CHILDREN'S HOSPITAL FOR EDWARD MEMORIAL

Public Meeting Decides Against a Statue—Strange Assault Case at the Kinrade Home.

HAMILTON, May 20.—(Special.)—Hamilton's tribute to the memory of the late King Edward will be the erection of a sick children's hospital to be known as the King Edward Hospital. This was decided at a public meeting held to-night for the purpose of deciding between a statue and the hospital. There was a large attendance. Rev. S. Daw, Canon Abbott, Sheriff Middleton and J. T. Laine were the principal champions of the hospital scheme, and Thomas W. Watkins, Mrs. Calder and Rev. E. J. Etherington stood for the statue. The question was put to a vote and the hospital scheme was adopted by a large majority. Rev. S. Daw in appealing for the hospital said children with broken limbs and other injuries had been compelled to leave the city hospital, because they made too much noise. Miss Jeanette Lewis, who has already raised \$500 toward a hospital, said she would be willing to have the support of a committee of public gentlemen and would be pleased to name the hospital after the dead King.

Thomas Nicholson, teamster, was seriously injured this afternoon. He was loading a piece of iron on a car at the Young-street yards when it fell from a crane. In a downpour of rain about 200 people gathered in Harvey Park this night to see the Fourth Field Battery fire a salute with minute guns. William Stevens, engineer of the Gurney Scale Works, died to-night at his residence, 125 Steven-street aged 65 years. Miss Sarah Estess died at the city hospital, aged 64 years. She was a resident of this city for 50 years. Labor Men Favor Hospital. The Trades and Labor Council to-night adopted resolutions favoring a sick children's hospital as a memorial to King Edward, as against the erection of a figure eight or any other amusement device dangerous to life in Dundas Park.

Rev. R. C. Cockburn of Southampton was inducted as pastor of Calvin Church to-night. Rev. A. E. Mitchell presided. Rev. W. H. Sedgwick gave the charge and Rev. S. B. Russell preached. The presbytery accepted the resignation of Rev. S. Sarkisian of Elmwood. Klein & Binkley, jewelers, have discovered that they were defrauded out of \$200 on a cheque tendered in payment for a diamond ring. Peter Munroe, who boards at the Vancouver Hotel, was arrested to-night on a charge of assaulting his wife. It is said he went to the theatre with another woman and his wife met him. General French Coming. In a telegram to the Women's Westworth Historical Society to-day Gen. French signified his intention of accepting the invitation to unveil the new statue at Stony Creek next Thursday.

Bit Wife and Daughter. The house at 108 Home-street, which was the scene of the Kinrade murder, was the scene of an alleged offence resulting in the arrest of Merritt Jaxton on a charge of assaulting his wife and daughter, by biting his wife on the lip and the girl on the finger. According to Mrs. Jaxton he went home to-night with the worse for liquor and a quarrel ensued.

AMERICA WILL BE HAVEN FOR THE EXPELLED JEWS

Report That Expulsions From Kiev and Other Places Proceeding With Much Brutality.

NEW YORK, May 20.—Officers of the American Jewish committee said to-day that in spite of the repeated reports of the Russian Government, that the expulsion of Jews from Kiev has been postponed, the committee is in receipt of the following cablegram: "Forcible expulsions from Kiev are now taking place in the most brutal manner, and many new expulsions of those hitherto exempted are occurring. Expulsions from Moscow are also on the increase, involving additional hardships." Concerning the effect of this action, the committee says: "As the victims of these expulsions will be driven into the already overcrowded cities of the pale or else forced to emigrate, the United States may expect a largely increased immigration of Russian Jews within the next few months, as the measures of repression concern not only Kiev and Moscow, but practically all the other cities outside the pale, in which Jews have been living, many of them for generations." It is estimated that no less than 25,000, and probably twice that number of persons are involved, and great distress will result as the unfortunates have no other homes except those from which they are being driven.

Catholics Attended Service. At government house last night a service was given in the presence of the Roman Catholic clergy were not given invitations to attend the memorial services in Queen's Park, and were consequently not represented. As a matter of fact the Roman Catholic clergy occupied positions within the reserved enclosure.

Eczema Must Yield to DR. CHASE'S OINTMENT

THE WONDERFULLY SOOTHING, HEALING INFLUENCE OF DR. CHASE'S OINTMENT. There is one thing you can depend on Dr. Chase's Ointment to do every time, and that is to cure eczema. There is no more severe test to which an ointment can be put, and because Dr. Chase's Ointment triumphed over eczema it has become the standard ointment. When another ointment is praised it is said to be as good as Dr. Chase's and this illustrates the high position held by this preparation. Mrs. Oscar Vanocott, St. Antoine, Sask., writes: "I have found Dr. Chase's Ointment to be a permanent cure for eczema and other skin diseases. One son while nursing broke out with running, watery sores all over his head and around the ears. Many salves were prescribed to no effect. The child's head became a mass of scabs and he suffered agony untold. He became weak and frail, would not eat and we thought we would lose him. "Provisionally" we heard of Dr. Chase's Ointment and it soon thoroughly cured him. He is seven years old now and strong and well. An older boy was also cured of eczema by this Ointment and we hope more people will learn about it so that their poor little ones may be saved from suffering. Do not be satisfied with the experience of others, but put Dr. Chase's Ointment to the test when occasion arises. Try it for chafing and irritation of the skin, for chapped and cracked hands, for chilblains and frost bites, for sores and burns. It is delightfully soothing and healing. 60c a box, all dealers; or Edmondson, Bates & Co., Toronto. Write for free copy of Dr. Chase's Recipes.

WASHINGTON, D.C., May 20.—President Taft, the members of his cabinet, justices of the U.S. supreme court, the entire diplomatic corps and practically all of official Washington attended here to-day a service in memory of King Edward VII. at St. John's Episcopal Church. The Bishop of Washington and the rector of the church, Rev. Roland C. Smith, officiated. ## Prepare To Fly Your Flag On VICTORIA DAY

For Canada, for the Empire, we must cultivate the patriotic enthusiasm that is the life of a great nation. In rare instances this enthusiasm has come to the surface in a great demonstration, such as when our heroes returned from South Africa. But it should be more of an everyday matter as well. On every fitting occasion, such as the great world-wide Victoria Day celebration, we should spread to the breeze the emblem of our country, the pledge of our patriotism for the sake of our children and neighbors. And then entirely aside from the sentimental reason, is there anything quite so appropriate and quite so beautiful as the flag for decorations at all times? Celebrate Victoria Day by buying flags.

You may get flags of many descriptions in our Drapery Section. Flags big and little, of bunting, silk or cotton.

In best quality wool bunting, the prices are as follows:

BELMONT PARK, May 20.—In a very close and exciting finish, King Olympian won the Baychester Handicap, mile, at Belmont Park, today. The first three horses, King Olympian, Pretend and Martinez, finished so close together that many thought the Martines had won. KINSHIP IN GRIEF.

All the world may love a lover, but death is the touch of nature that draws to closest kinship. Common grief is the greatest solvent of personal differences—may it not as well be this with national enmities and misunderstandings? Few will doubt that the universal sympathy accorded the British peoples at the passing of King Edward VII. has left an ineffaceable impression. It may not mark the advent of perpetual peace—at least it is a herald of its approach. For what man or nation can entirely forget the brotherhood of those who have also sorrowed and lamented? When Kaiser and King knelt together at the bier of him who had been uncle and father and rising grasped each other's hands, the hope will arise that what Edward the Peacemaker was not wholly granted to accomplish is made easier by his death. No more eloquent memorial than abiding amity between the dominant sea and land powers of Europe could be given to future generations of British and German stock.

