SPECIAL COMMITTEE OF THE FEDERAL HOUSE TO DEBATE PENSIONS
Rowell Introduces Motion—Commons in Long Discussion on Butter Grading.

ADD TO MINT SALARIES
Ottawa, March 22.—(By Canadian Press)—The house spent the day mainly in discussion of the granting of a special committee to consider continuation of the war bonus paid to pensioners under the existing pension law. The subjects which would probably be considered by the committee are: (1) The continuation of the 20 per cent war bonus, granted last session; (2) The question as to whether, in granting pensions to widowed mothers, other resources should be considered; (3) Whether the board of pension commissioners should be allowed commuted sentences of less than 20 per cent disability; (4) Whether widows' pensions were adequate.

OFFICER IN ASSAM SHOT BY MISSIONARY
London, March 22.—An American missionary, shot Major H. D. Clouston at Sadiya, Assam, British India, a northeast frontier post, according to a Calcutta despatch to The Daily Mail dated March 15. The full story apparently is not known, but the correspondent says that the reasons for the tragedy were domestic. Clouston went to Major Clouston's bungalow to load a revolver and asked him to come out, when he appeared he shot him. The missionary then went to Acting Political Officer O'Callaghan and surrendered.

WILHELM SUSPENDS HIS WOOD-SAWING
Greater Restrictions Imposed by Authorities at Amerongen Castle.
The Hague, March 22.—The silence at Amerongen village and the castle now is unbroken. For one week the ex-king has not been seen outside of the castle gates.

HALF MILLION DOLLARS PAID FOR MINK SKINS
Montreal, March 22.—It was stated at the close of the first day of the sale held by the Canadian Fur Auction Sales Co., Ltd., at the Windsor Hotel here that the total sales for the day amounted to \$614,712. Mink skins were leaders with a total of \$427,599. The sale is being held here all week.

RIOTING IN DUBLIN HAS FATAL RESULT; SOLDIERS BLAMED
Two Men Killed and Four Seriously Wounded When Troops Open Fire.

DOMINION G.W.V.A. UNABLE TO AGREE ON VOTE FOR ALIENS
Withdraw Matter Temporarily—Convention Adopts Declaration of Principles.
Montreal, Que., March 22.—(By Canadian Press)—The delegates attending the annual convention of the Great War Veterans' Association in the Windsor Hotel here had their disagreement this afternoon when the executive sought to introduce its declaration of principles of the organization. The declaration contained a clause which proposed to extend the franchise, among other classes, to "all persons of foreign birth of like age, who have properly declared their desire for citizenship and who, after due probation, have been naturalized and who have assumed the full responsibilities of Canadian citizenship."

OLD LONDON'S CAVELL MEMORIAL
View of the new Nurse Edith Cavell Memorial in London with the scaffolding being removed. The statue of the nurse is still veiled.

SITUATION IS MORE SERIOUS IN GERMAN INDUSTRIAL AREAS

Peasants in Eastern Germany Threaten to Cut Off Supplies from the Troubled Centres.
Berlin, March 22.—Gustav Noske, minister of defence, presented his resignation to President Ebert this afternoon, and the president accepted it. Other cabinet changes are imminent. It is announced that the Independent Social Democratic Party, labor cabinet and that the government is considering the demand. The whole Ebert-Bauer cabinet will probably resign. The crisis has been brought about by the agreement with the trade unions, especially in the rural districts.

SPARTACANS BUSY IN BERLIN SUBURBS
Berlin, March 22.—Spartacans have been operating in small bands in the outskirts of Berlin. They are sniping in the darkness along the main avenues of the city, and in some instances these approaches have been closed by barbed wire entanglements and barriers of paving stones. That the Spartacans are well equipped is shown by the fact that the troops have captured from them several machine guns and numerous rifles.

Berlin Reports Receiving Billion Dollar U. S. Loan
London, March 22.—A despatch to The London Times from Berlin, dated Monday, says it is reported in the German capital that an American loan of a billion dollars has been received.

TURKISH SITUATION STEADILY WORSE
All Parts of Empire, Except the Capital, May Be Plunged Into Anarchy.
London, March 22.—The news from Turkey becomes steadily worse and there is at least a possibility that all parts of the Ottoman dominions, with the exception of Constantinople, will shortly be plunged into a state of complete anarchy.

COUNCIL FINALLY DECIDES TO ORDER CONSTRUCTION OF MOUNT PLEASANT CAR LINE

The Mount Pleasant Line Wins.
By Vote of Sixteen to Ten, After Lengthy Session, Much-Needed Work Was Ordered to Be Undertaken—How They Voted.
Toronto's city council, by a vote of sixteen to ten, voted in favor of the construction of the civic car line on Mount Pleasant road. Favoring the recommendation of the board of control regarding the line's construction were Mayor Clouston, Controllers McGuire and Gibbons, and Aldermen McKee, Sykes, Wilburt, Massey, Black, McLaughlin, Hogg, Gault, McEwen, and Gault. Opposing the line's construction were Aldermen Ransom and Cameron and Aldermen Kinnear, McEwen, Sager, Wheeler, Mann, F. W. Johnston, Huey, Lord, Beaman, Maxwell, and Nesbit.

WILHELM SUSPENDS HIS WOOD-SAWING
Greater Restrictions Imposed by Authorities at Amerongen Castle.
The Hague, March 22.—The silence at Amerongen village and the castle now is unbroken. For one week the ex-king has not been seen outside of the castle gates.

GENERAL STRIKE CALLED IN ALSACE-LORRAINE
Strasbourg, Alsace-Lorraine, March 22.—A general strike was called here today, owing to the failure of the employers and workers to reach an agreement concerning the men's wage demands.

Soviets' Proposal to Italy For Resumption of Relations
Paris, March 22.—The Russian soviet government has proposed to Italy that relations between the two countries be resumed immediately, according to a despatch to The Temps from Reval.

FEDERAL ESTIMATES FOR THE FISCAL YEAR TOTAL \$537,149,428

Because Revenue is About Two Hundred Million Dollars Below This Sum, Another National Loan Will Be Required to Meet the Deficit—Toronto City is Voted \$2,325,000 for Harbor Improvements and Postoffice.

VOTE FIFTY MILLION FOR RE-ESTABLISHMENT
By Toronto World Correspondent.
Ottawa, March 22.—The estimates are more remarkable for what they indicate than for what they contain. With the expenditure reduced to the lowest possible point it is doubtful if our current revenue will equal current expenditure while millions are being added to our capital account. The ministers admit we must find new sources of revenue. Canada must be prepared for the future for an annual budget of at least four hundred and twenty-five million dollars and if there is to be national development on a large scale this will have to be materially increased. This year's revenue will amount to about \$365,000,000 so that to be a sound business concern there must annually be obtained fifty to seventy-five million more than is at present being raised. This year's estimates called for an expenditure of \$537,000,000 as compared with \$300,000,000 last year.

WAIT FOR WILSON TO SHOW HIS HAND
Senate Leaders Delay Plan to Declare a State of Peace.

TO NOTIFY THE POWERS
Washington, March 22.—While the original copy of the Versailles Treaty is back in the possession of President Wilson, the copy that he brought back with him from the peace conference in Washington is wanted today for the next step is to be in connection with the document that the senate has repudiated.

THESE PASSENGERS WERE THIRSTY CROWD
New York, March 22.—The steamer Calameres of the United Fruit Company returned today with 118 tourists from cruises to Central America and West Indian ports. The steamer sailed from New York Friday 28. According to the purser \$1,700 worth of liquor was sold on the trip. Beer sold at 10 cents a glass and highballs at 25 cents. It was estimated that each passenger had on an average of 75 drinks.

