EMPIRE MEET WILL CONSIDER IMMIGRATION

money. Repayment of the Canadian government by 25 annual installments. TRADE CHANGES And, since the last conference there have been changes in trade relations as between the dominions themselves. Three years ago, Australia and Canada did not grant to each other the advantages of their preferential tariffs. The Australian trade treaty has brought preferential rates on certain commodities. Since that time, however, Canada has concluded a new trade treaty with the British West Indies, although, pending ratification by some of the West India Islands, the treaty is not yet in effect. Both Australia and New Zealand have, since 1923, changed their percentage of British value. In New Zealand the percentage has been increased from 25 to 30. In other words, exports from Canada to New Zealand, if they are to get the advantage of the British preference there, must now be of 30 per cent. Canadian materials and workmanship. Australia, however, has adopted a complicated system of three categories, which are exceptions to a new general rule of 75 per cent. British value. The majority of the items in the Canada-Australia trade agreement, including automobiles, come however within the exceptions are not affected by the increase in percentage of British value.

SOUTH AFRICAN LAW

South Africa has revised her preference rates. Under the old tariff she gave a three per cent. British preference, i. e., where the general rate was 20 per cent., the British preference rate was 17 per cent. South Africa has now withdrawn her general preference and grants preference on certain specified items. On other items, among which are included automobiles, there is no preference at all. Canada now gets a preference on seven items in the South African tariff: Wheat, flour, dried fish, hams, hinders, twine, white lead, tires and tubes, newsprint. When the last conference was opened, four parties were engaged between Canadian and South African representatives, looking to a conclusion to a trade treaty. Further steps in that direction may be taken at the coming conference.

79 ARE INDICTED IN CHICAGO SUBURB

Mayor and Chief of Police of Cicero Among Alleged Prohibition Violators

CHICAGO, Oct. 4.—The federal government has taken a hand in the affairs of Cicero, turbulent suburb, and indicted 79 village officials, gangsters, saloonkeepers and hoodlums on charges of conspiracy to violate the prohibition laws. The writs returned by a Federal grand jury, named Joseph E. Klenha, mayor; Theodore Brobodak, chief of police; "Scarface Al" Capone, gangster overlord of the suburb; Miles and "Klondike" O'Donnell, chiefs of an opposite gang; and Harry Madigan, in front of whose saloon assistant County Prosecutor W. E. McSwiggin was shot to death by machine gun fire last spring. In the community where, for many months, beer runners, bootleggers and gangsters operating in Chicago have been reputed to have their base of operations, the federal government charges existence of a collusive plan whereby officials obtained money for permitting broad violations of the prohibition laws. The 79 defendants are charged specifically with conspiring to possess, transport, deliver and sell ten thousand gallons of uncolored spirits, fifty thousand gallons of cereal beverages, and ten thousand gallons of wine.

Dog Gives His Life Retrieving Golf Ball

BRIAR CLIFF MANOR, N. Y., Oct. 4.—Thor, giant police dog, gave his life in unselfish devotion to the golf patron. For two years he has been a familiar figure at the first tee of the Briarcliffe Lodge course, where he retrieved poor drives and lugged balls. The late, an elevated one, surmounted a rapidly sloping fairway, and a ball poorly hit is apt to be lost in the woods fringing the fairway or fall down the road in front of the tee. Thor, always on the job, brought joy to many a duffer when he raced into the woods to recover a topped shot. With tail wagging and head cocked, he would place the ball on the tee in front of the golfer, with a "don't give up" look in his eye. Today a duffer pulled one off the tee. Thor went after it and a heavy auto speeding up the hill struck him, sending him sprawling. Thor gamely wagged his tail and dropped the ball at the caddy master's feet. A veterinary was called by Olney B. Mairs, a resident of Briar Cliff Manor, who owned Thor. A knot of guests

MRS. R. McILVEEN SERIOUSLY INJURED

Bride of Few Weeks Has Hip Broken in Auto Accident

Mrs. Roy McIlveen, 92 Elliott row, was badly injured yesterday afternoon when a Ford automobile, in which she was driving with her husband and others, left the highway between Norton and Apohaqui and plunged into a ditch, the car turning on top of her. She was taken to the hospital in Sussex, being attended by Dr. L. R. Murray and it was found that one of her hips had been broken, and her legs were paralyzed. The unfortunate woman, formerly Miss McManus and only married to Mr. McIlveen a few weeks ago, will be brought to the General Public Hospital here, today when an X-ray will be taken to ascertain the full extent of her injuries. Mr. and Mrs. Roy McIlveen, William P. McIlveen, foreman for T. McAvilly & Sons, and Howard D. Geldert, 38 Winter street, left the city yesterday on an automobile trip to the Englewood Hotel. The car was driven by Hampton drove on what is known as the bad road which is on the southern side of the river, when between Norton and Apohaqui, and nearing Second's Crossing, the connecting road under the car is said to have broken and the automobile, with the entire party, suddenly swerved from the highway and landed in a ditch. The car turned over and Mrs. McIlveen was pinned underneath.

OTHERS ESCAPE

The other occupants were only slightly bruised and suffered somewhat from shock. The car was lifted up and Mrs. McIlveen removed from her position. It was then seen that she had been injured in the hip. As soon as a conveyance could be secured the injured woman was taken to the hospital in Sussex and attended to by Dr. Murray.

U. S. Football

NEW YORK, Oct. 4.—Smashing defeat of a revamped Harvard team at the hands of tiny Geneva produced a stunning inaugural day for the Big Ten. The 16 to 7 victory of the Pennsylvania eleven, strangely reminiscent of the day five years ago, when "BO" McMillan led his band of Centre College colonels to equally startling triumph over the crimson, marked the beginning of the opening day of the season in the history of Harvard football. But in his place on the stadium floor the famous "BO" now coach of the Geneva squad, sent a towering half-back, "Mac" Plimken to rip the Harvard line apart, skirt the ends, and toss passes.

PERSONALS

Miss Marjorie Thompson, of Cambridge, Mass., is visiting Mrs. Catherine Harding, 11-2 Harding street. Mrs. Herbert Bejten, Morrisdale, is progressing favorably after an operation performed at the Saint John Infirmary. J. J. Fraser Winslow, of Fredericton, arrived in Saint John today.

Chief Forester Is Speaker At Rotary

In the course of an address before the Rotary Club today, L. S. Webb, of Fredericton, chief forester of New Brunswick, gave some interesting statistics on forestry in New Brunswick. He spoke of the training of foresters and declared that next to agriculture, forestry was the most important industry in the Dominion. The federal government, he said, spent \$8,000,000 annually in the prevention of forest fires. Henry Page was chairman for the day.

Foundations of Old Ste Anne's Found

QUEBEC, Oct. 4.—The foundations of the second church of Ste. Anne, commenced in 1716, are believed to have been discovered during excavation work being carried on in connection with the Ste. Anne de la Perle aqueduct. Reliable records state this old church to have been at the northern corner of the grounds of the present church, near the national highway, and almost opposite the fire station. It is thus very probable that the find is that of the foundations of the second church of Ste. Anne. The church was erected when Madeleine de Vercheres and her husband, Pierre de la Nauziere, were seigneurs of Ste. Anne, and under the signature of Ste. Anne, and under the signature of the remains of the heroine of Vercheres.

REQUIRED AT FAIR

During the next few days a larger attendance and a more liberal patronage. Even the objective will not be reached, but there are several conditional pledges amounting to \$2,000. If there is any reasonable chance of raising the \$27,000 overdraft, in full, the \$2,000 pledge cannot be done. Less than 20 per cent. of the citizens have yet attended or contributed, which is a very small amount. There is no other co-operation. Are there any other who will pledge themselves in any amount? This money must be raised in some manner, and there is no time like the present when the machinery is in operation. The committee are buying heavily in order to carry on further at the present rate. Only donations of any amount are only a few more nights to run. Do not delay, come at once or let us hear from you in some way. Ticket sellers are urged to redouble their efforts.

INTEREST KEEN IN LONDON OVER CONFERENCE

Sessions Attended by Premiers Likely to Last Four Weeks

TALKED OF ROYAL VISIT TO CANADA

Post-War Army Shown Worthy Successor of Old "Contemptibles"

Correspondence of Times-Star LONDON, Sept. 16.—It is three years since the last Imperial Conference was held here, and in view of the important subjects coming up for consideration, the assembly next month is looked forward to with exceptional interest.

EMPIRE MARKETING

There will be no separate economic conference this year. On the last occasion it was found that no saving of time was effected, owing to all-important decisions taken on economic policy having to be reviewed by the Imperial Conference.

AN IRISH GHOST

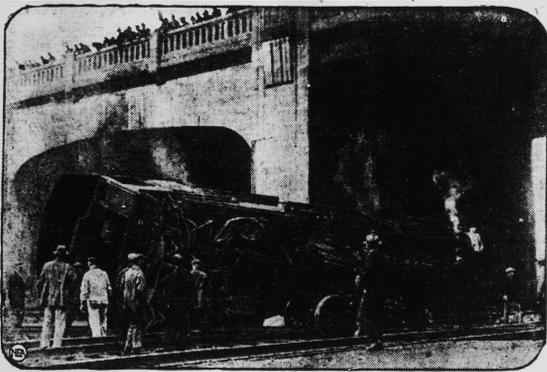

Some time ago it was whispered in Ireland that some sort of revival was to be arranged of the Old Irish Parliamentary Party. Apparently a manifesto signed by Captain William Redmond and I. O'Donnell is the first attempt to realize the idea.

A POLICY NEEDED

When one says that the Irish Party is dead one is, of course, speaking figuratively; but, in fact, death has been busy among its members in the last decade.

For Half a Century the Standard Successful Treatment Dr. Chase's Ointment

WHERE EIGHT DIED IN PENNSYLVANIA WRECK

Here is the wreckage of the locomotive of the Midland Express of the New Jersey Central Railroad, which crashed broadside into the Lehigh Valley at Bethlehem, Pa. Eight persons were killed and nearly two score injured, all of whom were in the coach struck by the New Jersey train.

In Ireland, men like Mr. Dillon, William O'Brien, and Mr. Sexton, are too old for active politics. Mr. Healy is Governor-General, but that scarcely counts as active politics.

WAIT AND SEE

The Earl of Oxford celebrated his 74th birthday this week. From the City of London School the future Prime Minister proceeded to Balliol, where he was Jowett's favorite disciple, and where he carried all before him.

ROYAL VISIT TO CANADA

I am told on excellent authority that the Canadian government desires most earnestly to have the King and Queen visit Canada next year.

POST-WAR ARMY

Many valuable lessons have been learned from this autumn's army trainings, though for reasons of economy none of the exercises approached grand scale maneuvers such as were held last year.

ARMY'S NEW A. G.

While the army welcomes the appointment of General Sir William Balfour as the new adjutant-general to the British forces, disappointment is not concealed that the job did not go to "Tim" Harrington, who, instead, has been given command of a division in India.

SCOTTISH RITE MEMBERS REACH CITY YESTERDAY

Over 50 delegates to the Dominion convention of the Supreme Council of Masons of the 33rd Degree Ancient and Accepted Scottish Rite, which is being held in Halifax this week, arrived in Saint John early Sunday night by special train from Montreal.