SOUTH AFRICA'S FIRST PREMIER.

At his interview with Viscount Gladstone, the first governor-general of United South Africa. It is reported that General Louis Botha agreed to undertake the formation of a ministry. This is in accordance with expectation and was indeed the almost necessary consequence of the later course of South African politics. In anticipation of the great imperial event, which will be inaugurated at the end of this month, strenuous efforts were made to arrange for a coalition ministry, and in this attempt General Botha and Dr. Leander Jameson were in warm accord. The project, however, was rendered impossible by reason of the strong opposition of Mr. Merriman, present premier of Cape Colony, and the leader of that section of South African opinion which favors the perpetuation of the existing party divisions. It will of course be for the interests of the new Dominion to indicate their will regarding the constitution of their first representative ministry, but during the period between the official proclamation of the union and the assembling of its parliament it is well that the government should be in the hands of a man who has above everything shown himself a responsible statesman sincerely desirous of welding British and Boer into a real unity and creating a nation loyal to itself and to the empire.

ENCOURAGE NATIONAL GAMES.

National spirit discovers itself in the field of sport quite as much as it does in the more serious avocations of life. That country is fortunate which possesses a distinctive national game for it forms one of the many sources which together unite in deepening the flood of its patriotic sentiment. Even those who take little personal interest in sport know the devotion of England to cricket, of the United States to baseball, and of Scotland to curling and golf. These games may extend their popularity far beyond their first homes, but for all that they never lose touch with the country of their origin. Canada, like Scotland, also has its two national games, and it holds its own worthily with the best. Lacrosse and hockey as summer and winter sports cannot be beaten and none are more full of fascination and interest to the spectator. Both deserve to be cultivated to their fullest extent, and with lacrosse especially it is matter of gratification that its vogue is increasing both in the old country and with our neighbors to the south. All efforts to encourage the Canadian youth to take up this most exhilarating of games deserve acknowledgment and on that account the generosity of Mr. Lawrence Solman in presenting accredited school teams with the useful equipment ought not to pass unnoticed. Mr. Solman has genuine enthusiasm for Canada's national sport, and he could find no better way of increasing its hold on the rising generation.

CARE FOR ENGLISH SCHOOL CHILDREN.

In 1907 an act of parliament was passed authorizing the inspection of children attending British schools. Such a system has existed in Germany and some other European countries for nearly a generation, and has been gradually perfected until it covers thoroughly the whole ground. After little more than a year's practical operation it is found that 323 local authorities have taken advantage of the new powers and are exercising them effectively. The first results have shown that the act was urgently needed.

IMPORTATION OF PETROLEUM

New Regulations Concession to Motor Owners. OTTAWA, May 20.—(Special).—New regulations governing the importation in tank steamers of petroleum are set forth in an order-in-council just issued. Up to the present time, only illuminating oil has been allowed to be imported in tank vessels. The extension of the privilege is a concession to motor and automobile owners. At all ports the storing of petroleum brought in tanks is to be under municipal regulations, and stringent rules are laid down to govern the towing and berthing of tank vessels.

MAGISTRATE BELIEVED HIM

And Torontoian is Acquitted of a Charge at the Fall. NIAGARA FALLS, Ont., May 20.—(Special).—Because Magistrate Fraser believed Raphael Florin, Adelaide-st., Toronto, when he swore to his innocence on a charge of assisting prohibited immigrants to enter Canada, the man was dismissed. Florin came here in answer to a telegram from three Italians who were prevented entering Canada by the immigration authorities. The men had lived in Toronto two years up till nine months ago. They went to Italy then. They had stopped off at Philadelphia two weeks on returning to America, and for this reason cannot again enter the Dominion. Florin and one prohibited fellow countryman were seen by the immigration authorities crossing the bridge. Florin was arrested and his companion turned back. Presumably dependent over the hard luck which had followed the family for weeks, Mrs. Amies Cossette, 38, of 133 Fourth-st., Niagara Falls, N.Y., drained a glass containing two ounces of carbolic acid. She died while her husband lay a helpless invalid on the couch below. For months Cossette was ill, and recently he went to the Memorial Hospital, where he had a leg amputated. On Monday he was brought home.

There was a memorial service in the armories in the afternoon.

GARRISON AT ARMORIES CHEERS FOR KING GEORGE

Impressive Scenes as Proclamation Announcing Accession of His Majesty is Read to Troops.

While a multitude of people in Queen's Park were standing eager, expectant, yet withal patient for the official memorial service, Toronto Garrison, in accordance with military traditions, had read to it the proclamation of King Edward's death and of the accession of George V., and afterwards the proclamation, pursuant to an act passed by the Dominion Parliament in 1906, providing in the event of the demise of the crown all persons holding office should continue in the discharge of their duties and take the oath to the new sovereign as soon as possible. The troops mustered promptly at 1:45 p.m. under Brig.-Gen. W. H. Cotton, and drew up in column formation on the parade ground south of the armories, the permanent corps on the east and the militia on the west. Col. Sir Henry M. Pollard, as divisional and commanding officer called the brigade to attention and gave the order, "Officers and colors will take post in review order." The whole force came to attention and the officers and colors moved to the front. Col. Septimus Denison, as chief staff officer mounted an improvised platform, asked for silence and then read his excellency's proclamation, saying: "Whereas it hath pleased Almighty God to call to His mercy our late Sovereign Lord King Edward the Seventh of blessed and glorious memory, by whose demise the imperial crown of the United Kingdom of Great Britain and Ireland and all other of his late majesty's dominions, is solely and rightfully come to the high and mighty Prince George Frederick Ernest Albert, now known as that I, the said Sir Albert Henry George, Earl Grey, Governor-General of Canada, as aforesaid, assisted by his majesty's privy council for Canada, do now hereby, with one full voice and consent of tongue and heart, publish and proclaim that the high and mighty Prince George Frederick Ernest Albert is now by the death of our late Sovereign of Canada, as aforesaid, become our only lawful and rightful King Lord George the Fifth, by the grace of God, of the United Kingdom of Great Britain and Ireland, and of the British dominions beyond the seas, King Defender of the Faith, Emperor of India, Supreme Lord and over the Dominion of Wales, and in full and complete and constant obedience with all hearty and humble affection, beseeching God, by Whom all kings and emperors reign, to bless the royal Prince George the Fifth with long and happy years to reign over us."

Chers for George V.

On the completion of the reading Gen. Cotton ordered a royal salute. The bugler sounded a note and as the first bars of the national anthem were played all hands brigaded, the officers' hands came to the salute and every man stood to attention. As the order was given the vast crowd surrounding the parade ground became silent. Every point of vantage, on tree top, telegraph pole, fence corner and even the roofs of houses were bared and it is not likely that those who were fortunate enough to witness the ceremony will ever forget it.

Three cheers for George V. completed this portion of the program.