BOLSHEVIKI PREPARE GRAND OFFENSIVE
Repeated Attacks Launched at Points Along the Polish Front.
Warsaw, March 22.—The Bolsheviki Friday and Saturday launched repeated attacks along various parts on the Polish front. These are considered by the military authorities to be preliminary to the long heralded general spring offensive. The attacks were repulsed by the Polish 900 Bolsheviki being taken prisoner in the two days' fighting.

THE HAT THE PRINCE WEARS.
They are here now after long waiting the nobility collection of new spring shapes, for young men, including the "Windsor," the style of hat the Prince of Wales wore on his tour thru Canada last season. Beautiful soft Pearls with broad black bands, small roll brims and altogether different from those of other seasons. For sale at Deane's, 140 Yonge street. Price \$10.

DENIES DENISON'S RESIGNATION ASKED
Attorney-General Says City Members Made No Such Suggestion.
Rising to a question of privilege, Attorney-General Raney in the legislature yesterday read a news item from an evening paper alleging that the Toronto members and civic representatives were requested by the attorney-general to consider a suggestion that Col. George Taylor Denison should retire on half pay and thus clear the way for the appointment of a successor.

WANT NEW NAME FOR ROYCE AVE. PROPERTY

A large and representative meeting has been called by the ladies' auxiliary of the G.W.V.A., Earls Court, at Belmont hall for Thursday evening to discuss the name that shall be given to the Royce property recently purchased by the city as a park for this district. An executive committee will be appointed after the meeting has voted on the name, "Prince Edward," "Victoria" and other names have been suggested.

It is that the name of Earls Court Park should be the name. The meeting is to be an open one and all the local organizations are invited to be present and take part in the discussion. Messrs. W. H. Mitton, William Carter, John Pitton, John R. Bull, oldest pioneers of the district; Reeve Miller, A. B. Law, H. J. MacDonald, Brook Sykes and Reeve Miller will be among the speakers.

Donald, president of the auxiliary for the district, declared that the Earls Court branch G.W.V.A. The committee desire to thank the Palmer family, and the other artists for their kindness in donating their services.

SWANSEA VICTORY L. O. L.
Swansea Victory L. O. L., 2761, held a successful social and dance in the public school on Friday evening last, 209 being present. Miss Hazel Angus, soprano, and Mr. Jas. Beswick, entertainer, favored the company with some delightful songs and humorous readings. Dancing was continued until 12 p.m. and everybody thoroughly enjoyed themselves.

YORK COUNTY AND SUBURBS

"BACK TO PARTY," CONSERVATIVE CRY

New Danforth Association Issue Call to Return to Party Lines.

Optimism for the future success of the Liberal-Conservative party was the keynote of the speeches delivered by many prominent speakers at a meeting of the new Danforth Conservative Association, which filled the large meeting room in Playter's Hall, corner of Broadway and Danforth, avenue, last evening. J. R. MacNicol was in the chair.

In his introductory remarks the chairman pointed out that the new branch, altho the baby was a very justy one, and together with North Toronto and the North End of Ward Six, formed the three associations inside the riding of South York. "When the next election comes along the group will raise up a big Conservative majority within the city limits," said the speaker. "The interests of Canada in general and the province of Ontario in particular, are bound up in the old Conservative party, which has placed more and better legislation on the statute books than any government since confederation," said Mr. MacNicol, who proceeded to point out that unrestricted reciprocity with the United States and free trade was the policy of the two young anti-conservative and farmers, Hon. T. A. Crearer and Hon. W. L. Mackenzie King.

Praise for Sir Adam.
Proceeding, the speaker said: "Sir Adam Beck has always been a Conservative and he was one with the people in his own home town, who could not always follow Sir William Hearst. If Sir Adam Beck had been elected he would have led the Conservative party to victory and would suggest to Northern Ontario that Sir Adam be their nominee," said Mr. MacNicol.

Ex-Alderman H. H. Ball, who received an enthusiastic reception, declared that the people must get back to party government, and this feeling was shown by the resolution adopted at the Central Ratepayers' Association to outline a program for the Conservative party. "I don't feel any interest in Ottawa," said Mr. Ball, "there is no program there to attract our attention. The franchise act after discussion by that government will no doubt be disappointed."

Stand By National Policy.
They were going to stand by the national policy, declared the speaker, who pointed out that there is no country in the world where can be seen such a general apathy among the people, which, he maintained, was due to the policy of Sir John A. Macdonald. With happy, thrifty and prosperous conditions the people of Canada were not going to disrupt that policy.

Mr. Ball further pointed out that outside of Lloyd George there was no more outstanding figure than Sir Adam Beck, and the party was relying on Sir Adam to make the province the industrial hub with his great Hydro scheme.

Not Down-Hearted.
Joseph Thompson, M.L.A., said the party was not down-hearted, but full of pep and fight. "Forty per cent. of the Conservatives in the local legislature are not in line with any anti-conscriptionists for being put there. I would sooner be in opposition than be elected by such people. We are a conscriptionist party, and should fight for the motherland and Canada," he said.

R. H. Douglas, Cochrane, in his speech, defended the actions of Hon. Howard Ferguson in parliament, and the Kapuskasing camp. "New Ontario today is a business proposition for the older part of Ontario, and is the greatest investment for Ontario," said the speaker, who declared that millions of dollars have been spent by the government in that section who do not want sympathy," he said. Mr. Douglas pointed out that Ontario is the greatest clover and cattle country, and only needed clearing.

Mr. Howard Ferguson's heart and soul are in his efforts for the returned men, who, I honestly believe, "are disheartened because they cannot produce a crop the first year on the land." Ninety per cent, however, of the British people of New Ontario belonged to the Conservative party, and there were immense possibilities for settlers in the section.

Had Absorbed Liberals.
A. E. Donovan, ex-M.L.A. for Brockville, declared that the Conservative party, altho it absorbed the Liberals from time to time, was never itself absorbed by that party.

"We don't regret some of the bills passed in the legislature in Queen's Park, but some of them were so uplifting they lifted us out of our seats. I was reminded by Hon. Mr. Hanna, when the O.T.A. was being passed, that the bill would put us out of power. It did," said the speaker, who added that the present government at Queen's Park would not receive the support of the farmers when it came to a question of free trade; it would not appeal to them, as it would not appeal even to the farmers in the west. What was wanted today was the policies of both the Liberal and Conservative parties.

"We want," he added, "stability, and we want to discuss the great questions. With regard to Sir Adam Beck, who has a greater proposition to handle with the \$200,000,000 Hydro scheme than his acceptance of the premier-ship of Ontario, if such were offered to him, I honestly believe that it would be better for him to be alternated from the position, and the Hydro scheme taken out of politics altogether."

During the proceedings, Ernie Cooke furnished cigars to the audience, and a musical program was contributed by the following artists: R. J. Roberts, Sam Hill, R. Godfrey and N. Talbot, pianist.

Among those present were: J. M. Skelton, North Toronto; W. D. Robbins, W. Tytle, George Whiteside, Neil Macdonald, president Danforth Conservative Association, who welcomed the speakers in a brief address; A. J. Stubbings and others.

YOUNG JEWISH PEOPLE DEBATE LIVE TOPICS

Under the auspices of the young men and women of the Jewish community, the second series of popular debates was held yesterday in the Zionist Institute of which H. M. Lehrer is president. The proceedings were of a very animated character, and was voted an overwhelming success. The first debate was between the young women, and the subject, "Resolved, that the British form of government is superior to that of the United States," resulted in favor of the affirmative. Miss D. Schechter and Miss E. Hiser of the "Victory" girls took the affirmative, and Miss J. Narosky and Miss S. Smith of the "Judah" girls the negative.

