## HORRORS OF GOLD STORAGE

A Jungle Which Approaches the Packing House

## THE WAY GELATINE IS MANUFACTURED

The Gelatine is the Stuff Candies Are Made of

Washington, Jan. 29.—Dr. Harvey Wiley, chief of the chemistry bureau of the department of agriculture, and the government pure food experts have some interesting testimony concerning deterioration of food stuffs in cold storage before the house committee, whose hearings on the agricultural appropriations bill have just been made public.

"Milk and eggs begin to deteriorate right away," said Dr. Wiley. "Fruit is improved and sometimes continues to improve for three months. Meat improves up to about six or eight weeks, but after three months for meat you can see that it has reached the maximum and it begins to go down. I don't care how hard it is frozen."

Dr. Wiley said the gelatine factories are the dirtiest in the world, and the hides used are treated with alkali which is rubbed into them for shipment. The hides are scraped and trimmed and then put into tanners' vats and the residue used for gelatin. He said that this gelatin is sometimes used in glue factories, and that what is not fit for glue is made into gelatin. As to the uses of this gelatin, Dr. Wiley said:

"It is used for putting into ice cream and candies, and for making capsules that you take in your medicine in."

He added that there is no objection to gelatin if properly made and there is plenty of raw material to make it of. As the proportion of gelatin made from material containing live germs, Dr. Wiley said:

"No one wants to run the risk of getting lock jaw by taking a powder of pill or eating ice cream."

## ACT WITH POSTAL CLERKS

Board of Trade Endorse Their Campaign for Better Salaries

## PASS RESOLUTIONS TO SEND DEPARTMENT

The Clerks Hold Another Meeting. Deny that They Intend to Strike

The post office employees at the local office held a meeting last evening to further consider the important salary question.

Last evening the employees denied that they would quit work if a speedy settlement was not arrived at. They claim that this would be their very last resort and they would not think of doing anything that would hurt their own reputation or cause inconvenience to the public.

They will, however, get up a petition and get every influential person and others in Calgary to sign same, which will go to the authorities at Ottawa.

The aid of the trades labor council will be brought into their side, and a delegation will wait upon the council at the meeting. Other bodies will be asked to use their influence towards gaining their point.

The question was brought to the attention of the members of the Board of Trade at the annual meeting last night by W. M. Davidson, who referred to the statement which had been made of the wages. He pointed out that the wages were much lower than that paid by private corporations for similar service, that the men worked longer hours and got less pay; that the service made it necessary that men of intelligence and some education should be employed; that the principle accepted by all other institutions, and accepted by the government departments, and accordingly itself in allowing additional wages in the west, was this department.

He said that the banks permitted additional salaries in Western Canada because living was higher. The banks paid no employees less than \$700 a year.

Other members of the board were of a similar opinion, though one or two questioned the wisdom of the passing of a resolution.

Some thought that it would be well to have an investigation. Upon a motion of Messrs Davidson and Rowley, a resolution was passed which will be forwarded to the postal department asking that better wages be paid to the employees of the post office here. The motion was passed unanimously.

## THE BOARD OF TRADE ELECTS ITS OFFICERS

The Annual Meeting Held Last Night—Interesting Report by the Retiring President.

## TUBERCULOSIS AND SALARIES OF POSTAL CLERKS

A Very Interesting and Successful Meeting—Last Year Was a Good One.

Hon. President, Hon. W. H. Cushing, President, I. S. G. Van Wart, First Vice President, C. W. Peterson, Second Vice President, William Toole, Third Vice President, C. P. McQueen.

CHAIRMAN OF DEPARTMENTS  
Civic Improvement, A. L. Cameron; Finance, F. T. Weir; Immigration, W. M. Davidson; New Industries, C. W. Rowley; Irrigation, William Pearce; Freight Rates, W. J. Hanna; Arbitration, James Short; Agriculture, P. Burns; Municipal Franchises, C. S. Latt; Advertising, R. C. Edwards.

CHAIRMEN OF SECTIONS  
Bankers, F. Macbeth; Wholesale, F. Horne; Manufacturers, A. B. Cushing; Professional, Dr. Anderson; Real Estate, T. J. S. Skinner; Insurance, T. S. C. Lee.

MEMBERS OF THE COUNCIL  
A. Allan, T. Allan, R. R. Butchart, C. F. Comer, W. M. Connacher, Wm. Carson, H. M. Cherry, A. E. Cross, R. A. Dicker, G. Drew, W. G. Fowler, W. M. Gilroy, A. M. Grogan, T. A. Hatfield, R. J. Hutchings, A. P. Horsman, R. R. Jamieson, A. T. Linton, Dr. Lafferty, L. T. Mewburn, J. T. McDonald, H. Neilson, R. W. Trotter, W. L. Walsh, Col. Walker, D. J. Young, Dr. Stewart.

There was a large attendance at the annual meeting of the Calgary Board of Trade last night. The meeting was a very successful one, the success being due mainly to the new form of nominations and elections, adopted this year.

Interesting reports were presented by the president and the secretary of the board which will be found below. A large number of new members were added to the board.

After voting for the different candidates, some important questions were taken up.

Upon motion of James Short a committee was appointed to prepare a resolution and call the attention of the Dominion Government to the fact that a large number of consumptives, without money and without any means of support are coming into this city, and suggesting some relief.

The question of the salaries of the employees of the post office was considered, and a resolution was passed asking the government to make some needed increases.

A vote of thanks for services rendered in the past to the board was tendered C. W. Peterson, late secretary of the board, to which a suitable reply was made.

Below will be found the reports of the secretary and the president of the Board of Trade.

"Without any reflection on the jurymen who served in the early days of the trial, 'jurors number four and six will be excused.'"

The men in question were Arthur S. Campbell, a superintendent of construction, and Harold B. Fair, a printer and publisher of a pamphlet circulated in Wall street.

The court room was crowded for the opening of the afternoon session when the announcement was made.

"By agreement," said District Attorney Jerome, "the reason for this action will not be made public, but they are of business nature. Counsel representing the people and the defendant have conferred with the court in regard to the matter and an unanimous decision was arrived at."

One new juror had been added to the trial panel when the excuse of Fair and Campbell was announced, and a second one was subsequently secured, thus leaving the loss of the two previously sworn jurors.

When court adjourned, there were nine men in the jury box. Forty-six talesmen were called before the two former jurymen were obtained. This exhausted the original panel of two hundred men, and used up 18 of the next panel of one hundred yesterday and in court today for the first time.

NEW YORK, Jan. 29.—Successful were the efforts of the bureau and information statistics of the New York State Department of Agriculture in securing for the farmers of New York state last year that the bureau has made extensive preparations, and is putting into effect this year the same plans on a much larger scale. It is estimated by Charles W. Larson, who is in charge of the bureau, that fully 50,000 farmers will be required on the farms of New York state this spring. To task the bureau has undertaken. It has advertised extensively in New York and also in Europe. As a consequence, many applications are being received daily from men both single and married, who are anxious to secure employment on the farms of New York. A great number of the foreigners make splendid farm workers.

During last year the bureau furnished 4,172 laborers to the farmers of the New York State.

Immigration Station  
Washington, Jan. 29.—The United States senate today passed a bill to establish an immigration station at New Orleans.

## What City's Plant Does

The municipal electric light plant had another very remarkable month in December the receipts being more than three times as large as the ordinary receipts at the power house.

The expenditure was \$1,098.63. The receipts for incandescent lighting amounted to \$2,677.95. The receipts for arc lighting were \$957.72.

There are not nearly 700 incandescent connections. Although an accurate estimate cannot be made of the cost of light per k.w. from this record, it may be seen that if the city produced 108,000 k.w. for \$1098, and in addition paid for superintendence line expenses, that the cost of current per k.w. is not very great.

## TWO GAINED; TWO LOST

And Still There are Only Two Members of the Thaw Jury Selected

BOTH SIDES OBJECT TO MEMBERS SELECTED

The Court After Five Days of Labor is Still Far From the Beginning

New York, Jan. 29.—The first big surprise of the trial of Harry K. Thaw came today, when Justice Fitzgerald, on the motion of District Attorney Jerome, and with the consent of the attorneys for the man accused of the murder of Stanford White, announced that two of the jurors selected in the early days of the proceedings would be excused from further service.

"Without any reflection on the jurymen who served in the early days of the trial, 'jurors number four and six will be excused.'"

The men in question were Arthur S. Campbell, a superintendent of construction, and Harold B. Fair, a printer and publisher of a pamphlet circulated in Wall street.

The court room was crowded for the opening of the afternoon session when the announcement was made.

"By agreement," said District Attorney Jerome, "the reason for this action will not be made public, but they are of business nature. Counsel representing the people and the defendant have conferred with the court in regard to the matter and an unanimous decision was arrived at."

One new juror had been added to the trial panel when the excuse of Fair and Campbell was announced, and a second one was subsequently secured, thus leaving the loss of the two previously sworn jurors.

When court adjourned, there were nine men in the jury box. Forty-six talesmen were called before the two former jurymen were obtained. This exhausted the original panel of two hundred men, and used up 18 of the next panel of one hundred yesterday and in court today for the first time.

## MILK IS VERY SCARCE

The Situation in Calgary is Becoming Acute

## ARMY OF MEN WAITED ON RAILWAYS

It is Estimated that About 59,500 Men are Wanted

Winnipeg, Jan. 29.—The department of immigration officials here have been carefully making an estimate of the number of laborers required during the coming season, the figures being for the guidance of the department in its propaganda in Europe and elsewhere. The result is a surprise indicating that there will be 59,500 laborers required at least by the contractors, an army of men which is quite indicative of the amount of extensions involved.

## DIAMONDS IN GOODLY NUMBERS

A Great Inventor's Legacy to His Heir

New York, Jan. 29.—Diamonds and other jewels valued at \$85,000 were found today in an old trunk in the home of the late Chas. Tripler, of Manhattan, N.Y., discoverer of liquid air. The find was made by Mr. Tripler's son, L. B. Tripler, heir to the elder Tripler's estate.

The son knew nothing of these valuables until he broke into the trunk in order to make an inventory of the estate. The elder Mr. Tripler also left considerable real estate to his son.

Washington, Jan. 29.—The United States senate today passed a bill to establish an immigration station at New Orleans.

## City May Develop Kananaskis Power

An Application Is Being Considered by the Ottawa Government.

The city received notice yesterday from the department of the interior that the government is considering the application of the city for a water power at Kananaskis.

The application for such a power was made last November on the suggestion of ex-Ald. Hunt Nothing further was heard of the matter until yesterday.

Further information upon the subject is being furnished by the city clerk.

WHAT POWERS HAVE THE COMPANY  
At a meeting of the manufacturers and wholesalers sections of the Calgary Board of Trade, Mr. Alexander explaining his water power scheme said that he and Mr. Budd had a water power privilege in the Bow River, which had been secured from the Dominion Government.

He also said that they had the title for land along one side of the proposed water power, but not on the other side but that they were getting it.

The Albertan is informed on good authority, that Messrs. Alexander and Budd have no water power privileges in the Bow River.

The Albertan is further informed that Alexander and Budd have no title for the land adjoining the proposed water site on either side of the river.

If this is the case it is of considerable importance to the people of Calgary. It seems to be up to Messrs. Alexander and Budd to show their privileges and titles and the Albertan asks them to do so.

## Ask to Create a Railway Commission

Important Legislation to be Introduced Into the City Council.

Ald. C. B. Rellly will bring a very important bit of municipal legislation at the next meeting of the council.

He proposes to amend the charter to enable the city to appoint a street railway commission. Upon this commission, three will be three members, appointed for six or nine years, one member of the board to retire every two or three years.

They are either to be elected by the people or appointed by the council. This commission, it is asked, will have all the powers of a corporation. They can borrow money to a limited amount, which may be increased by the council, bond the road, the city to guarantee the bonds.

The change is a very important one, and means the beginning of a railway policy upon firm lines.

