FOUND NO TRACE OF POISON OR FOUL PLAY

Southampton Officials Investigating the Death of New York Show Girl Assured That She Was Subject to Epileptic Fits, But Adjourned Inquest Pending an Analysis

Special Cable to The World.
 LONDON, March 17.—(Copyright.)—No trace of poison or foul play has been found by the Southampton officials investigating the mysterious death of Frances Schmitz, known on the stage as Frances Leslie, a New York show girl, on the Oceanic Saturday afternoon. She was found in the lavatory, crumpled up behind the door. It is believed that she had an epileptic fit. Despite cablegrams from New York quoting her mother as denying the girl ever had epilepsy, Edward Miller of 29 Henington Gardens, London, swore today the girl told him she was subject to such attacks.

Miss Leslie and a dozen other New York girls were to appear in a new production at the London Hippodrome. The dead girl had signed at the last moment, and was sent over as a substitute for Anna Wilson. In that way, Miss Wilson's name and not Miss Leslie's appeared on the ship's register.

Coroner Pope at Southampton today adjourned the inquest to April 14 pending a chemical analysis of the girl's vital organs. A burial permit has been granted in the meantime, and the body will be sent home on the St. Paul, sailing Saturday, March 22.

Hysterical Statements.
 United States Consul Swaim told the correspondent of The World that the sensational cablegram received from New York regarding Miss Leslie's death was doubtless due to the statements of some hysterical woman. "I have talked with several of Miss Leslie's fellow passengers on the Oceanic," he continued. "One woman told me Miss Leslie during the voyage told her she suffered from heart trouble and was also subject to epilepsy. She added that she was gratified because she had had no attack on the ship, and that she felt better than she has for a considerable time, a fact she attributed to the good voyage had done her."

Exhaustive Inquiry.
 "I have taken particular pains to make an exhaustive inquiry into this matter, as I have received several cablegrams from New York," said the coroner. "I have called Miss Leslie's family, that her death was undoubtedly due to natural causes. The reason for the adjournment of the inquest to April 14 is that it will take the home office some days to complete the analysis now being made, and the autopsy."

The Financial Outlook.

The outlook grows better, the money is as scarce as ever. But the feeling improves. We are marketing our municipal securities in England at a fair rate considering the uncertainty that prevails in Europe. A good many millions is coming to us from that source.

In four weeks fifteen millions in value of grain in store at Port Arthur will be released from the elevators and boats and marketed. Over thirty millions' worth of grain will follow their first cargoes.

The Canadian Pacific has in its treasury all the money it can spend this year or next; the Grand Trunk Pacific will be able to push its construction work with vigor; and Sir William Mackenzie, now in England, has in sight more than sufficient for the big program that the Canadian Northern has under way.

The stream of immigrants coming from the States and Europe will bring many millions into Canada this year, and the advance guard is at our doors now.

A few weeks at most will see the present stringency beginning to disappear. All the indications point to a year of big business.

WOMAN LEADER WAS SHOT DEAD

Rebel Amazon at Head of Short Battle.

Special to The Toronto World.
 LAREDO, Texas, March 17.—Twenty-four dead and about forty wounded is the toll of a two hours' battle on the outskirts of Nuevo Laredo this morning between the federals and the Carranza rebels, the latter led by a woman, a real Mexican Amazon. The victory went to the federals, who lost two killed, while the rebels lost 22, but the City of Nuevo Laredo is surrounded by a superior force of rebels and it is expected that the attack will be renewed early tomorrow morning; in fact, the revolutionary leader has notified the federal commander that he will attack and take the city within a short time.

The name of the woman who led the rebels is not known. She waved a large flag as the column advanced. This woman was at the front when the initial volley was fired by the federals, and she fell dead with several bullets in her breast.

BRYAN'S SPEECH RESENTED IN ENGLAND

"A Gratuitous and Unwarrantable Interference in the Domestic Affairs of the United Kingdom," Says The Morning Post, Which Condemns Speech as a "Blazing Indiscretion."

Special Cable to The World.
 LONDON, March 17.—(Copyright.)—The Morning Post publishes an editorial denouncing William J. Bryan, the United States secretary of State, for his speech at the Irish banquet in Washington, in which he congratulated the Nationalists on bringing about a virtual end of the hereditary rule in the British Empire and acclaimed a speedy triumph for home rule.

"Mr. Bryan," it says, has been guilty of what can only be described as a blazing indiscretion. We do not suppose he had any desire to give offence to a large portion of the people of England. No doubt he was carried away by his emotional temperament. But he should understand that his speech is, nevertheless, regarded with keen resentment by many people in this country, and that in their opinion it is a gratuitous and unwarrantable interference in the domestic affairs of the United Kingdom. We should very much like to know what Mr. Bryan would have said if at the time of his last defeat for the presidency the English secretary of state for foreign affairs had publicly expressed his gratification that the people of the United States had crushed the pretensions of a dangerous demagogue."

The Post adds: "It will be interesting to see whether Mr. Bryan's passion for fighting the wrong extends to questions at issue between the United States and other countries, especially in regard to the Panama Canal."

BATTLE IMPENDING ON BORDER.

NACO, ARIZ., March 17.—(Special.)
 Nearly 2000 state troops are closing in tonight on the little Mexican border town, opposite this port. After their defeat Saturday, when Gen. Ojeda's 450 federals routed nearly 1000 constitutionalists, the soldiers of the insurgent state are intent on acting with out delay. Especially bitter is the feeling over the execution of prisoners by the federal generals' orders.

It was learned today that Col. Juan Cabral, with 750 state troops, is moving by rail from Nogales. From the direction of Agua Prieta Col. Galles and Prefecto Bracamonte, defeated in the first battle below Naco, are moving westward and on the way re-organizing their scattered forces which originally numbered 950.

Amnesty Granted Rebels

MEXICO CITY, March 17.—(Can. Press.)—The senate passed the amnesty bill tonight. President Huerta will sign the bill, and it will go into effect in a few days. It applies to all persons in rebellion prior to March 4. Rebels under Gen. De la O today attacked Tlaltizapam, in the State of Puebla, but were defeated. A trainload of federal troops was sent from Mexico City tonight into the district.

MUST MARRY OR LOSE MILLIONS

If Miss Mary Shedd Has No Heirs Her Father's Estate Will Go to Charity.

Special to The Toronto World.
 BOSTON, Mass., March 17.—Unless Miss Mary Bell Shedd, of Lowell, marries and has children, she is likely to lose \$5,000,000, according to the terms of the unique will of her father, the late Freeman B. Shedd, millionaire perfume manufacturer, filed today.

Miss Shedd has no heirs. The City of Lowell will receive \$100,000, and the Lowell General Hospital \$100,000, together with the income of between \$2,000,000 and \$5,000,000. The will provides that in case his daughter marries and has children they shall receive the greater portion of the estate.

DIVORCE IS NOW LUXURY OF RICH

Dean Walton Urges That Poorer Classes Are Discriminated Against by Canadian Law.

MONTREAL, March 17.—(Canadian Press.)—That \$1000 is the minimum cost at which a divorce may be obtained in Canada and that this prohibitive price renders the institution a luxury, as far as the poorer classes are concerned, was the statement of Dean Walton in an address before the Montreal Women's Club this afternoon.

The state of affairs was to be regretted, as it simply meant discrimination against the poor who, as a class, needed the remedy of divorce more than the rich—a fact not necessarily due to the superior morality of the latter class, but because in their case when a stormcloud appeared upon the matrimonial horizon, one of the aggrieved parties need simply seek solace in travel or some similar diversion. With the poor it was different; they had no remedy but to tolerate one another or to separate. These separations seemed to the speaker to be doing greater harm than divorce.

WOMEN CLASH WITH WOMEN

LONDON, March 17.—(Can. Press.)
 The militant suffragettes have now declared war against their sisters who are working for the vote for women by constitutional means.

OLD MAN DIED AND NEGLECT IS ALLEGED

David C. Marsh Fell From a Street Car, Was Taken to Police Station as a Drunk, Sent to Hospital and Died Yesterday—Thoro Inquiry is Ordered.

Found at Carlton and Yonge streets about two weeks ago in a dazed condition, removed in the patrol wagon to Agnes street police station, and lodged in a cell like a common drunk, David C. Marsh, aged 60, 233 Mutual street, died in St. Michael's Hospital late yesterday afternoon, from erysipelas, which he is alleged to have contracted while in the station. Coroner Dr. J. E. Young will open an inquest at the morgue this afternoon, but a week's adjournment will be taken. The coroner intends to make it a very searching enquiry.

Marsh worked in the western section of the city. He was transferring to a Carlton car when jostled so badly by the crowd that he fell, his head striking the curb. An officer had the man removed to No. 2 police station.

CHIEF KOHLER IS DISMISSED

Cleveland's Famous "Golden Rule" Administrator is Found Guilty of Immoral Conduct.

CLEVELAND, Ohio, March 17.—(Can. Press.)—The civil service commission tonight announced that they had found Chief of Police Fred Kohler guilty of "gross immorality, conduct unbecoming an officer and gentleman and conduct subversive of good order and discipline in the police department," and immediately discharged from office.

The above charges were filed by Mayor Baker and the trial of the chief occupied the whole of last week. The charges involved alleged visits of Kohler to the home of Mrs. May Schearer on February 2, May 28 and June 5, 1912, in the absence of her husband. On the last named date, Schearer testified in the trial that he surprised Kohler and his wife in his Schearer home "in scanty attire."

CODERRE CHARGES FALL FLAT ACCUSATIONS ARE RETRACTED COMPROMISE ON NAVAL BILL?

