TEN PAGES—WEDNESDAY MORNING JULY 25 1906—TEN PAGES

WESTERN MUNICIPALITIES UNITED WILL PREPARE BYLAWS FOR SIMULTANEOUS RATIFICATION AS MARKET FOR NIAGARA POWER

Organization is Perfected at Representative Conference at Galt and Cecil B. Smith Rides the "Arguments" of Pen Critics—Hon. Adam Beck Points Out Ottawa as First Example of the New Act's Workings.

Galt, July 24.—(Staff Special).—Nothing succeeds like success, and success has attended every step in Hon. Adam Beck's campaign for cheap power for Ontario. The meeting to-day was of the most encouraging nature to those who are interested in the working out of the huge problem. Nearly a hundred of the first business men of the country, representing (with the sole exception of Brantford) the leading municipalities of Western Ontario, convened, and after listening to a raking discussion on the whole situation, including the working of the new Power Act, which was explained by Hon. Mr. Beck, and a review of objections and criticisms of the hydro-electric power commission's report, from Cecil B. Smith, another member of the commission, the assembly decided upon permanent organization, and appointed the following gentlemen as an executive committee:

Ald. J. H. Fryer, president Galt board of trade; Mayor Coatsworth, Toronto; Ald. J. W. Lyon, president Guelph board of trade; Ald. R. F. Matthews, London; Ald. D. B. Dewar, president Berlin board of trade; Ald. D. Woods, president Brantford board of trade; Mayor Clark, Preston; Mayor Bechtel, Woodstock.

Both Messrs. Beck and Smith were most felicitous in their remarks, and inspired much confidence in the management of the commission among those present. H. L. Drayton, solicitor to the commission, was also present, as was also the manager of at least one of the power companies. A hearty vote of thanks was passed to the commissioners on the motion of Messrs. Coatsworth and Bechtel.

The meeting was held in the newly elected executive instructed the secretary to secure from the power commission pro forma contracts for users of power and municipalities to sign, showing the amount of power to be used. Also that a synopsis report of the meeting with blanks enclosed, asking all reachable municipalities to become members of the union be mailed to them as soon as possible, enclosing a copy of a resolution for them to pass, and indicating whether they would take power at once or not.

A Great Undertaking. Mayor Thomson, who warmly welcomed the delegates to Galt, whose people were not indifferent to the honor done them. It appeared to him that the present undertaking was one of the greatest Ontario had ever taken in hand. The highest class of statesmanship would be required to launch the scheme successfully, owing to the geographical difficulties. No municipality could afford to be indifferent to the plan.

A. R. Goldie, Ayr, secretary to the union read the letter directed to the several towns and cities calling the meeting.

Ald. Lyon, president of the board of trade, Guelph, moved, Mayor Coatsworth, Toronto, seconding the motion, that Ald. Fryer take the chair. This was agreed to, and A. R. Goldie was appointed secretary.

Those Present. The roll of delegates was called with the following result: Toronto: Mayor Thomson, Ald. Keeler, Peleg Howland, president board of trade; Mr. Meek, and Mayor Coatsworth. Hamilton: Messrs. Whitton, Birge, Breckenridge. Georgetown: John I. Williams. St. George: T. M. McQueen, P. K. Hall, B. B. Patton, H. L. Road, H. Freeman.

Galt: Mayor Thomson, Messrs. Fryer, Cameron, Robt. McGregor, Robt. Scott, Jos. Stauffer, F. S. Jarvis, A. G. Donaldson. Guelph: Mayor Sleeman, Ald. Newton, H. L. Road, H. W. St. John, Robt. Scott, Jos. Stauffer, F. S. Jarvis, A. G. Donaldson. Preston: Mayor F. Clark, E. A. Hall, J. H. Fryer.

Espey: John Jardine. Guelph: Mayor Sleeman, Ald. Hewitt, Ald. Ryan, Ald. Lyon, and others representing the board of trade. Berlin: Mayor Aaron Bricker, A. W. Felck, Louis McBride, O. O. Hann, A. L. Brethaupt, August Lang, Ferdinand Walter, Aaron Bricker, D. S. Dewar, J. R. Eden, J. J. A. Weir, Dr. Honsberger.

Waterloo: Messrs. Hughes, Ayles, Bamer, E. H. Buel, H. W. B. Stalder, Baden: F. Holwell. Stratford: E. T. Durton. St. Marys: Aldermen Dickson and Davis; Mayor W. W. Patterson.

Continued on Page 2.

SAGE MAY ASTOUND WORLD BY BEQUESTS TO CHARITY

Impression Gains Ground That Bulk of Vast Fortune is Thus Disposed of.

New York, July 24.—An impression is rapidly gaining credence that the bulk of the vast fortune of Russell Sage has been left to charitable and educational institutions, says The Herald.

Sparsely in his charities he he was during his long years of life, it is generally understood that the benign influence of Mrs. Sage is responsible for a change of base, and his will may disclose a charitable impulse, the like of which has never been known in the world's history.

Those in a position to know the contents of the document, which will disclose the disposition of close to one hundred millions of money, would not make a statement which would give a definite idea of its provisions. But the air of secrecy pointed to a great surprise when the will becomes known, and some of them denied that the world charities were to benefit largely by the accumulations of a frugal life-time.

Not until after the burial in a Troy graveyard will the will be filed for probate and the contents be made public.

FUNERAL OF RUSSELL SAGE. New York, July 24.—The funeral services over the body of the late Russell Sage were held in the First Presbyterian Church at Far Rockaway, Long Island, at 10 o'clock to-day.