## Another Proposition From Alexander & Budd

They Merely Ask Permission of the City to Furnish Power to Citizens.

Alexander & Budd have made another proposition to the city and in their estimation this one is the most startling of all.

They have abandoned all thought of a franchise. They have given up all the city does not desire to do so, the city need not take the power.

Their latest proposition is to string wires in the city and sell power and light to the citizens.

The city can take power from the company if it desires to do so and the city requires the sanction of the people to give such permission to the company.

## MYSTERIOUS MURDER OF A SYRIAN

Tragedy in New York is Exercising the Police

New York, Jan. 29.—Jos. Coury, of Brooklyn, proprietor of a lace factory in West Hoboken, was mysteriously murdered in his factory late last night. Today three men were arrested here, one of whom, Elias Oraby, a Syrian, was charged with the shooting. The killing resulted apparently from a quarrel over possession of the factory.

Coury had lately got possession of it by foreclosure of a mortgage and threats had been made against his life by a man who formerly owned the factory.

OTIS EDDY LIVED TO AGE OF 102  
Had Been a Free Mason for Nearly 80 Years  
Rockford, Ill., Jan. 29.—Otis Eddy aged 102, died here today. He was believed to be the oldest Mason in the United States in years of membership, having been initiated at Chepachet, R.I., May 20, 1826.

Seven Persons Killed in Brisbane  
Brisbane, Jan. 29.—The government schooner Pilot was wrecked during a recent cyclone of Cooktown. Seven persons, including Mr. Hargreaves, a member of the Queensland legislature, were drowned.

## WAITING FOR THE BALLOON

They are Expecting Things to Happen in Ottawa but Nothing has Happened

## INTERESTING LETTER FROM ALBERTAN CORRESPONDENT

Looks as Though Session Would be Short to be Followed by Another Session

(Special to the Albertan)

Ottawa, Jan. 24.—The Albertans at Ottawa are impatiently waiting the balloon ascension.

The aerial performance referred to is that long anticipated closing of the opposing forces which have done little so far in the line of actual warfare. They have glowered a little, feinted once or twice and have even indulged in a couple of exhibition bouts decorated with snap divisions. But none of this has been serious. Nobody has been hurt, nothing has been done. The business of initiating the forward movement in the absence of the parliamentary fighting rests with the opposition, and so far the opposition has shown itself content to let things run along as if the farthest tomorrow in the new year's calendar was soon enough.

When the session opened, predictions of an immediate and sanguinary clash were general. The Hyman election in London had filled the slings of the Tory Davids with giant-killers. The government had scrap books of information on the absorbing subject of George Dulas Foster's dealings in western lands, not to mention the parts taken therein by the lesser oppositionists Messrs. Fowler, Bennett and Lefroy. Rufus Pope having left the house by virtue of two verdicts in Compton, is out of the ring line.

The unexpected absence of Hon. Chas. Hyman on the plea of broken health upset the calculations of the house, and there have been freely repeated Conservative opinions that the Hyman departure was a put up job and the illness no more than an excuse. In the face of this there have been the plain statements of the Prime Minister that the absent minister's state was dangerous. Mr. Hyman's whereabouts have been jealously watched and to the opposition has made no attempt to substantiate the talk of a false illness.

The meantime has been remarkable for the most peaceful sort of armistice. Mr. Foster has been remarkably faithful in attendance at the house and no one has sprung the drop. Since the opening days of the session there has been no single whisper from opposition members of the London election. The time has been spent by the opposition in efforts to get hold of additional information as to the recent alteration of grazing and home stead lands in the provinces of Alberta and Saskatchewan.

M. S. McCarthy of Calgary, and H. B. Ames of the St. Antoine division of Montreal, have been foremost in this search for land records. It was Ames, who, last year sprang the opposition mine which Mr. Foster was to have sprung. Mr. Ames sprang it because the North Toronto member wilted when he came to jump. At the time the opposition went into battle with an incomplete case, they attempted to identify Hon. Clifford Sifton with the nominal holders of a perpetual grazing lease in Alberta but a simple denial from the ex-minister reduced them to the posture of apologists. This session a second attempt is to be made.

Two things have kept the opposition back in the preparation of bombs for assault on the government. The protracted delay in settling the business of the Hyman resignation, and the absence of all one volume of that parliamentary arsenal, the report of the auditor general. The end of this dallying cannot be far away. That Mr. Hyman will stick to his determination to give up both his seat in the house and his portfolio as minister of public works, is now pretty well assured, although no absolutely definite statement has been made by the government. Coupled with this belief is the general expectation, again without official basis, that the ex-minister of the interior is going back into the government. There has been lately a noticeable revival of interest in parliamentary affairs on the part of Mr. Sifton. He used to be seldom in the house, that is after he left the government. Now he is in almost daily attendance, if not in his seat in the house, in the Liberal headquarters in room 16. What his position in the government will be, is still the subject of speculation.

Conservatives are keeping up the flagging spirits and hopes of the outlookers with the assurance that the balloon ascension will not be much longer delayed. It is said that they claim to be bullet proof by reason of the possession of scandalous secrets, which, if published, would cause a scattering of ministers to cyclone cellars and tall timbers. The main lines of these so-called scandals are not secret and are not very new.

Just at this stage comes a proposal that both sides in the house agree to the shortening of the session with a view to allowing the premier and some of his colleagues (Continued on Page 4)

Disastrous Explosion in Mine in West Virginia  
Charleston, Jan. 29.—An explosion at the Stewart mine in Fayette county, this afternoon entombed between ninety and a hundred men. Rescue parties are at work. It is not known if any of the miners will be rescued alive. The mine adjoins a parallel shaft where other miners were killed in an explosion a year ago.

There is no telegraphic communication and the telephone lines are working badly.

FOURTEEN MEN WENT TO SEA ON ICE  
But the Ice was Strong and the Men Came Back  
Riga, Russia, Jan. 29.—Fourteen fishermen drifted out in the gulf of Riga on an ice flow today. They were fishing when the ice broke and they suddenly felt themselves being blown out to sea by a strong wind. Steamers were out in search of the fishermen and at a late hour tonight brought them back.

BREAK DOWN OF GREAT SCIENTIST  
Greatest Authority on Subject of Consumption Has Collapsed  
Naples, Jan. 29.—A report that Professor E. Behring, of Berlin, the discoverer of the diphtheria serum, has been placed in an insane asylum, is declared by his relatives at Capri to be without foundation. They say that the professor is merely suffering from nervous breakdown, due to overwork.

# The Albertan

W. M. DAVIDSON,  
Editor and Manager.

## POLICY OF THE OPPOSITION

The policy of the opposition in the provincial legislature is not the policy that was outlined by the Calgary Herald and Mr. Walsh in the election. Though Mr. Walsh and his satellite objected to the annual indemnity of the members, neither Mr. Robertson nor Mr. Hebert, upon the floor of the house, had any great objection, or if they did they did not voice those objections and made no rash amendment to cut it down.

Mr. Robertson criticized the administration because two members Hon. Judge Stuart and Mr. McCauley, had been appointed to positions, but it was not the provincial administration which appointed those gentlemen. The Dominion government made the appointments and they were very good appointments, too, and gave the utmost satisfaction.

Mr. Hebert is going to see to it, that the charge that the opposition has no policy shall not be made again, so he has decided that the province should build a railway from the boundary line to Edmonton and from Edmonton to Hudson Bay.

However, as the difficulty prevailing at the present time in railways is that they cannot get rolling stock for the roads now built and they do not expect to get sufficient rolling stock for some time to come, it is as well that this project should not be considered at the present time. In time to come Mr. Hebert's proposition, which is merely a repetition of what was in a way suggested by the Minister of public works, though the Hebert idea is really a burlesque upon the other proposition some such scheme might be considered.

## THE WAYS OF TRAITORS

"The scheme was a very tentative one when first presented, and subject to change," says the Calgary Herald in discussing the Budd-Alexander proposition.

But the Calgary Herald and the Eye Opener and the Chinook accepted it at once. It was good enough for them from the time that Budd and Alexander dropped the hat and said "go." The fact that the scheme has been changed and bettered—and no one can deny that it is changed and bettered—in spite of these papers, which insisted upon the public taking it in, in its entirety, with all the attachments.

The Calgary Herald, which in the closed season even rises to boast of its principles and its public ownership ideas, is always ready to betray the interests of the city when a corporation is in sight.

The Albertan does not now and never has said that the question of municipal ownership is not open to criticism. But the public has no patience with the paper or the person who proclaims certain principles and when the hour of trial comes at once sacrifices them.

## THE DEADLY PARALLEL

The Calgary Herald has a cute little editorial thought at the beginning of its editorial columns endeavoring to show that the Albertan on Jan. 29 contradicts the Albertan of Jan. 28 upon the matter of the price of power.

The Albertan refers to this cunningness of the Herald in order to repeat both positions taken.

At the present time the city is endeavoring in every possible way to discover how much it is paying for power. No official in the employ of the city has given an answer. No employee of the city has the information. No person whom the city can trust seems to be able to get the information.

That is the substance of the editorial of Jan. 29. It is all right. The Albertan has taken the trouble, and gone to expense, to ascertain the real cost of producing power at the city power house. The city is manufacturing current at the present moment for the sum of 1.008 per k.w. It is not a question of argument, but a straight question of fact. The Albertan produces the figures for wages, for coal and for other expenses. These figures are correct and cannot be disproved. No amount of confusion can alter them in any way.

Is there any inconsistency in these two statements? If so let the Calgary Herald point it out.

## SALARIES ARE VERY LOW

The Albertan sympathizes with the members of the postal department in their efforts for increased salaries. The government is not a good paymaster at best, and the postal department is the worst paid of all. It is surprising that the department here can get such good service for so little pay and that the force is maintained in Calgary at its present efficiency is a credit to the good management of the gentleman in control of the Calgary post office.

The government is responsible, of course. That cannot be denied.

However, when we hear such foolish carping about the increase of expenditure as is indulged in by members of the opposition, one must in fairness admit that the opposition is not without its responsibility too.

At the last election in Gleichen the only criticism of the Alberta administration was the increase in expenditure. That criticism may have its effect, and if it has any effect it will be to keep down the salaries of officials.

It is the same at Ottawa. The opposition watches the growth of the expenditures with a jealous eye, and that is quite right, and then criticizes its growth in wholesale without objecting to any items at all. It is not to be wondered at then, if the administration keeps its expenditure down as fine as possible.

However that may be, the government is responsible, and the government is asking service from its employees which no private company in this city could get. It is not right. The Albertan maintains that the state should pay a little higher salaries than private individuals, and that it should work its men a little easier than a private individual, and then that it should see to it that it gets better men than private individuals.

## PRACTICE WANTED, NOT PREACHING

Mr. Samis, a candidate for alderman in Ward I, says that he is a firm believer in the principle of public ownership, but he declines to put his principles into practice. For the last few years this city has been handicapped by having aldermen who thought they were doing their duty by the city by preaching and then betraying or neglecting the city in practice. It is well that Mr. Samis is candid enough to come out and inform the electors that he is a man of the same stamp.

But Mr. Samis says that he does not care to take a position on this Alexander and Budd proposition because he does not know anything about it. Why doesn't he know anything about it? If he is elected for the ward he will take his seat at the council next Monday night, and the first and only question before the board will be this same proposition. The proposition has been before the people for more than six weeks, and yet this candidate for public office endeavors to shirk his responsibility to the people by saying that the proposition is unknown.

It is of little value to the public what Mr. Samis' principles are if he declines to put those principles into practice. It is no compliment to the electors of Ward I that a candidate is asking for their suffrages who confesses that he has not informed himself upon the only real question of interest before the public, and which has been before the public for weeks.

Unfortunately for the ward and for the council, Mr. Ruttle, the opponent of Mr. Samis, has taken no more favorable position than Mr. Samis, though it is to his credit that he prates less about his principles.

