

CAMPBELLTON ELECTRIC LIGHT EXTENSION CAUSES TROUBLE

Municipalities Committee Threw Out Bill and Thus Threatened to Retard Campbellton's Growth and Seriously Hinder Present Industries

When it was learned last Friday that the Municipalities Committee of the Local Legislature had virtually thrown out the Town of Campbellton's bill asking for permission to issue \$50,000 for electric light and power extension, the citizens began to sit up and take notice.

At the meeting of the Town Council held Saturday afternoon the matter was discussed, both before and during the session, and it was decided to send a delegation consisting of the Mayor and two or three Councilors to Fredericton by the early morning train on Monday to get at the bottom of the matter.

On Monday a largely attended meeting of citizens was held in the Curving rink when the matter was discussed from every angle and volunteers to form a delegation to Fredericton were asked for and met with a hearty response. About twenty signed the list immediately.

It was the generally expressed opinion that the condition of our present plant must have been grossly exaggerated or the Municipalities Committee would not have taken this action it did.

The fact that the town's bill was unanimously referred back to the committee by the Legislature Tuesday afternoon shows conclusively that the members recognized that justice had not been done our town.

At this writing the Graphic understands that the committee heard our town representatives and have recommended the bill to the Legislature for passing.

The need of more electric power for Campbellton is recognized by every citizen. Last winter it was barely possible for our present plant to carry on, and since January 1st considerable new demands have been added. The new hotel and new buildings planned to be erected this year could not be served unless more power is available, and the Lower St. Lawrence Power Company's proposition is a feasible one.

The rate \$37.50 per H. P. at the town's switchboard is a reasonable one. In looking over the Ontario Hydro's Commission reports we find that the rates for towns of Campbellton's size average \$41.00 per H. P. and some of them range up as high as \$100 per H. P.

The Lower St. Lawrence Power Co. have agreed to supply Campbellton with one thousand horse power at \$37.50 per H. P. in blocks of one hundred at \$25.00 per H. P. The total amount available is 2800 H. P.

The town of Campbellton will be called upon to build a line from Campbellton to Matapedia, but will be permitted to sell power throughout the district covered. The contract with the Lower St. Lawrence Power Co. is for twenty years.

MONTGOMERY WINS IN HOUSE

Entire Ticket Carried in Election of Last Night

Dalhousie, N. S., April 15.—Ever since the inauguration of the new government in 1920, the Liberal party has never been so strong as it is today. At the election of last night the Liberal ticket was carried in the House of Assembly.

The following is the result of the election:

W. S. Montgomery, 118; John D. Dalrymple, 116; Alexander MacMillan, 114; J. H. MacPherson, 112; J. H. MacPherson, 110; J. H. MacPherson, 108; J. H. MacPherson, 106; J. H. MacPherson, 104; J. H. MacPherson, 102; J. H. MacPherson, 100; J. H. MacPherson, 98; J. H. MacPherson, 96; J. H. MacPherson, 94; J. H. MacPherson, 92; J. H. MacPherson, 90; J. H. MacPherson, 88; J. H. MacPherson, 86; J. H. MacPherson, 84; J. H. MacPherson, 82; J. H. MacPherson, 80; J. H. MacPherson, 78; J. H. MacPherson, 76; J. H. MacPherson, 74; J. H. MacPherson, 72; J. H. MacPherson, 70; J. H. MacPherson, 68; J. H. MacPherson, 66; J. H. MacPherson, 64; J. H. MacPherson, 62; J. H. MacPherson, 60; J. H. MacPherson, 58; J. H. MacPherson, 56; J. H. MacPherson, 54; J. H. MacPherson, 52; J. H. MacPherson, 50; J. H. MacPherson, 48; J. H. MacPherson, 46; J. H. MacPherson, 44; J. H. MacPherson, 42; J. H. MacPherson, 40; J. H. MacPherson, 38; J. H. MacPherson, 36; J. H. MacPherson, 34; J. H. MacPherson, 32; J. H. MacPherson, 30; J. H. MacPherson, 28; J. H. MacPherson, 26; J. H. MacPherson, 24; J. H. MacPherson, 22; J. H. MacPherson, 20; J. H. MacPherson, 18; J. H. MacPherson, 16; J. H. MacPherson, 14; J. H. MacPherson, 12; J. H. MacPherson, 10; J. H. MacPherson, 8; J. H. MacPherson, 6; J. H. MacPherson, 4; J. H. MacPherson, 2; J. H. MacPherson, 0.

TWO SMALL FIRES THIS WEEK

Damage Slight in Both Cases—Second Narrow Escape of Tibbault Hotel

Fire broke out Sunday morning about 11 o'clock at the residence of Joseph Caswell. The damage was very small. A crevice in the floor had become the starting place of dust etc, which is supposed to have been set on fire by the children playing with matches.

Box #1 rang in again at 1 o'clock Monday morning for a fire in the Tibbault Hotel. When the firemen arrived they couldn't find the fire although there was a large cloud of smoke in the building. Careful search revealed fire in a cupboard in the kitchen. The fire apparently started in a plate containing a box of lard sugar and a box of pepper and spread to the wall. The theory is advanced that there were several matches on the plate which were set on fire by the children. Several boards had to be torn out before the fire could be extinguished by the use of the chemical extinguisher.

WORKMAN KILLED IN BATHURST MILL

Russian Pole was Caught in Fall of Logs and Instantly Killed

Bathurst, April 13.—A fatality occurred at the pulp mill recently, when Stephen Novik, a young Russian-Pole, who was working at the pulp wood pile, was caught in a sudden fall of logs and thrown against the carrier chain, which quickly crushed out his life. The young man came to this country about three months ago from his home in Poland and was a bright likable young fellow and a good worker. He had been warned of the danger of falling logs, but as he did not understand English well it is presumed that he failed to fully comprehend the danger of the work at which he was engaged and worked too close to an overhanging bunch of logs.

WILL EASE BURDEN OF INCOME TAX

Bill Passed by Legislature

Montreal, April 16.—After consideration in private session of the House of Commons, the bill granting authority to borrow annually to the extent of \$5,000,000 for the purpose of meeting obligations, and to issue debentures amounting to \$5,000,000 for the purpose of constructing a power line to Matapedia, the Municipalities Committee of the Legislature this morning decided to report the bill recommending the borrowing powers to \$5,000,000.

The bill was supported by a large delegation from Campbellton being led by Mr. J. H. MacPherson, M. P., and Mr. J. H. MacPherson, M. P.

HYDRO POWER BILL PASSES

Municipalities Committee Decides Favorably in Re-consideration of Town's Bill

Fredericton, April 16.—After consideration in private session of the House of Commons, the bill granting authority to borrow annually to the extent of \$5,000,000 for the purpose of meeting obligations, and to issue debentures amounting to \$5,000,000 for the purpose of constructing a power line to Matapedia, the Municipalities Committee of the Legislature this morning decided to report the bill recommending the borrowing powers to \$5,000,000.

The bill was supported by a large delegation from Campbellton being led by Mr. J. H. MacPherson, M. P., and Mr. J. H. MacPherson, M. P.

WESTERN MEMBERS ENROUTE EAST

Party of Progressives Passed Through Here Today—To Spend Easter Recess in Maritimes

A large party of Progressive Members of Parliament which left Ottawa yesterday afternoon to spend the Easter recess in the Maritime Provinces passed through Campbellton today.

The party was met at the depot and welcomed to New Brunswick by a number of local delegates headed by Mr. J. H. MacPherson, M. P.

