Novelty Wash Fabrics for Smart Summer Toggery

A Gala Display of Cotton, and Silk and Cotton Weaves in the Striped, Checked and Figured Effects Which Fashion Has Prescribed for Coming Use for Gowns, Suits and Skirts.

CHEERFUL AND CHIC are the suitings and skirtings La Mode has provided for your Summer wearing. Dress fabrics, too, show the same happy hues and gay, distinctive patterns. The circles on the Second Floor devoted to wash materials present a wide panorama of dainty pastel and vivid sports colorings, of stripes, checks, coin dots, and formal, clear-cut motifs. The showing includes:

- NOVELTY TUSSAH
- COTTON PONGEE
- LINENETTE
- BEACH CLOTH
- PIQUE
- COTTON REPP
- PLAIN VOILE
- PRINTED VOILE
- COTTON GABARDINE

These in their wide variety of weave cover every need of the warm-weather wardrobe. Thus: Novelty Tussah—a silk and cotton weave, charming for dresses and soft, full skirts. It is featured in white, natural tan, Copen blue, rose, heliotrope, pink, green and gold, striped or patterned in so-called "sports" fashion with some contrasting color. The width is 36 inches, and prices range from 40 cents to \$1.25 a yard.

Beach cloth (resembles a fine panama) for outing skirts and the banding of outing suits—in white or natural ground with sports patterns in pink, blue, and gold. This, too, is 36 inches wide and priced from 40 cents to \$1.25 a yard. Plain Beach cloth in lighter weight for dresses, in Copen, white, linen shade, lawn green, black, grey and navy blue, is the same width—price 40 cents a yard.

Linenette skirtings are in plain shades of yellow, and Delft blue, are 36 inches wide, and 40 cents a yard. White skirtings galore—cotton gabardine, cotton repp, pique and basket weave—30 different weaves, at prices ranging from 39 cents to \$1.25 a yard.

Fancy cotton gabardine skirtings—oyster white with a ratine stripe of rose or blue and faint over-check of grey—36 inches wide and \$1.50 a yard.

A fine white gabardine skirting with broken stripe of black and pale colors will appeal immensely to those of conservative taste. It is 75 cents a yard, and 36 inches wide.

Cotton Shantung in natural tan shade and other colors, for Summer suits and dresses, is 85 cents a yard—40 inches wide.

Promenade Suiting—a basket weave in green, Delft blue, grey or rose, is 45 cents a yard—40 inches wide.

And last, but not least, cotton voiles for light Summer frocks—a whole circle devoted to them: plain voiles in 60 different shades, 40 inches wide and 40 cents a yard; also woven stripes and printed patterns—floral, checked, striped and figured effects—in light, dark and sports colorings. These are 40 inches wide, and range from 50 cents to \$1.25 a yard.

Swagger Top Coats for Misses

A Collection of Fashionable Models for Present Wearing—Every Coat Many Dollars Less Than Its Usual Price. "Special" at \$25.00.

THEY REPRESENT A SPECIAL PURCHASE—hence the exceptionally moderate price. For they are coats beautifully tailored of excellent materials in modish Spring styles—belted and full flaring models in wool poplin, gabardine, wool velours, serge and tricotine. Some have wide-spreading collars of khaki-kool or silk poplin, and large pockets are a distinctive feature.

As for colors, navy blue and black are in strong evidence, also the bright blues, greens, rose and brass of fashionable fancy. Sizes are 14 to 20. Monday, special price, \$25.00 each.

Modish Taffeta Frocks for Juniors at \$15.00—These may be had in rose, grey, Holland, green, navy and black. They have high waists, the skirt shirred at the top and adorned with patch pockets. The large collar is of Shantung silk, stitched in color. Sizes 13 to 20. Price, \$15.00.

Excellent style and tailoring characterize suits at \$22.50—In juniors' and misses' sizes there is a whole array of smart suits at this moderate price. One of fine quality wool gabardine has a coat with yoke and box pleats, kept in place by a belt, its large convertible collar being adorned with saddle stitching. The skirt is plain and belted. Another model of fine gabardine has a belted coat pleated over hips, large self collar with overcollar of white silk poplin, with tie of same; the skirt is also pleated across hips. In navy and black. Sizes 13 to 20. Price, \$22.50. —Third Floor, Yonge St.