## EDITORIAL NOTES

And a wicked Edmonton person suggests that these gas producers are no new thing for Calgary.

Who's such a brazen name as Bruce, how could that Lethbridge man keep from winning all the cupids' eyes?

Mr. Ruttle is not just sure about the power proposition and the other candidate is just about the same he is.

According to the Calgary printers, the city council would very badly pay the forms by endorsing the Budd-Alexander proposition.

An innsal editor announces that in addition to his newspaper work he has a good line of life insurance, and the combination is a very useful one.

When Mr. Samis says that the editor of the Albertan promised to support him in preference to Mr. Ruttle on moral grounds he is a well he is mistaken.

The Albertan is prepared to offer a large money reward to any person who will find an Alberta resident who does not fill up the coal cellar with real coal during the coming summer.

A New York man in attempting to prove his sanity conducted his own case in the courts, and the judge decided that the lawyer had a fool for a client and the client had a fool for an advocate.

The Calgary Herald describes the Alexander and Budd proposition as a tentative one, but the chief reason that it is supporting the proposition is because for the Herald it is a ten-spot-ative one.

The merchants of this city who are all in favor of this Alexander and Budd proposition, as the Eye Opener would have the public believe, do not seem to be members of any section of the Calgary board of trade.

Calgary wants a real electrical man at the head of its electrical business and a person who knows just what power costs and just what is being done, and who will take control of affairs from beginning to end.

Down in Lethbridge they have changed the old song to "Lethbrases who ha' wi' Bruce did curl."

Jamaica wants building material and nothing else, and if the factories furnished Edmonton with as much stuff as their building returns indicate, there is enough surplus in that one city to about fill all Jamaica's requirements.

The objection to the crematory building is that there is a place to drive in and no place to drive out, and many persons believe that the gentleman who drew the plans did so with the expectation that the members of the city council of 1906 would drive in.

Sealed tenders addressed to the undersigned, and endorsed "Tenders for Post Office, Fernie, B. C.," will be received at this office until Monday, February 18, 1907, inclusive, for the construction of a Post Office, &c., buildings at Fernie, B. C.

Plans and specifications can be seen and forms of tender obtained of this Department and on application of Robert A. Kerr, Esq., Clerk of Works, Fernie, B. C.

Persons tendering are notified that tenders will not be considered unless made on the printed form supplied, and signed with their actual signature.

Each tender must be accompanied by an accepted cheque on a chartered bank, made payable to the order of the Honorable the Minister of Public Works, equal to ten per cent (10 p. c.) of the amount of the tender, which will be forfeited if the party tendering declines to enter into a contract when called upon to do so, or if he fails to complete the work contracted for. If the tender is not accepted the cheque will be returned.

The Department does not bind itself to accept the lowest or any tender.

By FRED GELINAS,  
Secretary  
Department of Public Works,  
Ottawa, January 18, 1907.

Public notice is hereby given that, under the provisions of the Railway Act 1903, Section 175, the Canadian Pacific Railway Company as Lessees and exercising the franchises of the Calgary and Edmonton Railway Company intend to apply to the Board of Railway Commissioners for Canada, after the expiration of four weeks from the first publication of this notice, or so soon thereafter as the application can be heard, for authority to construct, maintain and operate a branch line commencing at a point on the Calgary and Edmonton Railway as now constructed across the N. W. Quarter of Section 12, Township 24, Range 1 West of the 5th Meridian and extending the same thence in a South Easterly direction a distance of 972 feet to a point on the Calgary and Edmonton Railway, the location of which proposed branch line is shown on a map or plan and profile deposited with the Public Works office on the 28th day of December, A. D. 1906 as No. "Ry. 58," notice of which is also hereby given pursuant to the provisions of said section.

Dated this 4th day of January, A. D. 1907.  
C. DRINKWATER,  
Secretary

## NOTICE TO CREDITORS

Notice is hereby given that all parties having any claims against the Estate of Allen Richard Smith late of Calgary, Alberta, deceased, are hereby required to file with the undersigned, full particulars thereof verified by Statutory Declaration on or before the 23rd day of February, A. D. 1907 after which date the Administrator will proceed to distribute the estate among the parties entitled thereto, having regard only to the claims of which he shall have had notice.

Dated this 28th day of January, A. D. 1907.

## SYNOPSIS OF CANADIAN NORTH-WEST.

Homestead Regulations.  
Any even numbered section of Dominion Lands in Manitoba, Saskatchewan and Alberta, excepting 8 and 20 not reserved, may be homesteaded by any person who is the sole head of a family, or any male over 18 years of age, to the extent of one-quarter section of 160 acres, more or less.

Entry must be made personally at the local land office for the district in which the land is situated to perform the conditions connected therewith under one of the following plans:  
(1) At least six months' residence upon and cultivation of the land in each year for three years.  
(2) If the father (or mother, if the father is deceased) of the homesteader resides upon a farm in the vicinity of the land entered for the requirements as to residence may be satisfied by such person residing with the father or mother.

(3) If the settler has his permanent residence upon farming land owned by him in the vicinity of his homestead, the requirements as to residence may be satisfied by residence upon the said land.  
Six month notice in writing should be given to the Commissioner of Dominion Lands at Ottawa of intention to apply for patent.

W. W. CORY,  
Deputy of the Minister of the Interior.  
Unauthorized publication of this advertisement will not be paid for.

North West Association of Stationary Engineers will meet at the Co-operative Hall, second and fourth Wednesday of each month at 8 p.m. Engineers wishing positions and employers wish to be satisfied by residences write to P. O. Box 1038. E. H. OLIVER, Sec.

## GOVERNMENT OF THE PROVINCE OF SASKATCHEWAN

Public Works Department.  
TENDER FOR LAND TITLES OFFICE

Sealed tenders will be received up to 4.30 p.m. on MONDAY, February 11th 1907, for the erection of a Land Titles Office Building at Regina, Saskatchewan.

The building will be about 80 ft. x 30 ft. reinforced concrete fireproof construction, cut stone facing and two stories in height and other details to match this style of work.  
The plumbing, heating and ventilating and electric light wiring will not be included in this contract.  
Each tender must be accompanied by an accepted cheque or other satisfactory deposit for the amount of \$8,000. This deposit will be forfeited if the tenderer fails to execute the contract and bond when requested, and will be returned when the contract and bond is signed and the work is commenced. The deposit of unsuccessful tenders will be returned when the contract is signed.  
The right to reject any or all tenders and to waive any defects or irregularities therein is to be at the discretion of the Commissioner of Public Works. Plans, specifications, form of tender and all information may be obtained on application to the undersigned.  
The unauthorized insertion of this advertisement will not be paid for.

## Mirzapore Rugs

Hand made Muzapore Rugs are very little higher in price than Machine woven goods, but they give three times the wear. The pile is long and thick, making it a pleasure to walk on them and the colors, bright, but yet not gaudy, being dyed by vegetable dyes, are absolutely fast, and have not the injurious effect on the fabrics that chemical dyes always less or more have. These goods being in great demand, have been very scarce but we have just taken delivery of two bales, and now have them on sale. They are particularly suitable for halls, dining-rooms, dens etc., as they stand any amount of Hard Wear.

The sizes are as under:  
6 ft. 3in.x3 ft. 3in. 8 ft. 1 in.x5 ft. 2 in. 9 ft. 7 in.x9 ft. 3 in. 7 ft 3 in.x4 ft. 3 in. 9 ft. 3 in.x6 ft. 3 in. 12 ft. 3 in.x9 ft. 3 in. 12 ft. 3 in.x9 ft. 3 in.

We have also an advance shipment of Axminster Rugs in new spring colors and designs. Call and look them over.

## Calgary Furniture Store Ltd.

F. F. Higgs, Manager.

### CARD PLAYING AND THEATRES

The Visiting Evangelists Condemn Them Both

### MR. CROSSLEY CONDEMNNS GAME OF "NATIONS"

Large Audiences Attend Special Services in Methodist Church

The Central Methodist Church and the adjoining school room were crowded last evening, many were standing. Photographs of the Evangelists were distributed to those representing their families in the church.

"I will read a few verses from the old Book beginning 1 Thessolians VII 'Let us not sleep'—it is an awful thing to be found asleep in church, sometimes the preachers fall fast asleep and the devil works hard all the time."

"Don't get drunk with pride, don't get too fond of your home, property, position, banking account of books, no one need be afraid of that score in this crowd."

"Especially don't get drunk with liquor, what a consummate fool a man is to become intoxicated, as I have said before I would be afraid to put a match to the mouth of some in Calgary for fear they should burn up."

"The best people outside Calgary are in Nova Scotia and Newfoundland but even some of them drink."

"What would you think of a wife who made a practice of going into the bars and treating the boys? 'Say' come along, what will you have?"

"Reverence your ministers love them, they have a duty to perform towards you and you have a duty to perform towards them. Some people say they are idle, but they are the busiest men in the world. I will take second place to no man in Canada for I am always busy."

The evangelist quoted the Ten Commandments of the New Testament. "The modern theatre is injurious to home life, social life and spiritual life. 'How dare you go where everything sacred is caricatured.'"

"I object to these theatres and play houses for the following reasons, their bills and posters are an outrage, city and municipal councils should not allow them. Some of them depict crimes almost in nudity, what must the play be behind these bills?"

"I object to them because of the people who attend them, I have seen women as the theatres come out of cities of the United States, watch for their prey as spiders watch for flies."

"I object to them because they tend to the bad houses and the bar rooms the worst people are found in theatres, the devil is there."

"The devil can claim you if you die there and quite right to. Look carefully at men who habitually attend these play houses and notice their dissipated appearance."

"Many plays are immoral, and no girl can ever be as pure after seeing such a show as you had in this town a few weeks ago. I must have been here it was in Fort William when we were there, and it was coming west."

"Never marry a girl who is fond of modern theatres if you have any sense."

Mr. Crossley took for his text the words of Pilot found in St. Matthew 'What Shall I Do With You?' 'Some people were unable to discriminate between chess, checkers, dice and cards. The element of chance is not so marked in the two former as in the latter two.'

"Carding games and games requiring skill and dexterity were all right provided a man doesn't waste too much time over them."

"Presbyterian and Baptist what, or the game of nations as it was sometimes called, is the devil's device to get people started with cards."

"It is wrong for preachers and church workers to play cards. It is wrong for you too."

"Don't say what's the harm, rather say what's the use of playing, their very innocency of appearance is the devil's sugar coat."

"They give one a false idea of life and tend to make people imagine success is due to luck. They have a bad name, they are questionable, they have an injurious effect on a person's influence. Mothers and wives if you encourage your children, husbands or brothers to play you will have their blood on your skirts."

"The love of Christ expels the love or desire to play. You can't play cards in his home. You can't play without falling on that I stake my reputation. It is a disgrace to those ladies who put up prizes, 'booby prizes' to be won at their card parties. Let the winners will sell their trophies and give the proceeds to some kind of society."

"Cards hinder many from coming to the Lord."

Mr. Hunter then said that nothing was too hard for God. Half damned sinners He can save you. He can save men from the hell of the hell of Calgary, beautiful Calgary. The time may come when your father will desert you, but my Lord never. The usual appeal was made and many responded.

Consuls and Their Salaries  
Washington, Jan. 29.—The senate today passed the diplomatic and consular appropriation bill, carrying \$3,065,477, an amendment presented by Senator Lodge was agreed to providing that the salaries of all consular clerks by \$1,000 per year for the first three years of their service, after which \$300 is to be added until a maximum of \$1,800 is reached.

Buffalo, N.Y., Jan. 28.—Buried under tons of ice-coated debris of the eight story Seneca building, 101-109 Seneca street, destroyed by fire today, three firemen are tonight probably dead or so badly injured that they will die before aid can reach them. About 20 firemen, including the three missing men, were on the roof of the Heywood building, the first structure to the east of the Seneca building, fighting against the spread of the flames, when two thick brick walls of the Seneca building collapsed. Tons of debris from the crumbling walls crashed down on the roof of the Heywood building, going through the roof and carrying floor after floor into the basement, while not one of the 20 men escaped without some injury, but half of them were able to fight their way out and give aid to their less fortunate comrades.

