,945,000 short tons, or slightly less than in 1919. More bituminous coal was brought into Ontario than during 1919, the quantities for the two years being 13,872,794 short tons in 1920 and 7,706,935 tons in 1919.

Imports of bituminous into Quebec fell from 3,508,000 short tons in 1919 to 2,873,000 in 1920. This was due to the fact that Nova Scotia is gradually getting back her Quebec market, which she lost during the war owing to the commandeering of her shipping by the British Government. In the pre-war days she sent 2,000,000 tons annually to Quebec.

Bituminous coal imports into the whole of Canada amounted to 15,902,637 tons in 1920, compared with 15,049,499 tons in the preceding year. Anthracite imports were slightly lower at 4,915,844 tons in 1920 and 4,972,287 tons in 1919.

The output of coal by Canada in 1920 was 16,822,838 short tons, against 13,919,000 short tons in 1919, an increase of 20 per cent, and exceeding all previous high records. Except in Saskatchewan the output in the provinces during the year was in excess of that mined in 1919.

Canada exported during the year 2,683,263 tons against 2,078,060 tons in 1919. Nova Scotia was the chief coal exporting province with 1,345,573 short tons against 964,107 tons in 1919. British Columbia came close second with 1,181,153 short tons, against 1,014,201 tons in 1919.

Continue The \$250 Requirement For Entry

Order in Council Passed Last November is Indefinitely Continued.

Ottawa, March 21.—An order in council just passed by the Canadian government extends indefinitely the provisions of an order passed last November, whereby immigrants of mechanic, artisan or laborer classes, who are skilled or unskilled are required to be in possession of two hundred and fifty dollars on landing in Canada in addition to a ticket to their destination.

This regulation, it is officially stated today does not apply to farmers, farm laborers, or household workers, nor yet to the wives and minor children of persons legally resident in Canada.

The Old Regulations. Under the ordinary provisions of the immigration regulations, a settler arriving in Canada was required to have in addition to a ticket to his or her destination, fifty dollars in the winter months and \$25 in the spring, summer or fall.

The lack of opportunities for employment for others than those of the farming and household workers classes in Canada at present has made it necessary to continue in effect the order in council prescribing \$250 as the amount each settler must have on arrival in this country.

THREE MISSING IN FIRE

Emporia, Kas., March 21.—Three persons are missing following a fire which completely destroyed the Hotel Whitley, yesterday. Several persons were severely burned and others received injuries when they fell from upper stories of the building.

Jack Fisher, a wrestler, fell three stories when a rope burned in two, but was unhurt. Edward Warner, Fisher's manager, jumped three stories, and landed unharmed on the street. The damage is estimated at \$100,000.

Law-Breakers Had Better Watch Out

Modern Hercules Has Joined Montreal Police Force — Performs Many Feats.

Montreal, March 21.—A modern Hercules has applied for admission to Montreal Constabulary force, and law-breakers crossing his path are likely to have a strenuous time. Joachim Dion, of Cape Maria, Balé de Chaleur, whose exploits have been widely noted in the press, gave yesterday before an admiring group which included Chief of Police Pierre Delanage, assistant chief Leggett, Captain Arthur Marsden, police instructor and several other officers, a demonstration of his prowess.

He broke with ease a pair of solid handcuffs with which they manacled his wrists and tore in pieces with his fingers and teeth 25 cent pieces as easily as ordinary mortals tear paper. One of his favorite pastimes is to climb a two men seated on an iron bar. Dion is 28 years old and is six feet one inch in height. He is fond of exhibiting an American dollar, which he has torn in several directions and which he wears on his watch chain. He has given many public demonstrations of his prowess.

MINING PLANT BURNED

Vancouver, B. C., March 21.—The plant of the Howe Sound Mining and Smelting Company, at Britannia Beach, twenty miles from this city was completely destroyed by the fire which broke out Saturday night in the concentrator building. It is understood there were no casualties, but the loss will run around \$750,000. The president of the company is F. R. Schley of New York.

STOMACH ON A STRIKE

"Pape's Diapepsin" puts Sour, Gassy, Acid Stomachs in order at once!

Wonder what upset your stomach— which portion of the food did the damage—do you? Well, don't bother. If your stomach is in a revolt; if sick, gassy and upset, and what you just ate has fermented and turned sour; head dizzy and achy; belch gases and acids and eructate undigested food—just at a tablet or two of Pape's Diapepsin to help neutralize acidity and in five minutes you wonder what became of the indigestion and distress. If your stomach doesn't take care of your food in a damage instead of a help, remember the quickest, surest, most harmless attack is Pape's Diapepsin, which costs so little at drug stores.

Blown Out of Bed By Boiler Explosion

New York, March 21.—An explosion of a boiler in the Hillcrest apartment, 480 West 116th street, a six story building housing twenty-four families, injured a negro janitor severely yesterday morning and blew Dr. and Mrs. Cyrus Bull out of bed, without hurting them. Dr. Bull's apartment is on the first floor, almost directly over the boiler. There was no fire.

Students at Hartley Hall, a Columbia University dormitory, which is opposite the apartment building, turned out to offer aid. Harry Stewart, the janitor, was taken to Knickerbocker Hospital with severe scalds of the hands and face.

Rowing Crew Ready For

London, March 21.—The Cambridge crews have been practicing on the lake since the arrival of the boats. The arrival of Cambridge was much better than expected and prospects are bright. The full course under these conditions, when made and the light breeze with power and resolution, have experienced difficulty on a crew. They have, indeed, marked improvement in a few days' practice on the lake. Riverside opinion is that Cambridge will have a hard time of it in the year's victory that is expected.

Wilson Decisive

Bone of Contention

Former Champion Seriously Injured

The Wilson-O'Dowd case is the topic of conversation everywhere yesterday in sports circles. The decision that gave the belt to the Bostonian.

It was generally conceded that the fight would have been a close one. The O'Dowd, who fought the first go to the last, was, however, combined with the counter between the corners to make the fight a draw.

There is considerable talk that the decision was a result of the fact that the referee, Jack Rowley, the brother of O'Dowd, was the winner. It is also said that the referee was not impartial, but that he was biased in favor of O'Dowd.

A summary of the fight was given by the referee, who said that the fight was a close one, and that the decision was a result of the fact that the referee was not impartial, but that he was biased in favor of O'Dowd.

THE STANDARD'S SPORTING SECTION

Wilson Decision Bone of Contention

Former Champion O'Dowd Seriously Injured by Bostonian's Low Blows.

The Wilson-O'Dowd combat was still the topic of conversation and discussion yesterday in sporting circles, with varying opinions as to the justice of the decision that gave the diamond belt to the Bostonian.

It was generally conceded that the bout would have been a tame one but for the continued aggression of O'Dowd, who forced the pace from the first going to the last. This circumstance, combined with the thrilling encounter between Gorman and Baird, served to make the entertainment enjoyable.