Afterwards the body was placed in a special car and brought to this city, where it was taken to the Sage home on the fact of the head and hands. The arrangements for the funeral to-morrow provide for the removal of the casket from the Fifth-avenue home to the Grand Central Station. Two special cars will be attached to the regular Saratoga special, which leaves at 2:45 o'clock. The funeral will be held in Troy at 8 p.m. Rev. Dr. Hugsman will go to Troy and officiate at the final burial services at the grave.

The casket containing Mr. Sage's body, when finally interred, will rest in a heavy steel case, which, when sealed, cannot be opened, and which in turn will be encased in concrete. Until such time as these arrangements can be carried out in final form, the temporary grave will be carefully guarded.

PURELY CANADIAN. Friends of Mayor Ellis of Ottawa say he will be a candidate for a fourth term.

Most of the sailors of the Arctic held as witnesses of a fatal row at Quebec, and the ship's departure for the far north is again delayed.

St. Thomas' expects 2000 visitors for the convention of locomotive engineers, which opened yesterday. Many places of business and residences are decorated.

Depot Bands of Toronto has been appointed city engineer of St. Catharines at a salary of \$1500, succeeding R. E. Speakman, who goes to Calgary, Alta.

The only son of Dr. McNaughton of the London Asylum staff died on Monday from lockjaw.

The third annual convention of the Master Painters and Decorators' Association opened at Windsor yesterday.

'FRISCO READY FOR VISITORS. San Francisco, July 24.—One of the most striking examples of the public spirit that has characterized the rebuilding of San Francisco was shown in the opening to-day of the St. Francis Annex, a temporary structure to accommodate visitors to the city. The hotel is situated in the centre of San Francisco's famous tropical park—Union Square—and permission for the site was obtained on the ground that it would be a benefit to the city.

It is immediately possible for the better class of travellers to visit the city. In return for this privilege the hotel all profits returned from the operation of the hotel, these profits to be used for the future improvement of the park.

Cheese and Canned Salmon. Sold by leading grocers and druggists.

Prefects Must Spare Not To Crush Czar's Enemies

CAREFUL REPRESSION.

St. Petersburg, July 24.—Premier Stolypin has addressed a telegram to his governors-general, governors and prefects throughout Russia, and to the viceroy of the Caucasus as follows:

"In conformity with instructions received from the emperor with the view to securing full co-operation between the different local authorities, I hereby inform you that the government expects you to exercise your vigilance and strict supervision over your subordinates so that order may be promptly and definitely restored.

"Disturbances must be suppressed and revolutionary movements must be put down by all legal means. Measures you take must be carefully considered. The struggle begun is against the enemies of society and not against society itself. Consequently wholesale repression cannot be approved of. Imprudent and illegal acts are likely to give rise to discontent instead of conducting to calm and cannot be tolerated.

The intentions of the emperor are immutable. The government firmly desires to assist in the amendment of legal procedure and the laws hitherto enforced which no longer serve their purpose. The old regime will be re-estimated, but order must be fully maintained. You must act on your own initiative as you are invested with responsibility. Firm and vigorous steps taken on these lines will doubtless be upheld by the best part of society."

War Office Ready. Even before the declaration of a dissolution of the lower house of parliament, the war office had perfected its plans for handling expected disorders, both military and civilian. Gen. Muller Zakomelsky, who suppressed the Sebastopol revolt, and co-operated with Gen. Hennenkamp in the reduction of the Siberian rebellion last winter, was recalled from the command of a corps and placed at the disposal of the war office, to be used wherever trouble should manifest. Both the government and the revolutionists expect this outbreak in the south, and that it will roll northward in the hands of the military and police organizations to postpone the declaration of a general strike from St. Petersburg, until contagion is borne up from the south.

Anxious for Strike. The railroads, however, are anxious to have this strike declared at once. Members of the Railway Employees' Union with whom the Associated Press correspondents here and in Moscow have talked, declare that they were ready to walk out at the first call from the League of Leagues, with which the union is federated.

The strict censorship over news of military disorders is maintained. As an example, the mutiny at Brest-Litovsk, July 23, when a band of army officers from the fortress fired on the Officers' Club, killing two officers, and been transformed into a fire-mutiny, the ministry is obtaining slight aid from the bulk of society at large in putting this policy, M.M. Shipoff and Gulleroff, who are practically all the others who have been approached, have refused flatly to participate in the onerous cabinet proposed.

The Constitutional Democratic Club and two other political clubs were closed to-night by the police. A caucus of Constitutional Democrats was being held at the time. Prince Paul Dolgorouff, chairman of the central executive committee, appointed at Viborg on Monday, has called a meeting of that committee, which will arrange a secret caucus to-morrow, to discuss further tactics. Moscow Constitutional Democrats recommend the summoning of a national convention of the party, but this will scarcely be permitted by the authorities.

Meetings are being held to-night in a dozen houses here, and just across the frontier railway employes, peasants, socialists and revolutionists are discussing the best plan of action to be taken to-morrow, to discuss further tactics. Moscow Constitutional Democrats recommend the summoning of a national convention of the party, but this will scarcely be permitted by the authorities.

ESTATE PLUNDERED. Agrarian disorders have broken out near St. Petersburg. The estate of Gen. Baron Fredericks, aide-de-camp to the emperor, has been plundered by peasants. Gen. Fredericks asked for troops from Gatchina, but was informed that the situation was too serious to permit of the changing of the present military dispositions.

JEWIS LEAVE ODESSA. Odessa, July 24.—Serious disturbances took place in the remote quarters of Odessa late last night. The Jews sought refuge in the centre of the city, many of them leaving Odessa altogether.

TWO JEWS WERE KILLED AND EIGHT WERE WOUNDED IN STEPOVAL-STREET HERE.

KILLED CROSSING TRACK. Rutland, Vt., July 24.—In attempting to drive across the tracks of the Rutland Railway here to-day, Vernon H. Read and Mrs. Mattie Whitton, both of Shrewsbury, were killed and Fred ously and perhaps fatally injured.

