AUSTRIAN OFFENSIVE A TOTAL COLLAPSE

Not a Single Objective Has Been Attained Since the Fighting Began

AUSTRIANS FORCED TO WITHDRAW ON WHOLE MONTEBELLUNO FRONT

In Front of Zenson Fresh and Numerous Enemy Troops Are Forced to Retire Before Italian Reserves.

Rome, June 20.—From the Montello to the sea the battle of the Piave River is continuing bitterly without pause. The Italian war office announced today. Last night the Italians forced the invaders to withdraw their whole front north of the Montebelluno railway. More than 1200 Austrian prisoners were taken and numerous machine guns captured.

The Austrians yesterday afternoon, says the statement, launched a fresh attack on the Piave with strong forces and succeeded at first in gaining some ground in front of Zenson. Later Italian reserves were brought up and forced the Austrians to retire. The text of the Italian war office announcement follows: "From the Montello to the sea the battle is continuing bitterly without pause. Yesterday evening we drove the enemy back to the northern part of the Montebelluno railway and made him withdraw his whole front of attack somewhat towards the northwest. The Italian war office announced today that the Austrians had captured prisoners and taking numerous machine guns.

"Along the Piave River the struggle is fluctuating fiercely on the front line. It is being carried out by the enemy with decision and hardness and sustained by our troops with great stubbornness and bravery. The enemy on the afternoon of yesterday, launching to the attack fresh and numerous troops, succeeded in first in gaining some ground in front of Zenson, but he was promptly checked and was afterwards forced to retire by our reserves, which immediately arrived. "Our troops with energetic counter-attacks succeeded in greatly reducing the fighting sector to the west of the San Dona di Piave. Prisoners to the number of 513 remained in our hands.

READING MAKES PLEA FOR CO-OPERATION

British Ambassador Wants Britain and United States to Have Closer Relations.

Cambridge, Mass., June 20.—A plea for Anglo-American co-operation after the war was voiced before the Harvard alumni today by the Earl of Reading, British ambassador to the United States, who had previously been awarded the honorary degree of doctor of laws at the university commencement exercises. "England entered the war," he added, "knowing she was vindicating a great principle, but without a clear vision. Your entry has helped to clarify the vision, to establish the principle of liberty and justice among all nations."

STARVING AUSTRIANS FIGHTING FOR FOOD

Archduke Charles Tries to Improve Morale by Talking of Things to Eat.

Little to Exist on More Than Those for the Next Six Weeks.

Italian Army Headquarters, Wednesday, June 19.—"That Austria's drive against Italy is positively 'a hunger offensive' has been proven by new orders and addresses found upon prisoners. These were signed by officers ranging from Field Marshal Conrad von Hotzenrod down to regimental commanders. One which was issued by the commander of a famous regiment bearing the name of Archduke Charles, says: "Soldiers, remember the spoils we got last fall from the Italians: the sheep, steers, warehouses full of good clothes and grocery stores full of wines, canned goods, flour and sugar. Think of your family. Think of white bread you may win for all."

The Italian soldiers tell humorous stories of captives effected by persuading the Austrians that they will be well fed. One Italian officer who had been wounded and picked up by a group of Austrians who intended to make him prisoner, explained "foolish they were. He said: 'Come with me and you will get meat, wine and rest. Thereupon the whole party went over to the Italian lines."

It is said, also, that at the beginning of the offensive the Austrians in the front line each received three rations of meat, one for each day of the attack until they reached the Italian stores. They were so hungry, however, that they ate all the Italian rations. "Troops are expected. London, June 20.—Eugomaster Weise-Kirchner of Vienna has informed the Austrian premier, Von Seydler, according to a despatch from the Austrian capital, transmitted by the correspondent at Amsterdam of the Exchange Telegraph Company, that in view of the reduction of the bread ration he declines to guarantee order in the capital. The burgomaster's demand for dried vegetables to make up for the lack of bread has been refused.

FARMERS MUST DELIVER

Vienna in a statement explaining the reasons of the reduction of the bread ration, a proclamation was issued to farmers requesting them to deliver a certain amount to large towns. The council has hoped to receive ten thousand carloads of grain, but as a matter of fact had received only 2,500. The mayor also reported that after the last lot of potatoes is distributed this week the supply will be exhausted. The mayor of Budapest, replying to a telegram requesting assistance, said that Austria will have to do so bad that the people had not had sufficient food for months.

INDIAN DISCIPLINE ON A SINKING SHIP

London, June 20.—The admiralty reports a striking instance of the discipline and bravery of Indian native troops aboard a sinking British transport in the Mediterranean which had been torpedoed by a German submarine. The natives coolly proceeded to the boat stations and stood at attention. As the boats were being lowered a second torpedo struck the vessel, which was rapidly sinking. The soldiers were thereupon ordered to leave the rafts overboard and jump into the water. These orders were cheerfully carried out with commendable calmness, and all except three reached the rafts. The survivors were picked up by patrol vessels and safely landed.

CHILDREN TO GET HOLIDAYS EARLIER

Board of Education Decides to Close Public Schools Next Wednesday Instead of Friday.

The board of education decided last night to close the public schools for the summer vacation on Wednesday next instead of on Friday as had been previously agreed to. The examinations will be over today and all the bigger pupils will be away from school, and it was felt that it was hardly fair to hold the younger children in class while the older were out. It was felt, too, that the teachers had done good work in the past year and deserved a few days' extra rest.

NEW MODEL SCHOOL AT ORDE STREET

Will Be Provincial Training Institution When Opened in September.

TEN CRITIC TEACHERS Specially Qualified Instructors Will Receive Two Hundred Salary Increase.

Important developments in connection with the completion of Orde street school were officially announced yesterday afternoon. The new Orde street public school will be opened in September as a model school for the purposes of the provincial normal school. Hitherto some classes in Church and Victoria street schools have been used for this purpose.

D. D. Macdonald, Principal. The board of education has appointed D. D. Macdonald, now principal of McMurrich school, to be principal of the Orde street school. A staff of eight specially qualified teachers will be appointed at the next meeting of the board of education as critic teachers, to take charge of the ten classes of the school, in which the teachers in training at the normal school will receive practice in teaching. This training for the candidates for second class teachers' certificates will be similar to that now provided at Ryerson school for students of the faculty of education of Toronto University, who are seeking to qualify for first class certificates.

Extra Salary for Critics. Each of the critic teachers will receive an addition of \$200 a year salary before their appointment to the ten specified Orde street school classes.

When the Orde street school is in full working order it is probable that several more classes will be used as practice classes.

AERIAL MAIL ROUTES MONTREAL-TORONTO

Montreal, June 20.—The opportunity furnished the Royal Air Force by the placing of the polo grounds, near this city, at the disposal of aviators has been taken early advantage of by the proposal of an airplane mail route between here and Toronto.

GERMAN PLANES ATTACK A BRITISH SQUADRON

Enemy Machines Made No Hits and One Seaplane Was Destroyed. London, June 20.—German airplanes attacked a British naval squadron north of Heligoland Bight on June 19, the British admiralty announced today. The German machines made no hits and one seaplane was destroyed.

BETHMANN-HOLLWEG ILL. Amsterdam, June 20.—Dr. von Bethmann-Hollweg, the former imperial German chancellor, is gravely ill, according to The Cologne Volks Zeitung. He recently suffered a stroke of paralysis.

STRIKE IS AVERTED BY BOARD'S OFFER

Civic Employees Ask That Robbins Amendment Be Agreed to.

SEND REPLY TODAY

Special Meeting of Council to Ratify Controllers' Offer is Demanded.

The threatened strike of the civic employees was narrowly averted last night when at a mass meeting of the men a large number were strongly in favor of taking a strike vote. This was avoided only by the use of the most careful diplomacy on the part of the more cool-headed employees until it became known what attitude the Trades and Labor Council had adopted.

After a delegation of members of the Trades and Labor Council had met the representatives of the civic employees it was unanimously decided to reply to the letter received from the board of control embodying the amendment made by Controller Robbins, the reply to be handed to the mayor personally this morning. The employees suggest that the mayor call immediately a special meeting of council to consider and deal with the offer of two dollars a week to date back from January 1, the heads of civic departments to meet the accredited representatives of the Civic Employees' Union or the officers of the various organizations most conversant with existing conditions to consider all present grievances, falling within the scope of the amendment, and to submit a report of conciliation or arbitration.

BOX-LUNCH HOUSE BEATEN BY WOMAN

Keeper of Small Grocery Store Takes Trade Away Quickly.

A meeting of the box lunch men of the city was held in the headquarters of the Retail Merchants' Association, 2 College street, yesterday, when an organization was completed. The following officers were elected: President, W. H. Caddock; vice-president, R. J. Dowling; and J. Love; secretary, J. Heck.

A deputation leaves for Ottawa this week to interview the food control board to see if it is not possible to get some concessions in the way of a box lunch purchase. Presently, the big rush hour for box lunches is just when the regulations say no sandwiches may be used, 11 to 2.30. As sandwiches are the staple of the lunch, the men feel if they cannot get some leniency they will be forced out of business.

On display at the meeting was a box lunch purchased at a small grocery at the Beach. A woman had recently started to sell box lunches, and one of the dealers said he was having so many boxes returned with the words, "We're going to a grocery now," that he investigated. Here was the lunch he purchased on a meagre day for 15 cents. There were sandwiches made of all white bread, weighing in all 7 1/2 ounces (law allows 1 ounce of white bread). Two of these contained a generous supply of ham, and the other was cheese. No wonder the box lunch man couldn't compete!

TRENCHES ARE STORMED BY AMERICAN TROOPS

German Troops Remained to Fight Were Killed by Rifle and Machine Gun Fire. Paris, June 20.—The transport Sant'Anna, proceeding from Biziers for Malta, was torpedoed and sunk on the night of May 10-11, according to the Havas Agency. There were on board 2150 soldiers and native workmen, of whom 1512 were saved.

Food Troubles in Dual Empire Unequaled Since War Began

Amsterdam, June 20.—Messages arriving here from Germany and Austria make it clear that the latest troubles in the dual monarchy over the food situation have never been equaled since the beginning of the war. The agitation throughout the country is growing enormously, according to the despatches, and the authorities in Austria-Hungary regard the situation with the gravest apprehension.

BALFOUR REPROVES PACIFISTS, WHOSE PROPOSAL IS NEGATIVED

GERMANS SEEK TO FOMENT REVOLUTION IN MOROCCO

Tribes Informed That Mussulmans Have But One Chief, Kaiser El Hadj Guilloum, Conqueror of France.

Paris, June 20.—How Germany tried to use the recent offensive for her own purposes in Morocco, is told in an official note made public here tonight. The note is based on documents intercepted by Gen. Lyautri, the French resident general in Morocco, in May. They are signed by a German agent named Hermann and Mulai Abd El Malek, uncle of the sultan of Morocco.

FRENCH TROOPS MAKE TWO SUCCESSFUL RAIDS

British Line is Advanced Slightly Near Mennis and a Few Prisoners Captured.

London, June 20.—The British official communication issued this evening says: "Two successful raids were carried out last night in the neighborhood of Loos by French troops, who captured several prisoners. The British also took a few prisoners northeast of Meteren."

RESCUED THE CREW IN STORM AT NIGHT

London, June 20.—A thrilling story of heroism at sea was disclosed at presentations by the late captain of the steamship Perlesien of Quebec and Lloyds to W. S. Roberts, late chief officer of the steamship Lord Erne.

While traversing the Atlantic on February 8 the Lord Erne received a distress signal from the Perlesien that she was foundering rapidly and the lifeboats had been lost. Notwithstanding the darkness and terrible weather the captain of the Lord Erne manoeuvred his vessel as rapidly as possible to the sinking ship. Roberts and a volunteer crew, to which all hands, including the engineer and apprentice, responded.

ITALIAN UNIFORMS PUT ON AUSTRIAN SOLDIERS

Were to Have Been Thrown Into Italian Lines in Order to Create Confusion.

