ONE IS FROM ANDREW CARNEGIE.

The Millionaire Iron Worker Cannot Now Scatter His Shot—He is for Democracy.

Mr. Andrew Carnegie writes: "I need not say that my heart is with you, and that I wish you goodspeed. You have your field and I have mine. I am absorbed in an effort to keep this ungodly union from falling away from its higher plane to the level of European powers, which are armed with the American people and drive it from me, even if I wretched. It is not what I can that I am doing, but what I must. Concentration has been the motto of my life, and I cannot scatter my shot. You must, therefore, excuse your friend at present. Do not make the mistake of believing that the American people are in favor of a departure from the policy of others. A plebiscite to-day would organize meeting speaks practically unanimously against the Imperialist policy. The farming interests are becoming alarmed, and even if we satisfy the treaty with Spain and Cuba, as yet, however, no damage is done to the day of reckoning comes. Then the world will have another proof that the people are not with you, and that I have not lost faith in the American people. I am still yours for 'triumphant democracy'."

Principal Grant on the Relations of the British Empire to the United States.

WHAT CANADA SHOULD TRY TO DO TO ASSIST IN REMOVING ALL CAUSES OF FRICTION BETWEEN THE TWO COUNTRIES.

The Relations of the British Empire to the United States was the subject of Principal Grant's address to a select audience held at the University of Toronto on Monday evening in Association Hall. It was the first of a series of lectures on the subject of the relations of the two countries, under the auspices of the Education Committee of the Y.M.C.A. Rev. Dr. Milligan presided.

The lectures were held in the hall of the American expatriates, which was based on the principle of liberty. No nation has the right to dictate to another nation, and it is the duty of every nation to be governed by its own laws. Only as a nation has for its own good and for the good of the world, it is the duty of every nation to be governed by its own laws. WHERE MARTIAL LAW RAN MAD.

Protestants Sentences by Italian Tribunals Which Are Now Being Retried.

Rome, Jan. 5.—During the riots of last May the military tribunals, wishing to stamp out the rebellion by terror, committed some curious arrests, several of which have now been discovered. One man, who has been for many years absent in America, was condemned to several years' imprisonment as a ringleader. A pitiful case was that of a young servant girl, named Rose of Naples, who was accused of having sheltered her student lover who fled at the outbreak of the revolution. The tribunal acquitted the student, recognizing the faulty nature of the indictment, but sentenced the servant girl to 12 years' imprisonment as his accomplice in a crime, the existence of which it had itself denied by the previous acquittal. The glaring stupidity and injustice of this sentence are now recognized after the girl has been seven months in prison, and the King has signed a decree ordering her release. The press comments on this extraordinary and sarcastically denouncing the retrocession of the sentence instead of the Royal pardon.

EVANS SAYS "IT'S ROTTEN."

The Laurier Club Listened Last Night to a Denunciation of Election Protests.

The regular meeting of the Laurier Club was held in McBean's Hall last night. After general routine business had been transacted, a motion was made by George A. Evans, and seconded by H. E. Hamilton, condemning the present method of conducting election petitions. The speakers charged the present system as being "rotten," and the preventing of men to take an oath that they knew of corrupt acts in connection with elections and then offering no evidence, and also the snuff-outs, which were particularly noticeable after the last elections, were strongly condemned. Other speakers who took part were Messrs. W. B. Rogers, R. Donald and J. O'Hearn.

Lord Wolseley on Discipline.

Lord Wolseley, in addressing the gentlemen cadets at the Royal Military College, Sandhurst, recently, said it was almost unnecessary for him to dictate to them as to the necessity for discipline in all grades, and how indispensable it was for the efficiency of the army. They had only to read the accounts of the recent action of the forces in the Sudan, where an example of its value was so forcibly manifested in the excellent discipline displayed by the British and Egyptian troops led by Lord Kitchener.

The idea proposed by the Premier is a novel one to him. Hon. Hugh J. Macdonald, interviewed by the press, said: "Wherever we go, we must go very carefully, so that we may be sure we are getting the right direction. As to the merits of Sir Wilfrid Laurier's proposal, I would not yet like to express an opinion."

They've cured thousands of people—are curing others every day—

Take a London citizen's word for it:

MR. JAMES JACKSON, the well-known carpenter, lives at 646 Maitland Street, London, Ont. He says: "I had a bad attack of a gripe four years ago. Since that time I have suffered severely from pain in my back, so that I could scarcely walk across the room. My sleep was fitful and uncertain, and gave me no rest. I had other pronounced and painful symptoms of kidney disease, and until I commenced taking Doan's Kidney Pills had almost despaired of a cure. It was a happy day for me when I got these pills, because they removed all my distressing kidney troubles, drove out the pain in my back, restored restful sleep, and have made me a strong, healthy man."

Doan's Kidney Pills are for sale by all druggists at 50c. a box or 3 for \$1.25. The Doan Kidney Pill Co., Toronto. Remember the name Doan's, and refuse all others.