There were 35 staff officers in attendance, including Brig.-Gen. W. H. Cotton, Col. Septimus Denison, C.S.O., W.O.; Lieut.-Col. Galloway, D.A.A.G.; Col. James Mason, R.O.; Col. G. Sterling, R.C.B.; Lieut.-Col. J. Bruce, R.C.B.; Lieut.-Col. Grant, R.C.B.; Lieut.-Col. Wallace, R.C.B.; Lieut.-Col. Langton, Army Service Corps; Lieut.-Col. Moore, 20th Regiment; Lieut.-Col. Delamere, R.O.; Lieut.-Col. Henderson, Major Lang, Major Shanley and Major Caldwell.

Lieut.-Col. C. A. Denison was in command of the militia brigade with a staff of five and Col. Sir Henry M. Pollard was in charge of the divisional staff with two officers. The parade was made up as follows: Government's Body Guard, the Royal Canadian Dragoons and Ninth Miltassiga Horse, 9 officers and 229 men; No. 2 Co. Royal Canadian Regiment, 3 officers and 60 men; No. 2 Co. Royal Canadian Engineers, 3 officers and 40 men; Infantry Brigade—Queen's Own Rifles, 47 officers and 688 men; 10th Royal Grenadiers, 48 officers and 421 men; 48th Highlanders, 23 officers and 568 men; Canadian Army Service Corps, 10 officers and 191 men; Canadian Medical Corps, 20 officers and 90 men; cadets, 124 of all ranks; other branches, 10 officers and 10 men. Total, all ranks, 2844.

The armories are elaborately decorated with royal purple and black.

Across the front of the building in University-avenue a framework is built out some five feet and covered with drapery. The entrance is not so large as the old one, and is square. Above it, and on the wall at each side, there is a gilt wreath. The main part of the new cloth wall is of purple. At the bottom there is a wide strip of black and at the top a narrower strip of black, cut in crenelated form. There are four towers, with a flag at half mast on each.

OBSERVED IN THE PRISONS

Special addresses at the Central and at Toronto Jail. Special memorial services were conducted in Toronto jail and Central Prison. At the jail Rev. Dr. Chambers, the governor, at noon hour, addressed the assembled prisoners, telling them of the lessons to be drawn from the life of the late King and of his Queen, and the late Queen Victoria. At the close all joined heartily in singing the national anthem—as heartily as they were able free and independent citizens.

At the Central Prison, Frank Yelch

gave an address at 9 a.m., while the Misses Wilson and Stiles, and Messrs. E. R. Bowles and Rhydder Jamieson of the Parkdale Methodist Church led the singing in "Rock of Ages" and the national anthem.

How to Enjoy an Ocean Trip.

There is a strong tendency nowadays on the part of experienced ocean travelers to avoid the overcrowding and corresponding inconveniences of record-breaking steamships, and to seek accommodations where the voyage can be made in perfect tranquility and freedom from all excitement. The change is very noticeable this season, and is giving more than usual prominence to the Anchor Line, which seems to be making a distinct following of its own. Its new twin-screw steamships make the voyage in 7 1/2 days and contain the most modern and comfortable conveniences devised by twentieth century ingenuity. The Anchor Line is one of the oldest in the Atlantic passenger service, and is considered the ideal line for persons seeking the most lasting benefits of the ocean cure. The excellence of the cuisine, service and accommodations have won for the line a unique and enviable reputation. The rule of the company is to provide for the individual comfort of each passenger, so that proper enjoyment of the voyage is assured. All of its steamships are equipped with Marconi Wireless Telegraph. The low rates of the Anchor Line are another great factor in its maintained popularity. An illustrated book of tours can be had free by addressing the agents, Henderson Brothers, 17 and 19 Broadway, New York.

**AT THE THEATRES**

At the Princess. Lilian Russell is the final attraction of the season at the Princess Theatre, where she opens her local stay on Monday evening in the merry comedy hit, "The First Night." It is nearly three seasons since Miss Russell appeared before a Toronto audience. She comes back this time with an assured success, in which she is justifying to a close her most popular seasons in years. Her vehicle is light and entertaining, much in the popular vogue, for it is almost a farce, which form of entertainment has caught on so unexpectedly this season.

At Rose Graham, who presents the role of a young wife who has secretly written the score, and lyrics of a promising musical comedy, is intended upon having the piece tried in public, should be forced to stooge to innocent little deceptions on account of her husband's preclusion against the stage or anything connected with it. In so doing the wife collaborates with a poet and a composer, and it is a fine and interesting story. The comedy is beautifully mounted for Miss Russell, and Manager Joseph Broyles has provided his clever star with a cast of exceptional strength, including in the company such favorites as Digby Bell, Susanne Westford, Edith Truesdale, Richard Thorpe, Sydney Booth, Ed. Mack, J. Hayes Hunter, Mary Fisher, Leonard Oskford and Sadie Williams.

At the Gayety. A smart show is promised to the theatregoers of the Gayety, commencing next Monday matinee. The "Chas. Robinson Circus" is composed of America's premier artists. Between them they will evolve and execute an absolute newness. The vaudeville and comedy products by this company take every audience by storm, so bright are they and unexpected. Prominent in the list of entertainers are Charles Robinson, presenting his original monolog, "The Trump and the Hebrew"; "Beauty and the Beast"; Co. in their original playlet "The Male and Female Drummers"; Margaret Cushing, the song bird; May Ward, the girl with the baritone voice; in a series of the latest songs, and captivating Balls Williams, Frank Smiley, Dave Conroy and a chorus of twenty bewitching maidens.

At the Grand. Songs of unusual sweetness, charmingly rendered by Al. H. Wilson, have aided in working his plays deep into the hearts of the audiences at the Grand Opera House. The "Grand Opera" has been the thought that the plays that the

Invitations have now been issued by the Toronto Conservatory of Music for their annual closing concert in Massey Hall, Thursday evening, June 2. The program is of high order and the performance will be heard in conjunction with the Toronto Symphony Orchestra under Franz Wiekman. The instrumental numbers include one movement from Tchaikovsky's B flat minor piano concerto; two movements from Grieg; minor piano concerto by Mendelssohn; one movement from a Bruch violin concerto and the Greek piano concerto. The vocal numbers are: "Eternal Inviolable," by Verdi; "In Fugitive," by Massenet; the "Tosca" song, "Ocean, Thou Mighty Monster," by Wagner; "Summer" by Chopin; and an air from "Herodias." With one exception, these well-concerted selections will be accompanied by the orchestra, which will play for instrumental numbers, which will include numbers of the concert. The box office plan for this concert will run Monday, May 23, at Massey Hall.

The St. Andrew's Society of Toronto. Memorial services were held in many of the city churches yesterday. Most of the services were very well attended. The appointed form of service used through the Diocese of Toronto was followed in St. James' Cathedral. Before 10 o'clock the public were seated in large numbers, awaiting entrance. The professional hymn was "O God our help in ages past," the 40th psalm was sung slowly in a minor chaconne. The lesson followed, from I Corinthians IV, 5. The choir then gave an excellent rendition of "Crossing the Bar" from the old setting by Hubert Parry. The burial service was then read by the pastor, Canon Plumtree, followed by the prayers for the royal family as they occur in the Litany and the family was draped in the black and royal purple. A crown and the letters "E.R." in white was placed on the front of the casket.

**CANADIAN CATHOLIC ATTITUDE**

Aroused New as Never Before Over the Coronation Oath.