Rome, June 20.—Italian military officials learned before the Austrian official note issued today, that the Austrians had dressed Italian-speaking soldiers in Italian uniforms in order to throw them at a suitable moment into the entente allied lines so as to provoke panic and disorder. Captured Austrians so garbed were executed after a drumhead court-martial.

TRANSPORT TORPEDOED; SIX HUNDRED DROWNED

Sant'Anna Sunk While Taking Troops From Bizerta to Malta. Paris, June 20.—The transport Sant'Anna, proceeding from Biziers for Malta, was torpedoed and sunk on the night of May 10-11, according to the Havas Agency. There were on board 2150 soldiers and native workmen, of whom 1512 were saved.

Bonar Law's Grateful Tribute To War Services of Moslems

London, June 20.—In the house of commons Mr. Bonar Law, chancellor of the exchequer, stated the government gratefully recognized the conspicuous war services rendered by our Moslem fellow subjects.

GERMANS SEEK TO FOMENT REVOLUTION IN MOROCCO

The documents announced the resumption of the offensive in France, as having been set for May 29 and urged the Beniourain tribe to rise against the French troops, as the moment was particularly favorable. "The Mussulmans have but one chief, Kaiser El Hadj Guilloum, who is the conqueror of France and is about to deliver Morocco," the documents say.

A LURID PICTURE OF PRUSSIAN MORALS

Corruption Rampant, Says Socialist Deputy, From Jailbird to Court Chamberlain.

EVERYBODY CHEATS Even Official Bodies Attempt to Export Illegal Profits From the Poor.

Amsterdam, June 20.—The following is a picture of social conditions in Prussia as presented during the debate on June 18 on the budget of the ministry of the interior in the house of deputies, by the Socialist member, Braun:

"We are face to face with a terrible condition of public morality. We hear of numberless cases of thefts on railroads and alarming juvenile criminality. According to official statistics, between October, 1916, and November, 1917, there were 467,718 convictions for infractions of the food regulations, and these were only a small percentage of the actual transgressions committed.

"As for that, we are all sinners. Profiteering exceeds all bounds; usury is rampant among all classes. Fraudulent profiteering, like that of the Daimler works, is nowise exceptional. Even official bodies attempt to extort illegal profits. Poor people can only buy clothes at the official clothing department by bribing the salesman with tips or food.

Demoralization Thru War. "The increase of criminality demonstrates the demoralization thru the war, which is described by fools as a rejuvenating bath. Self-sacrifice and patriotism, perhaps, are still found in the trenches, but in the invaded regions profiteering begins to rear its head, culminating in the most repulsive profit-snatching at home.

"Everybody cheats. The soldiers, from jailbird to court chamberlain, who cheats the needy home worker out of his scanty earnings, and pocket the money in the early stages of the war, the worst it becomes. "Added to this is the fatherland party's wild war-baiting propaganda and refusal of equal suffrage. What wonder that popular exasperation bursts forth in a big strike in January!"

Herr Braun further pilloried the nefarious activities of police and informers, and the hateful hypocritical censorship. The prohibition of the Socialist fund, he said, was ordered for the purpose of withholding from public knowledge the magnitude of the demand in the army for peace and equal suffrage.

Two Weeks of Wind on the Farms.

Still the wind blowing across the farmers' fields for two weeks now, with cold nights and cool days. The hay crop promises to be light, and all the more so, therefore, of corn fodder, and even of straw; but this latter ought to come with the splendid condition of a spring wheat, barley, oats. Quite a number of farmers had to plow in their first planting of corn and to re-sow. Rain would be a blessing, as old pasture fields are taking on a brown aspect, and those who are plowing these days complain of the packed nature of the earth. Haying will not be general until the first of July is well passed. And some of the farmers are hearing that some of the boys in military training will be given a short furlough for part of the harvest.

British Foreign Secretary Says They Appear to Think it Almost Criminal Not to Fall Right Into Germany's Trap.

London, June 20.—Philip Edward Morrell, Liberal, representing a small pacifist group in the house of commons, to day started, as his group does on every possible occasion, a debate on the question of peace by agreement and moving the following resolution: "That this house desires that the government will lose no diplomatic opportunity to settle the problems of the war by agreement, and that to that end it expresses its opinion that secret treaties with allied governments should be revised, since, in their present form, they are inconsistent with the object for which this country entered the war and are, therefore, a barrier to a democratic peace."

The motion was negatived without division.

In moving his resolution Mr. Morrell said that the people were anxious about the progress of events and entitled to a restatement by the government of its war aims and its opinion as to the prospects of achieving them. He charged that statements made in behalf of the allies bolster up "kaiserism." He declared that there was a passionate desire for peace in Germany if it could be got with security, but the Germans believed that the allies were unwilling to listen to reasonable terms and that only by supporting the emperor and the military party could they secure the peace they desired.

Mr. Morrell said that in June the British casualties averaged seventy killed a day, and that for the five months from January to the beginning of June the British losses in killed alone were seventy thousand, while the wounded and missing numbered three hundred thousand.

"The British Snowdon, Socialist, supporting the resolution, asked Mr. Balfour, secretary for foreign affairs, to define what he meant by "peace offensive." He agreed with Mr. Morrell that nothing like a stable peace could be obtained until secret treaties were denounced.

Mr. Balfour began his reply by explaining that by peace offensive, he meant any secret, by speech or otherwise, under the guise of seeking a non-race termination of the present war, to divide the allies and discourage individual members of the alliance.

Replying to Mr. Snowden's contention that nothing had been heard about Germany's desire to dominate the world in the early stages of the war, Mr. Balfour said that the British as a nation had been slow to believe that other nations could be animated by motives so wholly uncharacterized from the motives which moved their own people. But it was a fact that Germany was putting her aim of universal domination on a more elaborate and more elaborate care and foresight, and with a ruthless, cold-blooded determination which left Napoleon's tradition far behind.

"In this case where a sober historian would ever see the basis of a possible peace?" Mr. Balfour. "Is there any evidence whatever that a suggestion like the Austrian emperor's letter or any similar suggestion were made in the early stages of the war, carrying with it some prospect of security for the liberties of the world? We never rejected proposals which we thought had the slightest probability of producing such a peace, and there is no evidence whatever that the German Government has ever been serious in making such peace offers."

What About Belgium? Contending that Belgium remained the greatest blow to German honor, the secretary asked whether Germany had ever in any document or speech openly or plainly offered to restore Belgium to absolute political and economic independence. He knew of no such offer. There had been suggestions, but never a frank avowal.

Mr. Balfour proceeded to emphasize that in the matter of war aims there was not the slightest difference between Great Britain and the United States and he denied that secret treaties were an obstacle to peace. These treaties were made in circumstances in which he believed any government would have acted similarly, and it was quite a mistake to suppose that the treaty with Italy would stand in the way of peace. "Certainly," he continued, "the government does not go to put their ears to anything that could be called reasonable suggestions, if such suggestions should be made. Any proposal to the allies will be considered on its merits. These treaties were entered into by this country with others as members of an alliance. By these treaties we stand. Our national honor is bound up in them." The secretary did not doubt that it should be to the common interest

of the alliance to modify the treaties, the Italians themselves would suggest the modifications.

Concerning Russia. Referring to Russia, Mr. Balfour said:

"We have the task before us of doing all we can to restore Russia to full national self-consciousness. Everybody sympathizes with the difficulties in which that vast population finds themselves. The sufferings of the Russian people have been little alleviated by the nominal peace which has been forced upon them by Germany. I do not despair of our being even now able to do something material to restore economic and political unity and national effort in that great country."

Pacific Critics Blamed.

This was the very last time, said the secretary, that the allies were likely to make proposals to the central powers, or so far as he was able to judge, that the central powers were likely to make proposals to the allies, except for the one purpose of a peace offensive. "What the central powers apparently wanted to do was not to propose reasonable terms for the alliance as a whole, but to propose a member of the alliance terms seemingly extremely favorable, if that member considered only its own interests and not the interests of the whole alliance, and thereby disintegrate the member of the alliance, some of whom would be perfectly helpless taken in isolation, and which strong only so long as they were united."

He did not blame the central powers for laying such a trap, but should blame those who fell into the trap, and most of all he blamed the pacifist critics, who appear to think it is almost criminal not to fall into the trap.

Honorable Peace Desired.

"We all desire peace," continued the secretary, "but not peace which shall prove merely a truce. I hope that the arrangements made by the peace conference, whenever it meets, will be supplemented by a league of nations to enforce peace, thus affording the only real security that we shall ever get such a peace or deserve it as we lister to the counsels given to us by Mr. Snowden."

"We desire— we passionately desire—an honorable peace, but as time goes on we are more and more convinced that such a peace can only be attained by struggling to the end, to see that we do not leave in power any nation such as Germany to cause a repetition of the evil under which the whole civilized community of nations, whether in the old world or the new, is now groaning."

LAURIE TO FOREGO VISIT TO TORONTO

Ottawa, June 20.—Sir Wilfrid Laurier is suffering from an attack of neuritis and is also rather run down after the strain of the general election campaign and will, therefore, be compelled to forego the present his visit to Toronto and other places in Ontario. He is at present receiving treatment from his physician here. Later he will likely go down the Gulf of St. Lawrence for a holiday.

Windsor, June 20.—Beginning July 1, members of Walkerville Police Force will be paid at the rate of one hundred dollars per month. This is an increase of from \$85 to \$100 over the present rate.

WAR SUMMARY THE DAY'S EVENTS REVIEWED

To all outward appearances the Austrian offensive in the Italian theatre thus far has met with failure all along the front, from the Venetian Alps to the Adriatic Sea. In the hill region additional ground has been recaptured from the invaders, while along the Piave river, where intensive fighting is in progress, at some points with fluctuating results, the balance toward Italian victory seems to sway in favor of the Italian arms.

South and east of Asiago the French and Italians in brilliant counter-offensive have retaken Fenner, Bertigo and Costalunga, past which the Austrians had hoped to push their front and gain the Astico River valley, which leads to Vicenza on the plains below.

Not alone were the positions regained, but more than twelve hundred prisoners have been taken from the allied troops. On their part, over the entire mountain region, the Austrians have remained quiet, content to be compelled to go on the defensive. And then their efforts to hold back their antagonists have lacked the stamina usually men whose hearts are taken over. This condition has prevailed since the first onslaught of the enemy was summarily stopped by the fire of the British, French and Italian forces forming the barrier to the Venetian plains.

More heart is being thrown into the work by the enemy along the Piave from the Montello Plateau southward to the region lying close to Venice. Here he still seems, notwithstanding his heavy losses, and numerous repulses on various sectors, bent upon throwing his armies across the stream or pushing further westward with those of his forces that already have forced it. Nevertheless, further setbacks to the Austrians have followed those of past days on

ITALY IS THANKED BY LLOYD GEORGE

London, June 20.—David Lloyd George has sent the following message of congratulation to Dr. Vittorio E. Orlando, the Italian premier, on the showing the Italian troops have made against the Austrians in the present offensive.

"The imperial war cabinet, representative of all peoples and nations of the British Empire, desire to congratulate the Italian army on the splendid success it has made during the great battle now in progress on the Italian front. They have watched with pride and admiration the unwavering courage with which the brave soldiers of Italy, in company with Franco-British troops, have repelled an offensive conducted with the whole strength of the Austro-German army."

"This great success has been a deep source of encouragement to the allies. Coming as it has at the most fateful hour of the whole war, it is a good augury that the alliance of free nations will continue to be the world force for all of the military domination which has threatened it so long."

CONVICT FOLLOWERS OF PASTOR RUSSELL

BRITAIN CONSIDERING ECONOMIC REPRISALS

London, June 20.—In the house of commons today Brigadier General Croft, M.P., for Chesham asked: "Have the allies agreed to restrict the export of raw materials to Germany?" Mr. Bonar Law replied: "The government is constantly communicating with its allies, including the United States, in regard to this question, which is a very complicated one. Even if anything has been decided, which it is not the case, it would be impossible to make a statement."

100,000 Persons on Strike In Two Big Vienna Plants

London, June 20.—More than 100,000 persons have gone on strike in the Vulkan arsenal and the Warschawski airplane works in Vienna, according to a dispatch from Zurich to the Exchange Telegraph. The dispatch adds that riots have occurred at Favoriten, Margarethen, Ottakring and Brigittenau, suburbs of Vienna.