### WITHOUT ANY MEANS OF SUPPORT

Caring of Consumptives Coming From Eastern Canada Serious Problem

The members of the W.C.T.U. are circulating a petition which will be presented to the Dominion government asking that action be taken regarding the large number of persons suffering with tuberculosis who are crowding into the city, who are without money to support themselves and who can earn nothing. As all of these persons come from eastern Canada, the suggestion is made that the government negotiate with the sanitarium to supply a certain portion of that building for poor patients.

This question is becoming somewhat alarming. The mayor called attention to the matter at the meeting of the council on Monday night. He referred particularly to one person who came to the city with \$50. His money was gone and he was unable to work.

The question was taken up at a meeting of the Calgary board of trade which was held last night. W. Peterson in referring to the matter said that with the ordinary hospital grant from the provincial government and a Dominion grant for the prevention of tuberculosis, the expense would not be great for providing some place of relief for these patients.

Dr. Lafferty dealt with the matter more exhaustively. He pointed out that the sanitarium was now filled with pay patients. If any relief should be provided a great many persons would take advantage of it. He referred to the work that was being done by the society for the prevention of tuberculosis, and said that further efforts would be made to have sanitariums established in all the provinces. Not one per cent of the sufferers from consumption in this district contracted the disease in Alberta. The treatment of the disease was not expensive and was much simpler than before. At the medical meeting held recently a motion was passed asking the government to exclude from Alberta all who were suffering from the disease. This would not be done, but the result of it would cause certain action. The provincial government would take some action at once.

Mr. Cross and some others thought that it would be unwise to ask for the establishment of an institution of that kind in Calgary. There were some places in the mountains, delightful spots too, which would be well adapted for a sanitarium.

A committee composed of Messrs. VanWart, Rowley, Peterson, Dr. Anderson and Dr. Lafferty was appointed to prepare a resolution upon the question and submit it to a future meeting of the board of trade.

## LOCAL NEWS

Good News From Probs  
Forecast—All western provinces fair weather moderating in Alberta.

The Juvenile Bostonians will be here week commencing Feb. 4.

A. Allan, customs agent, returned yesterday from a business trip to the department at Ottawa.

Miss N. Jones, who has been spending the last few days in Red Deer returned to the city yesterday.

H. W. Fletcher left Saturday for the east on a month's holiday. He will visit Toronto and other eastern points.

W. E. Burnham, agent for the Juvenile Bostonians, is in town arranging for the appearance of his company.

Lieut.-Gov. Forget arrived in the city on Sunday and left for the east yesterday morning. He registered at Braemar Lodge.

The billiard tables for the men's club in St. Mary's hall arrived in the city last week and are now installed in their new quarters.

Mrs. W. B. Sherman, who is at present in the Holy Cross hospital, is slowly recovering and will be around, it is expected, within a few days.

J. E. Ruttle and A. J. Samis were nominated yesterday as candidates for the vacancy in the city council for ward 1, caused by the resignation of Ald. Ramsay.

The Hundred Thousand club received their membership buttons yesterday, for ladies, gentlemen and children, so that all members having paid their membership fee will now receive their button.

The Calgary junior hockey club are going to Macleod on Feb. 8 to play the sturdy juveniles of that town. The line-up of the team will be as follows: Lewis, McLeod, Margach, Lane, Kerr, Gill, Davis and Hunt. J. Biance will accompany the team in the capacity of manager.

The election of officers for St. Mary's club was recently held and resulted in the following: P. Burns, hon. pres.; J. J. O'Gara, pres.; J. J. McCaffrey, vice-pres.; E. McCormick, treas.; Dr. Costello, sec.; Bishop Legal, patron; committee, T. A. MacCauley, J. Hynde, J. R. Miquelon, J. E. Rice, B. T. Keating.

**PREPARING FOR ST. PATRICK'S DAY**  
Grand Banquet and Concert to be Held in Calgary

A large and enthusiastic meeting of the men of the parish was held in St. Mary's hall on Sunday night last for the purpose of considering the question of celebrations in Calgary on St. Patrick's day in March. J. W. Costello occupied the chair, and the meeting was called to order about 8.30 in the club room upstairs.

It was at first decided to hold a musical entertainment appropriate to the evening, but after due deliberation it was unanimously agreed to hold a grand banquet previous to the concert. A committee was elected to look after these affairs, and also to approach Rev. Father McQuaid of Macleod on the question of delivering the address of the evening. Rev. Father McQuaid is a very fluent orator, and it is said by those who have heard him that he has no equal in the west, so that provided his services are secured a very interesting evening will be the result.

**BUILDING PROGRESS IN CITY OF REGINA**  
W. M. Dodd Tells of Activity in Saskatchewan Capital

W. M. Dodd, architect, who has during the past few days been in Regina opening more commodious offices, arrived home yesterday.

While in Regina Mr. Dodd inspected his new municipal buildings, the city hall, and the new Wascana hotel. The Hotel Wascana is being built on the old ruins that took fire some few months ago. This has been remodelled and will be fireproof, and if the work goes on without any stoppage, another week will complete the brick work.

Splendid progress is being made on the new city hall, and already one story has been completed. The building will cost \$142,000 and will be fireproof throughout. Pressed brick with Bedford stone trimmings will be used and the building will measure 91x130. The work will be completed by July.

Work in Calgary, said Mr. Dodd, has been stopped on all outside building operations through the weather and will be until the weather moderates.

**CLUB IS IN GOOD SHAPE**  
Alberta Club Officers Elected at Meeting Last Night

The meeting of the executive committee of the Alberta club was held last night in the club rooms on Seventh avenue, when the following officers were elected: Dr. E. G. Mason, president; A. M. Grogan, vice-president; F. W. Mapson, sec.-treas.

It was decided to have a house warming banquet complimentary to the members of the club; visitors to a limited number may obtain tickets at the price of \$1.00 from F. W. Mapson. It was also decided to hold a smoker after the banquet. The banquet is billed for the evening of the 12th Feb. at 8 p.m.

The club has now a membership of 200, and for appointments, etc., cannot be surpassed by any of the clubs of Alberta. The club now owns its own premises, a great feature to any young club, and at the next meeting of the executive they will decide as to serving meals.

**What is the Citizen's League?**  
At a meeting of the Citizen's league yesterday a motion was passed strongly endorsing the candidature of A. J. Samis for alderman in ward 1.

## CANADIAN CLUB FOR CALGARY

A Branch Organized in This City Last Night

At last a Canadian Club has been organized in Calgary.

At the conclusion of the meeting of the Calgary Board of Trade last night a number of the members of the Board of Trade waited and completed organization. C. W. Rowley was chairman and E. L. Richardson acted as secretary.

Mr. Richardson read the suggested laws and constitution. Mr. Rowley spoke of the advantages to be derived by a Canadian Club.

A nominating committee composed of Messrs. C. W. Rowley, Dr. Laferty, E. L. Richardson, C. W. Peterson, and W. M. Dawson, was appointed, to report at a meeting to be held within a few days.

**DAKOTA MUCH WORSE THAN WESTERN CANADA**  
North Dakota Man Arrives in City Three Days Behind Schedule Time

James Durden of North Dakota, who arrived in the city yesterday, in conversation with the Albertan said:

"It has taken me three days longer to reach this city than scheduled time."

"In Dakota the snow blockade is ever so much worse than in Western Canada and it was there that I lost the time. The Soo line and the G.N.R. are practically at a standstill, and the proposition appears to be a serious one."

"Town after town along their lines are completely without coal, and some of the hardships are terrible. To make matters worse there seems little possibility of their being relieved, as it takes the rail way companies all their time to move the passenger trains, without touching the freights."

**NEW FOUNDRY TO BE STARTED HERE**  
Two Gentlemen From the South of Minnesota are Investing in Calgary

The Hundred Thousand club received a visit yesterday morning from two gentlemen just arrived in Calgary from the south of Minnesota.

In conversation with Secretary Webster, they stated that as soon as possible, they would put in a plant here, for a machine foundry for manufacturing and repairing.

Their plant would cost at starting \$20,000, but this will be added to from time to time.

Regarding details as to where they would locate, no information was given, but they hoped to be running before spring.

**VALUE OF DISCREET ADVERTISING OF CITY**  
The Publication of Statement Some Time Ago Having Good Results

The secretary of the Board of Trade is in receipt of a letter from W. L. Griffith, of the office of the High Commissioner for Canada, in which he states:

"I duly received your letter of the 9th November last with the enclosures, and circulated the information contained in the letter, in accordance with your request. A few press clippings are enclosed showing how the matter was dealt with."

Mr. Griffith enclosed clippings cut from such mediums as The Commercial Intelligence, Financial News, Canadian Gazette, Financier, Financial Times.

This is another evidence of the splendid advertising Calgary is receiving, as a result of the literature respecting Calgary published from time to time by the secretary.

The above letter refers particularly to the first clearing house statement compiled by Mr. Richardson.

**MR. VAN WART SELLS SOME REAL ESTATE**  
Good Prices in Different Parts of the City

I. S. G. VanWart has disposed of his property on Seventh Avenue, east, lots 15, 16, 17, 19, 19, block 57, situated at the very end of the street and across from the barracks. He sold the property for \$30,000.

Mr. VanWart has also disposed of lots 29 and 30 in block 67 on 11th Avenue, situated on the C.P.R. spur for \$8,500.

**NEW TOWN TO THE NORTH EAST OF US**  
A Large Influx of French Citizens Early in Spring

Paul Paradis is in the north country laying out a town site 55 miles east of Didsbury.

Mr. Truchot, well known in this country, is now in France and intends to bring out four hundred French families in the spring to settle in that district.

Our little friends, the Juvenile Bostonians, will be with us for one week commencing Monday, Feb. 4. Since its last visit the company has been strengthened and some wonderful voices are to be heard. The repertoire for the week will be "Dorothy," "Topsy," "Rajah of Puzala," "Gypsy Girl," "Olivette," and on Saturday night choice selections from the big eastern operas.

Uniontown, Pa., Jan. 29.—Tony Sain, a foreigner, went to a coke oven, deliberately undressed in the cold and threw himself naked head first into a bed of fire. His mind was unbalanced.

Tokio, Jan. 29.—During the year 1907 the following warships will be launched at Japanese yards:

At Kure, battleship—Old, 15,000 tons, armoured cruiser Iwako, 14,600 tons, second class cruiser Megami, 3,400 tons.

At Yokosuka, armoured cruiser Kurama, 14,000 tons.

At Sasebo and Kobe, cruiser Oho and Tone, 3,000 tons each.

At Uraga, torpedo destroyer Kirusuki, 380 tons.

## DEBATE ON THE SPEECH

Edmonton, Jan. 29.—The legislature today continued the debate on the speech from the throne.

Cornelius Hiebert, the junior member of the opposition party, held the floor for the early part of the sitting and was replied to by John T. Moore, member for Red Deer, and John R. Boyle, member for Sturgeon.

Mr. Hiebert took up a line censuring the government for what he considered their alliance with a corporation monopoly.

He said that what was to be the greatest railroad monopoly of them all, the Grand Trunk Pacific, was stretching its tentacles like ribbons of blood across the plains. He advocated as a release from the railway monopoly the construction of a provincial government road from the boundary line to Edmonton and thence to Hudson bay.

He also said that Alberta was coming under the rule of a family compact.

John T. Moore slated the member for Rosebud for the careless use of inapplicable phrases, scoring him particularly for the family compact reference.

John R. Boyle asked if the opposition was anxious to assist in releasing the country from corporation monopoly, why he did not commend the government for having met and fought the Bell telephone monopoly and having inaugurated a policy which would guarantee the farmers cheap phones all over the province.