The members occupied two extra trains on their way to the Maritimes. They will visit Halifax on the invitation of Premier Armstrong and after leaving there on Sunday morning will be entertained in St. John's by the Progressive party on Sunday afternoon.

The complete itinerary of the party is not yet known but it is expected to include a visit to the Maritimes and a stop at the re-opening of Parliament on Tuesday. There are thirty-eight members in the party.

The following ladies and gentlemen were in the party:

ONTARIO—G. A. and Mrs. Bretherton, J. A. and Mrs. Wallace.

MANITOBA—A. A. and Mrs. Hoey, Robt. Milne, C. W. and Mrs. Stewart, W. J. Ward and son.

SASKATCHEWAN—T. H. and Mrs. McConica, T. H. and Mrs. McConica.

ALBERTA—Robt. Gardiner, D. F. and Mrs. Keller, W. T. Lucas, A. L. Speakman, D. W. and Mrs. Warner.

BRITISH COLUMBIA—T. G. and Mrs. McBride, Mrs. and Miss Nellie wife and daughter of A. W. Neill, M. P.

Secretary to Progressive Party, A. E. Darby, Secretary to Agricultural Committee, S. R. Gordon.

The party was introduced by Mr. Pius Michaud, M. P. in a few well chosen remarks. He called upon Mr. T. H. McConica, Mrs. J. A. Wallace and Mr. R. A. Hoey, who made a few remarks.

The greetings of the town were extended by Mr. H. J. Currie.

Hon. A. B. Copp, Secretary of State, F. L. Kelly, M. P., V. Putnam, M. P. and Pius Michaud, M. P. accompanied the party from Ottawa, while Mr. John Harquail accompanied them from Montreal.

HOSPITAL DAY AT HOTEL DIEU

Preparations for National Hospital Day are Being Developed at Local Hospital

Preparations for National Hospital Day are being developed at the Hotel Dieu Hospital as well as at 5,000 hospitals throughout Canada and the United States. National Hospital Day is the day on which the hospitals of Canada and the United States and of other countries unite to give all the people a chance to learn what hospitals do and how they do it.

An institution such as the Hotel Dieu Hospital is associated in the public mind with "hospital care" and medicine and the performing of operations and few stop to consider the great variety of problems and activities which must be handled on a business basis. Probably more different kinds of business are combined in the operation of a hospital than in any other field of endeavor. For instance the Hotel Dieu Hospital has a grocery and dry good stock. It has a registered pharmacy, an X-Ray and Pathological Laboratory. It maintains a culinary department serving 820 meals a day, a laundry turning out 1152 pieces a day, and a School of Nursing.

All of these are smoothly and quietly running business enterprises, each quite necessary to the successful care of the sick. A few comparisons may help to visualize some of the supplies purchased; Butter: more than 2124 pounds of butter were purchased last year. Flour: 62 barrels.

The people cared for last year numbered 1232, making approximately 12,320 days of service, and each of those days was twenty-four hours long. If measured in eight hour days last year's work would represent a little over 11 years service, including Sundays and holidays, and without vacations. Details of the program at the Hotel Dieu Hospital will be announced shortly, but in the meantime a cordial invitation is tendered to everybody to visit the Hospital May 12th.

MEETING OF COUNTY CLUB

Shareholders Held First Annual Meeting—Affairs of Club in Good Shape

The annual meeting of the shareholders of the County Club was held in the evening at the County Club building. The meeting was presided over by Mr. J. H. MacPherson, M. P.

The report of the directors was read and approved. The report showed that the club was in good financial shape and that the share price had advanced to \$100 per share.

The meeting was held in the evening at the County Club building. The meeting was presided over by Mr. J. H. MacPherson, M. P.

CHURCH UNION BILL

IS WITHDRAWN IN HOUSE

Toronto, April 16.—The church union bill was withdrawn from the House of Commons today.

The bill was introduced by Mr. J. H. MacPherson, M. P.

SCHOOL ON SATURDAY

Will be Held in Campbellton

A school will be held in Campbellton on Saturday, April 19th.

The school will be held in the evening at the County Club building.

POSTONE TRIP OF THE PRINCE OF WALES

Cape Town, April 7—It was officially announced today that the Government of the Union of South Africa has requested the Prince of Wales to defer his anticipated visit. As the elections are fixed for June the projected visit of the Prince would be interfered with.

RESULT OF ST. JOHN PRIMARY ELECTIONS

Patrols and Police for Mayorship Fight—The Committee

St. John, N. B., April 15.—The result of the primary election for St. John's Mayorship was as follows:

Mayor—F. P. 2079, Fisher 1,800, McAvoy 1,705, McLaughlin 1,342.

For Commissioners—F. P. 2,700, Fisher 2,450, Harding 2,365, Coles 2,015, Sprad 1,938, Thornton 1,597, Logan 528.

The result is that two weeks from yesterday the election will be called upon to vote for Mayor G. P. Fisher and Frank I. Potts for Mayor, and Commissioners James H. Fisher, John G. McAvoy, W. L. Harding and Alexander Coles for Commissioners, unless a recent change in the Mayorly candidates.

WILL PURCHASE NEW EQUIPMENT

Fire Department Will Procure New Hose Cart and Hook and Ladder Truck

The Fire Chief, A. E. O'Donnell, announced today that the fire department will purchase for Campbellton a new hose cart and hook and ladder truck.

The purchase of the equipment was approved by the fire committee.

CARIBOU ON THE MIRAMICHI RIVER

Guides Trapping Saw Seventeen Animals in Two Herds

Fredericton, April 14.—Messrs. Frank and Cyril McNamee, guides in the employ of Uncle Henry Brathwaite of this city, returned last week from an extended trip to the headwaters of the Miramichi River. They have been trapping for the last two months and succeeded in making a good catch of fur, while driving near what is called the "white falls" a short time ago they saw signs of caribou and upon further investigation came upon two herds of these animals containing all seventeen head. There were several bulls in the lot, one of which appeared to be quite tame. This animal watched the guides with great interest and did not start to run off until they had some within a hundred yards of him.

Uncle Henry's Comment

Uncle Henry Brathwaite in referring to the return of the caribou, said that he had some acres, three miles in the summer of 1922 near Mitchell Lake, but had seen none for five years previous to that. He thinks that the caribou which the McNamee boys saw during their recent trip, have moved south because of the destruction wrought to their feeding grounds in the north country by the forest fires of last summer. Uncle Henry reports the caribou as the finest of all game animals and he hopes that now that they are returning to the province they will be given every protection.

SEEDING OPERATIONS IN SASKATCHEWAN BEGUN

Regina, April 15.—Seeding operations have started at several points in Saskatchewan but it is not expected that work on the land would be general until the last week in the month or the first week in May, according to information received by the statistics branch of the provincial Department of Agriculture.

EASTER PRICES IN LOCAL MARKET

Some Items of Foodstuffs Show Slight Upward Tendency—Potatoes Scarce

With the approach of Easter foodstuffs in the local market is a subject which attracts attention. The market for foodstuffs is probably a little better than it was at this time last year. The price of potatoes is a little higher than it was at this time last year. The price of flour is a little higher than it was at this time last year.

THE O'BRIEN MILL AT NELSON BURNED

Extremely Serious Loss for the Miramichi Just as the Sawing Season Starts

Newcastle, N. B., April 15.—The fine saw mill of O'Brien Limited, South Nelson, was laid a mass of ruins by fire which broke out about 11.30 this morning.

The mill has only been in operation for about a week, and just before noon to-day a blaze was discovered in the fire house, which, fanned by a strong wind, soon ignited the whole building and in a few moments the structure was doomed to destruction. A bucket brigade was formed and, aided by the heavy snow which had fallen during the past week, it is thought that the blaze will be confined to the mill and a few piles of lumber in the immediate vicinity.