Such Smart Dresses of Jersey Cloth

New Spring Models That Offer All-the-year-round Usefulness—Charming in Color and Style, Affording a Choice of One-piece and Coat-and-skirt Effects.

ASK HER WHO ALREADY POSSESSES a frock of this delightful wool Jersey as to whether she likes it or no. She will surely declare it to be one of the most comfortable, useful dresses in her whole wardrobe, with a certain distinctive simplicity that fits it for all occasions.

And well qualified to live up to their popularity are the Jersey cloth models now on view in the little Rose and Grey Rooms of the Dress Department—wonderfully smart models recently arrived from New York. Here are some of them:

In Madonna blue Jersey cloth, charming one-piece dress with chic barrel drapery on the skirt, the collar and sash faced with putty color Jersey cloth. Price, \$50.00.

A Jersey cloth model by Jeanne Lanvin shows a skirt of navy blue, and slip-over bodice of white, embroidered with blue and gold. It has a round neck and black patent leather belt. Price, \$69.50.

In chamois color Jersey cloth, with collar and facings of dull blue, is a coat and skirt model at \$45.00.

Paddy green Jersey cloth, embroidered in self-tone wool, composes a coat and skirt dress priced at \$35.00.

And in sunset pink Jersey cloth, with long silk collar in Chartreuse shade, is a model with long-waisted bodice and pleated skirt. Price, \$60.00. —Third Floor, James St.

You were Inquiring?

"June Bride."—Furnishing a five-room flat—almost as proverbial as confetti and wedding presents, isn't it? Well, the lists we have made for you are merely suggestive. But doubtless they will serve as a basis for your interesting calculations. Thus:

Living-room

- \$21.00—Walnut Table, William and Mary design, cup and ball legs, 2 drawers, pretty shape, cane panels beneath.
- \$28.00—Writing Desks, walnut, William and Mary, drop leaf.
- \$7.50—Chair, walnut (cane seat), for writing table.
- \$50.00—Chesterfield, green denim.
- \$35.00—Willow Arm Chair.
- \$4.75—Smaller Willow Chair.
- \$30.00—Upholstered Chair, very comfortable.
- \$18.50—Magazine Stand.
- \$10.00—Lamp, high William and Mary design.
- \$8.50—Shit Shade.
- \$54.00—Band border Axminster Rug, 9 feet by 12 feet.
- \$4.00—10 yards Chintz for cushions, over-curtains, etc. at 40c a yard.
- \$2.50—10 yards Scrim at 50c a yard—for curtains.
- \$254.50—Total.

Dining-room

- \$141.00—Walnut Furniture, Queen Anne style, very good design, cabriole legs, arched tops, leather-seated chairs, plain and graceful.
- \$12.00—10 yards Casement Cloth at \$1.25 yard, for curtains.
- \$75.00—Wilton Rug, in Oriental design, 9 x 12 feet.

- Total—\$68.55.

The grand total, I think you will find, is \$902.50, leaving you an odd hundred for the traditional "touches" that make a house a home.

"Perplexed."—Do you know those three patriotic plays for children—The Key to Jack Canoe's Treasure House, "War on the Western Front" and "The Making of Canada's Flag"? They would be admirable for your purposes—price, 25 cents each. A collection for 8 girls—"Grandmother's Rose Jar"—is 15 cents.

"Kentucky."—Are you going to stop at hotels en route, and will there be visiting when you arrive at your destination? The extent and make-up of your luggage depend largely upon this, "Kentucky." Write and tell me more about your trip. One thing certain: you must have a light-weight motor coat. Would you prefer linen or shantung? A good linen ulster for motoring is in natural shade, with patch pockets and collar that fastens close to the throat. The price is \$10.00. A similar model in shantung, with a black silk collar, is \$18.00. To whom shall we send the samples for middles?

The Scribe.

