Goderich, 10th Dec., 1880.—1753-4.

CARD OF THANKS TO THE

STY DARD FIRE INS. Co. Hamilton Ont.
GENTLEMEN.—Please accept my best thanks for the prompt and very satisfactory settlement of my fire loss by your company. My loss was covered by your company, and I am very much obliged to you for your prompt and efficient service. I am, Sir, very respectfully,
ROBERT L. STUBBS,
Newbridge, November 25th 1880.

Election Cards.

CARD.
To the various inquiries of my friends whether or not I will allow myself to be Nominated for Mayor for the ensuing year, I accede to their request, and expect by them to be elected.
Yours truly,
C. CRABB,
Goderich, Dec. 8, 1880.

TO THE ELECTORS OF THE TOWN OF GODERICH.
GENTLEMEN.—I have been waited upon by a deputation of prominent citizens, desiring me to stand for the position of Mayor of Goderich, at the coming municipal election. I hereby announce myself as a candidate for the position. If elected, I will endeavor to do the best for the town of Goderich, and in the real interests of the town.
Respectfully yours,
HORACE HORTON.
Goderich, Dec. 2, 1880.

TO THE ELECTORS OF THE TOWN OF GODERICH.
GENTLEMEN.—At the earnest request of a large and influential number of ratepayers, I have consented to be a candidate at the forthcoming municipal election for the position of REVEVE of the town of Goderich. Having had a long experience in the duties of a ratepayer, I feel assured that my past record as a public servant will be such as to secure me the favor of the electors. On polling day, I should be glad to meet you in person, and to hear your views on the subject. I should be glad to have an opportunity of seeing some of you, and to hear your views on the subject. I should be glad to have an opportunity of seeing some of you, and to hear your views on the subject.
Your obedient servant,
JAMES SMALL,
1753.

TO THE ELECTORS OF THE TOWN OF GODERICH.
GENTLEMEN.—The present list Deputy-Reeve, Mr. Johnson, having signified his intention of offering as Reeve for the ensuing year, at the request of a large number of ratepayers I have consented to allow myself to be put in nomination as list DEPUTY REVEVE, and to elect my own representative in the event of my being elected. I shall endeavor to look closely into the interests of the ratepayers both at the Town Council and Council Board.
Your obedient servant,
WM. CAMPBELL,
1753.

TO THE ELECTORS OF ST. AN-
DREW'S WARD, IN THE TOWN OF GODERICH.
GENTLEMEN.—I hereby beg to announce myself as a candidate for reelection as councilor for the above ward for the coming year, and trust that my conduct as one of your representatives during the present year, has been such as to merit your continued confidence and support.
Your obedient servant,
E. CAMPION,
1754.

TO THE ELECTORS OF ST. PATRICK'S WARD.
GENTLEMEN.—At the request of a number of the prominent ratepayers of St. Patrick's Ward, I have consented to stand forward as a candidate for the position of COUNCILLOR in that Ward, for 1881, and solicit the votes and influence of my friends, in order to secure my election.
Your obedient Servant,
R. W. MCKENZIE,
Goderich, Dec. 2, 1880. 1753.

TO THE ELECTORS OF THE TOWN OF GODERICH.
GENTLEMEN.—When I issued my address to the electors of the town of Goderich, for the office of second DEPUTY-REVEVE, I was not aware that any other persons was in the field. Since my return home I have learned that Mr. Hutchison, an old and experienced municipal councillor, is a candidate for that office. I therefore respectfully beg to withdraw, and am no longer a candidate for that office. I am, however, still a candidate for the office of COUNCILLOR for St. Patrick's Ward, for which position I solicit the votes of the electors.
Your obedient servant,
M. G. CAMERON,
1753.

TOWN TOPICS.

The thaw did not long continue.
Mr. Edward Trout, of the Monetary Times, was in town on Tuesday.
Rev. Mr. McQueen, of Ripley, preached in Knox Church on Sunday evening.
The County Court and General Sessions will be held on Tuesday, Dec. 14th at 10 o'clock.

