

The Weekly Observer.

HILLSBORO, N. B., April 11, 1889.

Observations.

A Waste of Time. The discussion in the Assembly re woman suffrage was merely a waste of time. Had a majority voted in favor of Dr. Stookton's motion nothing could have been accomplished there, it being then too late to change the franchise act lately passed by Hon. Mr. Blair.

Scourged by Fire.

Last week a destructive prairie fire swept over the south-eastern part of Dakota, destroying much property and several lives. The fire is said to have started five miles from Highmore on the farm of James Ingram. He was smoking a pipe and his barn caught fire and was destroyed. A fierce wind carried the fire to the prairie and the work of destruction began. At Rose Heights thirteen red barns were destroyed. At sundown, Tuesday, another fire started in the northern portion of this county, sweeping away six homes and burning to death 2 persons, and dangerously burning 6 others.

The flames in some instances leaped 100 feet over plowed ground. The atmosphere was practically devoid of moisture, and the wind from the northeast blew between 40 and 50 miles per hour. At Mt. Vernon forty-five buildings were burned and 100 families left homeless. The loss is put at \$30,000. The lonely little farmhouses scattered over the prairie were wiped out by the flames. As near as can be estimated this morning, the lower south of Dakota will reach \$2,000,000.

Vain village has only three buildings standing. Oliver, Hutchinson county, was burned and Pukwana was wiped out. Around Jameville the loss will foot \$10,000. One man lost \$1,000 in money which he had in a coat on a piece of plowed ground 300 feet from the gran.

Parliamentary Proceedings.

OTTAWA, April 2.—In the house this afternoon before going into supply Sir Richard Cartwright called the attention of the finance minister to what he believed to be the serious consequences of state moneys in the prospectus of the late three per cent loan, negotiated by the high commissioner in London. Instead of a fifty years term per cent loan, according to his reading of the redemption clause it was payable in ten annual instalments.

Hon. Mr. Foster, who was absent from the house yesterday when notice was given of this matter, stated that he would communicate with the high commissioner and furnish the desired information at the earliest possible hour.

The afternoon was consumed in supply over the item of immigration, the Ontario, Quebec and Manitoba members discussing the protection of immigrants on arrival, the necessity of guarding against undesirable classes, the establishment of a Canadian Castle Garden on the St. Lawrence at Quebec or Montreal, and the cutting off of useless agencies.

In reply to Mr. Mulock, Hon. Mr. Cartwright said the agency at St. John was an important one, as emigrants came in there by rail as well as by sea and the government could see no reason for abolishing it.—Recess.

The debate in supply, on immigration, was continued after recess. The opposition charged Messrs. Smith and Webster, travelling immigration agents, with being political hacks whose bills would not stand scrutiny.

Hon. Mr. Carling vigorously defended the government against the charge of mismanaging the public money, showing that the employment of special agents had been rendered necessary to overcome the evil effects of American tourists.

He complimented the two gentlemen mentioned on the efficient work they had done in turning the stream of Canadian immigration from Dakota into our own Northwest. Their bills were now before the public accounts committee, and it would be only just to suspend criticism until that committee had reported.

The discussion was ruled off order, and at Sir John's suggestion, the final item of immigration was left stand over to be resumed at a later stage.

Among the harbor and river items was \$40,800 for dredging in the maritime provinces.

In reply to Mr. Ellis, Hon. Mr. Tupper said the government would endeavor not to grant a larger sum to the Montreal and Quebec harbor and river police than would be secured from the tax levied on shipping for that service. The item in the estimates was reduced accordingly.

marine would have such information as the interests of these sailors demanded.

Supply was continued till almost one o'clock when house adjourned.

April 3.—After routine Sir John Thompson moved the second reading of the electoral franchise act. The opposition seized the occasion to renew their objections to the machinery and minutiae of the act.

Mr. Charlton intimated that he would move an amendment to the effect that in all the provinces where universal suffrage exists the local lists of voters be adopted.