Oscar Eudson & Company, Chartered Accountants, 5 King West, M. 4788.

Wash your hands with NEATO. Phenomenal Prices for Books. Such exclamations as "Dirr Cheap," "Giving Away Books," are frequently heard at the great book sale at 346 Yonge-street, corner Elm, where 100,000 books are being sold at 25 cents and other stock comprising history, biography and travel, are being sold at proportionately low rates.

Babbit Metal. The best made; Canada Metal Co.

Empress Hotel, Yonge and Gould Sts., E. Disette, Tel. 1550 and 1525.

ONE CENT

FUR BUYER DRINKS POISON STOLEN GOODS SENT HIM

Montreal Man Fearing Arrest on Charge of Receiving Takes Own Life.

Montreal, July 24.—(Special).—M. F. St. John, jewelry importer, manufacturer of agent and fur buyer, was found dead in his office at the Temple Building, St. James-street, at 2 o'clock to-day. Prussic acid seems to have been the means taken by the dead man to put an end to his existence.

Some days ago, Chief Carpenter received word from the chief of police of Chatham, Ont., stating that some stolen furs had been shipped from there to a man by the name of M. F. St. John, 227 Temple Building. The chief sent a man to St. John's office to make some enquiries into the matter, and although the detective did not try to arrest him, the man was very nervous in his presence and he was believed to believe that in some way, he was connected with the fur snipped from Chatham.

Later, he received another wire from the Chatham police chief, asking for the arrest of A. Futal, West-Notre-Dame-street. The man, Futal, was the one wanted for the theft of furs at Chatham, and he it was, who had shipped them to St. John.

Futal was arrested to-day, and it is believed that the fear of arrest led St. John to make away with himself, before the officers came in upon him.

ELOPERS IN TORONTO? Husband of Mrs. Katherine Tyson Thinks She May Be Here.

On June 17, Harley S. Tyson, of Lima, O., and Mrs. Katherine W. Tyson, of a small town near Lima, eloped. Pulus is 30 years of age, a lawyer. He had the settlement of two estates and is thought to have taken about \$10,000 with him. Mrs. Tyson is 25 years of age. It is her husband, who is keeping up the search for them. They were traced to Hamilton and are supposed to be living quietly in Toronto.

FATHER'S INHUMAN ACT. Drags Body of Daughter From Coffin to Hurl Body Out of Window.

New York, July 24.—Charged with removing the body of his daughter from a coffin and attempting to throw it out of a window, Charles Anderson was called an "inhuman monster" by Magistrate Moss in the Harlem court-house to-day, before the magister's trial, "is that there is no adequate punishment for the crime. Civilization has no penalty in keeping with the magnitude and horror of your act."

He was sent to the workhouse on default of \$500 bail.

ROBBES COMES BACK. New York, July 21.—David Hobbs, the former customs inspector of the Canadian Pacific Railway Co. at Montreal, to-day was sent back to Montreal for trial upon the order of United States Commissioner Alexander. It is alleged that Hobbs' books showed a shortage of nearly \$50,000.

DINEEN'S BARGAIN BASEMENT. A Chance for Bargains Every Day in the Week. If You Go Downstairs.

The problem with all successful stores is how to get rid of odd sizes and broken assortments without disturbing too much the regular routine of business. That idea was back of the original bargain day and finds new expression here, in the money-saving chances offered by Dineen's Bargain Basement, since this firm handle none but first-class styles. Young men will find better service here, and better satisfaction than anywhere else in town, with a clean clear saving of at least half their money.

WARNER. Meteorological Office, Toronto, July 24.—(8 p.m.)—Local showers and thunderstorms have occurred to-day in Alberta and Saskatchewan, also in the Maritime Provinces; elsewhere the weather has been very fine, with moderate to maximum temperatures: Victoria, 52-78; Vancouver, 51-78; Edmonton, 56-70; Calgary, 52-70; Du Appelle, 58-82; Winnipeg, 52-82; Port Arthur, 56-78; Parry Sound, 41-72; Toronto, 54-76; Ottawa, 54-74; Montreal, 50-72; Quebec, 50-73; St. John, 56-80; Halifax, 54-74.

Probabilities. Lakes, Georgian Bay, Ottawa and Upper St. Lawrence—Light to moderate variable winds; sea and slightly warmer.

Lower St. Lawrence and Gulf—Light to moderate winds; sea, not much change in temperature.

THE LARGEST AUTOMOBILE. Livery in Toronto. We are hiring our new French Cars, with experienced drivers, for \$8 per hour for first hour and \$6 for 15 minutes. Special rates for Motor Car Co. Limited, Mutual Trust Bank, Phone Main 1417. See our lines of famous English and French Cars, before purchasing.

METHODISTS IN JAPAN. Union of the Three Big Divisions is Formally Ratified.

The union of the Methodist Church in Japan, for the furtherance of mission work, was heartily endorsed at a meeting of the executive of the general board of Methodist missions, held in the Wesley Building last night.

AUTOTOURISTS SLEEP TENTS

Gladdenists Run 100 Miles From Quebec in Eight Hours. Jackman, Me., July 24.—The itinerary of the Gladden tourists brought the minto Maine to-day with Jackman as their first stopping place, after a ride of 100 miles from Quebec.

MERCHANTS' BANK DIVIDENDS

Increased From 7 to 8 Per Cent and Will Be Paid Quarterly.

Montreal, July 24.—(Special.)—Shareholders of the Merchants' Bank of Canada will be agreeably surprised when they learn that the dividend of the bank has been increased from 7 to 8 per cent, and that incidentally the payments will in future be made quarterly.

SHORTER LINE.