There is considerable mystery as to how Shortell and McAvoy managed to reach their decision in favor of Wilson. Jack Roslet, the judge who declared O'Dowd the winner, gave as his reason the point that compels a judge to deduct points from a boxer who hits foul blows, even though unintentionally. Roslet said that Wilson not only landed foul blows, but that he was strictly on the defensive and did all the holding. Clause 4 of the rule regarding the duties of judges says: "Points must be deducted for a foul, even though it is unintentional and not of a serious enough nature to warrant disqualification."

Referee McAvoy warned Wilson twice for hitting low. Once he stopped the bout in the middle of the ring and told Wilson he was hitting low. Again at the close of a round McAvoy walked to Wilson's corner and was distinctly heard to say: "Keep your blows up."

Yet despite this action by the referee, neither he nor Judge Shortell penalized the champion by the deduction of a point. The fact that an examination of O'Dowd's dressing room disclosed serious injury to the former champion makes the action of McAvoy and Shortell all the more remarkable.

The foul blows landed by Wilson were so palpable that no one could be misled. A summary of the offences for which Wilson deservedly lost points is as follows:

- Struck four foul blows and was twice warned by the referee.
- Was on the defensive from start to finish and struck only countering blows, showing that O'Dowd did the greater part of the leading.
- Butted with the head at every opportunity, cutting a gash in O'Dowd's head.
- Clinched every time he and O'Dowd came to close quarters. Persistently maintaining a clinch is foul under the rules.
- Ran backward ten miles in fifteen rounds to escape the attacks of O'Dowd.
- Arrogated his hair and shoulders with some substance offensive in odor. This is prohibited by the rules.

Rowing Crews Are Ready For Battle

London, March 21.—The Oxford and Cambridge crews have now had a week's practice on the historic Putney Mort Lake course in the Thames, and over which the university boat race will be rowed on Wednesday, March 23.

The arrival of Cambridge was preceded by much better reports on their style and prospects and first impressions have been much in their favor, especially after their trial over the full course under somewhat adverse conditions, when good time was made and the light blue crews finished with power and resolution.

Oxford, who include five old blues, have experienced difficulty in settling on a crew. They have, however, showed marked improvement as a result of a few days practice on the tidal water.

Riverside opinion is rapidly forming that Cambridge will have a much harder task now of repeating last year's victory than at first seemed likely.

Indeed, though Cambridge's chances are much preferred, a fine struggle is expected.

Increase Value Of The Stakes

Curtain Raiser for New Circuit Staged at Fredericton on Dominion Day.

Fredericton, N. B., March 21.—The four early closing stakes on the Fredericton Trotting Park Association's programme of harness races during the exhibition in September, will each be worth \$500.

The directors of the local track at a meeting during the week-end decided to increase the value of the stakes from \$400 to \$500 each. This will bring the total offering in purses by the local association this season to over the \$10,000 mark and it was also decided to give three days racing at the mid-summer Maine and New Brunswick circuit meeting here, the dates being July 19th, 20th and 21st.

The "curtain-raiser" for the new circuit will be staged here on July 1st (Dominion Day) when there will be three or possibly four events to mark the official opening of the racing season.

The Maine and New Brunswick circuit's gross offering of stakes and purses this year will be between \$90,000 and \$70,000, thus making it the most pretentious harness racing circuit ever organized "down east."

Canadian Red Cross In Siberia

An address on the work of the Canadian Red Cross in Siberia was listened to with deep interest at the adjourned meeting of the Provincial Red Cross held yesterday afternoon. Douglas Brown was the speaker, and as Mr. Brown had gone overseas with the Canadian Engineers, and later acted as secretary to the Canadian Red Cross in Vladivostok, he was able to speak in view.

Mr. Brown said that one of the first things he did was to go in touch with the British ladies in Vladivostok and enlist their help in providing a Christmas dinner for the Canadian soldiers in barracks. This was done and was most heartily appreciated as were the comfort bags which each man reviewed. Mr. Brown told many things of the good work of the society in aiding refugees and taking care of orphans in the last few sad years.

Concerning Cricket And Its Revival

President Dixon of Wolfville Cricket Club Asks That Game be Revived.

To the Editor, Sir:—I am writing to try and arouse the interest of your readers in the movement started last year in the Annapolis Valley, the City of Halifax, the County of Pictou and in Cape Breton Island for the revival of the grand old game of Cricket. Speaking for ourselves, I may say that starting in this town in the month of June, 1920, with a hastily formed club, we closed the season last October with five organized clubs in Windsor, Kentville, Bridgetown, Annapolis Royal and Wolfville. During the months of June, July, August and September we played about eighteen matches, finishing with a match at Windsor between the West Indians of Halifax and a team selected from the Valley eleven which, after a very close contest, was won by the former.

The decline of cricket in Nova Scotia and elsewhere in Canada during the past ten or fifteen years, in my opinion, is very regrettable. Baseball cannot take its place, for it is a game for boys and very young men. No man can successfully play baseball or has any inclination to do so, as a rule, to put it at the latest, after thirty. Golf is the elderly and old man's game, tennis a fine game in its way, lacks the camaraderie and, I may add, the spice of danger that comes a man's nerves braced up in cricket in "standing up" to a swift bowler. This is also lacking in quoits, curling, bowls, and other games of the same character.

What I have said of baseball will apply even more so to hockey and football. Cricket is the one game that bridges the gulf in our sports between thirty and sixty, or say fifty-five, between the violent and grueling strenuousness of baseball, hockey and football, and the leisureliness of golf, bowls, curling etc. It is the one game that keeps men young.

Surely there must be many lovers of the game in your town from whom there would be no difficulty in forming an eleven. The season for outdoor games will soon be upon us, and now is the time for cricketers in all parts of the Maritime Provinces to get together and start clubs. We hold our annual meeting here at an early date as has been formed and the formation of a League for the Annapolis Valley. Stellarton has already made a start and re-organized a very strong club, and laid out an ambitious programme for the year and cricketers are already moving in other towns. There is no reason why, in due time, every town and large village in the Maritime Provinces should not possess, as it did twenty-five or thirty years ago, a flourishing cricket club. May I ask you to further my efforts towards the re-establishment of this state of things by printing this letter.

Yours truly,
R. F. DIXON,
President Wolfville Cricket Club,
March 19th, 1921.
St. John Team.

It might be stated that a St. John Cricket Club has been formed and expected to have an excellent team ready for all honors next summer—Phillips D. G. Horn, 168 Prince William Street is the President.

Ottawa, March 21.—On the eve of her departure for England, Lady Cavendish, has donated a handsome silver cup to the Minto Skating Club to be competed annually for waiting. The first contest will take place tonight.

Wilson Broke Bone In Hand

Boston, March 21.—Johnny Wilson, middleweight title holder, fractured one of the metacarpal bones of his hand in the third round of his bout with Mike O'Dowd at New York last Thursday night and as a result his match with Jack Britton, scheduled for March 28, will be postponed. It was announced here today.

Four Fights In Madison Square

Kansas Trimmed Jackson, Jack Ward Knocked Out, Sieger Gets Decision.

New York, March 21.—Rocky Kansas of Buffalo, received the judge's decision over Willie Jackson of New York, after a twelve round bout in Madison Square Garden here tonight. Jackson weighed 132 1/2 and Kansas 133 1/2.