Gauthier's Resolution to Have Investigation Pressed, Defeated on Party Division, After Hon. Mr. Doherty Had Presented Case for Defence—Naval Bill to Stand Over Easter.

OTTAWA, March 17.—(Special.)
 Although official confirmation is lacking, the rumor is everywhere current tonight that the naval bill will not be taken up again until after the Easter adjournment. There is also a rumor that negotiations are on foot which may lead to a compromise somewhat along the lines of the one suggested in the house the other day by W. F. Maclean.

Today's sitting of the house was devoted to the charges against Hon. Louis Coderre, secretary of state, growing out of the recent by-election at Hochelaga. The charges were preferred by Mr. Gauthier, the Liberal member for St. Hyacinthe, against the protest of many Liberals, because some time ago a saw-off was arranged respecting the recent by-election in Richelieu and Hochelaga. Sir Wilfrid nonetheless came to the support of Mr. Gauthier.

DEFEATED ON DIVISION

Mr. Gauthier's motion to refer the Coderre charges to an investigation by the committee on privileges and elections was defeated on a division. Almost immediately after the house assembled the charges were presented. The house will not take up the naval bill till tomorrow.

Mr. Gauthier read three affidavits. One was by Emile Bourassa, corroborated by an unsworn statement from Helis Horner; another from Emile Lalumiere, and a third from Judge Doherty, minister of justice, candidate in Bagot at the last Dominion election.

WILL TAX FUNDS OF WORKINGMEN

Special Cable to The World.
 LONDON, March 17.—(Copyright.)—A cablegram to The Daily Mail from Berlin says: "The German Government, it is stated, has decided to tax the funds of trade unions and working men's leagues as well as the large fortunes of the rich to provide the \$250,000,000 increase made necessary by the huge war plans. Social democrats in the Reichstag who would not have opposed the government if the tax had been confined to the wealthy classes will oppose the war tax if any attempt is made to impose it on workingmen's organizations. By themselves the Socialists could not defeat the project, but only \$3,000,000 out of \$27 need be added to their list to kill the bill."

CITY MAY HAVE REALTY BRANCH

Civic Officials With the Business Men as Advisors, Could Save Money.

RESIDENTS PROTESTING

Do Not Want a Preventorium at Yonge and Sheldrake Avenue.

Real estate purchases for civic purposes are likely to be made before long by a committee formed of civic officials, aided by two or three business men acting in an advisory capacity.

The formation of such a committee is now under serious consideration.

Controller McCarthy endeavored a year ago to effect a solution of the problem of acquiring real estate for civic purposes in a way to prevent information reaching speculators before the price of the property could be fixed.

It is again preparing a plan to carry out this needed betterment of civic business.

So acute is the situation that there are instances of citizens, who desire extension of streets, forming themselves into syndicates, buying up the required property, and then getting the street extended at profit to themselves.

An authority on property values adds that Toronto could acquire areas for two diagonal streets, one on each side of Yonge street, at an average of \$100 a front foot, and would be able to frontage the diagonal streets at \$300 a foot for the diagonal streets would become business thoroughfares.

Residents Protest. Location of a preventorium at Yonge and Sheldrake ave. was protested against by a deputation from North Toronto, yesterday, to the board of health.

D. C. Hossack stated that surrounding property had been bought under restrictions, and that the legality of locating the preventorium there was being tested.

Some of the deputation said thousands of dollars would be lost to the property owners, unless the preventorium is located elsewhere.

It was given power to regulate the price of milk, and to require at least four profit in the milk sold.

He declared that the citizens would support a municipal milk business under the price and quality are bettered.

He also asked if any property is being used in licensing congested lodging houses, and was informed that the city solicitor is now seeking the necessary legislation.

In considering the estimates, the salary of Dr. Hastings, M.O.H., was increased from \$700 to \$650, and that of Dr. Nasmith, director of laboratories from \$300 to \$250.

Few changes were made in the estimates for 1913. The increase is \$55,000 over last year.

Ald. May put forth a motion that in ranking as first-class parks, and that their maximum salaries be increased from \$13,000 to \$15,000.

New Swimming Bath. A swimming bath at West Island Point, to cost \$500, was again approved under an exhibition committee yesterday.

The International Bible Students' Union was granted the use of the horticultural building in Exhibition Park.

Wicket advocated a general system of ornamental electric light globes in the parks, and that sub-committee will report on it.

Sale of Securities. Lloyd's Bank in London has called Mayor Cohen to the attention of another \$2,000,000 of Toronto's securities at 89 1/2.

The last sale of securities in Toronto was at 88. It is probable that the offer will be accepted.

It is surmised that the Toronto stock market will be very active, and that the demand for securities will be large.

Thompson has recommended an increase of \$100 each in the salaries of firemen, lieutenants and captains.

This would add \$30,000 to salary expense of the fire department in a fiscal year.

Illuminated addresses and gold medals will be presented by the city, at the next meeting of the Liberal Association.

Ambrase A. Kirby, John J. Bell and Henry G. Baker, for bravery in rescuing the women employees at the firm's factory on Church street, last January 13.

WARD SIX LIBERALS Passed a Resolution Endorsing Opposition Tactics.

"Resolved, that this association has followed with pleasure and approval the resolute resistance and approval of the Liberal Association in its opposition of the policy of naval trials now before parliament, involving the changes of the Liberal Party, and the greatest importance, which being contrary to the disposition of the Canadian policy, as manifested in the past, and to be substituted without delay to the public judgment in an election.

TORONTO MIGHT ANNEX LEASIDE

City Would Get Hundred Thousand Dollars Annually in Taxes.

MORE MARKETS NEEDED

Farmers Ask That Better Facilities Be Provided for Them.

Another conference over the annexation of Leaside was held in Mayor Hocken's office yesterday. Commissioner Harris has been asked to report the cost approximately of a central sewage disposal plant. One of North Toronto's septic tanks is now on the Leaside plot, and its enlargement may meet the requirements.

City water supply will also be needed. There is the probability that the C.N.R. will bear the expense of laying the water main and of providing a sewage disposal plant. The assessment of the land will be at least \$5,000,000, giving the city a revenue of \$100,000.

Tomorrow morning another conference will be held, and the C.N.R. will give an idea of the amount of area reserved for parks and playgrounds. Acceptable assurance of the establishment of car shops has been given, and it is now announced that a site for another large manufacturing industry has been sold and building is to commence at once.

It is expected that a population of 5000 to 7000 will be on the Leaside site in a couple of years.

Market Facilities. Need for more market facilities in Toronto was urged upon the property committee yesterday by Reeve Pugsley of Richmond Hill, Reeve Cornell of Scarborough, Peter Leighton of North Toronto, and F. Simpson. They advocated markets in outlying districts and a central one near Bloor and Yonge streets.

Controller O'Neill said that the numerous markets and public stores have taken the place of markets. The matter was referred to the transportation committee.

Using hand-footed horses from the street cleaning department for work on the industrial farm has proved so profitable that the committee adopted the policy of selling to the farm all such horses required there.

Property Estimates. Consideration of the property estimates was given by the board of control yesterday, and little cutting was done, the board regarding the estimates as generally reasonable.

Toronto's death rate for February, reported by the department of health, is 18.94 per thousand of population, which is normal in comparison with other cities.

Of the 192 deaths reported, 522 deaths, 53 of which were from pneumonia. Dr. Hastings notes that pneumonia is prevalent, and the number of deaths from it should be reduced.

A slight rise in deaths from acute contagious diseases is reported, due to measles and whooping cough. Out of the 522 deaths 124 were of children under one year old, and the majority being the cause of the greatest percentage of mortality.

In the laboratories 210 specimens were examined, which 721 cases of diphtheria cultures, a large decrease from the number in February, 1912. Out of 192 quack places tested for dirt only 288 were condemned. More veterinary inspectors are needed, the milk district having a much wider area than the present staff.

For child welfare three nurses had 470 infants under supervision. Two district nurses made 618 visits, and 7910 food animals were killed and only 44 per cent. condemned. At the stock yards only 27 animals showed evidence of disease.

In housing and district inspection five houses previously condemned were demolished and six closed.

Inspectors of restaurants and bakeries seized 221 loaves of bread. Food inspectors condemned the carcasses of 18 sheep, 12 lambs and 110 chickens, 2782 lbs. of fish, 840 bags of potatoes, 377 bags of onions, and 44 bushels of apples.

DIAMOND ANNIVERSARY. Town of Barrie Will Celebrate During the Summer.

A diamond anniversary, celebrating the incorporation of the town of Barrie, will be held early this summer. The town council has appropriated sum of money which has been duplicated by citizens.

Invitations have been sent out to residents in various parts of the county to be present at a festival, and a committee to look after those residing in Toronto has been appointed as follows:

Robert Orr, chairman, pro. tem.; Percy Rogers, secretary, pro. tem.; Ernest Cuthbert D'Arcy Hinds. A meeting will be held tonight at Orr's Hall, on Richmond street.

CODERRE CHARGES FALL FLAT IN HOUSE

Continued From Page 1.

Rest of the World Should Be Shown That the Dominion is Behind Great Britain in Maintaining Supremacy, Declared W. F. Maclean, M.P., to Balmly Beach Conservatives—Premier Borden's Policy Was Endorsed.

That, while Canada is destined to be a great shipbuilding country, it is up to her to put the \$35,000,000 contribution to the relief of the world that is behind Great Britain in maintaining British supremacy on the seas, and that it should be given unconditionally, was a resolution that aroused unbounded enthusiasm at a meeting of the newly organized Balmly Beach Liberal Club, held last night.