German No Longer Compulsory In University or High Schools

Hereafter German will no longer be a compulsory subject in the curriculum of the University of Toronto or of the high schools, according to an announcement made by Premier Hearst yesterday. A knowledge of German had heretofore been required by teachers desiring specialist standing in moderns, but in future German will not be necessary for any course.

FIVE MACHINES DESTROYED. British Airmen Could Not Do Much on Account of Clouds and Rain.

London, June 20.—The official statement on aerial operations tonight says: "Low clouds and rain interfered with flying on June 19 and the enemy aircraft showed little activity. Five German machines were destroyed during the day and two were driven down out of control. One of our machines is missing."

EXPRESS RATES RAISED.

Washington, June 20.—The Consolidated Express Company to start operation July 1 will increase its rates about ten per cent, with the sanction of the interstate commerce commission. It was learned that the rate increases to the general increase are to be made, however.

TROOPS MARCH AS IF UNDER FIRE

Route From Niagara Camp Will Be in Three Columns to Queenston.

Niagara Falls, June 20.—With a view to providing funds for a piano for the men's canteen, also for the Red Cross Society, the officers of the Machine Gun Corps will give a ball at the Queen's Royal Hotel on Saturday night. Dancing will be from 7.30 till midnight, and the orchestra from the 1st Depot Battalion, 2nd C.O.R., will play.

Since the start of 200 men from the Machine Gun Corps left camp at the beginning of this week, 200 picked men from other battalions in the camp have been added to the Machine Gun Corps and it is expected that in a few days the total strength will be 400. The strength of the corps will then be 650.

EXEMPTION CLAIMS FOR CITY POLICE

Seventeen of Toronto's Force Excused From Military Service Temporarily. Seventeen Toronto policemen were granted exemption from military service until Class 2 is called, their cases being dealt with yesterday at the tribunal presided over by Justice Rose. Strong reasons for the retention of the policemen at their present duties were advanced by D. Archibald, deputy chief of police. He stated that no additional constables had been appointed since the spring of 1915. To put substitutes in the places of the 17 policemen concerned would do more harm than good, as it was extremely difficult to obtain suitable men and any appointed would require a training period several months in length.

THIRTY-SEVEN OLD BOYS HAVE BEEN KILLED ON ACTIVE SERVICE

St. Catharines, June 20.—The closing exercises of Ridley College and the presentation of prizes took place in the gymnasium on Wednesday afternoon in the presence of a large number of Ridley boys and their friends. Rev. Canon Miller, principal of the school, presided, and outlined the work of the school, the extensions to the lower school and the necessity for rebuilding the risk. He also referred to the Ridley boys who are overseas, stating that 37 had been killed in the service and 40 wounded. The Ridley boys have also won a large number of honors on the field, winning many of the medals given for bravery in battle.

FORESTERS DISCUSS NEW MEMBERS' RATES

London was chosen yesterday by the Canadian Order of Foresters as the next place of meeting. Montreal was a contender for the honor, and it was only after spirited discussion that the former place was decided upon. Insurance rates for new members were debated, and the schedule, known as the Hunter rate, was adopted. This is as follows:

Table with 4 columns: Age, Monthly Rate for 1000, Monthly Rate for 2000, Monthly Rate for 3000. Rows for ages 16 to 45.

GERMANY AND TURKEY IN DISPUTE OVER RUSSIAN BLACK SEA FLEET

Athens, June 20.—A dispute has arisen between Turkey and Germany over possession of the Russian Black Sea fleet. Replying to deputations from the Turkish navy league, which pointed out that Turkey had an incontestable claim to the fleet, Talat Pasha, the grand vizier, said that negotiations were proceeding between Germany and Russia for the handing of the fleet over to Germany, but that the Turkish Government had taken energetic action with a view to acquiring the fleet.

There have been reports from vari-

Pretty Things for Your June Wardrobe and None of Them Expensive

Wash Suits to Gladden the Heart of a Girl in Her Teens or Just Out of Them --- Of Shantung and of Cotton Gabardine.

Lingerie Blouses of a Most Desirable Simplicity --- Made of Voile and Organdy and Very Moderately Priced

EARLY CLOSING

As in MAY, so in June, July, August, and SEPTEMBER, Store Closes at 1 p.m. on Saturdays. No Noon Delivery on Saturdays.

SATURDAY 1 P.M.
OTHER DAYS AT 5 P.M.

A. If a girl but own a Shantung suit this summer she may wear herself among the fashionably select. A Shantung suit is as pretty as this. The girl would adore it. The revers, which fall to the belt, are cut in one with the skirt, like panels in front. The skirt is gathered at the back beneath an all-round belt. Sizes 14 to 20. Price, \$11.50.

B. Nine out of every ten wash suits that you see are fashioned of cotton gabardine. Its popularity seems endless, and here is a model that fully justifies its claim to smartness and practicality. The lady is standing sideways, so that you may see the very effective embroidery on the pockets, belt and collar of her simple but graceful coat. The gathered skirt is likewise embroidered on belt and pockets. Sizes 14 to 20 years. Price, \$12.00.

C. Mademoiselle feels very smart in her suit with the sleeveless coat, as who should not? It is of blue cotton gabardine—such a beautiful sky blue, the skirt which is gathered all round, being of white gabardine, both trimmed with pearl buttons. Also obtainable with khaki or white coat. Price, \$16.75.

D. A sleeved coat this time—an other type of the coat and skirt which contrast. The coat is of white pleat, with black barred stripes, prettily fashioned with upturned ends on the front panels, the revers and collar being of white gabardine to match the be-ribboned and belted skirt. Price, \$22.50.

E. A trim suit of the very tailored and easily laundered type—is that, perhaps, your need? Then what of this very smart model in that modish material, white cotton gabardine? White pearl buttons and cable stitching on its Tuxedo collar and cuffs form the only trimming. The skirt is gathered under a belt, with pockets slanted diagonally. Price, \$14.50.

F. The collarless neck—'tis the smart thing in blouses, as in dresses, and isn't it graceful and alto-gether charming as expressed in the prettily tucked blouse above? It is of voile, the round neck outlined with a cording which is carried below the shoulder fastening—(accomplished, by the way, with pearl buttons and loops—in veritable Greek style. Price, \$5.00.

G. Would you think that such a piece of smartness was only \$3.95? Yet such is the case. It is made of a good voile, too, the tucked collar and cuffs edged and the front inserted in panel effect, with a very pretty guipure lace. You must specially notice the unusual two-button fastener.

H. Good style in every line, isn't there? And of a truth it is a most effective blouse to wear with washing suits. It is made of white organdy, with finely tucked front, the under part of the collar of peach color, malise or pale blue. And its price is but \$2.95!

I. This blouse of distinction, despite its simplicity, which Missy above wears. For the material is beautifully fine—so suitable for all that fine tucking—the cut and finish are excellent, and it rejoices in the convertible collar so dear to the heart of the woman who likes to be buttoned up to her chin when she goes forth in a tailor-made. Moreover, the buttons are crocheted—quite a refreshing change! Price, \$3.95.

J. This blouse of distinction, despite its simplicity, which Missy above wears. K. Fine, fine voile, embroidered in daintiest fashion, with a tiny ring, made with a round hemstitched neckline and a button-trimmed panel front, with tucks on either side, and you have a lingerie blouse that is practical, pretty and fashionable. The guipure edging on collar and cuffs adds to the effect. Price, \$4.00.

Of Cream Dress Goods and Suitings Such a Timely Array

Beautifully Fine Weaves in Wool, Also Silk and Wool Mixtures

One of the always popular, always smart suits is that in cream color—just as pretty as can be for summer weather, so the charming showing of cream fabrics in the Dress Goods Department should have a most forcible appeal. There is splendid variety in weave, and one of the specially interesting points is that many of them, having been bought long ago, are priced on the old-time basis.

Take, for instance, the serges. These, in various weights and in fine and coarse weaves, are obtainable, in widths from 42 to 52 inches, at \$1.50, \$2.00, \$2.50, \$3.00 and \$3.50.

Special mention must be made of a beautifully soft, fine French serge, 54 inches wide, at \$4.00 a yard.

Half-line striped serges, with pin and pencil stripes in black, are 48 inches wide, at \$2.00 and \$2.50 a yard.

Heavy chevrot weaves, which are immensely smart for light coats, as well as skirts and suits, are \$2.50 and \$3.00.

Beautifully supple Gabardines, 50 inches wide, and Tricotines, 48 inches wide, are, respectively, per yard, \$4.00 and \$4.50.

Among the newer weaves are Jersey-cloths, 54 inches wide, in dress-weight, a yard, \$6.00.

Braids Are Very Smart Just Now

So Soutache and Military Braids Are to Be Seen in Tremendous Variety at the Trimming Counter.

There's always such chic about a dress or a suit, even a blouse or a hat trimmed with soutache applied by hand, and in conjunction with the present modes it is more than usually charming. It can be had in a host of fashionable shades—blues, greens, taupes, sands, greys and pinks galore, while purples, rose, cherry, nigger brown, navy and black are also well represented. And it certainly combines the merits of effectiveness and moderate price, for it is but 25c a dozen yards.

Flat military braid, so popular for binding and trimming suits, can be had in almost as great a variety of colors, a 3/4-inch braid of fibre silk, so heavy that at first glance it looks like a tubular braid, being 6c a yard.

A 1-inch braid in the same shades is 15c a yard.

The very handsome, wide black braid, exceedingly smart for girdles, etc., 3 1/2 inches wide, is 55c a yard, the same width in ivory being 85c a yard.

LABORERS LACKING FOR AIRPLANE SPRUCE

Canada Could Enormously Increase Output if the Men Were Forthcoming.

Ottawa, June 20.—Referring to the statement of Mr. Johnson Hicks, chairman of the British parliamentary air committee, that England was preparing to launch into a tremendous campaign of airplane building and fighting, the imperial munitions board here today stated that Canada's organization for the production of airplane timber was complete except in one particular.

"The production of airplanes depends as much upon the supply of suitable timber as upon any other one thing," said an officer of the board. "The best timber so far discovered for airplane construction is Sitka spruce, which grows exclusively on the Pacific coast, and then only in favored localities. Washington and Oregon States have a fair area of this timber, but Queen Charlotte Island and the deeply indented bays and inlets of the mainland and Vancouver Island, on the British Columbia coast, have the greatest areas in the world, the trees in some districts averaging eight feet in diameter, and running as high as twelve feet.

"Italy and France are securing their supplies in the United States, while England also is buying part of her needs here. It is stated that 70,000 men are engaged in the woods and mills of Oregon and Washington. In British Columbia, however, the supply of labor is very limited, and

RAIN IN THE WEST IMPROVE CROPS

Hundred Thousand More Acres Sown to Wheat in Manitoba.

Winnipeg, Man., June 20.—Thunderstorms were general throughout Manitoba last night, a good rain falling in most districts. There were fairly heavy rains in Yorkton, Prince Albert and Kansas districts of Saskatchewan, two inches of rain being recorded in the last named district. Slightly cooler weather is predicted for the next two days, but the atmosphere is warm and conducive to excellent growth.

The crop in Manitoba on the whole is in very fair condition. The advent of rains throughout the province will go far to correct the damage done early by drought, frost and high winds which have prevailed more than usually. Some districts have suffered from the winds, because the ground was so dry that grain was blown out. In these cases the land has been reseeded to wheat or oats, and with the early start made in seeding, the warm, moist weather now being enjoyed in the province should ensure splendid growth.

The Dominion Government estimate of crop acreage indicates that Manitoba has approximately 2,150,000 acres sown to wheat this year which represents an increase of about 100,000 acres to wheat. This estimate is necessarily based on rough calculations, the actual returns from inspectors not yet being compiled. With excellent sowing conditions this spring, the actual acreage sown to wheat will prob-

QUARTER OF A MILLION DAMAGE BY BIG FIRE NEAR LETHBRIDGE

Lethbridge, June 20.—The Town of Warner, south of here, was almost completely wiped out by a fire which did \$250,000 damage last night. The places burned were Bicker & Yates' lumber yard, Yeall's garage, Brown & Mundy, blacksmiths and implements; Marr's blacksmith shop, Chin-ese restaurant, police barracks, Joseph's carpenter shop, Laflingwall's barns and corral and two residences.

