BOY KILLED BY ELEPHANT

Young Italian Crushed
During Circus Parade in
Buffalo

Died A Few Minutes After
He Was Admitted
To Hospital

Buffalo, June 11.—Gaspale Tignaturo, an Italian, 13 years of age, was fatally injured by an elephant, part of a circus parade which passed up Main street yesterday. The boy died a few minutes after his admission to the General Hospital.

Archie Dunlap, in charge of the elephants, was arrested, and is held on an open charge.

Reports are conflicting as to just how the boy met his death. One report has it that the forward elephant reached out with his trunk and dragged the boy into the street, where he was stepped on by one of the elephants.

Another report says the boy attempted to pass between the first and second elephants, fell, and was stepped upon by the second one.

Dunlap was afterwards released.

Police Stop Procession.

Touring, France, June 11.—The first organized attempt of the clergy to hold a street procession since they were debarred from so doing by the church and state separation law took place here Sunday, and was promptly suppressed by the police.

CARP ARE VEGETARIANS

Mr. A. C. McKay Tells Of
Strange Fish Antics
At St. Luke's

Joe Dumas Had To Put Up
Wire Fence To Protect
Garden

Messrs. A. C. McKay, Wm. Gordon, N. H. Stevens, Dr. J. W. Rutledge and Ed. Messer recently spent a short time out at St. Luke's Club, making preparations for the coming summer outings at this popular resort.

Mr. McKay brought back with him what is undoubtedly the prize fish story of this season—one which has all the alleged experiences of George Hayward, Vital Goodreau and Doc Russell sorely faded. Never since Dr. Russell met the big fish on one of the sidewalks in Merline some years ago, has there been again that can come near the fish antics which Mr. Mac tells of.

"You didn't know that carp are great vegetarians," remarked Mr. McKay this morning. "Well, while I was out at St. Luke's I saw absolute proof of it, and that they are particularly fond of nice green onions."

"While the party were making a trip of inspection around the club grounds the other day, I noticed that Joe Dumas who lives on some of the club property, had a high wire fence around a little garden he has planted near the lake. Of course we were anxious to know why he had fenced in any of the club property, and we asked him the reason. He told us that he put up the big wire fence to keep the lake carp from his vegetables, and we afterwards discovered that what Joe told us was absolutely true."

"Say, as soon as everything got quiet out there in the evening those carp would start out on their quest for plunder, and Joe's garden being handy it was always the first place visited. In the morning he would wake up to find a large quantity of onions and other small vegetables were missing. One night he stayed up and caught the thief fish at work. They appeared to have a regular bee on, and they were carting away Joe's vegetables by the bushel."

"Joe thought he would get ahead of the carp, so he put up a low fence in front of the garden. But it was no use; the small, slender fish would climb over the fence, and the big, fat fellows would go around to the back. So that was how Joe came to put the high wire fence around the garden. On moonlight nights the fish still have a habit of coming up, and as they peep through the wires cast hungry glances at all Joe's good vegetables which they can't get at."

"Some people have an idea that all fish die when they are out of the water for a short time, but they are in error. The carp live for hours out of water. Of course, if he is out a long time he naturally becomes faint, but he soon revives after he gets back to the wet again."

To-day only is yours.

MONEY MARKET IS TIGHT RATES OF INTEREST GO UP

The Planet has it from a private, but quite reliable source, that the rate of interest on corporation debentures have jumped in many of the Canadian banks from 4-4 per cent. to 5-1-4 per cent.—quite a substantial increase, which will be felt by Chatham and other cities which have large debentures to meet.

There has been some inquiry as to how it is that the banks are boosting their rates to corporations, etc., while they are only paying 3-4 per cent. to depositors. The money market the world over, and especially in Canada, is tight just now, on account of the immense development going on, and banks and their financial institutions are in an independent position, where they can charge almost any rate they please for the carrying of liabilities, no matter how gilt-edged they may be.

ADDED ANOTHER TRAIN

(From Our Own Correspondent.)
Blenheim, June 11.—The Pere Marquette Railway has added another train to the Erieau service, which ran for the first time yesterday morning, and which will make it more convenient for those going to and from the Eau. It would be better still if they could see their way to arrange for an evening train, as there are a large number of those who go down to their cottages who cannot get away from their offices until nearly 6 o'clock.

SEVEN CRIMINAL CASES

The June Sessions open in County Court this afternoon. Judge Bell will address the Grand Jury, and the criminal cases will be tried before Judge Dowlin. The docket is as follows:

One County Court criminal case before the County Judge; King vs. Lynn.

Three cases against Vincent Connell, an hotel-keeper, of Dresden, charged with receiving stolen goods.

One case against Herbert Bowers, of Wallaceburg, charged with theft.

One case against Thomas Smale, of Dresden, charged with theft.

One case against John McIntosh, of Dresden, charged with theft.

One case against Oliver Turcott, of Wallaceburg, charged with indecent assault.

DEATH OF MRS. SUITOR

The death of Susan Sutor, wife of Jas. Sutor, 101 St. Con. St., after a short illness.

Deceased was 60 years, 2 months and 7 days old, and has been a resident of Raleigh for many years.

The funeral will take place on Thursday at one o'clock. Interment will be made in Maple Leaf Cemetery.

The family have the sympathy of the entire community in their sad bereavement.

"A" COMPANY WON

An interesting game of indoor baseball was played in the Armory last night between "A" and "C" Companies.

"C" Company has a crack team, which never had been beaten before, but they ran up against it rather hard last night. The final score was 19-15 in favor of "A" Company.

The following were the players and the score:

W. Company—Smith, McAgly, Fitzgerald, Ogilvie, Thurston, Marshall, Clark, Lawson, Dupuy—19.

"C" Company—Gilles, Morley, Gutteridge, Wightman, Jenks, Briscoe, Arnold, Bell, Rutledge—15.

Shot While Fishing.

Kingston, N. Y., June 11.—While shooting fish in Sawkill Creek, in company with Horace Boyce, Fred Meyer was accidentally killed.

The men were using a double-barreled shotgun and a small rifle. Boyce was passing the guns to Meyer when the shotgun was accidentally discharged.

Seamen's Strike a Failure.

London, June 11.—The seamen's dispute at Glasgow has narrowed into a conflict between the union and the owners of the North American Lines. So far the men have had little success, the Allan and Dominion liners obtaining crews without difficulty.

Terrorist Attempts Suicide.

St. Petersburg, June 11.—A terrorist named Cherman, alleged to be implicated in the recent plot against the life of Emperor Nicholas, attempted to commit suicide yesterday in a nearby suburb.

Customs Collectors Named.

Ottawa, June 11.—M. L. E. Hudson, Ottawa, is appointed deputy collector of inland revenue, class A, in the Montreal office. W. B. Robertson of St. John, N. B., is gazetted a preventive officer.

Was Lover of Birds.

London, June 11.—Prof. Alfred Newton, M.A., F.R.S., the authority on birds, is dead. He was the pioneer in Great Britain in legislation for the protection of birds.

THIS GIRL TURNED A DARK BLUE

Allegheny, Pa., June 10.—The skin of Mary Coffey, 19 years old, employed in the Allegheny General Hospital, is dyed a deep lavender color from head to foot, and the physicians are making a strenuous effort to save her life. The case is baffling them, and it is feared she will die.