The second debate, "Resolved, that women should take an active part in politics," was defended by Miss Rosenberg and Miss Manilla of the Alpha Kappa, and was opposed by Miss J. F. Feuerstat and Miss L. Goldberg of the "Branders" girls. The decision was in the affirmative.

The latter debate was voted the best of the evening.

Mrs. I. H. Seigel, Beaches district, occupied the chair and only favor the Hamilton, Mrs. Hector Prenter and Mrs. H. G. Levetus acted as judges.

The proceedings next Sunday, which take the form of eliminative contests, will be held under the auspices of the Hebrew Literary and Athletic Club and the Disraeli Fraternity. The subject of debate will be, "Resolved, that the Canadian senate should be abolished." The winner of the above debate will contest against the previous two teams, and a trophy will be awarded.

YORK TOWNSHIP DIVISION. One Ratepayer Thinks There Should Be Two Townships Rather Than Two Towns.

The proposed division of York Township, if accomplished, will give the people of the eastern section no real relief, and will only favor the western section," said Dennis McCarthy, secretary of the Amalgamated Ratepayers' Association.

"There should be two townships and two towns, and wider powers given by the legislature for their government," said Mr. McCarthy, adding that he had at present an open mind on the matter of annexation to the city, in connection with the eastern or in opposition to the proposal.

"DAVID IN HIS YOUTH."

Under the auspices of Kew Beach Presbyterian Young People's Society, an interesting meeting was held last night in the Sunday school room. Russell Brock, president, occupied the chair. The address of the evening was a Bible study, "David in His Youth," after which there was a general debate, followed by a social hour, and a short musical program contributed by the members. Rev. J. A. Cranston, pastor, was among those present. The meeting was well attended.

FOR GOOD CAUSE.

Cara Gourie, 220 Kingswood road, the little 10-year-old girl who was instrumental in raising a handsome sum of money by means of an entertainment held recently in Kew Beach Presbyterian Church, in aid of a distressed family, consisting of a mother and eight children, the father having died from the "flu."

With a handsome bouquet of flowers by the members of the Beaches Branch, G.W.V.A.

SCARBORO WATERWORKS' SCHEME BEFORE BOARD

Chairman McIntyre of the Ontario Railway Board yesterday overruled local objection to the Scarborough township waterworks bylaw. I. H. Sanderstead expressed a doubt concerning the application of the whole of the \$130,000. The board agreed that the district needs water and fire protection. The provincial board of health supply will certify the purity of the water supply.

LOOKS FOR INFLUX FROM OLD COUNTRY

F. B. Robins Returns From Visit to British Isles—All Eyes on Canada.

Canada may expect a big immigration from the British Isles beginning immediately, according to F. B. Robins, of the real estate firm of F. B. Robins & Company, who returned to Toronto on Sunday after an absence of five months spent in the old country. All the steamships are booked up for months ahead, especially the lines running from Scotland. Canada is well advertised, says Mr. Robins, and she will get hundreds of thousands of good citizens from outside in the next few years.

Speaking of conditions in the British Isles, Mr. Robins declares production is speeding up, and everybody seems to have money. "Persons who have watched the pound dwindle may have had their fears for the financial safety of England, but let me tell you such fears are groundless," said Mr. Robins. "London is still the money centre of the world in spite of certain claims set up in New York. The British are holding the big end of the shipping trade and will continue to be the world's greatest exporting country. The depreciation in America of the value of the pound is not hurting Britain and it is doing a great deal of good for her industries. If they found it necessary they could pay off the debt to the United States in 24 hours and restore the exchange. There will be millions of British money for legitimate Canadian enterprise."

House Scarcity Surprises.
Mr. Robins was surprised to find such a scarcity of houses in England. The demand has been so great that the government has undertaken to construct 500,000 houses, and artisan's houses are costing about \$90 pounds to build, but the workmen seem able to pay the prices.

Speaking of the outlook for building here, Mr. Robins predicts that there will be plenty of work in the building industry in spite of the high costs of materials.

"They have costs up in the States, too," he said, "but that is not stopping them. There is a new building going up in almost every block in the business district of New York."

He was gratified to find business so active in Toronto and thinks it will be even better very shortly. It was unfortunate that the tax rate was going to be so high as that would have a tendency to halt some part, but real estate was bound to continue very active.

Money in Real Estate.
"There will be lots of money made in real estate," he continues, "the people who have been plunging in the stock market and getting in wrong, as some of them have lately, will be getting back to solid investments. Wars come and go but real estate in a young and growing city like Toronto will always bring a profit to the investor."

Quoted about the report that he had negotiated for the purchase of sites for two hotels in the old country for John Bowman of New York, Mr. Robins said there was nothing to announce yet, as the deals would not be closed up until June. The New Yorker, he said, would have a large hotel in London and another for the summer trade in one of the most attractive parts of Scotland. Contracts for the construction of these hotels would be let in June.

DRIVER DID NOT TRY TO ESCAPE

No Truth That Police Are Looking for Driver of Wrecked Car.

The World yesterday received from Hughes and Agar, solicitors for R. McKay and F. B. Culliton, the following: "In behalf of Richard McKay, of the city of Toronto, in the county of York, the driver, and F. B. Culliton, of the same place, the owner, of the motor car referred to in an article in last issue of your newspaper dated March 22, 1920, under the caption, 'Car Turns Turtle—Driver Runs Away,' we hereby notify you in writing that the following statements in your article are, complained of: 'Driver runs away.' 'The driver has disappeared.' 'The chauffeur was captured shortly after his escape, and the county police are now looking for him.'

"The accident did not take place at Mimico at all, but at Port Credit. The driver did not escape and did not try to escape, and the county police are not now looking for him."

"The article, therefore, impliedly and falsely accuses R. McKay of having committed a crime and is a very serious reflection upon his character and upon the automobile livery business of F. B. Culliton."

The World published the news item complained of in the usual course of events, and disclaims any intention of injuring in any way the two gentlemen concerned. For any injury that may be done them The World expresses its regrets.

unrest was said to be spreading among the agricultural population in Pomerania and Mecklenburg. The communists were still in charge today at Stettin. At Kiel, which the troops had left, conditions were reported quiet.

To the north of the Spree, in the Berlin district, the outposts of the regulars have been withdrawn, leaving detachments to guard the stockyards and railway station.

The marine brigade and the Baltic troops, which occupied Berlin during the Kapp regime, have been cleared from Charlottenburg, and have joined the other military units in the Doberitz camp, where all are settling.

An official report from Leipzig says that no further excesses occurred on Sunday in that city, and that several points evacuated by the workmen were occupied by troops. In the suburbs, however, the workmen refused to abandon their positions. Further communist reinforcements have arrived, the reports added. Railway traffic in the Leipzig region was fully resumed on Sunday.

DOMINION G.W.V.A. ON VOTE FOR ALIENS

(Continued from Page 1)

Dominion expect from them a full declaration of the principles for which the association stands, and that they are justified in this expectation, hereby declares:

1. That the foundation principle upon which this our association, rests, is national service, and that we unreservedly commit ourselves to a standard of service for Canada and the British Empire in the national and international development as full, as self-sacrificing and free from personal motives as that rendered by our army overseas.
2. That we pledge ourselves to the common service of our country, acknowledging no pre-eminence in our association except devotion in the building up of our nation.
3. Only Demand Just Rights.
3. That we reject for our association and ourselves any claim to special or peculiar favors, based on our military services, simply demanding our just right as returned citizens of this country, to be placed on an equality with our fellow-citizens who were not privileged to serve.
4. We hold it to be inherently just, and only worthy of this great nation, that the dependents of our deceased comrades, who willingly gave their lives that this land should be free, and our dear comrades should be given by the government of our country such pensions and allowances as will enable them to live according to the accepted standard of our people.