Red Cross Out This Week For 10,000 Members in New Brunswick

Throughout New Brunswick a vigorous membership campaign will be conducted by the Red Cross Society during the present week and at the provincial office during the last few days of work has been done in getting out the various centres with the special supplies required.

BANQUET TONIGHT

In the evening a banquet will be tendered to the visiting delegates at the Admiral Beatty Hotel. The address of welcome will be read by R. F. Wright, P. G. M. Lodge of Perfection, Valley of Saint John, and will be responded to by Sovereign Grand Commander Dr. A. F. Webster.

THE GUARDS MEMORIAL

The great parade for unveiling of the guards' Memorial will be one of the events of the week in London. It is the finest that London has seen since the war.

THE NEW TRACERY BULLET

In the concluding stages of the war great stress was laid on the importance of being able to gauge accurately the effects of fire on machine guns and rifles. More particularly was this directed towards the successful attack on observation balloons and aeroplanes.

AN ART TREASURE

The attractions of the Belgian Exhibition which is to be held during the winter at the Royal Academy will in all probability be added to by what is regarded as the work of art by the greatest sacred picture. This is the famous Van Dyck "Altar-piece of the Lamb," from Ghent Cathedral.

AUTOMOBILE UPSETS HORSE AND WAGON

On Saturday night at 8:40 o'clock, automobile No. 6977, owned by J. A. Maxwell, 30 Champlain street, West Saint John, and driven by his son, William A., collided with Silas Rice's delivery team at the corner of Mill and Pond streets upsetting the horse and wagon. The driver of the wagon was slightly injured and the auto was slightly damaged but was able to proceed under its own power after the accident.

A Smart New Stocking amazingly low in price 2 NEW FEATURES WIN IT INSTANT POPULARITY Women are offered something new in fine hosiery making. Here is a stocking of pure thread silk as the world sees it—Rayon is hidden underneath. Thus at a remarkably low price, expensive looking smartness is secured.

Holeproof Hosiery (MADE IN CANADA) PLUS these 5 fashion features: 1. Exquisite cleanness. In sheer weight-clearness comes only through uniformity even thread. The lack of it in cheaper silk causes unsightly shadow rings. So at greater cost Holeproof selects silk judged the world's finest. 2. Correct Paris shades. Paris authorities select the newest colors. A scientific dyeing process keeps them clear and bright. Holeproof's anti-fade process protects from fading. 3. Superlative transparency, even in the heaviest weights. There is no cloudiness, no streaking. First the silk is tested, then it undergoes the special Holeproof treatment. 4. No loose ends. Loose threads mar appearance. So Holeproof carefully trims the inside of each stocking by hand. 5. No imperfections. Style vanishes with imperfections. And here Holeproof safeguards you by nine separate inspections. It is a fact that few other fine hose are so uniformly perfect.

SAINT JOHN, N. B., OCTOBER 4, 1926.

THE CITY MANAGER PLAN.

Dr. Horace F. Brittain, who has been much discussed in Saint John recently, has just attended the annual convention of the Citizens' Research Institute, in Winnipeg.

"My estimate," said Mr. Wood, "is that ten per cent. of Canada's nine million people have government, job that correspond to government, job that leaves ninety per cent. of the people of Canada paying taxes to the upkeep of the other ten per cent. If we start off with eliminating the number of government or governing employees in the cities, we will take a big step in cutting down the expenses of the country."

The city manager plan has been discussed more or less in this city for a number of years, but has never been given serious consideration.

ROADS, RAILWAYS AND TOURISTS.

Interchange of visits was mentioned by one of the speakers at the banquet given to the Canadian National Railway ticket agents from the Maritime provinces at the Hotel Victoria.

Tourists come by road and by rail from the United States and from other provinces of Canada. The recent enormous increase of automobile traffic and parts is seen and recognized by the whole countryside may have induced us to overlook the railways when considering our tourist traffic.

We are informed that Le Devoir, the Montreal newspaper, intends to organize another tour of the Maritimes for Quebec French-Canadians. The trip is to be purely educational and tourist in character. Its definite purpose is to establish closer relationship. This is just as it should be and all makes for unity and national spirit.

Two very up-to-date young ladies entered the tramcar and found only standing room. One of them whispered to her companion: "I'm going to get a seat from one of these men." She looked down the row of men and selected a sedate gentleman who bore the general appearance of a married man.

The progress that has been made in the Boy Scout movement in Saint John in the last three or four years is as gratifying as it is remarkable. It is long since those interested in the movement were had interested to keep an interest aroused. So far as the province was concerned, the provincial council was almost at its wits' end, while in this city the scarcity of good scout-

masters and the apparent apathy of the public were a source of much discouragement. Dr. Chipman, Dr. Peat and the faithful group who persisted in carrying on the work are therefore to be congratulated upon what has been accomplished in the last few years.

There is still a scarcity of well-trained and enthusiastic scoutmasters, and this should be overcome by the voluntary sacrifice of a little leisure time on the part of young men who are interested in promoting the welfare of the boys of the city. It is far better to have a boy enrolled in a scout troop than that he should be a member of a gang, bent on mischief.

It should not be forgotten that this is "Fire Prevention Week." Let us get busy and pay attention to all those little matters in connection with fire prevention, whether by precautionary methods or by education in "fire sense," which should be our concern at all times.

It may not be generally realized that there are in Saint John educational facilities for those who, for one reason or another, often out of their control, have reached manhood with the disability of partial or total literacy.

Death and Headlines (New York Outlook). The same daily papers that told of the passing of Charles W. Eliot, king of movie romances. It is a strange commentary upon our standards of proportion that in many instances the news of Valentino's death spread itself across three, four and even eight columns of newspaper, while the death of America's foremost educator was given but the space of a single column.

Secured Off. Two very up-to-date young ladies entered the tramcar and found only standing room. One of them whispered to her companion: "I'm going to get a seat from one of these men." She looked down the row of men and selected a sedate gentleman who bore the general appearance of a married man.

Postponed For Rain. (Chicago Herald-Examiner). The Chinese do not have baseball games, hence they do not postpone them on account of rain. One of their principal amusements, however, is a public beheading, and one was postponed recently because the heavy downpour of rain would have caused too much inconvenience to the spectators and officials concerned.

A LADY was entertaining her daughter's caller who was just back from a summer outing. The conversation had been somewhat spasmodic and finally she decided to try him on some of the new books.

POEMS I LOVE

"Counterpoise," by Edith M. Thomas. MISS THOMAS is one of America's foremost living poets, and her ripe art is too little appreciated.

When I was a child I laughed in school, (For laughter little or nothing would do!) That I might not break our Draco's rule.

Of the homesick dark when I tossed on my cot And cried for the light and the homeward way; Of the singing bird my hand forgot, Till, starved on the floor of its cage, it lay.

God wot that was many a year ago! Now, often I laugh that I may not cry; And I think of the blithest thing I know And the fables dear in the days gone by.

I make me mirth wherever I can; I jest with the jester for brave relief, Nor the griefs of the world too closely scan, Lest I sit me down in my helpless grief.

PLAN TO BRING MORE MEN INTO WORK OF CHURCH

Anglican Congregations on Western Side of Harbor in Drive

CENTENARY EVENT AT ST. GEORGE'S

Review at Germain Street Baptist Church—Other Sunday Features

The three Anglican congregations on the west side of the harbor, St. George, St. Jude and the Good Shepherd churches, are to hold jointly a drive for enrolling more of the men in church work.

On the Monday following there will be a joint meeting of the men of the three parishes held under the auspices of the Laymen's Association in the parish hall of the Church of the Good Shepherd.

Rev. Dr. S. S. Poole has occupied the pulpit of the Germain street Baptist church in the city for a little more than 10 years and yesterday morning in his sermon he reviewed the events and the progress of those years.

CURIOUS FACT

One curious fact of his ministry at the Germain street church, which Dr. Poole pointed out was that there were only two clergymen in the protestant churches of the city who were here when he entered on his pastorate at Germain street who were still occupying the same pulpit, Rev. Canon R. P.

SAINT JOHN "HIGH" LOSES TO ROTHESAY

Collegians Win on Rain-Soaked Field by Score of 9 to 3

Saint John High School and Rothesay Collegiate fifteen engaged in a hectic struggle on a mud-soaked field at the Allison grounds on Saturday afternoon, the collegians winning out 9-3.

Saint John was handicapped by the fact that only two of last year's fifteen were available, while the Rothesay fifteen were practically the same, eight regulars being back in the lineup.

None of the tries were converted, the mud-soaked field making the ball hard to handle and preventing what would have otherwise been a larger score. The game was no pink tea affair and some hard tackles were noticed.

MEN'S RETREAT AT LOCH LOMOND BROUGHT TO END

First Event of Kind Conducted in Saint John Diocese

SPECIAL EVENTS IN CATHOLIC CHURCHES

Forty Hours' Devotion at Cathedral—To be Held at Monastery

The closed retreat of Catholic laymen of Saint John churches, the first of its kind held in the Diocese of Saint John, was brought to an end

this morning at Johnstone's Hotel, Loch Lomond, with mass celebrated by Rev. E. J. Devine, S. J., of Toronto and the imparting of the papal benediction by him.

The exercises, which were begun on last Friday evening, were participated in by some 25 men of the various parishes and were under the direction of Father Devine, prominent in the Jesuit Order as missionary and writer, and editor of the Messenger of the Sacred Heart. With him as assistant was Rev. Joseph Fallon, S. J., of Montreal who is soon to be ordained to the priesthood.

During the retreat those taking part followed a course of addresses by Father Devine, all scholarly and deeply interesting to his hearers. In them was concentrated much of his experience as a member of the Jesuit Order for 47 years. Mass was celebrated each morning and Benediction given each evening and there were other exercises with periods of recreation.

APPRECIATIVE ADDRESS

An address of appreciation was presented to Father Devine on the close of the retreat by His Lordship Bishop LeBlanc as a visitor at the opening and again this morning. Father Devine will leave today for Toronto and Rev. Mr. Fallon for Montreal.

These retreats are conducted weekly and are increasing in numbers on this continent. While this was the first here, its success means that there will be

AT GOOD SHEPHERD

On October 8, 9 and 10, the Forty Hours Devotion will be held in the chapel of the Monastery of the Good Shepherd, 183 Waterloo street, and benefactors and friends will be gratefully remembered by both Sisters and children. Flowers will be gladly received.

PORTY HOURS ENDS

The forty hours devotions in the Cathedral closed last evening with the Pontifical Benediction and the carrying of the Blessed Sacrament in procession. His Lordship Bishop LeBlanc officiated and Rev. William M. Duke was deacon and Rev. Roy MacDonald, sub-deacon. The sermon was delivered by Rev. Francis Gillen, who gave a deeply inspirational address on "The Real Presence." Rev. Father Reynolds was the preacher at the special service Saturday night and yesterday afternoon.

It was announced in the Cathedral this morning that there would be a public jubilee observance arranged for the children of the parish, as there had been for the adults. The public observance will commence next Sunday afternoon and the three churches, the Cathedral, Holy Trinity and St. Peter's,

will be visited on three successive Sundays.

The collection for the Seminarians, taken on the previous Sunday, it was announced had amounted to \$287.