The young woman about two weeks ago attended an outing, wearing a new pair of shoes. She scuffed the footwear, and in an effort to restore them, used a quantity of indelible ink, which she thought was shoe polish. After wearing the shoes for several days thereafter, she noticed that her feet had been dyed a deep purple, but did not say anything to those employed with her.

After making this discovery, she found the coloring was gradually spreading over her entire body.

Tuesday other girls in the laundry noticed a peculiar color in Mary's face, but she only laughed when an inquiry was made. At night she was taken seriously ill, and the physicians noticed her plight. Upon being pressed, the girl told the story.

The physicians have found that the coloring used upon the shoes has been absorbed through the skin on the feet, and, by the blood, has been carried through the entire body.

A COMPLICATED CASE

Mr. Twigg, the husband of Elizabeth Twigg, who had Peter Johnson up in Police Court yesterday afternoon, charged with calling her a number of low, insulting names, was a caller at The Planet office to-day. Mr. Twigg objects to the remark credited to Reginald Lamped, where the latter in his evidence "admitted having mentioned that the girls in the King street house were sporty."

Mr. Twigg says that Lamped could not have meant his house, as no such person frequent his place on King street.

As was stated in yesterday's issue, the evidence in this case was so complicated and unsatisfactory, that even the Court had difficulty in making anything definite out of it, and Lamped was particularly excited when he was giving his evidence.

The case was a disgusting one, and many of the more unsavory features were omitted from yesterday's report out of regard for our readers.

SMOKING PROHIBITED

Henceforth there will be no more smoking in the County Council chamber, while that body is in session—at least not while Warden Somers occupies the chair.

At the last meeting of the June sessions, held Saturday afternoon, the Warden put himself on record as regards smoking during the Council proceedings, and said that it must not be continued at future sessions.

While the Warden was speaking he looked in the direction of the seat occupied by Councillor W. H. Crawford, the handsome member from Tilbury village, whose fondness for black Havannas kept the air heavy with fragrant clouds during dull hours in the meetings. Some of the other members who had indulged in the weed now and then also shifted guiltily in their seats while the Warden was speaking.

In order to get back at the Warden, some of the members at the next session prohibiting the chewing of tobacco during proceedings.

Reduced rates to Detroit and return, going every Saturday and Sunday, returning up to Monday night, was \$1.60, is now \$1.50; C. P. R. are also making rate of \$1.00 going every Thursday, good to return until following evening. For further information ask C. P. R. ticket agent, corner of King and Fifth streets.

Geo. E. Clark, who has been in charge of the City Drug and News Company's drug department for the past two years, severs his connection with that company on Saturday, to go on the road with a pharmaceutical line for Nelson, Baker & Company, of Detroit. He will travel in Arkansas.—Mt. Clemens Daily Leader.

IMPORTANT CONVENTION

Catholic Order of Foresters
Are Meeting Here This
Week

Street Parade Held This
Morning—Boat Trip
This Afternoon

It is seldom that the Maple City has had the honor of entertaining such a handsome and intelligent body of men as the Catholic Order of Foresters, who are this week holding the sessions of their Provincial Court in Chatham. The business sessions were opened this afternoon at two o'clock, with about 400 delegates in attendance.

All day yesterday the delegates were coming into the city, and it was with difficulty that sufficient accommodation could be provided. The local Order, however, had taken every possible precaution in looking after the comforts of their guests.

The city is very beautifully decorated in honor of the distinguished visitors, which is much to the credit of the merchants, many of them having gone to considerable trouble and expense.

This morning the delegates assembled on Fifth street and formed into a street parade. Headed by the 24th Regimental Band, they marched through some of the principal streets of the city, and arrived at St. Joseph's church, where Mozart's 12th Mass was sung. Several prominent singers from Detroit assisted in this service, which was one of the most impressive and pleasing features of the day.

This afternoon a business session is being held until four o'clock, when the delegates will enjoy a trip down the river to the lake on the steamer City of Chatham.

Mayor Stone will give an address of welcome this afternoon.

BIG PICNIC FOR THE PERE MARQUETTE

A general committee meeting to make arrangements for the Pere Marquette employees picnic was held in Chatham Saturday evening, at which the following were present: President C. F. Shoemaker, D. Bilsdon, G. W. Cook, C. H. Humphrey, C. F. Spittler, Ed. McCarthy, St. Thomas, and W. M. Hood, A. H. Skirving, F. Sharps and Wm. Turtle, Chatham. It was stated that Mr. J. S. Peatt, superintendent Buffalo Division, consents to the picnic being held at Chatham on Saturday, July 20th, and he will do everything possible to make the day an enjoyable one. A much larger crowd than was at the two previous picnics is assured, and the several committees are working energetically completing arrangements to make the outing a thorough success. There will be several novelties in the way of sports, and it is to be hoped the weather man will in no way mar the day's program. Everybody welcome.

IT'S TOO BAD TO SEE PEOPLE WHO GO FROM DAY TO DAY SUFFERING WITH PHYSICAL WEAKNESS WHEN ROCKY MOUNTAIN TEA WOULD STRENGTHEN THEM. TEA OR TABLETS 35c.ENTS.

SINGERS NEEDED!

Madame Nordica, the famous operatic star, has decided to establish a school for the training of singers for the Grand Opera stage. This fact has in some way become known to the funny man on the Toronto Star editorial staff. The said journalist has evidently been substituting for the dramatic critic lately, and has been trying to endure the singing dished up to the long-suffering and easily-satisfied audiences in the Queen City. He welcomes the new scheme launched by Madame Nordica, and unburdens his weary soul in a few words of advice in the hope that they may reach the ears of the founder of the new institution. In order that Madame Nordica will be sure to read the article, we repeat it.

"The wisdom of Madame Nordica in placing her opera school on the Hudson is at once manifest. With a large body of water at hand sounds will be rapidly soaked up, and the neighbors will not be annoyed. Moreover, the tenors will always be able to reach the high C's by taking a boat and following the Hudson down to the ocean.

"The tenor business has been very much neglected in the United States, and it is only now that the country is waking up to the fact. When a pudgy little Italian, named Caruso, can ask and get his three thousand five hundred dollars a night for a little chest expansion accompanied by a certain amount of noise, tenoring begins to look like a manufacturing industry that is worthy a strong man. Madame Nordica has seized the opportune moment. Let tenors be turned out by the hundred at her music foundry, and when there are enough of them to supply the home market the tariff can be applied and the Italians shut out.

"Also, what this continent needs is more sopranos, high, rangy sopranos that can strike the F in alt, strike it fairly and squarely, and not hit it below the belt, the way so many sopranos do. More than that, we like our sopranos warm and mellow. We have listened to too many sour notes. (We do not care for a soprano with the slate-pencil finish. What we want is more sweetness and light in our light sopranos, and more color in the coloratura ones, and better ringing all round. Also let us have basses that do not sound like a bull calf with the shivers, and baritones that do not bellow, and contraltos—well, the contralto is the most glorious voice under heaven's arch, and we would have it perfect. Let Madame Nordica pay particular attention to the contraltos, and let her see to it that they have plenty of hair on their lower notes."