Montreal, July 24.—(Special.)—McKenzie & Mann's Montreal and Ottawa line will be 109 miles long, or considerably shorter than either of the other roads from the commercial to the political capital.

Phone Companies Merge.

Albany, N.Y., July 24.—A certificate filed with the secretary of state today certifies the merger of the St. Lawrence Telephone Co., Central New York Telephone and Telegraph Co., Ontario Telephone Co., Montreal Telephone Co., and Madrid Telephone Co., under the title of the Central New York Telephone and Telegraph Co.

Papermakers to Strike.

Buffalo, July 24.—Papermakers in the 33 mills of the International Paper Co. in the United States and Canada have given notice that they will go on strike on Aug. 8 unless their working hours are reduced to eight hours a day without a reduction in the scale of wages.

When you want BLACK silk, you don't say "a spool of silk."

When you want Windsor Table Salt, say so—"WINDSOR."

MARKET FOR NIAGARA POWER

Continued From Page 1.

They are four tenders. We are asking the power for you."

"Will the trunk line be built from Niagara to the Falls?" interpellated Mr. Beck.

Mr. Beck pointed out that the Electrical Development Co. at the Falls had no transmission lines. The lines belong to a subsidiary company, the transmitting company. The distributing company was a third. If the transmission line power it might have a question whether they could arrange for transmission over existing lines.

Can't Give Advice—Directly. In answer to Mr. Keeler, who asked if the amount of power used would not affect the tenders, Mr. Beck stated that the companies were prepared to give contracts for 10,000 horsepower and upwards. They would get it at the same price at the point of production as each would bear the expense of transmission in the ratio of the power used.

"You not the expropriation of the transmission lines by the wise course for the government to take?" asked Mayor Coatsworth, amid considerable laughter, which increased in heartiness as Mr. Beck replied.

"I'm not here as an adviser. The companies object to me giving advice, as a cabinet minister."

"If Toronto built the whole line, and another city came in afterwards, how would the cost be arranged?"

"The newcomer would have to assume its proportion of the liability, and that would be credited to Toronto," replied Mr. Beck.

"Toronto's liability would never be increased?"

"No, you would know the worst at the start."

"If the cost was more than the estimate, who would bear the difference?" asked President Ryan of the Guelph Board of Trade.

"You want to know if the government would bear the cost if there were any mistakes?" rejoined Mr. Beck, and everybody laughed again.

"I think there would be another commission appointed to investigate the matter," said Mr. Beck.

"The engineers are either incapable or dishonest if they make any mistakes," affirmed Mr. Beck.

"In reply to a number of questions and at the request of Mayor Coatsworth, Mr. B. Smith, former engineer, and now a member of the hydro-electric commission, dealt briefly with the criticisms levelled at the power commission publication."

Smith's treatment of these matters, while brief and of a simple character, left the impression that it would have been wise to have considered the matter before rushing it into print.

Mr. Smith remarked that he had read carefully the communications to the commission, and in his mind there was nothing needing an answer, but the points raised confused the public.

Mr. Wright of the Electric Light Company had stated that the company's rates were 8 cents per kilowatt hour, and the rates of the commission 7 1/2 cents.

The commission's rates were 8 cents for residence and 12 cents for business use. The commission's rates were 5 cents for residence and 8 cents for business.

"It was purely a question of misstatement," was Mr. Smith's comment. Mr. Hawkins of the Hamilton committee had stated that rates quoted by them were \$12.40 per horse-power in Hamilton. Subject to the correctness of the report, Mr. Smith thought the figures must apply to motor capacity.

up in the newspapers was the question of load factor. It was well-known that all the customers of a power plant were not using the total amount of their power at the same time.

"The trunk line be built from Niagara to the Falls?" interpellated Mr. Beck.

Mr. Beck pointed out that the Electrical Development Co. at the Falls had no transmission lines.

Can't Give Advice—Directly. In answer to Mr. Keeler, who asked if the amount of power used would not affect the tenders, Mr. Beck stated that the companies were prepared to give contracts for 10,000 horsepower and upwards.

EVEN BREAK WITH SKETERS TORONTO WON YESTERDAY

Tailenders Played Snappy Ball, Score Being 3-1—Buffalo and Rochester Won.

Toronto broke even on the series with Jersey City, winning the final game, 3-1. The locals served up a fast article of ball, which, if kept up, will soon land them out of last place...

Toronto 3, Jersey City 1.

Toronto played fast, snappy ball yesterday, and were masters of the game at the bat. The score was 3-1.

It looked in the ninth as if something big was in the air. Cassidy singled to center, but Frank grabbed Hamer's hit and a double-play resulted...

Outside of the first inning McGinley kept the batters guessing. On the other hand, Frank hit a lot of speed, which was included to be wild.

Toronto scored two in the fifth. Frank McGinley, Grant, Drennan and Cassidy were the scorers.

One more was scored in the eighth. With the bat open on a single by Cassidy, McGinley threw wild to catch O'Brien at third.

WHY HUNTER CASHED IN LENNOX HAS AGREEMENT

By It City Was to Pay Half Moore's Wages—This Was to Collect.

It looked almost like a meeting of the contractors' combine when Magistrate Kingsford took hold of the police court trial of E. J. Lennox at 2 o'clock yesterday afternoon.

Following the game with Buffalo last week, in which the decision of a new umpire worked up the feelings of both teams to a high pitch, a free fight occurred on the street, just outside the ball grounds.

Stung by the taunts of the crowd, a number of the Buffalo players jumped from their automobiles and struck right and left. For a time Ferry-street was the scene of a wild and lawless scene.

The police rushed in and arrested several of the belligerents, including Captain Harvery. One of the crowd was hit on the head by a spiked shoe. His injury is not serious.

INTERMEDIATE LACROSSE.

Orillia and Newmarket Play Important Game To-Morrow.