He regarded the G.T.P. as the deliverer of Alberta from high freight rates, arguing that when low grades across the mountains were secured Alberta's grain would reach the water on the Pacific and at a rate that would put our farmers on a par in the world's market with any other grain growers in America. He regarded the Hiebert Hudson bay project as a matter entirely out of the province's sphere.

# SELF-RAISED

BY  
EMMA D. M. SOUTHWORTH

They crossed the drawbridge over the ancient moat and entered the castle gate. The light above it revealed the ghastly, iron-toothed portcullis, and the glaucous ready to fall and impale any audacious passenger under its impending fangs. And they entered the old paved courtyard and crossed over to the main entrance of the castle hall. Here, at length, some of the attendant honors of Lady Vincent's new rank seemed ready to greet her.

The establishment had been expecting its lord and had heard the sound of carriages. The great doors were thrown open; lights flashed out; liveried servants appeared in attendance. "You got my telegram, I perceive, Cuthbert," Lord Vincent said to a large, red-haired Scot in plain citizen's dress, who seemed to be the porter.

"Yes, me laird, though, as ye ken, the chieft at yon office at Banff hae to send it by a special messenger—sae it took a long time to win here."

"All right, Cuthbert, since you received it in time to be ready for us. Light us into the green parlor, and send the housekeeper here to attend Lady Vincent."

"Yes, me laird," answered the man, bowing low before he led the way into a room so elegantly furnished as to afford a pleasant surprise to Claudia, who certainly did not expect to find anything so bright and new in this dark, old castle.

Here she was presently joined by a tall, spare, respectable-looking old woman in a black linsey dress, white apron and neck shawl, and high-crowned Scotch cap.

"How do you do, dame? You will show Lady Vincent to her apartments and wait her orders."

"Oh, sirs, under her name?" ejaculated the old woman under her breath; then turning to Claudia, with a courtesy she said: "I am ready to attend your ladyship."

Claudia arose and followed her through the vast hall and up the lofty staircase to another great square stone hall, whose four walls were regularly indented by lines of doors leading into the bed chambers and dressing rooms.

And as Claudia looked upon this array, her first thought was that a stranger might easily get confused among them and open the wrong door. And that it would be well to have them numbered as at hotels to prevent mistakes.

The old housekeeper opened one of the doors and admitted her mistress into a beautifully furnished and decorated suite of apartments which consisted of boudoir, bedroom, and dressing room opening into each other, so that, as Claudia entered the first, she had the vista of the three before her eyes.

"The floors were covered with Turkey carpets so soft and deep in texture that they yielded like turf under the tread. And the heavy furniture was all of black walnut; and the draperies were all of golden-brown satin damask and richly embroidered lace."

"The effect of the whole was warm, rich, and comfortable. Claudia looked around herself with approbation; her spirits rose, she felt reconciled to the rugged old fortress that contained such splendors within its walls; for who would care how rough the casket, so that the jewels it held were of the finest water? Her plans 'soared up again like fire.'"

"She passed through the whole suite of rooms to the dressing room, which was the last in succession, and seated herself in an easy-chair beside a bright coal fire."

"The dinner will be served in an hour, me ladyship. Will I bring your ladyship a cup of tea before you begin to dress?" inquired the housekeeper. "If you please, you may send it to me by one of my own women. You are too aged to walk up and down stairs," replied Claudia kindly.

"Heigh ho! I'm a' ready to hand me air wi' any lassie f' the house," said she, nodding her tall, flapping white cap.

"Will you tell me your name, that I may know in future what to call you?" Claudia asked.

"It's e'en just Mistress Murdoch, at your ladyship's bidding. And now I'll gae bring the tea."

"Send my servant Katie to me at the same time," said Lady Vincent, who, when she was left alone, turned again to view the magnificence that surrounded her.

"If ever I spend another autumn on this bleak coast, I will take care to fill the castle halls and chambers with gay company," she said to herself.

The housekeeper entered with an elegant little tea-service of gold plate, and set it on a stand of mosaic work, by Claudia's side.

While she was drinking her tea Katie entered, smiling with both her eyes and all her teeth.

"Well, my ladyship, ma'am, this looks like life at last; don't it, though?" "I think so, Katie," said her mistress, sipping her aromatic "oolong."

"I like Scraggy better nor I thought I would."

portions and splendid decorations. And Claudia was smiling across it with majestic gait, in the full consciousness of being the Viscountess Vincent and Lady of the Castle, when suddenly her eyes fell upon an object that arrested her footsteps, while she gazed in utter amazement.

One of the most transcendently beautiful women that she had ever beheld lay reclining in the most graceful and alluring attitude upon a low divan. Her luxuriant form, arrayed in rich, soft, white moire antique and lace, was thrown into harmonious relief by the crimson velvet cover of the divan. She was asleep, or perhaps affecting to be so. One fine, round, brown arm, with its elbow deep in the downy pillow, rose from its falling sleeve of silk and lace, and with its jeweled hand, buried in masses of glittering, purplish black ringlets, supported a head that Reubens would have loved to paint. Those rich ringlets, flowing down half veiled and the rounded arm and full, curved neck and bosom that were otherwise too bare for delicacy. The features were formed in the most perfect mold of Oriental beauty; the forehead was broad and low; the nose fine and straight; the lips plump and full, and the chin small and rounded. The eyebrows were black, arched, and tapering to the points; the eyelashes were black, long, and drooping over half-closed, almond-shaped, dark eyes that seemed floating in liquid fire. The complexion was of the richest brown, ripening into the most brilliant crimson in the oval cheeks and dewy lips that, falling half open, revealed the little glistening white teeth within. While one jeweled hand supported her beautiful head and the other drooped over her reclining form, holding negligently, almost unconsciously, between thumb and finger, an odorous tea-rose.

Visitors Took Away Five of the Eight Trophies

**THE EVENT A VERY SUCCESSFUL ONE**

Calgary Got Three Firsts, Two Seconds, Two Thirds and a Fourth

The third annual bonspiel of the Alberta branch of the Royal Canadian Curling Club finished yesterday afternoon, being the most successful yet held by that organization. The bonspiel from every point of view was a success, weather and attendance helping to make it the best on record. Several new rinks put in an appearance, and next year there will be still more, coming from new towns on the branch lines.

The games left over from Monday were Bruce vs. Freeze in the semi-finals of the Burns trophy, the winner of which had to play Tarrant of Calgary in the finals.

Bruce, for the second time during the bonspiel, went to defeat at the hands of Freeze by the surprising score of 13-5.

The final game for the trophy was then played between two local rinks, Tarrant and Freeze. At the sixth end it was seven to six in favor of Tarrant, the closest Freeze ever came to overtaking him, as after this with the exception of one point for Freeze, Tarrant run up the sum of eight points in five ends.

Freeze saw the game was hopeless and withdrew from the contest in the 11th end, giving Tarrant the cup.

In the points the scores were not high, 30 being the maximum. The ice to a great extent accounted for the poor showing made. Had the ice been in good shape for points there would have been some records approached.

The following is the prize list for the bonspiel with winning rinks:

**Grand Challenge.**

1st. Innisfail, skipped by Wilson; Fairley 3, Lundy 2, Olsen lead. Prize, Teley tankard and four silver tea kettles with lamps.

2nd. Calgary, skipped by McKillop; Telfer 3, McKelvie 2, Newton lead. Prize, two chairs, one section at book case and two curling stones.

3rd. Calgary, skipped by Colonel Walker; Bryan 3, Douglas 2, Lamont lead. Prize, silver flasks.

4th. Innisfail, skipped by D. K. Kremer; McBurnie 3, Miller 2, N. Kremer lead. Prize, four pipes.

**Walkerville Trophy.**

1st. Lacombe, skipped by Trimble; Lundy 3, Morrison 2, Rose lead. Prize, Walkerville trophy and four pieces cut glass.

2nd. Innisfail, skipped by Wilson; Fairley 3, Lundy 2, Olsen lead. Prize, four gold lockets engraved.

3rd. Lethbridge, skipped by McLeod; Harnes 3, Humphries 2, Duff lead. Prize, four sets of canvases.

4th. Calgary, skipped by Colonel Walker; Bryan 3, Douglas 2, Lamont lead. Prize, one case White Horse Scotch whiskey.

**Brewery Trophy.**

1st. Lethbridge, skipped by Bruce; W. Scott 3, R. Scott 2, A. Scott lead. Prize, silver tankard and four silver tea services with trays.

2nd. Medicine Hat, skipped by F. S. Pingle; C. S. Fleming 3, Fleming 2 and Whiffin lead. Prize, four silver soup tureens.

3rd. Calgary, skipped by Savage; Fletcher 3, McLeod 2, Dallison lead. Prize, one case Kilmarnock Scotch whiskey.

**Burns Trophy.**

1st. Calgary, skipped by T. Tarrant; Johnson 3, Lucy 2, F. Tarrant lead. Prize, silver trophy and four handsome clocks.

2nd. Calgary, skipped by T. S. Freeze; Johnson 3, Henderson 2, D. H. Freeze lead. Prize, four German steins.

3rd. Banhead, skipped by Bayne; Walters 3, Furnell 2, Muir lead. Prize, four pair shoes.

4th. Lethbridge, skipped by Bruce; W. Scott 3, R. Scott 2, A. Scott lead. Prize, four Stetson hats.

**District Trophy.**

1st. Calgary, skipped by McKillop; Telfer 3, McKelvie 2, Newton lead. Prize, trophy and four articles of cut glass.

2nd. Maple Creek, skipped by Kearns; Quirk 3, Cool 2, Courtice lead. Prize, four suit cases.

3rd. High River, skipped by Waugh; Brooks 3, Sutherland 2, Aah lead. Prize, 400 Pharaoh cigars.

**Visitors Trophy.**

1st. Lethbridge, skipped by Bruce; W. Scott 3, R. Scott 2, A. Scott lead. Prize, oak bronze shield and four cut glass claret and water jugs.

2nd. Medicine Hat, skipped by F. S. Pingle; C. S. Fleming 3, Fleming 2, Whiffin lead. Prize, four silver bread trays.

3rd. Lethbridge, skipped by Kenny O'Donnell 3, McKay 2, Robson lead. Prize, four manure sets and 24 Priddis, skipped by Ebbal; Patterson 3, Bird 2 and Ramsay lead. Prize, 200 Old Abe cigars.

4th. Strathcona, skipped by Weir; Douglas 3, Congdon 2 and Tipton lead. Prize, four bottles champagne.

**Grand Aggregate.**

Lethbridge, skipped by Bruce; W.

Scott 3, R. Scott 2, A. Scott lead. Points Competition.

**GIRL BADLY FROZEN WANDERING STREETS**

Her Mind gone and Was in Danger of Perishing

A young lady by the name of Marshall who appears to be demented is now in the S. A. rescue home in a very serious condition having both her hands frozen.

On Sunday night Officer Douglas boarded a house last Saturday because the house was full. She registered at the Palace hotel on Saturday night saying for her board until Monday morning. But last Saturday night she was about to leave, but remained until Sunday morning.

On Sunday night Officer Douglas saw the woman wandering on the streets and noticing that she was in danger of perishing he induced her to go to the Victoria hotel, where she spent the night but would not give her name until morning, when she said it was Miss Messenger.

On Monday morning she paid her bill and departed, and was not heard of again until Monday evening when she was found by Prof. Clark at 11:15, who was sending his way home. He noticed that she was having trouble with her ears to keep them from the frozen state and that her hands were badly frozen. He received the usual fluent response to his enquiries, but prevailed upon her to go to his home, where she was attended to by Mr. and Mrs. Clark. Prof. Clark phoned Adjt. Byers of the rescue home to see if they would take care of the unfortunate lady, and received the quick response to send her over.

Upon arriving at the home the girl was in rather a bad condition, and they decided to employ a trained nurse to look after her.