Reaffirm Loyalty.

5. We desire to reaffirm our unwavering loyalty to King and country, and while we deplore the existence of many conditions—political, religious, racial and social—which are harmful and pernicious, we also realize that lasting betterment can only be obtained by the free expression of the people's will, given in a constitutional way. Therefore, while we demand citizens to the elimination of such unjust conditions, we pledge ourselves to lawful and orderly procedure.

6. Believing that national citizenship is not dependent on accidental distinctions of birth or sex, we urge the extension of the municipal, provincial and federal franchise to all persons of Canadian or British birth, who have reached the age of 21 years, and to all persons of foreign birth of like age who have properly declared their desire for citizenship, who after due probation assumed full responsibilities of citizenship.

Is a Nickel Plated Channel Bar Bumper That Fits All Fords and '490' Chevrolets

It is of nickel-plated steel; arms are of black enamelled cast-iron, with complete fittings, \$6.50.

\$22.50 Buys a Set of Slip Covers For a Ford

of substantial brown material, neatly bound with black leatherette. Set consists of cover for each seat and back of seats, doors, kicking pad for back of front seat, and complete cover for hood. Such a set adds greatly to the appearance of one's car, and incidentally lengthens the life of upholsterings. Price, \$22.50.

Store Opens at 8.30 a.m.--Closes at 5 p.m. Closing Saturdays at 1 p.m.

THE "RE-NU-CAR" OUTFIT

Offers Splendid Value at \$4.65

For One Gets

- No. 1—A can of top dressing.
 - No. 2—1 can of interior top dressing.
 - No. 3—1 can of black varnish for body.
 - No. 4—1 can of black varnish for chassis.
 - No. 5—1 can of black enamel for hood and fender.
 - No. 6—1 can of leather dressing for seat; 3 brushes—1 for top dressing, 1 for body, and 1 for chassis.
 - 1 package of waste.
 - 1 piece of cheese cloth.
 - A sheet of sand paper.
 - And one tin of nickel polish.
 - And 1 Chamois.
- This outfit is considered sufficient for the average sized car. Price, \$4.65.

Ford Rubber Mats

Suitable for Ford models, 1915 to 1919. The mats are made from heavy rubber material with proper openings for levers. Price, \$2.00.

\$7.50 Buys a Complete Speedometer for a Ford

It may be obtained in black or nickel finish. The instrument board, which is included, is covered with black leatherette and has end brackets. The rest of the outfit consists of a flexible shaft and casing and helical gear drive. This outfit, it is said, can be applied by anyone in 20 minutes with a wrench and screwdriver. Though if you prefer, we've arranged with an expert mechanic who will install the above speedometer for \$1.00.

Lyon Spring Bumper

(It fits all Fords and "490" Chevrolets), of resilient steel, which returns to its original position after striking an object. It is unnecessary to do any drilling or cutting. Price, nickel finish, Ford, \$14.50. Price, nickel finish, Chevrolet, \$15.00.

Mr. Roebuck said that he had information that was quite a surprise to him that the board had decided to start the day in peace and quietness.

CONSEL CLASHES AT GROCERS' PROBE

Counsel for Attorney-General, However, Stands to His Guns... An Irishman remarked that with the exception of three of the most pretty fights he had ever witnessed there was no excitement at the funeral at all.

Mr. Roebuck proceeded to question the witness on the figures of a balance sheet he produced. McKay who appears for the grocers, objected to the questions, and Mr. O'Connor informed him it was a matter of ethics if such questions should be put.

Mr. O'Connor said the board was compelled to take a mass of uninteresting detail to arrive at a point he reached that stage the board woke up and the real fun of the engagement began.

Mr. O'Connor said the board was compelled to take a mass of uninteresting detail to arrive at a point he reached that stage the board woke up and the real fun of the engagement began.

THURSDAY IS ARMY and NAVY DAY... "Shoulder to Shoulder" "Shoulder to Shoulder"

OSGOODE HALL NEWS

Weekly court and chambers for the remainder of the week will be held at 10 a.m.

Second divisional court peremptory list for Tuesday, 23rd inst., at 11 a.m.: Prozeiler v. Wilton, Rex v. Zura, Rex v. Oikilka, Paton v. Fillion, Diette v. Brocklin, Anshorn v. Stewart, Boudry v. Thompson.

Before J. A. C. Cameron, Master. Dunn v. Dunn—C. A. Thomson, for plaintiff, moved to strike out defence for failure to comply with notice to produce; Liberman (Lennox & Co.), for defendant. Order made that affidavit be filed on or before 27th inst. Costs of application to plaintiff in any event.

Salisbury Electric v. Usher—A. D. Mackenzie, for defendant, moved for further affidavit on production; E. A. Harris, for plaintiff. Order made for delivery of copy of letter. Costs to defendant in the cause.

Eurus v. Imperial Steel—M. L. Gordon, for defendant, moved for order for increased security for costs; J. S. Bell, for plaintiff. Order made for increased security of \$1000. Costs in cause.

Huston v. Huston—E. D. Wilkins, for plaintiff, obtained order for leave to issue writ for service outside the jurisdiction on defendant in New York. Appearance in 12 days.

Before Middleton, J. Canadian Dyeing Association v. Burton—G. W. Mason and K. B. MacIaren, for plaintiffs; J. R. Roaf, for defendants. Motion for judgment on pleadings in action for specific performance of alleged agreement, whereby defendant was to sell to plaintiff premises at 25 Hanna avenue. Judgment: "The correspondence is far more than a mere quotation of price. In my view, the defence urged fail, and there should be judgment for the plaintiff with costs."

Second Divisional Court. Scanlon v. Liquid Carbonic—S. H. Bradford, K.C., for plaintiff; H. W. Shapley for defendant. Appeal by Shapley from county court of York, December 31, 1919. Action to recover \$1,694.77, balance alleged due as commission earned by plaintiff as salesman for the defendant. At trial the action was dismissed. Appeal allowed with costs and judgment entered for the plaintiff for \$231.17 and costs.

Buckley v. Toronto Railway—T. J. Agar for plaintiff appealed from the county court of York, January 3; P. White, K.C., for defendants. Action to recover \$200 damages for injuries to plaintiff's motor car when struck by street car on Sherbourne street. At trial plaintiff was not suited. Appeal allowed and new trial directed.

Bank Claims \$133,000. In Action has been entered at Osgoode Hall by the Bank of Montreal against Samuel W. Ray and Charles W. Jarvis of Ray, Street & Co., for \$62,945.47, alleged due on promissory notes. In another action the bank claims \$71,100 under a mortgage on Port Arthur lands.

REAL ESTATE NEWS. A six-storey reinforced concrete warehouse will shortly be erected on Phipps street, running back to St. Joseph street, for M. Bayliss. The building will have frontage of 85 feet. Messrs. Wickson & Gregg are the architects.

The premises at 17, 19 and 21 Elizabeth street have been sold by E. Pullen to Purdy-Mansell for \$55,000. The lot will be cleared of the old buildings and a modern structure erected on the site.

The store and residence at 1098 Balmurst street with a frontage of 19 feet has been purchased by H. H. Didsill, who has occupied the property as tenant for years. The vendor was Chas. Moffitt and the price was \$10,000.