Better prices are being paid for this article, and there is now commencing to be money in the business. All accounts due to Mackay Brothers that are not paid before Christmas, 25th December, will be put into Court for collection.

Run in.—Sam Noble was sent down to the "Stone House" for 21 days on Tuesday last, for being "D. and D." and smashing furniture.

Gov't to Ottawa.—Mr. M. C. Cameron, Q. C., member for South Huron in the House of Commons, left for Ottawa on Tuesday morning last to attend to his public duties.

Bull Sold.—The shorthorn bull "Earl of Stafford," one of Mr. H. Y. Atchill's Ridgewood Farm herd, out of Lady Anne, was sold recently to Judge G. W. R. for a large sum of money. We understand that the price paid was about \$500.

Capt. James Parsons, of the wrecked Simcoe, doesn't care to be interviewed about the disaster. He declares that there has been too much in the papers about it already. The gallant captain evidently does not believe in "blowing his own horn."

Mennonites.—A number of Mennonites recently arrived in Goderich, on their way to the North-west. They found, however, that navigation was closed, and had to return and take an all-rail route. They appeared to be a respectable lot of people.

All Will Read It.—The mammoth advertisement of R. B. Smith's store has crowded out an interesting reading matter this week. However, we feel certain that all our readers will read that page, and will rejoice with us that there is enterprise in Goderich yet.

In London.—Mr. Frank Addison, who has since been engaged in Toronto, has accepted the position of foreman of the Vivian Printing Co., of London. We understand that Mr. Addison is in every way qualified for the position.

Rascally.—On Monday night some person or persons smashed in a panel in the door of Mr. Abraham Smith's store. This made an aperture large enough for a boy to crawl through, but whether anything burglarious was attempted Mr. Smith is unable to say. It was a small piece of business at the best.

Accident.—On Tuesday afternoon, while crossing the Court House Square, Mr. John Moseley came upon a slippery spot and fell violently backwards, his head being badly cut by the fall. He remained unconscious for some time, and was helped to his feet by Mr. D. McDonald, Clerk of the Court, who witnessed the accident, and the injured man walked home.

S. S. Convention.—The annual Convention of the Huron Sabbath School Association will be held in Blyth on Tuesday and Wednesday next. A very good programme has been prepared, and a very successful gathering is anticipated. The energetic secretary, Mr. R. F. Moore, of Goderich, has been indefatigable in his efforts to make the Convention a success.

In Winter Port.—A large number of mariners are now in town after facing the perils of the deep for the past season. Among them was the Coast Guard cutter, Capt. McLean from Detroit, and Capt. McPherson from Oswego, who arrived home last week—just in time to shake hands with the municipal candidates, you know.

New Dress.—The London Advertiser has donned a new dress, and now comes to hand shining like a new silver dollar. It is well printed and spicy, and its editorial matter gives no uncertain sound in the matter of politics. We have a distinct recollection of the day the Advertiser first saw the light; we have seen it grow and prosper; and we look for a continuance of its prosperity in the "sweet-by-and-by."

Fire.—On Thursday evening, about eight o'clock, an alarm of fire was sounded, when it was discovered that some shanties on the beach, on the other side of the harbor, were burning. The fire was caused by the explosion of a coal oil lamp in the house of widow Murray. A lad immediately threw water upon the oil, but this only spread the flames. The inmates had to make a hasty exit, and the furniture in the little house was utterly consumed. The flames spread to the adjoining shanty, occupied by Mrs. Murray's father, Angus McLean, and that place was also destroyed. The greater part of the furniture, etc., was saved. It is hardly probable that the shanties will be rebuilt, as they were first covered by squatters, and the property is owned by the Dominion Government. However, the loss is heavily felt by the poor people burned out. We are pleased to learn that a subscription list for the sufferers, circulated by Mr. J. Buchanan and G. N. Macdonald was well patronized, about \$60 being realized.

Rev. Alexander Mackenzie, of the Presbytery of Toronto, and late of the Free Church, Scotland, preached in St. Andrew's church last Wednesday evening.

BREAD AND CAKES.—Mr. D. Cantelon baker, talks to the ladies of Goderich and vicinity, about Christmas cheer. A personal of his advertisement will repay the reader.