The loss will be an extremely heavy one on the village, as the mill was one of the chief sources of employment for the people at the commencement of the season will be had.

A BIBLE FOR THE BLIND

Extremely Serious Loss for the Miramichi Just as the Sawing Season Starts

Newcastle, N. B., April 15.—The fine saw mill of O'Brien Limited, South Nelson, was laid a mass of ruins by fire which broke out about 11.30 this morning.

The mill has only been in operation for about a week, and just before noon to-day a blaze was discovered in the fire house, which, fanned by a strong wind, soon ignited the whole building and in a few moments the structure was doomed to destruction. A bucket brigade was formed and, aided by the heavy snow which had fallen during the past week, it is thought that the blaze will be confined to the mill and a few piles of lumber in the immediate vicinity.

The loss will be an extremely heavy one on the village, as the mill was one of the chief sources of employment for the people at the commencement of the season will be had.

\$200 to \$400 Saved
on this Studebaker Light-Six

Here is a car priced at \$1,465 which, built by ordinary methods, would cost you from \$200 to \$400 more.
It is in scores of ways the leader of its class. No rival car compares in the value that it offers.
It is built by the largest maker of fine cars in the world. By a maker who builds 150,000 quality cars per year. So such major costs as engineering, overhead, dies, etc., are divided by 150,000.
It is built in a model plant, with up-to-date machinery. And the savings go to you in values none can match.
Some extra values
Same steels as we use in the costliest cars we build. On some we pay 15% premium to makers to get them exactly right.
Designed and built under an engineering department which costs \$500,000 yearly.
Each car gets 32,000 tests and inspections in the making.
The bodies are beautiful creations. The finish and coach work show the final touch.

More Timken bearings than any competitive car within \$1,500 of its price.
Genuine leather cushions, ten inches deep. Unusual equipment.
Crankshafts machined on all surfaces as was done in the Liberty Airplane Motors. This to insure perfect balance.
25,000-mile audited tests made on 329 cars show lower operating cost by 11.4% than the average of its rivals.
72-year traditions
Built by a maker whose name for 72 years has stood for quality and class. Whose assets of \$90,000,000 are staked on serving you better than others. Whose model factories costing \$50,000,000 have been mostly built in the past five years. By Studebaker, for whose cars last year 145,167 people paid \$201,000,000. Whose sales have almost tripled in three years.
Come see what this Light-Six offers. See its many extra values, its beauty, its comfort, its luxury.
Do that and you will choose this car if you have in mind anywhere near this price.

THE WORLD'S LARGEST PRODUCER OF QUALITY AUTOMOBILES

BARONET TELLS GRIM TALE

Sharks All About as Pilgrim Ship Burns—All Safely Transferred.

Port Sudan, April 5.—A thrilling narrative of the fate which on Wednesday overtook the pilgrim ship Frangestan, on its way from Bombay to Jeddah with 1,200 of the faithful, is given by Sir Derrick Watson, baronet, who was a passenger.
Sir Derrick says he was sleeping when the wireless operator awoke him with an alarm of fire. He regarded the alarm as a joke in recollection for many played on the previous day, but he rose and found passengers mustered on deck watching the smoke rising from the ventilators. Even then he did not think the situation was serious, but later the smoke increased in volume and it was obvious the fire was not under control.

Sharks in Waiting
Meanwhile the Frangestan's wireless staff had got into communication with 47 ships. When the steamer Clan Maciver arrived in answer to the call for help, the European passengers were transferred from the burning ship, and then the pilgrims and the baggage. Night fell before the transfer was completed. Smoke was then rising in dense clouds. An Italian ship standing by turned her searchlight on the Frangestan and disclosed a weird spectacle. The smoking ship was surrounded by swarms of hungry sharks, led by a pilot fish.

The crew of the Frangestan remained aboard, and the wireless operator, despite the oppressive heat and smoke, stuck to his cabin till just before the captain ordered the crew to abandon the ship. The flames spread forward, devouring the saloon first, then the lounge under the bridge on which the captain was still at his post. The ship began to list heavily and settled by the head. The heat was so intense that steel plates fell off like scales, leaving the ship's skeleton silhouetted against the roaring furnace. The lights of her sister ship, the Tangestan, were sighted at ten in the evening, and by that time it was impossible for the captain of the Frangestan to remain longer by the doomed vessel. As he departed, he paused on the gangway to light a cigarette, and simultaneously the gangway caught fire.
The proceedings throughout were most orderly and the passengers all saved their effects and all were little the worse for the experience.

Port Sudan, April 5.—The British submarine K-26 has blown up the British steamer, Frangestan, the cotton cargo of which caught fire in the Red Sea Wednesday morning. When the Frangestan was sent to the bottom she was still blazing fiercely and ultimately would have been a total wreck.

NO MONEY LEFT FOR MORGAN'S JAP WIFE

Daughter of Kioto Sword Maker Left Penniless.

New York, April 5.—(United Press)—Late Yuki Kato, educated, quiet, retiring daughter of a Japanese sword-maker Kioto, married in 1904 after he had careered about the world, spending, gambling and "running wild." George Denison Morgan, her husband, who was a nephew of the late J. P. Morgan, brought his bride back to New York, where he and she were smugged on their attempt to take the traditional place last Morgan were entitled to in Fifth Avenue.

So they went to France and lived abroad until he dropped dead at Seville, Spain, in 1915.
Thursday on accounting of George Denison Morgan's will was filed in the Surrogate's Court here, revealing that little Yuki Kato Morgan, who endured so much of her love of the American, was not left a penny, the residuary estate, which was bequeathed to her after several lavish benefactions and numerous debts had been taken into account amounts to a deficit. Ernest A. Bigelow, the executor, stated that the estate was not large enough to pay the specific bequests.

Thus the last of the estate of between \$600,000 and 1,000,000 which Morgan inherited from his father, vanished.
George Denison Morgan was a Yale man. He tried to settle down to a place in the banking firm after leaving his college but contrary lures jerked him this way and that about the world on a gay career. His engagement to a New York girl was broken by the young woman's mother and Morgan continued on his adventurous way, landing in Japan in 1900.
Her romance long since ended, little Yuki Kato Morgan still resides in Paris, the scene of her husband's most sensational exploits and the city where he spent most of the fortune that he seemed to regard as inexhaustible.

"HAUNTED VALLEY"
"Haunted Valley" is the title of the new serial at the Opera House. It features Ruth Roland and will be shown every Friday and Saturday.

NO MODIFICATION OF INCOME TAX

Report From Ottawa Says No Relief in This Tax—Some Changes

Ottawa, April 4.—When the Budget speaks is delivered, and it is commonly expected before Easter, little modification in the income tax is looked for. There has been some idea that in view of the changes made in the United States taxation schedules, a similar course might be followed here, but financial conditions and the need of money operate against it.
The sales tax is certain to be lightly the implements of production. If any extensive change is made in this tax, however, variations in the tariff will be lessened, while, if tariff changes are considered, their will be less likelihood of changes in the sales tax.

Dee Side

Miss Bessie Moores was visiting friends here last week.
Mrs. A. S. Walker drove to Matapedia Wednesday.
Miss Dolle Fraser is visiting friends in Matapedia West.
The weather is quite soft and our natural bridge across the river is giving away.
Mrs. Malcolm Coull has returned to her home in Grand Cascapedia after spending a week with her mother Mrs. McNaughton.
Quite a few of our boys have returned from the woods and the village looks lively again.
Mr. J. P. Walker of Mousieville passed through the village Monday.
Service was held here Sunday the 6th inst. by the Rev. F. Yates.
Mrs. Wilfred Sharp is spending a few days in Kegwick the guest of her mother Mrs. M. LeBlanc.
Miss Sadie Boltonhouse and Miss T. Horn were the guests of Miss Sharp Sunday evening.
Quite a number attended the Pic Social and Dance Friday evening at Wyers Brook.