Not Desirable to Prosecute The Arrested Sinn Feiners

London, June 20.—Edward Shortt, chief secretary for Ireland, stated in the house of commons today that there was sufficient evidence against the Sinn Feiners recently arrested to enable their prosecution for treason, but that it was not desirable or necessary to institute

GERMAN BARBARITY IN U-BOAT WARFARE

London, June 20.—A new and flagrant example of German submarine barbarity is reported by the newspapers.

A U-boat first torpedoed without warning and then shelled a British steamer. When the officers and crew of the damaged vessel took to the boats they were ordered alongside the submarine and forced to go on its deck, the captain being taken below as a prisoner. As the steamer had not yet sunk the captain ordered some of the British to row one of their two boats back to her with a German prize crew which rifled the steamer systematically and then sank her with three bombs.

After having been employed for nearly five hours in this work the British were given some provisions and cast adrift. The same treatment was dealt out to the others of the crew, numbering 28.

Of these men in the second boat only five survived until she was picked up four days later. The occupants of the first boat were picked up in a very critical condition on the fifth day by an American steamer.

Slaughter of Cattle in Italy Is Prohibited by Government

Washington, June 20.—Slaughter of cattle in Italy for the civilian population has been prohibited by a government decree, the Italian embassy was informed today in a cable despatch from Rome. No explanation was given. But it is believed here that it was designed to incur the milk surplu for the Italian people. America has undertaken to furnish a large proportion of the beef requirements of the allies, and shipments to Italy have been going ahead steadily.

Earlscourt VETERANS PROTEST IN STRONG TERMS

Earlscourt Branch Takes Exception to Court Decision Regarding Capt. Bailey.

At a meeting of the Earlscourt branch of the G. W. V. A. held at Belmont Hall Thursday evening a resolution was brought from the executive committee as follows, and passed:

"That we, the members of the Earlscourt branch of the G. W. V. A., protest indignantly against the virtual acquittal of Capt. Bailey, who was sentenced to serve three months in jail for slandering members of the G. W. V. A. at the front. There have been many cases of this kind in both private and public, and the plea of foolishness or ignorance of the law has been of no avail to shield the culprit. Why should he be in this case? A professional man and a military officer should be the least entitled to the benefit of such a clause."

Object to Lessee. Mention was also made of the fact that the Union Stock Yards had built a frame building at 2201 St. Clair ave. near the abattoir, which they had rented to an alien enemy of this country, a Turk, of the name of Charles Fassit, at a rental of \$25 a month. The G. W. V. A. strongly condemned the Union Stock Yards for this action, insisting that it was desecrating and injury to Canadian soldiers fighting at the front and their dependents at home.

Alien Storekeepers. Sergt.-Major Gardiner moved a resolution regarding the increase of the alien storekeepers in Earlscourt, and that some immediate attention was given to this matter that St. Clair avenue would be overrun with aliens, many of whom were military men. He characterized this condition of affairs as largely the fault of our own people, particularly the working class.

Line Up With B. I. A. The G. W. V. A. decided to line up with the B. I. A. and attend in strong force the mass meeting regarding ferry rates on Saturday night. President Crowder was in the chair and Sergt. Wines was acting secretary in the absence of Secretary C. F. Lacy.

ENTRIES ARE OFFERED FOR EARLSCOURT FAIR

At the regular meeting of Earlscourt Fall Fair Board of Direction last evening, the secretary reported considerable progress in all departments. A number of entries were already booked by citizens without solicitation and the enquiries made for funds for exhibits by Earlscourt merchants.

Earlscourt Boy Scouts are to be given an opportunity to sell at every Earlscourt household with entry cards which include: (1) For quantity of livestock (including poultry); (2) estimated quantity of foodstuffs on lot, etc. The returns from this information will enable the various committees to measure up the quantities. Under certain conditions prizes will be accepted.

A resolution was passed that a mass meeting be held at the Earlscourt Club, St. Clair avenue, next Thursday, June 27, when Boy Scouts are to act as ushers. All the patriotic organizations of Earlscourt, including the local G. W. V. A. and the Ladies' Aid Society of the churches, will be represented and the following are expected to be present to speak at the opening of the fall fair campaign: Rev. C. A. Mustard, St. David's Protestant Church; Rev. C. A. Reid, St. Chad's Church; North York; Rev. W. V. Roushouse, pastor of the Boon Avenue Baptist Church; Rev. W. A. McTaggart, St. Columba's Presbyterian Church; Rev. J. A. Grant, Wychwood Baptist Church; Rev. W. J. Brain, St. Michael's and All Angels; Rev. Harry Fawson, Oakwood; Rev. J. Neil Silverthorne; Rev. H. R. Young, St. Hilary's, Fairbank; Rev. J. A. Hillis, Davenport Presbyterian Church; Rev. E. McCabe, of the St. Clare Catholic Church; Aldermen Brook Sykes, C. E. Blackburn, all give their hearty endorsement to the coming fair.

Rev. Peter Bryce, superintendent of the Earlscourt Methodist churches, in a statement to the fair fair committee, says: "I heartily approve of the idea of a fall fair for Earlscourt, for I am sure it will mean greater production, less suffering and a splendid advertisement for Earlscourt."

COAL SHOVELING OFFERED WAR HEROES

Shoveling coal ten hours a day was one of the jobs offered to a returned Earlscourt man by a big manufacturing concern in this section today, according to a statement to a reporter for The World by J. T. Hearn, late of 15th C. E. F.

"Are you a machinist?" this man was asked by the woman in charge of the employment office, and when he replied in the negative, the coal job was offered him.

Hearn was at Hill 60 in the famous blowing up of that hill by the British and was shell-shocked at Ypres. He lost a brother recently, Sergt. Hearn, who died at Kingston Hospital.

ROSE DAY COLLECTIONS. Earlscourt Responds to Appeal for Queen Alexandra Fund.

Earlscourt responded well to the Queen Alexandra fund today, and collectors were out early on the corners of St. Clair, Dufferin, Lansdowne and at the various car stops.

Mrs. Morrow was in charge of the district committee. Her assistants, Mrs. House, Mrs. Pipe, Mrs. Humphries and Miss Pipe, all well-known local organization workers in Earlscourt.

INAUGURAL MEETING. Oakwood Lodge, No. 456, I. O. O. F., will hold an inaugural meeting for Bro. Wilton H. Jeeves, P. G., as district deputy grand master, District of Toronto, No. 35, to be held in Belmont Hall, West St. Clair avenue, on Monday evening, R. H. Hudson is recording secretary and W. Perry noble grand.

SMALL EARLSCOURT FIRE. The Earlscourt fire reel was called out at 8 p. m. last night to a fire that had broken out in a private house at 40 Elmwood road, North Earlscourt, occupied by H. Ainsworth. Over \$100 damage was done. The cause of the fire is unknown.

West Toronto PTE. E. F. DAVIDSON INVALIDED HOME

Joy was not unminged with sorrow when the relatives of Pte. E. F. Davidson, 401 Indian Grove, welcomed him home yesterday, for it was then that they felt more keenly than ever, the loss of his brother, Sergt. R. L. Davidson, who enlisted with the 85th Battalion in August, 1915, and was killed in action, May, 1917.

Pte. Davidson, formerly of the Royal Shoe Store, enlisted December, 1915, with the 125th (Royal Grenadier) Battalion, went to England August, 1916, and to France, December, 1916, with the Machine Gun Section of the 19th Battalion. He lost his leg last November, reached England in time for Christmas dinner, and has been there until returned home.

NOT MANY CAN AFFORD FULL TIME WITHOUT PAY

"Do your circumstances permit you to give regular full-time service without remuneration?" This is question No. 16 on the women's registration cards, and so far as is known, there are very few answers in the affirmative throughout West Toronto.

More time seems to be spent on the fifteenth question than any other. It reads as follows: "Considering your health, training and experience and the national needs in what capacity do you think you could serve best?"

Women, as a rule, are anxious to do their "bit" and usually try to think of some way in which they can help in sharp contrast to this spirit was that of a man laborer, who, when asked if he would be willing to work for a short time on a farm, if needed, grinned, shook his head, and replied that he didn't like farm work!

The applicant at the organization centre in West Toronto yesterday morning abused the government to no end and was told he should be reported.

Evidently the inconveniences of registration and food laws have gotten on her nerves. About fifty Greeks have been registered at that centre. Yesterday two of them, reading the English language, came together and tried to help each other, but it was a failure and they could not be registered.

CHILD HURT IN FALL. Tumbles Off Pile of Poles in Hydro-Electric Yard.

Three-year-old Pete Harlikman, 3 Clark crescent, while playing on a pile of poles in the Hydro-Electric yard, Edwin avenue, yesterday, fell and was injured by a pole rolling on top of him. Dr. Mooney of Cooper avenue was called and had the child taken to the Hospital for Sick Children where he was found to have been injured about the face. He was later taken home.

ANNETTE STREET FIRE. A fire alarm sent in at 3:50 yesterday afternoon from the corner of Humboldt and Western avenues called the reel to 35 Annette street, where a shed was damaged to the extent of \$50.

MACHINISTS MEET. The International Association of Machinists met last night at St. James' Hall.

Todmorden DON MILLS ROAD REPAIRS. Philip Pedlar, president Todmorden Ratepayers' Association, has been notified by Deputy Reeve Robt. Barker that the long promised repairs to the curve on the Don Mills road between Gamble and Torrens avenues, opposite Sherk's drug store, will be immediately attended to. "The good roads commission will lay the pipe and the York Township Council will do the filling in," Barker, who advised that both parties had come together and agreed to the arrangement.

FIELD DAY FOR AUXILIARY. Todmorden Ratepayers' Association Will Help Red Cross Workers. The Todmorden Ratepayers' Association, in conjunction with the women's auxiliary of the Red Cross in the district, purpose holding a field day on Civic Holiday, the proceeds to be devoted to the work of the auxiliary. A committee has been appointed to carry out the arrangements and has already held two meetings at the residence of Dr. Fleming, 5 Dee street, Todmorden. The next meeting will be held on Monday next at Torrens Avenue School when all residents are cordially invited to attend. J. F. Jenlin has been appointed secretary pro tem.

LAND FOR PARSONAGE. Mrs. Henderson, daughter of the late George Taylor, prominent member of Don Mills Methodist Church, Don Mills road, has presented to the church a piece of land with a frontage of sixty feet as a site for a parsonage. The building will be erected when the war is terminated, according to the statement of Asaph T. Sherik, parish clerk.

NINETEEN TRYING ENTRANCE. In school section number 27, Todmorden, nineteen boys and girls are writing the entrance examination in Torrens Avenue School.

CENTRAL CHURCH PICNIC. Earlscourt Central Church Sunday School will hold its annual picnic at Kew Beach next Saturday. The school members nearly 2000 members and a large proportion of these will make the trip. The superintendent and teachers and Revs. J. Peter Bryce and E. C. Hunter will be in charge.

YORK COUNTY AND SUBURBS

Danforth CENTRAL RATEPAYERS' BODY HAS DISADVANTAGE

Regarding the proposed organization of a central council of York Township Ratepayers' Associations, J. B. Harris, a prominent resident of the Danforth district, in an interview said: "While the formation of such a body would be a good thing, properly constituted, and with equitable representation on the board for each section, it is doubtful if a united body of delegates representing the whole of York Township's ratepayers' associations would accomplish as much good as two separate organizations representing the east and west. The township area is so wide that a convenient central meeting place would be difficult to find for united body, and the east and west have each their own particular problems which could be best answered by separate good representation on a united central body. It would be another difficulty," said Mr. Harris, who added that the ratepayers in the western section were older and longer settled than in the east, and representation on a central council would have to be adjusted accordingly. The central body movement was a good idea, but should not be made too unwieldy to impede in any way its usefulness.