The resolution was introduced by Mr. Doherty, and was seconded by Mr. Maclean, M.P., for South York, who made the prophecy that the close of the century would see Canada with a population of 10,000,000, and that the younger generation in Canada, alive today, would live in Canada with a population of 60,000,000, and with fleets both on the Atlantic and the Pacific.

Why Lalumiere Left. In this connection Mr. Lalumiere said that Mr. Lalumiere had left the country because, on Feb. 22, 1913, he was sentenced in Montreal to one year in jail, or until he had returned a gold ring and a diamond watch he had in his possession.

Lalumiere had chosen the easier course and had returned to the country.

Matter for Courts. Mr. Doherty then went on to argue that the Gauthier resolution was nothing more or less than an election petition. If there was any foundation for the charges it contained, they should be brought to the attention of the courts and Mr. Coderre's rights to a seat in the house should be tried by the courts and not by the house of commons.

The doctrine that the charges of corrupt practices and other charges which would invalidate an election were triable exclusively by the courts had long been settled by the rulings of the British and Canadian houses of commons alike. Even tho the jurisdiction were concurrent, it would be better to have the charges tried by an impartial tribunal.

Mr. Doherty said that the committee on the charges would be based on the facts of the case, and that the charges would be tried by the courts and not by the house of commons.

Time to File a Petition. Replying to the point that it was too late to file an election petition, Mr. Doherty said that the Election Act provided that a petition could be filed any time within 30 days after a member of the house paid money corruptly. The committee adopted the resolution that a petition should be filed on Feb. 17, so there was still time to file a petition.

Ovation for Laurier. Sir Wilfrid Laurier, who had been absent from the house for several days, received a great ovation from his followers when he rose to reply. He admitted that ordinarily the house of commons should not concern itself with charges growing out of election contests, but in the case at the bar the gravamen of the charge was that, long after the election the secretary of state had paid money corruptly on Feb. 17, so there was still time to file a petition.

Mr. Borden then made a legal argument to prove that the house had no jurisdiction and quoted from speeches made in the house by Sir John Thompson and Mr. Laurier. The precedent established by the Laurier government in refusing to reopen the Brockville and West Huron cases, he thought, should be followed in the case of Hochelaga.

Mr. Carvell insisted that Mr. Borden had spoken against the precedent established by the Laurier government in the Brockville and West Huron cases. The prime minister had denied that Bourassa was a government official, but did not speak of his own knowledge of this subject.

Mr. Carvell: "Will the minister of marine and fisheries say the prime minister is correctly informed?"

Hon. J. D. Hazen: "Bourassa was never appointed to any office."

Mr. Carvell: "But he received a letter from your department assuring him that he had been appointed?"

Mr. Hazen: "He was appointed to an office by the government."

Mr. Carvell insisted that the minister had sidestepped the question. If the investigation was ordered, he thought the opposition would prove that he had been given an office.

The debate continued by Postmaster General Pelletier, Mr. MacDonald (Pictou), Mr. McLeigh (Portage la Prairie), and Judge McKenzie (North Cape Breton).

Mr. Gauthier in closing the debate charged that Mr. Coderre had not been in his last Monday, as stated by the prime minister, but was busy with his friends at a hotel in Montreal.

House adjourned at 1.30. Tomorrow will be devoted to the estimates.

FIFTEEN LEAFS WORK OUT IN SUN

Joe Kelley is Driven From Ball Park to University Grounds—Baseball Gossip.

MAON, Ga., March 17.—All hope of working out his team in the park with the Macon Club was abandoned by Manager Kelley tonight and the Leafs will do their training on the diamond of Mercer University.

Six hundred feet of the levee of the Ocmulgee River was carried out by the flood and tonight the muddy water, which covers the entire park, infilled and out-flooded to a depth of more than two feet, had reached the first row of seats in the grand stand.

Hundreds of families have been driven out of their homes in the bottom lands. A number of additional players reported to Kelley at noon and fifteen men were in uniform this afternoon for the initial practice, which was held on an elevation a quarter of a mile from the flooded ball park. Those who worked out today were:

Maxwell, Lush; Rudolph, Herbert; Kubat, Brennan; Bemis, McConnell; Trout, Isaacs; Fitzpatrick, Bradley; Shaw, O'Hara; Kelley.

The sun was hot and the practice accordingly spirited. A large menagerie of imported animals, the property of a circus, which wintered near the ball park, was moved up town to escape the flood, which crept into their quarters.

Bill Dickerson, a noted grand circuit trainer, arrived today with 26 head of trotters and pacers, but the track, which is adjacent to the ball grounds, was inundated and tomorrow the horses will be shipped back to Lexington, Ky.

COLLINGWOOD WINS INTERMEDIATE SERIES FROM LONDON BY A GOAL

Saw-Off for Title Goes to Northern Town After Good Battle—Collingwood Had Better of Play Thruout—The Details.

London failed to land the Intermediate O.H.A. title, as the visesacs had it doped, and Collingwood are the victors by one goal, and rightly, too. The northern town boys had the better of the play in the sudden-death game for the honors at the Arena last night, and turned up 3-to-2 winners.

London failed to show their usual talk-of combination, and when Collingwood opened up they had an edge on the Forest City squad in the speed line. Collingwood stick-handled their way thru the whole London seven times without number and had three shots to London's one.

The scoring was all done in the first half, but the score does not indicate the play. Collingwood had the play at the London end for twenty minutes of the half-hour, and the western city septet lucky to hold it as close as they did. The London forwards faded badly after the first ten minutes, and let the Collingwood line run wild.

Fryer made them all look sick with his nifty stick-handling, and his shots from every angle were always hard. Lawrence and Burns had a barrel of speed and shook off their checks and kept boring in right to the net.

Too Much Passing by London. London tried short, choppy passes that failed to get them anything. Collingwood's defence did grand work and broke up rush after rush. The London forwards either had stage fright or they failed to agree with heavy body-checking, and lost chance after chance by not following up the puck. Reid was the only Londoner to get in and mix it with the Collingwood defence. A little more assistance from his team-mates would have helped considerably.

Collingwood opened by rushing it to the London end, and the westerners had to play practically a defence game throughout the first period. Several times London broke away, but the man carrying the rubber failed to get any help and lost it as soon as he hit Hall and McKinnon. Fryer circled around London's forwards and carried the play right in to shooting distance. Lawrence, Burns and Dancy kept peppering Wardrop, and he got away with some lucky stops.

Borland's Lone Rushes. Borland lived up with some nice

lone rushes, but his passing was off-color, and Collingwood got it away fast every time. The players handed out the bumps thruout, and Referee Davidson let them go as long as the play was going. Fryer rested a couple of times for holding, but the London line used the button and with wing assist.

Granary and Borland combined for a nice rush a few minutes after the start, but Borland missed the pass at the goal mouth. Hall carried it right back. Lawrence netted the first one when he carried it across the goal mouth and beat Wardrop from the side with a pretty shot.

London tried some combination next, but their passing was not of the best and Collingwood again pressed. Lawrence cleared the net and London did not get into close pursuit. Lawrence shot, closed fast and shoved in the rebound for Collingwood's second score.

Borland relieved from a Collingwood press and went up alone. He took three, but missed by inches only. London came right back with three men strung across the ice. Reid missed a pass at the goal mouth, but McAvoy secured in the second half and landed one in the net. Collingwood 2, London 1.

London Tied It Up. London tied it up a few minutes later, when Gillies carried it down and had his shot stopped. Reid was on the job to Collingwood kept it at the London end for the rest of the half and gave Wardrop a hard time. Collingwood did not do good work, but Collingwood defence with what proved to be the winning goal when Lawrence got a pass from Burns in front of the net and shoved it in.

The play was all Collingwood in the first half. London had a big order on their hands to keep out the tallies. Every man on Collingwood's forward line checked the London boys and London didn't take it. London made a much better stand after the rest, but Collingwood broke away several times and it was only the good clearing of Wardrop that kept them from scoring. London pressed in the last few minutes and missed an open net three times in succession. Collingwood aside some hot ones. London got right thru on top of him two or three times.

Both clubs brought a big crowd of spectators and the London crowd was in line. After several efforts that failed to get two men thru, London tried it in lone rushes, but the Collingwood defence stopped the man with good body checks. Granary and Borland opened up a couple of times only to miss a pass at the goal mouth. There was no scoring in the second half.

Best Team Won. The best team won last night and was not hockey of the first order. Collingwood were the best stick handlers and made the best use of their speed and their lighter opponents. Hammy Baker of the Winnipeg Vics held the penalty watch.

Both clubs brought a big crowd of spectators and it was the noisiest crowd of the season. The London crowd came supplied with a few nice and very interesting device known, but with all this racket they can't pull out a win. The Arena was nicely filled.

The teams: London only: Goal, Wardrop; point, Borland; cover, Granary; rover, McAvoy; centre, Reid; right, Wolden; left, Gillies. Collingwood (3): Goal, Cook; point, Hall; cover, McKinnon; rover, Fryer; centre, Lawrence; right, Dancy; left, Burns. Referee, Buelah Davidson, Toronto.

The Summary: 1-Collingwood...Lawrence...5.00; 2-Collingwood...Dancy...3.00; 3-London...Reid...12.00; 4-London...Wolden...12.00; 5-Collingwood...Lawrence...3.00. No score. Second Half.

N.B.A. AT ROCHESTER. ROCHESTER, N.Y., March 17.—Basing his prediction on the number of teams entered a pro-nounced, Secretary M. W. Gage of the Rochester tournament of the National Bowling Association, which will be held April 3 to 22, predicts that 250 five-man teams will be entered by Saturday, March 22, when the entries will close. Among the latest entries is that of the Overlands, who finished second in the Toledo tournament of the A. B. C.