THE STAR SALT WORKS.—Mr. Scobie started business in his salt block on Tuesday last, having overcome the obstacles which had heretofore interfered with the successful prosecution of the work.

SALT.—Better prices are being paid for this article, and there is now commencing to be money in the business. All accounts due to Mackay Brothers that are not paid before Christmas, 25th December, will be put into Court for collection.

A SUCCESSFUL BUSINESS.

The well-known store of R. B. Smith.

If anything was necessary to make the name of R. B. Smith's store more fully a household word in this section, the full page advertisement of that institution which greets the eye of the reader as he opens this paper, will surely do so. Already noted as a first class place of business, and one of the best regulated stores in this part of the Province, the public attention is still further invited by the mammoth announcement on our fifth page. It pays to advertise in a live paper, and the enterprising manager of the concern has this week shown his faith in this principle by his works. Mr. R. B. Smith, a gentleman highly respected, and of a thorough business nature, founded the business in 1869, and laid down the rules which have since governed it. From the first the store took a leading position. Mr. Smith increased rapidly under his control. He is a gentleman of fine business tact, full of energy, and of an urban manner. His mode of conducting the business has added not a little to its prosperity and success. Mr. Charles W. Andrews, brother of Mrs. Smith, has been connected with the store from the start, and has been the buyer of the house for the past year and a half. He has an eye for bargains and "taking" goods, and his excellent judgment in purchasing has also contributed greatly to the large sales of the institution. We learn from the enterprising manager that the trade is continually increasing. Sales last year were in advance of the previous one, and this year so far shows an increase over the last. As well as attracting new customers, the store of R. B. Smith seems to have the knack of retaining old ones. Many persons in Goderich, and Colborne and Goderich Townships, who bought their goods from Mr. R. B. Smith when the store was first opened, are still highly valued and regular customers. During the trying times of the past few years, this house not only held its own, but grew and increased, and now has the esteem of all and the patronage of many of the people of this section, and the confidence of the largest and wealthiest wholesale houses in the Dominion. The business gives promise of still greater growth, and the public may rest assured that a hearty greeting and fair and just dealing awaits them at the Glasgow house—now known as the estate of R. B. Smith.

County Judge's Criminal Court.

Before His Honor Judge Sutherland.

The Queen vs. Annie Henry.—The prisoner was charged with concealment of birth of child in the township of Colborne, on the 18th ult. She pleaded guilty and was remanded for sentence to the 14th inst.

Mechanics' Institute.

The Board of Directors met in Mr. Malcolmson's office on Wednesday evening. Present—Mr. Morton, Ist. Vice President in the chair, also Messrs. Colborne, Williams, Sloane, McBrine, Cook and Sheppard. The minutes of last two regular meetings were read and on motion were confirmed. Tenders for the supply of the following newspapers and magazines for the ensuing year were received from Messrs. Butler and Sheppard, viz.: Daily Globe, Daily Mail, Grip, Scientific American, Frank Leslie's Illustrated, London Graphic, Naval and Military Gazette, Atlantic Monthly, Sunday at Home, Harper's Monthly, Chambers' Journal and Scribner. On motion of Mr. Colborne, seconded by Mr. McBrine, the tender of Mr. Sheppard was accepted. Accounts for 169 volumes of new books, recently added to the library, were presented and on motion ordered to be paid. Moved by Mr. Williams, seconded by Mr. Colborne, and resolved, that the Directors proceed at once to solicit subscriptions for the ensuing year. On motion of Mr. Sloane, seconded by Mr. Colborne, the Treasurer was requested to transmit to the secretary of the Association of Mechanics' Institute the 5% of the Government grant as required by Statute. There are now over 700 volumes in the library, and considerable additions will be made, immediately.

Business Items.

G. C. Robertson, East-Street, has a splendid assortment of dolls, such as wax dolls, china dolls, rubber dolls, unbreakable dolls, doll cradles; also a large stock of toy tea sets, vases, frames, and all other kinds of picture frames. Picture framing as cheap as any house in town. Christmas and New Year cards, hand aleighs, autograph, photograph and scrap albums. Wood and lumber taken in exchange for furniture.