MANITOBA FLOUR

About the poorest economy our farmers can practice is to give up raising their own wheat, and to spend their money for Manitoba flour. It is downright extravagant, for they lose money both ways. In the first place, there is a steadily growing demand for blended flours, which are milled of Ontario wheat and Manitoba wheat.

No flour, milled of a single kind of wheat, can be as good as a blended flour. For instance, Ontario wheat lacks strength, although it makes very fine, white bread and light pastry. Manitoba wheat makes a big loaf that is very nutritious, but the bread is coarse and yellow. But a blended flour—containing both Ontario and Manitoba wheat—supplies what each single kind of wheat lacks, and contains the good qualities of both.

Then, look at it another way. If our own farmers buy Manitoba flour, they are making another province rich at the expense of our own. The money, which they earn in Ontario, is turned over to the farmers and millers of Manitoba.

What all our farmers, and what all our housewives should do, is to get together on this flour question. Every farmer in Ontario should raise winter wheat—as big a crop as his farm will justify. He should not only raise Ontario wheat, but he should also make it a point to buy a blended flour, made of this same home-grown wheat.

The money is made here—the money should be spent here and kept here. Our women-folk can help this cause along by using a blended flour for all their baking. The more they use, the greater will be the demand for Ontario wheat. As this increases, naturally the farmers will go in more for wheat. Everybody will thus share in the rejuvenation of a failing industry, and rejoice in the greater prosperity of our farming population.

Ill wind that blows nobody good.

Occasionally one has the fortune to meet women who are ideal in looks and figure. Ninety-nine times out of a hundred you will find she takes Hollister's Rocky Mountain Tea. Tea or Tablets, 35 cents.

Four Killed By Lightning.
San Luis, Potosi, Mex., June 10.—Four laborers were struck by lightning and instantly killed near here on Friday afternoon while sheltering themselves under a tree during a violent storm.

Four of their companions were also struck, and two of them may die.

ROSY CHEEKS FOR PALE GIRLS.

Don't be debarred from strength and spirit, don't give in to illness and despair. Ferronone supplies tone and vigor through which all functions of womanly life are maintained and fortified. From New Richmond, Que., comes the following statement from Mrs. Isidore Boissoneault, "I take deep pleasure in testifying to the powerful influence of Ferronone. For years my daughter has been pale and sickly—showed signs of advanced anæmia. Her lips got so white and her cheeks so devoid of color I feared consumption. I can certify Ferronone made an excellent cure, and to-day my daughter's health is the best." 50c per box at all dealers.

WILL HAVE RURAL PHONES IN BLENHEIM

Blenheim, June 10.—If all goes well the country surrounding Blenheim soon have a good system of telephones. A local company of reliable men are organizing to establish a system that will be second to none anywhere.

The purpose of the company will be to run lines in all directions out of town. The first to be built will likely be along the Ridge, and then to Mull and Guilds, though as fast as possible other territory will be covered. Farmers along all the routes will be asked to take telephones at the very moderate charge of \$12 per annum.

The Bell Telephone Company will give switching service here, and all users of the phone will have free intercourse with all patrons of the Bell line here and all those on the entire local company.

HORSE SENSE USED IN RUNNING A CIRCUS

The great attraction of the circus is the horse. To give a circus without horses would be like producing opera without music, or running a watch without a spring. When the circus of to-day comes to town with its callopes and gaudy wagons, fluttering flags and big tents, the horse in all his glory is a vitalizing part of the picture, and he is there in numbers that old Dan Rice never dreamed of.

There are over five hundred horses in the Forepaugh-Sells Show, and this list embraces every known breed of the equine species. To keep this list of aristocratic horse-flesh in the pink of condition is no small concern of the proprietors, as may be well imagined. That more accidents do not occur is due to perfect discipline and intelligent supervision. Besides, the veterinary and his corps of aids, more than 150 grooms, drivers and assistants are necessary for the proper care of this great string of horses.

A skilled veterinary surgeon and four assistants supervise the careful handling of the Forepaugh-Sells animals; they know the name of each horse in the great collection, and know also the disposition, temperament and vitality of each. For the more valuable specimens, including the best of Arabian, Kentucky and English runners and ring horses, the veterinary prescribes the nature and exact amount of food for each. He knows each horse's capacity for work, as well as the food for each, and when they are sick he knows the special treatment required for the best constitutional results.

The Forepaugh-Sells Circus will give two exhibitions here next Tuesday.

Contentment is the faculty of keeping so happy that you never notice trouble when it comes around.

Money talks, even with women, when they give it chance.

The most wretched poverty that I can think of is to want what we are too stingy to buy.

SPORT

BASEBALL

BASEBALL ORGANIZATION.

The baseball enthusiasts of Pain Court held their annual meeting at Mr. D. D. Gagnier's Hall on June 5. The meeting was largely attended, showing the interest taken in the game by the boys. The team is now open for challenges from any local teams in the surrounding vicinity.

The officers for the "Pain Court Rusty Nine" are as follows: Hon. President, D. D. Gagnier, Sr.; Captain, Amedee Richard; Manager, Napoleon Bourassa; Secretary, Edward L. Bédard; Committee, Felix Bourassa and Donnie Gagnier, Jr.

DISTRICT

TILBURY

Tilbury, June 10.—Mr. Johnson, of Blenheim, is visiting his son, W. A. Johnson.

B. Tiffin, of Detroit, was in town on Saturday.

J. H. Dennis spent Sunday at his home in Chatham.

Mrs. Scarf, who has been visiting her aunt, Mrs. Sloan, returned yesterday to her home at Georgetown.

Charlie and Miss Gertrude Stevenson spent Sunday with friends in Chatham.

Mr. and Mrs. J. Partridge spent Sunday in Detroit.

Mr. Meikle, of Wallaceburg, spent Sunday with friends here.

BLENHEIM

Blenheim, June 11.—The Town Council held their regular meeting in the council chambers last night.

Mr. Milton McPherson spent Sunday in Chatham.

The Blenheim Fire Brigade had their first regular practice for this season last night.

Percy O. Slater, who spent the week end in Toronto, returned to Blenheim on Saturday evening.

Mr. C. C. Borrowman, of the Bank of Commerce staff in Blenheim, who has been ill at his home in St. Catharines for the past two weeks, has resumed his position in the bank here.

J. B. Pickering, who was unfortunately kicked on the leg by a horse, is able to be about again to-day.

The regular meeting of the A. F. & A. M. was held in their hall last night.

LITTLE POCKET PHYSICIAN

Hyomei is Guaranteed by C. H. Gunn & Co. To Cure Catarrh.

Thousands who have been cured by Hy-o-mei call the inhaler that comes with every bottle of "Little Pocket Physician," as it is so small that it can be carried in the pocket or purse.

There is really no excuse whatever for anyone having catarrh now that Hy-o-mei is so readily obtainable. If you have any doubt about its value, C. H. Gunn & Co. will let you have a complete outfit, with the understanding that unless it cures catarrh, it will not cost you a cent.

Do not delay longer the use of Hy-o-mei if you suffer with catarrh. This is a purely local disease, and Hy-o-mei goes right to the spot where the catarrh germs are present, destroys them, soothes and heals all inflammation and makes a permanent and lasting cure.