DEATH OF YOUNG HOCKEY PLAYER. KINGSTON, March 17.—Wm. James Campbell, aged 21, captain of the Junior Frontenac hockey team last year, died today after three days' illness from pneumonia. He was a speedy hockey player and will be much missed in sporting circles.

Edmonton gave the Winnipeg Allan Cup holders quite a scare on Saturday night. They were leading at half time by 4 to 3, but the champs outscored them in the last half and won by 9 to 6.

EATON'S ANNUAL LEAGUE FINALS

Burlesque and Real Hockey Games to Be Features—Two Series for Decision.

The Eaton House League finals will be played at the Arena tomorrow evening in the first game of the Basement will meet general office for the junior honors, and in the senior contest Mel Order will line up against the General Office. Between the two games the managers of the store will meet the hockey executive in a burlesque contest, and it is always worth the price of admission to see Joe Cook perform in the nets. Ernie Williams has promised to put on skates and play with the managers, and this will be one of the features of the evening, as while Mr. Williams is a bowler and a cricketer with the rifle, his ability to stand up on the ice is open to question. Anyway, you look at it there at the Arena, and the Arena and the rooting of the different departments will provide a lot of excitement.

WINNIPEG NOT COMING. WINNIPEG, March 17.—At a meeting of the Winnipeg hockey club it was decided that the Winnipeg should not go to Toronto to compete for the Peilat Cup. The club has a number of players who are definitely settled, but the decision not to play in Toronto is final.

NEW SKATING RECORD. CHRISTIANIA, Norway, March 17.—O. Mathiesen, the Norwegian champion, today established a new skating record for the 500 metres at Hamar. He covered the distance in 44 seconds. The previous world record, 46 1/2 seconds, was made by Mathiesen at Christiania Feb. 17, 1912.

WESTERN ONTARIO CRICKET. BERLIN, March 17.—The annual meeting of the Western Ontario cricket club will be held here on Saturday next, opening at 2 o'clock. Besides the club members a number of cricketers will be drawn up and general reorganization work for the season.

LAMBTON GOLF CLUB ANNUAL MEETING

Membership Roll to Be Increased by Twenty-Five Members.

The eleventh annual meeting of the Lambton Golf and Country Club was held at the clubhouse on Saturday afternoon, the 16th of March, at 2 o'clock. S. R. Hart, in the chair. The reports of the various committees were well received. The membership roll for the year ending last season being one of the most successful, the financial statement showing a substantial balance in evidence just now. It was decided to admit twenty-five young men from the waiting list as associate members. The following were elected to the board of governors: S. R. Hart, F. A. Rolph, W. H. Garvey, Harry Duff, J. G. Schell, G. J. Pettit, A. T. Reid, R. Southam, G. S. Lyon (captain), W. H. Garvey (vice-captain).

TEN-MILE CHAMPIONSHIP. Jimmy Duffy has been picked to win the Martin Electric road race on Good Friday at St. Catharines, emblematic of the ten-mile championship of Ontario. The race has been sanctioned as such by the Ontario Amateur Union. Duffy is in the pink of condition just now and is not only a fast runner, but to slice a few seconds from Richards' record, made last year. Duffy is a young man and game, and has Richards for a team-mate. Naturally a very strong rivalry exists between them, and the winner will leave no stone unturned to capture the honors again this year. The death of local ten-mile champion, in evidence just now, and only one Toronto runner is entered, and he is Attawater of Broadview. He is only a beginner practically in the long-distance game, and to date nothing at all is known of his ability at distances over five miles. Still, his young and game, and if anything should happen look out for him.

Jim Corkery has not done a shoe for some time, he having been resting up this winter. So the favorites look to be as follows: Duffy, out for the race of his life; Richards, the record-holder, but handicapped by a stiff knee, and Attawater, inexperienced, but young and game.

This race has been a nerve-wracker for years, and the favorite is just as likely to go to pieces as not. Duffy may kill himself off in his effort to break the record of 54:7-4, while Richards' knee may have come back, and there is always the dark horse. So you never can tell.

BALMY BEACH GUN CLUB. The Balmy Beach Gun Club will not hold a club shoot on Good Friday morning, but will hold a handicap series of six events on Saturday, March 15, at North Toronto. Outside of a strong wind conditions were favorable, some of the young members making very fair scores. Results:

CLUBB & SONS HAVE BIG SALE

Cigars, Tobacco and Smokers' Sundries at Greatly Reduced Prices.

For many years 5 King St. east has been the home of "M. J. Lady Nicotine" and whatever it has sought, good cigars, fragrant tobacco, or a pipe to smoke it with, they have always returned with renewed and completely satisfied. Messrs. A. Clubb and Sons, near the southwest corner of King and Yonge, will soon be a memory of Old Toronto. Dominion bank is to be built on the property.

Before the wrecking gang can get to work there is a great deal to be made, and as the firm's other stores are already stocked to capacity, something has to be done. A sale is the only way in the time available for clearance. Messrs. Clubb and Sons generally do a thing thoroughly when they do it. Wise men who smoke will not fail to call there sometime during the exodus.

Latest Style in Silk Hats for Easter Wear

As Worn in London, Paris and New York

MEN HAVE LEARNED THAT A CERTAIN DIGNITY in dress is a material advantage in social and business affairs. The Silk Hat is the acme of dignity, and, according to the time-honored custom, is almost synonymous with Easter. This splendid showing of Silk Hats, representing the latest blocks as worn in the style centres of the world, and in shapes to suit men of all ages, will, therefore, be of interest to many. Silk Hats, like any other hat, should be chosen to suit individuality. This splendid choice of styles makes this possible. Prices from 4.00 to 10.00

A London Silk Hat has rather a narrow flat rim and medium crown, with a very slight bell effect. It has cloth band of slightly wider width than usual, and is lined with white silk. A particular feature of this hat is its lightness and easy-fitting cushion head band. Price 4.50. Larger shapes, with full roll brims and bell top crowns, at 4.00 and 5.00

We have the facilities for conforming hats to fit any shape head

H. Lewis Scores Knockout On English Middleweight

LONDON, March 17.—Harry Lewis, the American welterweight, tonight knocked out Jack Harrison, the middleweight champion of England, in the third round of a 20-round contest. The fight took place at the National Sporting Club. Harry Lewis last February obtained an award of \$750 damages in a suit against a motor car company on account of injuries he had sustained in a taxicab accident which, his counsel argued, had impaired his nerve, vitality and his ability to fight.

STANLEY GUN CLUB

The regular weekly shoot of the Stanley Gun Club was held on the club grounds last Saturday. Quite a large number were present and some good scores were made. Messrs. Fenion and Stevens each made 25, 100, 20, C. M. Dunk also gave a very good account of himself, breaking 92 out of 100. The following are the scores:

MAHER'S HORSE EXCHANGE.

Heavy consignments, amounting to two hundred and fifty horses, of the best quality, are being offered at the opening of the auction sale at Maher's yesterday. The stock covered all classes, and was of the best quality in each class. Bidding was very slow and dragsy, the buyers having lost sight of the fact that horses have decreased in price more than any other article of a commercial value now offered to the public. This is explained by the fact that the western buyer does not now come to Toronto to buy, being able to go to the United States, buy and pay duty, and land them home much cheaper than if purchased here, going to show that horses have been fat too high in price, resulting naturally in our loss of the great western market. While horses are cheaper by \$25 per head, the market is still in a panic condition, and horses must come from the breeder cheaper yet before anything like a healthy demand will be created. Some of the buyers at yesterday's sale were:

J. M. T. Weir, Malvern, Ont.; T. Cousins, Maple, Ont.; Geo. Robinson, Oshawa, Ont.; P. F. Fle, Thornhill, Ont.; H. McBride, Niagara Falls, Ont.; J. A. Jenkins, Kingston, Ont. (all cash); Wm. Hart, Hagerman, Ont.; Toronto Pressed Brick Co., Milton, Ont.; J. Grills, Markham, Ont.; A. E. & A. Widdows, Davisville, Ont.; Jas. Williamson, Nestleton, Ont.; J. Hartman, Aurora, Ont., and N. H. McCurdy, York.

Some city buyers: F. A. Magrove, S. Gordon, Wm. Harris, W. K. Colville & Son, Lucas & Co., Geo. Webster, Rotstein Bros., J. A. Chantler, F. Baxter, T. A. Cook, Wm. Osler, Hendrie & Co., Alex. McKay, Boske Mfg. Co., Union Dairy Co., Wm. Hare & Son, H. Zimmerman, W. T. McDonnell, Geo. M. Furnham, Wm. Newlove, Scott Bros., Wm. Stevens, John Macdonald & Co., R. Burnett, J. Lynch, R. Burke (9) Townsend's Livery, Farnell (Ltd.) and others.

There are still plenty of horses on hand for sale at these stables, and the next regular auction sale takes place on Thursday next at 11 a.m.

SMITH & PROCTOR BUY 2-YEAR-OLD

Local Horsemen Now Own Pearl Thorne, a Trotting Filly.

The local horsemen, Messrs. Smith and Proctor, continue to add to their string of harness horses, and judging by their recent purchases, will soon have not only a choice collection of trotters and pacers, but also a big one. Since the purchase of the Saxon, which was announced exclusively in The World last Friday, they bought two-year-old bay trotting filly, Pearl Thorne, by Peter Leyburn, 2:28 1-4; Wilho Leyburn, by Wilton, 2:19 1-4; Critter, by Crittenden, Peter Leyburn is by that great speed sire, Peter the Great, 2:07 1-4, and out of the producing mare, Scouring, 2:18 1-2 (dam of four), by Wilton, and is considered one of the coming sires of extreme speed.