LONDON, May 20.—(C. A. P.)—The Tablet publishes an expression of opinion by Sir Chas. Fitzpatrick, Canada's solicitor-general, on the King's declaration. He says the resolution, passed by the Canadian House of Commons nine years ago still represents the opinion of the country. "The Catholics of Canada are now alive and aroused as they never were before. The importance of the question, and the realization of the difficulties involved, are as they were in 1901. It is not the making of the declaration to-day with a dead and intense feeling that it would be difficult to exaggerate."

**COMPULSED TO ABANDON WORK**

A Very Severe Case of St. Vitus' Dance Cured by Dr. Williams' Pink Pills.

St. Vitus' dance is a common disease in children and is also found in adults. It is a disease of the nervous system, and is caused by a deficiency of blood. The only cure is to take Dr. Williams' Pink Pills, which are a complete blood purifier. The case of a young girl, who was compelled to abandon work, is a good illustration of the power of Dr. Williams' Pink Pills. She had been suffering from St. Vitus' dance for several years, and had been unable to work for a long time. She had been treated by many doctors, but had not been cured. She was then advised to take Dr. Williams' Pink Pills, and after a few weeks she was completely cured and able to return to work.

**THE LAST RESORT**

When all else failed, the Doctors said, "try Fruit-a-tives"

And "Fruit-a-tives" Cured Mrs. Cadieux

Plantagenet, Ont., January 31st, 1910. I was taken deathly sick with Stomach Trouble, Backache and General Breakdown. I failed from 125 pounds down to 80 pounds, was confined to bed for eight weeks, and was unable to eat or keep anything on my stomach, vomiting nearly all the time. I expected to die, and took many remedies, as well as employing different physicians. The doctors said they could do nothing for me, and, as a last resort, one of the doctors told me to try Fruit-a-tives—if they would not cure me, nothing would.

"My husband bought 'Fruit-a-tives' from Mr. Arthur Roleau, merchant of Plantagenet, and I started taking them at once, and inside of ten days, I was able to leave my bed. My stomach got strong, and I could eat and retain my food. I gained rapidly, and soon had my usual good health back again, and to-day I weigh as much as ever, 125 pounds."

Mrs. LAURENT CADIEUX.

Even the doctors are recommending "Fruit-a-tives." They realize now that these wonderful fruit juice tablets will positively cure the Stomach Troubles, Indigestion and Dyspepsia—and they are using "Fruit-a-tives" in their practice.

Few people realize the vital importance of keeping their blood pure. Impure blood is the chief cause of Stomach Trouble, because it is from the blood that the stomach obtains the fluid which digests food. When the blood is laden with impurities, the dissolving fluid (or Gastric Juice) will be impure. These impurities may come from a congested liver, from constipation, from weak kidneys, from an inactive skin, or from all four. Naturally, the ordinary "digestive powders" and "pepsin tablets" will not cure the trouble, because they only help to do what the stomach does not do to the seat of the trouble. "Fruit-a-tives" is the greatest remedy ever discovered for all forms of Indigestion, Dyspepsia and other Stomach Disorders, because "Fruit-a-tives" is unequalled as a blood-purifying medicine. "Fruit-a-tives" acts directly on the liver, regulates the bowels, strengthens the kidneys, stimulates the skin, and thus rids the whole system of all impurities. "Fruit-a-tives" will positively cure you of any kind of Indigestion. "Fruit-a-tives" is sold by all dealers at 50¢ a box, 6 for \$2.50, or trial size, 25¢. If you are unable to obtain "Fruit-a-tives" conveniently, do not accept substitutes, but send to "Fruit-a-tives" Limited, Ottawa, and the regular size packages will be mailed you, postpaid, on receipt of price.

# A Big Boot Sale Fixed for Saturday

The Walker-Parker Co., Limited, 152 Wellington Street, Have Sold Us Their Stock-Taking Clearances

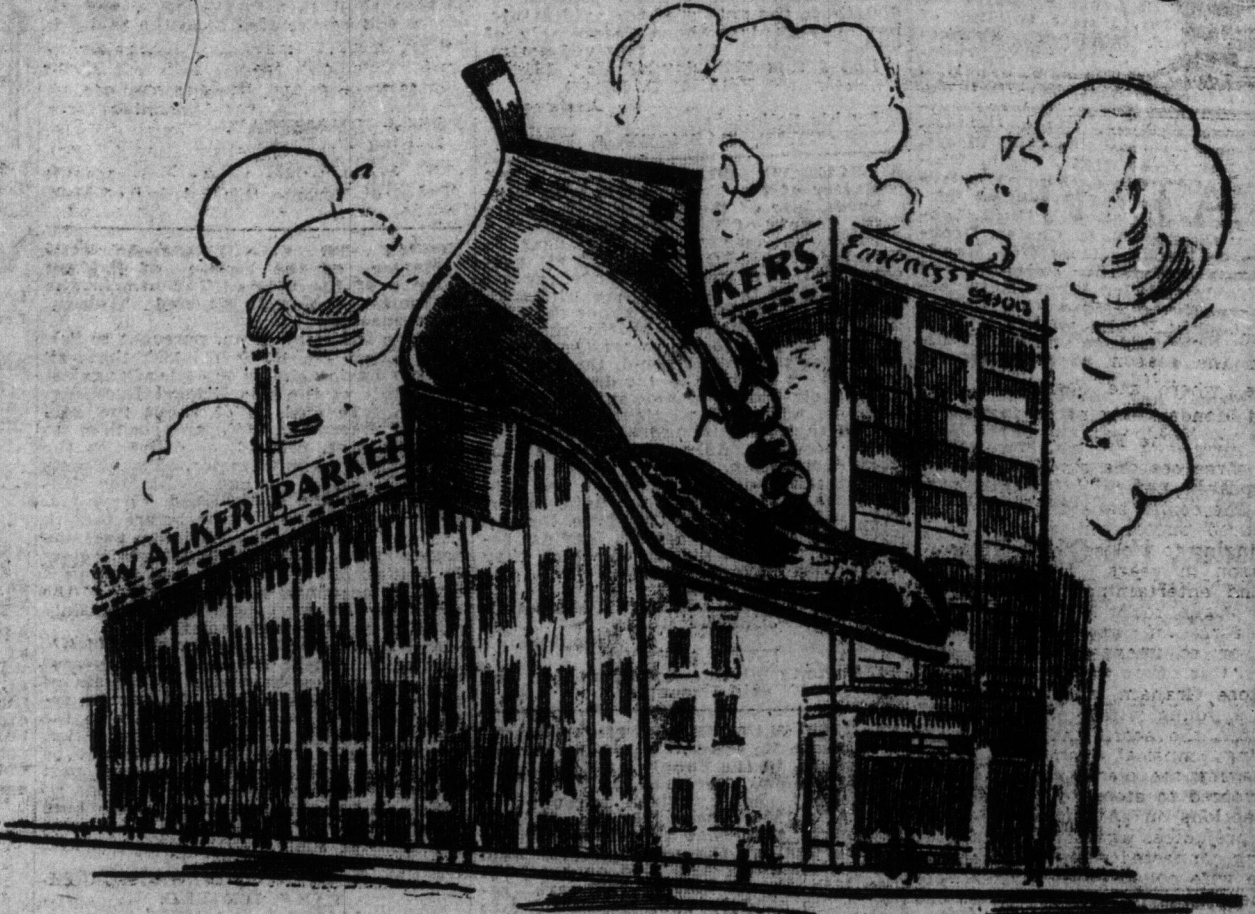

It will make a Day to Remember in the Boot and Shoe Department—and our memory includes some truly remarkable sales. Five thousand five hundred pairs of Boots, Oxfords, Pumps and Slippers for Men, Women, Boys and Girls selling at prices which barely cover the cost of the leather.