Women's Silk Hosiery, Mill Runs, in Clearance, Monday, 95c a Pair

These are all full-fashioned silk stockings, with lisle spliced heels, toes, soles and deep garter welts, and are in black or white. They are termed "mill runs" because the tiny markings of the full-fashioning process are not exactly even; or in some cases are slightly soiled. These are slight defects in hosiery, and do not in any way affect the wearing qualities or appearance. It's an unusual offering, and while there are about 100 dozen pairs in the lot, we advise early selection. Sizes 8 1/2 to 10. Special, Monday, per pair, 95c. —Main Floor, Yonge St.

Famine and World-Hunger Are On Our Threshold

*in the nation's honor, heed!
Acquit yourselves like men.
As workers on the land, do your
duty with all your strength!*

—Lloyd George

THE CRISIS

France, England and Italy in peace times did not depend upon America, but on Russia, Roumania and Bulgaria for most of their breadstuffs. With these sources closed, the crisis of the hour demands that we see that our soldiers and the Motherland are fed.

Everyone in Great Britain has been put on limited rations! Meat is prohibited one day a week, and the making of cakes and pastry has been stopped. Further restrictions are anticipated.

Bread has gone to 28c per four-pound loaf in England, for the first time since the Crimean War.

Lord Devonport, British Food Comptroller, proposes taking authority to search the houses of Great Britain to prevent food hoarding.

Forty million men, less the casualties, are now on active service.

Twenty million men and women are supporting them by service in other war activities.

In the last analysis the land is bearing this burden. One million tons of food-carrying ships have been torpedoed since February 1st, 1917.

Germany's hope for victory is in the starvation of Britain through the submarine.

Canada's sons will have died in vain if hunger compels the Motherland's surrender.

The land is waiting—the plough is ready—will we make the plough mightier than the sword?

Will we help the acres to save the flag?

World-Hunger Stares Us in the Face

David Lubin, representative of the United States to the International Institute of Agriculture—maintained by forty governments—reports officially to Washington that the food grains of the world on March 31st, 1917, showed a shortage of 150,000,000 bushels below the amount necessary to feed the world until August, 1917. He declares it is beyond question that unless a greater acreage is put to crop in 1917 there will be WORLD-HUNGER before the 1918 crop is harvested.

The failure of the grain crop, in the Argentine Republic, which is ordinarily a great grain-exporting nation, resulted in an embargo being placed, in March, 1917, upon the export of grains from that country to avert local famine.

The United States Department of Agriculture, in its official report, announces the condition of the fall wheat crop (which is two-thirds of their total wheat crop), on April 1st, 1917, to be the poorest ever recorded, and predicts a yield of 244,000,000 bushels below the crop of 1915. The 1916 crop was poor. Even with favorable weather, the wheat crop of the United States is likely to be the smallest in thirty-five years, not more than 64% of the normal crop.

Under date of April 10th, Ogden Armour, executive head of Armour & Company, one of the world's largest dealers in food products, stated that unless the United States wishes to walk deliberately into a catastrophe, the best brains of the country, under Government supervision, must immediately devise means of increasing and conserving food supplies. Armour urged the cultivation of every available acre. The food shortage, he said, is world-wide. European production is cut in half, the Argentine Republic has suffered droughts. Canada and the United States must wake up!

**Hunger
Tightening
His Grip**

—New York Evening Mail.

People are starving to-day in Belgium, in Serbia, in Poland, in Armenia, in many quarters of the globe.

Famine conditions are becoming more widespread every day. On these alarming food conditions becoming known, President Wilson immediately appointed a Food Comptroller for the United States. He selected Herbert C. Hoover, to whom the world is indebted, as Chairman of the International Belgium Relief Commission, for his personal direction of the distribution of food among the starving Belgians.

Mr. Hoover is already urging sacrifice and food restrictions, for, as he states, "The war will probably last another year, and we shall have all we can do to supply the necessary food to carry our Allies through with their full fighting stamina."

The Problem for Ontario

The land under cultivation in Ontario in 1916 was 365,000 acres less than in 1915.

Consider how much LESS Ontario produced in 1916 than she raised in 1915.