Orillia are coming down to Newmarket for a special game, a special game, a special game. A special will also be run from Beaverton, connecting with Orillia.

There has been a number of Toronto fans who have been seen at the game. The car will be in the city at 10 o'clock.

KUNTZ Regal LAGER
Is Healthful

Germans are a nation of beer-drinkers. Germany is famous for its great thinkers—great scientists—great writers—great poets—great dramatists—great musicians—great composers—great artists—great soldiers—and great statesmen.

BUT—Germans drink in moderation, and are good judges of Lager beer.

In Canada, their favorite drink is KUNTZ "REGAL" LAGER—and they invariably insist upon having this brand on account of its health-giving qualities.

BEHEADED.

Sailor's Head Caught Between Barge and Wall and Torn Off.

Montreal, July 24.—An exceptionally gruesome fatality place this morning on the Lachine Canal at Cote St. Paul locks, when a sailor named Richer lost his life. He worked on a canal barge and while it was being locked, he extended his head down between the side of the barge and the stone wall of the lock. The barge gave a lurch, and before his head was withdrawn it was caught and crushed flat and then ripped from the trunk.

THE GOODNESS OF DOLLY VARDEN

A Store Like the One at 110 Yonge St. to be Opened in Wainipeg.

The success of the Dolly Varden Bootshop in Toronto will be quickly followed by the opening of a new store in Winnipeg. A handsome new store is being built in that city for both Dolly Varden and Footrite Shoes. Harry W. Stark will control the new store there.

Dolly Varden Shoes are sold at \$3.50 and \$4, the same price in Canada as in the United States. Some lines of Dolly Varden are sold at \$5. These, too, bear the price mark put on at the factory. The dealer cannot change the price.

Leitch Valley Railroad.

Three special 15-day Seashore excursions from Suspension Bridge, Niagara Falls Aug. 3, 17 and 31. Tickets only \$10 to Atlantic City, Cape May and return. Tickets allow stop-over at Philadelphia. For tickets, Pullman and further particulars, call at L.V.R. city office, 10 King-street east.

Boarding Houses.

Persons who have accommodation for guests during the British Medical meeting, Aug. 21 to 25, will do well to write the hon. local secretaries, medical laboratories, Queen's Park, stating the cost per day for lodgings, for lodgings and breakfast, or for lodgings and board.

How Good Food may turn to Poison

DECAY is not digestion, you know, even when it takes place in the stomach.

Food decayed in the body after being eaten is as dangerous to health as food decayed before being eaten.

Food nourishes or poisons, just according to how long it remains in the bowels undigested.

Cascarets are the simplest and surest safeguard against Delayed Digestion yet discovered.

Sold in a thin Enamel Box, half as thick as your watch, which fits into the vest pocket or lady's purse as if it grew there.

In this round-edged Enamel box are found six small Candy Tablets.

One of these toothsome tablets works wonders for digestion.

Soon as placed in the mouth it starts the Saliva flowing, which at once gets to work dissolving it.

The Saliva becomes blended with the Candy Cascaret tablet, and from the moment they start going down your throat together they start working together.

Now, what do they work at? Bowel-work, of course.—Digestion.

Some folks think Digestion takes place in the Stomach only.

But that's a great mistake!

Most of the Digestion occurs in the thirty feet of Intestines that connect with the Stomach.

Now, these Intestines are 30 feet long, for a purpose.

They are lined with a set of little mouths, that squeeze Digestive Juices into the Food eaten.

TWO SAILORS ARE DROWNED IN A MELEE WITH SOLDIERS

Four Privates of R.C.R. at Quebec Locked Up on Probable Murder Charge.

Quebec, July 24.—Shortly after 11 o'clock last evening three soldiers in khaki uniform made their appearance on the cross wall at the end of Dalhousie-street and challenged some of the sailors on the schooner J. M. Taylor, from Barbados, unloading molasses at the wharf, to come up on the wharf and fight. The soldiers carried their insults to such a point that some of the crew went ashore. A general row then started on the wharf, in which the soldiers used their belts and buckles to advantage. One of the latter gave a whistle and several other soldiers put in an appearance. The sailors then ran towards the schooner, probably to get help, and they did so, one of them, Thomas Powers, was stabbed in the back between the shoulders, and fell into the water, between the schooner and the wharf.

Another of the crew, William Tyor, also fell in, as well as a sailor from the Empress of Britain.

The two former never rose, but the sailor from the Empress was picked up by James Finn, a young sailor from the Arctic, Powers and Tyor were pulled out later, but were both dead. Powers hailed from Ireland, while Tyor was a resident of London, England.

Detectives went to the barracks at 2 o'clock this morning to see if any of the men could be identified by the sailors, who claim they can recognize the soldiers.

At 3:30 the detectives arrested Privates Dominick Corrigan, 22 years of age; Peter Walsh, 24 years of age; Edouard Lapointe, 18, and W. Higgins, 29, all members of the R.C.R. Corrigan has a fresh cut in the forehead.

WOMAN'S WORLD

Where Women Electeers.

The women of New Zealand are "very feminine," according to Lady Ward, wife of the prime minister of the country, where women have voted for ten or twelve years. They are noted for their good dressing, it seems, are very fond of their homes, and have no desire to speak in meetings.

"Sometimes women do speak at political meetings," said Lady Ward recently, "but it generally turns out afterward that they were visiting Americans or perhaps English women. No, we don't sit on juries and we don't run for parliament. The law would have to be changed before we could do so, but I don't believe we want to. Perhaps some time in the future it will come to that, but I think it will be a long time. We did have a mayoress once in a town in the northern part of the colony, but no one seems inclined to repeat the experiment. In fact, we are very busy with our domestic affairs and are quite content for the present to leave the management of public affairs to the men. The women of New Zealand place their homes before every other consideration, and their domestic problems are just as serious as those of any other country.