Mr. Colter said that if there was a proper list in Hamilton now the voters would be increased one thousand.

Mr. Mills wanted the provincial qualifications applied to Dominion elections. Sir John said this was not a proposition to amend the franchise law as it now stands and was not an occasion for discussing the general principle of the bill.

He knew the strong feeling of the opposition, and assured them that they would have full opportunity to test the question at the next session, as after the recent over-whelming vote of confidence, the government did not see any immediate cause for appealing to the people.

(Cheers.) Hon. Mr. Laurier said the opposition had never abandoned the ground that the bill was bad in principle. He moved an amendment to the motion for second reading of the bill, that in the opinion of this house the electoral franchise act ought to be repealed and the provincial franchisees adopted in its stead.

Sir Richard Cartwright supported the amendment and twitted Sir John with being afraid to face the country just now because of the amendment bill.

After a number of the members had spoken on the question the vote was taken on Mr. Laurier's amendment which was defeated, 75 to 105.

The bill was then read a second time and committed.

Mr. Wilson committed a bill relating to a division between the city of Fredericton. Progress was reported, with leave to sit again.

Mr. Russell committed a bill amending the Health act of 1887. Progress was reported, the attorney general stating that Mr. Russell could bring up his amendment when the government's bill further amending the Health act was under consideration.

Dr. Stookton introduced a bill amending the act respecting the sale of intoxicating liquors. The bill is not intended to empower every town and municipality in which the Soott Act is in force to appoint inspectors who shall be paid out of the fine from Soott Act convictions.

Dr. Stookton recommitted the bill amending the law incorporating the Castle Hotel company.

Mr. Wilson committed a bill relating to a division between the city of Fredericton. Progress was reported, with leave to sit again.

Mr. Russell committed a bill amending the Health act of 1887. Progress was reported, the attorney general stating that Mr. Russell could bring up his amendment when the government's bill further amending the Health act was under consideration.

Dr. Stookton recommitted the bill amending the law incorporating the Castle Hotel company.

Doings at Fredericton.

Fredericton, April 2.—The bill incorporating the New Brunswick fur mill company caused a lively discussion, the objection of the company from taxation being the principal point in dispute.

The section giving the common council of St. John the power to exempt the company from taxation was at last struck out and the bill, so amended was then agreed to.

Hon. Mr. Young committed a bill incorporating the Temiscouata, Newcastle and Shipigan Harbor Railway Co. Mr. Emmerson moved an amendment to issue bonds to the company by \$12,000 per mile.

The amendment was lost by a vote of 8 to 23.

An amendment, proposed by Hon. Mr. Mitchell was passed making it compulsory upon the company to see coal as fuel in their locomotives between May 1st and Dec. 1st of every year.

The bill was agreed to with this and some other amendments.

Hon. Mr. Ritchie committed a bill incorporating the St. Lawrence and Miramichi Province Railway company.—Agreed to with similar amendments.

Dr. Stookton introduced a bill amending the act respecting the sale of intoxicating liquors. The bill is not intended to empower every town and municipality in which the Soott Act is in force to appoint inspectors who shall be paid out of the fine from Soott Act convictions.

Dr. Stookton recommitted the bill amending the law incorporating the Castle Hotel company.

Mr. Wilson committed a bill relating to a division between the city of Fredericton. Progress was reported, with leave to sit again.

Twin Evils.

Rum and Tobacco. I am very much pleased with the noble stand you are taking on the temperance question. You are to be congratulated on your effort to thus make your weekly paper a power for good.

It is a fact that cannot be denied that the weekly paper is the daily companion of all classes of people, and must have a large influence in moulding their character for weal or for woe, according to the real merit of what they read.

You have taken a wise step in securing the aid of the ladies to do battle against rum. The ladies' column will be read with great interest and many an earnest prayer will be offered to the Great Prayer Book that they may be the means of driving rum from our country at least I hope you may see the day when it will be driven out of our country.