WOODBINE HEIGHTS RATEPAYERS EXECUTIVE

A meeting of the Woodbine Heights Ratepayers' Association executive committee was held at the residence of the president, 1020 Woodbine avenue, last evening. L. E. Durham occupied the chair and the study of the school section number 7 residing between Greenwood and Woodbine and north of the city limits was entitled to join the association.

It was also decided to have the agreement which the Provincial Hydro Electric Commission has offered to the Woodbine Heights ratepayers' association, which Reeve Thomas Griffiths refused to sign, closely scrutinized and read over clause by clause and a full debate on the subject was held. Notice was also given the executive by Robert Barker, school trustee, that a meeting of the ratepayers is called for Monday next, June 24, at Flains Road School, for the purpose of considering the advisability of placing a portable school for the district at Woodbine to Belmont, north of the city limits to the ravine.

It was arranged that the amalgamated meeting of the York County Ratepayers' Association meet at the club house, Harvie avenue, North Earlscourt, Tuesday, July 16, for the purpose of the suggested merger of the York County ratepayers' association central body.

GLEBE LANDS RIGHT-OF-WAY. In connection with the right-of-way across the Glebe lands with the Woodbine Heights district require south of Salmon avenue, W. H. L. Gordon, a member of the committee in charge of the G. L. E. lands, has requested J. Hamson, secretary of the Woodbine Heights Association, to forward a plan of the right-of-way. The plan has been sent as requested.

PTE. MARTIN RETURNING. Pte. J. Martin, Riverdale, who has been overseas two years and was wounded in action, is expected to be left for Canada where he is to receive his discharge. Pte. Martin was a well-known member of North Broadway avenue, and connected with the choir.

NEW WATER SERVICE. The new drinking water service for Torrens avenue school, Todmorden, is expected to be installed in the building during the forthcoming summer holidays, according to a statement of J. A. Macdonald, school trustee, school section number 27.

TO DRAIN PAPE AVENUE. Owing to the unsafe condition of the roadway and ditch on the east side of Pape avenue, between the intersection of the York and Gowan avenues, the York Township council has given instructions to the road commission to place a sewer pipe the full length of train and carry off the surface water. The work will be started immediately.

WORLD'S S. CONVENTION. Rev. W. M. Kananawit, minister of North Bayview Presbyterian Church, accompanied by Rev. C. A. Myers, Presbyterian Sabbath School secretary, Toronto, and Rev. E. R. Macdonald, for Buffalo to attend the International World Sunday School Convention, Rev. Mr. Kananawit is a delegate for the Toronto S. S. executive.

TO VISIT EAST END. At a recent meeting of the Earlscourt fall fair board of directors, one of the members was appointed to visit the various poultry associations in the east end at their July meetings, and explain the aims and objects of the forthcoming west end fair.

REPRESENTED EASTERNERS. Mrs. Moore, district vice-templar of the "Home of Welcome" Lodge, I. O. G. T., represented the eastern branch at the regular meeting of the "Home of Welcome" lodge, last evening. James Black, chief templar, occupied the chair.

VISITORS AT PARSONAGE. Mrs. James Simpson, Barrie, mother of Rev. R. D. Simpson, pastor Danforth Avenue Methodist Church, Danforth avenue, is at present staying at the parsonage, Jackman avenue, on a short visit. Mrs. McCoy, Midland, is also visiting for the week-end with Rev. Mr. Simpson and Mrs. Simpson.

GROWS TALLEST PEAS. Marrowfat peas 7 1-2 feet high are said to be the tallest growing in Earlscourt to date. These peas are cultivated by Pte. A. Wright of Harvie avenue, a returned man just out of khaki.

Brampton IONIC LODGE ENTERTAINS.

The members of Ionic Lodge, Brampton, entertained a number of the brethren from York County this week, the visitors including the district deputy grand master, A. B. Riddell, and British and No. 107, Lodges, Toronto, and Connaught Lodge, Mimico. Others present were W. G. H. Riddell, grand master of the grand lodge of Manitoba, and District Deputy Grand Master Haliday. After the regular work of the lodge, which called forth congratulations from the D. D. M. G., the brethren were entertained at supper, the hosts of the King and the Empire and the visitors being proposed by L. R. Halmann and A. G. Davis, respectively.

BIG DAY PLANNED. A big day has been planned for Wednesday, June 26, at Brampton, when it is expected that Hon. Geo. S. Henry will review the children who are engaged in the work of the new minister of education, will also be present, and both gentlemen will address the citizens and the children, who are to turn out en masse.

BERT MARTIN KILLED. Word was received at Brampton this week of the death of Bert Martin, who left Brampton to go to the front in Belgium. He was reported in May as having been wounded, and a friend wrote to Dave Post of Brampton saying he had heard of his wounds in England. He was 34 years of age, and prior to his enlistment was employed with the Packham Brick Company.

ONE-THIRD REGISTERED. Up to Wednesday night 1000 persons had registered in Brampton, a little better than one-third of the total number expected to be registered by the end of the year. The work is progressing, but expects to have to open more booths when the registration of the east, although there are 11 deputies at work each evening.

LETTER FROM PRISON CAMP. Second Lieut. C. J. W. McKeown, who is a prisoner of war at Holmenden, writes to the Earlscourt Ratepayers' Association that he has had several games, and to participate in classes in the different languages, the lieutenant at present speaks English, French and German, and while taking the officers out for a walk announced that he expected the war to end by the end of the year. The letter was dated April 13, the guard may know.

TWO ARE ARRESTED ON UNUSUAL CHARGE. Parents of New-Born Baby Taken From Don Are Found. Following an investigation carried out by the police after the finding of the body of a new-born male baby in the Don River, just below the Bloor street viaduct, on Saturday last, Mrs. Ernest W. Hennessy, whose address is given as 47 Annet street, and her husband, Ernest Hennessy, who has been working with a construction gang at Camp Borden, have been taken into custody on a charge of "causing indignity to a baby," and the husband, immediately after signing the construction gang at Camp Borden.

Working on the partial identification of the man and on what the detective activities of the North Toronto Police, and Detective Levitt of the detective office, went up to the railway construction camp and arrested Hennessy on the above charge. When questioned, Hennessy also stated that the child was still born, and further said that he had not even seen the child. He claimed that his wife had given him the bundle and that he had intended to bury it, but he had instead thrown it into the Don. Inquest to be held.

ENEMY ALIEN QUESTION. Lloyd George is Examining in Grass Britain. London, June 20.—The premier's secretary, writing to the coalition candidate in Clapham, says that the premier himself is examining the whole question of the position of persons of enemy alien birth or connection in the United Kingdom. The premier is determined to take whatever action may be shown to be necessary.

Riverdale MORSE SCHOOL REGISTRATION.

J. H. Marle, principal and deputy registrar at Morse Street School, with his staff of five assistants, registered over 500 residents of the district since Monday evening. "Everything worked well up to the present. The district is thoroughly registered," said Mr. Marle, who added that splendid service was rendered by G. H. Riddell, assistant registrar, the staff and Boy Scouts in the work of registration.

SIX HUNDRED REGISTER. To date 600 have been registered at Wilkinson School, North Leslie street, by Miss V. Strickland, assistant principal and deputy registrar, and her staff of six assistants. No difficulties were met with, all the people registered being British with the exception of two of French nationality, who were taken care of by a member of the staff.

Fairbank FAIRBANK TEACHERS CONDUCT REGISTRATION

Registration is being carried on each evening from 4 to 6 at the public school by the teaching staff, assisted by a number of volunteer workers. Many residents of the section are taking advantage of the opportunity to register before the official date, June 22. On Saturday registration will be conducted from 7 to 10 p. m. at the school, Vaughan road.

New Toronto MANY NEW HOUSES

There is a general shortage of labor in New Toronto, which is partly accounted for by the lack of proper housing accommodation. An official of the Dupont Fabrikoid Company stated yesterday that houses for working men were very scarce, either to buy or rent and consequently many of them are looking for work in buildings at present in course of erection, but more are needed, with land selling at such a high figure, this should be a good investment for enterprising people.

The town clerk is building a beautiful house on Eighth street which he is naming St. Julien in memory of his two sons who were killed in that battle. The Goodyear factory is working a double shift in an effort to keep up with the orders which are pouring in. A large number of girls are employed in this plant, and the largest of its kind in the Dominion, and all wear khaki blouses which give them a very business-like appearance. The dining-room, which is on the top floor of the building, is in charge of a man who knows his business thoroughly and it is a credit to the company. Four meals a day are cooked and served to the employees at cost. The shower baths for the men are also greatly appreciated.

It is expected that a number of women will be working in the Brown Rolling Mills in the near future on this plant, which is the largest of its kind in the Dominion, and all wear khaki blouses which give them a very business-like appearance. North Toronto RAISING OF CHICKENS KEENLY TAKEN UP

The success attending the movement for grass production in the gardens and vacant lots in and around Toronto is now more clearly shown than in North Toronto, where the people of North Toronto embarked on vegetable and chicken raising is remarkable. It is estimated that the garden area has increased by more than 50 per cent, and along Yonge street, up the Devonville street, where there is a community garden, and out along the side streets, the garden stuff everywhere looks good and healthy.

The Glen Grove Home and School Association is doing a great work in the raising of the liveliest interest, and the lot in clear of weeds is a big crop of vegetables of all kinds.

FUNERAL LATE J. JEFFERY. The funeral of the late Arthur John Jeffery, who died suddenly from heart failure on Tuesday afternoon in his 66th year, will take place from the residence of his son-in-law, J. Sullivan, 2 Doel avenue, this morning.

The body will be taken to St. Joseph's Church, Leslie street, at 8:30 a. m., where solemn requiem high mass will be celebrated and thence to Mount Hope cemetery.

The late Mr. Jeffery, who was assistant librarian at the parliament buildings, Queen's Park, was a member of St. Joseph's congregation and connected with the Holy Name Society. He received the last rites of the church before his death.

East Toronto REGISTRATION COMPLETED.

Registration in East Toronto has slowed down to such a degree that it would indicate that nearly all in that part of the city have already registered. Many of the registration booths were waiting for odd ones that came, and at none of them yesterday was there any crowd.

SAYS CHANGE NEEDED IN GRANTING LAND

"We need a radical change in the system of granting land allotments to the returned soldiers," said F. G. Pratt, yesterday, at the provincial offices of the G. W. V. A. "The 100-acre lots up north are very well for those soldiers who enjoy good health and the full use of their limbs, but for the majority of the fellows who come back from Flanders and are fields that rough, unkempt tracks other than those useless."

Continuing, Mr. Pratt, who is now officiating as the provincial secretary for Ontario in the absence of W. E. Turley, stated that someone should devise on the part of the government a returned soldier might be allotted a four or five-acre plot for the cultivation of garden truck and other crops, which would be beneficial in more ways than one. In the first place it could be used as a training school for the heavy team work on the larger farms. There was no reason why the government should not make an agreement with owners of properties adjoining towns and cities whereby they would lease for long periods or sell their five-acre holdings for this purpose. And there were lots of these holdings to be found in the province.

LEASIDE IS BECOMING BIG INDUSTRIAL HIVE

The new round house and car sheds, as well as other buildings in connection with the C. N. R. yard, are all making good progress, and the lines being suggested a big establishment. The new modern interlocking connection between the C. P. R. main line and the C. N. R., a mile east of Leaside, is about completed, and ballast trains are now running in the gravel to level up the two miles of track up to Duncan.

The management of the munitions plant at Leaside has started in to finish some of the workmen's houses started soon after the war, and the improved financial conditions. All the indications now point to a big railway and manufacturing town in a few months.

The story was current yesterday that the government engineers were busy on plans that would give a direct car service to the hospital and the new railway yard.

DR. VALENTINE MOTT DIES. New York, June 20.—Dr. Valentine Mott, traveler and surgeon, was one of the early exponents in this country of the Pasteur treatment for hydrophobia, and died suddenly at home here yesterday of angina pectoris, aged 65 years.