"But don't imagine that we are not interested in politics, and that we don't vote. There isn't a woman in New Zealand who doesn't know every member of parliament, either by sight or by reputation, and there isn't one who can't think intelligently about political questions. Out on the farms and in the villages it is just the same as in the cities, and it makes life ever so much more interesting. No matter whom you meet you will always find one subject of common interest.

"Our elections are most interesting events, and the women do a great deal of electioneering, just as they do in England. But they don't do much electioneering except among themselves. Political afternoon teas are a favorite method of winning over doubtful women voters. Every woman over 21 votes. The only qualification is a residence of 12 months in the colony and three months in the electorate where the vote is cast. The native women take just as much interest in politics as the white women, and are thoroughly well posted in everything concerning native affairs. We have an aboriginal population of 40,000 and they have their own representatives in parliament.

The educational opportunities of New Zealand are practically equal for men and women, Lady Ward said, but co-education is not the invariable rule. Some institutions are co-educational; others are not, and even the high schools often separate the sexes. All the professions are open to women, and there are a good many women doctors and lawyers, but no women reporters, except on the weekly page.

Little Parasols.

The picture that appears to be in danger for fashion has decreased the use of a parasol so tiny that it can do little more than protect the eyes from the sun's rays, and the wearing of a wide-rimmed hat at the same time verges on the ludicrous.

This is a revival of a style that was in vogue half a century ago, and the young women who are already appearing with the miniature sunshades give one the impression that some of John Leech's pictures have come to life. In Leech's day, the little parasols had fringes of silk and tassels. The present style resembles the carriage umbrellas, but is much smaller.

As fashion is not altogether capricious, it is fair to conjecture that the return of the little parasol is due to the motor car, for it can be disposed of in a car more readily than the familiar large parasol. It is being whistled that the little parasol may be the forerunner of a small bonnet for young women and matrons, for if the revived article is to stay, there must be headgear suitable to it.

Wisdom's Whispers.

A man may adore a woman, and yet regard her brain power as limited.

Woman's views on woman's worth take on varied and far-reaching turns. Most men have a sense of satisfaction in being able to attract the notice of big persons.

Women generally regard their women associates with a feeling akin to suspicion.

While men devote their best thoughts to money-getting, they are willing to agree that there is more in life than lucre.

A woman likes to argue a question entirely from the viewpoint of what should be rather than what is.

Men always show a desire for justice, no matter what their personal feelings on the subject.

If women handed men as wisely as they believe they do, life would take on a different aspect.

The man who falls to think quippy misses many of the good things that are uttered.

A woman worries over such small affairs that great troubles give her little concern.

A Talk with the Consumer

Competition among brewers is keen. Perhaps you've noticed it. You may not know what's back of it. You have a right to know the facts. We have decided to print them.

Some of the large brewers to reduce the cost of brewing use cheap materials. In place of Barley, the very soul and essence of perfect beer, they use Corn, because it is cheap.

They further reduce the cost of production by not having ample storage facilities to properly age their beer.

The result is beer that has little else but "Purity" and "Sterilization" to recommend it. As a matter of fact, nearly all beer is pure and properly sterilized.

Budweiser

—The King of all Bottled Beers—

Budweiser is brewed from choicest Barley-Malt, the finest Hops, imported from the province of Saaz, in Bohemia, Yeast of special culture, and a small percentage of Rice.

It is fermented in glass-enameled vats. It is lagered (aged) from four to five months in glass-lined steel tanks.

In fact, it is in glass from "Kettle to the Lip."

Our enormous storage capacity—600,000 barrels—enables us to age our beer to full maturity, which accounts for its healthfulness and delicious flavor. We produce beer of such unquestioned superiority that discriminating consumers demand it.

It is for these reasons that Budweiser, although the highest in price, has a larger sale than all other bottled beers.

REVERSING TRAINS FROM LEFT TO RIGHT

On Sunday, July 22nd, at 9 o'clock a. m., the Grand Trunk Railway Company commenced to operate all trains on double-track portions of the system regularly on the right-hand track in the direction in which they are moving. Instead of on the left-hand track, as has heretofore been the custom on certain divisions, this with a view to uniformity and to conform with the practice in vogue generally on other railways on this continent.

Locomotive engineers are always stationed on the right-hand side of the engine, with outlook necessarily to the inside, or between the two tracks on the right-hand track, when trains are operating on the left-hand track in the direction in which they are moving. For this reason, and as the semaphores and other signals are generally placed on the outside of the track for the government of trains moving on such track, it was deemed expedient to change the direction in which they are moving, with the outlook of the engineers towards the signals, will facilitate the observance of the signals by the engineers, thus introducing an additional safeguard both for the traveling public and the company's employees.

At present, as several railway companies, whose lines connect with the Grand Trunk Railway, and who operate their trains on the right-hand track on double-track sections of their systems, have running rights with their trains over portions of the Grand Trunk Railway, it is considered objectionable that employees of such connecting lines should be operating under two sets of rules, that is, requiring movement to the right on their own line, and to the left on the Grand Trunk. This constitutes another advantage in the change.

In order that the change may be brought about without risk, the most extraordinary precautions have been taken by the company.