The ladies, ladies to take hold of the tobacco question, and deal with it along with rum, as those two evils seem to go largely together. It is now admitted by many that the bar-room is about the only place that is available on this beautiful earth, for men and boys to chew and smoke the noxious weed.

All respectable men know that their wives, mothers, sisters and lady friends in general, are not in favor of them using tobacco in their homes, so when ever they have the opportunity they will rush to the tavern to smoke and chew. And in this way hundreds of young men and boys are led to take their first glass, that too often ends in a drunkard's Hell.

Yes, let this nursery of rum (tobacco) be exposed, and so help to keep our young men and boys out of the way of temptation.

Yours for the Right, J. E. V.

In purchasing medicines don't try experiments; the first and only consideration should be genuineness. Ayer's Sarsaparilla has stood the test of forty years and to-day it is in greater demand than ever.

RELIGIOUS.—Rev. W. Camp baptized 2 persons last Sunday. He continues special services in the Hillsboro church on Monday, Thursday and Friday evenings and at Salem the remaining evenings of the week.

CALL EXTENDED.—At a well attended meeting held in the Presbyterian Church in Scotch settlement on the 4th of April, a unanimous call was given to Rev. A. Watson late of Riverdale, Albert County.

"AYER'S Hair Vigor" is a most excellent preparation for the hair. I speak of it from experience. It uses promotes the growth of new hair, and makes it glossy and soft. The Vigor is a sure cure for dandruff.—J. W. Bowen, Editor Epitapher, McArthur, Ohio

MILL STARTED.—W. H. Duffy has started his gang mill at Turck Creek. Should the spring be favorable for driving it will probably have a million feet cut out this year. The late snow has been quite a help to many who were teaming.

SOMETHING WORTH REMEMBERING.—That H. C. Charters is in his new store opposite the market, No. 217 Main St., Moncton, and has opened a new line of Dry Goods of all kinds and put the prices so low that they will tempt any one to purchase.

NOTICE FROM DR. MARVEN.—I in- vited opening a Drug Store in Hillsboro in connection with my practice and ask you, who are indebted to me, to please come and settle or kindly remit the amount of your indebtedness on or before May 1st, as I want the amount of your bill to purchase my stock of medicines.

TALL GRASS.—Probably our readers will not be looking for "tall grass" items just yet but, notwithstanding, the OBSERVER is to the front with the following: Last Saturday, April 6, Charles F. Gross, son of Rev. M. Gross, Surrey, A. C., left some "sample field gathering" at THE OBSERVER office. Amongst the offerings were several ears of green grass, the tallest of which measured 5 inches.

BOOMING ST. JOHN.—Last Wednesday, April 7, the St. John Sun issued a "business number," containing 24 pages, devoted to a description of the large and varied trade carried on in St. John. It was printed on fine lined paper and its typographical appearance was a credit to the publishers as well as to that enterprising city of newspapers. Such a publication cannot fail to prove of great and lasting benefit to the commercial metropolis of New Brunswick.

SUDDEN DEATH.—Mr. David Duffy of Stony Creek, Hillsboro, died very suddenly last Tuesday afternoon. He had been confined to his house for some weeks, on account of injuries received from a horse and had just "got able" to attend to business again. Mr. Balsor, who lived in the house with him, came to Hillsboro on business Tuesday afternoon and when he returned he found Mr. Duffy dead in his bed. Dr. Lewis, Coroner, was notified but deemed it unnecessary.

YANBATA SOLD.—The ship Vandalia, Capt. Coonan, lately run down in the English Channel was sold in her damaged condition at Brighton, E. S., on March 15. The bidding was spirited, and she was finally knocked down to Mr. Ross, ship owner and ship builder, of Glasgow, for the sum of £840. Her rigging, gear, etc., were sold in lots. Mr. Ross buying the better portion. Efforts will be made at once to float the Vandalia. When floated she will be taken to New Haven harbor.