The complete Hy-o-mei outfit consists of the "Little Pocket Physician" and a bottle of Hy-o-mei, and costs only \$1.00, making it the most economical as well as the only guaranteed treatment for the cure of catarrh. Remember that Hy-o-mei cures catarrh without stomach dosing, applying the medication and healing where the disease germs are present.

DRESDEN

Dresden, June 10.—Mrs. David Watson, of Detroit, is visiting friends in town.

Miss Grace Miller returned to Port Huron on Monday morning.

The infant son of Mrs. E. Whitehead, who was so severely burned by swallowing carbolic acid, is very much better, and it is believed will recover.

The ladies of the Presbyterian church will run an excursion to Detroit on Tuesday—train to Port Lambton and boat to the city. This is always a very successful excursion.

The Independent Order of Foresters will worship in the Methodist church on Sunday morning next and the Lady Macabees will attend the services in a body in the evening. Special music is being prepared by the choir.

Dr. Russell Miller, only son of Dr. George Miller, of Detroit, is visiting Dresden friends.

The sad news of the death of Mrs. Booth, nee Miss Lou Harris, of Winnipeg, was received by Mr. and Mrs. Harris on Saturday. The body will be brought to Dresden for interment.

If you would always be sure of an audience, abuse somebody.

"Loving is a painful thrill. Not to love more painful still. But ah! it is the worst of pain, To love and not be loved again."

(When you feel that way, better take Hollister's Rocky Mountain Tea.)

Five More Days and Our 9th Anniversary Sale Ends

We're on the home stretch—ready for the hard spurt—the final sprint—the last rush of speed.

We will sell more goods than any time during the sale. We are going to break all selling records and you will establish new buying records.

We have gone about things in no faint-hearted way. We have labored with determination and energy. The result, greater bargains and more bargains and better bargains. And it is no small task to accomplish these results.

\$3.89

The Northway Co., Limited

He Couldn't Bend.

A young man engaged board and lodging in a private family who were extremely devout. Before each meal a long grace was said. To this dismay and horror the new boarder sat bolt upright while the others at table reverently bowed their heads. When the second day passed and the young man evinced no disposition to unbend, the good lady of the house could endure the situation no longer. "Atheism!" asked she sharply. "No, madam," humbly responded the new boarder; "boli."

WHEN YOU EAT TOO FAST.

You have indigestion, perhaps cramps, or in any case the system is overloaded with matter that should be eliminated. Breath gets bad, eyes look dull, headaches are frequent.

Why not cleanse and purify the whole system, why not strengthen the stomach, enrich the blood and assist your overtaxed digestive organs? Easily done with Dr. Hamilton's Pills; their action is most gratifying. In every case they give the exact assistance the ailing organs require. You'll feel fit and fine, eat with a relish, sleep like a top, have a clear color, and restful sleep if you regulate your system with Dr. Hamilton's Pills. Price 25c per box, at all dealers.

Cabrera Assassinated.

Mexico City, June 10.—A private dispatch received in this city says that President Cabrera of Guatemala was assassinated yesterday.

The news cannot be confirmed.

Every man is like the company he is wont to keep.

THE GERMAN KITCHEN

Methods of "the Most Domesticated Women in the World."

NEATNESS IS PARAMOUNT.

The Science of Cooking and Keeping Clean—No Grimy Dish Rag For the Neat Hausfrau—Bunch of Dried Grass Instead.

German ladies are proud of being called "the most domesticated women in the world," and certainly, from the German empress down to the most humble hausfrau, the German women have due regard for what the German

MOVABLE TEA TABLE AND CHINA CLOSET.

emperor called the three K's—kinder, kitchen and kirchen (children, kitchen and church). The way in which German women have made domesticity into a science was well illustrated at a recent domestic exhibition, where the very newest domestic appliances and many inventions to save time and trouble were surrounded by day by interested crowds of housewives.

Not for the German woman is the dishcloth that has been used many times, that has reposed in an unsanitary heap on the kitchen sink and that is, more often than not, when left to the mercies of "merely Mary Ann," simply a dirty and unsightly remnant. The German hausfrau has a bunch of dried grass, which she leaves to soak in a dish of pure cold water when she has finished with it. The grass does its work better, lasts longer and is much cleaner in use than any cloth.

A German woman doesn't hang things from the shelves which are also stocked, and if you think for a moment you will recall that it is this habit of ours that causes so much breakage and vexation of spirit in the American kitchen. A good plan, too, is that of having glass doors to the dresser shelves, for think of the many weary dusting downs and incidental breakages this plan saves. In a corner there is always the kitchen rubbish box, which yawns complacently and receives all the rubbish except the refuse food, thus keeping the kitchen scrupulously clean.

The German stove always stands like a great iron table in a convenient part of the room, a spot from which all the little dressers and ice cupboards can be readily reached. It has, too, numerous little apertures for the saucepans and kettles to stand on, and these are all composed of a variety of iron rings, by the removal of which, one after the other, the heat may be regulated to any degree of intensity. The firing of these stoves is managed by bristles of pressed coal, perfectly clean to the touch and so cheap that the cooking of a large family can be performed for twopence a day.

A new and most ingenious apparatus for cleaning windows consists of a flat piece of board furnished with an India

A BATTERY LAUNDER.

rubber edge. The window is first wiped with a wet cloth, then the board is drawn across it, and, lo, it is as clean and clear as crystal. A new patent household ladder, furnished with a movable platform, on which a servant may stand to dust the walls or ceiling or clean windows, is a very ingenious contrivance. The platform is furnished with railings round it, so that one cannot fall off, and is so safe that a child might stand on it. It can also be adjusted to any height on the ladder.

For the Late Sleeper. In the morning when thou risest unwillingly let this thought be present: I am rising to the work of a man. Why then am I dissatisfied if I am going to do the things for which I exist and for which I was brought into the world? Was I then designed for nothing but to doze and batten beneath the counterpane? Do I exist then to take pleasure and not at all for action or exertion?—Marcus Aurelius.

RED ROSE TEA

Good Wearing Qualities.

Donatello is a Greek who has amassed a small fortune in Boston in the sale of fruit, and that in the face of the fact that he writes the advertisements which decorate his stand. A recent sample which he produced and displayed is this:

American and Foreign Fruits

For Their Durability.

Verdict for Dr. Pierce

AGAINST THE

Ladies' Home Journal.

Sending truth after a lie. It is an old maxim that "a lie will travel seven leagues while truth is getting its boots on," and no doubt hundreds of thousands of good people read the unwarranted and malicious attack upon Dr. R. V. Pierce and his "Favorite Prescription" published in the May (1904) number of the Ladies' Home Journal, which never saw the humble, groveling retraction, with its inconspicuous heading, published two months later. It was boldly charged in the slanderous and libelous article that Dr. Pierce's Favorite Prescription, for the cure of woman's weaknesses and ailments, contained alcohol and other harmful ingredients. Dr. Pierce promptly brought suit against the publishers of the Ladies' Home Journal, for \$200,000.00 damages.