The nurse when seen by the Albertans stated that she could not identify the girl, as her mind appeared to be wandering and she had the hallucination that they were keeping her in the rescue home against her intention of doing her harm. She refused to eat or take nourishment. Her hands are badly frozen and will have to receive careful attention. The nurse stated that she could get no information from her as to her troubles or as to why she left the Calgary hotel. She would not even give her name.

**Crescent Heights**

Calgary's beautiful and most central suburb, just across the Bow river from the business and educational portion of the city.

A charming location commanding the entire view of the city, mountains and Bow river valley.

And besides all this the bridge on Centre st. is now assured.

**TOUR OF THE GREAT S. A. GENERAL**

**Making Journey Through Europe, Asia, America**

London, Jan. 29.—General William Booth, the aged founder of the Salvation Army, has mapped out extensive tours for this year, including two visits to the United States. Tonight the general left here for Denmark, Norway, Sweden, where for two weeks he will address two or three meetings a day. On Feb. 23, he will leave London for New York. He will spend two weeks there before proceeding by way of Canada to sail April 1st for Japan.

After travelling through Japan he will go on to Peking. He will be back in London by July to commence another automobile campaign through the British Isles. At the conclusion of this trip in the month of October, General Booth will again cross the Atlantic for a two months' tour of the United States.

**TWO SETS OF ELECTION RETURNS**

**Peculiar Methods Adopted by Russian Government**

St. Petersburg, Jan. 29.—The first returns of urban elections were received today from Kaluga and show constitutional democratic successes. The peasant elections continue to be held in the various provinces. It was learned today that the government news bureau a printing two sets of election bulletins. One is for secret distribution to officials, which will be used for one public circulation. Up to the present time the latter bulletins have not mentioned the election of a single constitutional democrat, social democrat or revolutionary candidate among the workmen; they refer only to monarchist or moderate candidates.

**FAVOR DABBING IN MINING STOCKS**

**Such is the Verdict of Gentlemen Who are in Stock Business in New York**

New York, Jan. 29.—From returns received up today in the postal card canvass of members of the New York produce exchange, it appears that a great majority favor the proposition that the exchange deal in mining and industrial stocks.

**Riots Occurring at Dublin Theatre**

Dublin, Jan. 29.—A play by the Irish dramatist Synge, "The Playboy of the Western World," which was produced at the Abbey theatre last Saturday night, has excited a rising tide of disapprobation, which culminated tonight in riotous scenes. The play was completely howled down and the theatre had to be cleared by the police. The malcontents, led by the Gaelic league, complain that the play reflects unjustly upon the character of the western Irish peasantry by representing them as stupid and accused parricides from justice. The audience tonight was composed of two opposing factions, the students of Trinity college, who are the friends of the author, who was supported also by William Butler Yeats, the Irish poet, while on the other side were the members of the Gaelic league.

The producers of the play have expressed their intentions of continuing the performances as a protest against the remarks on the success of the theatre.

**Fire Caused Trouble But Killed No One**

Philadelphia, Jan. 29.—The Baldwin locomotive works is threatened by a fire which broke out late this evening near the United States plant and is the largest industrial plant in the United States. The engine fire department was called to the scene. It is said that a number of employees were caught in the burning buildings.

At 6:30 the walls of the workshop fell, killing half a dozen men. Philadelphia, Jan. 29.—The fire was under control at 6:45 p.m. Three men who were caught beneath the walls of a paint shop were rescued. They were only slightly injured. The buildings destroyed were the paint shops, pattern shop, and the department of electrical shop. Less than one thousand were employed in these departments.

**Rapid Going With a Gun**

Rochester, N.Y., Jan. 29.—A F. Laudenbach, of the Winchester Road and Gun club, New Haven, Conn., today established a new record in the rapid fire contest at the third annual tournament of the indoor 22 calibre league of the United States, now in progress here. He made a string of 36 shots in 1 minute. He was the holder of the previous record of 78 shots.

**Tolstoi is Very Well**

Moscow, Jan. 29.—A son of Count Leo Tolstoi was interviewed today regarding the rumored dangerous illness of his father. He said that his father had an attack of influenza but that he had recovered by Christmas. Since then he had contracted a bronchial trouble but this illness was taking its normal course and he was not in danger.

**Fearful Results in Mine Explosion**

Charleston, W. Va., Jan. 29.—There are at least 50 or 60 known dead as a result of an explosion in the Stewart mine near Fayetteville, Fayette county, tonight, according to the last reports received, and it is expected the number will reach 75. The explosion was caused by dust in the mine.

At the time of the explosion there were about 200 men in the shafts, and there is grave apprehension that a great many of them were in the mine when the explosion occurred. Organized efforts are being made to get to the men and volunteers are plentiful. The scene about the mine is a pathetic one, men, women and children crying for their dear ones, and imploring those on the ground to go to their rescue.

**Large Amount of Money Wanted**

Paris, Jan. 29.—The budget passed the chamber of deputies tonight, after a stormy debate, assisted by a divergence of views between the senate and chamber, relative to the new fire insurance taxes.

The budget involves the issue of \$16,400,000 in short term bills to meet the deficit.

**Eyes are Seldom Mates**

After middle life, and frequently earlier, the eyes are apt to be of unequal strength. If this inequality is not corrected, the weaker eye will be overworked and be thus made weaker still.

This shows the necessity of always having each eye separately examined.

We fit spectacles that will correct every defect of vision and strengthen weak eyes.

Examinations Free

**Shipmaster's Meeting**

Toledo, O., Jan. 29.—The seventh annual convention of the Shipmasters' Association of the Great Lakes, convened here today and will hold a four days' session.

Mayor Whitlock delivered an address of welcome. It is expected some important topics will be dealt with before the closing of the convention, namely the problem of the bettering of navigation and the question of recommending to congress, the pension of life savers employed on the great lakes.

**Fearful Results in Mine Explosion**

Frankfort-on-the-Main, Jan. 29.—A despatch to the Zeitung from Saar-Brucken says there are still 72 bodies underground in the Reden mine. Of the bodies brought out only 24 have been recognized; the others are so burned that their identity cannot be established. One woman became her husband alive, she having believed him to be among the dead. The cause of the explosion is amystery.

### Made \$3,000 in Five Days

Last week we purchased a block in Mount Pleasant addition for one of our clients, paying \$8,000. Monday we sold the half lying farthest out for \$5,000.

Since then our client has been offered \$6,000 for the remaining half block.

There is not a week passes that we are not making just such deals for some of our clients.

Why not become one of them, and let us find you a buyer for your property, or buy for you a piece of property that will double your money.

The following list is made up of just a few choice pieces we are now offering for sale at a bargain.

Twenty lots, finest in the city, one-half mile from the post office can be bought for \$8,000 on good terms. This offer is only for a short time.

Lots 11 and 12 block 42, Beaumont. Must be sold at once.

Thirty-two lots on hill this side of Tompkin's estate can be bought for \$3,000.

Seven lots, block 8, Bankview, \$1,300.

Two lots, block 36, section 15, with six room cottage, on each lot \$2,500.

Modern eight room house, situated on two lots, 17th avenue west, near 2nd street, electric light, water and all modern conveniences; present tenant will pay \$40 a month for one year.

A few choice lots left in Balmoral addition, which we can sell you on monthly payments; best buy in the city at the price.

Nineteen and one-half acres, 1 1/2 miles from Post office, \$650 per acre; one-third cash, balance easy terms. Must be sold at once.

The Canadian-American Land & Investment Company, Ltd.

Phone 865 Room 9, Burns Block

## To the Electors of Ward No. 1.

Ladies and gentlemen: As it seems to be the general desire that I offer myself as a candidate for the position on the city council recently vacated by Mr. Ramsay, I have decided to accept. I may say that I am favorable to a strict enforcement of all our laws with absolute impartiality. I think that a commission should be appointed whose duty it would be to have charge of the administrative department of the city's affairs; that this commission should be composed of the best men available, and that the yoke allowed to act as independently of the city council as would be consistent with the idea of responsible government.

I am favorable to the principle of the municipal ownership of all public utilities and would consent to no dealings with any private individual which in my opinion jeopardized that principle.

The future growth of Calgary as a manufacturing centre depends almost solely upon our ability to furnish cheap power and every legitimate effort should be used to accomplish this end.

I thank those who have honored me with their confidence and if elected I will do my utmost to serve the ward and the city, conscientiously and well.

Yours Truly

A. J. Samis

### ANNUAL MEETING OF BOARD OF TRADE

(Continued From Page 1)

Report of the president of the Calgary board of trade for the year 1906. Gentlemen:

As president of the Calgary board of trade for the year 1906, I desire to make a few remarks on the works of the board during the year.

It can safely be said that the past year has been the most active that the history of the Calgary board of trade. In pursuance of arrangements made early in the year, several committees visited the business men of Calgary with a view to obtaining substantial financial assistance to enable the board to carry on an active publicity campaign during the year. The success of these committees met with its borne out by the splendid statement which is attached to the report of the secretary, showing a list of the contributors, and I desire to take this opportunity of heartily thanking the various donors. It was expected when the subscription list was placed about the city council would make a grant of \$5000 towards the work of the board for the year. In this we were disappointed, the small grant of \$500 being the amount obtained from the city.

One of the most important changes in the history of the board during the year, and one which has been productive of splendid results, was the removal of the officers of the board from the top flat of the building where previously located, to the new building situated on the C. P. R. right of way. The old offices were entirely too hard to get at, and for that reason the office was not capable of such good work as is at present the case. When this building was first purchased, it was the intention to use it only as a general information bureau, but it afterwards found that by fitting up the building and putting in a furnace and water connections, it could be used to good advantage as the general offices of the board of trade as well. It was also expected that it would be possible to secure a location for the building on the south-west corner of Centre St. and Ninth Ave. just north of the C. P. R. station. It was, however, found that owing to the plans of the C. P. R. for a new station, this site could not be had, as it would only mean the moving of the building to another location in a very short time, and for that reason the building was placed about the right way between Centre St. and 1st St. west of Ninth Ave. The use of this building as a permanent office of the board will of course eliminate the annual expense of the building, and organizations using the office pay sufficient rent to practically pay for the care-taking, heating and lighting of the office. The change, however, has resulted in a very great increase in the amount of work falling to the secretary during the entire year, as the office is almost continuously used by persons seeking information. To take care of incoming settlers during the busy season of the year, an information officer was engaged, whose entire duty was to await on the counter and give information to enquirers. This branch of the board's work has been thoroughly appreciated by the incoming settlers, who were extremely glad to be able to obtain reliable and absolutely unbiased information. As soon as the grain crop of 1906 was ready for harvest, samples of various grains and grasses were attractively arranged in the office, along with exhibits of other products of the Calgary district, so that visitors could see at a glance the quality of our products.

During the past year about 25,000 pamphlets have been carefully distributed. One of the most important features in connection with the distribution of this literature was the method of securing names of probable settlers. In addition to the large number of applications received by mail and through the Western Canada Immigration association, the secretary was asked for lists of their friends whom they knew to be interested in the great province of Alberta, or whom they considered it would be worth while to send a pamphlet. By using this source of securing names, the best possible list was obtained, and a very important part of our publicity work was thereby extremely economically done. With a view to interesting manufacturers and wholesalers, advertisements were placed in such mediums as the "Canadian Manufacturer," "The Commercial," etc., and the number of enquiries received is an evidence of the suitability of the mediums used. While the number of pamphlets printed and distributed during the year were as great as any three years previous, it will be necessary to publish this year a larger number than ever, if the board take advantage of every opportunity for the distribution of same, and in view of the generous way in which the large expenses connected with the board have been met by the merchants of Calgary during the past year, an application should be made to the city council for an increased grant of at least \$1500, thus making the grant for 1907 \$2000. This would be a very small matter for the city council to grant to assist the board in securing a sufficient amount of advertising matter, in fact, a smaller amount than is being voted to similar organizations in other portions of the Western provinces. As will be seen by the secretary's report, several have given liberally towards the work of the board, and it is felt that the only way a sufficient amount of help can be obtained from the masses is through the city council. Every citizen of Calgary will benefit from the publicity work of the board. Arrangements have been made to place the Calgary daily papers on file in a number of reading rooms in England, Canada and the United States.