Walker-Parker Company, Limited, take stock every year at about this time, and it is their invariable rule to carry no made-up stock on hand from one season to another. A splendid rule it is, too, but it works out injustice to the quality of the goods sometimes. There is nothing wrong with these boots and shoes. They were made for this season's trade. They are fashionably lasted and perfect in every way. Some of them are branded with the well-known Empress trade mark. Others, out of deference for the wishes of customers who prefer their own brands upon the shoes they sell, were finished plain.

Included with this Walker-Parker clearance we will offer a special purchase from an Eastern factory, the name of which we are not at liberty to publish, but whose shoes are equally worthy of the regular prices asked throughout Canada. Complete details follow. Study the list and decide now whether you would like a new pair of shoes for the holiday.

### PREMIER RUTHERFORD GOES THRU 2-DAY SIEGE

Left Matters of Importance to Other Officials and Took Things For Granted.

EDMONTON, May 20.—(Special.)—Premier Rutherford finished a two days' siege on the witness stand Thursday, and did not come thru with particular credit to himself. R. B. Bennett, on cross examination, was particularly effective this afternoon, and there was nothing grooved to show in the case. The premier's evidence indicated he was prone to leave matters of importance to other officials and took things for granted. Once he ordered them, he paid practically no attention to them until they came before him in council, when he would explain to his government. The premier said that he never heard from Mr. Cushing express dissatisfaction with the waterways contract until he resigned in February last. In fact he resigned that only once, after the final meeting on October 7, 1909, did he and Cushing ever mention the A. & G. W. and that was when Cushing asked for a copy of the contract. The premier knew nothing, absolutely, about the obtaining of terminals for the road, and he did not know, he said, that W. R. Clarke was connected with the Athabasca charter. He declared he and J. K. Cornwall were not friendly and that Minty and Cornwall were "imaginary" when they wrote such letters about him, as he had never spoken to Cornwall as it was alleged he had done in letters written by Minty. He never spoke with Cornwall about the A. & G. W., except to mention in a general way that he had decided on his railway policy. Bennett asked him if he recollected a conversation with D. D. Mann, in which the latter said the five per cent. bonds were too high and would injure the credit of the province. Mr. Rutherford declared he had no memory of such conversation. Asked about his taking over the railway construction of the province from the department of public works, he said he told Cushing he was going to do it and the latter expressed himself perfectly satisfied. Throughout the day the premier appeared tired and nervous. His two days' session on the stand had told on him. The commission adjourned until Monday morning, when the attorney-general will be examined.

### SCARBORO BEACH THROWS OPEN ITS GATES TO-DAY

Eastern Amusement Park Ready to Entertain Again—Great Attraction For Holiday Week.

With its new coat of paint glistening in the sun, Scarborough Beach will at 1.30 o'clock this afternoon open for its fourth season. For the past month its corps of workmen have been laboring day and night to ensure the readiness of the park for to-day's grand opening demonstration. Every precaution has been taken to ensure the safety of the thousands who take advantage of Scarborough Beach's varied attractions. New tracks have been laid on both the scenic railway and the shoot the chutes, and the park's enviable record in the way of freedom from accident will be maintained. The big feature act will be furnished free twice daily by the Three Demons, the world's most daring cyclists, who have been starred as headliners in the music halls of England, France and Germany, as well as in the leading vaudeville theatres of the United States. They perform their sensational feats on "the devil's table," a tilted circular platform making one hundred and forty revolutions each minute at a dizzy height. The thrilling and hazardous nature of their exhibition must be seen before one can form an adequate conception of their skill and intrepidity. Conductor Raven and his band have arranged a musical program for this afternoon and evening which is a judicious blending of standard music and the latest popular airs. All the best of the old attractions will be found in operation, and there are many new pleasure devices.

# Port George

No one who is not actually on the ground can appreciate the strength of the forces that are at work to develop the resources of Central British Columbia and to make Port George a great city. In this development the railways inevitably take the leading part. The following item appeared in The Revelstoke Mail-Herald of May 4:

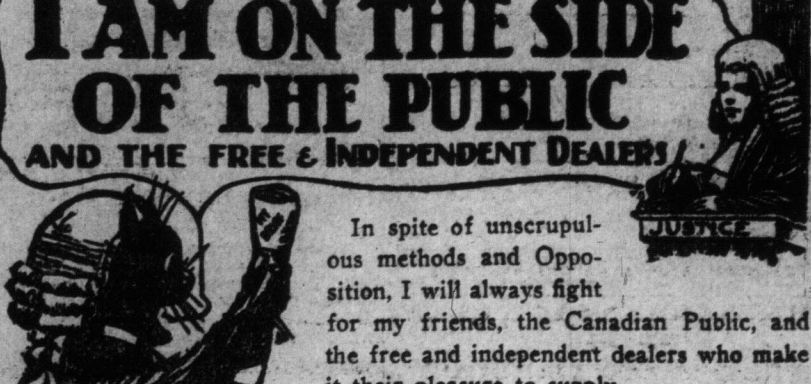

**GRAND TRUNK PACIFIC**  
**Vice-President Chamberlin Visits British Columbia**  
 We hear a lot from the political press about the cost of the Grand Trunk Pacific Railway, but practical men, who have themselves seen the work of construction, and the manner in which it is being carried on, inform us the builders of this great transportation system are laying the best roadbed that traverses the continent. It is built for permanence, safety of traffic, ease of grade and reduction of cost of haulage to the lowest possible point. Other railway companies may build hurry-up roads, only to have to pull them to pieces afterwards, rebuild them, alter curves and grades, and spend on them perhaps many times the cost of original construction. It will not be so with the Grand Trunk Pacific. That road is being built along the most up-to-date lines of railway and engineering practice.

An interesting visitor to British Columbia last week was Mr. E. J. Chamberlin, vice-president of the Grand Trunk Pacific Railway. Interviewed by the editor of The Mail-Herald, we found Mr. Chamberlin as interesting as is the great work of which he is the active head.  
 "We are determined to have the Grand Trunk Pacific Railway opened from coast to coast as soon as possible," said Mr. Chamberlin. "We have one great difficulty, and that is the procuring of sufficient labor. We can employ all the good men we can get, and the sooner we get the road completed and opened for traffic, the better it shall be pleased. We shall push it through as soon as possible. This summer we shall have the whole of the remaining section between Yellowhead Pass and Hazelton under construction. By July we shall have the first hundred miles west from Prince Rupert open for traffic, and will extend our operations to the east as fast as the roadbed is completed and opened for traffic. There have been unforeseen difficulties and delays in the construction of the bridge over the narrows of the Skeena River, west of Prince Rupert, and I am just going up there now to endeavor to have that work expedited so that there shall be no delay. If we cannot get the bridge completed for the proposed time of opening of the road, that section we shall get across somehow. If we have to put in a ferry to enable traffic to be carried till the bridge is completed.  
 "We regard Northern British Columbia as a vast field, and we shall spare no effort or expense to develop that country in the most effective manner. As soon as our main line is completed we shall undertake the construction of branch lines, and one of the first will put in hand will be a line to the north. In our original plans our engineers proposed to start that line from the Bulkley Valley, but we have now come to the best point at which to connect it with the main line and form our main junction point. There is a vast, rich country there, awaiting transportation, and we shall supply it.  
 "Port George is destined to become the most important point in the continent of British Columbia, and the greatest city between Prince Rupert and Edmonton, and is the point from which we propose to enter the rich territory to the north and south.  
 "I leave for Prince Rupert Saturday night, and the object of my visit is to arrange for pushing the development of our railway and transportation system just as rapidly as it is possible to do, and to recognize the extraordinary wealth which we are about to open to the world's trade, and we hope to do it in the most effective and efficient manner possible, justifying the assistance and support that has been accorded us by the government and people of Canada."