Dr. Pierce alleged that Mr. Bok, the editor, maliciously published the article containing such false and defamatory matter with the intent of injuring his business; furthermore, that no alcohol, or other injurious, or habit-forming, drugs are, or ever were, contained in his "Favorite Prescription"; that said medicine is made from native medicinal roots and contains no harmful ingredients whatsoever; and that the libelous article was wholly and absolutely untrue. In the retraction printed by said Journal they were forced to acknowledge that they had obtained analyses of "Favorite Prescription" from eminent chemists, all of whom certified that it did not contain alcohol or any of the alleged harmful drugs. These facts were also proven in the trial of the action in the Supreme Court. But the business of Dr. Pierce was greatly injured by the publication of the libelous article and its great display headings, while hundreds of thousands who read the wickedly defamatory article never saw the humble groveling retraction, set in small type and made as inconspicuous as possible. The matter was, however, brought before a jury in the Supreme Court of New York State which promptly rendered a verdict in the Doctor's favor. Thus his traducers came to grief and their base slanders were refuted.

Proverbs For All Occasions.

"I lost heavily at the races yesterday."

"A fool and his money are soon parted," replied the sardonic person.

"Ah, but I won today."

"A fool for luck."

I would rather be ignorant than wise in the foreboding of evil.—Aeschylus.

The asperities and enemies of youth should be forgotten in middle age.

Fame throws its circles so wide that it makes not a ripple near home.

A SLAB OF BLACK STONE.

Key to All the Ancient Writings of the Egyptians.

There is a slab of black stone in the British museum which if you could walk away with it and establish your claim as the owner you could sell any day for a quarter of a million and find half a dozen money kings in England and America ready to buy it.

There is nothing very striking about this stone. It might be a piece of black marble with some peculiar hieroglyphics upon it. But it is just these hieroglyphics which make it so valuable, because they are the key to all the ancient writings of the Egyptians, and without this stone, called the Rosetta stone, we should be unable to read the Egyptian writings which have been discovered from time to time.

Some French tourists found the Rosetta stone in Egypt and transported it to Paris, where an Englishman took a fancy to it for a garden ornament. He paid £5 for it—£5 sovereigns—and got a treasure which you could cover with gold and yet not represent its value, but till the day of his death he did not know what that bit of stone was worth.—London World.

Comet Panics.

Joseph Jerome Lafrancais de Lalande, the popular French astronomer of a century ago, differed from Newton's view that Providence had so arranged matters as to make collision of the earth with a comet impossible and wrote a paper to prove that it was only very improbable. This paper, which was to have been read with others before the French academy on a certain day in 1773, got crowded out, but the Parisian public, hearing of it, made up its mind that Lalande had predicted the impending destruction of the earth and such panic ensued that the police had to order the publication of the paper to reassure the public mind. But even then it was popularly believed that the paper had been deliberately toned down and comet panics continued for a quarter of a century.

The Printing Press.

The most useful all round invention to humanity is the printing press. Generations ago some philosopher said, "In the world there is nothing great but man, and in man there is nothing great but mind." That is to say, while there are many great things, the greatest is mind. It is by and through his intellect that man has risen to the mastery of the planet, and whatever sharpens the intellect at the same time advances the world's civilization. This the printing press has done as nothing else has done, and therefore to the printing press belongs the honor of being the most useful all round invention known to man.

Some land is so poor that it won't even raise the interest on a mortgage.

Not So Much

Please do not put quite so much Red Rose Tea in the teapot as you do of other kinds. If you do the tea will be too strong.

Red Rose Tea combines strength with that rich, fruity flavor which has made it famous.

You are sure to like it. Will you order a package from your grocer?

WHY NOT.

purchase a Waltham Watch when they are the best?

In 1854 the whole output of the factory was 375 in actual use.

Up to 1907 the actual output was 15,000,000.

This should be sufficient guarantee.

Why not purchase one of these Watches from

PROBABILITIES.

Special per G. N. W.

Toronto, June 11.—11 a. m.—Strong easterly winds; showery to-night and on Wednesday.

LOCAL

J. M. Pike was in Blenheim on business yesterday.

Not much change is noted in Fred. Stone's condition today.

Lost—A Chainless Brantford Bicycle. Finder will be rewarded by leaving it at this office.

James Adams, formerly an assistant at Dr. W. R. Hall's office, is confined to St. Joseph's Hospital quite seriously ill.

Girl Wanted—Young girl for light housework. Apply to Mrs. Geo. Heyward, Victoria Block, between the hours of 6 and 8 p. m.

Lost—Tuesday morning, on King street, a gold watch with initials H. J. S. Finder will be rewarded by returning to this office.

The Golden Rod Oil & Gas Company has commenced operations on their leases in Tilbury East. The expectations are that this, with efforts directed in the development of this part of the field, will prove successful, as this property is well located.

In the list of successful students of McGill University, who are now entitled to the degree of M. D. C. M., appears the name of W. E. Lake, of Ridgeway. Dr. Lake received honors in ophthalmology and otology.

The prompt manner in which the Board of Works Department look after all complaints was in evidence yesterday morning. On Saturday the Planet drew attention to the long grass on the Wellington street gore, and at an early hour Monday morning a man was busy cutting it. The gore when finished will have quite a creditable appearance.

The crew of the tug Aldrich and a steam scow were busy Sunday raising the sunken "Vic" at the mouth of the river, where she foundered in the gale last week. Before night-fall they had her raised up to the water-line, but some difficulty was experienced in getting the water out of the tug. It is thought that she is badly damaged. A number from the city went down to see the wreck.

President Kipp of the C. W. & L. E. told a Planet reporter Saturday that the company are experiencing some trouble in gaining a right of way to the lake, and that the line cannot be built until these arrangements can be made. There is a rumor to the effect that the company may abandon the gravel road route, and may run the line through Harwich, where the farmers are anxious to donate a right of way in order to have the cars pass their places.

People ask "Why do you claim that V. S. C. has a cure for Rheumatism, Backache, Sciatica, Dyspepsia, Bright's Disease, etc.?" We reply, because 16 years practical use has proved that V. S. C. contains the medicinal properties that cure the digestive organs. And when the people properly realize that good health depends upon pure blood, and pure blood upon properly digested food being supplied by a healthy stomach, kidneys and liver, they will want the medicine that gives the best results. And we believe they will find V. S. C. has no equal. The V. S. C. Medicine Co., Limited, Chatham, Ont., Scane Block, King street. Druggists also sell it. Prices: 350 doses \$1.00, 150 doses 50c. Mailed anywhere. W. K. Merrifield, General Manager.

A farewell banquet will be given in honor of Geo. B. Crumb, at the Masonic Temple to-night.

Feed the Foresters McGeech's aerated milk and cream and we'll get the convention annually.

Children's Day will be observed in the First Baptist Church, Shrewsbury, on Sunday next. Service will be held at 2 p. m.

Miss Nellie Carswell returned to her home Saturday, after spending the past three weeks with her aunt, Mrs. J. Carswell, Park street.

J. M. Pike received a telegram from Windsor announcing the serious illness of his father, John Pike, and left for that city by the afternoon train.

A application petitioning for the release of Joel Phillips, the man who was sentenced to one year in the Central last fall for a fraudulent horse deal, is being put in. Judge Houston sent the forms in to the department this morning. Phillips has already served seven months of his term.

On Sunday last while Garnet Slagg, Basil Martin and Clarence Stringer were canoeing this side of the C. P. R. railway bridge, the canoe upset and the three occupants were thrown into the river. They escaped without serious injury. Martin ruined a new suit and Slagg lost his cuff buttons.