EVERYBODY WILL SOON BE FLYING

Handley Page Tells of Possibilities of Commercial Flying in Canada... As the guest of the Canadian Club yesterday, Frederick Handley Page, the well-known maker of airplanes, praised Canada for her air work, and pointed out the great possibilities for commercial aviation in this country.

Such work as is required to be done by the airplane for public service, said Mr. Handley Page, "should be contracted as a private enterprise. Private enterprise, having to pay its way, will see that the equipment is the best possible to give a return on its money. This large body of private enterprise, called into being to serve commercial needs of the country, can be utilized to form a very great defence purpose for the empire's need. Whenever the call should come for aircraft for military purposes, the great body of commercial aviators, trained in flying under the strenuous conditions of peace-time competition, and great numbers of machines used for air services, should be available at once for the country's service."

Looks to Canada. The speaker then pointed out that Canada will probably play a large part in the world's commercial aviation as an aerial highway between Asia and Europe. He stated that airplanes have more of a necessity here than in Europe, owing to the size of the country and the distance between centres of population. He also showed the usefulness of airplanes in protection against forest fires to conserve the supply of spruce, so necessary in the construction of airplanes.

CLAIM UNDER JUDGMENT. Action has been entered by Mrs. Nellie M. Bailey against Charles E. Bailey for \$1,895.88, alleged due under a judgment of the Maine court on January 1, 1909, by which the marriage between the parties was dissolved.

Costs here and below to be costs in the cause. Anticknap v. St. Catharines—A. C. Kingstone for defendants appealed from county court of Lincoln, February 2, 1920; J. H. Campbell for Nelson estate, and G. F. Peterson for Swayze Bros., third parties. Judgment reserved.

Master for defendant appealed from Lennox, K.C., October 20, 1919; J. W. Bain, K.C., for plaintiff. Appeal not concluded.

George E. Short is called by death. Many friends will learn with regret of the death of George E. Short, 130 Leslie street, in his 27th year. The deceased was a first contingent man, serving overseas with the 2nd Machine Gun Battalion. Returning to Canada in May, 1919, he joined the Toronto fire department, where he was employed until last Thursday, when he contracted pleuro-pneumonia, succumbing after a five-day illness. His father, mother, three sisters, and four brothers, survive.

The funeral will take place to St. John's Cemetery, Norway, at 2 o'clock, Thursday afternoon.

Studebaker SPECIAL-SIX. A road test in the SPECIAL-SIX will give you a new conception of how a modern motor car should perform. Phone for a demonstration at your convenience.

The Toronto World

FOUNDED 1890. Morning newspaper published every day in the year. The World Publishing Company of Toronto, Limited.

TUESDAY MORNING, MARCH 23.

Let Labor Try Its Hand.

Whether it is possible by any conciliatory policy to assuage the Sinn Fein demand for an Irish republic nobody at this distance can judge.

There may not be as much as Mr. Page thinks in the case for promoting peaceful aviation as a keeping fit for war.

A counsel of perfection may be bluntly mentioned, even though it has no prospect of being accepted.

Medical science has reached such a stage that the way to defeat one army of germs in your body is to set another army on it.

Let them propose a truce for six months, during which production from soil and factory will be promoted and advantage taken of every opportunity to develop goodwill and understanding.

Attention of Medical Council. A well-known citizen brings to the World a story of medical practice in Toronto which calls for some illumination by the medical council.

A child was seriously ill. On request, the family doctor called others into consultation, including a specialist.

The family doctor was notified of this desire, and said that, of course, it was the privilege of his patients to use their own discretion.

Appaled to for this service, the other practitioner said he would not telephone the specialist.

The precise question of medical etiquette involved is something the average layman cannot be expected to appreciate.

When doctors disagree, it has always been regarded as proper to call more doctors. But when they refuse to telephone one another while humanity suffers—what is the situation from the point of view of professional discipline and public interest?

The doctor is everybody's friend. His forbearance towards fussy sufferers sometimes must be as great as his skill.

The devoted servants of the community. The case to which attention is now called is probably singular, but for that reason it should be examined

by the medical council, for it is better that much trouble be taken than that the recovery of health by one child should be retarded a single day.

Dividends From the Air?

The builder of leviathan aeroplanes, Mr. Handley Page, whom one of the papers knighted, spoke to the Canadian Club yesterday on the commercial aspects of aviation.

Canada supplied eleven thousand men for the Royal Air Force—a larger percentage of the population than any belligerent country sent a flying.

For forest patrols and railway surveys thru rough country (to we are not in the big railway building just now) the flyer can be the best aid to results.

There may not be as much as Mr. Page thinks in the case for promoting peaceful aviation as a keeping fit for war.

"ALAS, POOR YORICK!"

SIMS BLAMES ADMIRAL BENSON AS ANTI-BRITISH OFFICIAL

SAYS HE WAS THE MAN WHO SAID U. S. WOULD AS SOON FIGHT THE BRITISH AS THE GERMANS, AND NOT TO LET WOOL BE PULLED OVER HIS EYES.

SPECIAL COMMITTEE TO DEBATE PENSIONS

(Continued from Page 1.) It says that a new fiscal policy would be announced on May 1.

Mr. King, referring to the announcement in the newspapers that the naval service of Canada was to be demobilized, asked Mr. Ballantyne if he had any statement to make to the house.

The minister replied that the announcement appearing in the newspaper was wholly unauthorized.

At question time, Sir Henry Drayton, in reply to Mr. Casgrain, gave the cost of each general election from 1896 to the year 1917.

In answer to Mr. Casgrain, Sir George Foster stated that as regards the intention of the government to introduce an act to control newspaper newsprint, such matter could not be decided one way or the other until the pending action in supreme court was decided.

In answer to Mr. Gaurreau, Hon. J. D. Reid stated that no provision for increased pensions for superannuated employees of the Intercolonial Railway could be made pending the completion of a scheme under which it is proposed to make uniform pension rules for all Canadian National Railway employees.

The board of commerce on the one hand, is doing all it can to destroy the farming industry, he said.

BY SAM LOYD. 10 Minutes to Answer This. No. 142.

WORLD'S DAILY BRAIN TEST

BY SAM LOYD. 10 Minutes to Answer This. No. 142.

15 Minutes to Answer This. A consumer went before the food commissioner and complained.

I can't fill the market basket at present rates. Now, let us imagine that it is full at these high prices.

How much does it cost to fill the basket at present prices?

Plant, tolerant, gallant, brilliant, squarid, flippant, dormant, abundant, cant, grant, want, attendant, adamant, hydrant.

(Copyright, 1919, by Sam Loyd.)

THE GIRL WHO SMILED THRU

By MARION RUBINCAM. A LETTER FROM LOIS. CHAPTER 35.

"But I don't believe it. I can't believe it!" Clara said one evening. She had "run over," as she expressed it, on an unimportant errand.

"But you saw the paper last week," Mrs. Fairbanks said. "It had a paragraph about it, that he had gone and had no intention of coming back."

"I thought he couldn't be spared from his work," Mrs. Fairbanks said. "Alice seemed to think he nearly ran that farm out there."

"Well, he's gone," Mrs. Fairbanks said, by way of answer. "You take it as calmly," Clara said, looking at the older woman curiously.

"I am," Mrs. Fairbanks said. "I don't see how any man could prefer another girl to Alice. That is, a man of sense. David and I have been married for twenty years, and I have never loved any other woman but Alice."

"I don't see how any man could prefer another girl to Alice. That is, a man of sense. David and I have been married for twenty years, and I have never loved any other woman but Alice."

"I don't see how any man could prefer another girl to Alice. That is, a man of sense. David and I have been married for twenty years, and I have never loved any other woman but Alice."