Beaches INTEREST ALREADY IN WARD POLITICS

Considerable interest is already being taken by residents of the Beaches district in the probable candidates for aldermen of the newly-created ward eight. There has been talk of some of the women, who were elected by the ward one, who were elected by the western end of the ward, seeking the nomination, but a prominent citizen of the Beaches yesterday stated that the opinion was that the new aldermen would have to be residents of the beaches, who were alive to the needs of the district, and interested that the members now representing ward one did not understand the needs of the east end, or else they did not care.

The Toronto World

FOUNDED 1880

Company of Toronto, Limited.

FRIDAY MORNING, JUNE 21.

Hydro-Electric Progress.

A net income from the operations
of the year 1917 of \$34,467 is shown in
the seventh annual report of the
Toronto Hydro-Electric System.

We have become so accustomed in
Toronto to these satisfactory and suc-
cessful reports from the hydro-elec-
tric system, that we are apt to over-
look the fact that such results are not
attained without the same care and
forethought that achieve successful
results in private enterprises.

Mr. H. H. Couzens, the general
manager, dwells on the power short-
age during the year as the most seri-
ous problem that was met. The con-
servation of power became imperative
under these conditions, and it is re-
markable that with lowered rates so
satisfactory results were attained. It
must not be forgotten that the aim of
the system is not to make profits, but
to give service at cost, and Mr. Cou-
zens has been an eminent exponent
of the policy.

The Gazette and the Grouch.

The reactionary Montreal Gazette
reprints from the reactionary Morn-
ing Post of London, England, the
statement that the British people pay
higher railway fares than before the
war and have to vote additional sums
for subsidies to the railway companies.

It is hard to imagine what The
Gazette's complaint is about unless it
takes the position that the cost of
railway operation has not after all in-
creased since the commencement of
the war, and that the British Govern-
ment should not compensate the rail-
way companies for the roads that have
been taken from them.

Canada our courts are efficient,
but they are, after all, provincial
courts. The crown attorneys are all
provincial officers. Ordinary crimes
of violence and theft are summarily
punished, but many federal laws are
dead letters because the government
which procures their passage has no
machinery for their enforcement.

Germany Must Turn Honest.

A few days ago the Kaiser made a
speech in which he contradicted the
commercialism of Britain with the
exalted ideals and kultur of Germany.

foreign minister has just issued a
pamphlet on "The League of Nations,"
in which he deals with the question
of the conquest of militarism. No
nation can stand still, he affirms;
nations must become better or worse.

If the league of nations is to be
effective, he asserts also, the idea
must be adopted with earnestness
and conviction by the executive
heads of states, and he finds in
President Wilson a model head
of this character, one who leads and
does not follow; who compels, and
is not to be compelled. He is
convinced that a true league of na-
tions of President Wilson's conception
can exist without including Germany.

Germany, in fact, has to learn by
a description of commercialism which
she cannot evade that it does not pay
to go to war in the Hohenzollern
fashion, or to practice the Hohenzollern
methods of commercialism, which are
simply piracy and plunder. To put it
in another way, the nations who would
form a league of peace must first of
all have imbibed the elements of
ethics and morality. The eighth com-
mandment does not exist for the Ger-
man military caste, nor does the sixth
if we are to interpret it as forbidding
murder. Sharp swords, shining armor
and mailed fists must go, in Vis-
count Grey's view, and the smaller
and weaker nations must be sure of just
dealing as the big and powerful ones.

Short Laws and a Long Arm to Enforce Them.

Why are humane and progressive
people in the United States so
wrought up over the recent decision of
the United States Supreme Court de-
claring the federal law against child
labor to be unconstitutional. Every
state in the Union has passed laws
against child labor equally severe, yet
the friends of the children proclaim
themselves almost helpless without
congressional legislation.

The reason is simple. When an
act of congress is passed the people,
rich and poor, have to obey it. When
a state legislature passes a law, it may
be evaded. When congress passes a
law it designates an officer who must
enforce that law, and gives him ample
authority, and places a substantial
sum of money at his disposal. A
state legislature merely enacts the
law and takes it for granted that the
various prosecuting attorneys will
enforce it.

There is, of course, the additional
reason that federal judges are
appointed by the president, and serve
during good behavior, while state
judges are elected by the people and
have to, more or less, play politics to
retain their positions. Some splendid
men are on the state bench, and some
inefficient men are on the federal
bench, but take it by and large, the
federal courts do much better work.

Canada our courts are efficient,
but they are, after all, provincial
courts. The crown attorneys are all
provincial officers. Ordinary crimes
of violence and theft are summarily
punished, but many federal laws are
dead letters because the government
which procures their passage has no
machinery for their enforcement.

United States nation-wide prohibition, contains, by actual count, 227 words.

No one in the United States, least
of all the liquor men, have any doubt
but that the Jones amendment can
make a country of 110,000,000 people
bone dry. It is offered as an amend-
ment or "rider" to another bill and
reads as follows:

Provided that from and after
the date of the approval of this
act and during the continuance
of the present war it shall be un-
lawful to sell, furnish or trans-
port distilled spirits for beverage
purposes, and no distilled spirits
held in bond at the date of the
approval of this act shall be re-
moved therefrom for beverage
purposes, and from and after
thirty days from the date of the
approval of this act no food fruits,
food, materials or other articles
during the continuance of the
present war, be used in the pro-
duction of malt or various liquors
for beverage purposes.

And the president is hereby au-
thorized and directed to prescribe
any and all rules and regulations
deemed necessary to carry the
foregoing provisions into effect
and any one who wilfully vio-
lates any of the foregoing pro-
visions or any rule or regulation
made to carry the same into ef-
fect shall be punished by a fine
not exceeding \$5000 and impris-
onment for not more than two
years or both.

Other People's Opinions

Prisoners of War Bread Fund.

Editor World: I have been asked
by many to write to you to state that
the prisoners of war bread fund, of
which I am still the honorary treasurer,
has been and is entirely distinct
from the Prisoners of War Society for
United Kingdom. The fund has
been asked the last fortnight thru
the churches.

The prisoners of war bread fund,
provides principally for the
purchase of flour, and other food
supplies for the prisoners of war thru
the Bureau de Secours, Berne, Switzer-
land, with whom direct contact is
maintained by H.B.M. minister at
Berne in November 1915, before the
society came into existence.

As it was, Controller McBride pro-
ceeded, they were better paid than
the doing similar work for private
individuals. "Let alone the fact that
we on strike do so," he cried, "and
that will show the public why the tax-
payers are so angry. These men are
getting \$300,000 a year more from the
city than they would get in private
employment. These men are not loyal
members of the city, they are not
citizens, they are not even human
beings, they are nothing but a
public opinion behind them they
would strike tomorrow."

Our Flag.

Editor World: The writer has particu-
larly noticed of late, the extremely
few flags flying in our fair Toronto.
During the past winter I observed
only a few old flags, on either King
Queen or Yonge streets, say nothing
of other large thoroughfares thruout
the city.

Let any reader who may be inter-
ested, stand at the intersection of King
and Yonge streets, (before the opera
of buildings having signs and posters
their possession awaken up to this
point) and note the large number of
flag poles and masts upon the build-
ings in each direction, and the great
death of flags.

Contrast this state of affairs with
conditions in Buffalo, Detroit and
other U. S. cities and towns, where
each place is brightened and the
citizens cheered with an abundance
of flags and banners.

Altho our cousins in the U. S. seem
to have the reputation of being extre-
mists in this connection, yet it is
much better to overdo rather than,
in our case, to leave it undone.

True, this is a serious, anxious time
for us so much more so than we
are in a hold front and show our patri-
otism with flags flying, these splendid
fine days. It is equally true that the
flag cannot be won by flag flying only
—but it may help some; and it was
for the flag of our empire that our
brave boys went away to battle.
When these who are fortunate to re-
turn again, do come home, why should
they not be greeted with the flag they
love, flying freely over the city?

NO CONCILIATION, SAY CONTROLLERS

Board Refuses Civic Em-
ployes' Request, But Dates
Back Wage Increase.

STATE NO GRIEVANCES

Men Declare They Were
Present to Discuss Con-
ciliation Board Only.

The board of control yesterday
came out flat-footed against appoint-
ing a board of conciliation, which the
Civic Employes' Union want, to con-
sider their grievances. They decided,
however, to meet on Monday, June
22, at 7 o'clock, at the residence of
Controller Robbins, that the increase
granted the men by council of \$2 a week
be raised to \$3 a week. This was
instead of April 12, and that the heads
of the civic departments confer with
their men with a view to removing
any grievances which they may have.

The union was represented by
Messrs. Kennedy, Mitchell, Brooks
and Reid. The mayor in receiving
them said he wished to avoid all
trouble, but would rather resign his
position than consent to a board of
conciliation. He resented outside
interference in the city's affairs. To-
ronto was a just employer of labor
and expected its employees to be just
and fair.

First Hearing for Men.

W. D. Kennedy, for the men, com-
plained that the city had hitherto
been in the habit of granting a hearing.
He was not prepared to outline the
men's grievances, but they were
"received a letter concerning al-
leged grievances," said Commissioner
Harris. "I chose to ignore them be-
cause I am not convinced of the
position of conferring with men in
my department about men in another
branch of the city service."

"I might now say we refuse to ap-
point any such board," said Con-
troller McBride. "If, in the first place,
we had declined to grant these men
an increase, and, secondly, if we had
refused to talk, to reason with George
after the strain of the night before
and of the interview with Merton.
But then I could not reason; I could
only suffer."

Better Paid Than Others.
As it was, Controller McBride pro-
ceeded, they were better paid than
the doing similar work for private
individuals. "Let alone the fact that
we on strike do so," he cried, "and
that will show the public why the tax-
payers are so angry. These men are
getting \$300,000 a year more from the
city than they would get in private
employment. These men are not loyal
members of the city, they are not
citizens, they are not even human
beings, they are nothing but a
public opinion behind them they
would strike tomorrow."

Men Remain Silent.

On a vote being taken on the effort
to find out from the deputation if
the men were willing to work for
union wages and under union condi-
tions, but could receive no answer.

Continuing, Controller McBride said
the ultimate object of the men was
to secure an eight hour day at 60c an
hour.

That's not true," said Mr. Ken-
nedy, "and Controller McBride knows
it."

Controller Maguire did not want to
see a strike, and Controller O'Neill
advised that the men confer with
the heads of the departments, and
see if the grievances could not be
settled. He opposed the appointment
of a conciliation board.

NO DATE YET FIXED

Special announcements in relation to
the time the government will call the
19 and 20-year-old men to the colors,
also in regard to harvest leave, leave

ing leave of absence are contained in
a public notice appearing in another
part of today's paper by the
authority of the department of militia
and the department of justice.

NATIONAL EXHIBITION
"WOMAN'S DAY" PROPOSED

The question of a "woman's day"
at the coming National Exhibition
has been mooted in many directions,
among the discussions on the subject
being that which took place at the
recent annual meeting of the Na-
tional Council of Women.

For a long time it has been felt
that the exhibits of women's work
have not kept pace with the things
which women are doing, and the idea
has developed to so great an extent
that space for special booths have
been requested in order that many
varieties of domestic, industrial and
war work may be exemplified.

FOR SENATE ABOLITION.

Belleville, June 20. — Hastings
County Council has made a grant of
\$2000 per month to the Canadian pa-
triotic fund for 1918. The council has
also adopted a resolution concurring
in a memorial from the Toronto City
Council requesting the abolition of the
senate of Canada.

UNIVERSITY WOMEN'S
ANNUAL MEETING

At the annual meeting of the exe-
cutive of the University Women's
Club, it was reported that \$482 had
been sent to the university base hos-
pital supply, \$25 to the Evangella
Settlement, and \$20 to Dr. Winifred
Cullis for the New Women's Hospi-
tal, London, Eng. Also articles sent
to the Red Cross numbered \$962.

The following were the officers
elected for the coming year: Presi-
dent, Mrs. J. P. McGregor; first vice-
president, Miss Wood; second vice-
president, Mrs. Veitch; third vice-
president, Miss Dyer; recording sec-
retary, Miss Bolter; corresponding
secretary, Miss Scott; auditing cor-
responding secretary, Miss Beeg;
treasurer, Miss Cudmore; executive
committee, Mrs. Stuart, Mrs. Saul and
Mrs. Pawley; Mrs. Espenschele and
Mrs. Keith. The annual meeting was
held at Bryn Mawr.