Ward Knocked Out.
Kid Norfolk, New York colored heavyweight, knocked out Jack Ward of Philadelphia, in the third round of a ten round match. Norfolk weighed 182 pounds and Ward 203.

Vancouver Won From Ottawa

Ten Thousand Witnessed Westerners Capture First Game of World's Series.

Vancouver, B. C., March 21.—A crowd of 10,000 fans gathered tonight to witness the first hockey game of the world's series and the Stanley Cup between Ottawa of the National Hockey League and Vancouver, of the Pacific Coast Hockey Association. Despite the mild weather, the ice appeared very keen.

All reserved seats were sold early and many disappointed enthusiasts were this afternoon offering large sums for tickets.

In the first period after fifteen minutes and forty seconds' play, Skinner netted the first goal for Vancouver. Duncan of the westerners scored the second two minutes and thirty-five seconds later.

In the second period after one minute and thirty seconds' play, Harris scored the third and last goal for Vancouver. The only goal made by Ottawa was netted in this period by Darragh after fourteen minutes and thirty-four seconds' play.

There was no scoring in the third period and Vancouver won by a score of three to one.

Toronto Wins The Allan Cup

University Trimmed Brandon Last Night and Captures Championship.

Winnipeg, March 21.—The Allan Cup, the trophy which represents the amateur hockey championship of Canada, has been won by a team representing the University of Toronto. Tonight they defeated Brandon, Man., 8 to 1. Last Saturday night, Brandon won by two goals to nothing, and the result is determined by the majority of goals scored in the two games.

At the end of the ten round bout between Jack Sharkey and Midget Smith, both of New York, the referee declared the bout a draw after the judges disagreed. Sharkey who made the first appearance since decisive defeats here two months ago, was one and a half pounds over the 120 pound limit.

Threatened To Harm Man O' War

Lamey Sentenced to Three Months' Jail for Threatening Famous Horse.

Philadelphia, March 21.—Harry T. Lamey, of Chester, Pa., who threatened to harm Man o' War, was sentenced today to three months in the county jail at Trenton, N. J. He had pleaded guilty.

Lamey admitted that he wrote a letter to Mrs. Riddle, wife of the owner of Man o' War, threatening her and the horse with bodily harm if he was not paid \$1,000. He declared that he had not intended to force payment of the money, merely wanting to see what the Riddles would do.

Baseball Scandal Investigation

Grand Jury Resumed Session Yesterday—Several Important Witnesses to Testify.

Chicago, March 21.—Grand Jury investigation of the 1919 world's series baseball scandal started last week, was resumed today when Assistant State Attorney George E. MACDONALD'S CUT BRIER

MACDONALD'S "BRIER" has become a Canadian institution. Smoked by the men who made history. In the bush, on the trail, in mining camps, prospectors' huts, factory yards, on trains, steamships, in the luxurious homes and downtown clubs of our Canadian cities—Macdonald's has always been recognized as the smoke.

MACDONALD'S CUT "BRIER"—the same tobacco but in new form—maintains every Macdonald tradition since 1858, and gives to smokers—more tobacco for the money.

LICENSE OR TAX?

The decision of the Judicial Committee of the Privy Council that the provinces of Canada cannot legally compel companies incorporated by Dominion charters to pay a license fee before doing business in the province, will make rather a dent in the revenue programmes of some of those provinces which have been exacting heavy license fees from such companies as a condition of being allowed to do business within their borders.

THE MAGISTRATE'S SALARY

Police Magistrate Ritchie has asked the Standard to call attention to the somewhat casual treatment he is receiving at the hands of the City Council. He tells us that he has occupied the position for thirty-two years, and that notwithstanding the greatly enhanced cost of living which has obtained in the past few years, the general increase in salaries in all public departments, and the specific increases in the pay of other officials of the City Council, his salary has remained the same, and is still the same as he received when first he undertook his present duties.

IN THE EDITOR'S MAIL

RESPECTING PATRONAGE.

To the Editor of The Standard, Sir:—The Inside Service, I am in favour of the Civil Service Commissioners controlling the appointments but as regards the Outside Service, the efficiency is not increased by the present system of appointments. The principle of competitive examination, promotion by merit and the Civil Service Rules generally respecting appointments to the Inside Service cannot be applied to the Outside Service.

IS WILSON A PLAGIARIST?

To the Editor of The Standard, Sir:—The Boston Post (March 16th) publishes a report of a movement to establish a perpetual memorial in honor of Woodrow Wilson as "the man who projected into the world the idea of the League of Nations."

Benny's Note Book

Me and Leroy Shooter and Skinny Martin was washing along talking about different things, such as what is the best kind of dog, little size or big size, and what is the best kind of balloon to buy, and we came to some little kid holding a toy balloon by a string in front of a lady's hat, me saying, "G. look at that, would you, I bet if he ever left go of that string that balloon would go strafe up side never come down."

WHAT OTHERS SAY. Couldn't Have Been. The former Kaiser says his people deserted him and God at the same time. It sounds impossible.—Glebe-land News. Brotherly Love. The Bolshevik crusaders are now engaged in spreading their doctrine of brotherly love into the Pacific region of Central Asia. Desperate fighting is reported.—Seattle Times. The Superannuated. There are many hundreds of superannuated civil servants throughout Canada who are suffering through the act that they allowances have remained at their original amounts, notwithstanding the decreased buying power of money. The principle back of superannuation that provision shall be made for the old age of faithful servants for the country who have passed their time of usefulness in active employment. The amount granted them is fixed in proportion to the value of the work they have performed and the years they spent at it. This is an obligation which the country has always recognized and the desire of the country has been to make the old age of the public at least a comfortable old age. Under conditions now prevailing this object is not being attained. The country's success is being

THE ANCIENT COURT HOUSE. There is a rumor afloat that some of the City Fathers are as taken with the picture of the ruined Cloth Hall in Ypres that they have decided to let the ruins of the Court House remain as they are as a kind of perpetual memorial of the war. Others again feel that the pigeons which frequent the Square should be provided with comfortable roosting and nesting quarters, and as they appear to have decided to use the late Court House for this purpose, it is felt that they should not be disturbed. The suggestion has been made that with a view to brightening up the appearance of the building, some flower boxes should be placed on the window sills, from which some climbing plants might be trained over the openings; a couple of ornamental shrubs placed in tubs at each side of the entrance would also add to the beauty of the scene. No doubt there are many persons with artistic temperaments in the city who would be willing to superintend the floral decorations and see to it that the color scheme of the flowers harmonized. Thyme and forget-me-nots would be suitable as a reminder of more peaceful years, and some bunches of "old man" would suggest to the more elderly inhabitants that they, like the building, are reaching the last stage. There is probably no truth in the report that the County Secretary will be glad to receive suggestions along the line of this decorative scheme, but it would be no harm to try him.

Change Decided Upon?

Commissioner Jones said the matter about a fortnight ago and he was satisfied from a telegram he had seen before coming to Council that the change had been practically decided on.

Christ in Gethsemane.

After sketching the painter's life, the speaker referred to his picture, "Christ in Gethsemane," and first drew attention to the heavy, dark clouds that hung over the scene, representing that Jesus is passing through the darkness of the great conflict in his own soul.