Mr. Proctor, who was at the Madden farm, Hamburg Place, last week, was greatly impressed with Pearl Thorne and made an offer for her which was refused at the time. The Kentuckian since wired that he had decided to let the local horsemen have the filly, and would ship her along with the Saxon. The horses are due to arrive this morning, and after a rest of a day here, the Saxon, along with Grand Opera, Billy Sims and Lou McDonald of the Smith and Proctor string, Dr. Wilkes, 2:11 1-4 and the 3-year-old Kentucky Todd filly, owned by Truman Lowe, and two high-class heavy draught geldings, owned by Mark Gardhouse, will be shipped in a palace car by express to Calgary.

Pearl Thorne will not make the trip west but will be sent to Dr. W. H. Riddell of Orangeburg, for an educational course. This filly is reported to be a most promising trotter.

A. Clubb & Sons Compelled to Move From 5 King St. West

THIS MORNING AT EIGHT o'clock we commence a clearance sale of the greater part of our stock at 5 King Street West. The news paragraph attached, taken from a recent issue of an evening newspaper, gives the reason for this sale. Our store has been sold and we must shortly vacate. While regretting our loss of this central business place, which has served thousands of customers for many years and earned the title of the busiest tobacco store in Canada, we bow to the inevitable, and take some pleasure and satisfaction in witnessing the development of Toronto, as shown in the splendid buildings to be erected in the Yonge and King Street district.

\$50,000 Stock of Cigars, Cigarettes, Pipes, and Smokers' Sundries to be Sold at Once

We have decided to clear out an immense stock of Tobaccos, Cigars, Cigarettes, Pipes, Cigar Cases, Humidores, and Walking Sticks, and all kinds of Smokers' Sundries, rather than move it to our other stores, and hence have marked down prices so as to make it worth the while of every smoker to fill his wants NOW. We have never before held a cut-price sale of any kind, believing our goods to be worth every cent we ask, so that this sale is of more than ordinary importance. It would occupy too much space to enumerate the various reductions—simply let us inform you that stocks have been marked down, and it is worth your while to call today and make a note of these price reductions for your own guidance. YOU WILL FIND THE GREATEST BARGAINS YOU EVER SAW IN ANY TOBACCO STORE IN CANADA.

A. Clubb & Sons, 5 King St. W. Sale at This Store Only

Toronto if they go east. They must have heard some new reports on the All Star fixture and their hopes had vanished with them. Stay at home and save your laurels. The All Stars are just beginning to figure it out. New Edinburgh and the Stewarts of Ottawa are tired of playing in the Inter-provincial and want to join the O.H.A. Some come down for the Bytown squad considering the remarks they used to make before this season opened. Another real sport in every sense of the word and thorough gentleman has been taken from us in Chaucer Elliot. It is hard to find real ones now a days.

A COMMON STANDING GROUND.

There are two pronounced parties in Ontario as to the liquor trade: (1) Those under Mr. Rowell, who are for the abolition of the bar, where local option does not prevail; (2) those who support Sir James Whitney in regulating the traffic where local option does not prevail. Both are for local option, but Mr. Rowell is for no bars, and Sir James is for bars, few in number and under strict regulations. Both parties and leaders differ as to method, but both agree in having the same attitude toward things that are fundamentally different: we mean beer and whiskey.

Beer is a beverage and whiskey is a dangerous stimulant and often a poison. Spirit drinking is a danger to the individual and to the community; the beer we sell here runs about three per cent in alcohol, and is cool, enjoyable, and causes little trouble except that it leads men into places where whiskey is sold!

We believe that the regulations for the sale of beer should, therefore, be different and more reasonable than those applied to whiskey. Why not give licenses for beer only, especially in cities and towns, and limit whiskey licenses to a very few places? And put stricter hours on the whiskey business than on the sale of beer?

We believe that Sir James Whitney could meet public opinion where it is strongest and where it is also reasonable if he closed in on the sale of spirits and separated the sale of beer from the same rules that regulate whiskey.

We would like to see the experiment tried in any legislation that may be passed this session.

RADIUM TREATMENT.

In the current number of The Canadian Lancet Dr. G. Sterling Ryerson presents a digest of the first annual report of the Radium Institute of London, Eng. Without entering upon the medical technicalities it is evident that in certain forms of malignant disease treatment by radium has been distinctly successful, although in certain cases it is as yet uncertain whether the apparent cure will be permanent. But even with this reservation and remembering that in the meantime radium treatment is still in an experimental stage, the results strengthen the hope that with wider experience many hitherto intractable maladies will either be conquered or greatly relieved.

NO LOOKING AHEAD.

Alid. Wanless deserves some credit for his outspoken stand in dealing with the Toronto street widening proposal. "Selfishness is rampant in Toronto," he said, "the matter of this extension, which is a public necessity, is now reopened, and opposed from selfish motives. That is the only view one can take of this senseless opposition to a necessary improvement."

CAR RUNS AMUCK

THIRTY INJURED

Accident at Calgary Threatened Serious Consequences to Women Passengers.

CALGARY, Alb., March 17.—(Can. Press.)—Crowded with passengers, mostly women, coming into the city to their work, a Tuxedo Park special car, one of the dinky type, broke away from Motorman W. J. Fuson while descending the steep grade at the foot of Fourth street east, and rushing twenty miles an hour around the sharp curve at the bottom of the hill, left the tracks beyond the turn, smashed into a telephone pole, turned on its side and injured thirty persons. The injuries, however, were in nearly every instance of a minor character. Most notably 242 Sixteenth avenue, northwest, the most severely injured, is at the General Hospital, suffering from internal injuries.

time. The aldermen who cannot see these things immediately in front of the city's needs are of very little use to their constituents. To their success in concealing this fact Toronto owes much retarded growth.

CANADA'S MEDICAL BREADTH.

Dr. Friedmann's visit to Toronto, whatever it may prove in the campaign against tuberculosis, has at least elicited a pleasant tribute from the German expert to the breadth of the courtesy and the skill of our medical men. He was not met in Toronto with the reluctance or the official reticence that seems to have characterized the attitude of some New York professional men. The suggestion that the drug trust was behind the opposition to Dr. Friedmann seems too diabolical for decent humanity. Yet we know that trusts are guilty of just as cold-blooded action, and are honestly credited with the very slightest regard for human life.

In Ontario tuberculosis is a real danger, with scarcely a home, from the highest to the lowest, in which the white finger has not touched some loved one. Doctors who love their profession for humanity's sake would run any risks of violating professional etiquette surely if thereby human lives might be preserved? At all events, Dr. Friedmann has been given his opportunity in Canada, and Hon. Adam Beck and the physicians and health authorities who secured his visit deserve credit for having brought it about. The whole world is awaiting the issue of these experimental treatments. Should they prove effective it means perhaps the elimination of the greatest scourge that diseased humanity has to contend with. But it is a time to suspend judgment. There may be cure, and there may be a disturbance of the balance of nature, such as characterizes the use of vaccine lymph, so that, as authorities like Sir William Crookes and Alfred Russell Wallace declare, the remedy is worse than the disease.

Health, after all, is a simple thing. Fresh air, light and simple diet, plenty of cold water, and no excesses provide all the means of perfect health.

Sir James Whitney should attend the luncheon of the Empire Club on Thursday.

CANADIAN GENERAL ELECTRIC CO.'S ANNUAL REPORT.

The annual report of the directors of the Canadian General Electric Co., which is issued at the annual meeting yesterday, will make pleasant reading for the most critical shareholders. The company has fully participated in the prosperity and expansion throughout the Dominion during 1912. Gross profits amount to \$2,011,718.83, leaving a balance of \$1,396,483.08, after deducting the amount deducted for depreciation and interest on borrowed capital. After paying dividends of 7 per cent, per annum on preference and common stock, and a bonus of 1 per cent on common stock, there still remains a net balance of \$708,511.23, of which \$700,000 has been added to the general reserve fund, which now stands at \$2,369,531.95. To those unacquainted with the scope and vastness of the company's undertakings, this annual report will be a revelation of commercial development and enterprise. The company operates and holds the controlling interest in, or has the largest interest in, a host of the biggest industrial plants in Canada, such as the Canada Foundry Co., Electric Porcelain Works, Peterboro; Architectural Bronze and Iron Works, Toronto; Electrical Supply Works, Toronto; Bridge Works, Bridgeburg, Ont.; Carbon and Tungsten Lamps, Toronto; Tungsten Lamps, Montreal, and various other power and electric plants throughout the Dominion. The Canadian General Electric Co. is one of the mammoths of an age of big businesses, and its annual report is not only a credit to the directors and executive staff, but also that vast army of Canadian engineers and mechanics whose skill and diligence has made the Canadian General Electric Co. what it is today.

SUBWAYS FILTHY SAYS PRUSSIAN

Railway Official Criticizes New York's System of Rapid Transit.

COULD WRITE VOLUMES

Draws Pathetic Picture of Blushing Women in Sleeping Car.