BEGINS PASTORATE

Rev. Charles Carroll entered upon his pastorate of St. Joachim's church, Silver Falls, yesterday and was the celebrant at 10 o'clock mass. He announced his appointment to his new congregation and was heartily welcomed. Father Carroll, who comes from Moncton, succeeds Rev. C. P. J. Carleton, who has been appointed to the parish of Milltown.

SPECIAL DEVOTIONS.

In St. Rose's church yesterday it was announced that during October there would be special devotions on each Wednesday and Friday.

HEARTENS LOCALS

The action of nearly 10 clubs in Halifax in endorsing the move to form separate amateur athletic branches of the A. A. U. of C. for the Maritime Provinces has greatly heartened local clubs moving along similar lines, and the meeting here Thursday is expected to see definite action with regard to steps being taken to form a New Brunswick branch. A. W. Covey, who preferred charges with regard to the M. F. B. annual at Amherst, it is

learned, has prepared a statement in reply to President Doyle's action in calling a special meeting.

Piles Go Quick

Without Salves or Cutting
Thousands who have piles have not learned that quick and permanent relief can only be accomplished with internal medicine. Neither cutting nor any amount of treatment with ointments and suppositories will remove the cause. Had circulation caused piles. There is a complete stagnation of blood in the lower bowel and a weakening of the rectum. Dr. S. Loomhart was first to find the remedy and called his prescription "HEM-ROID." Dr. Loomhart tried it in 1000 cases with the marvelous record of success in 98 per cent and then decided it should be sold by druggists everywhere under a rigid money-back guarantee. Don't waste any more time with outside applications. Get a package of HEH-ROID from Wassons Two Stores today. It has given safe and lasting relief to thousands and will do the same for you.

Stores open 8:30 a.m. Close 6 p.m. Saturday 10 p.m. MONDAY, OCT. 4, 1926.

Why the Spineless Husband Resents His Efficient Wife—The Old Story of the Young Girl and the "Unappreciated" Married Man—The Business Girl Who Insists on Mixing Affairs of Head and Heart.

DEAR MISS DIX—I married a man who didn't have a thing, not even a job. I have worked and helped him start a business in which we are prospering. I spend my entire time taking telephone orders and doing my housework, and I never have time for any of the pleasures in which other women indulge. My husband is naturally indolent. He won't do anything that he can get out of doing, and most of our trouble is over things that should be done and which he doesn't want to do. He is very abusive to me. Swears at me and curses me. He is most inconsiderate about the house and after I have everything clean will tramp in mud. He has an eye-out for every pretty woman he sees. At times he seems to think a lot of me, but it doesn't last long. Something goes wrong and then he is all to pieces again. What is the trouble with me? Is he tired of me? Would it be better if I were to leave for a while? If you can solve this problem you are surely some woman, as it has me at my wits' end. MABEL.

ANSWERS: It takes no particular wisdom for an outsider to see what is the trouble in your household, Mabel. It is as plain as the nose your face. Your husband has come to look upon you as a taskmistress, as a goad in his side, and he resents your continually prodding him along the way he should go. That is why he gives you outbursts instead of appreciation for all you have done. The one thing that no man ever forgives his wife for is supplying him with an artificial backbone. There is no more cruel thing in life than the fact that the wife who tries to help her husband really always pays the price by losing his love. She does this even when she tries to help him by the traditional method of being saving and industrious. How often do we see a man turn from the shabby, ill-dressed drudge who has made corn on his hands working for him and who wears made-over clothes, to save him the price of new ones to some butterfly of a woman who has never done anything but conserve her beauty and adorn it in Paris finery? Still worse is the case of the woman who undertakes to put pep into a peppy man and to brace him up with her own strength. He will take the work of her hands, he will adopt her suggestions and act upon them, he will let her push him up the ladder of success, but he doesn't love her for it. He isn't grateful for it. She becomes to him like the still small voice of conscience, nagging him about his faults and weaknesses, and she gets on his nerves so that she irritates him beyond endurance. She keeps him from doing the things he wants to do and she makes him do the things he doesn't want to do, and so he hates her for her interference in his pleasures. Deep down in every man's soul is the desire for his wife to look up to him, to regard him as an oracle, and that is why no husband can endure a superior wife. She shames him in his own eyes and he turns from her to the fluffily-ruffled woman who doesn't tell him where to get off nor worry him with her ambitions. So there you are, Mabel, and if you want to get your husband back you will have to be more of a lady love and less of a slave-driver. Let your husband hire a girl to do the telephoning and get some pretty clothes and quit criticizing him. Refrain from telling him what to do next and you will find that his attitude toward you will change. Probably the business will slump and you won't have so much money, but you will have more peace at home. DOROTHY DIX

DEAR MISS DIX—Do you think it wrong for a girl of 18 to go with a married man? His wife does not appreciate his working for her and giving her pretty clothes and good things that money buys. He loves me and I like him and feel so sorry for him. MARGORIE.

ANSWER: Doubtless it is a sad thing, Margorie, for a man to have an unappreciative wife, but just try to remember that you hold no commission as a public comforter. Besides, how do you know that the man's wife doesn't appreciate him? Personally, I do not think there is anything to admire in a middle-aged married man who takes advantage of the warm-hearted generosity of a foolish little girl of 18 to make love to her and to put her in a position that is bound to smother her good name. For he knows, even if you do not, that no young girl can go with a married man without getting herself talked about. It simply can't be done. This is a censorious world and nobody will believe that you are inspired by merely altruistic motives in dining with him and riding with him and accepting his attentions. Nice girls do not do that sort of thing. Every rotter of a married man who wants to begin a flirtation with a woman pulls that my-wife-does-not-understand-and-appreciate-me line. It is the time-honored approach, but only very unsophisticated and glib little girls fall for it. Older women know that the trouble with the men is that their wives understand them only too well and that the chances are that they do so little for their wives that the wives have nothing to appreciate. Anyway, it is a pretty unmanly thing for a husband to go around complaining of his wife and asking for pity. You won't find any worthwhile man doing it, so you needn't feel that it is your sacred duty to sacrifice yourself to cheer up a mate whiner. He has probably enlisted the services of half a dozen other girls as comforters. And, anyway, what good can the attentions of a married man do you? What do they get you? He wins your heart and can give you nothing in return. He keeps all other men from you, but he cannot marry you, and if you accept his attentions you may break up another woman's home and orphan little children. It is a bad business, Margorie. Have nothing to do with it. DOROTHY DIX

DEAR MISS DIX—A husband and father who is past middle life, thrown intimately in business with a young woman and encouraged by her, became infatuated with her. This became known to the wife. The husband was forgiven and has since been true to his wife. He is pursued, however, by the woman, who insists that she is entitled to a share of his life, which will mean at least enough attention from him to prevent periods of depression and loneliness which she declares she fears will mean dementia with possible disastrous results. Business necessity keeps the man near the woman. He feels that she is unfair to him, but wishes to do right. What is your advice to him and to her? A MAN IN TROUBLE.

ANSWER: The best thing for both parties is to break the affair off, clean cut. There can be no halfway measures in a case of this kind. It is no kindness to the woman to continue to feed her on the husks of affection. Half portions of kisses and attentions and caresses will only increase her feeling for him. It is wiser for her to give it up as hopeless and know that the incident is closed. DOROTHY DIX

CREAM CHIFFON AND LACE MAKE A PARTY FROCK FOR THE YOUNG GIRL. The imported party frock sketched above is a model that could be copied by any dressmaker. It owes its effectiveness to the delicacy of the design and materials. Green chiffon, finely pin-tucked, makes the bodice, while the skirt consists of cream lace and cream lace. For the girl who prefers a color, the chiffon and lace could be dyed to matching tints, such as pale blue or soft yellow. FOOTBALL players may be pretty brave, but contractors have more sand.

Twice-a-Day Clearing Teeth of Film Essential, Present-Day Dental Advice For Clearer, Whiter Teeth and Firm, Healthy Gums, This Way Strongly Suggested THAT many serious tooth and gum disorders, and nearly all cases of so-called "off-color" teeth, are largely traceable to a film that forms on teeth, is a recent dental finding of utmost importance. By running the tongue across the teeth, one can easily feel this film—a stubborn, slippery coating that ordinary brushing fails to combat successfully. Film absorbs discolorations from food, smoking, etc. That is why, according to leading dental opinion, teeth look dingy and "off color." Film clings to teeth, gets into crevices and stays. It invites and breeds the germs of decay. And that is why it is judged so grave a danger to the teeth by authorities. On dental advice, people are adopting this new way of tooth cleansing. BEHIND THE SCREEN

YOLA D'AVRIL, whom no less an international authority than Jean Patou called the most graceful girl in France, has been signed to a long-term contract by First National. Born in Paris, she went to one of the French schools and later became a professional dancer. She has appeared in many European capitals, and also made her motion picture debut in a Parisian production. About a year ago she came to the United States and Christie signed her for comedy leads. Her contract is the result of First National's determination to build up the studio stock company of featured players with a number of youngsters for development into polished performers.

THE RHYMING OPTIMIST

By Aline Michaelis The year's a gypsy, wandering down ways of green and gold; for long she has gone squandering her wealth of bloom untold. She freely scattered violets and daffodils in spring, so rhymers might make triola and happy larks might sing. For every seed man planted then she gave a hundred-fold; the garden seemed enchanted then, the meadows flamed in gold. The gray year tossed her bloom about on every countryside, her garlands banished gloom from out the fields and woodlands wide. But soon, ah, soon the leaves will fall, the roses droop and die, for soon the harvest sheaves will all be garnered and laid by. The merry year that chafed with us and brought us flowers and songs, the gray year that laughed with us must wave farewell ere long.

HIRAM JOHNSON Discussing impersonalities in a more or less talkative moment, Senator Hiram Johnson insisted he had no particular hobby. The question arose over his supposed fondness for dogs. Senator Johnson, although admitting his liking dogs, insists he is just as interested in automobile riding, hunting and reading as in the characteristics and breeding of canines. Since 1910, when he first campaigned in a congressional contest, California's noted senator has ridden more than 165,000 miles in automobiles and still gets a thrill out of motoring, with, no sax, will always remain a hobby with him. Although seldom at the wheel any more, he delights in long trips and more or less welcomes the campaign years when he tours from one end of the state to the other. Duck hunting and chasing deer is also classified as a hobby by Senator Johnson as well as reading books. He seldom ever looks an opportunity to don boots and a hunting jacket when the duck season opens. A long motor drive and a week's hunting campaign will always offer an irresistible lure to him, he said.

MANY GATHER IN CITY CHURCHES FOR RALLY DAY

Special Exercises Carried Out in Several on Sunday PRESENTATION OF AWARDS IS MADE Promotions and Other Features in Programs of the Day

Rally Day was well observed on Sunday in many churches of the city and Fairville. A synopsis of the programs given follows:

LUDLOW STREET BAPTIST. There were 268 attending the rally of the Ludlow street Baptist Sunday school yesterday afternoon. R. H. Parsons, superintendent, presided and gave an address of welcome. An orchestra composed of Harry Lanyon, saxophone; Delbert Black, violin; R. J. Rupert, guitar, and Miss M. E. Mallin, piano, provided the accompaniment for singing. Rev. John Unsworth of St. George's church gave an inspirational address on "Watch." He urged the scholars to watch their actions, their thoughts, their character and their honor. Special numbers of the rally day program included reading, Audrey Black; welcome recitation, Clifton Rosborough; recitation, Gerald Brennan; vocal solo, Charles Campbell, and recitation, Burton Ellis. The pastor, Rev. W. A. Robbins, gave a short address. The schoolroom was beautifully decorated with flowers, which were taken to the sick after the service. A collection amounted to \$15.