Jesus in Prayer.

In the darkness Jesus prayed. In the soul's deepest anguish it flings itself into the arms of the Creator. Prayer is the only sure recourse to guide across the trackless sea of sorrow and darkness.

What the Light Reveals is suggested by a thorn growing out of the rock where Christ is kneeling.

Jesus accepts what the light reveals not merely in a spirit of submission, but yielding to the inevitable. When He faced Pilate in the judgment hall, when He stood before the Sanhedrin, when He stood before the Sanhedrin, when He stood before the Sanhedrin...

Grandma is Their Doctor. "ON an old-fashioned bureau, in a house I know, lies a large-sized New Testament with the binding well worn, and with it a much-used old copy of Dr. Chase's Receipt Book. When the calves have the colic or the neighbor's baby the ear-ache, 'Grandma' hands out well-assimilated advice from the Dr. Chase Book. When 'Grandma's' herself feels 'run-down,' Dr. Chase's Nerve Food stands ready on the dining-room table among the salt and pepper shakers."

In these few simple words Mrs. Bert Smith, Way's Mills, Que., beautifully describes the way in which many a grandmother is a blessing to her family and to her neighbors as a guardian of health. And what finer compliment can be paid to Dr. Chase's Receipt Book and Dr. Chase's Medicines than the approval of such mothers of experience as the one here described. Just as in this home, Dr. Chase's Almanac hangs on the wall in the great majority of Canadian homes, and in the cupboard or medicine chest will be found one or more of Dr. Chase's Medicines ready for use in case of emergency. If you did not receive a copy of Dr. Chase's Almanac it will be sent free by Ed-manson, Bates & Co., Ltd., Toronto.

FOR WOMEN

AMUSEMENTS

Reports Received Were Satisfactory Meeting of Y. W. C. A. Board of Directors—General Secretary Resigns.

An increase in membership was reported at yesterday's meeting of the Board of Directors of the Y. W. C. A. The resignation of Miss Tapscott, General Secretary, who is obliged to resign on account of illness at home was most regretfully accepted as was the resignation of Mrs. E. A. Jamieson from the Travellers' Aid committee. Mrs. J. A. McAvity presided and led the devotional exercises.

Girls Work Committee.
For the Girls Work Committee, Mrs. J. D. Hunter read Miss Phyllis Woods' report stating that a new Y. W. C. A. Group had been formed in Knox Church and that Carleton Presbyterian expects to take up the work. The Ever Ready Club with their boy friends had held an Imperial party, going to the Recreational Centre for supper. The Corona Girls had formed a Club "The More the Merrier." A supper had been held by the C. G. I. T. Campers League had been entertained. Plans are being made for the next rally to take place April 1st.

Gymnasium Committee.
Mrs. Weyman gave an excellent report for the gymnasium committee stating that there is a total enrollment of 479. A Valentine party had been held, four basket ball teams had been entertained and the Saturday morning "gym" class held a pantry sale realizing \$40. The "Y" basket ball team had gone to Moncton. An education evening on "The Care of the Feet" had been held.

Finance and Travellers' Aid.
For the finance committee, Mrs. Somerville told of an appeal for funds from Headquarters of the necessity for raising money for local needs and of Rummage Sale plans. Miss Edna Austin for the Travellers' Aid and Transient Home reported travel very light this month and described several interesting cases in which great assistance had been given by Miss Hoyt and Miss Kirk. Miss Hoyt's report was as follows: Trains attended, 29; boats, 25; persons brought to Transient Home, 95; to hotels, 22; given employment, 5.
For the House and Cafeteria, Mrs. Cross and Mrs. Lugsdon conveners reported the House well filled. Meals served to the Public 1,232, to boarders, 2,309; to officers, 274; to staff, 538. Total 4,744.
Registrations for gym classes are still coming in, Miss Tapscott stated. Two sewing classes, evening and afternoon have been formed. Mrs. J. D. Seely assisted by Miss Louise McNeil assisting. The "Y" girls were asked to attend lectures given by Capt. Best at Y. M. C. A.

Membership Committee.
For the Membership Committee, Mrs. E. Bertram Smith reported 47 regular, 4 junior. Good accounts have come in from committees in German Street Baptist and Stone Churches. The committee are planning a tea and pantry sale.
Very deep regret was expressed at the loss of Miss Tapscott who had been a most valuable official.
It was decided on motion to send \$25 monthly to Headquarters, adding this to next year's budget.

HER CASE SEEMED HOPELESS But 'Fruit-a-tives' Brought Health and Strength.

29 St. Rose St., Montreal.
"I am writing you to tell you that I owe my life to 'Fruit-a-tives.' This medicine relieved me when I had given up hope of ever being well. I was a terrible sufferer from Dyspepsia—had suffered for years and nothing I took did me any good. I read about 'Fruit-a-tives' and tried them. After taking a few boxes of this wonderful medicine made from fruit juices, I am now entirely well."

Gagetown Auxiliary Had Splendid Year

Mrs. H. T. Buckland, Honorary President of Women's Auxiliary for New Year.
Special to The Standard.
Gagetown, March 21.—The annual meeting of the Gagetown Branch of the Women's Auxiliary, took place on Wednesday evening, at the home of the Misses Dingee, at the home of the Misses Dingee. Although so much illness, prevailed, the meeting was well attended. Mrs. N. H. Oty presided, and after the opening hymn and devotions, reports were given by the various officers. Mrs. R. H. Weston, recording secretary, reported twenty-three meetings held since last annual, with an average attendance of eleven. Miss Molly Oty gave the corresponding secretary's report, and Miss Laurie Law read the report of the March Board meeting in St. John. Mrs. T. H. Crawford, prayer partner secretary, reported writing to Miss Ruby Peters, Honan, China; and a parcel of old white cotton sent to Miss Peters for Hospital use. Miss Louise M. Peters, T. C. D. Treasurer, reported \$12.13 received during the year, and as Leaflet Secretary, reported thirty-four subscribers, totaling \$17.00. In the absence of the treasurer, Mrs. R. R. Reid, the treasurer's report was read by Miss Molly Oty. The finances of the W. A. were shown to be in excellent condition. General fund, receipts, \$149.75; balance on hand, \$49.66; General Pledge Fund, \$28.37; Thank Offering Fund, \$44.27, an increase over last year of \$27.27. Mrs. N. H. Oty read the president's report, which gave a very comprehensive review of the year's work, speaking with regret of those who had gone away, and calling for even greater effort on the part of the present members. In the absence of the Dorcas Secretary, Mrs. William Weston, the president referred to the outfit made for a pupil at Onion Lake School, and that eleven quilts had been made during the year. At the close of her report, Mrs. Oty was tendered a vote of thanks.