No BELLA.—We notice that some owners of horses drip their without bells. This is illegal and dangerous. It should be stopped.

A communication signed "Slabtown," is unavoidably crowded out. It will appear next week.

A LIFE FOR A LIFE.

Then I meditated, as, rather than to be sorry at heart, returned from my room, I was in the dark lanes after papa, who marched ahead, crunching the sand and dead leaves, in his usual solid military way, now and then calling out to me.

My moorlands looked dreary; the heather is fading from purple to brown; the autumn days are coming on fast. That afternoon they had that leaden uniformity which always weighs me down. I felt weary, hopeless—longed for some change in my life; wished I were a boy, a man—anything, so that I might be something—do something.

My dear young lady, when we are talking on a matter so important, and which concerns you so nearly, it is a pity to reply in this way by a man and a stranger who is so unacquainted with you. You are aware that, for the present, Sir William's consent has been refused.

What to omit in local reporting. The printers say, omit writing on both sides of the paper, as it is often a great inconvenience to them. Omit continuous weather reports. Never, or "hardly ever" touch the weather except in case of storms or drought.

CURIOS ELECTION BETS.

The loser in a Memphis bet is to stand on his head five minutes, in a public square, with a Garfield banner suspended from his feet.

In Oswego, New York, a groceryman bet his store against a neighbor's meat market that Hancock would be elected. On Wednesday he turned over his wager like a man, but the butcher declined to accept it.

In Ogdenburg, N. Y., William Alger bet his mustache against A. A. Babcock's whiskers that Garfield would not be elected. On Wednesday morning he had his mustache cut off and sent to Mr. Babcock.

George P. Knawls, of Rushville, Wis., won from Edwin Childs, of Dakota, one section of coal from land, 319 acres. The bet was \$3,000 against a certain described section that New York State would give Garfield from 1,000 to 5,000 republican majority.

A combination bet was made by ten democrats and ten republicans in Houston, Tex. The losers were to harness themselves to a stage coach and draw the winners through the principal streets. In both parties were some of the foremost men of the city.

A wheelbarrow bet in Baltimore afforded more amusement to the spectators than had been expected. The loser was amused, while wheeling the winner over the stipulated route, by the taunts of the latter, and followed up the payment of the wager by whipping him soundly.

Joseph S. Miller and Henry Kleindients, of Rochester, N. Y., bet on the election, the loser to walk a block at noon on a Wednesday night in a night-dress. Miller lost, and at noon on Wednesday appeared in a night-dress, followed by a crowd of men and boys.

A Harrisburg man was caught by the tricky offer of a wager that one city in the United States of over 100,000 inhabitants would not give 500 votes for Hancock. The stake was a supper for the ward campaign club of the winner. The city named was Washington, where there is no voting for president at all. The victim said nothing, except to name the time and place for the supper. On that occasion the viands looked all right, and were just such as the written terms of the bet called for; but they were found to be seasoned with snuff and other unpalatable substances.

FELLOWS' COMPOUND SYRUP OF HYPO-PHOSPHITES

FOR THE RELIEF AND CURE OF ALL WASTING DISEASES,

Consumption, Bronchitis, Asthma, General Debility, Brain Exhaustion, Chronic Constipation, Chronic Diarrhoea, Dyspepsia, or Loss of Nervous Power. It is unequalled in the treatment of Palpitations of the Heart, Trembling of the Hands and Limbs, Loss of Appetite, Emaciation or Memory.

It acts with vigor, gentleness and subtlety, owing to the exquisite harmony of its ingredients, which purify the blood itself. Its taste is pleasant, and its effects permanent. Its most apparent effect is to increase the appetite. It assists digestion, and causes the food to assimilate properly—thus the system is nourished. It also, by its tonic action on the digestive organs, induces more copious and regular evacuations. The rapidity with which patients take on flesh while under the influence of the Syrup, of itself indicates that no other preparation can be better adapted to help and nourish the constitution, and hence be more efficacious in all depression of spirits, shaking or trembling of the hands or body, cough, shortness of breath, or consumptive habit. The nerves and muscles become strengthened, and the blood purified.