MAIN STREET BAPTIST. Large congregations attended rally services in the Main street Baptist church. Rev. M. S. Richardson delivered excellent sermons and there was special music. "Digging Ditches" was the theme of Mr. Richardson's morning sermon and in the evening he spoke on "A Mind to Work." At the Sunday school rally in the afternoon more than 300 attended and 10 graduates of the primary department. Seven girls and three boys. Graduation certificates were presented by Mr. Richardson. A telegram of greeting was received from the superintendent, W. J. McAlary, who was unavoidably absent. Special numbers in the program were recitation of the books of the Old Testament, by Weyman Perry, of the books of the New Testament, by Margaret Mitchell, and recitation of 1 Corinthians, chapter 13, by Paul Lemmon. Vocal solos were contributed by Mrs. H. K. Omdstead, and seven little girls of the primary department gave an appropriate selection. The afternoon offering amounted to \$20.

EXMOUTH STREET CHURCH. The rally day services in the Exmouth street church were largely attended. In the morning Rev. E. E. Styles spoke on "The Child and the Kingdom," his text pointed out the joint responsibility of the home and the church in fostering the religious life of the child. In the afternoon A. M. Gregg gave an excellent exhortation to the Sunday school pupils. Graduation certificates and Bibles were presented to scholars who had won these awards and the presentation was made by Rev. E. E. Thomas, superintendent. There were 202 pupils present and their offering amounted to \$1497. Under the direction of Miss Greta Love, 14 of the scholars took part in presentation of a pageant "United for Service." Those taking part were: Dorothy Macfarland; United Church of Canada; Jean Young Red, White and Blue symbols; Jean Cosman, Ruth Barton and Cora Crossman; characters; Helen Shields, Marie Thorne; heralds; Audrey Stephenson, Helen Vincent, China, Edward Ross; Japan, Frances Stephenson; India, Donald Vincent; Canadian Indians, Douglas Blair; new Canadians, Katherine Macfarland. Mr. Thomas made announcements of the attendance count which commenced yesterday. Fred Myles and Fred

school classes was carried out in an unique way. Enclosing the platform with a white picket fence bordered with bright flowers, and to mark the advancement of the junior boys to the intermediate class they were led across the platform and through the gates by two intermediates, Mansfield Wright and John Dunlop. A similar procession was made by the primary pupils who were graduating into the junior class, who were conducted by Marie Lester and Gordon McColgan of the junior department. The juniors received certificates and the members of the primary department received Bibles and certificates on promotion. These were presented by Mr. Sweet, William McCavour, superintendent, admonished the parents concerning their duty of sending the children to Sunday school. Mr. Strothard and his class of Taxis boys recited the 24th Psalm in unison. A pageant "Uniting for Service" was admirably presented by 15 girls and a recitation was given by Audrey Linton. Four junior boys, Basil Hutchins, Vernon Scott, Roland Cameron and Edwin McLaughlin, gave a special exercise. The junior choir led in the singing of the hymns.

The committee in charge of the Sunday rally was as follows: Mrs. Arthur MacLean, Miss Jean Kelly and Miss Nan Shaw.

AT ST. COLUMBA'S. St. Columba Presbyterian church, Fairville, held its annual congregational and Sunday school rally yesterday afternoon. The children of the school and the Presbyterian children from the orphanage sat together in the body of the church. Rev. Harry Scully, the 18th chapter of 1st Corinthians was repeated by Janet Cox. Rev. Hugh Miller, the minister, delivered a very fine exhortation of "Rallying for Service." The special offering amounted to \$55.86.

Social Notes of Interest. Miss Katherine Bell was hostess on Friday afternoon at a delightful luncheon of bridge at the home of Mrs. Elizabeth Armstrong, Miss Mary Murray, Miss Margaret Tilley, Miss Viola Lewis, Miss Elizabeth Angus, Miss Elsie Gilbert, Miss Margaret Henderson, Miss Lois Fairweather, Miss Frances McKeen, Miss Peggy Jones and Miss Betty Thompson.

QUEEN SQUARE CHURCH. The rally day service of Queen Square United Church Sunday school was held at 2:30 o'clock with a large attendance of teachers and scholars as well as many of the parents. The program was as follows: "Handel's Largo," Mrs. McArthur Morgan, violinist, accompanied by Rev. Arthur L. Robertson, piano. Doxology. Hymn, "Lead out the Watch-word." Scripture reading, Psalm 121. Prayer by pastor of church, Rev. H. C. Rice. Hymn sung by five girls of the Sunday school—Frances Stewart, Florence Hannan, Elsie Abines, Louise Lingley, Edna Alward. Scripture reading, by teachers, girls and boys. Special offering for religious education in the United Church of Canada, with very generous response. Vocal solo, Miss Doris Sargeant. Wetmore, has arrived in Fredericton from Saint John to take up her residence on Charley street with her son, Francis Wetmore, who holds the position of manual training instructor on the staff of the Junior High School. Mrs. Wetmore will be warmly welcomed to Fredericton by many friends.

Mr. and Mrs. J. D. Seely, of Saint John, were guests of Mrs. Lillian Coates in Moncton, last week.

Mrs. F. C. Wry, who underwent an operation at the General Public Hospital on Monday last, is improving, much to the satisfaction of her friends.

Miss Margaret Magee and Miss Rita Long left on the S. S. Governor Dingley Saturday evening for a two weeks' trip to Boston and New York.

Miss Jean Colwell, 40 Mecklenburg street, left on Saturday night on the Governor Dingley for a two weeks' trip to visit her sister, Mrs. A. E. Smith, 44 Bowdoin street, Medford, Mass.

Mrs. (Dr.) R. A. Hughes returned on Saturday from a four months' trip to Boston, Westfield and Springfield, Mass.

Mrs. T. H. O'Brien, Orange street, and little son, motored to Moncton during the week-end where they will visit Mrs. O'Brien's parents, Mr. and Mrs. J. F. Steves. They were accompanied by Mr. and Mrs. G. Douglas and daughters, the Misses Sybil and Kathleen, who have been guests of Mr. and Mrs. O'Brien for a short time.

Mr. and Mrs. W. P. Traynor left Saturday night for New York and Boston and will be absent from the city for two or three weeks.

Mrs. W. G. Shippie, 40 Canon street, entertained at a children's party on Wednesday from 4 until seven, in honor of her little daughter, Constance, who celebrated her third birthday. Pink and blue was the color scheme used in the dining room and the table presented an attractive appearance, with a three-tiered birthday cake in the centre and pretty favors for each little guest.

Miss Marion Rolston entertained the children with games and stories. Those present were Constance Beckwith, Betty Hannah, Constance Magee, Doris Smith, Betty Smith, Frances Herd, Margaret McLeod, Doris McLeod, Dorothy Woods, Elizabeth Ward, Winifred Alaby, Masters Beverly Letette, Colby Allaby, Jackie Burt, Billie Burt and Alton Hartin. The hostess was assisted in serving by Mrs. W. B. Shackhouse, Mrs. Martin Letette and Miss Helen Rolston.

Mrs. E. Shillington arrived home Thursday after visiting her daughter, Mrs. W. Huxtable, Prelate, Sask., her son, W. T. Shillington, Calgary, and her cousin, Fred Garnett, Winnipeg.

Mr. E. Northrop has left the home of her daughter, Mrs. J. H. Roberts, 7 Olive street, West Saint John, on a visit to New York, Boston and Portland, Maine.

WINS \$1,000 FIRST PRIZE. \$1,000. As a prize it's worth striving for. When won, it's something to be pleased about. If won by personal achievement, overcoming the handicaps of ill health, it's something to be proud about. When won at 65 it is something to glory in.

And Dr. Jackson does glory in the fact that at 65 he won the 1924 Physical Culture first prize, against all comers, although at 59 he was a physical wreck. But in the years since 50 he has learned how to keep always well; has not had even a cold since 1912. The chief cause is natural foods; nuts, fruits, vegetables, Roman Meat, milk.

Dr. Jackson is dietetic editor, "Archives of Therapeutics," New York, a physician's journal; advisor to "Defensive-Diet League," a physicians' association. Send for his free booklet, "How to Keep Well," to Robert G. Jackson, M.D., 392 Vine Ave., Toronto, Ont.

A letter from F.W. Daniel about furs

DEAR MADAM:— When you are considering a Fur Coat this Fall we believe you owe it to yourself to come in and see our Fur Coat models from a price standpoint as well as for style. All we ask is that after you have looked over what other stores are showing you make a fair comparison for your own information. The goods, we feel confident, will stand every test and every garment has a double guarantee, viz. of one of the largest manufacturers in Canada and our personal guarantee as well.

Yours very truly, F. W. Daniel

DOYLE STEVENS. MONCTON, Oct. 3.—Announcement has been made of the marriage of Miss Muriel Grey Stevens, daughter of Mr. and Mrs. I. W. Stevens, Campbellton, and Frank W. Doyle, son of Mr. and Mrs. Frank L. Doyle, 153 Church street, Moncton, which took place on September 27. The ceremony was performed by Rev. F. L. Orchard, pastor of the Baptist church, Amherst. Mr. and Mrs. Doyle will reside in Moncton where the groom is a member of the Daily Transcript editorial staff.

EVANGELIST SHOWS. LOS ANGELES, Oct. 3.—Thousands of members of Aimee Semple McPherson's flock gathered today at Angelus Temple, to witness the "March of the Martyrs," a tableaux portraying famous biblical scenes and depicting the history of persecution. The spectacle, interpreted by her followers as drawing a parallel between the suffering of biblical characters and what the evangelist, has termed her own "persecution," followed a communion service which has been heralded by Mrs. McPherson's announcement that it was to be the largest communion ever held.

Use a Gas Heater for Kitchen Warmth. Keep your clean, efficient gas range in operation. WHY go back to the muss and dirt and bother of your coal or wood range in winter? It's not such a great economy after all, because solid fuel is expensive. And think of the bother! Aren't your time and strength worth something?

A little gas heater will quickly warm up the kitchen on cold mornings and you can regulate the heat more easily than in a stove built primarily for cooking. Continue to use your clean, convenient gas range for cooking, and have no fuel to lug, no ashes to carry, no fires to build, no hard, slavish work.

\$150,000,000 LOSS CAUSED U. S. FARM PROPERTY YEARLY

Most Fires in Country Start From Poor Flues, Say Experts

It destroys farm property worth \$150,000,000 each year in the United States, according to G. L. Christy, director of the agricultural experiment station at Purdue university.