Crossings connecting the two main tracks have been reversed to change the direction of the leads, so as to secure what are known as trailing systems, that is to say, so that trains will not operate against split switch points, which is always avoided so far as possible. Circulars have been issued to all officers and employees concerned, drawing special attention to the change, such special employes being required to sign acknowledgment in writing of the receipts of such circulars; engine and trainmen have been cautioned, in approaching stations, railway crossings and junctions, to see that all signals and switches are properly set, and that the line is known to be clear; and sectionmen and heretofore in making repairs or doing other work, in which the track is obstructed, to protect themselves, as provided by the rules, by the understanding that trains will run on the right instead of the left-hand track in the direction in which they are moving. A card reminding engineers that they must hereafter run to the right on double-track has been placed conspicuously in the cab of each locomotive, in full view of the engineer. A special notice to train and engine-men, printed on a card in large type, has been posted in all despatching register and bulletin offices, drawing attention to the change, and a notice to the public, reading as follows: "After 9 o'clock Sunday morning, July 22nd, 1906, all trains on double-track will regularly run on the right-hand track in the direction in which they are moving, instead of on the left-hand track, as heretofore."

The World has a card from somebody asking, "Is the assistant city relief officer going to be allowed to keep his job in the face of the revelations of last week?"

Mr. Walsh has not been located for an answer. Mr. Taylor, the chief, in charge of the city relief office, does not seem to fancy the odium which attaches to his department as the result of his assistant being admittedly a money lender, while occupying an important office for the relief of the needy.

SHYLOCK AS RELIEF OFFICER

Castle Comment From Rural Pen on Mr. Walsh's Position.

"Shylock as a city relief officer is somewhat of a novelty."

Such is the wording of a newspaper clipping pasted upon a postal card and awaiting Frank J. Walsh, the assistant city relief officer. The postal was mailed at the Soo, and there was 2c to pay on it because the newspaper clipping was pasted.

The World has a card from somebody asking, "Is the assistant city relief officer going to be allowed to keep his job in the face of the revelations of last week?"

Mr. Walsh has not been located for an answer. Mr. Taylor, the chief, in charge of the city relief office, does not seem to fancy the odium which attaches to his department as the result of his assistant being admittedly a money lender, while occupying an important office for the relief of the needy.

CHILD GIVES LIFE FOR OTHERS

Shoves Others From Trestle and Saves Them From Train.

New York, July 24.—To save a little boy and girl, each a year older than himself, Willie Murphy, 6 years old, of Neptune-avenue, Coney Island, bravely met his death on the trestle work of the culver line, across Coney Island Creek.

He was killed by a train which he could have avoided in the seconds he used in pushing the other children off the trestle to the mud banks and shallow water below.

A STREET RAILWAY STRIKE.

New Bedford, Mass., July 24.—The employees of the Union Street Railway struck to-day for higher wages, shorter hours and recognition of their union. Shortly after 10 o'clock it was estimated that only about 20 per cent. of the employees were at work.

During the forenoon a crowd bombarded several cars with vegetables.

POSTAL CLERK FOR 63 YEARS.

Louisville, Ky., July 24.—John Dedrick Strassburg, the oldest postoffice employee in point of service as well as in years in the United States, died of old age yesterday at his home here. He was 83 years of age, and had been in continuous service as clerk in Louisville postoffice for 63 years.

STOMACH TROUBLES ARE THE WORLD'S BIG WORRY

GET ON TO THE TRAIL OF NINETY-NINE OF EVERY HUNDRED OF OUR EARTHLY ILLS AND YOU CAN BRACE THEM BACK TO THE STOMACH.—YOU CAN BANISH STOMACH TROUBLES FOREVER WITH

Dr. Von Stan's Pine-apple Tablets

Doesn't it stand to reason that nature herself has in herself a cure for our ills—and doesn't it stand to reason that nature rebels at many of the nauseous so-called remedies, that pass as cures for stomach ailments?—Dr. Von Stan's Pine-apple Tablets are nature's cure in very deed, because they're purely vegetable and are extracted from one of the most luscious fruits that grows—and what a boon they have proved themselves to be, is best expressed in the hundreds of unsolicited testimonials that could be printed here—and which will be produced if you're a bit credulous.

How is your stomach affected?—Do you have sour stomach—distress after eating?—Loss of appetite—dizziness—nausea—itching headache and other uncomfortable derangements?—The first tablet will give you relief and persistence will cure—and there's no case of stomach trouble so stubborn as to balk Dr. Von Stan's Pine-apple Tablets.

35 cents a box at all Drugists and medicine dealers.

Gilding, Fred Gilding, Frank Gilding, Gentle, Busby, Johnston, Wood, Ward, Rogers, Gibbons, A. Dunn, F. Dunn, S. Thom, to play Preston the final game for the intermediate championship of Ontario.

DUTCH DISAPPOINTED.

Queen Wilhelmina Taken Suddenly Ill and There is No Heir.

The Hague, July 24.—Queen Wilhelmina was taken ill last night. A premature delivery followed, casting gloom throughout Holland. It was announced this morning that the expectation of an heir to the throne at this time will not be realized.

CORNERSTONE IS LAID FOR NEW SUNDAY SCHOOL

The cornerstone of the new Sunday school for Crawford-street Methodist Church was laid last evening by Miss Grace Lillian Massey.

IN DEATH NOT DIVIDED.

Hubbard, Long Delirious, Dies Utterly of the Death of His Wife.

Brookville, July 24.—(Special.)—The death of Harry W. Scott of Black River, N. Y., in the hospital to-day, had a most pathetic side. His wife died of consumption less than two weeks ago, when he was too delirious with typhoid fever to be told. He never realized, and died without knowing of his wife's decease. Scott was 28 years old.

LIFE LOST IN FIRE.

Victoria, B. C., July 24.—(Special.)—Five buildings were burned to-day, at Nanaimo, a 2-year-old child losing its life. The postoffice, sawmill, and other large buildings narrowly escaped.

Lambton Golf Tournament.

Judging by the numerous letters and enquiries received from American clubs, signifying their intention of sending representatives to the Lambton golf tournament, which takes place Aug. 4 to 11, the event becomes rather an international affair.