READ WHAT THE INVENTOR, MR. FELLOWS, HAS TO SAY ABOUT HIS SYRUP OF THE HYPOPHOSPHITES.

In the summer of 1864, I was suddenly affected by a copious expectoration of mucopurulent matter. I had been declining in health for some months, and, being exceedingly nervous, the symptoms caused alarm. As my business was that of a dispensing chemist, the shop was constantly visited by medical men, all of whom tendered their advice. During 1864 and 1865 my chest was examined by ten first class physicians, some of whom pronounced the case Bronchitis; some, not wishing to cause alarm, or unwilling to venture an opinion, gave no decision; some stated unequivocally that I had Tubercular Disease of the Lungs, and located the trouble where the pains were felt. By professional advice, I used, in turn, horse-radish exercise, country life, eggs and ale in the morning, tonic, Bourbon whiskey, cod-liver oil, electricity, tar, and various inhalants, but the trouble increased. Expectoration became more profuse and offensive. Night-sweats set in. Cold chills, diarrhoea, dyspepsia, cough, blood-streaked expectorations, loss of sleep, loss of appetite, loss of memory, loss of ambition, accompanied by general prostration, showed themselves. Under the microscope the blood was found to contain but a small portion of vitalized corpuscles; the heart's action was feeble; the pulse intermittent; the stomach could not digest properly, so that flatulency and acidity was the result. Finding the symptoms indicated Consumption, I determined to use every effort to stay its progress, and, if possible, to cure it. I selected the most powerful tonics and moderators, and combined them with the vital constituents of the human body. For months I endeavored to amalgamate them before my efforts were crowned with success. I cannot speak too plainly or too strongly of the effects produced, and the benefits I received from the composition.

At first my appetite increased; the expectoration became easy, digestion better; the feces became more copious and less frequent; cold chills ceased; night-sweats lessened; I gained in weight; the lacking cough left me; refreshing sleep returned; my spirits became buoyant, the mind active and vigorous. I continued taking the Syrup month after month; but owing to the damp, foggy climate of St. John, my recovery was necessarily slow, although I could observe a gradual return of strength for three years, during which time I continued taking the remedy. My present weight is one hundred and eighty-eight, being thirty-eight above my usual. I have no symptoms left denoting disease. The only notable sign during twelve months was the expectoration. Now that has stopped, and I consider myself well. The reader may ask, How do you know your difficulty to have proceeded from tubercular or tubercular lung? I answer, in the most certain of all modes for ascertaining. In March last I coughed from the right lung a piece of PHOSPHATE OF LIME, half the size of a pea, which could have come from no other place, and which the highest authority in Lung Diseases (Laennec) states is the result of tubercle, which has been cured. Added to this, I had the leaden color, purring, blood-streaked expectoration, and the opinion of one of the best diagnosticians in the country. I believe I have experienced all the symptoms incident to the two first stages of Consumption, and have successfully combated them, so that I do not doubt of my case, were there is left sufficient lung tissue to build upon. I can only add that the more recent consideration of increased sales would never induce me to publish this report, but that I write sympathetically for the poor Consumptive, with whose misfortune I believe it vitally to trifles.

Respectfully,
JAMES L. FELLOWS,
Inventor of Fellow's Compound Syrup of Hypophosphites.

PERRY DAVIS & SON & LAWRENCE, Agents for the Dominion of Canada, MONTREAL.

Substitutes!

The public are cautioned against a custom which is growing quite common of late among a certain class of medicine dealers, and which is this: When asked for a bottle of Pain-Killer, they suddenly discover that they are "sold out," and have another article just as good, if not better, which they will submit at the same price. The object of this deception is transparent. These substitutes are made up to sell on the great reputation of the Pain-Killer and being compounded of the vilest and cheapest drugs, are bought by the dealer at about half what he pays for the genuine Pain-Killer, which enables him therefore to realize a few cents more profit per bottle upon the imitation article than he can on the genuine.