This figure, according to Wallace Rogers of the National Fire Waste Council, would pay the annual interest on all capital borrowed by farmers, and leave \$50,000,000 each year with which to pay off the principal. It equals the total value of the annual crops of such states as Michigan and South Dakota. It is three times the sum required to operate the United States Department of Agriculture with

CHIMNEYS LEAD CAUSES

The principal single cause of farm fires is the defective flue or chimney. Lightning, which formerly stood first on the list of causes, runs a close second, while combustible roofing material is the third principal factor in causing farm fires.

These three chief causes of farm fires can all be eliminated through proper construction. Lightning rods are of proven value to every farmer, and if the building on which they are put is erected largely with noncombustible material, the farmer is doubly insured against loss from this cause.

Defective flues and chimneys should be things of the past on every farm. With a large number of materials with which to build his chimneys, the farmer can make leaks impossible.

BAD CONSTRUCTION USUALLY IS CAUSE OF BIG CITY FIRES

New Reporters Know This and Find Monotony in Blazes

Reporters on this and all other newspapers "cover" fires—and contrary to the general opinion it isn't a job they like. To those outside the profession it seems thrilling to dash madly to the scene, get past the police lines and watch the smoke eaters do their perilous work to the chugging of pumps and the applause of the crowd. The novelty

of this soon wears off and the reporter knows this story will be just like dozens of others he has written. They are so monotonously alike that he can almost fill in the blanks of a prepared story. The only variations are when there is a loss of human life and in a big city even this is almost standardized in the reporter's mind.

Every reporter knows before he arrives at the scene that it is an old building of hazardous construction, that it should have been condemned long ago as a fire menace and that the building code would not permit it to be duplicated today. As soon as he arrives he knows whether there is a chance of it spreading by observing the construction of the adjoining buildings. These facts will almost tell him how

many hours he will have to wait to see if there will be a loss of life. He can get the estimated property damage from the fire chief and the amount of insurance from the tenant. It is a simple story with slight variations and so frequently repeated that he wishes some one else had been given the assignment.

He knows—and he has no monopoly of the knowledge—that it was due to either carelessness or poor construction. The two sometimes overlap. Both can be eliminated to some extent by education but the latter can be done away with entirely by legislation and public spirit.

One sixth of the American farmer's net income goes toward replacing fire losses on the farm.

CHILDREN LEADING IN FIRE VICTIM LIST

Children rank first as the victims of fire. It is estimated that more than 80 per cent of the annual fire fatalities are in this class and for this reason no one should consider building a schoolhouse or an orphanage which is not strictly fireproof. If a school board or body of orphanage or asylum trustees could be found willing to construct a combustible building there would be some talk of the Collingswood school disaster at Cleveland, S. C., and a committee of our best citizens probably would invite the men to change their minds or leave town.

Firesafe shingles cost you less

THE indestructible asbestos that gives Johns-Manville Asbestos Shingles fire-safety, gives them a permanence that means a lower cost per year.

So you have fire protection and permanence, too—freedom from too frequent repairs and too soon replacements.

That's why hundreds of home owners are turning to these lasting Canadian-made shingles for greater roofing protection. They find they actually cost less than cheap shingles.

FIRE!

Fire Prevention is a business proposition, and just as business is proving that self-regulation will cure most of the ills which may creep into our commercial structure, so will care, system and regulation eliminate fire losses and waste.

Every man, woman and child is contributing towards paying for the enormous annual fire losses—every dollar's worth of property destroyed by fire is paid for by the Public.

WHARVES TO RESIST FLAMES UNDER WAY AT MANY PLACES

Millions Lost Each Year in Great Waterfront Blazes

One of the principal and most common causes of fire losses in cities located on rivers, lakes, oceans or other bodies of water is the wharf fire. The largest fire in the United States during

1925—from the standpoint of financial loss—was the New Orleans wharf fire, which occurred on Nov. 17 of that year. The loss totalled \$4,000,000.

The fire took place on two public wharves, which were loaded with food supplies as well as other combustible material. Although the local fire companies worked hard in combating this conflagration, the combustible materials used in the wharf soon went virtually beyond control, and a heavy loss was sustained.

Architects Now Deserve Credit For Fire-safe Home Building

Within the past ten years there has been a renaissance of American home construction and the credit is due, in the major part at least, to the architects of the country. In any section of the country, in town, city or on farms, an observer will see dwellings of distinction, beauty and safety unknown a decade ago.

Due to their training the first thing

the architects demanded from a building was structural safety and fire resistance. These were not hard to obtain and price did not have to be considered for the cost of the noncombustible materials was and is practically the same as the inferior kind. Concrete came into general use, but the old-time concrete block had little aesthetic merit no matter what were its other advantages. The architect demanded an artistic concrete block and got it. He demanded a portland cement stucco which could be worked into artistic finishes to express period designs and it was forthcoming.

It is interesting to note that New Orleans is at present developing a system of fireproof wharves. Had these

been in at the time of the fire last year, the city would have saved much valuable property. When the new wharves are all constructed and in use, the city will boast of a fireproof docking system, and will have material insurance against such a loss as it suffered in the fall of 1925.

FIRESAFE ROOFS FAST REPLACING BURNABLE TYPE

Figures Show Fires From Stray Sparks Cause Heavy Damage

Hundreds of cities during the past ten years have made a great stride toward prevention of fires by banishing, through ordinance the use of wooden shingles. Notable among the cities are Boston, Newark, Providence, Dallas, San Antonio, Indianapolis, Atlanta and New Orleans—all more than 200,000 in population.

The significance placed by these cities on losses caused by fire started on burnable roofs is proved by figures cited by the National Fire Protective Association. Reports show losses of \$86,886,852 during 60 months by fires caused from sparks on roofs. This is an average of nearly \$1,000,000 each month.

Other cities, which are expanding rapidly and as a result building homes closely situated, can check the present heavy fire loss from burnable roofs by passing similar ordinances enforcing the use only of fire-resistant roofing. Many roofing materials fall into this class: concrete tile, cement asbestos shingles, clay tile and various kinds of composition roofing. Practically all of these are available in a wide variety of colors to harmonize with any surrounding, and once used need never be replaced or repaired.

When planning a new home, prospective home builders will be wise to investigate not only the many fireproof roofings now on the market, but fire-safe and permanent construction for the entire house. Walls of concrete block, brick or tile fall in the fire-safe classification and very often cost no more than quick-burning construction. In fact, when figured over a period of twenty years, the fire-safe, permanent construction, for carefully kept records show that an amount equal to the first cost is spent in maintaining a frame house for twenty years.

Why Electrical Estimates Differ

THE ANSWER IS, we never get a chance to explain. No Specification ever made was complete. All estimates differ on the one thing not specified, QUALITY. Each bidder quoted you on HIS quality.

All you can do is to specify the location of lights and switches. The manner of carrying out your directions depends on the HONESTY and SKILL of the contractor doing the work. YOU never know the difference.

Most of the work does not show, anyway. Perhaps in a few years after the job is done, you will know more about the kind of a job you got. Investigate the RECORD and REPUTATION of the Contractor estimating on your requirements before letting the contract. A low price is not always consistent with QUALITY.

YOU CAN PREVENT FIRE

Before starting Furnaces and Stoves see that all pipes, flues, etc., are in good condition. Clean-up the cellar and beware of waste paper. Do not put hot ashes in a wood barrel—hundreds of fires are started this way.

SAFETY RULES for Electricity

- 1 Don't risk "home-made" installations.
- 2 Have worn cords and insulation replaced at once.
- 3 Remember your electric iron—turn off current when not in use. Better still, disconnect.
- 4 Keep all heat generators on protective stands.
- 5 Have wiring and connections, light fixtures and all electric equipment regularly inspected and repaired.
- 6 When in doubt, consult an electrician.

Burn your rubbish up before it burns you out. Children and matches are dangerous playmates—keep them apart. Remember, it is easier and cheaper to prevent a fire than it is to stop one. Prevention is better than cure.

PRICE-FIXING AGREEMENTS HELD ILLEGAL

Druggists' Plan Condemned in Report of Minister of Labor

MANUFACTURER IS THREATENED BY MOVE Heenan Gives Out Document Charging Violation of Combines Law

OTTAWA, Oct. 3.—That the price-fixing agreements of the Proprietary Articles Trade Association, an organization with headquarters in Montreal...

The report follows an investigation into the affairs of the Proprietary Articles Trade Association, by F. A. MacGregor, registrar of the Combines Investigation Act...

Prices of more than 400 proprietary medicines and toilet articles are included in the association's first price list, which became effective on Aug. 29 last.

The report issued by the association to maintain these prices, states the report, is to cut off supplies of all price-protected proprietary articles from any wholesaler or retail druggist who sells any of the listed below the minimum price agreed upon.

THREAT TO MANUFACTURER. The report emphasizes that the association is not the part of the manufacturers to have their articles price-protected.

PRICES INCREASED. The report deals with the enhancement of prices and indicates that following the first P. A. T. A. price list substantial increases in the price of many articles have been made by the chain and department stores and mail order houses.

EFFECTS ON PUBLIC. The chief indictment in the report is based, not upon the enhancement of prices already effected by the combine, or upon the further enhancement contemplated, although in a violation of the combines investigation act...

PLANS BIG LEGACY TO CITY OF DETROIT

Fred Wardell, Toronto-Born Millionaire, Will Bestow His Property to Charity

TORONTO, Oct. 4.—Fred Wardell, Toronto-born, and founder of the Eureka Vacuum Cleaner Company, has announced that on his death the income from all his physical property in Detroit will be turned over to the hospitals of that city, the Salvation Army and the Volunteers of America.

Wardell has been trying for years, he said, to find a way to give back to Detroit the wealth which he had accumulated there. Born in Toronto 60 years ago Mr. Wardell went to Detroit when nine years of age. He first entered the real estate business with his father and in 1909 turned to the vacuum cleaner business.

Elders Selected by Fredericton Church

FREDERICTON, Oct. 4.—The first installation of elders in Wilmet United Church under the organization of the United Church of Canada, took place Sunday morning at a special service. Barring on 24 names took place some time ago, the result being announced yesterday, 12 men being selected. The elders are: Robert Baxter, Cecil H. Burt, George Green, James M. Lemont, W. E. McMullen, A. T. Marchie, Frank T. Pridham, Frank H. Richards, Charles A. Sampson, Nathan C. Squires, Charles A. Smith, Charles D. Young.

Plan Spend Millions On Canadian Power

OTTAWA, Oct. 2.—More than \$65,000,000 a year will be spent for the next twenty years in developing the hydro electric resources of Eastern Canada, according to estimates of the Dominion Water Power Branch. Installation of turbines to meet the increasing demand for power from mines, factories, pulp and plants, says a bulletin issued by the branch with a bulletin issued by the branch in 1926 and 1945. Of this total \$700,000,000 will be required in Quebec and \$600,000,000 in Ontario.

English Coal Strike Makes Homes Modern

LONDON, Oct. 2.—The coal strike is driving English housewives heading into modernity. Never has there been so lively a demand for gas and electric housekeeping equipment as is reported now by the dealers. Gas stoves and gas ovens are replacing the old-fashioned coal ranges over which British women have toiled for generations. Electrical equipment is appearing on hundreds of British breakfast tables, to simplify housekeeping and avoid the shortage of coal. Gas furnaces are also being installed in many homes. A shortage of domestic servants has also helped to accelerate the demand for labor-saving and time-saving household equipment. English wives are adopting the American way of doing their own work and they inevitably demand all the modern comforts and assistances available.