**Notice**  
 particularly that Mr. Chamberlin says about Port George. We repeat it, that you may catch its significance.

Two more arrests have been made in the case in which Mrs. Evelyn Barrington was taken into custody Thursday night charged with procuring her own 13-year-old daughter for immoral purposes. **Had Weak Back. Would Often Lie in Bed for Days Scarcely Able to Turn Herself.**

Weak back comes from the kidneys, and when the kidneys are out of order the whole system becomes deranged. Those who have never been troubled with kidney trouble do not know of the suffering and misery which those afflicted undergo. Doan's Kidney Pills are a specific for all kidney troubles.

They begin by helping the kidneys to flush out all the acid and poisonous impurities which have collected, thus clearing out the kidneys, bladder and all the urinary passages and carrying away the uric acid, the chief cause of rheumatism, from the blood.

Mrs. Arch. Schnare, Black Point, N.B., writes: "For years I was troubled with weak back. Oftentimes I have lain in bed for days, being scarcely able to turn myself, and I have also been a great sufferer while trying to perform my household duties. I had doctors attending me without avail and tried liniments and plasters, but nothing seemed to do me any good. I was about to give up in despair when my husband induced me to try Doan's Kidney Pills, and after using two boxes I am now well and able to do my work. I am positive Doan's Kidney Pills are all that you claim for them, and I would advise all kidney sufferers to give them a fair trial." Price, 50 cents per box, or 5 for \$1.25, at all dealers or The T. Milburn Co., Limited, Toronto, Ont.

**NEWMARKET YOUTH HURT**  
 John Livingstone Falls From a Car and Goes to Hospital.

John Livingstone, a youth who had come to the city from Newmarket yesterday to observe the funeral ceremonies, was returning to that place last night at 9.15, when he fell from the Metropolitan Railway car which was leaving Shaftesbury-avenue and Yonge-street for the north. He was picked up in a semi-conscious condition and removed to St. Michael's Hospital in the police ambulance, where he is thought to be suffering from a concussion of the brain.

**MOURNING IN NEWFOUNDLAND**  
 State Service Held—Business Suspended for the Day.

ST. JOHN'S, Nfld., May 20.—A state memorial service to-day in the Anglican cathedral was the last tribute officially paid to King Edward by Newfoundland. The governor, Sir Ralph Williams, cabinet ministers, members of the legislature, numerous clergymen and societies were in the congregation. Right Rev. J. J. O'Connell, Bishop of Newfoundland, gave the eulogy.

The bells of the Roman Catholic Cathedral were tolled for an hour. At noon every train and steamboat stopped for half an hour, and minute guns were fired in St. John's.

Business throughout the colony was suspended for the day.

**MEMORIAL SERVICE WAS HELD NORTH TORONTO**  
 At Many Points in County Similar Meetings Were Held—Suburban Doings in General.

NORTH TORONTO, May 20.—This afternoon at 2.30 the large congregation at the town hall bore striking tribute to the memory of our late King at the memorial services.

The service was opened by the Rev. R. C. Rolph followed with the invocation. Next the hymns, "The King of Kings," "The King of Peace," "A Few More Years and 'Till," and "The King of Peace."

The addresses were delivered by Rev. G. W. Robinson and Rev. Canon Powell, the former recounting the earlier incidents of King Edward's Christian home training. Rev. Canon Powell did not confine his energies to one empire, but touched on the whole world. Nine-tenths of his life were spent in preparation for and one-tenth in the highest fulfillment of service to his country and the world.

Canon Powell dwelt on that service which made Edward the King who was loved by the people, and dwelling on the sense of duty so strongly engrained in the late King's life responded to the finest vibrations of national sentiment. He touched on the King's duty and honor, sympathy and courage.

Rev. Mr. Griffin led in the Lord's Prayer, and the services closed with the "National Anthem" and "The Maple Leaf March."

Last Saturday the Davisville foot-ball team was defeated by the "Maple Leafs" at the Davisville field.

On Woodward-avenue a house has changed hands, the sale price being \$15,000.

In his report of a year ago on sewerage and sewerage disposal for North Toronto, estimated that the population of the city was 250,000 acres suitable for building purposes, and would, when built up, probably contain a population of 500,000. The estimated capacity of sewerage pipes for this population he added 25 inches to the existing sewerage system. This figure was considered by some to be ridiculously inadequate, and upon their criticism was based the principal reason for the necessity of the defeating of the by-law. These gentlemen are now treating a situation, showing the population of a large number of prominent cities in the Dominion of Canada, according to the list shows only one city having a population greater than that of Toronto, and that is New York, which contains 2,500,000 of a population.

Then comes Hamilton, with 167, then Vancouver, B.C., with 110, and then a big list of cities, each with its own population. For instance, Cornwall, an old manufacturing town, has a population of 15,000, and is a city of 15,000 people. It is quite evident that these gentlemen should not criticize Mr. Murray's superior knowledge. As yet no justifiable cause has been established for the defeat of the by-law. Mr. Murray's ability. This unfortunate error is now being fully realized by the citizens of North Toronto.

**WESTON.**  
 Roman Stone Company Have Finally Closed Factory Site Deal.

WESTON, May 20.—(Special.)—As outlined some time ago, the Roman Stone Company have been in communication with local parties for some time looking to the purchase of a large block of land for the establishment of a plant, and have finally succeeded in securing the required area. Four acres have been bought on Main-street, near St. Albert's buildings, and the opening up of the works will call for at least 50 skilled employes, which means much for the town of Weston.

The condition of ex-Deputy Chief Stewart is regarded by his friends and medical adviser as somewhat improved, and Friday the venerable ex-officer was able to engage in some duties. His complete restoration to health is hoped for.

A special musical service was held in the Methodist Church here this forenoon, practically all the village choir and orchestra taking part. The services were especially impressive and well attended.

**SWANSEA.**  
 Swansea, May 20.—The memorial service at St. Olave's Church, Swansea, this morning, was very impressive. The Rev. W. H. Sparks, addressed those present, taking the theme of "The Peace-maker," and touching on the chief incidents of King Edward's life. The special hymn, "Peace, Perfect Peace," was effectively rendered by the choir, and a sensational "Dead March in Saul" was sympathetically played by the organist, Miss Presley. The Gothic church was appropriately draped.

**THISTLETOWN.**  
 Thistle Town, May 20.—(Special.)—The annual meeting of the Women's Institute was held on Wednesday at the home of Mrs. Jas. Kingston.