YOUTHFUL BURGLARS.—Last week, William Baisley, of Hillsboro, aged about 16 years, was tried before Justice Barnett on a charge of breaking into W. H. Duffy's store and stealing goods therefrom. He was committed to jail to await trial, several missing articles having been found in his bed. Other articles have since been found in the room occupied by him. One or two other young lads are suspected of being concerned in the burglary.

Not long since H. S. Wood's back store was broken into and beef and other articles taken therefrom, in all probability by these same boys.

SCHOONER WRECKED.—The schooner Ethel, Captain Hoar, is a total wreck at Bliss Harbor. The Ethel sailed from Harvey, A. C., on Thursday, 4th inst., for Rockland, Me., with a cargo of kiln-wood; at 11 p. m. of the 5th, the weather looked threatening and the captain concluded to put into Bliss Harbor to get anchorage and wait till the storm passed, but in entering the harbor the vessel struck the reef, knocking off stem and part of keel, when she came off into deep water and filled. She was with difficulty beached and the cargo discharged. The cargo is owned by W. F. Harrison & Co. The vessel was built at Canning, N. S., in 1868, and is owned by the Captain, G. M. Reid and Kincaid Wilbur. She is uninsured.—Evening Gazette.

Alma Notes.

Rev. Thos. Pierce, of Hillsboro, preached in the Methodist Church of this place last Sunday afternoon.

Ninety six volumes have recently been added to the day school library. A large number of the books are by the following authors: Roe, Scott, Dickens, Elliott, Verne and Pansy.

The following vessels are in port: "Gondola," Martin, loaded with piling for Boston; "Clarine," Teare, and "Amy J.," Alexander, loaded with deals for St. John; "Liollet," Shields, is now taking in kiln-wood for Rockland, Maine.

D. C. Cleveland has lately put into his mill the necessary machinery for taking care of the saw dust.

April 8, 1889.

Pleasant Vale Notes.

The snow which covered the fields last week has disappeared and the spring birds have made their appearance again, assuring us that cold winter weather must be over.

There was service in the new church last Thursday evening and after the services were over Mrs. I. N. Parker was called to the platform, when Mrs. R. P. Colpitts read an address and presented her with a purse containing ten dollars in behalf of the choir, for her valuable services when practicing for the dedication. Rev. Mr. Parker responded in a pleasant manner, thanking the people for their kindness and good will towards him and his partner.

The organist now is Miss Uelina Colpitts, one of Pleasant Vale's estimable young ladies, and for the short time she has been taking lessons she acquires herself in such a manner that any community might justly be proud of her.

Mr. and Mrs. John Tingley, of Hope well, visited Pleasant Vale last week.

B. E. Colpitts has been suddenly afflicted with erysipelas. He has consulted D. D. McDonald, M. D., of Petitcodiac, who pronounces it one of the worse cases of non-erysipelas.

Our community was very much surprised the other day to hear that two young men in an adjoining village had pulled up stakes and shipped over to Uelina's Ferry. It is rumored that special "embarrassment" was the cause.

April 9th, 1889.

It has been noted that the weather here has been decidedly different from what we have had a decided change, with wind and snow and a touch of frost.

Preparations are going on for the great carnival race, which promises to be something rare and altogether in advance of anything hitherto attempted in the province.

The buildings being erected on the burnt block, corner of Waterloo and Union Streets, are rapidly nearing completion and will add much to the appearance of that locality. The stores are nearly ready for occupancy.

The civic election excitement is somewhat abated for the present, on account of the probable postponement of proceedings, until the cities are lawfully divided. New candidates are being constantly suggested, and prospective mayors are becoming more plentiful every day.

Much sickness still prevails in our city. The Centennial school is closed for a few days, to be thoroughly fumigated after a case of diphtheria in the janitor's family. Short fever is not thought to be so on the increase, though phlegm is to be seen on quite a number of houses in different parts of the city. With the present rates and regulations, made and being strictly enforced by the board of health, the hope is it will soon be a thing of the past.