Training School for C. G. I. T. Leaders Ends

The school for training C. G. I. T. leaders which has been conducted by Miss Marjorie Trotter, Maritime girls' work secretary, in Centenary church parlors, had its closing session on Friday. Members of the classes spoke of various aspects of the C. G. I. T. work. The subjects discussed were Mother and daughter banquets, nature study, boys' and girls' parties and state devotional period. Examinations based on the lessons of the course are to be conducted at the M. R. E. C. Hall, Prince William street on Tuesday, Oct. 12.

Canada-wide Party Meeting Unlikely

TORONTO, Oct. 3.—The Toronto Star Saturday said: "A Dominion-wide convention of the Conservative Party will not be held until the Parliamentary session is nearing its finish or until it is ended—at that point. That is one outcome of the series of informal gatherings of Conservatives held in this city during the visit of Hon. Arthur Meighen. Toronto members-elect have no enthusiasm for John H. MacNeill's proposal and are strongly supporting the counter-plan that M. P.'s and defeated candidates should be entrusted with the task of selecting the party leader and drawing up the policy. They have the backing of the majority of those who usually furnish the bulk of the funds for Conservative campaigns."

Minor Plague of Rats Hits City

Some householders and business people having their places in the centre of the city, are complaining of a mild plague of young rats. It is thought they are being commuted from place to place by sewer routes as some structures with concrete foundations are infested and the only way they could get in would be through large pipe openings. One explanation is that a number of old buildings which were torn down caused the rodents nested in them to seek new quarters. The rats have been seen on the streets near in broad daylight and a large one was seen trying to effect an entrance by the stairway front-door of a house on a busy uptown thoroughfare.

Trainer of Circus Was Noted Jockey

The Rex pony and dog circus which was in town all last week left Saturday evening to open an engagement in the Keith Theatre, Portland, Me., Monday. The matter Saturday was the last appearance of the little animals. Fred Rex, owner and ringmaster of the show, is a former jockey in a brand new building for some of the best stables in England, Australia and United States. He is an Australian. The colored boy, Leon, who works with the act and does funny antics with the kicking mule, has been doling the heels of steel animal for five years. He got his first real blow in this city Thursday when he was unintentionally cornered on the stage by the other helpers when along came the donkey. Leon limped the rest of the week.

W. U. T. Co. Building Progresses Well

Rapid headway is being made by Contractor James Gilchrist in the construction of the building at the corner of Union and Prince William streets for the Western Union Telegraph Company. Workmen were making ready this morning to pour the concrete for the ceiling of the top floor and it was said by D. Bishop, foreman on the job, that the laying of bricks for the walls would be commenced about next Wednesday. The plans call for a two story and basement concrete building cased with brick and lined with tile, being thoroughly fireproof.

French Cut Prices For Native Patrons

PARIS, Oct. 2.—Tourists may not be aware of it but they pay more in Paris restaurants for a meal than a Frenchman pays. In a restaurant overlooking the Seine much frequented by foreigners two French men were dining. The waiter brought the bill amounting to 190 francs. The guest glanced at it and noticed that ten per cent was taken off. He eyed the waiter inquiringly. "It's like this," said the attendant. "The manager knows you are Frenchmen and on account of the drop in the franc you cannot be expected to pay like the Americans or British. As we have no right to make two prices we settle the difficulty by giving you the same check as a foreigner would get but in your case we deduct the ten per cent."

Winnipeg Greets Party From South

WINNIPEG, Oct. 3.—Winnipeg gave a royal welcome yesterday to a party of motor tourists from New Orleans, headed by Mayor O'Keefe. The parties of motorists had been swarmed en route from the Louisiana city by ranks of civic officials from towns and cities along the route so that when the visitors were officially welcomed to the city and province commitments were returned by representatives of many cities south of the line. One of the largest delegations came from St. Louis, headed by the mayor and members of the city council.

NEW FEATURES INTRODUCED AT ORPHANS' FAIR

Big Crowd Present Saturday Night—"Billy" Proves Popular

The orphanage fair was well attended on Saturday night despite the rain, there being about 1,000 persons in attendance.

Percy Gibbons introduced another new feature which proved very popular, especially with the baseball fans and others, who played it continuously up to midnight. The game is best known as "hit the balloon." Isaac Mercer was in charge. "Billy" the pet goat gets more popular with the young folk every night and he had a great time on Saturday afternoon among the children. He will make his farewell bow to the public early in the week. "Sandy" Crawford is selling tickets on "Billy" and the water spaniel pup.

There was another addition to the live stock at the fair on Friday when a cocker spaniel pup arrived from Fredericton Junction. The collie has a bid for \$12.50 on his shoulder. One young lady who attended the fair on Friday night deserves special mention and the thanks of the committee. She had sold about \$70 worth of car and hope chest tickets in the three or four parishes surrounding her own home at Coda's, Queens county, walking 13 miles on one afternoon, selling from house to house.

Pet Shop Features Boa Constrictors

NEW YORK, Oct. 4.—The custom of having pet animals and birds has taken some queer turns in the last few years. Some pet stores are featuring everything from trained fleas to boa constrictors.

One western store quotes prices on monkeys and bear cubs, a Kansas City store advertises "everything from fleas to elephants" and a New York pet shop are featuring baby boa constrictors for \$175. Regardless of these "freaks" the canary and the dog are holding their own in their respective ranks. One California bird breeder has 5,000 budgerigars or love birds for sale. This year there are over 1,200 different styles of bird cages so colorful and designed that they will be in harmony with any type of interior decorations or any color of bird.

STRESEMANN STIRS FRENCH MINISTRY

Reference to Poincare's Talk on War Guilt Backed by All Cabinet

PARIS, Oct. 3.—French government officials are stirred over the speech of the German foreign minister, Dr. Stresemann, at Cologne Saturday, in which he referred to the recent "war guilt" speeches of Premier Poincare, characterizing them as jarring notes in the midst of the Thiers conversations and saying that Germany was ready to submit to any impartial tribunal charged with investigating the origin of the world war. A semi-official note issued today states that M. Poincare, St. Germain and Bar-Le-Duc speeches last Sunday and Monday, respectively, were an expression of the opinion of the entire French government.

FASCISM UNSUITED TO BRITAIN, HE SAYS

Chamberlain Has Regard For Mussolini as Man of Force

Canadian Press Despatch. LONDON, Oct. 3.—Sir Austen Chamberlain, British Foreign Secretary, has not been converted to Fascism, he told interviewers upon returning to London tonight from his Mediterranean trip, in the course of which he had an important conference with Premier Mussolini, at Leghorn. Sir Austen does not consider Fascism suited to Great Britain. He has the greatest regard and admiration for Mussolini, as a man of great force, character, charm and shrewdness. The foreign secretary emphatically disclaimed that his meeting with Mussolini was arranged to counter-balance the conversations between Dr. Stresemann, German foreign secretary and Foreign Minister Briand of France, said that he and the Italian premier talked about the conference "but only to take pleasure in continued amelioration of international relations."

D. A. C. REUNION SATURDAY NIGHT MOST ENJOYABLE

Happy Function Well Carried Out in Royal Hotel—Fifty Attend

More than 50 former members of the 2nd Canadian Ammunition Column, Saint John section, gathered at the Royal Hotel Saturday night for their fourth annual banquet. The affair in charge of a committee from the section, was well handled and bespeaks of the efforts to make this year's reunion the best ever held.

One of the points brought out at the banquet was the fact that during the Great War over 2,000 men were recruited in Saint John city for artillery service. A storm of applause swept over the banquet room when it was announced that this was the largest number of men recruited for artillery by any city in Canada.

Col. W. H. Harrison, D.S.O., M.L.A., was toastmaster of the evening and made the address of welcome. He spoke of the spirit of comradeship that was developed in the officers and men by their fine work overseas, and stated that he was very much in favor of continuing the yearly reunions.

Others speakers of the evening were Lt.-Col. N. P. MacLeod and Colonel R. R. Armstrong, who both stated that they favored the annual reunion and added that they believed the men were greatly in favor of it.

THE TOASTS.

Between courses of the sumptuous banquet the following toasts were carried out: "The King," proposed by Lt.-Col. W. H. Harrison; "The Officers," proposed by Major G. A. Gamble, and responded to by R. S. M. G. A. Biddiscombe. During the evening pleasing selections were rendered by the Williams Orchestra. A jolly singing of old time songs brought the evening to a pleasant close.

DEPUTY WOULD PUT DEBTS UP TO LEAGUE

Wants Inter-Allied War Loans Referred to Geneva For Settlement

ALBANY, France, Oct. 3.—The entire problem of inter-allied debts should be referred to the League of Nations for settlement was the suggestion made by Adrian Daria, deputy president of the debt committee of the French Chamber of Deputies, in the course of an address today to political leaders of the department of Orne.

"The League," he declared, "has settled frontier questions and other disputes where national honor was at stake. We are asking ourselves why a problem of much less importance from a moral viewpoint—liquidation of the inter-allied debts—should not be referred in its entirety to a conference at Geneva or any other international tribunal."

Maggie's Nest Stops Telephone Service

SYDNEY, Oct. 2.—A magpie's nest built in telephone wires was responsible for a five-hour interruption of telephonic communication between Melbourne, capital of Victoria, and Albany, an important country centre on the boundary between Victoria and New South Wales. The nest at the top of a pole, caused a short circuit. The magpie in building its nest, which was about 14 inches across, and eight inches in depth, had used several pieces of wire, which had been left along the lines at different times during repairs. This united two lines and caused the short circuit.

SURPRISE PARTY TO RONALD MORRISSEY

Honored on Eve of Leaving to Study For Anglican Ministry

The members of St. Luke's A. Y. P. gathered in the Sunday school room on Saturday evening to hold a surprise party in honor of one of their members, Ronald F. Morrissey, who is leaving this afternoon for Toronto, where he will enter Wycliffe College to begin his studies for the Anglican ministry. After the good things had been done full justice the president of the association, R. Edgar Adams, in a short speech, made the presentation of a handsome fitted club bag to the guest of honor. The bag was suitably inscribed.

The recipient, although taken by surprise, thanked the members heartily for their wonderful gift. The pastor, Rev. Canon R. P. McKim, made a few remarks in which he wished the guest of honor every success in his undertakings. A few songs, with Miss Muriel Seely at the piano, brought a pleasant evening to a close.

The Crescents baseball team, of which Ronald Morrissey is a member, also honored him by presenting to him a large trunk, accompanied by the boys best wishes.

Judge Folkins Is Buried At Sussex

SUSSEX, Oct. 4.—The funeral of Judge Folkins took place here Friday. Prior to the remains being brought from Boston, service was held at the home of his son, Elbert, Jamaica Plains, by Rev. G. B. McDonald, Needham, formerly of Sussex and Saint John. There were present at this service one daughter, Mrs. Vanwart of Sussex; three sons, one brother, Frank; eight grand children and two great grand children, beside several nieces, nephews, and friends.

The remains arrived in Sussex on Thursday afternoon accompanied by his daughter and three sons. Services here today were held at his late residence at 9 o'clock and were conducted by Rev. M. Brown, assisted by Rev. Mr. Morash. A large number of floral tributes were received showing the esteem in which the deceased was held.