FINAL ACTION OF WAR
BEING PREPARED FOR

A ship clearing for action proceeds
to rid decks of all unnecessary im-
pediments. Everything that does not
contribute to her efficiency as a fight-
ing machine goes below or by the
board, and she sweeps into the fray
with but one object, and that to ac-
quilt herself valiantly.

Something of the same sort takes
place when nations are concerned,
and the process is necessarily slower
and less drastic. It is one thing for
the company of a ship, clearing for
action, to throw a piano overboard.
It is quite another thing for a nation
in preparation for the purpose of
clearing for action, to throw a non-
productive member of society over-
board. In the latter case the energies
of a nation are directed to the most
important steps in the process of
every person, male and female, resident in
Canada. For this purpose Saturday,
June 22, has been set aside by the
government and it is the duty of
everyone to immediately inform him-
self as to what will be required of
him on that day.

RECEIPTS FROM LECTURE.

THE WOMAN WHO CHANGED
BY JANE PHELPS

The Reaction.

I scarcely spoke again that evening,
and George did not expect when I
asked a question, I was discouraged.
I wanted to please him. The re-
action of the day's excitement was
depressed. I knew I had not been
depressed. I had impulsively arraigned
him instead of telling him quietly how
I suffered from his non-appreciation
of my efforts to please him. The re-
action of the day's excitement was
depressed. I knew I had not been
depressed. I had impulsively arraigned
him instead of telling him quietly how
I suffered from his non-appreciation
of my efforts to please him.

"What was the use trying to be
good and do right?" I said to my-
self as after an hour I bade George
good night and went upstairs. I
wanted to be alone. The regular
turning of the leaves of the magazine
had irritated me. My nerves were on
edge. As I look back I feel that it
was wonderful that I could have at-
tempted to talk, to reason with George
after the strain of the night before
and of the interview with Merton.
But then I could not reason; I could
only suffer.

"What had you been eating?" he
snored like a pirate last night. I
woke up several times, rather tried
to, but you went right on snoring."
"Oh, I hope I didn't disturb you!"
I said, mortified, and blushing hotly.
"Who's got a better right?" he
returned twinkling my ear.

If She Could Only Understand.

I was frankly surprised at his good
nature. I must have kept him awake;
he had been cross with me the night
before. "Would I ever know him, ever
understand his different mood?"
At breakfast he was very pleasant;
almost jolly. He teased me unmercifully
about snoring; said he was
going to bring home a pincher for
my nose, and a lot of other nonsense.
When he was ready to go he said:
"Come down today and have lunch-
eon with me if you like. I shall not
be very busy today."

"That will be a treat," I said quietly.
Just in time I remembered Mrs.
Sexton's intermediate agent being meek,
too meek. Usually I had gushed over
such an invitation; and thanked him
filiosously as if it were no pleasure
at all for him; that the joy was all
mine.

"It will be for me alone," he had said,
then kissed me as carelessly as usual.
I danced about the house all the
morning. I laughed and talked with
Celeste while she helped me dress;
telling her to make me lovely.

"I was a little early at the restau-
rant," so waited in the lobby for
George. While I waited, Mr. Carpenter,
whom I had met the first time I
lunched there, came in, and seeing
me alone came directly up to me.
"Are you lunching here?" he asked.
"Yes, I am waiting for Mr. How-
ard."

"Just my luck. Every attractive
woman I know is always waiting for
some other man," he returned. The
words meant nothing, but the tone,
and the look that accompanied them
made me blush. He had just left me
when George came in.
"What are you blushing for?" he
asked.
"That Mr. Carpenter was just talk-
ing with me," and I repeated what
George had said.
"George shows a flash of jealousy,"
said the fool!" George said under his
breath, then "He better not peep on
my preserves." He took my arm and
we went in to the table he had re-
served by telephone.

CHAPTER CXIII.

"I have to go over to Leonard
Park"—a town very near us—I
thought perhaps you would enjoy the
ride; so told James to meet us here
with the touring car. I knew he had
ordered the touring car to please me.
"I shall enjoy the ride. It will do
you good also. You looked a bit ag-
itated when you came in to luncheon."

"So you noticed it! I was tired
out. One of the men in the office is
sick. He didn't show up today; and
things were a bit anarchic in conse-
quence. But I feel better now. I guess
I was hungry." He then mentioned Mr.
Carpenter to come and have coffee
with us. "He mustn't think I minded
his speaking to you," so confirming my
suspicions.

Tomorrow—An Unpleasant Ride.

Close Vote in Board of Education on Architectural Designs

Dr. John Noble moved that admission to night school classes be limited to persons of British birth or naturalization. A lively discussion occurred over Dr. Noble's appeal for a suspension of the rules, for immediate action. Chairman McGeehan, C. A. B. Brown, Dr. Hunter, and Dr. Carson, all voted in favor of the motion. The motion was carried by a vote of 12 to 10.

NIGHT SCHOOL ALIENS Motion to Suspend Rules for Quick Action Also Defeated

Trustee Thompson featured the opening of the board of education meeting last night by asking what narcotic influence was restraining the solicitor from reporting on improved methods of dealing with the alien question. Trustee C. A. B. Brown, chairman of finance, said that the committee had dealt promptly with the matter and Trustee Thompson's remark must be hot air.

SAY HUMBER RIVER HAS CHANGED COURSE

Plans of the Humber River, dating as far back as 1877 and 1884, and witnesses who watched the course of the great floods of August and September, 1878, as well as engineers who drafted plans from the older ones, were among the features of the action which was continued yesterday before Justice Lennox, in which the Purity Springs Water Co. sought to retain rights of ownership of certain properties which were recently diverted to the City of Toronto by the crown. Irving S. Fairly, assistant city solicitor, claimed that the Humber was today running in the same channel as during the year 1818. It is this opinion was correct, James W. Bain, K.C., for the plaintiffs, pointed out, the plaintiffs could not claim ownership of the property west of the east bank now under consideration. He claimed, however, that the flood had considerably diverted the course of the Humber River, and that by reason of this diversion of the stream this property should be decided to belong to the plaintiff company. The land is situated at the intersection of Bloor street and the Humber.

DENTAL RESULTS BELIEVES IT HAS SAVED HER LIFE

Superintendent's Wife Gains Thirty-One Pounds by Taking Tanlac.

The following statement, made recently by Mrs. Annie Pasco, 87 Spadina avenue, Ottawa, is not only interesting, but altogether remarkable: "I have not only gained thirty-one pounds by taking Tanlac, but I firmly believe it has saved my life, and all who know of my dreadful condition are astonished at my wonderful recovery."

Mrs. Pasco's husband is superintendent of the J. R. Booth Paper & Pulp Mill. She had been bothered with stomach trouble off and on for about three years, she continued, "but it was only during the past year that my condition became so serious. I noticed my appetite falling; everything seemed to taste the same to me, and I had no relish for food of any kind. Then I began to suffer from gas, sour stomach and indigestion after meals. I had terrible headaches and felt weak and sluggish all the time. No one will ever know how I suffered, because I cannot describe it. None of my friends or relatives believed I would live three months."

"I had fallen off from one hundred and seventy pounds to one hundred and thirty-one, and I could not walk from the kitchen to the front door without holding on to something. I had to spend over half my time in bed, and so nervous I could hardly sleep a wink at night. I took so much medicine without getting any relief, that I became discouraged and almost lost heart."

"Finally I decided to try Tanlac, and I had seen it recommended so highly, and before I finished the first bottle I noticed a decided change in my feelings. My appetite soon got better, the nervousness and indigestion disappeared, and I began to feel my strength returning. Then I began to regain my lost weight. I had gained one hundred and sixty-three pounds—have actually gained thirty-one pounds, and haven't had a touch of indigestion or stomach trouble since. My appetite is fine, I can eat anything without the slightest discomfort afterwards, and my nervousness is gone. I feel better, stronger and happier than I have in years, and am doing all my housework. I think it nothing but right that I should tell of my complete recovery from Tanlac is sold in Toronto by Tamplin Drug Stores and by an established agency in every town.—(Advertisement.)"

Famous French Aviator Leaves Toronto for Trip to Washington

Lieut. George Fiachaire, the famous French aviator, winner of twelve air duels with German flying-men, left Toronto in his Spad scout machine yesterday morning at 10 o'clock to fly to Buffalo and from there to Cleveland and Washington. His starting point from Toronto was the Leaside Aviation Camp. Many Toronto aviators and aviation enthusiasts were present to see the French "ace" start the first stage of his 800-mile air journey to the United States capital.

OVER TWO HUNDRED SOLDIERS RETURN

A very large turnout of citizens and perfect detrainment arrangements were features of the return to Toronto during the afternoon of yesterday of a contingent of 220 invalided war-veterans. The contingent included 114 Toronto City men, four of these being "one arm" cases, ninety-nine amputation cases were dropped off at Whitby Hospital.

Representative military men and City of Toronto officials were among those in attendance at North Toronto station to greet the home-coming war-heroes. Present on the platform were: Col. H. C. Bickford, Toronto district commandant; Capt. C. E. Reid, Major Goodwin Gibson, Capt. Lou Scholer, Major Wm. Mayall, Capt. Wood Huggins, Aid. 72 Johnston, James Somers, representing Mayor Church; and Wm. Banks, Jr.

Many of the soldiers who returned yesterday had received severe injuries. Gunner L. C. Axton, 58 Ellsworth avenue, won the Military Medal, for bravery at Passchendaele. His right arm was shattered and his right leg struck down dead beside him, but using his left arm, also the shell-fire was heavy, he kept on signalling for reinforcements until they arrived. While "going over" at Vimy Ridge, Pte. J. C. Johnston, 941 East Queen street, received a gunshot wound in the left foot which necessitated amputation.

Pte. H. Choppin, 95 Wood street, Toronto, was severely wounded in the chest. He went across in 1914 with the Royal Canadian Regiment. He lost his right arm and his right leg, but the food restrictions during the last month.

NAMES ARE GIVEN TO EXHIBITION DAYS

It has been resolved by the executive committee of the Canadian National Exhibition that it would be possible to provide satisfactory "trotting races" this year on account of a previous arrangement of the program and because of the late race which would now be given the horsemen. It was further resolved to recommend to the now directorate next year that the question be taken up immediately after the annual meeting, so as to allow time for organization. The executive recommended that the days for this year's Exhibition be named as follows: Monday, Aug. 26, War Veterans' and Opening Day; Tuesday, Aug. 27, School Children's Day; Wednesday, Aug. 28, Women's Day; Thursday, Aug. 29, Allies' Day; Friday, Aug. 30, Press Day; Saturday, Aug. 31, Production and Conservation Day; Monday, Sept. 2, Labor Day; Tuesday, Sept. 3, American Day; Wednesday, Sept. 4, Farmers' Day; Thursday, Sept. 5, Manufacturers' and Transportation Day; Friday, Sept. 6, Children's and Athletic Day.

It was recommended that C. A. B. Brown represent the Grand Jury of the National Exhibition Association to the Canadian College of Art.

FARM HOUSE DESTROYED

Ingersoll, June 20.—Early this morning fire destroyed a two-story brick house on the farm of Samuel Somers, near Folders' Corner. The lives of several persons, who were sleeping when the fire broke out, were saved. Mr. and Mrs. Somers were at the barn milking and quickly gave the alarm. The fire is believed to have started from the kitchen stove. Most of the contents were saved.

Register June 22nd

The Man-Power of Canada includes The Young Men of Sixteen

The Order-in-Council not only provides for the registration of the young men of 16, but further states that after the day of registration, every person shall, within thirty days of attaining the age of 16, register with a Post Master.

It need come as no surprise that young people of 16 should be counted in the man-power of the country. War has altered many things, and today a youth is called upon to do a man's work—and is doing it, too!