Ecuminnac

A meeting of the L. O. L. 2609 was held here on the evening of the 29th of March with a good attendance.
Friends of Mr. Alex Elliott who is a patient at the Soldiers Memorial Hospital, Campbellton, are glad to learn that he is doing nicely.
Mr. William Godin was in Campbellton last week.
Messrs John Elliott and Leonard Court were in Campbellton on Tuesday of last week on business.
The school at Ecuminnac has been attended by the Rev. F. Yates, who is a patient at the Soldiers Memorial Hospital, Campbellton.

A meeting of the Board of Health was held on April 7th at the home of Mrs. Jean Elliott, Sec. of Board of Health.
The W. M. S. held their meeting on Friday last at the home of Mrs. Angus Campbell. Quite a number were present.

Wonderful Tea!
Users of KING COLE Orange Pekoe are frequently heard to remark: "It's really wonderful tea." This is not particularly in reference to its outstanding quality although that is necessarily included, but is due to the wonderful way it "spends." For KING COLE Orange Pekoe is a rich liquoring tea as well as a deliciously flavored one. Skillful blending combines these two great tea qualities for your enjoyment.
"The Extra in Choice Tea."

A Delightful Easter Breakfast

Easter morning! Herald of Spring— and—in thousands of homes by a special breakfast of Premium Bacon or Ham. But be sure it is "Premium", for, as Easter is an outstanding day, season, impatiently awaited: no wonder mankind seeks adequate expression—in new apparel—new colors—

Swift's Premium Hams and Bacon

Look for this blue identification tag when you buy a whole ham or when you buy a slice

Hasn't Broken Yet —and Never Will

Most wire fences are "good" wire fences until they are put to the test — and then you learn the difference.
Maritime Wire Fences never disappoint. They are made and sold on honor — our reputation is based on every inch. The quality is of the very highest — yet the price is no more than you would have to pay for the ordinary, make-shift kind.
Made of extra heavy, hard drawn coil spring Steel wire. Verticals and cross wires rigidly locked — can't slip or work loose.
We have a splendid promotion plan. Write for our Illustrated Price Book and Plan. It's at once the most valuable and the most interesting you will find.

CASE NOW UP IN APPEAL COURT

Crown Appeals for Decision of Vendor Who Sold Without a "Tax"

Fredericton, April 16.—The Supreme Court of Appeal opened its April sitting here this morning with Chief Justice Sir Douglas Eames, Mr. Justice White and Mr. Justice Granger presiding, and a comparatively small docket before the court. With the exception of the application for an extension of time, which was granted by Mr. Justice Granger, the respondent in the case of Lucas & Company, Inc., vs. the Moncton Supply Company till Tuesday next, there was no session motions today.

The court took into consideration the appeal entered by the crown in the King vs. J. Isaac Boudreau. The appeal was supported by P. J. Hughes, K. C., associated with H. C. Hamsey, of Bathurst, from the ruling of Mr. Justice Crockett, was ordered that the main point involved is the right of the defendant-respondent, a licensed vendor, who was convicted before Police Magistrate Matheson at Campbellton, to sell liquor without a proprietor's prescription with a description of the contents affixed to the bottle, which the crown claims to be required under the Intoxicating Liquor Act, Section 177.

It is a part of the crown's contention that the section providing that the name and address of the purchaser, the date of the prescription, and the number of the same on the register, together with the character and quantity of the liquor sold, shall be affixed by label, shall apply to all cases for the detail of liquor. It appears from the evidence that twelve bottles of ale were sold to John See, a Chatham, who took them away in a laundry bag without label, Boudreau being fined \$25 and costs for the offence. E. Allison Mackay, who represented the respondent on review was heard today in reply.

Belledune

Mr. Joseph Talbot attended a meeting of the assessors at Petit Rocher, N. B., on this week.

Messrs. Frank LaPointe and Thomas Loane were business visitors in Bathurst Saturday the 12th, on their way home. Frank LaPointe stopped off to visit relatives in Bathurst.

Mr. Albert McCurdy is unloading another car of hay this week.

Mr. Jennie Stampfer is preparing for her annual trip to Salem, Mass. Mr. J. E. McIntyre had yesterday evening in Belledune school-house for the purpose of discussing co-operative marketing of seed potatoes. It was largely attended by the people of the vicinity.

Mr. Alphonse Fournier spent Sunday with his parents Mr. and Mrs. F. Fournier.

Misses Roy and Miss Victoria Roy are visiting Mr. and Mrs. John Leary.

Mr. Harold Hill attended court in Bathurst last week as Petit Juror. The Misses Ruby and Mary Boudreau, Messrs. Raymond Morarty and Willie McKee spent Saturday evening the guests of Mr. and Mrs. Clement Doucette.

Mr. and Mrs. P. Fournier visited relatives in Petit Rocher, Saturday last.

Mr. Joseph Talbot was the guest of Mr. Joseph Maloungney Friday evening.

Mr. Meine Harper has accepted a position with Mr. J. A. Roberty of Belledune.

Mr. Ernest Thibault was visiting relatives and friends in the vicinity last week.

PREMIER VENIOT TAKES STEWART SEVERELY TO TASK

Tells Legislature That Mr. Stewart Sold Goods to Government Without Competition Under Former Government.

Fredericton, April 16.—Premier Veniot in the House Wednesday rose to continue the debate on the budget. He said that he would not crave the indulgence of the House at this late stage in the debate but for the fact that certain statements made by hon. members opposite, if allowed to go unchallenged might be misinterpreted by the people, and he felt he would not be doing his duty if he did not lay the facts before them. He would say without hesitation that the province, since Confederation, has never been in a position to meet the needs of the people in regard to proper system of road and bridge transportation. They might carry on the work of bridge construction as had been done in the past, but it would not be suitable to present-day needs. The life of an ordinary wooden bridge was from eight to fourteen years, but it was no economy to build cheap structures and be constantly replacing them.

Emmerson's System
The system adopted by Hon. H. R. Emmerson in 1896 of providing permanent bridges was still being carried on and saved the province many thousands of dollars. He believed it to be one of the best policies ever carried out by any Government, and other provinces had since adopted it. In Ontario and Quebec the bridges were paid for by the municipalities, but in New Brunswick municipalities had never contributed one cent to the cost. This province now possessed some of the finest steel and concrete bridges to be found in the Dominion. During the last six years the province had been dotted with permanent bridges.

1,384 Miles of Road
In regard to the roads, he would say that the province had 1,384 miles of main trunk highways, that had been built up to the Federal aid standard, and there were 12,000 miles of branch and secondary trunk roads. The agreement with the Federal Government provided that Federal aid money could only be expended on main trunk roads, but he believed that if that offer had been made to the old Government in power they would have readily accepted it. Hon. members opposite had charged that there had been waste and extravagance in connection with road work, but in reply to that he had in his position a certificate of efficiency which had been furnished by Gordon Grant, the inspecting engineer of the Federal Government. He also had the testimony of thousands of tourists and even hon. members opposite in private had complimented him on the class of work which had been done. Mr. Grant in his report on the roads of the province in 1923 had stated that the Federal funds were being efficiently and honestly expended, and he based that statement on his own observations. He had made an equally flattering report after inspecting the work in the year 1920, when he stated, in a communication to Mr. Hill, the chief engineer, that he was very favorably impressed with the road improvements being carried on and believed that good value was being received for the money expended. That showed what the authorities at Ottawa thought of the work which had been done.