Another son, Walter, of Toronto, and a daughter, Mrs. Ford Smith, with Mr. Smith of Fredericton, arrived in time for the funeral. Mr. Cole of Moncton and Mrs. Arthur Wilson of Saint John were also present.

HERE ON WEDNESDAY.

The speakers for this month's lectures in the extra-mural course conducted under the auspices of the Saint John Medical Society are: Dr. W. E. Galle, of Toronto, whose subject is "Fractures," and Dr. D. E. Robertson, of Toronto, whose subject is "Some Surgical Problems of Children." The lectures will be given in Campbellton today, in Moncton on Tuesday, in Saint John on Wednesday and in Fredericton on Thursday.

3 DIE, ONE HURT AS TRAIN HITS N.S. AUTOMOBILE

Eye-Witnesses at Chester Puzzled Why Mishap Wasn't Avoided

HALIFAX, Oct. 3.—Three young men were almost instantly killed and a fourth badly hurt when a closed car in which they were driving was struck by a Canadian National Railway mixed train on a level crossing at the eastern end of Chester town limits about 40 miles from here last night. The dead: WALTER C. SCOTT, of Hifax, and formerly of Mulgrave, N.S.; JOHN BUNGAY, Fortune Bay, Newfoundland; ARNOLD CONRAD, Riverport, N.S.

The driver of the car, John Beck, of Halifax, was in hospital today with a fair chance of recovery, suffering from a broken arm and bruises. Beck is engineer on the auxiliary schooner Vines, Scott an engineer on the auxiliary schooner Gaspe, Fisherman, and Bungay, cook of the Vines. Conrad had joined the men on their return trip to Halifax in the car after the two engineers had completed doing repair work on the two vessels.

Eye-witnesses told a coroner's jury they could not understand why the driver did not see the approaching train which had blown as usual for the crossing.

Beck, driver of the car, said he did not see the train until it was too late. He was going too fast to stop and not fast enough to beat the train to the crossing, he said.

Cable, Under Sea For 10 Years, Used Again

A cable, which was placed from Partridge Island to Negro Island on the mainland to give the people telephone service, replaces an old one, which has been in use for years, and is nearly worn out. Both cables will be used until the old one is of no further use. This new cable, which was installed by the C. G. S. Flynn on last Wednesday, has been lying at the bottom of the sea for the last 10 years or so, as it used to run from Cape Forchu, near Yarmouth, to a submarine bell off the coast. This bell was done away with about 10 years or more ago. The reason for letting the cable lie so long under water when it was not in use, is that a cable will keep much better under water than if it was exposed to the air.

Dies From Injuries Received In July, 1925

MONCTON, Oct. 3.—Walter B. Killam died at his home in Coverdale, Albert county, Friday evening as the result of an injury received in an auto mobile accident at Canaan in July, 1925, and since that time has been partially paralyzed. He has undergone treatment both here and in Boston hospitals for his injuries which were to his spine. The funeral will be held Monday morning at 9 o'clock to Steves Settlement, where interment will be made. He was a son of the late George W. Killam and Mrs. Killam and is survived by his wife and one young son, four brothers, Carl W., Whitney H., Arthur E., Melbourne B.; and one sister also survive.

New Branch Lines For Air Expresses

BERLIN, Oct. 4.—A series of aerial "feeder" lines, maintained by light and relatively inexpensive airplanes, are being rapidly established throughout Germany.

These "feeder" lines collect air passengers from the provincial towns and take them direct to a big air-route terminal on a scheduled day, permit the passengers to catch the air express to points all over Europe. Eventually these auxiliary lines will take the passengers from the terminal airplanes to their homes but the facilities are not yet sufficient for this. The first of these routes was opened by the Norddeutscher Luftverkehr A. G. on the Bremen-Hamburg route, connecting with Berlin.

V. O. N. IS FORCED TO REDUCE STAFF

One Nurse Released From Duty—Her Departure Deeply Regretted

As the Victorian Order of Nurses in Saint John has been obliged to reduce its staff for lack of funds, Miss Ina Kelly has been released from her duties and has gone to Digby to spend a brief vacation. Miss Kelly has been a member of the local V. O. N. staff for the last year and a half and her departure is very much regretted. The V. O. N. staff has now been reduced to six nurses and a superintendent.

The nurses have a very extended territory to cover Saint John and the reduction of staff will make the carrying on of their work much more difficult. They will endeavor to curtail their service as little as possible. In speaking of the V. O. N. work yesterday Miss H. B. MacKay, the superintendent, appealed for old white linen or cotton. Supplies of this old soft material are much needed for the nursing service and it is very difficult to secure an adequate quantity.

MILLTOWN MAN IS HURT IN CAR MISHAP

Has Back Injured as Auto Upsets on Way to Fredericton

FREDERICTON, Oct. 3.—The car of J. Whidden Graham, of Milltown, superintendent of the St. Croix cotton mill, turned over on the Woodstock road Saturday afternoon on the way to Fredericton. The accident occurred just outside Fredericton city limits. The car turned out to pass a wagon and struck loose gravel. It turned over and then fell on its side. Mr. Graham was not hurt, but Mrs. Graham, who suffered extensive injuries was the last named who was admitted to Victoria Public Hospital. Two X-ray examinations were made today on account of injuries to his back. Although he is not shaken up no serious injuries are believed to have occurred.

YARMOUTH MAN FINDS BODY OF SON IN HARBOR

Austin Nickerson Looks Out of Home Window to See Boy Dead

YARMOUTH, Oct. 3.—A sad drowning accident occurred at the dock of Austin E. Nickerson, Limited, about noon yesterday when Gerald, aged six years, son of Wilford Sollows lost his life. The first known of the sad occurrence was when his father went to his home to dinner and found that Gerald was absent. Looking out of a rear window towards that part of the dock which had the appearance of a child's sweater, floating in the dock which had the appearance of a child's sweater, the body of his little son floating, but life quite extinct. Just when the accident occurred or how the lad had been in the water is not known.

12 C. N. R. Cars Leave Bantalar

MONCTON, Oct. 3.—The Transcontinental division of the Canadian National Railway is blocked at Bantalar, 80 miles north of here, through the derailment of twelve cars on the east-bound fast freight train, No. 474.

The cause of the run-off has not been made known here, but reports state the track is badly torn up for a considerable distance and most of the cars are smashed. The contents of the cars are strewn all over the right of way.

Class of '38

Big sister's cap and gown are somewhat oversized for little Mary to-day, but the years will quickly pass. Important years, years when the foundations for her life-long health are being laid. Whether Mary will graduate with the Class of '38 depends on the start she is getting now.

If your child is to grow up strong and sturdy and mentally alert, she must go to school fortified with food that gives ample energy for the morning's work.

Medical and school authorities agree that a child's success in school and after-life is largely dependent on the physical development during its early growth years. The big problem is to keep the energy supply equal to the demands made upon it.

Quaker Oats and milk supply the important elements for energy and growth in an easily digested form. Here is a hot, satisfying breakfast that "stands by" all day. It builds sturdy bodies for future years.

TRADING BRISK AT MONTREAL OPENING TODAY Lauretide Makes Gain of Half a Point in Early Stages MODERATE VOLUME OF BUSINESS IN GOTHAM Initial Gains Recorded for General Motors, Asphalt Others

MONTREAL, Oct. 4.—Trading at the opening of the local stock exchange this morning was brisk. Prices revealed an irregular trend. Lauretide, the leader in point of activity, opened at 114 for a week-end gain of one point, moved forward to 114 1/2, but in later trading lost part of its gain to sell at 113 1/2, a net advance of a half point during the first half hour. Broadmill was strong and active. This issue came out at 119 1/2, up a quarter, and in subsequent trading touched 120. Alcohol was in good demand, and steady at 24 to 24 1/2. Breweries at 89 was up a half and Wapagmack sold unchanged at 98.

AT NEW YORK NEW YORK, Oct. 4.—An irregular higher price movement featured in the new week in the stock market. Initial gains of a point or so were recorded by General Motors, General Asphalt, Case Thrashing Machine, and May Department Stores. Allied Chemical yielded 1 1/2 points on the first sale. Trading was in moderate volume.

Morning Stock Letter NEW YORK, Oct. 4.—After an early burst of buying on Saturday the market was largely given over to the evening-up processes of professional traders and considerable irregularity was the result. However, stocks continue to be well bought on slight dips and we look for higher prices in the leading stocks Monday is usually a doubtful day, but in any weakness, we think the leaders are purchases for a turn. There was no change over the week-end of enough significance to affect measurably price movements. Despite the tremendous advances, we look for still higher prices in General Motors and Dupont. The steel stocks as a group look higher, particularly U. S. Steel, Bethlehem steel, YB and Sloss. Wright Aeronautics broke sharply today, but we continue bullish on it for the long pull. While the absence of much support in it in the last week or so might indicate somewhat lower prices, we think it can be purchased. C. O. Westinghouse, Airtrac, Harvester, Case, Air Reduction and Union Cable look higher in this market. LIVINGSTON & CO.

Trotzky Attacks Communist Heads MOSCOW, Oct. 3.—Leon Trotzky, one of the sponsors of the Communist regime, has turned on the men charged with management of the Communist party. Emerging from a retirement which caused it to be rumored that he was in Canada, Trotzky, who preceded Georges Tchitcherine as foreign minister, stood on the same platform Sunday with Gregory Zinovieff, his former bitter enemy, and combined with him in attacking the policy of the Communist party's central committee. With their attack opposition leaders' hostility, smouldering since July, was brought into the open.

7 KILLED AS FRENCH PLANE IS DESTROYED All Aboard Air Liner Created as craft Falls in England PENSHURST, Kent, Eng., Oct. 3.—Seven persons, five of them passengers, met death Saturday when a French air liner plane, enroute from Paris to Crocyden, burst into flames only a few miles from its destination and crashed near here. Every soul aboard the great four-engined air liner was burned beyond recognition in the seething furnace. The nationality of the five passengers was not definitely determined but it was believed that they were all English. The pilot and mechanic were French. Physicians stated that the charred bodies of three men and two women were taken from the cabinet of the plane, but the French Air Union in Paris issued a statement saying it was believed that there were two men and three women aboard. NAMES OF PASSENGERS. The names of the passengers as given out by the line with the characteristic "probably correct" were as follows: Gertrude Hall, Margaret Stainlin, Flora Parker, L. Hamilton and Joseph Noble. The pilot's name was Mallett and the mechanic's, Bouyer. At least one of the women passengers was alive when the plane struck the ground. She died while the overseer of a nearby farm struggled unsuccessfully to rescue her. The woman's terrified face could be seen through the roaring flames. She was clutching her child desperately. Before the overseer could get to her she was obscured by the flames and smoke. PLANE BURSTS INTO FLAMES. Edwards Sanfs, the overseer, told a correspondent from the Associated Press that he saw the plane burst into flames near the tall when about 400 feet in the air. It dived to earth. The crash was followed by two explosions and flames 80 feet high shot into the air, enveloping the wreckage and making it immediately impossible to rescue passengers who were piled in a heap in the cabin. The pilot was thrown several feet in front of the cockpit but was also burned to death. SPECTATORS SEE TRAGEDY. The spectators at the Foudbridge football ground witnessed the beginning of the tragedy. During the game they were startled to see the huge machine apparently in distress, descending to land. A tongue of flame roared from the rear of the plane and she entered the service of the old Inter-colonial Railway on Nov. 3, 1896, as a telegraph operator from Feb. 1, 1900, to Sept. 1, 1902. He was employed as freight clerk at Truro and subsequently at Sydney from September, 1902, to July, 1903. He was employed as accountant in the superintendent's office at New Glasgow and again employed as telegraph operator in July, 1904. He was appointed relieving agent and on Jan. 1, 1911, chief clerk to the division freight agent, at Halifax, which position he held until Nov. 30, 1914, when he was appointed division freight agent at Halifax. Since June 1, 1917, he has held successively the positions of assistant general freight agent and general freight agent at Moncton, having been appointed to the latter position on Sept. 1, 1919.