Charles Beers, son of J. M. Beers, of the Customs Department, Windsor, is in the city to assist Col. Rothwell in the sale of the "Elms" property, King street west, which will commence on the 17th inst. Mr. Beers served through the war in South Africa, and has been a resident of that country for four years, only having returned about a month ago.

Silence may be golden, but sometimes it is merely an indication of guilt.

He that buys by the penny, maintains not only himself, but other people.

NEW ADVERTISEMENTS.

WANTED—A couple of lady boarders in private family. Good board. Apply lock box 664, city.

WANTED—Pastry cook with references; and two experienced dining room girls, at the Bungalow, Erieau. Apply to Mrs. E. J. Buzzard, Blenheim or Erieau.

EXPANSION BUILDING SALE!

COMMENCING WEDNESDAY, JUNE 12th.

Room Must Be Made at Once For The Contractors.

THOUSANDS OF DOLLARS OF STOCK MUST BE SOLD QUICKLY.

... THE GREATEST MERCHANDISING EVENT OF THE YEAR ...
AUSTIN'S EXPANSION BUILDING SALE!

THE steady, ever increasing volume of business being done at this Store demands more room. Three times already we have torn out the brick walls and increased the space, and to-day the demand for more room is as incessant as before.

68,500 SQUARE FEET MORE FLOOR SPACE TO BE ADDED!

Tuesday morning we signed the contract for a big addition. All the walls to the rear of our Clothing and Furniture Departments will be torn out and the buildings facing on Market Square extended back to the full depth of the lot, 100 ft. in depth by 45 ft. in width. A building three stories high will be erected and the roof taken off the present building and another story added.

All our present reserve stock rooms and part of our selling space on both floors will be taken away during building operations. **We have no place to store the goods so must sell them. We must sell the goods to provide the money.**

Operations are to commence in a few days, so no time must be lost. Contractors must be paid every week as the work progresses. **We Will Furnish the Goods and You Will Supply the Money.**

COMMENCING WEDNESDAY and continuing until the last nail is driven home, we will furnish to our customers

A CONTINUOUS ARRAY OF SPECIAL BARGAINS!

EVERY DEPARTMENT WILL CONTRIBUTE TO THIS GREAT SALE.

DRESS GOODS SILKS TRIMMINGS WASH GOODS COTTONS LINENS
WHITE WEAR MILLINERY JACKETS HOSIERY GLOVES UNDERWEAR
EMBROIDERIES LACES VEILINGS FURNITURE CARPETS CURTAINS

Whatever you need for the home or personal wear you will find it here, and at prices that will mean a saving of many dollars to you. **All Goods Marked in Plain Figures. All Purchases amounting to over \$10 delivered, freight prepaid, at your nearest station.**

To-day we devote the balance of our space to telling you specially about our clothing values for this sale.

Clothing Department Extra ...

A Stirring Call to Chatham's Greatest Clothing Centre.
Don't Stir A Step Until You Read This!

WE will use the word "Bargains," a good old English word somewhat overworked, but it fits this sale perfectly. Last week our clothing buyer visited the Eastern markets and bought at about 50c. to 65c. on the dollar, the surplus stock of Messrs. Coppley, Noyes & Randall, of Hamilton, and Messrs. H. Vineberg & Co., Montreal, the makers of the noted Progress Brand Clothing. They wanted the money, and they knew it was far better to sell at a loss than to pack away the stock, pay extra insurance, take chances of changing styles, and lose the interest on their money. The stock is now here, and

... Our Patrons Will Reap the Benefit ...

Any man who expects to continue wearing clothes cannot afford to turn his back on this great sale. Here are inducements in prices that will make pocket-books fly open quickly. No more to be had at these prices. Act at once! These goods will not be here long!

SALE STARTS WEDNESDAY, JUNE 12th.

THE "CODY" Natural Gas Lights

We have been fortunate enough to secure the agency for these celebrated inverted natural gas lights and we can safely say that no gas light has ever been produced that gives such genuine satisfaction as these.
W. J. Bennett's store is now the most brilliantly-lighted store in Chatham, thanks to the "Cody" lights, and the cost of lighting his store has been reduced to about one-tenth of the former cost.

We will have a full stock during the coming week, and shall be glad to show them to you, or, better still, place one or more with you on trial.

LOCAL

Briscoe's bicycle livery and repairs.
Miss Verna Jones, of Detroit, visited friends in this city Sunday.

Gas COKE, usual prices. Fleming Tillson & Co.

Walter Elliott, of the Standard Bank, left yesterday for Toronto.

Afternoon Excursion, June 14th.

Mr. and Mrs. Fred Fitzsimmons, of Windsor, are visiting Mr. Fitzsimmons' mother on Adelaide street.

Alex. McDougall, Lansdowne avenue, who has been ill for the past few weeks, is improving slowly.

Mrs. Harry Lovejoy, Grand avenue, had the misfortune to fall and injure her shoulder yesterday morning.

Dr. O. White, of Detroit, is in the visiting his father, A. H. White. Mr. White is somewhat improved to-day.

Julius Ingles, popularly known in musical and social circles in this city, is spending a few days in the city.

E. A. McClung, of Cayuga, formerly of the C. B. C., was a city visitor yesterday.

Get your clothing at cold weather prices. Webb the Tailor. Pant and vest makers wanted, also helpers.

The Ladies' Aid of St. Andrew's Church afternoon excursion, June 14th, to Lake St. Clair. Boat leaves at 3.30. Tickets 25c and 15c.

One of the C. W. & L. E. cars was derailed opposite Blonde's factory Sunday morning. Some delay was caused through the accident, but no damage was done.

Coast Excursion Tickets now on sale at very low rates to all points in California, British Columbia, Portland, Tacoma, Seattle and other points, by W. E. Risping, City Ticket Agent, 115 King St.

Albert Bragg, concession 4, Chatham Township, received a very nasty laceration of the hand while whitening with a jack knife. Several stitches were necessitated to sew up the gash.

Miss Brush, of Blenheim, who underwent a surgical operation at the General Hospital about two weeks ago, has made an uninterrupted recovery. She will leave for her home this week.

All Oddfellows are cordially invited to accompany joint degree team to lodge of instruction in Wallaceburg Wednesday evening, 12th. Special car leaves Temple 7.15 p. m. sharp.

Misses Georgie Guttridge, Carrie Guttridge, B. Kime and Agnes Riely were in Wallaceburg Sunday, where they visited Mr. and Mrs. Will Hok.

Mrs. Holman entertained their guests with a very pleasant drive to Port Lambton.

The music in the William street Baptist church on Sunday was of a high order. In the morning Miss Bustin sang the song "Ashamed of Jesus," with much sympathy and expression. The anthem, "Christ the Morn," by the choir, was an excellent number, in which the solo parts were ably taken by Miss E. Daisy Carter and Mr. Ed. Wanless. In the evening the anthem was "One Sweetly Solemn Thought," in which Miss Helen J. Carter and Alfred Wrigley sang the duet. A solo, "Shall You, Shall I," by Miss Helen J. Carter, was sung with much expression and was well received.