The officers for the ensuing year were appointed, as follows: Mrs. Chas. Plunkett, president; Mrs. W. D. Duncan, first vice-president; Mrs. Chas. Peters, second vice-president; Miss P. Kingston was re-elected secretary-treasurer; auditors, Mrs. Geo. Farr and Mrs. J. J. Jones; directors, Miss B. Cameron, Mrs. Lewis, Mrs. A. Barker, Miss Riley, district director, Mrs. Geo. Farr, musical committee, Mrs. W. Routledge, Mrs. A. Atkinson, Mrs. W. Routledge, Mrs. A. Barker, Mrs. George Stewart, representatives to district annual meeting, president and secretary, Mrs. Geo. Stewart, Miss Kingston, District Director, Mrs. Chas. Plunkett, Mrs. E. Routledge, Miss Peters.

**EARLSCOURT.**  
 Local Anglican Church Has Made Wonderful Progress.

EARLSCOURT, May 20.—The proceeds of the proposed concert of the Anglican Mission Children's Song Society at Earlscourt will be donated to the choir fund; the choir is getting along splendidly; a year ago the church was in a state of ruin, and now it is a fine frame building.

In the Doucours District the Toronto Paving and Construction Co. are rushing ahead the work of paving St. George-street, and building in this section of the town is brisk.

During the last few days Robins, Ltd., made several sales on their Earlscourt property, selling several lots fronting Dundas-street, at \$15 a foot.

Dr. Conboy of the board of education, on Sunday address the Men's Own of the Boone Avenue Methodist Church, and the Sunday following J. J. Eaton will deliver an address before the same club.

**WYCHWOOD.**  
 Wychwood, May 20.—(Special.)—The grading of Vaughan-road here will prove a great boon to the community, but a more urgent want remains in the oiling of the road. Hope is expressed everywhere that the medical department of Toronto will not forget the newly acquired suburb in this as in many other matters.

Stevens & Rivett, Vaughan-road, the well-known boot and shoe firm of Wychwood, will, in the course of a few weeks, occupy their new building, The Zion Balmie's Athletic Club of the Methodist Church has closed down their indoor-work for this year, and will practise on their ground at

## In Choosing a Home

there are **7** things to consider.

- Accessibility:**—Tuxedo Park is located on the main line of the Grand Trunk Railroad—20 minutes from Toronto. Fourteen trains and a 15 cent fare make it an easy access to many of the districts now selling at prohibitive prices.
- Health:**—Doctors are not fashionable at Tuxedo, and a home here is as good as a health certificate.
- Environment:**—The many cozy homes—the natural beauty of the landscape—the lakes—the river—the high, dry land—all lead to make Tuxedo all that can be desired.
- Neighbors:**—The class of people who are making their homes at Oakville and Tuxedo are of the best without question.
- Sociality:**—Living in a place like Tuxedo has many charms—not the least of which are its social advantages. While you entertain or are entertained by your neighbors—a community like Tuxedo tends to bring the residents together on a friendly footing. The projected Tuxedo Club, to which all residents are eligible as members, will provide such outdoor and indoor amusements as golf, bowling, tennis, croquet, motor boating and indoor fetes and functions as attractions.
- Comfort:**—Large and roomy residences, or small and cozy bungalows, on lots which have ample frontages, with lawns, fruit trees, hedges, and all modern conveniences—electric light, telephone, water, concrete walks and good roadways make life at Tuxedo worth living.
- Values:**—The present low prices at Tuxedo allow the purchaser by a man of moderate means to buy a large, well built, and well equipped house, and the sure growth of the town is bound to make the property increase rapidly in value—ensuring a pleasant return for the present and a good investment for the future.

**Come out to Oakville to-day**

## STRENGTH WINS.

It was his strength that carried James Payson Weston on his long walk across the continent to victory. You can have this strength by wearing my Belt. It will impart strength to every muscle of the body. It will tone up the nervous system and make you feel like a man full of energy and vitality.

Hurrah for the winner! It takes nerve and red blood to win! Success to the athlete, success to men in every walk of life, depends upon vim and vigor as much as good generalship. The "staying quality," the tenacity of purpose, that carry off the honors in the field of athletics, are born of a vigorous nervous system, powerful muscles and a bounding pulse, and it's these same qualities that constitute the foundation of success in every occupation. Rightly the world heaps honors upon the men of "push," and frown upon failure. "Victory to the brave, the battle to the strong."

Many a successful man of to-day—you can find him in the workshop, the mill, on the farm, or holding high official position—remembers the time he sought my aid and dates his success, his happiness in life, from the time he discovered and applied my grand remedy, ELECTRICITY. This wonderful force, when applied to the Dr. McLaughlin Electric Belt, is Nature's true invigorator. It has made thousands of weak men strong and vigorous; has enabled them to turn defeat into victory, to achieve the success in this world that comes only to him who is able to put up a strong fight, a long fight, to conquer the obstacles that are ever in the path to fame and fortune.

The most powerful factor that has made my business a success is the warm recommendation given to my appliance by the men who have used it, and I continually place this evidence before you, day after day, week after week, month after month. You know you are not the man you ought to be. You don't want to be a "misfit" forever. In this day of vast opportunities you can't afford to be merely a spectator all your life. Get some live wires in your system! Build up your "Nerve Power" by a constant, steady infusion of the Electric Current, night after night, for a few weeks. Use the Dr. McLaughlin Electric Belt! It has transformed thousands of physical wrecks into successful men and women in the past, and is doing the same work to-day. Get on the "string line." Strike out to the right, to the left, and the world will make way for you! Just read what people say who take my advice and use this Belt.

**YOU NEED NOT PAY UNTIL CURED**

So pronounced are my cures, so strong is my faith in my Belt to cure the human ills, that I do not hesitate to make you this offer, ANY man who gives me security for the Belt while you wear it.

"OAKWOOD ON THE HILL"

What we consider the last good district on the hill overlooking the city is "Oakwood." There are building restrictions also that ensure a high-class home without any commercial environment. It is also our opinion that this property will advance in value at least 50 per cent. before the same date next year.

A new High School is being erected on the northern end of the property. Fall will see the building completed.

# GREATEST CROWD THAT TORONTO EVER SAW

Continued From Page 1.

were thickly clustered members of the parliament, legislature and city council, clergy, the bench, government and civic officials and representatives of public bodies.

The massed bands of the city regiments, under Bandmaster Waldron of the Royal Grenadiers, were formed up,

about 800 strong, at the foot of the stone steps. Between the band and the platform was the choir of 650 trained voices under the leadership of Dr. Albert Ham, choir-master of St. James' Cathedral, the boy choristers being formed up in front. The choir was largely recruited from the Anglican churches, and the massed effect of the surplined throng in the midst of the bright coloring of the military uniforms was not without its picturesque quality. Each choir wore a distinctive badge.

The picturesque of the spectacle was greatly heightened by the troops, drawn up in open order on the lawn, the scarlet tunics, the silver helmets of the cavalry, and the more sombre

rifle green of the Queen's Own Rifles set in the midst of the great citizen army, forming a picture not readily forgotten.

Those Present.