Special Cable to The World. BERLIN, March 17.—(Copyright.)—Prof. M. Cary, superintendent of the car department of the Prussian Royal Railroad, denies that American roads are superior to German roads, although he admits that New York's subway gives better and quicker service than any German underground road. But the New York subway he finds filthy. Other American trains are neither better nor quicker. He declares that the local trains are unclean, dirty, and as for the cars they have mostly "torn and filthy coverings, with broken and outsticking springs." The cars have windows which are choked with soot or so badly fitted that they will not open close. American expresses are not faster than the German ones, the average, too, owing to the competition between roads, passengers get an advantage in cheaper fares. On the other hand, the habit of carrying huge portmanteaus, and the professor declares that local trains often do not run at all if there are but few passengers, which is pleasant for people wanting to catch expresses at junctions.

He says the Germans seem to be the only people who have the unfortunate habit of carrying huge portmanteaus, and that the American companies are not so miserably in estimating free luggage.

He admits also the convenience of the express company system for luggage, but says it has its shady side. He points out that the express trunks from Stateside are piled up on the steamer at Hoboken. The trunks pass through the hands of three express companies, neither of which take any responsibility for delivery, and as Sunday came in between the delivery took three days.

Could Write Volumes

The professor would write volumes about American sleeping cars. He complains that lying in an upper berth in an American sleeping car is like being buried alive. If anybody, driven crazy by the heat, tries to open a window he risks being choked with mud and mud, and is liable to be attacked by the German lines you can get a drink. He pictures an unhappy foreigner who does not know he is carrying his own glass along if he wanders into an American train, and describes him as dying of thirst because the American regulations will not allow the company to provide glasses.

FRENCH BEAT OFF TRIBESMEN.

RABAT, Morocco, March 17.—(Can. Press.)—A French column on the way to Ouedzern, was recently attacked by a band of tribesmen. The escorting detachment engaged the tribesmen in a fierce battle and beat them off after five hours hard fighting with heavy loss to the natives. The French lost 14 killed and 35 wounded.

Death of Dr. Bellamy.

When Sciatic Pains Burn Like Fire Rub in "Nerviline"

It Kills the Pain, Cures the Suffering, Destroys Every Trace of Sciatica.

READ THIS INTERESTING LETTER.

"I think you ought to make your claims stronger about the marvelous power of Nerviline on Sciatica, and Lumbago." This is how Mrs. A. C. Corrigan opens her letter, written from Victoria, "so many people are suffering, and so few get proper treatment, that I am anxious that thousands should know of how Nerviline cured me. Sciatica is just about the most awful pain humans are called upon to bear, and in my case there was at times an additional misery of Lumbago. Nothing attracts attention to particular forms of suffering like personal experience, and that is why I am so anxious about Nerviline. I had the luck to use it about a week, and it cleared it right out of my system. But now I use the wrong remedy, and get Sciatica all over again. Nerviline eases the pain at once, and stops the inflammation before it gets to the bone. I say that a liniment that has power enough to kill the pain of Sciatica is a remedy everybody should know about, for it would snuff out in a wink little ailments like Neuritis, Lumbago, Strains, tired muscles and inflammation from cold."

SAVED BOY FROM DROWNING.

CHATHAM, March 17.—(Special.)—Clarence, the little son of Mr. and Mrs. Jas. Jewell of this city, had a narrow escape from drowning in the Thames this afternoon. The boy, who is five years of age, was playing at the Rankin dock when he fell in. His mother, who was standing by, saw the boy in the water and pulled the boy out as he was disappearing for the last time exhausted.

Labor Outlook Excellent.

KINGSTON, March 17.—(Special.)—From the present indications it does not look as if Kingston will have a hard time this spring. Every branch appears to be contented.

The Philosopher of Folly

LEAKS AND PLUMBS.

Without any warning we waken some morning to find that our sturdy old boiler—the boiler we trusted—has gone and got busted, and turned out a wrecker and spoiler. We get in a panic and say things volcanic on viewing the stream with its pouring, billows are pitchin' in cupboard and kitchen and over the window-sills roaring. We shout for a hammer with stertorous clamor, and straight thru the waters a splash-ling, knee-deep in the middle we fluster and fuddle, and then to the door we go dashing. We like for the plumber, by the way, to pay the least grow as he asks us our rating; as last when he reckons our assets he beckons a deputy plumber-in-waiting; his mess of red wax and tools to our cottage this chap about noontide will rap on our boiler, then back for a life-belt, he'll bundle, for pickers and pliers and pipeclay and driers he'll keep on his to-ing and fro-ing, while more of a debtor and wetter and wetter we know we are all the time growing. At last he will tangle the piping, and strangle our water-supply till the morning; then we at the boiler let our fate be a warning! We'll hock our glad raiment to meet the first payment (we henceforth must water by the way) to pay the plumber the king of the highway!

SALE OF COLLEGE HEIGHTS LOTS.

Public attention is directed to the sale of 60 lots, each 40 x 123 feet, on the north section of College Heights, now being advertised in another column of this issue. Their location presents very attractive features on account of its elevation and the fact that it is directly opposite the proposed garden suburb of Cedar Vale, planned according to the most progressive principles. Lack of transportation has hitherto retarded the development of the northern section of the city, but the proposed Eglinton and Forest Hill car line will bring these lots within three blocks of its facilities. They will be submitted to public sale on Saturday, March 22, at 12 o'clock, by C. M. Henderson & Co., on instructions from J. D. McWilliams, agent for the vendors.

CONGRATULATE GUELPH OFFICIALS.

GUELPH, March 17.—(Special.)—At tonight's meeting of the city council the special committee appointed to report on Judge Jamieson's finding with respect to the investigation of certain charges made by W. H. Robinson and others against the sanitary inspector, the medical health officer, and the chief of police, and which charges were requested to investigate by the city council, in December, reported congratulating all the officials concerned on the fact that after so searching an investigation, none of the charges was upheld. The finding of the judge was sent on to the police commissioners for their consideration.

Exhaustion and Bodily Tiredness Every Day Being Turned Into Vigor and Ambition by Dr. Hamilton's Pills.

From Cheboque Pt. N. S. comes the following from Mrs. W. A. Reynolds: "A year ago my health began to fail. I lost appetite, became nervous and sleepless. My weight ran down, I became thin, hollow-cheeked, and had black rings under my eyes. At once, I got the charm of life had left me, and when springtime arrived I was in the 'blues.' I read of Dr. Hamilton's pills and got five boxes. Within a month my appetite and color were good. I gained strength and felt like a new woman. New life and vigor returned, and my friends scarcely knew me. A medicine that will do this should be in every home." Good health means much to you. Success and happiness depend upon it. The maintenance and source of health is found in Dr. Hamilton's Pills, 25c per box, or five boxes for \$1.00, at all druggists and storekeepers, or by mail from the Catarhonne Co., Buffalo, N.Y., and Kingston, Canada.

NO THIRD MAN ON THE TENDER

Gross Negligence Found in Connection With Henry Creighton's Death.

"We are not going to make this court a hunting ground for law suits," said Coroner Dr. Plecker in rebuke to the solicitor for the family, at the inquest held into the death of Henry Creighton. The solicitor stated that he would appeal to the Ontario Government, and the coroner told him he had that privilege, and with that the solicitor retired. Henry Creighton was the C.P.R. train inspector who was killed near Sunnyside crossing on March 7, being run down by a light engine.

According to the evidence, Creighton was walking between the two tracks, and suddenly stepped into the way of the engine which was coming from Mimico.

The verdict brought in by the jury stated in part: "We also find that there was gross negligence according to the evidence of Constable Cummings and Freeman Goo, brought in to the effect that there was no third man on the tender, as required by law."

NEW BRANCH W.C.T.U.

A new branch of the W.C.T.U. was formed at the Timothy Eaton Memorial Hall, yesterday afternoon at a meeting over which Mrs. P. C. Ward, district president, presided. It was decided to call the new organization the Lytle Union, and meetings will be held on the first Monday of each month at 8.30.

The following officers were elected: President, Mrs. James Laver; recording secretary, Mrs. G. W. Lawrence; vice-president, Mrs. E. A. McCulloch; corresponding secretary, Mrs. Thomas Allen.

MYSTERY SHROUDS ADMIRAL'S DEATH

Eaton's Fate is Under Investigation—Suicide is Suspected.

BINGHAM, Mass., March 17.—(Can. Press.)—After four witnesses had been heard today at the inquest into the death of Rear Admiral Joseph Gleason Eaton (retired), the proceedings were adjourned until tomorrow morning, when the hearing will be resumed in this town.

At the closing of the proceedings the investigation said tonight: "The authorities, because of things plainly apparent at the bedside of Admiral Eaton, have come to the conclusion that he did not reach death through natural causes."

This official further stated that the authorities are considering the possibility that the admiral committed suicide, but would not say whether the investigation has thus far given any indication of this.

District Attorney Barker would neither confirm nor deny the quoted statement of the official.

ST. CECILIA CONCERT.

A most successful entertainment was given last evening at the St. Cecilia Hall at West Toronto. Dr. G. W. Galt, was chairman, and Rev. Dr. Galt welcomed the large audience. An address on St. Patrick and the Irish Nation was given by the Very Rev. The De La Salle orchestra furnished a fine musical program.

JARVIS BAPTIST CHOR.

The announcement that Dr. Broome has returned from abroad in time to prepare his well-known choir for its annual Good Friday concert will be welcome news to all lovers of church music. This year Moore's "Darkest Hour" is to be repeated with an enlarged chorus, and the soloists of the choir, the assisting organist is G. H. Knight, Mus. Bac. of St. Paul's Church, Avenue road, whose name is becoming so well-known in connection with his work as associate conductor of the Oratorio Society. A collection will be taken to defray expenses.

WAITERS STRUCK AT IRISH BANQUET

Hotel Cecil Management Conceded Demands and Redmond's Oratory Flowed.