	Year	Acres	Bushels	1916 DECREASE	
				Acres	Bushels
Fall Wheat	1916	704,867	14,942,050	105,315	9,794,961
	1915	811,185	24,737,017		
Barley and Oats	1916	529,886	12,388,969	24,432	7,504,160
	1915	552,318	19,893,129		
Peas and Beans	1916	95,542	1,243,979	31,401	799,070
	1915	126,943	2,043,049		
Corn	1916	258,332	12,717,072	51,441	9,043,424
	1915	309,773	21,760,496		
Potatoes and Carrots	1916	139,523	7,408,429	34,411	5,858,594
	1915	173,934	13,287,023		
Mangel-Wurzels and Turnips	1916	42,793	9,756,015	8,006	15,600,308
	1915	50,799	25,356,323		

Other crops show as critical decline. Reports from Ontario on the condition of fall wheat for 1917 are decidedly discouraging.

As there is an average of not more than one man on each hundred acres of farm land in Ontario, the prospects indicate even a still smaller acreage under cultivation in 1917 unless extra labor is supplied.

A 15-year-old Girl at Work

Miss Alexandra Smith, one of the thousands of British women workers on the land. She recently won an All-Comers' Champion prize for plowing.

Food Production is the Greatest Problem the World Faces To-day

Owing to destruction by submarines, ocean ships are scarce. It is much easier to protect shipping between Canada and England than on the longer voyages from India or Australia.

One vessel can make twice as many trips from Canada to Britain as from India, and four times as many as from Australia.

Therefore, every ton of food stuffs grown in Canada is worth to the Motherland two tons grown in India or four tons grown in Australia.

Why the Call to Canada is So Urgent

If this country does not raise a big crop this year, not only will the people of Canada suffer, but the Motherland and her Allies will suffer, and their military power will be weakened if not paralyzed. Therefore, the right solution of the present war problem comes back to the farm, as to a foundation upon which our whole national and international structure must be built and maintained.

The farmers know that they are the last reserve, and that the soil on which crops are grown is the strategic ground on which wars are decided. To their care is entrusted the base of supplies.

The Second-Line Trenches

—McCar, in The New York American.

To enable the farm to do the work two factors are essential. The first is Time. Whatever we are to do must be done at once. Nature waits for no man. The second is Labor. Many farmers cannot plant the acres they would because they cannot get the necessary help. Many are afraid to increase their acreage because they fear they would not be able to cultivate and harvest an unusual crop after they had raised it. If they are to do the work that is essential for them to do, the last man in each city, town and village must be mobilized at once.

Every man not on Active Service can help. In every city, town and village are men who, by their training on the farm, or by their present occupation, can readily adapt themselves to farm work. These can render no greater service to the Empire at the present time than by answering the call of the farm. Capable men and boys willing to learn should not allow their lack of farm experience to stand in the way.

Can the employer render a more signal service in this crisis than by encouraging these men to help the farmer to cultivate every available acre, and by making it easy for them to go?

Ontario's farm lands are waiting—the implements are ready—the equipment is complete—the farmer is willing—all he needs is labor.

So short is the world's food supply that without increased production many in Canada must go hungry, and even with enormously increased production we cannot expect cheap food. The world is waiting for our harvest.

If peace should be declared within a year, the food conditions will be no better, for the accumulated hunger of the Central Empires must be met. This will absorb a large part of the world's supply.

We do not know when this war shall cease. It is endless—its lengthening out has paralyzed the thought and conception of all men who thought about it and its possible time of conclusion. Three months—six months, we said; nine months, a year, we said; and yet two years and eight months have passed their long, dreary and sanguinary length, and there is no man who can tell how long this gigantic struggle may yet last.

Lloyd George, in a letter addressed to farmers throughout the Empire, said:

"The line which the British Empire holds against the Germans is held by those who WORK ON THE LAND as well as by those who fight on land and sea. If it breaks at any point it breaks everywhere. In the face of the enemy the seamen of our Royal naval and mercantile marine and the soldiers gathered from every part of our Empire hold our line firstly. You workers on land must hold your part of our line as strongly. Every full day's labor you do helps to shorten the struggle and brings us nearer victory. Every idle day, all loitering, lengthens the struggle and makes defeat more possible. Therefore, in the nation's honor, heed! Acquit yourselves like men, and as workers on land do your duty with all your strength!"

So, for the honor of Canada's soldiers in France—and for the glory of our New-born Nationhood—let it be said of Ontario's citizens that, in the hour of our greatest need, their response was worthy of their sons.