"I don't see how any man could prefer another girl to Alice. That is, a man of sense. David and I have been married for twenty years, and I have never loved any other woman but Alice."

NAVY LEAGUE WIRES PROTEST

Asks Government to Reconsider Proposed Abandonment of Naval Policy.

Navy League of Canada learns with deep regret intention of government to abandon active naval policy.

CLASSIFY PRISONERS, SAYS JUDGE COATSWORTH

The grand jurors in the sessions, in their presentment, suggested stiffer sentences for those convicted of theft for a second time.

WILLS PROBATED.

By his will, dated April, 1919, William Power, insurance adjuster, and sometime superintendent of the buildings of the C.N.E., left \$100 to each of his three grandchildren.

CLAIMS RETURN OF DEPOSIT.

Judgment was reserved yesterday by Judge Denison in the action by J. G. F. Ansley against H. Addison Johnston for the return of \$200.

LEGISLATURE NOTES

Mr. Mewhinney inquires: When did George E. Morrison, provincial inspector, (public accounts, page 617), cease to be in the employ of the board of license commissioners for Ontario?

Mr. Pinard asks: Under what authority and on what date was the payment made to J. Castoll Hopkins for 40,000 copies of the book entitled "The Province of Ontario and the War"?

Major Tolmie asks: What was the total cost of the last provincial general election, including expenses for all purposes, and separately, the expenses for enumeration and preparation?

Mr. Marceau will know: What are the miscellaneous services performed by Jas. E. Lawson for the sum of \$6000 that was allowed in connection with the Ontario election act?

Mr. Mageau asks: Is the government exacting, or does it propose to exact, either from the old Canadian Copper Company or from the new International Nickel Company of Canada, Limited, and from the Mond Nickel Company, the taxes which the government was entitled to receive under the report of the Royal Ontario Nickel Commission, and under the law, for the prior two years, for which the late government neglected to obtain payment, while enforcing taxation for the two years, 1916-17 and 1917-18?

Mr. Hall asks: Is there any agreement between the government of the province of Ontario and any of the nickel-producing companies, under which Ontario nickel ores are now being refined in Ontario? If so, to what extent is the refining of such ores in Ontario obligatory under such agreement? What are the dates of such agreement, if any, and the companies with which such agreements were made?

Mr. Bragg asks: In what capacity is I. F. Corey now employed by the board of license commissioners for Ontario under the Ontario temperance act?

Mr. McAlpine inquires: What were the "services re race track" for which the firm of Clarkson, Gordon & Dilworth was paid the sum of \$4350 and traveling expenses of \$301.63, totaling \$4651.63? (Public accounts, page 77.)

Col. Cooper asks: Are A. R. Boswell and W. G. Yale still in the employ of the government as superintendent and deputy superintendent of insurance, respectively? (Public accounts, page 6.)

Mr. Asmussen wishes to be informed: Is Edward Lewis in the employ of the board of license commissioners for Ontario?

Mr. Rennie has the following inquiry: Are the W. W. Simpson, to whom the sum of \$4214.67 was paid for services and expenses of operatives, and the H. E. White, to whom the sum of \$782.63 was paid for services and expenses of operatives, making a total of \$5000.30, the same men who are interested in the Employers' Detective Agency, which was under consideration in the recent investigation before Mr. Commissioner Meredith? Why does the payment not appear as a payment to the Employers' Detective Agency? Are Simpson and White, or either of them, or the Employers' Detective Agency, still engaged by the government?

Mr. Govenlock will ask a Mr. Cleland in the employ of the board of license commissioners for Ontario, and if so, in what capacity and what are his duties? Was he formerly local manager of the Ontario government dispensary at Hamilton? Is one, W. B. Cleland, general manager of the Ontario government dispensaries under the board of license commissioners for Ontario? Is he any relation to W. B. Cleland, local manager at Hamilton above referred to?

Alfred Hall's standing as a carrier and solicitor is the subject of a bill introduced in the legislature by Andrew Hicks one of the U. F. O. members. Mr. Hall represents that he was called to the bar in Ontario in the latter term of 1928, but owing to irregularity which he lays at the door of the Law Society of Upper Canada, his name was removed from the rolls in 1930.

John Dale O'Flynn of Belleville, a McGill student, who served in the C. E. F. for two years and eight months and now, owing to the effects of the campaign, is unable to attend lectures, is to be authorized to practice by a bill introduced by Mr. Denyse, U.F.O.

The town of Perth asks authority to borrow money for the extension and completion of its sewage system without assent of the electors. Abnormal cost of labor and material is the cause. High taxes and cost of living in Perth are driving from Gore Linn, the home willed to her for life, Florence R. Bond, widow of the late John Martin Bond. The executors were empowered to pay taxes and \$100 a year for repairs on the property; but annuity granted and the sum authorized by the will are

The Super-Test

- BEFORE you are asked to buy or try Dunlop Cord Tires, they must undergo a test such as you would never give them. Tires just like your garagemen and dealers now sell are put on our own test cars, and away speed the drivers. A Test that takes up day and night. A Test that takes in some of the worst roads in the country and the generality of bumps, bad turns, and all the sudden stops that go with them. A Test that specifies the number of miles which must be made by the drivers each day and night. The results of this crucial test, naturally, have an important bearing on our manufacturing policy. Tested-in-Advance Service aptly applies to Dunlop Cord Tires—"Traction," "Ribbed." Can you ask for a greater guarantee than the story the road tells—a story which in the case of Dunlop Cord Tires proves that our manufacturing methods are not only Right but Dead Right?

to get into a more economical place, and the trustees would lease or sell the property.

The Toronto city bill asks authority for establishment of Toronto transportation commission for the control and management of the street car systems, including the civic car lines, the construction and operation of motor buses, subways, tubes and all transportation facilities entrusted to it for which purposes it shall have power to borrow money on debentures not to be counted as a part of the city's borrowing powers.

The bill affects the assessment of nearly sufficient. The widow wishes to ascertain the limit of the city's borrowing powers.

Mr. Evanturel is in charge of a bill to confirm an agreement between the Board of Paper Co., and the town of Hawkesbury.

dwellings occupied by owners on the following scale:

Dwellings houses assessed for \$2,000 or less, 50 per cent; from \$2,001 up to \$2,500 60 per cent; \$2,501 to \$3,000 70 per cent; \$3,001 to \$3,500 80 per cent; \$3,501 to \$4,000 90 per cent.

All tax sales validated as for 1918 purposes; to borrow \$200,000 for recreation and athletic grounds. To assess Block A Kenney Park at \$500 an acre.

The township of Scarborough bill will validate an agreement with the Gendron Mfg. Co., for a fixed assessment and close Pharmacy avenue.

George Henry has the Lease bill to confirm an agreement with the Canadian Wire and Cable Co., for a fixed assessment.

Ontario Reformatory was imposed by Judge Coatsworth yesterday morning on Stanley Vickery, a mining broker of Toronto, who pleaded guilty to the theft of \$588 belonging to clients. In passing sentence, Judge Coatsworth said there were mitigating circumstances in the case.

RICHARD B. FUDGER'S WILL. Probate of the will of the late Richard Barry Fudger, a director of the Robert Simpson Co., has been granted to his widow, Mrs. Eva Kathleen Fudger, who is named sole beneficiary and executrix. The estate, all personal, is valued at \$113,233. The deceased held 1933 common shares in the R. Simpson Co., valued at \$86,640, and 163 preference shares in same company valued at \$12,040.

GEORGE OAKLEY'S WILL. Probate of the will of the late George Oakley, a cut stone dealer, has been granted to his sons, George and John P. The deceased left \$10,000 stock in the firm of George

Oakley and Son to his son George, and the remainder of the property to his wife, Mrs. Mary Oakley. The estate is valued at \$24,690.