The New Officers.
A most interesting letter was also read from Miss Ruby Peters, telling of Christmas at Kwitich, Honan. A motion to send \$15 to the Chinese famine fund was carried unanimously.
The election of officers resulted as follows: Honorary president, Mrs. H. T. Buckland; President, Mrs. N. H. Oty; Vice-President, Miss Molly Oty; 2nd Vice-President, Mrs. John Law; Treasurer, Mrs. R. R. Reid; Cor. Secretary, Miss Molly Oty; Rec. Secretary, Mrs. R. H. Weston; Dorcas Secretary, Mrs. William Weston; Asst. Dorcas Secretary, Mrs. Mary E. Barnett; E. C. D. Treasurer, Miss Louise M. Peters; Prayer Partner Sec., Mrs. T. H. Crawford; Leaflet Secretary, Miss Louise M. Peters; Delegates to Diocesan Annual meeting, Mrs. Mary E. Barnett, Mrs. H. T. Buckland; Substitutes, Mrs. Wm. Weston and Mrs. T. H. Crawford; Auditor, Miss Laurie Law.

COAL PRICES REDUCED.
Wilkesbarre, Pa., March 21.—Three of the largest coal producers in the anthracite region, with headquarters in Wilkesbarre and Scranton, have announced to retailers that effective April 1, prices of coal in domestic sizes will be reduced 50 cents per ton.
The reduction will be based on the usual summer rate schedule which provides for the addition of 10 cents per ton each month, beginning May 1, until the present prices are restored.

MRS. SOLOMON SAYS: Being the Confessions of the Seventh-Hundredth Wife.

By HELEN ROWLAND
(Copyright, 1920, by The Wheeler Syndicate, Inc.)
My daughter, wireless telegraphy is strange and the contents of a bowl of chop-suey mysterious; but which if these is more unfathomable than the workings of a man's mind?
Now, in Babylon, there dwelt a prince who was enamored of a certain damsel.
And all the other damsels of the city were filled with jealousy.
For, they said, "She is a mix! And why shall she pluck the largest plum in the garden of Love, when we have not so much as a prune amongst us, to call 'My Dear'?"
And behold, the damsel sought out the Prince; and the first damsel counseled him, saying:
"Oh, Prince, the woman whom thou lovest is unworthy of thee! For she is known in the Land for the number of her flirtations; and she hath already acquired a 'past'!"
But the youth frowned upon her and bade her depart, saying:
"Thou shalt I WED her, and save her from the wolves among men and the gossip among women, and her 'past' shall be forgotten."
And the second damsel brought him saying:
"Oh, Prince, wed not this damsel, in thy folly! For she is fickle as the summer wind and as an ice cream, cold at heart; and from her trifling, many men have suffered."
But the fifth damsel was wise in her generation, and she spoke only words of praise, saying, "How fortunate art thou, oh Prince, to secure such a jewel for thyself! For, she is SO original! And, because she dotheth herself with loud scent, and weareth a scarlet hat, and smilith openly upon the gardener's son, why should she be held up to mockery? For these may be follies and indiscretions, but they are not sins."
Then did the youth bow his head in his hands and groan aloud.
For at first, was he conquered.
And the damsel whom he had loved wondered why he came no more.
For she was as one dead to him.
Verily, verily, sooner will a man forgive a woman for breaking all the commandments, than for breaking one of the conventions. Sooner will he overlook all her sins, than one indiscretion.
For, this is the First Commandment of Love:
Thou shalt not make thyself ridiculous!
Selah.

MRS. A. B. BRODERICK INSTANTLY KILLED Resident of Ottawa Struck by Train at Santa Barbara, California.

The Ottawa Citizen publishes additional particulars of the death of Mrs. A. B. Broderick, of Ottawa.
Santa Barbara, Cal., March 17.—Mrs. Julia Broderick, wife of Arthur B. Broderick, retired banker, of Ottawa, Ont., was comprehensively killed at Miramonte suburb, last yesterday when she stepped from behind a hedge directly in front of a Southern Pacific passenger train. The body was so badly mangled that the husband did not recognize it, and it was not until several hours later that her identity was established through her wedding ring.
Friends in Ottawa of the late Mrs. Broderick have received telegraphic messages of her death, which is greatly regretted here. Mrs. and Mr. Broderick were former residents of Ottawa for many years, during which time Mr. Broderick was the manager of Montreal's Bank. In the past few years they have spent much time away from Ottawa on the Pacific coast and in the Southern States. They were in Ottawa for several weeks last year residing at the Roxborough Apartments. All preparations had been made for their return to Ottawa in June of this year, when they would take up residence here again, their furniture and other belongings being here now.
A daughter, Mrs. Stuart Cameron, resides in Vancouver; Mr. Barton MacDougal, of Edmonton, is a son of her first marriage, to Mr. Frederick MacDougal, who died some years ago. (Many of the older residents of this city retain pleasant recollections of the late Mrs. Broderick who was a daughter of the late John D. and Margaret Travis, and a niece of the late George W. Gerow. Mrs. John F. Mon King street east, is a niece of Mrs. Broderick.)

ENGLISH FARMERS COMING.
London, March 1.—A party of sixty British farmers with 35,000 pounds for investment in land, sailed on Saturday for Canada. The majority are bound to the Lloydminster district in Alberta.

White spots on furniture can be removed thus: Dip a cloth in boiling hot water, place on spot, remove quickly and dry.

Girl From Nowhere Good Attraction Large Audience Pleased at Imperial—Pretty Costumes, Fine Singing and Dancing.

"The Girl from Nowhere," who from being a lonely little girl, becomes a very happy one, was the attraction which drew a large audience to the Imperial Theatre last evening. Announced as "a new and Revue-style comedy," the production, which is written by F. Stuart Whyte and produced by Zara Clinton, proved to be made up of a chorus gorgeously costumed that could both sing and dance and were graceful to a degree, several clever retellers of jokes, including the favorite J. V. Barrett-Lennard, and Miss Zara Clinton, who is "The Girl from Nowhere." Miss Clinton's talent as a singer and actress had even more scope than in previous vehicles and she was never more attractive than as "Molly Jones." Her costume were very beautiful and she danced and sang with a sweetness that is peculiarly her own.
R. B. Barrett-Lennard had several good songs.
A hearty welcome was given J. V. Barrett-Lennard, who was as funny as ever, and others who have made friends in St. John. Mr. Billy Orwalk was also very amusing, particularly in his Spanish serenade.
Miss Clinton's song "As Ye Sow," is probably the best musical number. Others, which were encored were—"Widows are Wonderful," "I'll Build a World in the Heart of a Rose," "Rebecca," "Santa Barbara" and the trio "We Don't Want a Girl," which contained local hits.
Mr. Warren-Lawler in the part of the Mexican heavyweight was splendid.
The costumes are most elaborate especially those in the Bathing Models song. Effects in Colorland were most artistic, in fact, every detail in stage setting merits that description.
"The Girl from Nowhere" will give pleasure to all who love brightness, gaiety, fun, beauty and music.

Characters in Play

The Last Special Prize

A magnificent, new, five-passenger Maxwell Touring Car with a value of \$1400 will be given away as a special prize in The Standard's contest to the contestant who turns in the greatest amount of subscription money during a three-week period beginning today and ending Monday, April 11th at 6 p.m.

This is the last special prize of the Contest. The Maxwell auto was purchased from and is on exhibition at The Princess Garage, Princess St. (Agency for the Maxwell).