City Solicitor Lewis Gives

His Opinion Re Metre

System

Water Board Pass A Bylaw

to Overcome The

Difficulty

The Water Commissioners are getting a little restless to know what the City Council are going to do with regard to the electric light plant.

What the Commissioners would like to see is the removal of the electric light plant to some other quarters, as the one thing needed most at the present time, is space, and the building already is so crowded that they cannot make any extensions. Commissioners Sheldon and Cornell took occasion to call Mayor Stone's attention to these facts at the Board meeting last night, and to once more remind him that the city electric light plant is taking up too much room in the building, and that it has to business to be there.

"Your electric light plant is trespassing on our plant," remarked Chairman Sheldon, "and we would like to see the Council take some action with regard to either removing it or providing more space." Mr. Sheldon hinted that it was practically charity on the part of the Water Commissioners when they allowed the electric light plant put in the building. Further, he reminded the Mayor that the Water Commissioners were not only supplying cheap water to the citizens of Chatham, but they were also saving money. The city, he said, owed the waterworks department \$17,000, which the Water Commissioners would like to see them pay up.

Commissioner Cornell—When you are moving out, we might be willing to take some of your boilers and other equipment as part payment.

The Mayor said that the Council would probably consider the question at their regular meeting next Monday.

RESOLUTION WAS IRREGULAR.

A communication was received from City Solicitor O. L. Lewis, stating that the resolution passed by the Commissioners some time ago, to the effect that all patrons must install water metres, was irregular, that it was not in the power of the Commissioners to pass such a resolution, as there is no provision in the Act for such action on their part; and it was further not in their power to institute proceedings against anyone who refused to put in a metre. He advised the passing of a by-law to get over the difficulty, and forwarded the Board a copy of it. This by-law makes it practically compulsory for every consumer to install a water metre.

The by-law simply amends the former Waterworks by-law. It was given the three usual readings last night, and the rules being suspended, was finally passed by the Board.

LIGHTING COMES TOO HIGH.

A bill for \$233 from the Chatham Gas Company for lighting the electric light station for the past twelve months, made the Commissioners sit up and stare.

"It is too much money to pay out for lighting that little dinky place,"

Omar Campbell, assistant steward of Rosemer No. 1, spent Sunday with his parents.

Jos. Clark has purchased a first class driver from Mr. Mills, of Wheatley.

Miss Ada Seaman, of Blenheim, preached in the Methodist church on Sunday evening to a large congregation.

Miss Hattie Best, of Blenheim, visited the Misses Tiebournes, Wellington Gate.

STRAWBERRY DELICACIES.

Two Seasonable and Delicious Desserts For the June Dinner.

Strawberry Custard Pie.—Line a deep pie dish with good paste, fill it with uncooked rice or pieces of stale bread, and put on a top cover of the paste, but do not press the edges down. Bake it in a hot oven, and when done let get perfectly cold. Lift off the top carefully, pour out the rice and fill the pastry shell with fine, ripe strawberries, sprinkled with powdered sugar, then pour gently over the berries a large cupful of very cold rich boiled custard. Put on the pastry top, dust it with powdered sugar and serve. Do not put the berries and custard in the pie until time to serve.

Strawberries in Custard.—Make a rich boiled custard with six beaten eggs (omitting the whites of two), one small cupful of granulated sugar, a pinch of salt, one quart of rich milk and half a cupful of chopped blanched almonds. When done, remove at once from the fire and flavor with one teaspoonful of lemon extract. Put a layer of fine, ripe strawberries in a deep glass dish, sprinkle liberally with sugar and pour over a layer of the custard; add more strawberries and sugar and pour over the remainder of the custard. Whip the whites of the eggs to a very stiff snow, beat in two tablespoonfuls of powdered sugar and heap over the custard.

MILLINERY HINTS.

Two Variations of the Popular Poke Shape.

The becoming little poke in the front of so many of the hats this season gives a far softer effect than the stiff, straight lines of other seasons. Two hats are shown in the accompanying cut which would not be difficult for the home milliner to copy. The first is of black satin braid straw, with two large ostrich plumes at the left side and two

PICTURESQUE MODELS.

pinkish brown roses on the opposite side of the brim. Satin ribbon is drawn around the crown, and there is a large bow of it under the brim in back.

The second will be found to be a shape that is becoming to nearly every one. Its bending brim seems to give just the right lines, and its low trimming is good. The straw is a dark blue braid, the roses are a cream yellow, and the loops at each side are of blue ribbon of a lighter shade. Foliage is combined with the roses and a full bow of ribbon is used in back.

Mice Like Bird Seed.

Did you know how easily mice are lured by bird seed? It's rather a suggestive idea in the setting of traps. If a deep ruffle is tied tightly under the cage and held over the feed cups by an elastic it will help to keep them away appreciably, and what a little tragedy it must be for the wee canary to see peeping in at him and stealing his provisions, even though he is only of infinitesimal proportions. None of us likes thieves in the night. When a new box of seed is opened, it should be emptied into a clean tin box and the seed poured into the cup through a funnel. In this way none is wasted, and there is no invitation to four footed partakers.

To Clean Kitchen Range.

When cleaning the kitchen range, if the iron work is discolored by heat brush well over with soap, then cover thickly with black lead and allow this to dry before removing it. Repeat the process once or twice if necessary. If ammonia is used with the blacklead, a surface of very intense black will be obtained. To remove grease rub with a rag dipped in kerosene. To get rid of tarnish scour with a little vinegar while the stove is warm and then wipe well with a rag wetted in cold water. To remove varnish stains from the hands rub with a little methylated spirit, wipe on a rag and wash thoroughly in soapy water.

For Round Shoulders.

To remedy round shoulders stand in the usual position and raise the arms sideways, palms up. Hold the head well back, chin in. With the arms thus stretched out on a level with the shoulders describe a circle with them about twelve inches in diameter at the finger tips. During this movement contract the muscles at the back of the neck and about the shoulder blades, holding the chest high and breathing deeply. This exercise, if practiced longer and longer each day, will straighten the back, raise the chest and tend to decrease the waist measure.

A Waste of Good English.

Bobby's mother was often distressed by her small son's lapses from correct speech, all the more because his reports from school were always good. "Bobby," she said, plaintively, one day, "why do you keep telling Major to 'set up' when you know 'sit up' is what you should say?" "Oh, well, mother," Bobby answered hastily, "of course I have lots of grammar, but I don't like to waste it on Major when he doesn't know the difference, being a dog."—Youth's Companion.

"DRAWING THE LONG BOW."

Some Remarkable Exploits Credited to Shooters of Arrows.

The expression "drawing a long bow" does not of necessity mean the telling of a falsehood. It sometimes refers to a wonderful story which may be true enough, but which is so marvelous as to require a firm trust in the veracity of the narrator to enable the hearer to believe it. Some of the longest bows of this sort have been drawn about bows and arrows.

These stories began long ago. Virgil in the "Æneid" tells of four archers who were shooting for a prize, the mark being a pigeon tied by a cord to the mast of a ship. The first man hit the mast, the second cut the cord, and the third shot the pigeon as it flew away. The fourth archer, having nothing left to shoot, drew his bow and sent his arrow flying toward the sky with such speed that the friction of the air set the feathers on fire, and it swept on like a meteor to disappear in the clouds.