FINED FOR CRIMINAL NEGLIGENCE. A fine of \$100 was imposed by Judge Coatsworth yesterday on Charles B. Wodehouse, who was charged with criminal negligence. While driving a car on November 21st last, he knocked down E. F. Carveth. The fine was paid.

NOT GUILTY OF NEGLIGENCE. Charged with criminal negligence while driving an auto, Percy Bradshaw was found not guilty yesterday by Judge Coatsworth and acquitted.

LITIGATION OVER PURCHASE. Judgment was given in favor of plaintiffs yesterday by Mr. Justice Logie, in the action by Mrs. Isabelle Shyne, and her husband, Morris W.

Shyne, against Bessie G. Campbell, for performance of an agreement to sell the property at 64 Westmoreland avenue.

ANDREW E. WRIGHT'S ESTATE. Probate of the will of the late Andrew E. Wright, an insurance agent, has been granted to his widow, Mrs. Frances Wright, who is named sole beneficiary and executrix. The estate is inventoried at \$12,457.

B.O.T.A. CONVICTIONS. Fines of \$300 and costs were imposed in yesterday's police court on Douglas Ellis and on Sarah Kluck, Richmond street, for B.O.T.A. George Robertson was assessed \$200 for a similar offence.

NICK CHANGES HIS NAME. By deed poll registered at Osprey Hall yesterday, Nickolas W. Robertson, maker of Brantford, will now be known as Noel Martin.

The Royal Naval College is established for the purpose of imparting a complete education in Naval Science.

TORONTO RAILWAY CONTINUES UP TURN

Dominion Iron Strong and Active - Maple Leaf Milling Up Seven Points.

BLACK LAKE ADVANCES

Dominion Iron, Toronto Railway and Maple Leaf Milling of the listed stocks and Black Lake Asbestos of the unlisted group furnished the features of yesterday's strong local market. Impending changes in the Dominion Iron directors and the talk of a merger with Nova Scotia Steel have aroused fresh speculative interest in Iron, which led listed stocks yesterday with a turnover of 509 shares. At the day's high point, 73 1/2, a gross gain of 2 1/2 points was shown, but there was an easier tendency in the late dealings and the closing price, 72 3/4, reduced the net gain to 1 3/4 points. Steel of Canada was almost neglected, but the price was marked up half a point to 86, and the bid for N. S. Steel was raised from 70 to 72.

The movement in Toronto Railway assumed greater proportions yesterday, and the turnover of 461 shares was the largest in months. Railway advanced 3 1/4 points to 53, closing at the top. The advance lacks explanation other than that hope has been aroused that a sale of the company's plant may be effected before the franchise expires next year. Maple Leaf Milling contributed the sharpest gain of the day, moving up 7 points to 187 on trading in only 60 shares. Outside of Toronto Railway the chief activity in the utility group was in the Mackay issues. The common remained strong at 79 1/2 and the preferred advanced nearly a point to 73 3/4. Brazilian was extremely dull and at 49 3/4 showed no price change. The company's January statement, issued after the close of the market, shows a large gain in net income as well as in gross. Black Lake Asbestos common was again active, 636 shares being traded in, and the price advanced a point to 13. There was also a good demand for the bonds, which sold up 4 points to 44.

In the war bonds there was a firmer tendency in the 1925 and 1931 bonds, both selling at 95. The day's transactions: Listed stocks, 1,929, including 50 mining; bonds, \$39,750; unlisted stocks, 1,234, including 115 mining; bonds, \$28,000.

BRAZILIAN EARNINGS

The January statement of the Brazilian Traction, Light and Power Company shows a large gain in net income as well as in gross. The figures follow: 1920 Increase, Jan., 1920. Total Gross 9,455,000 1,138,000; Expenses 4,541,000 306,000; Net 4,914,000 832,000.

U. S. BANK CLEARINGS

With the exception of Louisville, which continues to report a falling off from the figures of last year and 1918, clearings thru the banks at practically all the leading commercial and industrial centres in the United States are maintained in much larger volume than ever before at this period. The aggregate last week at twenty cities in the United States, according to Dun's Review, amounts to \$8,751,723, 003, representing gains of no less than 27.0 and 53.0 per cent., respectively, over the totals of this week in 1919 and 1918.

LA ROSE

ADVANCE MADE BY LAURENTIDE

Spanish River and Dominion Canners Other Prominent Stocks at Montreal.

Montreal, March 22.—Laurentide supplied Dominion Canners as a market leader on today's trading in the local stock market, the stock advancing to a new high record price since the splitting up of the shares, and closed a small fraction down from the high, at 96, with a net gain of 1 1/2 points. Spanish River, the next most active issue, closed at 92 1/2, a net gain of the fraction, and Do-

MINING MARKET IS MORE ACTIVE

Some Selling Pressure is Evident—Price of Bar Silver Advances Sharply.

The mining market was much more active yesterday than the recent daily average, but irregularity developed, and the majority of net changes were in the direction of slightly lower prices. Selling was more in evidence than usual, and this was attributed by brokers to impatience on the part of traders who

DOMINE DIVIDEND

Directors of the Dome Mines have declared a dividend of 25c a share, payable April 30 to shareholders of record April 15.

CANADIAN GENERAL ELECTRIC COMPANY LIMITED

DIRECTORS: LT.-COL. THE HON. FREDERIC NICHOLLS, President and General Manager. A. E. DYMENT, Vice-President and Chairman of the Board. H. C. COX, COL. THE HON. SIR J. S. HENDRIE, C.V.O. STEPHEN HAAS, SIR WILLIAM MACKENZIE, F. GORDON OSLER, W. G. ROSS. W. L. MATTHEWS.

ANNUAL REPORT OF THE DIRECTORS

Your Directors in submitting their Annual Report for the year ended 31st December, 1919, take the opportunity of congratulating the Shareholders on the successful outcome of the Company's operations during the critical period dating from the signing of the armistice until the present. During past years very large sums have been set aside from year to year from surplus profits with the object of creating as quickly as was possible, consistent with a fair return to the Shareholders, a Reserve for Depreciation of Plant and Machinery of such proportions as would provide against all contingencies. This Reserve for Depreciation has now reached the sum of \$4,700,466.00, which is equivalent to 81% of the book value of our Machinery, Tools, Patterns and Drawings, which are carried on the books at \$5,848,597.71.

The Real Estate and Buildings owned by the Company have increased in value to an extent largely in excess of any depreciation through year and tear which may have taken place, and therefore our Reserve for Depreciation may be considered as applicable to Machinery, Tools, Patterns and Drawings only. The net profit for the year, while less than during the preceding year when the Company's work was at its height, is nevertheless both satisfactory and encouraging. During the earlier months of the year, immediately succeeding the armistice, the business of the Company was conducted without profit, but the improvement in trade conditions during the latter months in a measure compensated for the previous period of depression, and at present this improvement shows no signs of abatement. The Profit for the year amounted to \$1,617,969.82, from which is deducted the sum of \$284,665.51, which has been reserved for Depreciation, leaving a Net Profit of \$1,333,304.31. Dividends at the rate of 8% per annum have been paid on the Common Stock and 7% on the Preference Stock of the Company, and \$818,320.81 has been carried to the credit of Profit and Loss, which, added to the balance from the preceding year, makes a total of \$836,097.48 at the credit of that account. From this amount there should be deducted the sum of \$400,000.00 transferred to Reserve, which now amounts to \$436,097.48. This amount added to the balance of \$436,097.48 at the credit of Profit and Loss results in a total surplus of \$5,486,097.48, equal to 54.86% of the par value of the Company's shares, both Common and Preferred.