We owe a great debt to those who are fighting for us.

About Michie Soldier Boxes No. 20

There are odd occasions when parcels addressed to soldiers overseas encounter strange delays. Take, for example, the following: A Michie parcel was dispatched to Pte. C. H. Curry, with the Canadian Cavalry Brigade, on Nov. 24, 1916...

This Parcel Got There, Too!

Such long delay is beyond our control, yet Michie packing and dispatch is so careful that the parcel is always received in good condition, even after delay.

CLASSIFIED RACES TODAY AT DUFFERIN

Seven Entries in the Pacing Event and Four in the Trot

The Dufferin Driving Club are putting on today another of their very popular races. The track after the recent rain is in first-class condition, and all the horses are in much better condition to race than they were at the last afternoon meeting.

Patrena was not on her best behavior her last start, but she is very game, and no race seems too long for her. Most of her winning races have been long drawn out affairs.

Classified race—Geo. M. b.g. by Satrap, H. Scott, Toronto; Sarah Todd, b.g. by Jim Todd, 2.08 1/2, C. Farrell; Geo. Locanda, b.g. by Locanda, J. McDowell, Flat, b.g. by Directly, J. Macleod; Consequence, b.g. by McPherson, J. Fortune; Thorn Patch, b.g. by Wilkes Medium, J. Newton; Sattel, b.g. by Silent Brook, S. McBride.

DID W. E. RANEY STOP SIR JOHN'S HORSES?

Hendrie String Started From the Farm for Woodbine, But Turned Back. Sir John Hendrie's horses started from the farm, near Waterdown yesterday for Woodbine Park, but some suspicious signs seemed to loom up and the order was issued for a retreat. So the door went back and it was not given out when they would come. Perhaps W. E. Raney had caused the evil omen to appear on the road side, and thus the governor's racers will not glimpse their newly-decorated owner likely until early next week. Trainer Sait of the Press stable arrived from Windsor, to be followed today by his horses. The trade at Woodbine Park was quieter yesterday morning and across fair moves were recorded, the best mile of the spring training season being shown by Jevora, a Quebec-bred, owned by Jack Whyte of Montreal. Her mile in 1:12 3/4 was over a heavy track and she was under restraint all the way. Jevora worked the last 5/8 with Javona in 2:45. The White pair of two-year-olds breezed a half in 57. The Beardsmore placers worked in two sets, Ringdove and Smarty Cat, 5 1/2 in 1:44. Pair Fox, Alfer Fire and Ladder of Light the same distance a second slower, at Moody's.

In 1930-What?

The telephone engineer must look ahead. He must plan ten, fifteen—even twenty years in advance.

Telephone plant is too expensive for haphazard construction. Accurate estimates of a city's needs must be made after exhaustive study and investigation.

Our engineers figure that by 1930 Toronto's telephones will have increased from 64,400 as at present, to 150,000.

Only careful planning, painstaking study and scientific engineering will take care of a city's telephone needs.

GARDENING

The First Vegetables to Plant.

There are certain vegetables which like the cool damp earth of early spring. These should be planted just as soon as you can get on the ground.

THE OLD GARDENER SAYS.

Garden seeds are too expensive this season to be wasted, but that is what will happen when the amateur falls to mix his commercial fertilizer with the soil in the furrows.

IRON DESTROYERS SHELL RAMSGATE

Bombardment Kills Man and Woman—Land Batteries Drive Enemy Off

London, April 27.—German destroyers attacked Ramsgate last night, according to an official announcement issued by the war office. A large number of shells were fired, but the destroyers were driven off by the fire from the land batteries. One man and one woman were killed during the bombardment, and one man and two women were injured.

German at Fort Henry Object to Fish Supplied

Special to The Toronto World. Kingston, April 27.—A small-sized riot occurred at Fort Henry, where the fish given them was not fit to eat. Wilhelm Martens heaved his dish and contents into the face of Capt. William Gibson. He appeared before a court-martial and was committed for trial before a judge and jury.