In farm and factory, office and store, any boy with the right spirit in him will not stay long at the bottom of the ladder. People commence to call him "Brown" or "Mr. Brown", instead of "Willie" and he has got to live up to it!

He cannot go around any longer with down on his chin and upper lip. A boy doing a man's work must have a man's razor.

Do you know such a boy who might hesitate to buy himself a Gillette Razor? Five dollars invested for him now will earn you his everlasting gratitude. Spare him the shaving troubles most men have had to go through before they discovered the Gillette. Give him the strong moral support of a good "clean shave" daily throughout life.

Gillette "Standard", "Bulldog", and "Aristocrat" Sets cost \$5.00. You will find excellent assortments at Drug, Jewelry and Hardware stores.

TEXT OF PETITION

Held That No Citizen of German Birth Should Have Access to Registration Records.

Cohalt, June 19.—The feeling against Registrar Dr. C. W. Haentschel of Timiskaming is running high, despite the efforts of some societies to stop it. Petitions asking for his removal have been circulated among the most important centres in northern Ontario, which have been largely signed. The petitions are impersonal and courteous, asking for the acceptance of his resignation on the grounds that he is of German birth.

The statement signed by Senator Robertson that Dr. Haentschel would be retained, has come as a big surprise in view of a statement made in Cohalt by a prominent and reliable business man that Hon. Frank Cochrane informed him, at Ottawa on Monday, that the registrar's resignation had been accepted by the government and N. J. MacAuley, appointed in his stead. A large number of citizens are talking of going to the Nipissing district to register.

The petition follows: The undersigned electors of the district of Timiskaming hereby sheweth as follows: 1. That your petitioners are British subjects born.

2. That your petitioners have learnt with great regret of the appointment of Dr. Haentschel as registrar under the order-in-council approved by his excellency the governor-general-in-council and dated the 22nd day of April, 1918, for registration of residents of Canada as and under said order provided.

3. Your petitioners are advised and do verily believe that the said Dr. Haentschel was born in Brandenburg, an important part of the Kingdom of Prussia in the German Empire.

4. Your petitioners believe that no one can be more sensible than yourself of the vast importance of the census or registration proposed to be taken under the said regulations and to the necessity of absolute secrecy with regard to the same, subject to all public requirements and therefore your petitioners feel they need not enlarge on this point.

5. Your petitioners are advised and do verily believe that the said Dr. Haentschel is a German by race. Your petitioners are not satisfied that he has divulged this information improperly, but your petitioners believe that the opportunity of a possible divulgence of this information should in no appearance be permitted.

6. Your petitioners feel that no German born citizen should be in any position of authority in this or any other British dominion. The feeling against the Germans is so strong in this section of the country at least that they think the duties of the registrar should be performed by someone in whom there is no taint of Germanism whatsoever.

7. The stories of German atrocities that are well certified and the stories of the returned soldiers are familiar to yourself. Your petitioners are sure that the government at least is representing the people of this country and should have no dealings of any kind with any person who is a German by birth.

8. Many of your petitioners invested themselves with considerable expense of time, labor and money in patriotic, Red Cross and other endeavors to assist the government, our soldiers who are fighting, and others who may have been distressed on account of the present war. Your petitioners feel that you will give the most weight consideration to our representations and to the strong British feeling which you must see prompts them, and that you will revoke the appointment of said Dr. Haentschel as registrar.

9. Your petitioners have no personal ill will of any kind against Dr. Haentschel and have no name whatsoever to suggest as registrar, but leave the choice of the said name to your own judgment. Dated this 21st day of June, 1918, and your petitioners will ever pray.

Strongly Supported by Robertson. The Canada Registration Board has come strongly to the support of Dr. C. W. Haentschel, and in a telegram to the local Red Cross Society, Senator G. D. Robertson, the chairman declares that the board was aware of Dr. Haentschel's enemy birth before appointing him as registrar, and that the board has every confidence in his loyalty and capability for the position. The chairman states that Haentschel's loyalty has never been challenged, and that no valid arguments have been advanced that would justify his removal, in calling upon all citizens to support the official, Senator Robertson states that even if he were desirous, Haentschel could not extract information useful to the enemy from the registration records.

GETS LIFE IMPRISONMENT. Montreal, June 20.—Joseph Roseno, convicted by a king's bench jury of the manslaughter of Francisco Franchini in September last, was this morning sentenced to life imprisonment by Judge Archambault. E. A. Larue, found guilty of robbing a branch of the Royal Bank at Cote de Neiges of \$4,000, was given 15 years.

OUTRAGE IN QUEBEC PARISH. Quebec, June 20.—A dynamite outrage, the second within two months, took place yesterday in the small parish of St. Siméon de Lotbinière, when a charge was exploded in the garden of St. Brondet, deputy registrar and notary. No one was injured. The property damage was about \$200.

CANADA TO DOUBLE 18-INCH SHELL OUTPUT

Ottawa, June 20.—Production of 18-inch shrapnel shells in Canada, the principal factor in the output of munitions, is to be doubled as the result of an order just received by the imperial munitions board from the British ministry of munitions. The order is represented as urgent and the board is communicating with the manufacturers, asking them to speed up as much as possible and meet the new conditions.

START NEXT WEEK ON HALIFAX PLANT

Halifax, N.S., June 20.—That the work of establishing the big steel shipbuilding plant at Halifax will be commenced next week, if the engineers' plans are completed by that time and that within three months the keels of three 10,000-ton freighters, the largest ever built in Canada, will have been laid on the building berth, was the statement made by J. W. Norcross, president of Halifax Shipyards, Limited.

"Our expenditure for the shipbuilding plant," Mr. Norcross said, "will be between \$2,750,000 and \$4,000,000, if the engineers have the plans ready we will start spending that money during the latter part of next week when we will let our contracts." With Mr. Norcross, who is vice-president of Canada Steamship Lines, Montreal, are James Carruthers, president of the company; M. J. Haney, C.E., of Toronto, and H. F. Brown of Montreal, the party yesterday inspected the shipyard's site and the drydock and lunched at the Halifax Club, the guests of prominent citizens.

THREE SUMMER CRUISES.

Down the St. Lawrence, Niagara to the sea, without change of steamer, sailing July 4th, August 1st and August 29th, by the specially chartered steamer "Rochester." A tour of 1346 miles in inland waters, to take nine days and costing \$150 and upward, including all expenses.

What could better meet your need of quiet recreation than a summer cruise on cool inland waterways? We shall enjoy a floating hotel—the good ship "Rochester" having been chartered for the entire cruise. Here is the relaxation of a cruise at sea without its monotony. Never ceasing variety of scenery, meeting congenial companions under the conditions of the utmost personal comfort. Never before has a cruise been offered from Niagara to the Saguenay without change of steamer. All the diversions that go with a cruise will be furnished. These will include an orchestra to furnish music at dinner and for dancing, cards and deck sports, with appropriate prizes; stops and shore excursions at Montreal, Quebec, Murray Bay and Tadoussac.

The tour from Quebec to the Col was made in motor cars furnished by the Quebec Auto Club. This evening the visitors were entertained by the Quebec Reform Club.

PEACE ONLY BY VICTORY.

Premier Hughes Says That Shibboleths of Bolshevism Are Futile. London, June 20.—Premier Hughes of Australia, at a luncheon of the British Empire League, commiserated Russia on the tragic spectacle of her treatment by Germany. The Shibboleths of Bolshevism, he said, would not produce peace, which was only attainable by an allied victory. Whether the war lasted a year or ten years longer Australia would see it thru. The faint whisperings of a few pacifists were drowned in the mighty and determined shout of a patriotic people.

TRIPOD FELL ON HIM.

Kingston, June 20.—Ovlin, the four-year-old son of Capt. Arthur Lalonde, of Valleyfield, Que., was killed this morning on the M. T. Co.'s barge Melrose when an iron tripod used in the removal of grain fell over and struck him on the head. The barge was discharging grain at Richardson elevator.

BUILDERS MEET IN CONVENTION

Annual Gathering of Provincial Association is Held at Galt.

Galt, June 20.—Despite the busy season and the scarcity of trained labor seventy-five delegates gathered here today for the sixth annual convention of the Provincial Builders' and Supply Association, which opened this afternoon in the S. O. E. hall.

The largest delegations came from Toronto, London, Hamilton, Stratford and Chatham. The first important business transacted was the election of officers, which resulted as follows: President, A. Tomlinson, Chatham; first vice-president, Lieut.-Col. G. Youngs, Stratford; second vice-president, Robert Elgie, Toronto; secretary-treasurer, T. H. Wright, London; executive, G. A. Robb, Galt; J. S. Adams, Ottawa; A. Hannaford, Hamilton; J. Norton, Sarnia; E. Blonitz, Chatham; R. Masson, Stratford; F. Nicholson, St. Catharines; S. Willis, London; G. Stocker and G. J. Oakley, Toronto; auditors, D. Davidge, Toronto; and E. Gerry, London.

A very interesting address on benefits to be derived from the Workmen's Compensation Act was delivered by G. Gaudier, Toronto. Robert Elgie spoke on the patronizing of home industries, making special reference to foreign contractors doing work in Canada, and it was decided to memorialize the Dominion Government requesting regulations of the operations of foreign contractors. A committee was appointed to deal with some proposed alterations to the law.

Tonight the visiting delegates were the guests of the local exchange at Scott's Opera House. The convention continues tomorrow, and the greater part of the morning will be devoted to sightseeing and a tour of inspection of various industrial plants.

RESPONSIBILITY FALLS ON CANADA

Ottawa, June 20.—A bulletin from the Canada Food Board reads: "Great Britain in peace times depends upon imports for four-fifths of her food supply. One out of every seven of Scotland's total population is in the army; in England one out of every twelve; in Canada one out of every 17."

Britain, despite army demands for men, has increased her farm acreage by help of women, boys and labor diverted from towns and cities. She has also increased her production of munitions and ships, and her manufactured exports, such as cotton, by which she finances herself.

But most of her usual sources of food supplies have been cut off by the war and scarcity of ships. Canada produces the largest available food surplus in the British Empire. The responsibility for feeding the armies and the mother country falls directly upon Canada. The inhabitant of 1918 must be saved or millions will starve.

Let Canadians realize the truth before writing "yes" or "no" on the registration cards to the question, 'Are you willing to do farm work?'

Bandits Set Fire to Elevator And Gag and Rob the Manager

Moose Jaw, June 20.—Bandits set fire to the Farmers' Trading Company and grain elevator, causing a loss of 3000 bushels of grain and a million feet of lumber; gagged the manager, Charles Hill, and robbed him of \$1500 at Crank, Sask., last night. Plans had been made for the fire and robbery, as the fire department engine had been put out of commission and an automobile was waiting that the men could make a getaway. A posse is pursuing the bandits.

"BLUE DEVILS" ENTERTAINED.

Tendered a Fraternal Reception at the Valcartier Camp. Quebec, June 20.—With loud cheering from their Canadian brothers-in-arms at Valcartier, the Blue Devils of Verdun were tendered a fraternal reception this afternoon at the Valcartier training camp.

The official reception was tendered by the general staff of the camp, headed by Brig.-Gen. Landry, military commander of Quebec, and Col. Rogers, camp commander. The tour from Quebec to the Col was made in motor cars furnished by the Quebec Auto Club.

Power Behind Strong Keen Red Blooded Americans. To help make strong, keen, red-blooded Americans there is nothing in my experience which I have found so valuable as organic iron—'Ruxated Iron.' says Dr. James Francis Sullivan, formerly physician of Bellevue Hospital (Outdoor Dept.), New York, and the Westchester County Hospital. Ruxated Iron often increases the strength and endurance of weak, nervous, run-down people in two weeks' time. It is now being used by over three million people annually, including such men as Hon. Leslie M. Shaw, former Secretary of the Treasury, and ex-Governor of Iowa; former United States Senator Richard Ballina Kenney of Delaware, at present Major of the U. S. Army; General John L. Clem (Rutledge), the drummer boy of Shiloh, who was sergeant in the U. S. Army when only 13 years of age; also United States Judge G. W. Atkinson of the Court of Claims of Washington and others. Ruxated Iron is dispensed by all good druggists everywhere.