YERRAHO.

Harvey Chips.

James O. Brewster moved from the Bank last Thursday into the John W. Reid house.

David Wilbur has improved the appliances of his residence by the use of electric lights.

Dr. N. Duffy, who left here a few months ago for Lubec, Maine, has formed a partnership with Dr. Bennett of this place. The new firm have an extensive and lucrative practice. They are both Albert Co. boys.

Herman O'Connell leaves here Wednesday for Boston where he resumes work.

J. B. McAlpine and family have gone to St. John again.

Miss Stella Reid, an estimable young lady of New Horton, leaves on Wednesday for Boston where the purpose remains for the summer.

The new ship is progressing rapidly, the shipyard presenting a lively scene at present. There are a large number of men at work and the stentorian voice of foreman Dyer can be heard at all hours of the day as he gives his various commands to the men, whose immediate acting and springing steps, as they respond to his call attest to the great popularity in which the genial "boss" is held by them. The new vessel when completed will load with lumber at the Bank.

Lawrence & Co's steam mill is running full time and gives employment to a number of men. This mill is a great convenience to the ship-yard.

A subscription paper is in circulation for the purpose of obtaining signatures to organize an Agricultural Society for this parish, under the Agricultural Act of 1888. More than half of the required names and amounts have been secured and in all probability the remainder will be forthcoming within a week.

April 9, 1889.

Mount Gideon Notes.

The few inches of snow which recently fell has melted tolerably fair slodding in this settlement, and most likely will continue so for a few days.

Peter Bishop has stopped lumbering for the present. He has succeeded in getting fifteen hundred logs hauled to West River.

Nathan Martin & Co., will, in the course of a few days, have completed cutting and hauling fifteen hundred logs to West River.

Gideon Smith of this place has commenced chopping for new land. He intends to chop about five acres. Mr. Smith has done a great deal of chopping in days gone by, and although advanced in years can still do an ordinary day's work with the axe.

George Berryman intends to have his new mill in operation in the course of a week or two.

The people here are all stirring round lively and all appear to be enjoying good health. We have no dross here.

CONSERVATIVE.

Mount Gideon, April 11, 1889.

Moncton Notes.

March came in like a lamb but it kept the old rule, for we may safely say that it went out like a lion. Saturday was so warm a snow storm of large dimensions which has now seen for some weeks. About four inches of snow fell and some sleighs were to be seen out Saturday evening.

The weather was very cold for the time of year. Sleighs were also out Monday.

Dry Goods store will be opened this week, and one that is making some of our merchants feel a little jealous. Mr. W. P. Ferguson is to open it in the Palmer Block, in the store adjoining that of E. O. Cole. He has a fine stock on hand of which the greater portion is from the old country. Last week he paid over \$2,000 duty, the largest amount ever paid at one time in Moncton. Judging from Mr. Ferguson's past record as a business man he will keep the "pot boiling."

A protest having been entered against the return of W. E. Day as councillor for Ward 1, on the grounds that he had a contract with the town at the time of his election, the hearing took place before the council. Geo. P. Thomas appeared for Mr. W. Givan who entered the protest and D. J. Welch for Mr. Day. The council after hearing the arguments of the lawyers, etc., decided by a vote of two to three that Mr. Day's election was illegal and he was therefore unseated. The Council, who voted against Mr. Day, are McSweeney, Tombs and Hewson, the latter a legal gentleman too. The case is about as follows: The town council called for tenders for the market building. Mr. Day's tender was accepted, but, previous to completion, he declined to sign a contract on the ground that his election might be rendered thereby illegal. Now where the contract comes in all world like to know. However it was generally considered the vote would go as it did but how those gentlemen can conscientiously claim that Day had a contract is a question. However a new election takes place next Friday. Mr. Day is again a candidate. Mr. Givan opposing him. The reason why Mr. Givan entered the protest was probably simply because he felt more because Mr. Day had defeated him. We expect to see the temperance people show their mettle Friday next by re-electing Mr. Day.