He would take up some of the criticisms which had been levelled at the Government and could do no better than start in the north and work down. The other day the hon. member for Restigouche (Stewart) had made an onslaught on the Department of Public Works. He had told the House that the Government should be blamed for the manner in which it handled its business, referring particularly to matters of patronage in the county of Restigouche. He had instanced the Harquail firm in Campbellton as selling to the province at prices different from those charged other people in the trade. Mr. Stewart did not say that.

Practice Condemned.
Hon. Mr. Veniot said he would stand corrected, but the hon. gentleman had said that he (Stewart) had sold to contractors at prices lower than those charged to the Government. He would not say that the hon. member was whining because content had not been bought from him, or that he wanted the patronage himself, but evidently he was condemning the practice of purchasing goods for the province without tender. He always liked to see a man practice what he preached. The hon. member previously had represented Restigouche in the House for several years. He (Veniot) held in his hands original pay sheets showing that the hon. member had sold goods to the province in his own name, and in that of J. L. Winton, his own brother-in-law, a bookkeeper in the store, repeatedly between 1912 and 1917. One of the sheets was in the very handwriting of the hon. member, and it showed that goods had been purchased without tender and also that in the transaction every rule of the independence of Parliament had been violated. The hon. member had criticized the Government because it had given business to its friends, but what could be the thought of the hon. member who had taken all this himself and had given nothing to his friends. There also was in his hands a list of material supplied by the Pinder Lumber Company without tender, in fact that company did it for years. There also was a list of goods sold to George B. Jones, sometimes in the name of his clerk and even in the name of a man named MacAuley even when MacAuley was in California and did not even know about it. He wished to say that he knew of no Hon. Member supporting the present Government who was selling supplies to the province and putting the transactions in fictitious names. He hoped that the next time Hon. members opposite brought up the matter of patronage they would look at their own back yards and see if they were clean. His hon. friend (Stewart) had tried to imply that he was one of the big dealers in cement in Restigouche. He held in his hand an original shipping bill which showed that the hon. member purchased his cement from the very firm which he condemned for selling to the Government.

Mr. Stewart-Harquail gets it from me that way as often as I get it from him.

WATER BLOWN OUT OF RIVER BY STORM AND VESSELS STRANDED

Two Steamers Abandoned in the River Platte, in the Argentine, and Are Expected to be a Total Loss—Another Boat Stranded.

Buenos Aires, April 5.—The 6,000 ton Italian Steamer Mont Passibio and the ship Westbury have been abandoned off Quequen, as the result of Wednesday's freak storm which stranded the vessels by blowing the waters of the river Platte out to sea, it was reported today. Both vessels probably will be a total loss. The Argentine cargo boat America, which was also stranded, has been refloated. One man was washed overboard in the storm, the Captain reported.

CAPE COVE

The many friends of Rev. and Mrs. Oakley are pleased to welcome them home. The former has been visiting his mother in England, while Mrs. Oakley and children spent the winter in Toronto.

We regret to hear that Miss Jessie Matan is leaving for Montreal, to undergo medical treatment. Choir practice was held at the home of Miss Eva Le Grand on Thursday April 10th. Owing to the bad roads the attendance was small, but the evening ended pleasantly for some of our young people.

On Wednesday April 9, the Guild met at the home of Mrs. Robert Gale. Miss Freda Bossy of Lanesau Beauvais was the guest of Miss Doris de Gruchy on Wednesday.

Mrs. J. W. and Mr. R. J. Windsor of Montreal, arrived in Cape Cove, April 5th.

Mr. J. J. Beck returned home on Saturday after his serious operation.

Mr. and Mrs. Howard Bourget are receiving congratulations on the arrival of a daughter.

Mr. and Master de Gruchy, and Mr. J. Le Grand of Cape Cove visited Port Daniel on Friday last, and by all accounts enjoyed their visit immensely, whilst those they were the guests of Mr. A. S. LeMoignan.

We notice our Cannery are working at their lobster traps, and are preparing for the seasons operations.

Mr. Sydney Le Grand, the popular Maple Green, N. B., to Mr. John Alexander Henderson of Charlott, N. B.

BUILD FINE ROAD ON GASPE COAST

Road 250 Miles in Length from Matane Through to Metepedia.

Quebec, April 11.—Before the summer is over the 250 mile belt road from Matane, through the Gaspé peninsula, Chaleurs Bay and the Matapedia Valley, will have been completed, it was announced today. Engineers of the Department of Colonization are conducting the work, and the new road will be a colonization road.

When completed the Colonization Department will have expended over \$600,000 on that picturesque road built partly on the rocks of the Capes of Gaspé, and the Department of Roads will have spent over \$500,000.

Due to the very heavy grade in some sections of that road and the precipices through the Capes the road will not be opened to automobile traffic until 1925, but the horse driven vehicles may operate without difficulty. Until the work was started two years ago some of the sections of the Gaspé Peninsula were only reached through trails and even horse driven vehicles could not find their way.

Whitman, Ltd. of L'Anse au Beaulieu, intends visiting Paspébiac shortly, many of his old friends there will be pleased to have him with them again.

Mr. Ernest Bertram arrived here Friday from Paspébiac, and replaces Mr. F. Aubin of R. J. & W. Ltd., Little River East, for a few days.

HENDERSON-MERAE
On April 3rd in Wesley Parsonage Rev. F. E. Boothroyd united in marriage Miss Greta Kerr McKee of Maple Green, N. B., to Mr. John Alexander Henderson of Charlott, N. B.

WISE WORDS

Mr. J. D. McKenna's constructive speech in the House was marked by very practical suggestions as to what we in the Maritimes can do by proving that we have faith in ourselves, and he spoke clearly and to the point not only as to our resources but as to our right to just treatment from the C. N. R. It is quite true, as he says, that we lost immensely by not buying more of our own products, thus keeping more of our money at home and so ministering to the expansion of every one of our interests, whether they be rural or urban. If, says Mr. McKenna, our members would spend as much time fighting for the Maritime Provinces as they spend in fighting among themselves we would get results. He wants the Maritimes to present a solid front at Ottawa in order to serve properly the territory they represent. There is today in these provinces a growing body of sentiment favoring the lines of advance the member for Kings so practically set forth.

NOTE AND COMMENT

What is the country coming to, when a bushel of wheat will not buy two golf balls?
Of \$600,000,000 involved in business failures in the United States in the last year fully \$200,000,000 represented fraudulent bankruptcies, according to the president of the National Association of Credit Men. He says that at the present rate of increase these deliberate failures would undermine American business within a few years. The association is to spend \$500,000 to fight the class who go into bankruptcy to defraud their creditors.

Somebody has figured it out that the taxation reduction in the new budget means a saving of \$2.70 a head. It all depends on how much you buy, and how many you buy for. Anyway, it does not sound revolutionary. Still, twenty per cent. off the sales tax, and fifty in some cases, ought to help considerably. Governments do not seem to make the progress they should in developing painless taxation. Also, the income tax, federal or civic, is not so sacred an institution that it will not bear reduction, particularly in the lower grades of earnings.

"Fifty years ago," says the Ottawa Journal, "a Liverpool policeman patrolling his lonely beat came upon an abandoned child of five years. The child could not even lip who his parents were or where they had gone, so the kindly policeman took it to the nearest foundling home, where it was kept until, at the age of fourteen, it went to work in the mines. Today that child is represented by the Right Hon. Stephen Wailes, Minister of War in the greatest Empire that the world has known, of opinion join in complimenting him upon the outstanding ability with which he deals with his department in the House."