FOR SUDDEN COLDS NEURALGIC, RHEUMATIC AND ALL OTHER PAINS IN ANY PART OF THE BODY, PERRY DAVIS' PAIN-KILLER IS UNEQUALLED.

IT CURES ALMOST INSTANTLY.

The Pain-Killer is put up in 2 oz. and 5 oz. bottles, retailing at 25 and 50 cents respectively—large bottles are therefore cheaper.

SOLD BY ALL MEDICINE DEALERS.

HINTS FOR DECEMBER WORK.

From the American Agriculturist for Dec. 1.

The days grow shorter, and reach their shortest duration, while the evenings are longer. The time is favorable for looking back on the year.

LEAVES STOCK.—As the season advances the live stock require increased attention; not only are they more directly dependent upon our care, but they are subjected to discharges with exposure, which seriously interfere with the profit of keeping them.

When an educational centre like Princeton College is managed in such a manner as to render scanty the return from his most earnest efforts, or even blight utterly the harvest of his toil.

One of the most important disadvantages to which the army of ten million American school-children is subjected is the deprivation of sufficient pure air. In some of the worst schools the allowance of floor-space has been reduced, by overcrowding infant pupils, to only two to five cubic feet per scholar.

MILCH COWS.—These ought to be well fed, and cleaned by a card and brush, daily, if possible, otherwise twice a week. They should be milked up to within four weeks of calving.

PIGS.—Nearly double the food will be required to keep pigs from going back, after really cold weather comes on, when the ground freezes. It is better to let them kill at once.

POULTRY.—Hens will lay up to Christmas, if they have warm quarters. A manure shed, where mixed manure is thrown off considerable warmth, and which is closed in, is an excellent place for fowls.

ICE CROP.—The ice crop in every section of the country is becoming more and more important. The season may be as unfavorable for ice as the last, but a prudent man will be prepared to lay in his ice as soon as it shall have attained half the usual thickness, or even less.

HIS HOBBY.—Among the numerous applications for the position of assistant master of the Kincardine High School, perhaps the best as far as uniqueness is concerned is that of G. W. Treadgold, headmaster of the Thornbury school.

SOME excellent counterfeit one dollar Dominion of Canada bills are in circulation. They are a great improvement on previous counterfeiters and are calculated to deceive even experts.

SCHOOL HYGIENE.

Medical News and Abstracts.

After his summer's vacation the schoolmaster is again abroad in the land, and this seems an opportune time for us to call attention to one or two of the more important hygienic laws which are frequently neglected in the eager pursuit after knowledge, and for want of the wisdom which lingers far behind the pedagogue's track, are violated frequently in such a manner as to render scanty the return from his most earnest efforts, or even blight utterly the harvest of his toil.

He delights, too, in using as big a word as he can lay hands on. Big words would seem to be the flings that his magnetic mind draws. He tells, for instance, how a father, in answer to an intelligent child who should should ask him "what is a storm upon the ocean?" oscillates a pail of water. He describes Christ as one who has control of the terraqueous globe on which the nations tread. This we imagine, may be his expansion of "The earth is the Lord's."

We are reminded how Johnson once manifested by eruptions and grave symptoms, and found the words "Jesus wept" swelled out into "The Saviour of mankind melted into a flood of tears." [Saturday Review on Beecher.

A young lady is not like a tree. You cannot estimate her age by counting her rings.

"New England Notions" may not work injury to people when they relate to matters of little consequence, but when entertained as what we shall take when afflicted with serious diseases they may lead to dear experience. Don't trifle with diseases of the blood manifested by eruptions and grave symptoms, but take that well tested and efficacious remedy, Dr. Pierce's Golden Medical Discovery—the greatest blood-purifier of the age. If the bowels are very constipated use also Dr. Pierce's Pills, little sugar-coated pills.

DEAR SIR,—I write this to inform you that my child, one year old, has been permanently cured of the fever and ague in a week's time, and the use of but half a bottle of your Golden Medical Discovery. My wife a long sufferer from chronic complaint and languor, by the use of the Discovery and Pills has been entirely relieved. The Discovery has never disappointed us for coughs and colds. Yours truly, JAMES STRICKELL.