Dreadful Pains All the Time Until He Took "Fruit-a-tives"

MR. LAMPSON. Verona, Ont., Nov. 11, 1915. "I suffered for a number of years with rheumatism and severe pains in side and back, from strains and heavy lifting. When I had given up hope of ever being well again, a friend recommended 'Fruit-a-tives' to me, and after using the first box I felt so much better that I continued to take them, and now I am enjoying the best of health, thanks to your remedy."

ASK SOLDIER APPOINTMENT

Special to The Toronto World. Brantford, April 27.—The appointment of a governor for the Brant county jail still hangs fire, tho the recommendations were sent in some two weeks ago. The equal franchise club has forwarded to the city council all a resolution favoring giving the appointment to a returned soldier. They have also taken a stand in favor of appointments for state service being made on merit in place of for political service.

WESTERN SHIPPERS TO PRESENT VIEWS

Railway Commission Defers Action on Proposed Lake and Rail Rates.

Ottawa, April 27.—A memorandum issued this afternoon by the Railway board outlines the procedure decided upon by the board in connection with the further consideration of the Canadian Freight Association as application for approval of the proposed new lake and rail rates, known as Canadian freight classification number 17. The memorandum says in part, "We have heard some interesting explanations from the railway interests and a number of objections to both the rules and the classification from a large body of shippers. Probably the criticisms which shipping interests west of Lake Superior desire to offer to the proposed classification may be somewhat dissimilar to the criticisms which have already been heard. It seems to me, therefore, that before the board gives any further consideration to the matter that this application should be set down for hearing at the chief centres of population in the west, so that those interested may have an opportunity of expressing their views to the board. Such a hearing will be held within the next few weeks."

Suggest Conference. "After those who are interested in the general position with regard to the proposed classification of western shippers and traders will be before us, I think the board should be directed to hold informal conferences with those interested in different lines of trade with the idea of having parties interested arrive as early as possible on the details of the proposed classification. After these conferences, there will doubtless have to be a further discussion before the board."

ALLEGED BURGLARS CAUGHT

Special to The Toronto World. Belleville, April 27.—Two young men giving their names as Charles Singer, aged 18, and Joseph Hefferan, aged 19, are under arrest here charged with burglarizing two business places in this city Wednesday night. They were captured in Napanee by two Belleville police officers. The men were remanded to jail for a week, pending a preliminary trial.

"Anaemia—Lack of Iron—Is Greatest Curse To Health and Beauty of American Women"

Says Dr. Ferdinand King, New York Physician and Medical Author

Any Woman Who Tires Easily, is Nervous or Irritable, or Looks Pale, Haggard and Worn, Should Have Her Blood Examined for Iron Deficiency.

down, instead of dosing themselves with habit-forming drugs, stimulants and alcoholic beverages. I am convinced that in this way they could ward off disease, preventing it becoming organic in thousands of cases, and thereby the lives of thousands might be saved who now die every year from pneumonia, grippe, kidney, liver, heart trouble and other dangerous maladies. The real and true cause which started their disease was nothing more nor less than a weakened condition brought on by a lack of iron in the blood.

YOU CAN TELL THE WOMEN WITH PLENTY OF IRON IN THEIR BLOOD—BEAUTIFUL HEALTHY ROSY CHEEKED WOMEN FULL OF LIFE, VIM AND VITALITY

and assimilated to do you any good; otherwise it may prove worse than useless. I have used Nuxated Iron for some time in my own practice, and most severe aggravated conditions with unfailing results. I have induced many other physicians to give it trial, all of whom have given me most surprising reports in regard to its great power and value. Many an athlete and prize fighter has won the day simply because he knew the secret of great strength and endurance and filled his blood with iron before he went into the arena; while many a feeble man has won one down in ignominious defeat simply for the lack of iron.

REMODELING OF PRISON FARM WILL BE COMMENCED MONDAY

Special to The Toronto World. Guelph, April 27.—The first move towards putting the buildings at the Ontario Reformatory in shape for the reception of convalescent soldiers, will be made Monday next, when a gang of painters will start to work. It will take quite a long time to get the place ready, as all the iron bars will have to be removed. In addition to this, new electric lights will be installed. When the work is completed it is expected the returned heroes will have a comfortable home in which to reside while they are regaining their health and strength. There will be accommodation for about 550. They are at the present time about 150 in number at the reformatory and they are all being kept in one section.