TRAVEL VIA NATIONAL LINES

Canadian National Services Afford the Highest Standard of Travel Comfort

Whether on business or on pleasure bound for the Canadian National Railway, offer to the Transcontinental traveller the highest standard of travel comfort.

From all Maritime Province points to Montreal, Ottawa, Winnipeg, Saskatoon or Vancouver, there is the finest of service by all steel trains of superior equipment.

The Canadian National is renowned for the excellency of its sleeping and dining car services. The cars are of the finest and most modern type, while the quality of the food and manner of service on the diner is praised by hundreds of experienced travellers.

Two fine trains run between Halifax and Montreal; viz. The Ocean Limited and Maritime Express. From Bonaventure Station, Montreal, the famous "Continental Limited" leaves daily at 10.00 p. m. for Ottawa, North Bay, Edmonton, Saskatoon and Vancouver.

From Bonaventure Station also the International Limited leaves daily at 10.00 p. m. for Toronto, Detroit, Chicago, and two fast through trains leave for Toronto in the evening.

From Bonaventure Station also the International Limited leaves daily at 10.00 p. m. for Toronto, Detroit, Chicago, and two fast through trains leave for Toronto in the evening.

To all points in Canada, therefore, the best of service is furnished by the Canadian National Lines.

Enquire of Ticket Agent for fares, regulations, etc. Mch 27-6-w

GRIM TRAGEDY OF THE SINKING OF TITANIC

RECALLED TO MEMORY
Halifax, N. S., April 15—Twelve years ago this morning at 2 A. M. the White Star liner Titanic, on her maiden voyage from Liverpool to New York, sank off the Grand Banks of Newfoundland and took 1,634 of her passengers and crew to their deaths. Some four hours previously on the night of the 14th, she had struck an ice-berg.

Yesterday afternoon at three o'clock a memorial service was held at the near the place of sinking by the United States ice patrol cutter Modoc, one of the vessels which every spring patrols the north Atlantic to warn of the presence of icebergs and to prevent a recurrence of the Titanic disaster. The service was participated in by all ships and shore stations within wireless communication of the Modoc and all ships in the vicinity were asked to keep their wireless silent for five minutes.

This is the second year a memorial service has been held by the United States ice patrol.

WORLD ARMENIA MAY TAKE ROUTE VIA CAMPBELLTON
Ottawa, April 10—The passage across Canada of the British armistice who are flying round the world will be a race against time, the similar flight begun by United States armistice having started a competition between the two countries for the honor of being first to complete a world flight. The itinerary which provides for the landing of the British flyers at Prince Rupert, B. C., and their departure from Sydney, N. S., for Europe via Newfoundland has been completed.

W. C. T. U.

GLORIFYING IN SHAME

The announcement was made the other day that the revenue of the Province of Quebec for the past year had considerably exceeded the expenditure. This was regarded by the Government as a matter for congratulation. It ought rather to have been looked upon as a cause for shame.

It was suggested that, because of the large increase in the Provincial revenue it might be possible to reduce the tax on the automobiles. The state of mind is not easy to understand which finds reason for satisfaction in the prospect that, by the profits of a traffic which is amongst the most prolific causes of poverty, the rich may have their luxuries at a less cost.

The simple truth is that it is an intolerable disgrace to any Province that its Government should become an agent for the sale of liquor. It is inevitable that governmental agents will push the sale of their wares that the public coffers may be filled.

Thus we have the strange spectacle of the Government on the one hand maintaining a large expense, prisons and asylums and hospitals, a large proportion of whose inmates are the victims of drink, and, on the other, carrying on a business which is largely responsible for the filling of these institutions.

There is only one right thing to do with the liquor traffic, and that is to banish it completely and finally from the land. It needs no argument that entire prohibition immensely increases the happiness and prosperity of any people—East and West.

In another column appears the advertisement of a tea to be held by the W. C. T. U. This is one of the oldest ladies' societies in Campbellton certainly the oldest in the denomination at society. For years it has worked the meaning of the word "tea" in Canada, often the only society to do so. Nor is this all. It has maintained a Travellers' Aid for some time, paying all expenses in connection with this work, except the cost of the last in charge, Mrs. E. Alexander, gives her time free.

A room was equipped and equipment maintained in the Soldiers' Memorial Hospital, in honor of the work of Union mothers, who were overseas not to return. Substantial gifts have been made to the Seaman's Association, to the Temperance Home, Moncton and to many other worthy objects. The Union maintains a Flower and Relief Department, and annually sick and ailing members have their lives brightened, while every Christmas baskets of food are prepared and sent to needy families. The lumbermen's camps are remembered with reading matter and first aid supplies, also the vessels which come to the harbor. Not the least of their activities is the collection of surprise soap coupons, which are redeemed by the company, the sum thus raised going to the support of a Traveller's Aid in Toronto.

The present effort in being made to raise money for the extension work of the Union, and for the upkeep of their room in the hospital. These are the largest union in the province, numerous requests come to them for aid, and it is in order that their gifts may be worthy that this extra amount is being raised.

Campbellton was honored at the last N. B. and P. Inland W. C. T. U. Convention held in Moncton last autumn of having one of their members, Mrs. Effie Bruce chosen for President. This convention will be held here this autumn.

The Chair at this time is being ably filled by Mrs. Stewart McLaughlin, successor to Mrs. E. B. Gerrard, who was president for seven years. We hope that our citizens will not fail to lend their support to an organization which is a credit to our town as well as an honor to its members.

Dalhouse Personals

Mr. and Mrs. Andrew Haley of Port Felix, N. S., arrived in Town on Tuesday to spend a few days, the guests of Mrs. Haley's parents, Mr. and Mrs. John LaVigne. Mr. and Mrs. Haley are en route to Montreal, where they intend residing.

Mrs. C. H. LaBelle, who has been with her daughter, Mrs. J. M. Colton, during the winter months, in St. John, N. B., returned home on Tuesday. She is accompanied by her little grandson, Charles Colton, whose mother is not expected here for a couple of weeks, when she will be accompanied by her husband, who will be permanently in charge of the Radio Inspection for the Port of Montreal.

The Amherstburg Envo (Canada) states: "Don't get around complaining that business is rotten, set up something to make business better. Railway traffic on both Canadian Pacific and Canadian National lines is showing great improvement. Somebody must be doing the wrong business. Why isn't it you?"

SPECIALS THIS WEEK

GLOVES
Spring Gloves show many interesting varieties.
There are those of silk in the gauntlet style with colored cuffs, and the Finest Kid from the famous factories of "Perrin Freres" Grenoble, France.

HOSIERY
The new Hosiery for Spring offers a host of interesting colors in Chiffon and Heavier weights.

Grocery Department
We have now on hand and in order a good assortment of Potted Kenneths, Daffodils, Primulas, Asallas, Lillies, Shamrocks, Tulips, Ferns, etc from the well known Woodburn Conservatories. Will have a limited supply of cut roses and Carnations for Saturday's delivery. Leave your order early so as not to be disappointed.

EARLY CLOSING.
We close every night except Saturday, we close Saturday at 10 P. M. Store open at 8 A. M.
We tested out last summer the early closing, and found we increased our business and had less expense in the way of lights, heat, etc.
We wish to thank our patrons for the support given us in this stand. We attribute the increase to the extra efficiency of our staff and to the large and exclusive range of goods carried by us.