LONDON, March 17.—(Can. Press.)—The waiters at the Hotel Cecil took advantage of the Irish national banquet tonight to inaugurate a strike, but the management conceded their demands, and 700 patriotic Irishmen enjoyed the feast.

Proposing the toast, "Ireland, a Nation," John E. Redmond, leader of the Irish parliamentary party, said that opposition to home rule in Great Britain was the general feeling was one of impatience and regret that the house of lords still had the power to delay the passing of the measure into law.

"But," added Mr. Redmond, "we have only to possess our souls in patience for a few months more, and the home rule bill will be the law of the land. A whole empire will be sympathetic of the whole empire."

Loud cheers greeted the reading of a telegram from the United Irish League of America, announcing the despatch of another \$10,000 for the cause.

NOT HURT IN RUNAWAY BUT SHOCK WAS FATAL

Henry Duncan of Elma Succumbed From Heart Failure After Escape.

BRUSSELS, March 17.—Death came suddenly to Mr. Henry Duncan, a farmer of Elma. He and Dan Neale of Grey were driving into Brussels this afternoon, leading a horse behind the buggy. The horse became frightened and pulled Neale out of the rig, causing the other horse to run away with Duncan in the rig. The horse, however, was stopped without any serious results, but a one-armed man or so later Mr. Duncan, who was standing at the Queen's Hotel stables, fell suddenly to the ground and died almost at once. Heart failure as a result of the shock from the runaway was the cause.

CHAUFFEUR MUST BE EXPERIENCED

Law Proposed to Make Motor League Judge of Driver's Ability.

Under an additional clause which George H. Gooderham is adding to his bill to amend the Motor Vehicle Act the Ontario Motor League is to be made the judge of the question as to whether or not a chauffeur is properly qualified to run a motor car in a crowded street. The clause provides that the man wishing to get a license must go out and drive a car in the company of two members of the league. If his driving meets with the approval of the two he is given a certificate signed by them and on presentation of this certificate to a justice of the peace he is granted a license without having to pass any technical examination.

Another clause of the bill will provide for the marking of roads of touring trips through the province by men who will be sent out by the motor league in a few days. The color scheme used in some of the American States will be used. Toronto to Hamilton may be red, Toronto to Ottawa green, etc. It is understood that the telephone and telegraph companies have no objection to the paint being applied.

A clause to allow motor cars to pass street cars when they stop provided there is an intervening space of five feet has also been suggested. This clause would affect the traffic on Spadina and St. Clair avenues. In Detroit this rule is giving general satisfaction.

STUCK BY MAIL AUTO.

When he stepped off the bridge over the tracks at Conduit and Dundas streets last evening, a one-armed man was struck by one of the Royal Mail auto trucks, and was thrown several feet. He was badly shaken up, but after refusing to give his name, started to walk for home.

87-89 KING ST. EAST ON SATURDAY 22nd March, 1913 at 12 o'clock noon, sharp.

Sixty Lots Each 40 x 128 Feet

The block now offered forms part of one of the most desirable residential locations in the suburbs of the city now rapidly extending northward, and is within easy walking distance of the proposed Eglinton and Forest Hill Car Line.

It provides an exceptional stretch of level land, with 800 feet of western frontage on Bathurst Street, north of St. Clair Avenue, directly opposite the beautiful garden suburb of Cedar Vale, planned by landscape architects of large experience.

The streets are graded and named and provision is already made for electric light and power.

No equal opportunity has yet been available in Toronto for acquiring individual lots at their fair market value, for the vendors, who many requests have been received, have resolved to open them to public competition.

The sale appeals to both home builders and investors, and its terms and conditions will be made known at the time of opening.

Plans and all information will be supplied by the undersigned.

FASHIONS AND THE HOUSEHOLD

"VALUE RECEIVED" HAS GOOD POINTS

But Can Scarcely Be Regarded as a Great Success.

A split of many excellent features "Value Received," which was produced at the Royal Alexandra last night, can scarcely be regarded as a great success. It is too episodic, too loosely constructed, depends too much on disjointed scenes from its own, and supports the too questionable moral that the end justifies the means, and also preaches too unduly to the secure.

"MILESTONES" IS AGAIN A SUCCESS

Splendid English Company Repeats Crowded Hours of First Appearance.

With a company without exception similar to that which contributed so largely to its success here last December, "Milestones" was presented at the Princess Theatre last night. This play of three acts, with its pretentious and its pathos, has increased its charm with repetition. The second presentation brought out more clearly the skilful work of the English company and the acting last night was appearing more mature. A crowded house was distinctly pleased.

Two Essential Points.

There are two essential points to bear in mind regarding these early spring bulbs, and, unless close attention is paid to these points, very different success will be attained. A very general impression seems to prevail that any time about the month of November is a suitable season for the planting. On the contrary, no greater mistake can be made.

Daily World Pattern Service.

AN UNIQUE AND POPULAR STYLE - LADIES' BLOUSE.

This model shows one of the new features in sleeve. It has a long shoulder, that forms the upper part of the sleeve, which is lengthwise by a close-fitting lower part. The waist is arranged in deep box plaits over the front, and is made with a collarless neck. Tiny lapels or revers finish the neck opening in front.

Daily World Pattern Coupon.

Form for requesting a pattern, including fields for Name, Address, and Size.

MONKEY TROUPE AMUSES AT SHEA'S

Strong Vaudeville Bill Has Many "Headliners" for This Week.

August Nauman, conductor of Shea's Theatre-orchestra, appropriately opened the performance yesterday with J. B. Lampe's rollicking Irish March, "Paddy Whack," and followed it later on with "The Lass I Loved in a Cold Frame," the flower heads will attain a size of from three to four inches across long before "St. Patrick's Day" is over.

THE CRACKER JACKS ARE AT THE GAYETY

An amusing and interesting production opened at the Gayety Theatre yesterday under the title of "The Cracker Jacks." The songs and scenery proved to be of the best.

A MAN IN THE OPEN

By Roger Poock.

(Copyrighted 1912, The Bobbs-Merrill Company.)

The sun was just clear of the ice when we made the port, and we saw a little black jerk up the flag halyards. Then break to a great red flag, with the letters B. C. C. means Here Before Christ.

ready. So we proceed to the night when I ran from the Zedekiah, and joined the Happy Ship.

So that's how I came aboard the Happy Ship, just like a lit lost dog, with no room in my skin for more bones and fat. Captain St. Lawrence used to say he'd signed me on as family ghost, but he paid me honest wages, fed me honest grub, while as to clothing and bed, he was as good as a rabbit. He taught me reading and writing, and punctuation with his belt, suns, hand, reef, and steer, and chinn, knots and splices, sewing the rule of the road, sootie moods, psalms of David, constitution of the United States, and playing trombone, with three pills and a good sticking regular Saturday nights. Mother's little boy began to set up and take notice.

leopard; can't just feel the old Pawneticket romping home to be in time for Christmas!

Words, only words which don't fit the mints, make me of serious thoughts. We men is dumb beasts which can't say what we mean, whereas I've allus reckoned persons like cats and hoves don't feel so much emotions as they exudes in song.

POLLARDS SCORE HIT IN "SERGEANT BRUE"

Clever Australian Children Delight a Large Audience at the Grand.

The onward march of Time was quite significantly in evidence last night at the Grand Opera House in the "grown-up" figures of many young boys and girls who were in the audience a few years ago, but who now regularly enrolled are given important parts in the musical plays that form the present repertoire of the Pollard Juvenile Opera Company.

THE MERRY MAIDENS IN GOOD BURLESQUE

New York in Two Reels is Interspersed With Good Music.

"New York in Two Reels" by the Merry Maidens Co., of the Star Theatre, this week, introduces some catchy songs and plenty of action from beginning to end. Harry Fields and William Stewart maintain the principal comedy roles and average up well.

HOW TO CARE FOR FEEBLE-MINDED

Ontario has "enjoyed the luxury" of 13 murder trials of feeble-minded persons within recent years, was one Robert MacMurphy's statements before a large audience at the Palmer Road Baptist Lecture Hall last night.

STICK TO SCHEDULE.

Heads of Departments in High School of Finance Not Specialists. Principal Eldon made an earnest plea before the board of education yesterday afternoon for the heads of the various departments of the high school of commerce, and to adhere to the schedule preferred recognition as specialists.

"SATAN" AT STRAND FINE PHOTO PLAY

Great Moral Drama Has Been Produced at Tremendous Expense.

Last night the Strand Theatre, the most popular playhouse in Toronto, was crowded at each of the successive performances of the great moral drama entitled "Satan." It cost upwards of \$200,000 to produce this wonderful modern morality play, which has been witnessed by many clergymen and received their full imprimatur.

"Satan" at Strand Fine Photo Play

"Satan" is one of the most ambitious photo plays that have yet been attempted. Commencing with the original fall of man it presents the striking historical incidents with which he is biblically associated, and when his world defeat is consummated, it traces his temptation of individual men and women and their inevitable end when they succumb. As a matter of fact, the whole performance was one of cheerful exercise for the youthful aspirants who portrayed the leading parts, and of efficiency in every other department, with personal adaptiveness that leads to the successful results seen on the stage of the Grand last night.

IT'S GREAT TO BE IRISH.

NASHVILLE, Tenn., March 17. (Can. Press.)—Police Judge Kilien followed his annual custom, today striking the Irish prisoners, and announced to the prisoners that in honor of St. Patrick's Day, he would release all the Irish. Every inmate of this prison, including some nervous "chaps," to the sons of Erin, so Judge Kilien released them all.