When the doctors have failed to cure, and have given their patients up to die, Electric Bitters have often been used, and a cure effected, greatly to the astonishment of all. Diseases of the Stomach, Liver, Kidneys and Urinary Organs are positively cured by Electric Bitters. They are variously cured Constipation, Headache and all Bilious Attacks. Try them, and be convinced that they are the best medicine ever used. Sold by F. Jordan, at fifty cents a bottle.

For a perfect renovation of exhausted and enfeebled constitutions, female weakness and general decline, nothing so surely and speedily produces a permanent cure as does Electric Bitters. They are wonderful cures are astonishing the world. For Kidney and urinary Complaints they are a perfect specific. Do not give up in despair, for Electric Bitters will positively cure, and that where every thing else fails. Sold by F. Jordan, at fifty cents a bottle.

Yours Pain-Killer as a family cure all has been in constant use in my household for a long term of years, and I would never desire a better one. It never fails me. I call it the "Old Reliable." Yours very truly, HORACE SEYMOUR.

All the fairs give the first premium and special awards of great merit to Hop Bitters as the purest and best family medicine, and we most heartily approve of the awards for we know they deserve it. They are now on exhibition at the State Fair, and we advise all to test them. See another column.

What is the best family medicine in the world to regulate the bowels, purify the blood, remove constipation and biliousness, aid digestion and stimulate the whole system? Truth and sobriety compels us to answer, Hop Bitters, being pure, gentle and harmless. See "Truth" in another column.

So great is the risk of serious or fatal disease being conveyed in this manner that we think private schools, where the principals require certificates from attending physicians to the effect that a returning convalescent is free from danger to other pupils, would be warmly sustained by the intelligent public; and when the value of some such precaution

become recognized, as it soon must be, our authorities could doubtless be long persuaded to introduce it into all the primary and district schools of the land.

The importance of school hygiene can scarcely be overestimated, because it is especially during their school-life that our children acquire so large a part of their habits, and we have gladly embraced the period when, as at present, the minds of parents are directed toward the subject of school arrangements, to urgently invite attention to some of the more easily remedied, defects which mar the efficiency of our schools.

The date of MERRY and NIGHTS OF UNREST endured by the sufferer from a persistent cough soon sap the vitality of the system and wreck the constitution. Such a catastrophe can only be avoided by remedial measures. Prevent the attack of a cough with Northrop & Lyman's Emulsion of Cod Liver Oil and Hypophosphites of Lime and Soda—applied in professional quarters, and which is a combination of the purest and most salutary ingredients in perfect chemical harmony. Coughs, colds, croup, bronchitis, and other affections of the respiratory organs, are speedily relieved by it, and its like-wise proved to be a useful specific in serious maladies. The loss of strength consequent upon being diseased is checked, and the lagging physical energies restored by its invigorating action. Phosphorus, the active principle of the hypophosphites, not only supplies the system with an important element of strength, but gives a beautiful impetus to the circulation. The lime and soda also add to vigor of the frame. In waiting diseases of all kinds, this preparation can be depended upon to produce a beneficial effect. A fair, persistent trial, is all that is necessary to prove its potency, either as a pulmonary or general invigorant. For purity of the blood, with which so many invalids are troubled, it is a sovereign remedy, promoting the acquisition of both strength and flesh. Prepared by Northrop & Lyman, Toronto, and sold by all druggists.