DIED IN QUEBEC
The Reverend Brother Francis Desjardins of Madawaska, N. B., died at the St. Francis d'Assise Hospital, Quebec City, as a result of the typhoid fever epidemic which broke out at the Basilian Monastery in Chamblow, P. Q., three weeks ago. The deceased brother was only twenty-three years of age. The outbreak affected the superior of the institution, the Rev. Father La Gaudin, two nuns, one of whom died a few days ago and several students.

SAVE THE FOREST WOOD
A proclamation has been issued at Ottawa designating the week from April 27th to May 3rd as "save the forest week". In connection with this campaign the Federal Government has decided to offer prizes for essays written by school children under sixteen. The essay is not to exceed five hundred words in length and the competition closes on May 31st. The first prize will be a complete outfit of the second \$25 in cash, the third prize will be \$10 and there will be five other prizes.

Sunday, 27th April
Matapédia—9 p. m.
We welcome the Rev. F. Yates to leading Matapédia on Sunday night, 27th inst., for Kionid, Sask., and will be followed at Matapédia by Mr. Theodore Cunningham of Pine Hill College, Halifax.

IN MEMORIAM
In loving memory of Elizabeth Olson who passed away on April 14th, 1923.
A loved one from our hearts has gone
A voice we loved is still;
A chair made vacant in our home
Which never can be filled.
What would we give to clasp her hand,
Her dear kind face to see
To hear her voice and see her smile,
That meant so much to all.
The sweet to know we'll meet again.
And that the one we loved so dear
Has just gone on before.
Inserted by parent.

OBITUARY

F. B. DEMPSEY
Mr. F. B. Dempsey of Jacquet River passed peacefully away on March 26th, after an illness of two months duration. Deceased was 81 years of age and was highly esteemed by all who knew him. He leaves to mourn the loss, his wife, four daughters and six sons. The daughters are Mrs. W. E. Spinks, Sunnyvale, N. B., Mrs. S. Gregory, Rolling Dam, N. B., Mrs. Andrew J. Brown of Jacquet River and Mrs. Charles O'Connell of Halifax. The sons are Joseph of Beckettville, Patrick of Medway, Maine; John of Saskatchewan; Herbert of Halifax; James of Jacquet River and Albert at home.

The funeral service was conducted by Rev. Father Trudelle.

TO SING AT OPERA HOUSE
Lovers of good music and singing will be interested in the announcement that on Monday next Miss Florence de Carver will commence a week's engagement at the Opera House. The opening numbers for Monday and Tuesday are "The Light" by Vanderpool, "The Spring Song" by Becker and a favorite Scottish piece "Waltie and I'll Come Bye" as last; Miss de Carver will change numbers with the regular picture changes and will also sing request numbers, when possible, during the week. This young lady is so well and favorably known locally that no further comment is necessary.

Here and There
The Canadian Pacific eastwise steamer "Eos" has carried from the United States 1,000 tons of herring since the present season opened in November. This represents almost half the season's output, which will approximate 24,000 tons.

The heaviest immigration to Canada experienced during the last ten years is the United States, 1,000 tons of herring since the present season opened in November. This represents almost half the season's output, which will approximate 24,000 tons.

Canada exported 9,228 tons of leather footwear during January, 1924, according to a report of the Bureau of Statistics. Of these 2,179 went to the United States, 1,000 to New Zealand and 2,001 to China and Japan. Bermuda, the Straits Settlements and Newfoundland took the rest. The value was \$21,261.

Special trains of immigrants have recently carried to Canada cars similar to those used in the harvesters' trains last summer. It is understood that the Canadian Pacific have inaugurated this as a feature of all long distance immigrant trains, thus doing away with the necessity of the passengers providing their own food or using station lunch counters on route.

The completion of plans for the development of hydro-electric power during the current year will add 600,000 h.p. to the present total of 3,228,000 h.p. already installed in Canada. This additional power will be used in British Columbia to assist in the pulp and paper industries in Manitoba to supply rural needs, and in Ontario for gold-mining and other industries. In Quebec the chief developments are in connection with the pulp and paper industries, and farther east in the Maritime Provinces, for public utility purposes.

There is every indication that the death of the domestic servant in Canada will be greatly relieved in the course of the coming few months. The Father John, head of the Women's branch, Colonization Department, Canadian Pacific Railway, London, announces that "Specially recruited parties of domestic servants are being organized under the Empire Settlement Act in connection with the Canadian Government for the conveyance to Montreal and to Western Canada."

SLIGHT INCREASE IN ASSESSMENT

More Money for Bond Interest and Sinking Fund is Responsible for Increase

A meeting of the Town Council was held Saturday afternoon. His Worship Mayor McKay presiding. Councillors Armstrong, Cool, Patterson, Moore, McDonald, Savage and Ramsay were present.
The Council went into committee of the whole for the purpose of considering estimates for the year.
Upon resuming business the chairman of the Committee of the whole, Councillor Ramsay, reported the assessment for the year as follows:
ASSESSMENT FOR YEAR 1924
Public Property and Streets \$21,000
Schools 35,000
Fire Protection 12,000
Hospitals 2,000
Police Force 4,250
Salaries and Contingencies 4069.50
Public Charities 5,000
Water Bond Interest and Sinking Fund 19,000
Sewer Bond Interest 4,500
School Bond Interest 1,900
Sinking Fund—Sewers 2629.85
Sinking Fund—School 687.15
Red Cross 760.00
Total \$113,750

The matter of the government's action, to bill to enable the town to borrow \$50,000 for electric light extension was taken up and the seriousness of the matter fully stated.
Councillor Patterson moved that the Council appoint a committee of four to proceed to Fredericton to press upon the government the necessity of passing the town's bill, to election debentures, said committee to be composed of His Worship Mayor McKay and Councillors Armstrong, Moore and Savage.—Carried.
The Council then adjourned.

"Haunted Valley" CONTEST

How many times do the words "Haunted Valley" appear in this issue of The Graphic?

BOYS AND GIRLS! Here's your chance to win a Pass for the balance of the stirring serial story "Haunted Valley" which is now showing every Friday and Saturday at the Opera House.

THIS CONTEST IS VERY SIMPLE. All you have to do is to count up the number of times that the words "Haunted Valley" appear in this issue of The Graphic—then send in your answers to the Opera House.

PRIZES. The first Five Boys and the first Five Girls sending in the correct answer will each receive a Complimentary Pass good for the Saturday Matinee performances at the Opera House and entitling them to see these performances FREE OF CHARGE until the serial "Haunted Valley" has all been shown.

COUNTING. Each time you see these two words—"Haunted Valley"—in this issue put down (1) count. **DO NOT COUNT EACH WORD SEPARATELY** but rather let your total be the number of times that the two words "Haunted Valley" (taken together) appear. Go carefully over every page. You will find "Haunted Valley" almost anywhere and everywhere. Check up each appearance carefully, add up the total and send in your answer as soon as possible. Answers will be received up to 8 o'clock Saturday afternoon April 19th.

CORRECT ANSWERS ONLY WILL BE CONSIDERED IN THE AWARDING OF PRIZES.

Winners will be announced and Prizes awarded at Matinee this coming Saturday April 19th.

Name _____
Age _____ yrs. P. O. Box (if any) _____
Number of times _____
NOTE—It is not necessary to use this form—any piece of paper will do, but please follow this style in sending in your answers.

CHEVROLET

—is easily within the reach of all

NEVER before in the history of the automobile industry has such car value been possible. And it is possible now, only because the Chevrolet Car and Chevrolet business principles have been so universally and so favorably received. Chevrolet production has, as a result, rapidly grown in volume until now Chevrolet is the world's largest manufacturer of quality automobiles.