A record of Dividends paid out since 1898 will be found on page No. 21. The amount that has been disbursed for Dividends, added to the Reserve for Depreciation and accumulated Surplus, aggregates no less than \$20,937,946.71.

The Company has no outstanding Bonds, Debentures, Mortgages, or prior liens of any description, other than a nominal charge of \$21,000.00 on property purchased, on which an existing mortgage which is still current is not yet due.

In regard to our Inventory, your Directors have adopted a conservative policy. All active materials have been taken at or below cost; any goods that may be considered obsolete have been taken at their scrap value, and adequate Reserves have been provided to guard against any shrinkage in value.

The last previous issue of Capital Stock to the Shareholders was in May, 1912, or nearly eight years ago. Since that time surplus profits to an amount of several million dollars have been used in extensions and additions to the Company's properties, without calling upon the Shareholders. The great demand for the Company's products, however, which commenced during the summer of 1919, necessitated a forward programme of construction and equipment, and your Directors in December last decided to offer for subscription to Shareholders at par ten thousand Common Shares of a total par value of \$1,000,000.00. The issue was accordingly made, and the money received from the sale of these shares will be expended on capital account for extensions and additions to our manufacturing and distributing properties.

The liquid condition of the Company's Assets may be noted. Cash and Current Assets amount to \$10,705,961.14, whereas Current Accounts and Bills Payable, and War Tax and Contingent Liabilities amount to only \$5,171,594.37, leaving a Surplus of Current Assets of \$5,534,366.77. The amount at the debit of Accounts Payable at the end of the year was larger than normal, as a result of exceptionally large purchases of raw materials and finished products necessitated by the increased volume of orders received.

During the last six years, within which we have seen both the Declaration of War and a Treaty of victorious peace, your Directors have had many difficult problems to confront them. At the beginning of the war many orders were cancelled, and because of the uncertainty of the future new orders for standard products were not forthcoming. Your Company, however, rapidly adjusted itself to the new conditions, and engaged in the manufacture of munitions, marine engines, etc., on a large scale.

At the end of the war, that is to say shortly after the armistice was signed, we, in common with others, were beset with cancellation orders from Governments, Corporations and individuals, in our case for munitions, machinery and supplies to the value of several million dollars. The situation at that time was more discouraging than at the commencement of the war, but has since improved to a remarkable extent. For the first six months of the year, owing to the hesitancy of the public in placing orders, conditions were far from encouraging, but as the year progressed, new business was offered in standard products to the extent of the year our sales exceeded those of the first half by one hundred and fifteen per cent., and by the end of the year our Pay Rolls had increased to the rate of over Five Million Dollars per annum. During the later months our Sales were exceeding those of any previous period in the history of the Company, and for the past three months have reached an average of over Two Million Dollars per month. In the judgment of your Directors the demand for the products of the Company will continue to increase at least for some years to come, for the reason that the electrical industry has a certain assurance for the future which begets a feeling of confidence and warrants constructive effort.

GENERAL ELECTRIC'S EARNINGS ARE LARGE

Hon. Frederic Nicholls Points to Constantly Enlarging Market for Products.

RESERVES ARE HEAVY

While the report of the Canadian General Electric Company for the year ended Dec. 31 last, presented to shareholders at the annual meeting yesterday, showed a reduction in net profits, as compared with the 1918 exhibit, there was strong reason for gratification. The President, Lieut.-Col. the Hon. Frederic Nicholls, pointed out that the lessened revenue was due to adverse conditions early in 1919, following upon the transition from war to peace, and that the company has since entered upon a period of decided prosperity, which, in his opinion, will last for at least some years to come. In this connection, he commented upon the Ontario Hydro-Electric Commission's big program of development at Chippewa, which will provide an additional 400,000 horsepower and open up an enlarged market for such apparatus, accessories and supplies as are manufactured by the company.

The financial statement shows that profits for the year amounted to \$1,117,939, against \$2,013,996 in 1918. After deducting reserve for depreciation, net profit amounted to \$1,043,240, against \$1,948,487; and after dividends there was a surplus of \$313,320, against \$664,482. Some \$400,000 was transferred to reserve, which now totals \$1,600,000, and reserve and profit and surplus now stands at \$5,436,097, or equal to 54.38 per cent. of the company's share capital at par. Cash and current assets stand at \$10,705,961, against \$1,393,728 a year ago, and surplus of current assets totals \$7,534,000.

The company has been known for the conservatism displayed in past years in setting aside large sums from surplus profits, with the object of creating a reserve for depreciation of plant and machinery substantial enough to provide against all contingencies. This reserve has now reached the sum of \$4,700,466, equivalent to 81 per cent. of the book value of the machinery, tools, patterns and drawings, which are carried on the books at \$5,644,397.

Future is Bright. Dealing with the situation that existed last year and the present outlook, Hon. Frederic Nicholls says, in part: "At the end of the war, that is to say, shortly after the armistice was signed, we, in common with others, were beset with cancellation of contracts from governments, corporations and individuals, in our case for munitions, machinery and supplies to the value of several million dollars.

"For the second half of the year, our sales exceeded those of the first half by 115 per cent., and by the end of the year our payroll had increased at the rate of over \$5,000,000 per annum. During the latter months, our

HON. FREDERIC NICHOLLS, President of Canadian General Electric Company, which is making startling progress.

sales were exceeding those of any previous period in the history of the company, and for the past three months have reached an average of over two million dollars per month.

The directorate was re-elected as follows: Lieut.-Col. the Hon. Frederic Nicholls, president and general manager; A. E. Dymont, vice-president and chairman of the board; J. J. Ashworth, George W. Beardmore, H. C. Cox, Stephen Haas, Col. the Hon. Sir J. S. Hendrie, C.V.O.; Sir Herbert Holt, Sir James Loughheed, K.C.M.G.; W. L. Matthews, Sir William Mackenzie, F. Gordon Oslie, W. G. Foss.

Money and Exchange

The **SIMPSON** Company Limited

Public Appreciation of the Simpson Dressmaking Course

Following is the text of an engraved address presented by upwards of 1000 Toronto women in appreciation of the dress-making opportunity recently extended.

To The Robert Simpson Company, Limited:

The Ladies who have taken the Course of Dressmaking given by Mrs. Blackburn wish to tender to the Management their sincere thanks and appreciation, and promise their patronage to every branch of the business.

The instruction, so ably given by Mrs. Blackburn, will be beneficial to every member of the different classes, and it is felt that the Management should be sincerely thanked for the kindly interest shown, and for the pleasure and comfort which have been enjoyed by the ladies during the course.

It is hoped that in the near future the Company will give the Ladies another opportunity of receiving similar instruction, for it is the fulfilment of a long-felt want, and your company has been the first, in the City of Toronto, to supply this need.

On behalf of the Classes,

JULIA A. DEVINE.

Toronto, Ont., March 21st, 1920.

"They're Worn in 'Lunnon'."

Distinctive, Comfortable Brogue Footwear, Popular Overseas, is Making a Hit in Toronto

The Brogue conveys in men's footwear the same pleasing sense of distinction as a bit of Hibernian brogue in men's conversation. It is a difference that is prized.

The Brogue shoe that we are offering, not alone represents a style quality to be appreciated, but a stout wearing quality as well. Double soles, perforated double vamps, firm brown calfskin uppers, the genuine Scotch brogue last.

These shoes add an old country flavor to a man's attire. They are wearing them in "Lunnon." Sizes 5 1/2 to 10. Priced at **14.00**

Simpson's—Second Floor.