New contestants may enroll and compete for the special prize Maxwell only if they wish. All contestants start with a "clean slate" for the special prize Maxwell. Work done previously in the contest does not count on the Maxwell therefore new contestants or those low in the list have an equal chance to win it, with those topping the published list.

All votes secured while working for the Maxwell will count towards the regular prizes, consisting of the Studebaker, the Gray-Dort, the Regular prize Ford, the Movie Star Contracts and the other regular prizes.

\$1,000 REWARD

will be given, if at any time during the remainder of The Standard's big prize contest, a better vote offer than the Quadruple Vote offer is given. This is conclusive evidence, therefore, that the best offer of the contest is now in vogue. Get busy, Contestants, and make every minute count this week, while this quadrupled vote offer is on. The Maxwell auto offer is also the last extra prize offer of the contest. You have a double incentive this week for putting forth your best efforts.

THE QUADRUPLE VOTE OFFER

To aid the contestants in getting an early start for the special prize Maxwell offer, four times the regular number of votes will be given on all subscriptions turned in this week, as follows:—

| | |
|------------------------|---------------|
| Length of Subscription | 22,000 votes |
| 6 months | 88,000 votes |
| 1 year | 220,000 votes |
| 2 years | 396,000 votes |
| 3 years | 572,000 votes |
| 4 years | 748,000 votes |
| 5 years | 924,000 votes |

Four times the regular number of votes will also be given on second payment subscriptions.
Four times the regular number of votes will also be given on the 10,000 extra votes given for NEW business.

SECOND PAYMENT SUBSCRIPTIONS

If you have worked your territory thoroughly, and do not know where to obtain subscriptions, why not call on the surrounding towns, or see the farmers in the rural districts? Or if you are not in a position to get out of your town, why not try to get second payments from the subscribers who have given you short term subscriptions? You can gain many votes this way. For instance: Suppose Mr. A. gave you a six-months' subscription, the first week of the Contest when the first vote schedule was in force. You received 8,000 votes for this six-months' subscription. Now if you can get Mr. A. to give you another six months which would make up a full year's subscription you will receive enough additional votes for the second payment of six months to balance up the votes for a full year during the period when the first payment was made, or 24,000 votes. If this six months of Mr. A.'s was a new subscription, you would receive 10,000 votes in addition to the 24,000. During the Quadruple vote offer 4 times 24,000 votes, or 96,000 votes would be given on this second payment. Or suppose Mr. A. gave you a year's subscription between the dates of Jan. 31st and Feb. 19th you received 30,000 votes if it was an old subscription. Now if he gives you another four years to make up the full five years, you will receive the difference between 270,000 votes (which was given for a five-year subscription between Jan. 31st and Feb. 19th), and the 30,000 votes you have already received, or 240,000. During the quadruple vote offer 4 times 240,000 votes would be given on this second payment, or 960,000 votes. In figuring up the votes for the second payment compute them on the schedule in force when you turned the first payment into the Contest office.

During the Quadruple vote offer, four times the regular amount of votes are allowed for second payment subscriptions. Multiply the regular number of votes allowed on your second payments by four.

NOTE:—Subscriptions of this kind are to be marked "Second Payment" on the receipt stub, and on the back of the stub you must write the date when you turned in the first payment, the amount of cash paid for the first payment and whether the first payment was new or old; also give the receipt number of the first payment.

Everyone starts with a "clean slate" for the special prize Maxwell Touring Car. Work done previously in the contest does not count on this special prize automobile. New contestants, therefore, and those low in the list stand an equal chance with those leading the list to win the special prize Maxwell. Now is the time to enroll in The Standard's big prize contest.

RIORDON BROKE TEN POINTS TO NEW RECORD LOW

Paper Stock Hit 105 1/4, the Lowest Point in Seven Years.

GENERAL BUSINESS DEPRESSION CAUSE

Riordon Carried Down All Papers, But Steels Held Firm.

Montreal, March 21.—Riordon was the spectacular stock of the dealings today on the local stock exchange. It fell in comparatively narrow trading by 10 1/2 points to the lowest point in seven years ending the day at 105 1/4. Dissatisfaction with the position of the junior securities and general depression in the business presently being done by the concern is assigned as the reason for the drop.

The paper group and the market generally were strong in the morning trading, but the slide of Riordon affected all other stocks. Abitibi ended the day well, holding up at 44 unchanged. Laurentide declines a point to 37. Spanish common dropped 2 1/4 points to 75 3/4, and the preferred was down 1 1/2 point to 85 1/2. Brompton lost 1 3/4 points to 85, but Wayagamack on a broken lot sale of five shares was marked up to 74.

Tight Cash Wheat Market Is Feature Of Winnipeg Pit

Two Cent Advance in Premiums from Canadian Millers for Immediate Delivery.

Winnipeg, Man., Mar. 21.—The feature of the grain market today seemed to be the existing tightness in the cash wheat market, the holding policy of the producer being severely felt. Today there was an exceptional good demand from Canadian and American millers and from the seaboard for immediate delivery, and the premiums advanced two cents from Saturday's close. Notwithstanding this advance the offerings continued very light. There was some good buying by export houses for spring shipment, and more than half a million bushels of wheat changed hands on the advance. Later this buying fell away and the market reacted during the last hour, cash wheat closing three cents to two cents higher, with the futures one cent higher to unchanged.

In the coarse grain market there was little offering and the volume of trading was light. Close: Wheat, May, \$1.78; July, \$1.83. Cash prices: 41 7/8; July 48 3/8. St. John's, Nfld., March 21.—The mail steamer Portia was reloaded this morning at high tide and is coming on to St. John's under her own name, after being on the rocks at the entrance of the harbor of St. Jacques, on the south coast of Newfoundland for the better part of two days. The steamer is looking badly in No. 2 hold, but is not otherwise seriously damaged.

SCHOONER IS ABANDONED

St. John's, Nfld., March 21.—The British schooner Roberts Bay, of St. John's, Nfld., was abandoned and set on fire at sea in latitude 48.14 north, longitude 53.11 west, on March 13 and the crew were taken off by the U. S. steamer Triumph, according to a wireless message to Minister of Shipping, Ottawa from the Triumph yesterday.

RELEASE BIG SHIP

Milwaukee, Wis., March 21.—Batting for five hours against wind, fog and high seas, the Milwaukee, Coast Guard crew and the tug Conrad Starke yesterday held the big ship off the coast of St. John's, Nfld., and removed forty-eight persons from danger, after the boat had grounded on a sand bar, two miles north of Fox Point. Carrying a crew of thirty-five and twelve passengers, and loaded to capacity, the boat was on the way to Milwaukee, from Lunenburg, N.S., a strong southwest wind with a dense fog drove the steamer off her course, Captain Marton said.

Over 2,500, \$25 to \$30. The amounts charged by the provision are: For the first class, \$10; second, \$15 to \$20; for the third, \$20 to \$25; and the fourth from \$40 to \$50.

BUILDING BOOM STARTS

New York, March 21.—The first pronounced boom in home building here since the war was shown today in a completion of building statistics for the past two weeks. Plans for new buildings filed during this period were 15 per cent greater than those filed during the corresponding period last year.