AS SURELY AN EFFECT FOLLOWS CAUSE so surely will disease eventually fasten itself upon a system deficient in vital energy, if tonic medicine is not resorted to time. The necessary tendency of a weak discharge of the functions of the body is to disorder its organs.—Invigoration, prompt and thorough, is the only safeguard. Norenovant of depleted physical energy, no restorative of lost flesh, nerve power and cheerfulness, has more clearly demonstrated its efficacy than Northrop & Lyman's Quinine Wine. In this preparation, associated with the salutary medicines which form its basis, is pure sherry wine and certain aromatic constituents which impart an agreeable taste to the article, and gives additional emphasis to its effects. In cases of general debility and dyspepsia it is invaluable and the desired effect is, in the vast majority of cases, remarkably prompt as well as decisive. That good natural appetite, which gives a relish for the coarsest fare, is insured by the use of the Quinine Wine, which also confers brain soothing and body refreshing sleep. Fever and ague and bilious remittent fever, are diseases to the eradication of which it is specially adapted; but it should be used only in the intervals between the seizures. The far-reaching effects of a good tonic, in all complaints involving loss of physical energy, are well understood by physicians, and the comprehensive influence for good of this preparation upon the system goes far to bear out the professional belief in the value of invigorants as opponents of disease. Be sure to ask for the "Quinine Wine" prepared by Northrop & Lyman, Toronto. Sold by all druggists.

WHAT THEY SAY OF IT.—A FEW FACTS FOR THE PEOPLE.—There are but few preparations of medicines which have withstood the impartial judgment of the people for a great length of time. One of these is Dr. Thomas' Electric Oil. Read the following and be convinced:—Thomas Robinson, Farnham Centre P. O., writes, "I have been afflicted with rheumatism for the last ten years, and have tried many remedies without any relief, until I tried Dr. Thomas' Electric Oil and since then have had no attack of it. I would recommend it to all." J. H. Earl, Hotel Keeper, West Shefford, P. Q., writes, "I have been troubled with liver complaint for several years, and have tried different medicines with little or no benefit, until I tried Dr. Thomas' Electric Oil, which gave me immediate relief, and I would say that I have used it since with the best effect. No one should be without it. I have tried it on my horses in case of cuts, wounds, etc., and think it is equally as good for horse as man." A. Maybee, Merchant, Warwick, writes, "I have sold some hundreds of bottles of Electric Oil, and it is pronounced by the public, one of the best medicines they have ever used; it has done wonders in healing and relieving pain, sore throats, etc., and is worthy of the highest confidence." Joseph Rusan, Township of Percy, writes, "I was persuaded to try Dr. Thomas' Electric Oil for a lame knee which troubled me for three or four years, and I never found anything like it for curing lameness. It is a great public benefit."

Beware of Imitations.—Ask for Dr. Thomas' Electric Oil. See that the signature of S. N. Thomas is on the wrapper, and the names of Northrop & Lyman are blown in the bottles, and take no other. Sold by all medicine dealers. Price 25 cts. NORTHROP & LYMAN, Toronto, Ont., Proprietors for the Dominion of North America.—Electric—Selected and Electrized

THE BEST OIL IN THE WORLD FOR CUTS, BRUISES, SORES, FETTER, CHAPPED HANDS, CHILBLAINS, SORES, AND ALL KINDS OF SKIN ERUPTIONS. This Oil is guaranteed to give perfect satisfaction in every case or money refunded. Price 25 cents per box. For sale by F. Jordan, Goderich.

Care of Drinking.—A young friend of mine was cured of an insupportable thirst for liquor, and so prostrated his system that he was unable to do any business. He was entirely cured by the use of Hop Bitters. It allayed all that burning thirst; took away the appetite for liquor; made his nerves steady, and he has remained a sober and steady man for more than two years, and has no desire to return to his vice, and I know of a number of others that have been cured of drinking by it.—From a leading R. R. Official, Chicago, Illinois.

REPORTING the market prices for butter, the New York Tribune, of May 20th, said, "Chicago packages to the retail trade reach 19 to 20 cents, but light colored goods are hard to dispose of, and several lots were thought well sold at 8 to 10 cents. This stern logic of dollars and cents is rapidly convincing dairymen that they should use the Perfected Butter Color made by Wells, Richardson & Co., Burlington, Vt. It gives the perfect June color the year round and dairymen that use it never send light colored goods to market.

The best Olive in the world for Cuts, Bruises, Sores, Fetter, Chapped Hands, Chilblains, Sores, and all kinds of Skin eruptions. This Oil is guaranteed to give perfect satisfaction in every case or money refunded. Price 25 cents per box. For sale by F. Jordan, Goderich.