Chevrolet quality is more than apparent. For, the more closely Chevrolet is examined and the more severe the tests demanded, the more convincingly is Chevrolet quality demonstrated and proved.

Moreover, day by day continuous service brings out another economy equal, if not greater in importance, than Chevrolet's remarkably low first cost. Chevrolet is more economical to operate than any other car built, and its maintenance cost is the lowest in the world.

Investigate Chevrolet yourself. Have us demonstrate the model that suits your needs. We can arrange terms that will surely fit your circumstances.

SPECIAL DODGE BROTHERS MOTOR CARS IN FOUR TYPES

Four special types have recently been added to Dodge Brothers standard line of motor cars—

A Touring Car, a Roadster, a Type-A Sedan, and a 4-Passenger Coupe.

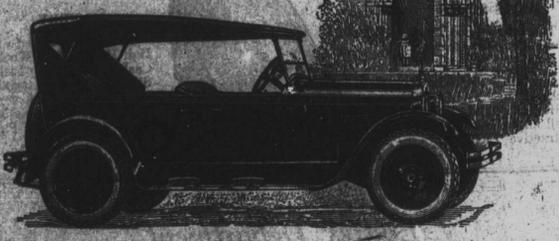

These types have been created for that substantial group of motorists who favor individuality in motor car appointment and design.

In fundamental construction they are identical with Dodge Brothers standard product. Their accentuated smartness, however, is strikingly obvious in many elaborations of equipment and refinements of detail.

Special 6-ply, balloon-type tires, nickel-trimmed radiator shell on touring car and roadster (optional on closed types), front and rear bumpers, motorometer with lock, special blue leather upholstery (for touring car and roadster), special body striping, rear view mirror, automatic windshield wiper, scuff plates, cow lights and steel disc wheels constitute the more important items of special equipment.

Flatlands

Miss Violet Anderson returned home from Campbellton on Tuesday. We are glad to see her well again, after her recent illness.

The many friends of Miss Lillian Kaine who is at present a patient in the S. M. Hospital, are glad to hear she is improving.

Mrs. Ruth Kaine spent the weekend in Campbellton the guest of friends.

Mr. Gordon Firth who is a patient in the S. M. Hospital is improving, and we all are wishing him a speedy recovery.

Miss Bertha Downes who has been spending the past few months in St. John returned home last week.

Mr. Wm. Mowatt and Mr. J. A. Anderson spent Saturday in town.

Mr. N. B. McDavid spent Monday in Campbellton the guest of friends.

GASPE CONVENT TO OPEN DURING FALL

Quebec, April 7.—Negotiations have been completed between His Grace Mr. Ross, Bishop of Gaspé, and the authorities of the Ursuline Congregation, regarding the opening of a Convent by those Nuns in Gaspé. The Rev. Mother Ste. Ursule of Lac Rimouski Convent of that order has been transferred to the new diocese and arrangements have been made by which the new educational establishment will be at the disposal of the first temporary one and when a building is constructed it will be taken over for that purpose.

DAWES SAYS GERMANY CAN PAY

Some Relief for Two Years—France Wins Out on Many Points

New York, April 9.—Briefly summarized, the outstanding recommendations in the reports of the reparations experts' committee provide for: Relief for Germany for two years from reparations payments, these to be taken care of by a foreign loan and a tax on industries at present nonproductive.

Return to Germany of economic control of the Ruhr and Rheinland. Stabilization of German currency by means of a loan of 800,000,000 gold marks and creation of a gold bank of emission.

A return of German capital that has left the country with the collapse of the mark.

Priority of reparations payments for France insofar as the cost of her armies of occupation are concerned.

Assurance for France of slowly but steadily increasing payments by Germany under allied supervision.

Protection for France against an adverse exchange or trade balance that might result from incautious German payments.

HEBRIDEANS WILL ALL COME TO CANADA

Owing to Hard Times at Home the Crofters Eager for New World

St. John, N. B., April 7.—The entire inhabitants of the Hebrides will eventually immigrate to Canada was a statement to-day by members of a band of Crofters, who arrived this morning on the Canadian Pacific steamship Marloch. This they said was due to hard times prevailing at their island homes and to the glowing accounts received from relatives and friends, who have already located in the prairie provinces and are making good in the land of their adoption. The change in their climate in recent years is given as the cause of the hardships in their native land, and thousands are now eagerly awaiting an opportunity to try their fortune in the land of the Maple Leaf. There were 208 adults, and 200 of these an official said began their names with the prefix Mac. There are 77 children and 9 infants in the group. They left for the West at 2 p. m.

SOLDIER PENSIONS REACH \$7,863,575

Complete Disability Pensions Paid to 2,532 Persons in Canada

Ottawa, April 5.—The cost of living bonus paid to soldiers and their dependents in addition to ordinary pensions in Canada involves a total sum of \$7,863,575, about equally divided between disability pensioners and dependents. This was stated in the House in answer to a question.

Complete disability pensioners are being paid to 2,532 persons in Canada involving an expenditure of \$3,233,779 annually. Pensions are paid to 3,068 widows of men killed in the great war, costing \$7,433,558 annually.

DO NOT OPERATE GASOLINE MOTOR IN CLOSED GARAGE

Maritime motorists should take warning from numerous fatalities that have occurred in garages, as a result of carbon monoxide poisoning, says Capt. A. P. Saunders, engineer and organizer of the Maritime Safety League.

"Gasoline engines should not be allowed to run with garage doors closed," he said. "An ordinary gasoline motor will generate sufficient carbon monoxide gas to asphyxiate an adult within five minutes if operating in a closed garage, the fumes being so dense that anyone overcome by carbon monoxide poisoning, it is pointed out that the rescuer should let the fresh air into the premises, or he too may be overcome."

"When a man is overcome by gas, wash his face with fresh air, and if possible, get him to a doctor. In the meantime, keep him comfortably warm and do not allow him to become chilled—keep him warm at all times. A chill may cause a spasm on his already weakened condition and may cause pneumonia or death."

"If the patient is even slightly gasped, he should not be allowed to make any exertion. If he must be moved, carry him. Keep the patient lying down. To walk him around may injure his heart or even

Is Anything Wrong With Your Skin?

WHETHER it's a cut or scratch, an outbreak of pimples or rash, or a case of fiery disagreeing eczema, you need Zam-Buk.

ticulars.

If the recent discussion of the
abilities of a big summer cele
bration here is followed by well-
and energetic effort to realize
such an event, Campbellton may
the scene of a really big affair
that kind in the month of July.
discussion referred to took place
entirely and suggestions were ad-
and tentative plans formulated
those interested.

The promoters of the summer
bration idea prefer to avoid pub-
licity for the moment, but some
of the suggestions may show the
possibility of a really big affair
or too hazardous to ensure a
quite monetary return.

World Last Four Days

The idea of the promoters of
celebration is to arrange, if possi-
ble, a programme sufficiently
attractive to hold public interest
three or four days. The origin
of the idea plan to interest the
public in some event to be held
in the way of a celebration, and
division of the profits with the
return for their co-operation.
The few local hospitals would
likely to give the promoters
celebration.

Some Particulars

Those behind the movement
expressed their desire to make
the programme an event which
is a really big affair which will
attract hundreds of visitors to
the north shore and the
Coast before going any farther
the matter. If public interest
seems to warrant the expenditure
of time and effort which
is necessary and the sym-
pan-operation of the right
can be relied upon the first
steps will be taken shortly to
carry out this undertaking. It
publicity is needed to make it
and also that ample time