The service began at three o'clock with the rendering by the bands of the Dead March in Saul, with solemnly inspiring effect. During the playing, Lieutenant-Governor J. M. Gibson, in official robes, and Premier Sir James Whitney appeared on the steps of the building, and proceeded to the purple draped platform on the walk between the lawn and the entrance to the buildings, where there followed prominent representatives of the clergy, judiciary and a group of gentlemen eminent in parliamentary, civic and military life, including Bishop Sweeney, Bishop Reeve, Controller Ward, deputy mayor, General Cotton, Hon. J. J. Foy, Rev. Dr. Germain, representing Rev. Dr. Carman, general superintendent of the Methodist Church of Canada, Chief Justice Falconbridge, Chief Justice McEwen, Chief Justice Moore, Sir William Mordimer Clark, Chief Justice, Senator Kerr, Chief Justice Riddell, Rev. J. W. Peckley, Rev. T. Crawford Brown, representing Rev. Dr. Lyle, moderator of the Presbyterian Church of Canada, Rev. Dr. A. T. Sowerby and Sheriff Mowat, Captain Young, D. C. C., Lieut. A. H. Gibson, A.D.C., Chief Justice Falconbridge, Lieut.-Col. Denison, Commissioner of the Salvation Army, Hon. Thomas Crawford, and E. T. Daville, sheriff of York County.

Those who were admitted to the enclosure included all the dignitaries of the city, ministers and deputy ministers of the crown, presidents of universities and colleges, senators, members of parliament, members of the assembly and chief justices, justices of high court, and county court judges, consuls, and vice-consuls, controllers and members of the city council, the members of the board of education and inspectors of school boards, presidents of national organizations, president and secretary of board of trade, governor, University of Toronto, and many other prominent citizens occupying representative positions.

Archbishop's Regrets.

Sir James Whitney read the following letter from His Grace, Archbishop McEwen of the Roman Catholic diocese of Toronto, addressed to his honor, the lieutenant-governor:

"Your kind invitation to the religious and military celebration in memory of His Majesty, the late King Edward VII., was received and duly appreciated.

"For the reasons previously mentioned to you, I find I cannot be present on Friday afternoon.

"As a Catholic citizen of this prosperous country, you will always remember with gratitude and pleasure the peaceful reign of His Majesty Edward VII., who desired that his Catholic subjects should enjoy their full rights as free citizens in Canada.

"We expect the same treatment under His Royal Highness George V., who some years ago visited this country and made many warm friends among all classes of the people.

"The authority of a legitimate ruler comes from God and hence the obligation of subjects to obey just laws, to respect public officers and to uphold the power of those appointed to govern in their respective spheres of action. It is also our duty to pray for kings and for all in high stations whom we may lead a quiet and peaceful life.

"And as your honor is the representative of the King in this province, we ask you to assure His Majesty King George V. that we wish him a long and peaceful reign, and our prayer for him will be that of the Catholic Church, as follows:

"We beseech Thee O Almighty God, that Thy servant George V., our King who thru Thy mercy hath undertaken the government of these realms may also receive an increase of all virtues; wherewith being adorned he may avoid the enormity of sin, vanquish his enemies, and being rendered acceptable in Thy sight, may come at length to Thee, who art the way, the truth and the life. Thru Christ our Lord. Amen."

The Service.

Sir James then briefly announced, in the name of the lieutenant-governor, that the memorial service to "our late King, Edward the Peacemaker," would proceed, and the choir, under Dr. Ham, with the accompaniment of the band

swelled forth the familiar and appropriate hymn, "O God, our help in ages past."

Bishop Sweeney, in a voice charged with solemn impressiveness, read from the beautiful burial service, beginning with the passage from St. John, "I am the Resurrection and the Life, saith the Lord; he that believeth in Me, though he were dead, yet shall he live; and whosoever liveth and believeth in Me shall never die."

The injunction that all eyes be maintained was well observed, the attitude of the vast assemblage being one of devout reverence throughout the entire service, which followed the order previously announced and concluded with the national anthem.

But it was not in this striking manner alone that Toronto paid tribute to Edward the Peacemaker. The services held throughout the churches in the morning were largely attended. Most of the factories, warehouses and stores closed down for 20 to 30 minutes of the day, while in many instances business was suspended during the entire day.

At three o'clock every car on the list of the street railways came to a stop and so remained for five minutes.

Everywhere there to be seen drapings of black and purple, and every flag floated at the halftide. The day began at sunset bright to a close a day of universal sorrowing.

## S.A. MEMORIAL SERVICE FILLED MASSEY HALL

### Commissioner Coombs Leads Impressive Service—Draws Lessons From Life of Edward VII.

"It is the greatest satisfaction to me to be with you in this memorial service, to know that in the trials and life of Edward VII., as well as in the responsibilities of his great office, he continually turned his face to God, in time of affliction he not only prayed, but a nation was called to pray; and in time of recovery one of the first things he did and in which the nation followed was to give thanks to God for His goodness. May we not, here and now more resolutely than ever renew our vows to God and in all our lives seek to acknowledge Him and He will direct our path."

With these words of consolation and exhortation Commissioner Coombs concluded his eulogy upon the life of the late King at a public memorial service held in Massey Hall last evening. The large auditorium was completely filled, a representative audience occupying the main floor and gallery seats, the massed bands and Salvation Army officers taking seats on the platform.

The order of service was quite simple. The music was well chosen and the selections were known and sung fervently by the audience. During the entire service a sympathetic spell hung over the house and the impassioned words of the Commissioner and Coombs made a deep impression upon the hearts of his hearers. At the conclusion of his address he placed a large wreath over a picture representing the late King.

The passing of Edward VII., said Commissioner Coombs, is no mere incident in the life of the British Empire or in the history of the world. He considered that the army, representing a large portion of the people of the world, should gather together on this occasion and see if they could not make such an event as this beneficial to our souls.

It was truly the power that he pay homage to the powers that be. At such a time as this men stop and think. They are forced to face the problem that all must die. What one of us a short time ago considered that in a few days a whole empire would be in mourning? But death came into that palace and not all the crises of the world could stay the dread messenger's hands. "If I had the voice of an archangel I would ring out the words around the world: 'Be ye also ready.'"

"The sympathy of the world has been aroused," he said. "Such a crisis as this would serve to weld the different parts of the empire together. The King is mourned, and with the same breath another King is proclaimed. In this there is a lesson. We must all die, and it is well that we should so live that when it does come we might be ready."

"We realize how much at heart he must have had the conditions of the poor from the wonderful manner in which he supervised the erection of that London hospital for the suffering. He was truly the poor man's King."

"He was a devoted son, and when by Queen Victoria's death he was called upon to be King, he said: 'I will constantly endeavor to walk in her footsteps. I will do all in my power to act as a constitutional sovereign

## Colonial Fabrics Will Appeal to Brides

THERE'S a spirit of daintiness about "Chintz" fabrics, which seems particularly appropriate to youth and young households. We commend Colonial Fabrics to those who are busy planning the happiness of brides this coming June. Colonial Cloths are not expensive, but their beauty of design cannot be questioned. Our Curtain Department makes a special demonstration of these drapery fabrics, showing also a large number of very artistic designs of rooms treated in Colonial fabrics. Be sure to see them—they give one ideas.

And there's the very point—Have you a good refrigerator for this summer?

We mention just four of the many standard refrigerators carried in our furniture department. You can't go wrong on any one of them and each has features to commend it apart from the other. We cannot recommend one above the other. The choice depends upon the price you care to pay.