Moncton has now three night policemen, the third having been appointed last week in the person of Joseph Steadman who was at one time town marshal. The police force now consists of Chief Foster, Benj. Godwin, J. Steadman and Marshall Thibodeau, who acts as day officer.

The death of Mrs. A. E. Killam, wife of A. E. Killam M. P., occurred at her residence Tuesday evening last, Mar. 28, at 10 o'clock of the lungs. Mrs. Killam had been ill for some time and her death was expected for some days. Six children survived her. The funeral took place Thursday afternoon.

Sher. F. & E. Givan, the first of the season, arrived last Wednesday morning, Mar. 27. The first last season did not arrive till April 28. Three more have since arrived, making four in port at present.

Judging from the first issue of the Pioneer, C. Bruce McDougall is an anxious war and as THE OBSERVER stated last week, Bruce's past record can be published and without going back into history. Bruce perhaps would like someone to give his history. If so we are ready for more than he can publish from Moncton concerning him than anywhere else. Wonder how Bruce felt leaving the Opera House the evening of the civic elections. He must have felt (na) important for one.

Dr. Somers, dentist, has left for France for the benefit of his health. Dr. Doherty will occupy his office during his absence.

Dr. Botsford of Buctouche intends shortly to locate in Moncton.

The telephone service of Moncton has been extended to Fort Creek and has reached Rev. Father Bellevue's residence.

The custom's collections for March this year were about \$2,000 more than those of March last year.

Scarlet fever is reported in the town. As yet your correspondent has only heard of 2 or 3 cases and hopes he will hear of no more.

J. L. Stevens, confectioner, has assigned to C. A. Stevens.

To-day snow has been falling heavily and about 8 inches of "the beautiful" now covers the ground. Sleighing is good and the fyers of Moncton are out in force.

April 9, 1889.

Notes from the Miramichi

"Now the noisy winds are still; April is coming up the hill All the Spring is in her hair. Led by shining bands of rain: Hit, pat, patter, clatter; Sudden sun and clatter patter!"

We are anxiously awaiting the running of the tide. This is our dull season; the travelling is poor for either runner or fisher consequently business is slack. The probabilities are that the ice will continue firm for two weeks although horses have gone through in several places.

W. S. Loggie, one of Chatham's most enterprising merchants, is about to establish a branch store in Moncton. Mr. Albert Sweeney takes charge, which is a sufficient guarantee that the business will be run in first class style.

Logs are upwards of a dozen stories, principally on the sea coast, where he carries on a large business in cutting fish, etc. He is only another example of New Brunswick's self made men. Starting with a business of a few thousands it has rapidly increased until last year (not the twentieth of its existence) it amounted to the large sum of \$400,000.

By the few in the southern part of the province have any adequate idea of the business transacted at the fairs of Chatham. Apart from its shipping which is enormous, it carries on a large business as a wholesale distributing center. J. B. Snowball now handles 200 carloads of flour per week.

Negotiations have been pending between Mr. A. Y. Gibson and one of our lumber operators for the sale of the latter's property on the Miramichi. The property involved is very extensive embracing mills (saw and grist) farms, etc., and 64,000 acres of prime lumber land. We understand that Mr. Gibson has been endeavouring for some years past to establish himself on the Miramichi.

The Circuit Court was in session last week. No very important cases were before it. Besides the local bar Dr. Barker, St. John, and G. Gregory, Fredericton, were in attendance.

It is reported that His honor Justice Wetmore in opening the court appeared minus his gow. He apologized for so doing by stating that his baggage had gone astray. A criminal guilty of a crime sentenced to six months in the penitentiary, hence the leniency of the court.

Now that the editor of the World has given up paying attention to Smith of the "Advance" the latter has turned his attention to the editor of the "Times."

He shows by his letter in the "Transcript" a total ignorance of the political situation in Albert. Probably by the time he has finished with our A. Co. boy he will know more about several things than he does now.