SALTS FINE FOR ACHING KIDNEYS When Back Hurts Flush Your Kidneys as You Clean Your Bowels Most folks forget that the kidneys, like the bowels, sometimes get sluggish and clogged and need a flushing occasionally, else we have backache and dull misery in the kidney region, severe headaches, rheumatic twinges, tortious liver, acid stomach, sleeplessness and all sorts of bladder disorders. You simply must keep your kidneys active and clean and the moment you feel an ache or pain in the kidney region begin drinking lots of water. Also get about four ounces of Jad Salts from any good drug store here, take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and is intended to flush clogged kidneys and help stimulate them to activity. It also helps neutralize the acids in the urine so they no longer irritate, thus helping to relieve bladder disorders. Jad Salts is inexpensive; makes a delightful effervescent lithia water drink which everybody should take with lithia, and is intended to help keep the kidneys clean. A well-known local druggist says he sells lots of Jad Salts to folks who believe in trying to correct kidney trouble while it is only trouble.

Slap Causes Man To Drown In River ALEXANDRIA Bay, N. Y., Oct. 3.—Orin William Evans was thrown into the St. Lawrence River and drowned today as the result of a presumably friendly slap on the back by Arthur Lefebvre. Lefebvre was arrested and taken to Jefferson county jail on an open charge. Harry Hunnwell, a witness, declared he and Evans were standing near the end of a dock, when Lefebvre approached and slapped Evans between the shoulders, saying: "This is a great night for a swim boys." Evans staggered and fell into the stream, Hunnwell said, and efforts to reach him were unsuccessful.

Machinery of M. P. B. Declared "Defective" in Resolution to be Formally Considered on Friday Night There

HALIFAX clubs have asked for a special meeting of all Nova Scotia clubs for October 22, to consider the matter of a resolution to be formally considered on Friday night there.

The Halifax Herald says regarding the meeting: "Amateur athletic clubs in Halifax city and county Friday took what are believed to be the initial steps towards the formation of a Nova Scotia Amateur Athletic Union."

The resolution presented by the Maritime Provinces Branch of the Amateur Athletic Union. This resolution did not go to a vote, but was expressed in favor of the proposal.

In view of the fact that representatives from Dalhousie and King's universities were not in a position to vote at last night's meeting, these delegates however, expressed approval of the resolution and will likely be other Halifax clubs in the secession movement.

The resolution presented by A. C. Pettipas, of Dartmouth and M. P. Martin, of the Crescents A. C., follows:

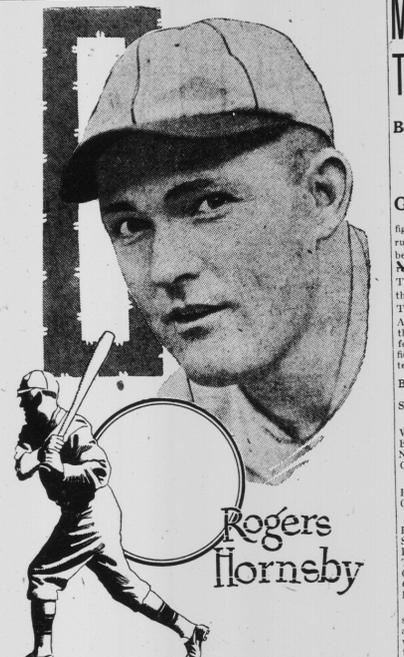

"Whereas in the opinion of the representatives of several Halifax county Amateur Athletic Clubs assembled, this date, in the Board of Trade rooms, Halifax, the recognized machinery for the administration of amateur sport in the Maritime Provinces, to wit, M.P.B.A.A.U. of C. is defective and unsatisfactory in its functioning in a satisfactory manner, and whereas the existing conditions are not conducive to the promotion of amateur sport in Nova Scotia, due to lack of interest and approval of the official machinery; and whereas it is the opinion of this meeting here assembled that it would be in the interest of amateur sport in Nova Scotia, that the so-called M.P.B.A.A.U. of C. be abandoned;

"Therefore be it resolved that this meeting here assembled, take the necessary action to form a Nova Scotia Branch to control and promote sport in Nova Scotia; and be it further resolved that a temporary organization be herewith formed to take whatever action and steps are necessary to give full force and effect to the opinion which this resolution conveys, direct and indirect."

WERE UNANIMOUS The delegates were unanimous in their attitude last night and a resolution moved by Cliff Cotter, of St. Agnes and seconded by A. J. Bell, of St. Mary's was adopted, calling upon H. A. McQuarrie, M.P.P., Westville, and vice-president of the M. P. B. in Nova Scotia, to call a meeting of all Nova Scotia amateur clubs, on October 22. Halifax was suggested as the place of the meeting, because of the Halifax Herald and The Evening Mail Modified

Any man who thinks anything of himself comes around to the conviction that he ought to look all he is worth for the world to see. The world takes you at your own valuation to a mighty big extent. When you think enough of yourself to fit yourself out in tailored correctness, you like it and they like it.

An Inspired Leader

Rogers Hornsby

Playing under a severe handicap, Rogers Hornsby led his Cardinals into the thick of the fray yesterday after a defeat Saturday and goes to St. Louis today for the third game tomorrow. The Cards are strongly favored now.

It looked like old days of racing at Moosepath Park on Saturday when a named race and a free-for-all was run off. Lady Bell taking the first race and Little Bondsman, driven by S. E. Rice, cleaning up in the free-for-all.

Howard, Keith, Grant, Hollies; half-backs, Peters, Price; three-quarter backs, Daley, Short, Bayly, J. Howard; full back, Naves, reserve, Angevine.

The local Trojan A. C. football team went down to defeat before the U. N. B. aggregation at Fredericton on Saturday by a score of 24 to 0.

LOUISVILLE, Oct. 3.—Toronto won the junior world series today, taking the fifth game by a score of 7 to 0. The International League won every game of the series from the American Association champions. The score:

Toronto, 111003010—7 11 1
Louisville, 00000000—0 5 2
Batteries—L. Stewart and O'Neill; Cullip, Wilkinson and Meyer.

LOCAL BOYS ON M'GILL RUGBY TEAM SATURDAY

Bermuda Team Wins Initial Game in Canada by 16 to 5 Score

GORDON KINCADE, son of Mr. Mrs. Earle Kincaid, of this city, figured in the line-up of the McGill rugby team that went down to defeat before the fast Bermuda outfit in Montreal on Saturday afternoon, 16 to 5. This was the initial appearance of the visitors who stacked up against the Trojans here on October 18 on the Allison grounds in the afternoon and they impressed critics with a heavy forward line and fast-moving backfield. About 2,500 witnessed the contest and the line-ups were as follows:

Bermuda: McGill
Sinclair, Full Back Noble
Sinclair, Three Quarters
Walmesley, Grimes-Grime
Evans, Grimes-Grime
Neville, Donald
Crisson, Playfair

Another local boy, Murray Angevine, son of Mr. and Mrs. J. E. Angevine, also figured on the lineup. Angevine was a member of the Mount A. team two years ago.

THE first game of the City and County Senior Football League will be played this coming Saturday on the Allison Grounds when the Trojans meet the Canucks. These two teams were tie in the Intermediate League last year and it was necessary to play four games before the tie was broken. The Canucks won with a 3-0 victory. This shows that the two teams are nearly evenly matched and should put up a good game. The Nationals have about the same as last year with a few additions while the Canucks are slightly handicapped with the loss of Campbell and Millet, two fast three-quarter men. A meeting of the league will be held in the Y. M. C. A. this evening when a schedule will be drawn up and an entrance fee will be discussed.

Babbitt; three-quarter backs, Goodspeed, Stern, Doolidge, McCaffrey; fullback, Chestnut. Referee—E. D. Cass, Fredericton.

Sedan To Be Presented Hornsby On Arrival

A citizens' committee, headed by Mayor Victor Miller, will receive the National League champions at the station. From the time they arrive until the parade disbands, the Cardinals will be the recipients of an ovation such as this city has never before extended. St. Louis has been waiting 38 years to pour out of its heart.

The reception to Rogers Hornsby and his players promises to be a tremendous affair, winding up in a parade and the presentation to Hornsby of a \$5,000 sedan, the gift of his St. Louis admirers.

Evangelical Alliance Defers Taking It Up at Meeting Today

The first monthly meeting of the Evangelical Alliance for this season was held this morning at the Y. M. C. A., with the president, Rev. A. L. Tedford, in the chair. A report from a committee on matters of Sabbath observance was not taken up, as the secretary of the committee having this matter in hand, Rev. H. A. Goodwin, was not present. This will be dealt with at a special meeting to be held next Monday. At that meeting Rev. W. Bamfield, secretary of the Bible Society, Nigeria, West Africa, will also be present and tell of the work in that country.

Rev. Waldo C. Machum, secretary of boys' work under the Maritime Religious Education Council, was heard in an address on the work among the boys.

A copy of the history of 40 years activity of the Alliance, which it is proposed to place in the Free Public Library for reference, was on exhibition and the secretary was complimented on the manner in which he had it bound.

Others present besides the chairman, were Rev. E. E. Styles, secretary; Rev. M. S. Richardson, Rev. Dr. S. S. Poole, Rev. W. E. Pepper, Rev. Hugh Miller of Silver Falls, Rev. Hugh Miller of St. David's, Rev. A. D. MacLeod, Rev. W. McN. Matthews, Rev. W. J. Bevis, Rev. E. R. MacWilliam, Rev. J. Unsworth, Rev. C. McL. Morgan and A. M. Gregg.

EAST SAINT JOHN YOUNG MAN TO MISSION FIELD

Lloyd W. Dobson Leaves for Church Work in Saskatchewan

Lloyd W. Dobson, son of Mr. and Mrs. Herbert L. Dobson of East Saint John, and member of All Saints' church, there, left on Saturday evening for the mission field of Saskatchewan as a student missionary to engage in that work while preparing for the ministry.

On Thursday evening of last week he was honored at a meeting of the Women's Guild of All Saints' Church and was made the recipient of a purse to help him in his work. There were also expressions of the best of wishes to the young man for all success in his life work. The presentation was made by A. Le. Drew Gardner on behalf of the guild.

Mr. Dobson's missionary work, it is expected, will be in the northern part of Saskatchewan.