Entertainment of Visiting Parties. The board of trade acting in conjunction with the city council, have taken advantage of the presence of various visiting bodies to show them over the city, and endeavor to make their stay in Calgary one to be remembered. Among the most important parties entertained were the Women's Press club, the Washington Correspondents, the Bankers' association and the Manufacturers' association. A special souvenir was published in honor of the latter party, which has proved a good investment from an advertising standpoint. It can safely be said without fear of contradiction, that these souvenirs were more highly appreciated by the visitors than anything received during their tour.

Railway Facilities. During the year your council had the honor and pleasure of meeting Sir Thomas Shaughnessy, president of the Canadian Pacific railway, who gave a very instructive address in which he referred to the intention of the C.P.R. of making many improvements to their already extensive interests in Calgary, the chief of which is the building of a large new station in 1907 to cost upwards of \$200,000. Several of your members also had an interview with Mr. Shaughnessy at the Canadian Northern railway, who is now being referred to as the "matron builder." Mr. P. W. Morse, general manager of the Grand Trunk Pacific, also addressed your council in regard to the proposed road from Calgary to Edmonton, and his road coming to Calgary. The Canadian Northern railway is already within a couple of hundred miles of Calgary, and at the rate the construction work on the N. R. is going on, it should not be very many months before Calgary is reached when once the road heads this way. With the addition of these two roads to the already existing Canadian Pacific railway facilities, and the coming of the Great Northern, considerable new territory will be opened up for settlement, which will naturally strengthen Calgary's position as the greatest wholesale distributing centre in the West.

(Continued on page 10)

### SYNOPSIS OF CANADIAN NORTH-WEST.

Homestead Regulations. Any even numbered Dominion Lands in Manitoba or the Northwest Provinces, except sections 8 and 20, reserved, may be homesteaded by any person the sole head of a family, or male over 18 years of age, to the extent of one-quarter section of 160 acres, more or less.

Application for homestead entry or inspection must be made in person by the applicant at the office of the local Agent or Sub-agent.

An application for entry or inspection made personally at any Sub-agent's office may be wired to the local Agent, by the Sub-agent, at the expense of the applicant, and if the land applied for is vacant on receipt of the telegram such application is to have priority and the land will be held until the necessary papers to complete the transaction are received by mail.

In cases of parties who are unable to appear in person, the application will be summarily cancelled and the applicant will forfeit all priority of entry.

An applicant for inspection must be eligible for homestead entry, and only one application for inspection will be received from an individual until that application has been approved.

A homesteader whose entry is in good standing and not liable to cancellation may subject to approval of the Department, relinquish it in favor of father, mother, son, daughter, brother or sister, if eligible but to no one else in filing declaration of abandonment.

Where an entry is summarily cancelled, or voluntarily abandoned, subsequent to institution of cancellation proceedings, the applicant for inspection will be entitled to prior right of entry.

Applications for inspection must in all particulars be in accordance with the conditions laid down in the following rules:

- At least six months' residence upon the land entered for by such homesteader the requirement as to residence may be satisfied by such person residing with the father or mother.
- If the settler has his residence upon farming and owned by him in the vicinity of his homestead, the requirement may be satisfied by residence upon such land.

Before making application for patent the settler must give six months' notice in writing to the Commissioner of Dominion Lands at Ottawa, of his intention to do so.

Synopsis of Canadian North-West Mining Regulations.

Coal—Coal lands may be purchased at \$10 per acre for soft coal and \$20 for anthracite. Not more than 320 acres can be acquired by one individual or company. Royalty at the rate of ten cents per ton of 2,000 pounds shall be collected on the gross output.

Quartz—A free miner's certificate is granted upon payment in advance of \$2 per annum for an individual, and from \$50 to \$100 per annum for a company according to capital.

A free miner, having discovered mineral in place, may locate a claim 1,000x1,500 feet.

The fee for recording a claim is \$5. At least \$100 must be expended on the claim each year or paid to the mining recorder in lieu thereof. When \$500 has been expended or paid, the locator may, upon having a survey made and upon complying with other requirements, purchase the land at \$1 per acre.

The patent provides for the payment of a royalty of 2 1/2 per cent. on the sales.

FLUORINE mining claims generally are 160 feet square; entry fee \$5, renewable yearly.

A free miner may obtain two leases to dredge for gold or five miles each for a term of twenty years renewable at the discretion of the Minister of the Interior.

The lessee shall have a dredge in operation within six months from the date of the lease for each five miles. Rental, \$10 per annum for each mile of river leased. Royalty at the rate of 2 1/2 per cent. collected on the output after it exceeds \$15,000.

Deputy of the Minister of Interior. N. B.—Unauthorized publications of this advertisement will not be tolerated.

### Improved Farm For Sale

960 acres at Springbank, two miles from Springbank post office and 10 miles from Calgary situated in the Elbow river, best quality of soil all arable. ## To the Electors of Ward I.

### Ladies and Gentlemen:

Having been requested by a large number of the business men of Ward I to allow my name to be placed in nomination for the vacancy in this ward, and being persuaded that it is the desire of the majority of the ratepayers that I should accept the nomination, I have decided to enter the contest.

I appreciate the honor done me by those who have asked me to become a candidate, and I only desire to say that if elected I shall do all in my power towards the economical and intelligent handling of the city's finances, never losing sight of the fact that a first class modern asset is at all times worth its legitimate cost.

Extending the sewage and water systems as rapidly as possible, the making of good and permanent streets, I believe to be a great necessity for the upbuilding of the city, and one of the best advertisements any city can have.

The future growth of Calgary as a manufacturing and distributing centre depends largely on our ability to furnish cheap power, and it therefore becomes the duty of the council to use every effort to provide the same, and as quickly as possible, to the end that we may more firmly establish the supremacy which so justly belongs to Calgary, by virtue of her geographical position and natural resources as being the great industrial centre in Western Canada.

There are many questions of public interest that might be touched upon at this time, yet all I desire to say is that if honored with your confidence you can at all times depend on finding me a supporter of honest and consistent government, and a staunch advocate of anything which in my opinion tends to build up a Greater Calgary, and confirm her position as the commercial centre of the great west.

I am, yours faithfully,

J. G. RUTTLE.

### ANNUAL MEETING OF BOARD OF TRADE

(Continued from page 9.)

The crops during the past year in almost every portion of the province have again been large. While it is impossible to state as yet what the average will be per acre, from the reports which reach us from all sides, the yield will be at least as large, if not larger, than that of 1905. In conversation a day or two ago with an American settler located east of the city, he informed me that he broke and seeded to Alberta red winter wheat 300 acres of land on his farm, and that this yielded him 38 bushels to the acre, in all 19,000 bushels, and in a letter from George Hill, grain inspector, he states that he has carefully weighed this sample of Alberta red winter wheat, and finds that it goes 67 pounds to the bushel, and that it is a splendid sample of grain, being free from noxious weeds. In addition to the seed sown by this gentleman, he also raised 3500 bushels of potatoes; this on the first year's breaking, and without irrigation. This is only one instance of what the land in the Calgary district is capable of, land which heretofore has been looked upon as fit for grazing only. If this land produces such splendid crops without irrigation, it must be evident to the most casual observer what a great amount of good will result to the Calgary district through the gigantic C.P.R. scheme of irrigation, a part of which is now complete. The crops will not only be greater, but the land will be capable of supporting a very much denser population than in non-irrigated districts and the opportunities for manufacturing firms in Calgary will be greatly increased. The manufacturing at Calgary of beet sugar, condensed milk, etc., will naturally follow the settlement of these lands.

Special credit is due to the Dominion government seed branch and the C.P.R. officials for the good work done for the Canadian west through the medium of the seed grain special which was run through the western provinces about a year ago, and which undoubtedly did a great deal of good.

**Building Operations**

The past has been the banner year in the history of Calgary in the way of increased building operations. For the two years previous to 1906, the value of buildings erected each year was a million and a quarter dollars. While during 1906 the value of buildings erected was \$2,240,000, which compares favorably with cities three times its size.

**New Secretary Appointed**

In September last C. W. Peterson, who had acted as secretary of the board since March, 1903, found it necessary to sever his connection with the board. It was with regret that Mr. Peterson's resignation was accepted, as the board had accomplished a great deal of good through his efforts as secretary. Mr. Peterson was appointed a member of your council in order that the board might still have the benefit of his experience and valued co-operation. A committee was then appointed to

recommend the appointment of a new secretary, and E. L. Richardson was appointed acting secretary until the committee should report. As Mr. Richardson desired to give his entire time to other duties he was not an applicant for the position of secretary, but after the committee had been in communication with a number of applicants, your council asked Mr. Richardson to reconsider his decision and accept a permanent secretaryship. It was felt that as he had been assistant secretary since Mr. Peterson's appointment in 1903, that he was in a better position to successfully carry on the work than any of the applicants, and in deference to the wishes of your council, Mr. Richardson accepted the position and C. H. Webster, secretary of the Hundred Thousand club, was appointed assistant secretary.

**The Work of the Board**

The regular work of the board, as will be seen by the secretary's report, has greatly increased during the year and a large number of subjects have been dealt with in the interests of the city of Calgary and district. Among these may be mentioned the following: Adequate post office accommodation, street delivery of letters, railway mail service, telephone system, transportation facilities, all Dominion associated press news service, opening up a portion of the Sarcee reserve, the appointment of a U.S. consular agent at Calgary, appointment of a provincial commission of commercial legislation, spur track accommodation in the city, coaching and automobile roads between Calgary and Banff, the refund system of unused and partly used railway tickets, a sleeping car to start from Calgary on the west bound trains, a chair car between Calgary and Laggan, the taking of sunshine readings at the meteorological station at Calgary, etc.

Your board appointed a delegate to attend the congress of the chambers of commerce of the empire, held at London, Eng., the representative being T. J. S. Skinner.

Probably no institution has been the means of making it possible to bring Calgary's importance before the world at large than the Calgary clearing house, which was established in April last. It has been demonstrated that Calgary with a population of 17,000 shows greater commercial activity than many Canadian and American cities three times its size. Our postal, express, freight and customs returns also show what wonderful strides Calgary is making, and I venture to say that within the next ten years the growth of our city will be so great as to surprise those of us who think we are in a position to size up Calgary's future.

**Election of Officers**

It is also desirable to call the attention of the members who will form the council of the board for the current year to the fact that they should not consider their appointment as chairmen of sections and committees a name only. Many of the councillors who were appointed last year did not attend a single meeting. With the new system of election of officers which will be recommended to you this evening, considerable more thought will be given to the appointment of serious officers. If the interests of Calgary are to be looked after as they

should be every year, and particularly this year, it is necessary that every officer of the board should take an active interest in the committee at the head of which he is placed, and do not leave the entire matter in the hands of the president and secretary. It is the duty of the members who will be elected to fill the various positions to be prepared to give a reasonable amount of time to the work of the board. Let all work together for the good of our city and province and thus strengthen the usefulness and influence of the board. Let all remember that an ounce of push is worth a pound of pull.

**General Prosperity Prevails**

At no time in the history of our city has progress in every direction been so marked. Over two hundred commercial travellers now call Calgary home, and during the year a large number of wholesalers opened up in Calgary and several additions to our already extensive list of manufacturing concerns established in Calgary. Among these may be mentioned the Alberta Portland Cement works, the Alberta Biscuit factory, the Western Milling Co., and another large mill to have a capacity of 1000 barrels a day is in course of erection by the Calgary Milling Co. The Brackman-Ker Milling Co. has erected a mill for the preparation of breakfast foods and cereals, and two candy factories, a box factory, a brick manufacturing plant and a foundry have been established. This brings our list of wholesalers up to 85, and our manufacturing concerns now number 25, and the secretary is in communication with several others which he hopes to secure for Calgary.