Free to Men Until Robust Health, Strength, and Vigor is Regained

Happy, glorious Manhood—the strength that pushes the world! Success in its completeness! And what is weakness? Failure, despair! But why be weak, when a cure is within your reach for the asking? All men with very few exceptions were made strong and should be so through life. Many have abused this grand privilege and thru dissipation have become weaklings, puny, lack confidence, can't face the slightest difficulty, have drains, losses, impotency, varicocele, rheumatism, lame back, etc., and are mere playthings in the hands of their associates. How deplorable, but all these men can be made full of strength, vigor and life if they will only turn to the right source. Electricity cures these cases. I have been curing thousands every year for nearly forty years. So positive an I of what my world-famous Dr. Sanden Electric Belt will do that if you will call or send for one you can use it

FREE UNTIL CURED.

Not a penny on deposit or in advance. I will take your word for results, and only charge price of belt—many cases less as \$4.

My wonderful success has brought forth many imitations of my belt, but my valuable experience to advise and guide my patients cannot be imitated. It and my belt can be had free until a cure is effected, but only at address as below.

Call and get one to-day, or write. I will send two best books ever written upon health and strength of men. Free, sealed, by mail.

DR. A. B. SANDEN, 140 Yonge St., Toronto, Ont.

Office Hours—9 to 9. Saturdays until 9 p.m.

HAMILTON HAPPENINGS

CONCEDE TO CATARACT CO. EXPECT CHEAPER LIGHT

Exemptions From Mileage on New Tracks and Repairs of Pavement All Committee Give.

Hamilton, July 24.—(Special.)—At its meeting this evening, all the special committee members recommended in the way of concessions to the Cataract Power Company was exemption from mileage on new tracks and exemption from paying for the labor for the repair of pavements between its tracks, after it has first put down a permanent pavement of brick or some such material between its tracks, and for two feet outside of them. For this the company is expected to cut its street lighting about \$85 a lamp per year to \$55, and to repair its street railway roadbed and equipment.

There's Not Much Money for us

Selling nice goods like these at such prices—

But it's worth something to us to keep stocks clean and fresh—and that's why we never keep broken lots "hanging round" for long.

Good picking amongst these—

15 dozen imported Lisle half-hose—plain and fancy—35 cent values for 25 cents—2.75 for a dozen pair.

Fine French Lisle thread underwear—1.50 and 1.75 lines clearing for 1.00.

Broken lots—odd sizes—odd garments—in fine summer underwear—worth—all the way up to 2.50—for 50 cents.

7 dozen washable 4-in-hands that were 1.00—40¢ 50 cents.

15 dozen soft-bottom shirts—half-price—1.50 lines for 75 cents.

Duck trousers—1.00 and 1.50

Fancy serge trousers—3.50.

All kinds of outing hats and caps—25 cents up.

Fairweathers

28-30 YONGE STREET

TWO MEN DESERT WIVES LEFT ILL AND HELPLESS

In Each Case Three Young Children Are Also Left to Share Distress.

Deserted several weeks ago by her husband, Mrs. Spencer and her three young children, living in the rear of 19 Centre-avenue, have been found in a destitute condition by city relief authorities, and are now being cared for.

Three months ago, Albert Spencer and family arrived from England. The man is a waterproof finisher by trade, but either would or could not find employment of permanent kind. His wife became ill and went to the hospital. A few weeks ago, she was discharged, but on the day of her arrival at home, Spencer disappeared. He has not since been located.

Two of the children have been admitted to the Infants' Home, and the mother is still very ill. Mrs. Spencer is still very ill. Mrs. Spencer is still very ill.

PREPARING FOR FALL SHOW.

Ontario Horticultural Exhibit Society Holds Preliminary Meeting.

A meeting of the Ontario Horticultural Exhibit Society was held at the parliament buildings last night. It was decided to endeavor to engage the Black Dike Band for the full week of the exhibition, Nov. 6 to 10.

Twitching Muscles Nervous Headaches

It is only reasonable to expect that what Dr. Chase's Nerve Food has done for this woman it will do for you if you are suffering as the result of nervous exhaustion.

Second Day of Tennis Tournament.

Boston, July 24.—Long, hard-fought matches ruled to-day in the tennis tournament at Longworth. In the 25 preliminary tests in singles, 18 were carried to extra sets, while in the match between R. Leroy and A. Stillman 22 games were necessary before the former won his place in the second round.

LONG STEP TOWARDS PEACE

IS BRYAN'S TREATY RIDER

Head of French Delegation to Interparliamentary Union Talks of Disarmament.

London, July 24.—William Jennings Bryan's proposed rider to the model arbitration treaty was discussed at a session of the international council of the interparliamentary union this morning, and resulted in its being recast as follows:

"If a disagreement should arise, which is not included in those to be submitted to arbitration, the contracting parties shall not resort to any act of hostility before they separately or jointly invite as the case may necessitate, the formation of an international commission of enquiry or mediation of one or more friendly powers, this request to take place, if necessary, in accordance with article VIII of the Hague convention, providing for a peaceful settlement of international conflicts."

Mr. Bryan said that his amendment was aimed at widening the scope of arbitration so as to include questions of national honor, and its adoption was a long step in the direction of peace.

Baron d'Estournelles de Constant, head of the French delegation on the limitation of military and naval forces, declared that if the powers were undecided among themselves how to act on their common interests, they would be forced to do so, first by bankruptcy and then by revolution. The baron said that limitation of armaments had no connection with the chimera of disarmament.

A resolution was agreed to, in principle, urging that the question of disarmament be placed on the program of the next peace conference at The Hague.

SECOND DAY AT LONDON

McCURDY BEAT HAWKE

Score Was 22 to 6—Eight Rinks Left in Trophy Competition.

London, Ont., July 24.—Following are the scores of the second day's results at the Ontario curling tournament, which are left in the trophy.