MAIL CONTRACT

SEALED TENDERS, addressed to the Postmaster General, will be received at Ottawa until noon on Friday, the 25th day of April, 1921, for the conveyance of His Majesty's Mails, on a proposed contract for four years, three times per week on the route, Prince William Station, Montreal to St. John's, from the Postmaster General's pleasure. Printed notices containing further information as to conditions of proposed contract may be seen and blank forms of tender may be obtained at the Post Offices of Prince William Station and Maguaduy, and at the Office of the Post Office Inspector, 30 Prince William Street, St. John, N. B., March 14th, 1921. H. W. WOODS, Post Office Inspector.

SEALED TENDERS

SEALED TENDERS, addressed to the undersigned and endorsed 'Tender for Buildings for R.C.M.P. Arctic Region,' will be received until 12 o'clock noon, Thursday, March 31, 1921, for the construction of Buildings for the Royal Canadian Mounted Police in the Arctic Region. Plans and Specifications can be seen and forms of tender obtained at the offices of the Chief Architect, Department of Public Works, Ottawa, the Superintendent of Dominion Buildings, Postal Station 'P', Toronto, the Overseer of Dominion Buildings, Central P. O., Montreal, the Clerk of Works, Postal Station 'B', Quebec, the Inspector of Dominion Buildings, Halifax, N. S., and the Superintendent of Dominion Buildings, St. John, N. B. Tenders will not be considered unless made on the forms supplied by the Department and in accordance with the conditions set forth therein. Each tender must be accompanied by an accepted cheque on a chartered bank, payable to the order of the Minister of Public Works, equal to 10 per cent of the amount of the tender. War Loan Bonds of the Dominion will also be accepted as security, or war bonds and cheques if required to make up an odd amount. By order, S. C. DESROCHERS, Secretary, Department of Public Works, Ottawa, March 21, 1921.

THE WEATHER.

Tuesday, March 22.—The disturbance which was over Georgian Bay last night has moved quickly eastward to Newfoundland, accompanied by a strong wind from the west and high pressure covers Maritime and the Northwest states. The weather has been rather cold today in the west and is turning somewhat colder in Ontario and Quebec.

AROUND THE CITY

ONLY ONE RESPONDED
Mayor Schofield yesterday received \$10 for the soupy kitchens the first and only response to his appeal for help.

CHANCERY COURT
The case of Wetmore vs. Gilbert was continued before Chief Justice Hason yesterday morning when argument of counsel was heard. Judgment was reserved.

SPECIAL EVENING SERVICES
The first of a week of special evening services was held in the Portland Methodist Church last night. Rev. H. B. Clark was the speaker, and the meeting was largely attended.

HAD GOOD YEAR
St. Luke's church Year Book, just issued, shows a sum of total receipts amounting to \$15,825.85. Of this, \$25.15 was given to local benevolence, and \$6,820.45 to missionary purposes.

TO ATTEND MEETING
Geo. McIntyre, of McIntyre Bros., breeders of fancy Ayrshire stock, left here last night for Montreal, where he will attend a meeting of the Ayrshire Association which convenes in that city Thursday. Mr. McIntyre expects to secure from the association grants for the four provincial fairs to be held this fall.

LETTER OF CONDOLENCE
A letter of condolence has been sent by the executive of the New Brunswick division of the Navy League to the widow of T. R. McCraney, who recently passed away at Saskatoon. Mr. McCraney was president of the Saskatchewan division of the Navy League.

TRAINING SHIP FOR BOYS
The executive of the New Brunswick division of Navy League of Canada will meet on Wednesday to consider an offer which has been made for the use of the Canadian Government steamer Canada for use as a training ship for boys of the naval brigade. Full particulars of the offer have not yet been received, but are expected before the meeting of Wednesday.

CAN. PATRIOTIC FUND BOARD
At a meeting of the Canadian Patriotic Fund Board held yesterday afternoon Judge Forbes presiding, it was decided to carry on the office with the present staff. The work of the association draws near its close. A motion of deep regret was passed at the death of Frank S. West whose work among the families of soldiers had been of such benefit.

VISITED THE SOLDIERS
Captain Tom Best of the Y. M. C. A. visited the soldier boys at the County Hospital in East St. John yesterday afternoon and chatted over old times while he played them checkers. In the evening he spoke in the Main Street Baptist Church. Tonight he is entering a checker tournament in the lobby at the "Y." he is going to play 10 opponents single handed, and after the best will deliver an address to the other team on "Checkers."

U. N. B. REUNION
Dr. C. C. Jones, Chancellor of the University of New Brunswick, and John B. McNair, Secretary of the Memorial Fund Campaign are expected in the city today. They are to meet all graduates and former students of U. N. B. in St. John and vicinity to discuss the organization of this district for the coming Memorial Fund Drive. At 4:45 today they are to meet all lady graduates and former students at an informal tea at Bond's restaurant, and again at 6:15 will meet the men there.

SPECIAL SERVICES AT MAIN ST. CHURCH
At the Main street Baptist church last night a large gathering assembled. The pastor was in charge of the meeting, and Miss Vorta Wilson sang very acceptably a solo. The speaker of the evening was Capt. Tom Best. He delivered a very earnest address on the subject: "Sacrifice." In the course of his address he told of several things that come under his observation while overseas. He led up to the great sacrifice of Jesus giving Himself to the cross as Saviour of men. In response to his appeal several decided to enter the Christian life. These services are being continued throughout the week and are increasing in interest.

Gov't Plans That Will Injure St. John

Amalgamation of Postal Departments With Headquarters at Moncton Protested.

Griffin, Hagen and Associates of Chicago have started something in St. John as well as the Maritime Provinces. Griffin, Hagen and Associates, of Chicago, are efficiency artists and expert systematizers. They are employed by individuals, firms, corporations, and even governments to tell them how best to conduct their business. They were employed by the Dominion Government to devise some means of conduct that would prove beneficial to the public. They have evolved a plan that hits the Maritime Provinces. It is pleasing to no one but a Mr. Somebody of Somewhere in Nova Scotia, and possibly Moncton.

Amalgamate Departments.

They would amalgamate the departments of Post Office Inspector and Superintendent of Railway Mail Service. They would go further and amalgamate the district of Nova Scotia, New Brunswick and P. E. I. placing the amalgamated districts and departments named, under one head with headquarters at Moncton. Under the scheme many now given employment in these departments would be without a job. A new office at a fat salary will be created for the head of the great combine. Mr. Somebody from Nova Scotia is slated for the new job.

Great Loss to St. John.

Should this scheme of the efficiency experts go through it will mean that about twenty people now employed in the departments of the Post Office Inspector and Supt. of Railway Mail Service, will be obliged to hunt new positions. A few of them may be called to help out in the Moncton office. That will aid depend on what Mr. Somebody of Nova Scotia has to say about it. It will also take away from St. John the business end of these departments and land it at Moncton.