The stories told of Robin Hood's archery, illustrated by his wonderful performance as Locksley in Scott's "Ivanhoe," are also a decided strain upon modern credulity. The famous story of William Tell, doubted by many persons, is believed by others to have a foundation of fact. There was a Dane named Foke of whom the same story is told, and William of Cloudeley, an Englishman, is said to have shot an apple from his son's head merely to show his expertness.

Most stories of bows and arrows relate to the accurate aim of the archers, but a Frenchman, Blaise de Vigenene, tells one that shows the tremendous force with which an arrow may be propelled if the bow be strong and long enough. According to his own account of the matter, he saw Barbarossa, a Turk, admiral of a ship called the Grand Soliman, send an arrow from his bow right through a cannon ball.

Whether the cannon ball had a hole through it or not he neglects to inform us, probably not considering so trifling a matter worth mention. Perhaps the most astounding of all stories about arrow shooting is that of the Indians that used to inhabit Florida. It is said that a group of them would form a circle, then one would throw an ear of Indian corn into the air. The rest would shoot at it and shell it of every grain before it fell to the ground. Sometimes the arrows would strike it so hard and fast that it would remain suspended in the air for several minutes, and the cob never fell until the last grain had been shot away.

It is such stories as this which fully justify the use to which the expression "drawing the long bow" is sometimes put.

NO WOMAN CAN BE STRONG AND HEALTHY UNLESS THE KIDNEYS ARE WELL

When the kidneys are ill, the whole body is ill, for the poisons which the kidneys ought to filter out of the blood are left in the system. Then how important it must be to see to it that this system of excretion be not clogged up. Those who have never been troubled with kidney trouble know not the misery and suffering which those afflicted undergo.

Doan's Kidney Pills

are a specific for all kidney troubles. They begin by healing the delicate membranes of the kidneys and thus make their action regular and natural.

They help the kidneys to flush off the acid and poisonous impurities which have collected, thus clearing out the kidneys, bladder and all the urinary passages.

Doan's Kidney Pills are entirely vegetable, and may be safely taken by young and old. Let Doan's Kidney Pills do for you what they have done for thousands of others, that is, cure you. John Young, Harwood, Ont., writes: "I was troubled with my kidneys for some time and my back was so lame I could scarcely get around. After using two boxes of Doan's Kidney Pills, I am completely cured. I find there is nothing like them for the cure of all kidney troubles."

Doan's Kidney Pills are 50 cents per box or 3 boxes for \$1.25 at all dealers or mailed direct on receipt of price by The Doan Kidney Pill Co., Toronto, Ont.

Unknown Man Killed.

Galt, June 10.—On Saturday evening the 6.40 southbound train on the G. W. E. ran over a man who was walking on the track, about a mile from town. His ribs were crushed in and one arm and a foot severed. He died soon after. There was nothing found on his person to identify him.

Large ideas of spirituality cannot take the place of definite ideas of right.

Come and Hear The Unrivalled Nordheimer Tone

A cordial invitation is extended to you to come in and hear the unrivalled tone of the celebrated "NORDHEIMER" Piano.

Run your fingers over the scale or play a selection and listen to the beauty of the "NORDHEIMER" tone.

Piano salesmen may talk about the various mechanical contrivances of a piano until they are "blue in the face", but all the talk in the world will not alter the tone quality of a piano.

It is not necessary to take a "NORDHEIMER" piano to pieces and go into ecstasies over its wonderful mechanical features to prove that it possesses an unrivalled tone. It is there in reality. Your own ear tells you it is there—a tone so sweet and sympathetic, so clear and pure, and so rich and powerful—a tone that is of such rare beauty and quality that it lifts "NORDHEIMER" pianos above the commonplace and places them on a pinnacle of perfection in the musical world.

In after years you will congratulate yourself on the wisdom of your choice if the piano you buy happens to be a peerless "NORDHEIMER".

The One Price System assures a safe, satisfactory and square deal to you. Same price to all, and easy terms if you so desire.

Our Mr. R. V. Carter will visit Chatham frequently in our interests and will be pleased to furnish you with any information you may desire. Correspondence addressed to him in care of the Garner House will receive careful attention.

TERMS, STRICTLY CASH

George Stephens Phone 6 D. H. Douglas

THE MOTION WAS IRREGULAR

Continued From Page Five.

remarked Commissioner Sheldon. "There is no reason on earth why we should have to pay out anything like \$200 for electric lighting. I don't think the workmen out there can be trying to economize."

Dr. Cornell was of the same opinion. He said that there were only 28 lights, 16 candle power each, and the works, and these should not run up a big bill if the proper means of economizing were taken. He thought that the bill for the year should not be more than \$150.

Mayor Stone—Even \$150 is a big price to pay for lighting that plant.

ROUTINE MATTERS.

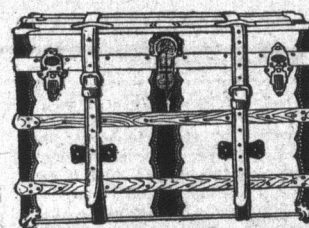

A letter was received from W. W. Seane, in which he offered to make a contract with the Commissioners to supply cylinder oil for 58 cents and engine oil for 40 cents, if the Board would enter into a contract for the year. Mr. Seane also offered to install a lubricator on the engine free of charge, if this contract were accepted.

Chairman Sheldon said that the offer looked very good, and was one he thought should be accepted, but both he and Dr. Cornell were of the opinion that Superintendent Jones should be consulted before any action is taken. Superintendent Jones was indisposed last evening, and was unable to be present at the meeting.

J. A. Walker, on behalf of the Insurance Loan & Savings Company, wrote the Board asking that their water bill be reduced. The bill, which usually amounts to \$3, was \$20 for the last quarter, owing, Mr. Walker said, to the fact that defective plumbing had never been reported to the prior owner by the tenant, and they were thus unaware of it until the bill had run up to this big figure. They were given a fifty per cent reduction, and Secretary Weir was instructed to credit \$10 to their account.

The following bills were ordered paid:

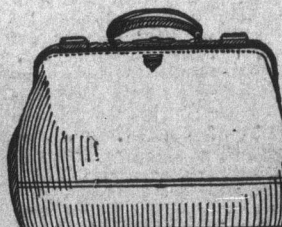

Comp. Shea, \$5.25.
 Bell Telephone Co., \$10.
 A. Hall, \$1.70.
 F. G. Judson, \$12.
 Park Bros., \$10.49.
 John Pigott & Sons, \$21.88.
 Geo. Stephens & Co., \$14.28.
 Chatham Gas Co., \$256.72.
 McColl Bros. & Co., \$23.40.
 Federal Filtration Co., \$279.40.
 Buffalo Metre Co., \$1.08.
 Pennsylvania Salt Co., \$43.75.
 Doherty Mfg. Co., \$43.75.
 R. Martin Gif. Co., \$78.08.
 James Morrison Mfg. Co., \$196.59.
 Jessie C. Weir, \$18.75.
 McKeough & Trotter, \$53.98.
 Lake Erie Coal Co., \$54.73.
 Those present at last night's meeting were Chairman Sheldon, Dr. Cornell, Mayor Stone and Secretary James Weir.