No city in Canada for its size and age has such substantial wholesale and retail business blocks, churches, schools, bank buildings and residences. We can also congratulate ourselves on the class of manufacturing establishments located here. The output of these factories are well and favorably regarded by the retailers and consumers, and are shipped from one end of the province to the other, as well as to Manitoba, Saskatchewan and British Columbia. In the many natural resources of Alberta lies Calgary's strength; in the future she can never be left high and dry by the low price of any single commodity or class of commodities; the foundation of her prosperity is laid broad and deep.

The greatest need of the country is people with strong brains, muscle and energy to make good. All such will find plenty to do and will be rewarded. Men with money are welcome in Calgary and the province, and will find plenty to occupy them and their money, but men are needed more than the money and those who come with brains and money should remain to manage their own investments and all should become citizens of the country which shelters and rewards them.

The prosperity of 1906 shows no signs of waning, in fact shows considerable signs of increasing. This city as well as all parts of Canada is making gigantic strides forward. There are one or two regrettable things to notice, namely, that some of the cattlemen have been unfortunate during the past five or six weeks. Although the loss will be heavy, many of the ranchers are in a position to stand this loss. The

railways also have had a difficult problem to solve owing to the severity of the weather and the heavy snow falls during the last few weeks. Apart from this there is hardly a business of any kind in the district or in the Dominion that is not able to show a considerable balance on the right side of the ledger.

One striking feature is the great increase in the railway revenues, traffic, and the large amount spent on new lines and improvements for 1906 was, we believe, the largest on record, and it is estimated that for this year they will be even larger. The indications for 1907 point to a larger influx of British and northern European settlers than we have had in the past. Many will also cross the border from the United States. We must count, however, upon considerable opposition from the United States railways and land companies, as they are now using the United States press to a great extent by publishing false and malicious articles in regard to this country in order to stop the flow of immigration.

Immense industrial enterprises are projected for the coming year and the demand for increased capital will be greater for this purpose than it has been in the past. It may be a difficult matter to supply all the capital required and considerable care and forethought will be necessary to make the year 1907 as it promises to be the banner year of

industrial enterprises in the Dominion of Canada, and this city will no doubt have its fair share of prosperity.

A vote of thanks is due General Supt. R. R. Jamieson of the C.P.R. for his kindness in granting a site for the offices of the board, and also to the Calgary press for the publicity they have given the board during the entire year, and for their untiring support in every interest tending to the building up of Calgary, the grandest city of the Canadian west.

Although we started the year with a deficit of over \$550, I am glad to be able to hand over the reins of office with a balance of \$285.77 on hand, and assets including balance on loan of \$1794.26.

C. W. ROWLEY, President.

Report of the secretary of the Calgary Board of Trade for the year 1906:—

"I beg to submit herewith the report of the secretary for 1906. As the details of the work of the Board for the year have been dealt with at length in the President's report, I shall make my remarks as brief as possible.

"The financial statement attached shows that in spite of the very large expenditure of the Board of Trade during the year, the books

ANNUAL MEETING OF BOARD OF TRADE

(Continued from page ten.) show a balance on hand of 4383.77 after all liabilities have been paid. The balance on hand, together with the value of buildings and furniture, makes the asset of the board of Trade \$17342.25. This very satisfactory showing is due to the generous subscriptions by the members of the board, to whom is due a hearty expression of appreciation. The building which has been purchased to be used as a general information bureau and offices, has proven very satisfactory. The work connected with the office has been very materially increased as a result of the moving of the same to its present location. We are now situated so close to the station that practically every settler to the Calgary district finds his way to the offices for information. As mentioned by the president, a special information officer was engaged to look after settlers during the busy season. It is hoped that this work can be satisfactorily handled next year by the undersigned and the assistant secretary, without the employment of a special intelligence officer.

About 25,000 pamphlets were distributed during last year, but in order to keep pace with the increased inquiries and applications for pamphlets from agencies and intending settlers in all parts of the world, it will be necessary to publish a much larger number of pamphlets for use during the current year. There is at present on hand only about two or three thousand pamphlets, and at the rate these are going, it will soon be necessary to get out a further supply.

During the year 9444 communications were sent out. A very noticeable feature in connection with the work during 1906 has been the increased inquiries respecting locations for wholesale houses and manufacturing concerns. I am at present in communication with several concerns which it is hoped will be in Calgary in the near future.

A change has been suggested respecting the annual election of the officers of the Board of Trade. Here tofore, nominations have been made at the annual meeting on the spur of the moment, without any thought whatever of the qualifications of the persons nominated. Owing to this system many names have been left off the council that would have added greatly to its strength, and there have been several of the councillors elected from year to year who have not attended a single meeting. In order to improve the system of election, your council decided at its last meeting to send each member a list of the members in good standing for 1906, accompanied by a nomination sheet. These have now been returned and properly arranged on a ballot paper, ready for your approval and use in the election of officers for the current year.

E. L. RICHARDSON, Secretary. The financial statement showed receipts \$8675. An overdraft of \$256 was paid and \$385.77 were on hand. The board had no liabilities, and assets valued at \$1794.26.

THOUSANDS OF MONTANA CATTLE ARE STARVING

United States Senator Estimates That There are 30,000 Head Threatened

Washington, Jan. 28.—A joint resolution was passed by the representatives today granting permission to the secretary of war to sell during the next three months to citizens of Montana at actual cost to the United States at the place of sale, limited quantities of hay, straw and grain for domestic uses from the stock provided for the use of the garrison at Fort Assiniboine, Mont. Representative Dickson, senator-elect from Montana, explained that there are 30,000 head of cattle in the vicinity of Assiniboine threatened with starvation because of the blizzards now raging.

FAMINE IN CHINA BECOMES MORE ACUTE

Washington, D.C., Jan. 28.—Consul Haynes at Hanking says that the famine is ten times worse than anything known in that part of the empire for the past forty years. The Chinese officials admit their inability to cope with the situation. The government is trying to help the starving people to keep their cattle and to this end is taking oxen and buffaloes in pawn for two taels each, keeping them thus until next spring, when it will return them.

Consul Haynes declares that whatever aid may be expended by this government in the present crisis will certainly do much to dispel the ill-feeling recently aroused by the boycott, the exclusion act, etc. Consul General Rodgers at Shanghai advises the department that the reports as to the conditions appearing in the newspapers, both foreign and Chinese are for the most part sustained by investigations made by American naval officers. Further-

more, he says an enquiry which he has made through entirely private sources affords the general conclusion that the famine will by March first be regarded as severe and perhaps more so than that of 1888, by which it is thought 10,000,000 lives were lost. Mr. Rodgers concludes: "My deliberate opinion is that the next few months will find the development of dangerous things in this part of China and that such conditions and circumstances will have a great effect upon foreign interests, political as well as commercial. "China's new year, which falls late this year, beginning in the second week in February, is watched for with no small degree of uneasiness."

NOTICE

Notice is hereby given that the City of Calgary will apply at the next session of the Legislature of the Province of Alberta for amendments to its ordinance and charter for power.

- 1. To extend the limits of the city so as to include:— A. That portion of Sec. 17 north of Bow River, The south half of Sec. 20, The south half of Sec. 21, That portion of section 16 north of Bow River, That portion of section 17 south of Bow River, The north half of Sec. 8, The north half of section 9, The north-west quarter of Sec. 10, That portion of the south-west quarter of Sec. 10 north of Elbow River, The north-east and south-east quarter of Sec. 10, Section 11, That portion of section 12 west of eastern bank of Bow River, That portion of section 13 west of Bow River, and to make an assessment and collection roll for the part so taken in for the balance of the year.

- 2. To provide that the Poll tax shall only be collected from those who have resided within the city for at least thirty days and who are between the ages of twenty-one and sixty years and who are not already tenants paying rent. 3. To provide in cases of persons declaring that they are unable to pay the cost of the same that the city may continue water and sewer connections from the property line to the cellar line, and charge such cost against the property, to be payable in three yearly instalments, and to make the necessary financial arrangements for the same. 4. To provide for the making of the voters lists within three months from the confirmation of the assessment each year and that a copy be posted up in the city hall and at least four other places to be designated by the Council. 5. To provide for the assessment, rating and taxing of all real estate belonging to the city and levying water rates and charging electric light bills against the same. 6. To provide that in all cases of improvements local or otherwise that where the city is to pay any proportion thereof that a By-law authorizing the same to be previously submitted to the electors. 7. To provide that on a By-law approved of by the electors the term of office of Aldermen may be extended to two years. 8. To provide for the legalizing of and validating the By-law 679 respecting the floating debt and the issue of bonds thereunder and also of By-law 670 and the bonds issued thereunder. 9. To provide for the submission of the assessment roll to a committee of the Council of not less than four for examination and report and for the Council equalizing, raising or lowering the assessment or any portion thereof without the formality of a complaint. 10. To provide that in elections for Aldermen no ballot shall be counted unless it discloses a bona fide vote or mark in favor of as many candidates as there are vacancies. 11. To provide that the Returning Officer at election shall appoint Deputy Returning Officer and select Polling Booths. 12. That Council have power to compel the erection of buildings in certain areas to be erected ten feet from the street line. 13. To provide for making supplementary assessment and collector's Roll to include persons coming to the city or starting business after the Assessment Appeal Court has confirmed the original Roll. 14. To amend Charter fixing the date of the first meeting of council to be held on the first legal day of each year. 15. To establish, install, maintain, develop and operate a telephone.

Dated at Calgary this 3rd day of January A. D. 1907. H. E. GILLIS, City Clerk

CALGARY

The Banner City of the Last Great West. We are the People!

The world's immigration is coming to us, and why? On no part of this terrestrial sphere can there be obtained the same good homes and true liberty as may be found in this Sunny Alberta, the Blue Ribbon Province of the Last Great West. The resulting benefits to us of such immigration will be development, wealth and permanence.

"A Word to the Man Who Wishes to Make Money."

Buy real estate. Be a speculator, not a gambler. Therefore buy carefully. Watch the growth of the City of Calgary. Note the trend of development. Are you alive to the fact that the development is decidedly south-west? Be guided by the opinion of shrewd, far-seeing men such as Senator Loughheed, H. W. Blaylock, P. Burns and A. J. Sayers. Note their choice in the South West part of the city. These men have intuition and know things.

The C. P. R. are good business people. They have the goods in section nine. Their lots are worth from \$450 to \$600 each, and they will take nothing less. If you doubt ask them. Bankview, formerly a country ranch, is now part of the city proper.

Adjoining this C. P. R. Sub-division we offer you lots at prices varying from \$60 to \$100 per lot, 25 per cent. cash, balance in 3 and 9 months. We expect to advance these prices shortly. This is the Poor Man's Opportunity. We offer you a friend's advice. Get in on the ground floor.

To anyone who can show us a case where a buyer to whom we have sold has failed to make money, we offer \$100. Our reputation is to buyers an absolute guarantee of success.

To Real Estate Men—Please don't swipe this ad, as you did the last. We have little time to write another.

New store and dwelling, corner of 14th ave. 11 st. West on 2 lots, good business stand, easy terms \$2850. OFFICE: 211 TENTH AVENUE WEST

Watch Calgary Grow My Advice is Still "Buy Business Properties, and Buy on Eighth Ave. E." WHY? BECAUSE Whatever property can be bought in this section of the city it is still low in price and will triple its value in three months. Don't stand off and see the man who has forethought make it all. Eighth avenue east, near the POLICE BARRACKS is today the best real estate proposition in Western Canada. Lots here will be at a conservative estimate worth \$15,000 apiece before midsummer. Important Announcements are soon expected as to future Railway Developments, and this part of the City will be most affected by them. Don't wait until it is too late—Make inquiries at once and buy, for large real estate deals are now taking place in this part of the city, and values are increasing rapidly, the buyers in every case being far sighted business men... List with me, I have more buyers than sellers. David A. Campbell Real Estate Office: Opp. P. O. Phone 855