REAL ESTATE NEWS

HOUSE BUSINESS IS GETTING BRISK

Agents Report That Sales Are Becoming Numerous - Spring Relatively Quiet.

Managers of the house departments of the large downtown real estate companies assert that business in buying and selling houses is at last beginning to show signs of briskness. Compared to business done at the same period in other years the house market this spring has been almost dormant. Except to cite causes which might have applied to other years—but did not—the reality men cannot explain why business has been relatively slack. But one of the uptown agents on College street says that if agents will compare the winter business with that done in other winters they will readily see why the March activity is a little less than normal. "In other years," he said, "nobody thought of buying houses in December before Christmas, and in January and February only those who were forced to find new habitations were in the market. Mild weather and seemingly greater abundance of money among the small householders meant a great movement in houses through last winter almost without cessation from the fall period. There is little accumulation of demand; those who wanted the houses during the winter have bought them.

"There is no belated enquiry and what demand there is on the market just now, is the regular spring enquiry for occupation."

While the tendency in house prices is still upward it has been difficult to distinguish any acceleration lately. Brokers are not being bothered much over owners turning down offers on prices listed a couple of months previous. It will be hard to accurately forecast just how much house prices will go up until it is seen how far the demand of the next three or four weeks cleans up the supply.

ST. CLAIR AVENUE CORNER IS BOUGHT

Deep Lot at Marlboro Crescent Brings About Three Hundred a Foot.

Tanner and Gates report the purchase of the northwest corner of St. Clair avenue and Marlboro Crescent by George Sellers Investments Ltd., at about \$35,000. There is 114 feet on St. Clair and 250 on Marlboro, which is the second street east of Avenue road.

THORNHILL DISPUTE

Wm. G. Shearson claims that several months ago he entered into an agreement to purchase about seven acres of land in Richmond Hill from Catherine Good of Toronto. The woman now refuses to sell the land at the price mentioned in the agreement. Shearson has entered an action in the non-jury assize court to compel execution.

Annual Report of the Directors

TO BE SUBMITTED TO THE SHAREHOLDERS AT THE ANNUAL GENERAL MEETING OF THE COMPANY, IN TORONTO, ON TUESDAY, 25TH MARCH, 1913.

Your Directors submit herewith the Balance Sheet of the Company as upon the 31st day of December, 1912, also statement of Profit and Loss for the year, and Certificate of Messrs. Price, Waterhouse and Co., Chartered Accountants.

The year 1912 has been a period of marked expansion, with undisturbed prosperity and steady development in every part of the Dominion. Your Company, as evidenced by the Report presented, has participated to the full extent in this increased business, and it is with pleasure that your Directors are able to present a statement showing that the profits for the year 1912 amounted to \$2,011,719.83.

From this amount has been written off for depreciation the sum of \$456,358.59, and of interest on borrowed capital the sum of \$158,878.16, leaving a balance of \$1,396,483.08. Deducting from this amount Dividend on Preference and Common Stock, at the rate of 7% per annum, and a Bonus of 1% on the Common Stock amounting in all to \$639,871.80, there remains a net balance of \$706,611.28, of which \$700,000.00 has been added to the Reserve Fund, which now stands at \$2,369,531.85. The total of the Reserve Fund added to the balance carried at the credit of Profit and Loss makes a total Surplus of \$3,051,922.58, equal to 30.51% of the net value of the share Capital of the Company, both Common and Preference.

In addition to the Surplus as shown, the value of the Real Estate owned by the Company is greatly in excess of the cost value as it appears on our books.

There is also a Reserve for Depreciation, now amounting to \$1,104,453.86.

During the year important additions have been made to the Company's buildings and plants. At the Peterborough Works new manufacturing and stores building, 327 feet by 80 feet, by three stories, has been erected; a new Office and Warehouse building has been erected in Montreal; a new and complete manufacturing plant has been erected in Toronto for our Architectural Bronze and Iron Work; an addition 100 feet by 52 feet by three stories to the Sunbeam Incandescent Lamp Factory, also in Toronto, has been completed; and an Office and Warehouse building has been erected in Porcupine. Your Directors are pleased to state that the funds required for the greater proportion of the expenditure for real estate, buildings, machinery, and plant, has been provided out of the surplus earnings of the year.

A reference to the Balance Sheet shows that our total Cash and Current Assets amount to over nine million dollars, of which amount over five and one-half million dollars is carried in our Inventory. It should be understood in considering this Asset that it includes the materials for all orders and contracts on hand which were not completed and shipped at the end of the year. Following the usual policy of the Company, this inventory has been taken at cost price, or the market price, whichever was the lower, plus the actual cost of labor expended on the contracts, and no estimated profit has been taken into account.

Uncompleted Contracts, to the value of about seven million dollars, in various stages of completion, have been carried over to the current year.

The Company owns the real estate and buildings occupied as District Offices and Warehouses in Halifax, N.S.; Montreal, P.Q.; Toronto, Ont. (Head Office); Porcupine, Ont.; Winnipeg, Man.; and Vancouver, B.C. and plans are being prepared for a building in Calgary, Alta., suitable for the Company's requirements. The remaining Branches, or District Offices, are in rented premises, and are located in—Ottawa, Ont.; Cobalt, Ont.; Regina, Sask.; Saskatoon, Sask.; Calgary, Alta.; Edmonton, Alta.; Nelson, B.C.; Victoria, B.C.; and Prince Rupert, B.C.

Your Directors desire to express their great regret at the death of Mr. H. P. Dwight, who had been a Vice-President of the Company since its inception. Mr. W. D. Matthews, a Director since the organization of the Company, was elected to the vacancy created, and on the election of Mr. Frederic Nichols as President, the Hon. J. K. Kerr, K.C., also a Director since the organization of the Company, was elected to the Vice-Presidency vacated by Mr. Nichols, and Mr. F. Gordon Osler was elected a Director to fill the vacancy on the Board created by the death of Mr. H. P. Dwight. Your Directors desire to express their pleasure at the resignation of Mr. Brock, who has been President of the Company since its inception.

FREDERIC NICHOLS, President.

CERTIFICATE OF CHARTERED ACCOUNTANTS

WE have examined the books and accounts of the Canadian General Electric Company, Limited, and its subsidiary Companies, for the year 1912, and find that the annexed Consolidated Balance Sheet and Surplus Account are correctly prepared therefrom.

During the year there have been charged to Capital Accounts only expenditures in respect of actual additions, extensions or permanent improvements. Sufficient provision has been made for Depreciation of Plant and Machinery.

The Inventories of Raw Material, Supplies, Work in Progress and Manufactured Products have been taken and certified by responsible officials of the Company, and have been compared by us with the factory records. The valuations have been accurately made at or below cost price, sufficient allowance being made in respect of goods that are either obsolete or not readily salable.

Reserves have been made for Doubtful Accounts and Notes Receivable and for all ascertainable liabilities.

We have verified the Cash, the Investments and the Bank Balances by actual inspection or by properly certified statements.

We certify that the annexed Balance sheet is properly drawn up so as to show the true position of the Company at December 31st, 1912, and that the Surplus Account shows the correct result of the operations for the year.

EASTER CATTLE IN GOOD BEAR MARKET

Good Quality Stock at Firm Prices—Another Advance in Hog Values.

MONTREAL, March 17.—At the Montreal Stock Yards, West End Market, the receipts of stock for the week ended March 15, were 1800 cattle, 130 sheep and lambs, 2600 hogs and 1400 calves. The supply on the market this morning for the sale amounted to 1200 cattle, 100 sheep and lambs, 2000 hogs and 600 calves. This was the Easter live stock market and in consequence the offerings of cattle were somewhat larger than usual and the quality much better, as the buyers in most cases make it a point to secure some of the best stock that can be had through the country for this time of the year. The display compared favorably with former years, but there did not seem to be the same interest taken in the market on the part of buyers as heretofore. Trade on the whole was fairly good.

A few loads of extra choice stall-fed calves sold at \$7.50, including one of 22 head, which weighed 30.175 pounds and a number of loads of choice steers changed hands at \$7 to \$7.25 per cwt. For choice hogs there were 1000 picked lots of extra choice Easter steers as high as \$7.75 to \$8 and paid, and choice sold at \$7.25 to \$7.50 per cwt. There were several buyers from Quebec on the market who bought all the extra choice and choice bulls at \$5.25 to \$5.75 per cwt.

The supply of sheep and lambs was very good, and the market was good and the undertone to the market was firm, but prices showed no change. A few choice spring lambs brought \$10 each, and the ordinary class of calves sold at \$8 to \$10 each, as to size and quality the market was good.

The tone of the market for hogs was stronger and prices secured a further advance of 100 per cent. of the ordinary class was good from packers and sales of selected hogs, \$10 to \$11.50 per cwt. Choice hogs, \$12 to \$13.50 per cwt. Choice hogs, \$14 to \$15.50 per cwt. Choice hogs, \$16 to \$17.50 per cwt. Choice hogs, \$18 to \$19.50 per cwt. Choice hogs, \$20 to \$21.50 per cwt. Choice hogs, \$22 to \$23.50 per cwt. Choice hogs, \$24 to \$25.50 per cwt. Choice hogs, \$26 to \$27.50 per cwt. Choice hogs, \$28 to \$29.50 per cwt. Choice hogs, \$30 to \$31.50 per cwt. Choice hogs, \$32 to \$33.50 per cwt. Choice hogs, \$34 to \$35.50 per cwt. Choice hogs, \$36 to \$37.50 per cwt. Choice hogs, \$38 to \$39.50 per cwt. Choice hogs, \$40 to \$41.50 per cwt.