Fourteen are now employed in the department of the Post Office Inspector here and they are a busy lot. They have always been kept busy and performed faithful service. Many of them are men of families and the new plan looks disastrous to them. The Superintendent for New Brunswick of the Department of Postal Inspector is not to be disturbed for a time, it is said. He is to remain here, and will be allowed a stenographer and one clerk with which to carry on. It is further stated by Dame Remor that the Supt. of Railway Mail Service, now presided over by Dawson McKeandrick who has ten in his department, will be wiped out entirely.

Those familiar with the situation say that the only possible saving that can be effected is in the doing away with duplication of reports between the Railway Mail and Postal Inspector's Department. Sometimes these departments are obliged to make reports on the same thing. Nothing very arduous or serious.

This City Natural Centre.

It is pointed out that today St. John has probably the best equipped office in the Maritime Provinces and if the Government really wanted to centralize the work it could be better done here. In order to equip Moncton for the work it will be necessary to build there a Government building at a cost of \$600,000 at least. The interest on that outlay in addition to the fancy salary attached to the new office to be created for Mr. Somebody of Nova Scotia, will be much more per annum than can possibly be effected through saving in wages brought about by cutting loose a company of efficient help who have served the departments long and well.

Demented Man Sent Alone To Hospital

On Way to Provincial Hospital from Bathurst—Picked up in Street.

A gentleman returning to his home from the Union Station about 9:45 last evening picked up an old man, wandering about the streets who was apparently lost and talked in an incoherent manner.

After much difficulty and the patching up of statements made by the man, it was learned he belonged in Bathurst, and had been sent by the officials of that town, along with commitment papers in his pocket for the Provincial Hospital at Fairville. "Going to Asylum," was all he could seem to say. He mentioned the name of a Dr. Fourquet, who, he said, gave him papers and also mentioned the name of a Mr. Ellis.

RESPONDED GENEROUSLY
The collection in the Cathedral in aid of the orphans on St. Patrick's day amounted to \$224. The collection in St. John the Baptist church, Lower Cove, totalled \$125.

ROTARY CLUB.
J. King Kelley resided at the weekly luncheon of the Rotary Club yesterday. Dr. E. W. Bowley gave a very interesting talk on the hospital.

Matters Before The School Trustees

Have Power to Expropriate Land—Question of Increased Salaries Deferred.

At the monthly meeting of the School Board last evening, the trustees were informed that their solicitor J. B. Baxter had advised that the Board had full power under the act to expropriate land for school purposes. Following a meeting with the common council it is expected that steps will be taken to expropriate land for the North End and West Side schools.

Letters From Teachers.

Letters were received from the Teachers' Association and the male teachers of the city schools protesting against the terms applied to them by Trustees Day and Green. The male teachers asked that Trustees Day be requested to retract his statement. The Board went on record as being opposed to the adoption of the free kindergarten in the schools. Dr. Bridges stated he and the primary teachers who had reported on the matter were absolutely opposed to kindergartens in the schools. The existing kindergartens were detrimental to discipline in the primary departments of the schools.

Free Kindergarten.

When the matter of the introduction of free kindergartens in the public schools was introduced, Dr. Bridges stated that the primary teachers who reported the system had an adverse influence on discipline in the primary departments. He himself with an experience gained in his 25 years work in the schools was utterly opposed to the kindergarten.

Favoring Kindness.

A communication was read from S. M. Wetmore, secretary of the S. P. C. A. offering to distribute literature in the schools favoring kindness to the lower animals. Several cases of cruelty by school children prompted the offer.

Power to Expropriate.

Trustee Coll stated that the board's solicitor, Mr. Baxter, had advised the board that it had power to expropriate land for schools and that the North End members of the board were authorized to take the necessary measures to expropriate land on Newmarket Street for the purpose of building a new school.

Teachers' Complaint.

A communication was read from the Teachers' Association calling the attention of the board to remarks reported by the press to have been made by Trustee Green at the February meeting of the board, in which he called the teachers "Boisheviks." The association considered such a statement not only insulting to teachers, but also a reflection on the schools and they therefore most earnestly voiced their protests against such a term as the one applied by Trustee Green to them.

Trustee Green Explains.

Trustee Green said he applied the term to dictators who took the law into their own hands, closed the schools and went down to City Hall where they said if their wishes were not complied with they would go on strike.

Report Received

It was moved that the superintendent's report be received and no further action taken until after the meeting with the common council.

Board of Health.

The report of the board of health presented by Dr. Handerson on the mentally deficient children in the schools was then discussed. Dr. Bridges said if a child were mentally deficient, the child should be dealt with by the provincial board of health and segregated in a special institution. It was moved and seconded that the matter be referred to the chairman and the superintendent for a report. On motion, the meeting adjourned.

Decided To Try Another Scheme

Government Aid Failed to Provide Houses—Bill Prepared for Legislature.

The government aid to housing having failed to all the bill and provide houses for the people it was decided to try some other scheme to relieve the shortage of houses in this municipality and a bill prepared for submission to the Legislature which it is believed will accomplish the object aimed at. This Bill provides for the exemption from taxation for a number of years of all dwelling property up to a certain limit and has been accepted in New York State as the best remedy for the condition at present obtaining.

The Bill Read

The Bill was read at the meeting of the Bills' Committee of the Municipality yesterday and laid on the table. It is as follows:

The Council of the Municipality of the City and County of Saint John may, by resolution adopted at any meeting thereof, notwithstanding anything contained in the Statute in Force, from taxes, except local school rates, provided the construction is completed before the first day of January 1924 or that the construction thereof be commenced before the first day of January 1924 and to be completed before the first day of January 1927, provided that the exemption of every single family house shall not exceed the sum of Six Thousand Dollars and of every two family house shall not exceed the sum of Twelve Thousand Dollars and of every multi family house shall not exceed the sum of Five Thousand Dollars for each apartment of five living rooms, including kitchens but not including bath rooms.

Teachers taking exception to Trustee Day's remarks that they were "clock watchers," a term that indicated they were shirkers. They resented the words strongly, as they were "inconsiderate, unjust and untrue," and asked that Trustee Day be requested by the board to retract the statement. The letter was signed by every male teacher in the St. John schools.

Admitted Making Remarks.

Trustee Day admitted he had made the remarks "clock watchers and shirkers," but had applied it only to certain male teachers. Trustee Coll thought that if Trustee Day knew such was the case he should immediately have taken steps to remedy what was a very serious state of affairs. If it was not the case, he thought Trustee Day should retract his statement.

Teachers' Salaries.

Dr. Bridges read his report on the salaries of the female high school teachers. He stated that so far as he knew teachers on the staffs of High Schools in all cities of Canada received salaries considerably in excess of those paid the teachers of regular grades. There was a marked difference between the salaries paid the two classes of teachers in Ontario and in the West.

Matter Discussed.

Trustee Nagle opposed the opening of the salary question if all salaries were not to be considered. The board had approved an increase in salaries now in force and it was not to provide them and there was no purpose in taking the matter up again.

Trustee Smith said that \$40,000 had been voted for repairs several years and had not been expended. The common council were opposed to an overdraft but would not oppose the step he now recommended to the board.

Trustee Smith said it was no more a hobby with him, than repairing buildings was with Trustee Day. He favored the increase on principal.

Report Received

It was moved that the superintendent's report be received and no further action taken until after the meeting with the common council.