I am pleased to note the improved means that are being weekly made in the "Observer." May success crown every effort till our content with the rank for the country stands first with the country weeklies of New Brunswick.

Salisbury Notes.

A most enthusiastic temperance meeting was held in the Baptist church last evening. There was a large congregation and earnest addresses were delivered by Rev. D. Thompson, Wallace, Lodge and C. A. Holshead Esq. Bro. Edgett, our worthy Patria reb, occupied the chair. The choir furnished most delightful music and the meeting was a grand success. A large committee of volunteers was formed to assist in driving out the rum curse from our village, and we every one man business.

Two boat races will be given on Wednesday and one on Friday of this week. We will give you the result at the earliest hour. One man at Petitcodiac was fined last week fifty dollars for violation of the Canada Temperance Act, and there are other cases to follow this week. So you see our Inspector is at present kept very busy.

Rev. Isaiah Wallace has been holding special services in the Baptist church and has been a blessing to the people. One young man was numbered on Sunday last. We understand he proposes holding services at Grandy Creek this week. We wish on the Baptist parting age has been paid, and the church now devoid of getting the right man to occupy it. We wish them every success.

"Afternoon Tea."

Said Mrs. G. to Mrs. D. "Twas a cup of fine hot Bobae."

"Our pretty hostess tender, Has gained in looks surprising; She seems as well as well as well."

"What is the cause I wonder, Said Mrs. D. to Mrs. G. 'She's changed indeed, but then, you see, She's had a fad objection, And tried that famous remedy, Which did so much for you and me— Pierce's Favorite Prescription! For biliousness, sick headache, indigestion, and constipation, there is no remedy equal to Dr. Pierce's Little Pills."

There is no Death.

Sir Bulwer Lytton. There is no death! The stars go down To rise upon some fairer shore; And bright in heaven's jeweled crown They shine forever more.

There is no death! The dust we tread Shall change beneath the summer showers To golden grain or mellow fruit, Or rainbow-tinted flowers.

There is no death! The leaves may fall The flowers may fade away, Then only wait through the wintry hours The coming of the May.

There is no death! An Angel form Walks o'er the earth with silver tread. He bears our best loved things away, And then we call them "dead."

My Mother's Hymn.

What an unconsciously long time seems to have elapsed since the old days on the far away homestead on the Berkshires Hills. How the years have dragged themselves along, so that, although I have several more birthdays to come to me (if I live) in "the twenties," I seem to be already an old man when I think upon the farm and mother and the old meeting house and all the sweet memories of the time when I was a boy and knew nothing—absolutely nothing—of sorrow and trouble and hard knocks.

Even to-day, when, young as I am, I have to confess myself worn and wearied, battered, bruised and broken—steeled and seared by contact with the grimness, the rudeness, the dirt, the grime, the sin and heartlessness of the world—even yet I bless God for the halo of goodness that has followed me, in all my wanderings, from my Massachusetts home.

I was the youngest of the merry youngsters who had grown up, under our roof-tree, to youth and manhood, and were the last to break away from the comparative quiet of New England for the bustle and hurly-burly of the great west.

My two brothers were full grown men when I was still a small boy, attending our village school, and nothing could keep them at home when the gold excitement broke out in the Black Hills. After they went away my mother and father never saw them more. The next eyes of importance in our family were the weddings of my two sisters, following in rapid succession.

Then, more than ever, I became my mother's companion and might have remained so, perchance, to this day had not death claimed her and father for his prey within a few short weeks of each other.

Father was a good man and I always loved, honored, and respected him; but to me I think, say, I am certain, he was never as dear as mother—and I felt this more during the few short weeks that mother lingered after father's death.

How she liked to have me sit by her bedside and read to her—sometimes from one of Dickens' masterpieces and sometimes from her well used Bible! How it pleased her when I would sing (as a boy) one of her favorite songs or a hymn from the little book she carried in her pocket.
